Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Pittsburg, qualified to vote in district affairs:

You are hereby notified to meet at the new auditorium-gymnasium in said district on the 12th day of March, 1960, at 10 o'clock in the morning to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officer or agent of the district.
6. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with such other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to raise and appropriate \$1,544.40 to increase the insurance coverage on the Pittsburg School Building and contents to \$198,000.00.
10. To see if the School district will vote to adopt a non-partisan ballot system for the election of school district officers pursuant to revised statutes annotated, Section 59:73, 59:77, and 59:79, the same to take effect upon the annual election of school district officers for the year 1961.
11. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.
12. To transact any other business that may legally come before this meeting.

Given under our hands at said Pittsburg this 8th day of February, 1960.

Superintendent's Report

To the School Board and the Citizens of the Pittsburg School District:

Foreword

In all probability, the past year has witnessed more being attempted by our schools than has ever been done before during a like period, to more nearly measure up to what has been so voluminously said and written about what they should be doing. Yesterday's concern about the overlooked upper quarter, who and how many are doing what in what way in Mathematics, Science and Foreign Languages, and where and how do we get there in Guidance, is today being rapidly converted from the expressed to the action stage. This transition is taking place at all levels, national, state, and local with the last one presenting the initial performance in many instances. Here in our own state, ways of challenging marked ability, the use of the more effective conversational approach in the teaching of Foreign Languages enhanced by the use of electronic devices, daily broadcasts of educational television programs in a number of subject areas, for both elementary and high school, and much stepped-up guidance programs are already being capitalized upon in a rapidly increasing number of schools. Matching funds made available through the National Defense Act for the purchase of materials and equipment in certain subject areas at all grade levels have contributed not a little in stimulating the action which has taken and is taking place.

It is significant that with the adoption and putting into practice of these new ways of presenting subject matter, and the utilization of the additional assistance that only a greater understanding of the scientific potential about us provides, our basic philosophy still remains the same. Although quality is receiving more attention, quantity has not been neglected. The recognition of the need to educate everyone up to the level of his ability is still compatible with the demand for the best at all levels in education. For, in so far as has yet been determined, the indications are that superior performance is the product of motivation and character as well as of ability.

Teachers

With the scarcity of teachers still continuing, the school district is very fortunate to have, with the exception of one, all teachers return for the current year. Miss Dorris M. Hamlin, who received her training at Nasson College, and who has had several years of experience both outside as well as in this state, has been employed to fill the position which includes Home Economics, Grades 7-12, and General Science, Grades 7-8.

The teachers returning to work with Grades 7-12 with respective subjects taught are: Principal, Charles H. Morgan, Social Studies; Mrs. Helen Barclay, English, French; Mrs. Katherine B. vonDohrmann, Commerce; Stephen E. Dehl, Mathematics, Science, Athletics; Raymond P. Stuart, Shop, Dramatics; Mrs. May F. Thibeault, English, Mathematics, Social Studies. Teachers in the first six grades include Mrs. Eva S. Scott, Grades 1-2; Mrs. Junie S. Aldrich, Grades 3-4; and Mrs. Doris J. Chappell, Grades 5-6.

School Nurse—Health

As has been pointed out many times previously, the health services rendered year after year by Mrs. Ethel S. Sturgis, school nurse, to help pupils more effectively maintain that state of good health essential to a happy and successful overall school life, bespeaks the magnitude and importance of the work done. Clinics, immunizations, physical examinations, frequent check-ups on height, weight, hearing, and eyesight, and continuous supervision of the general health are included in the comprehensive program conducted.

As much as these services contribute to what is accomplished healthwise in our schools, however, one of vital importance—dental care—urgently needs to be included. A dental clinic would provide an extremely valuable addition.

Enrollment and Attendance

This year's total enrollment shows a drop from that of the previous year for the first time in seven years. For purposes of comparison the number of pupils enrolled in Grades 1-8 and 9-12 for this seven year period, beginning with the current year, shows respective counts of 113 and 41, 115 and 62, 102 and 67, 91 and 61, 87 and 49, 97

and 40, 89 and 31. Two elementary and eight secondary tuition pupils from Clarksville are enrolled at the present time. The average percentage of attendance for the past year was 93.33 in Grades 1-6; 95.22 in Grades 7-8; and 96.18 in Grades 9-12. The average number of tardinesses per pupil for the same groups was .25, .00, and .24 respectively. Both the attendance record and the extremely small number of tardinesses for the entire school are excellent.

Notes on the Budget

The school board's budget for 1960-61 is \$74,787.00 of which \$73,437.00 is for operational expenses and \$1,350.00 for an interest payment on the serial note issue to finance the construction of the new auditorium-gymnasium. It is to be noted here that funds are available in the current year budget, since the serial note funds were not received until after July 1, 1959, to make the principal and first interest payments of \$8,000.00 and \$1,500.00 respectively. The budget for the current year, which includes that voted under the special article in the warrant at the last district meeting to pay for additional costs incurred with the new addition is \$81,293.00. With an estimated income of \$2,400.00 state building aid and \$1,600.00 tuition to make a total of \$4,000.00, leaves \$70,787.00 to be raised by taxes by the town.

Auditorium-Gymnasium

With the new 62' x 100' brick veneer over cinder block steel frame auditorium-gymnasium and its connecting 20' x 60' lobby to the classroom section of the building for all practical purposes completed, the school district has a facility of which it can justly be proud. Providing as it does a basketball court 60' x 80' with adjacent dressing rooms, showers and toilets in the lobby; a stage 18' x 30' with dressing rooms on each side; and public toilet accommodations at the entrance to the lobby, this well lighted and beautifully decorated addition is going to be of material assistance in conducting the various group activities of the school as well as for athletic contests.

After not making much progress in conferences with representatives from different architectural firms, in determining what could and should be constructed with the funds voted at the annual district meeting last March, the school board and building committee members are to be

commended for what has been accomplished in a relatively short period of time. Much credit is due the general contractor, Lawrence V. Moren, who also designed the building, and to Isaac Brown who planned and did the plumbing and heating. It was only through the persevering efforts of these men during a period when it was both difficult and appreciably more expensive to obtain materials, especially steel, that the structure was brought to the present stage of near completion.

Equipment

Several new items of equipment have been added during the past year for use in the sheet metal course now conducted in the School Shop Program. Included in the purchases were a rotary machine, box and pan brake, roller, soldering furnace, spot welder, and a number of special tools and devices used in connection with the work.

In addition to what has been listed above, a new mimeograph was purchased for the Commerce Department; microscopes for use in teaching the Physical Sciences; chair and desk units to equip another classroom; folding chairs, electrical basketball scoreboard and basketball backboard for new auditorium-gymnasium; cooking cabinets for the Home Economics Department; and miscellaneous articles needed for instructional purposes. The district is fortunate, also, in having a second electric range furnished by the Public Service Co. of N. H., free of charge, so that two of these ranges are now available for the cooking classes.

Miscellaneous

The cooperation of the janitor, teachers, pupils, and school lunch operator during the past several months with construction work in progress while school was in session, and which it is fully realized has resulted in more difficult working conditions, is appreciated.

The school district was very fortunate in having Mrs. Marjorie Chappell continue with the instrumental music instruction and work with the band for the balance of the past year after Lynwood Peck was unable to continue. It is very much hoped that it will be possible for her to resume this extremely important and much needed instructional work in our school.

As the large number of pupils taking advantage of the School Lunch Program continues year after year, the popu-

larity of this school activity which plays a very important part in the building of school morale becomes ever more apparent. Much credit is due the operator, Mrs. Helen A. Foote, for all that she is doing in contributing to the success of this program.

Conclusion

May I again express my thanks to the members of the School Board, parents, teachers, and citizens for all the help and cooperation received as we have worked together in an effort to provide good schools. It is only with the assistance of you all that high standards can be achieved and maintained.

Respectfully submitted,

ERNEST B. DANA

Superintendent of Schools

A Profile of the White Mountains Region Association

WHAT IS IT?

The WMRA is a voluntary, non-profit organization established in 1928 to promote the growth and prosperity of that section of New Hampshire known as the White Mountains Region which includes the towns of Albany, Bartlett, Bath, Benton, Bethlehem, Campton, Carroll, Chatham, Clarksville, Colebrook, Columbia, Conway, Dalton, Dummer, Easton, Ellsworth, Errol, Franconia, Gorham, Hart's Location, Haverhill, Jackson, Jefferson, Lancaster, Landaff, Lincoln, Lisbon, Littleton, Lyman, Milan, Monroe, Northumberland, Piermont, Pittsburg, Randolph, Shelburne, Stark, Stewartstown, Stratford, Thornton, Warren, Waterville, Wentworth's Location, Whitefield, Woodstock, and the city of Berlin.

WHO ARE ITS OFFICERS AND DIRECTORS?

President: J. Arthur Sullivan, Berlin; **Vice Presidents:** George T. Noyes, Bethlehem, Frank D. Silvey, North Conway, and Alf Halvorsen, Berlin; **Clerk:** H. Holland Whitney, Jackson; **Treasurer:** Arthur Drake, Lancaster; **Directors:** Reginald M. Colby, Littleton; John H. Boothman, Randolph; Leonard Vancore, Colebrook; Randall E. Spalding, Whitefield; Wilbur M. Schurman, Lancaster; Joseph B. Dodge, Conway; Henry C. Waldo, Lincoln; Richard R. Rutherford, North Haverhill; Vernon R. Hawes, Pittsburg; and Enzo Serafini, Sugar Hill. **Executive Secretary:** Donald E. Sanborn, Jr., Lancaster.

WHERE IS IT LOCATED?

Its business office is in the National Bank Building, 5 Middle Street, Lancaster.

WHAT DOES IT DO?

Through its officers, directors, committees, town councilmen, and executive secretary, and by means of publicity and promotion, it works to improve those conditions upon which the North Country's economy depends.

SUCH AS?

The North Country's principal economic factors are industry, recreation and agriculture. Anything that contributes to the welfare and improvement of these general areas of business is the concern of the WMRA. It works independently and in cooperation with various trade associations, chambers of commerce, clubs, and local, state and federal agencies. Some recent WMRA activities include petitioning the Civil Aeronautics Board to reconsider its recent findings on air service to Berlin and North Conway; attendance at travel and sports shows in Springfield, Massachusetts, Hartford, Connecticut, and Montreal, Quebec, to sell the White Mountains Region to out-of-state tourists and sportsmen; contributing cash and prize awards to deserving North Country 4-H'ers; helping develop the New Hampshire page in the "Travel U. S. A. 1960" portfolio; setting up and conducting an industrial realtors' tour of the Region; answering hundreds of inquiries monthly and publishing and distributing six different folders annually (approximately 100,000 copies total) to promote travel to the Region.

IS THIS ALL?

No, indeed. These are merely representative activities. If you wish further information, we will be glad to send you our annual report, or discuss the matter with you personally.

January, 1960

DONALD E. SANBORN, JR., Executive Sec'y.
