Such action leaves the entire running of the Library in the hands of the Library Trustees as provided by statute.

Total Outlay for Town	\$1,905.98

Explanation of Project. This project widened to a minimum of 16 ft. and gravelled the highway from Prescott Turn, northerly to Durgin's Bridge—a distance of 3.5 M. It also included the labor of installing new culverts and lengthening old ones where needed. Manual labor was performed by unemployed who were paid directly by E. R. A. and the Town has no record of this cost. The above tabulation shows the Town's share of the expense for supervision, trucks, materials, and truck drivers where unemployed drivers were not available and was financed as follows:

From Treasury by vote of Town	\$1,505.98
Blanchard Highway Fund	400.00
	\$1,905.98

L. Blumberg, use of derrick	3.00*

Total Outlay for Town	\$327.35
-----------------------	----------

**(B) Chick's Corner Road,—North:**

W. Asa Bryant	\$212.00
Fred Mudgett & Truck	56.75
William Nelson & Truck	52.75
Bernard Gilman & truck	41.75
Wallace Nudd's truck	10.00
Walter Nudd	7.00
Ralph Dodge, sharpening	4.20
A. E. Lee, explosives	3.00

Total Outlay for Town	\$387.45
-----------------------	----------

Total Outlay for Town for parts A & B	\$714.80
---------------------------------------	----------

Explanation: (Part (A) constructed more than .6 M. of nearly level road, with two concrete culverts, from the Holderness Road northerly to a deposit of road material on the Town's Beede Hill land and made available a large source of supply for repairs on the Holderness Road, and for our town Class V roads in the West district. This project proved its worth this year after completion. Part (B) widened and gravelled the mail route northerly from Chick's Corner to Diamond Ledge Road, materials coming from the pit opened up by Part (A). The Town has no records of expense for labor paid by E R A. Town's outlay was financed as follows:

From Treasury by vote of Town	\$494.02
Blanchard Highway Fund	220.78
	\$714.80

\*By error due to misunderstanding, there was double payment for derrick. Correction was made by Agent Bryant. See Receipts Other Than Current Revenue—Refunds.

## TOWN OF SANDWICH

---

Both Projects, Nos. 2110 and 2118, required the labor of more than 40 men and, coming in the spring when opportunity for work was naturally slack, they relieved the unemployment situation and saved a large expense for assistance to our citizens.

## SANDWICH VOLUNTEER FIRE DEPARTMENT

During the past year your volunteer fire company has responded to numerous calls for help, principally chimney fires, several of which have been "still alarms" which have required the services of only three or four men.

It has been our desire to improve our equipment from time to time, and we have purchased 400 feet of 1½ inch hose as replacement. In addition, a booster pump has been installed on the Model T truck and a tank ordered, so that as soon as the latter arrives and has been set by our men, it will be possible for the company to have on hand and ready for immediate use, 100 gals, of water which the new pump can throw upon a fire merely by the shifting of a lever which transmits the power of the truck motor to the pump. In the work of designing and attaching this new pump, we are much indebted to Deputy Chief Howser, of the Fire Department of Concord.

One of our handicaps, especially in winter, has been our lack of space and equipment for properly drying and caring for our hose. At time of writing, a new hose drying tower, as a part of the Town Building Project, is under construction. Its completion will be a great help in keeping our hose and equipment in order and ready for any emergency.

The members of the Company have shown their usual loyalty and interest in looking out for the property belonging to the department, and have given much free time in its care and betterment. As typical of the spirit shown, I will simply mention the fact that we have had about 4,600 lbs. of coal hauled without charge by Walter Burrows.

RYVERS F. AINGER,  
Chief.

**REPORT OF SCHOOL HEALTH WORK**

To the Townspeople of Sandwich, 1936:

Though most of our corrective work was done last year before March, we have done quite a lot since. Also we hope to have a dental clinic to continue the good work of last term.

One child was examined by Dr. Dan Janes and is having a brace made for her so that she will not always have a curved spine.

Four (4) children were taken to the Wolfeboro Hospital where they had their tonsils and adenoids removed. Also a Toxoid Clinic was held which gave benefit to a few children who had not previously been inoculated against diphtheria.

I should like at this time to thank the members of the school board, the parents, teachers, doctors and the children for their earnest and fine cooperation. It has been wonderful!

Respectfully submitted,

HELEN NICHOLS, R.N.,  
School Nurse.

The sponsors of the above clinics were the Sandwich Woman's Club, Parent-Teachers' Association and Red Cross, with Dr. R. H. Thompson as examining physician.

## SUPERINTENDENT'S REPORT

I herewith submit my second annual report as superintendent of schools.

Rollo G. Reynolds has pointed out four things which should be the heritage of every American child.

1. He has the right to a strong, healthy body.
2. He has the right to develop an honest mind and ability to think in face of evidence.
3. He has the right to trained hands.
4. He has the right to a living soul from which comes the good in life.

Schools in Sandwich are seeking these objectives. With faithful teachers and active school board, property is improved, equipment provided and teaching efficiency maintained. Fine boys and girls are pressing on to enter Quimby School. Practically all of those who graduate from eighth grade enter high school. Provision should be made as far as possible for them to go from high school to higher institutions of learning. Youth at this point often finds it hard to adjust itself to social conditions as it meets them.

### High School

The Quimby School offers fine opportunities to boys and girls to prepare for actual life work. Sandwich is indeed fortunate to have located at its Center such a well-equipped and well organized school. Appreciation is expressed to the trustees for wise management of this special school. Teachers here are working hard for the school welfare.

### Repairs

Following its wise policy, during the summer the school board improved the property by painting Chick's Corner, Lower Corner and Center Schools. New ceiling and foundations were provided at Lower Corner and new slate blackboards at North Sandwich. A case for books was built at Chick's Corner and Center. Fire escapes were provided at the Center School. All buildings were cleaned and checked on minor repairs.

### Visual Instruction

During the fall term a large audience in the town hall saw the historical picture, "The Covered Wagon." This gave the pupils a very clear idea of the experiences and hardships of pioneer life in days when adventurous spirits crossed the western plains and mountains in covered wagons drawn by horses and oxen. An instructional reel is now on hand, entitled "From Flower to Fruit," showing how the seeds develop, ready to grow new plants in the spring.

### Health Work

The health work is still in charge of Miss Helen H. Nichols, R.N. and Dr. Thompson. Inspections have been made and correction of defects is now being sought. For the physical welfare of the boys and girls warm lunches are served in all the schools to those who are obliged to remain at noon. Appreciation is hereby expressed to organizations which financially aided in this good work—especially the Red Cross. Parents and teachers are cooperating splendidly.

Miss Nichols' report is appended.

### Statistics

Last June we graduated, with fine exercises, a class of eight from the eighth grade: Ida Brown, Roland Dearborn, Roger Deming, Jeannette Nixon, Pearl Smith, Robert Peaslee, Ellen Plummer and Kenneth Nelson. All of these are now in Quimby School.

For the year ending June 30, 1935, we had an average attendance of 139.4, an average membership of 148 and a percent of attendance of 94. This is a gain of 2% over the previous year's record. It should not be less than 95%. Schools having an attendance last year of 95% or above are as follows:
