Article 12. It was voted to authorize the Selectmen to borrow money in anticipation of taxes.

Article 13. A ballot vote was taken on this article and 143 ballots were cast; 80 favorable, and 63 unfavorable. Since a two-thirds favorable vote is required to borrow money, 96 favorable votes were necessary to pass, therefore the article was defeated by 16 votes.

Article 22. It was voted by show of hands **not** to authorize the selectmen, fire chief and members of the budget committee to consider the advisability of purchasing a used fire truck for \$2,500.00.

Article 23. It was moved, seconded and carried to amend the article to read as follows:

"To see if the Town will vote to authorize the selectmen, fire chief and officers of the fire department and member of the budget committee to look into the advisability of purchasing a new piece of fire apparatus at a cost not to exceed \$12,000.00 and to raise and appropriate money for same." Yes 75, No. 56.

It was pointed out that this amended article would mean the raising of the entire \$12,000.00 in one year, and this would raise the tax rate to a high figure. A second amendment was then moved, seconded and carried to add the following to the above amended article after the word appropriate "Therefor \$2,000.00 for current year and to borrow \$10,000.00 to be amortized at the rate of \$2,000.00 each year starting in 1958, and authorize the selectmen to issue bonds or serial notes for the repayment of same. In the event the above is approved, the fire department budget will be decreased by \$450.00." A ballot vote was then taken on this amended article. There were 137 ballots cast, 81 favorable, 56 unfavorable. Since a two thirds favorable vote was necessary to carry this article, 92 favorable votes were necessary, therefore the article was defeated by eleven votes.

Article 24. It was voted to authorize the selectmen to erect a fence around the town dump and to designate what hours or days it will be open, and to appoint a caretaker, and to raise and appropriate money for the same. A sum of \$350.00 was voted to be added to the \$300.00 recommended by the budget committee for the Health department.

March 13, 1957

A discrepancy between the total ballots cast (238) and the sum of votes tabulated for Dinkel and Dunn which totaled 253, having been discovered, a meeting was called by the moderator Paul D. King at which the moderator, the town clerk and the three selectmen were present. By order of, and under the direction of the moderator the ballots were opened and a recount made. The results were as follows:

Theodore H. Dinkel	131 votes

void ballot	1
	<hr/>

Making a tie	

After consultation with the Secretary of State, Mr. Jackson and the Attorney General, Donald A. Paine, chairman of the Board of Selectmen received a letter from the Secretary of State stating that since the recount was unofficial, it was not legal, therefore the original vote as declared by the moderator on March 12, 1957 would stand until and unless the law regarding recounts was compiled with and a **different** result found.

April 4, 1957

The ballots cast at Town Meeting on March 12, 1957 for Town Officers were officially opened tonight in the recount of the votes cast for the office of Selectman for

two years, on application of Mr. Robert L. Blood, one of the candidates for that office.

The ballots were recounted and tallied by Moderator Paul D. King, Selectman Theodore H. Dinkel and Town Clerk Fenn B. Newell. Selectman Lyle R. McClenning was excused from participating in the recount as he was one of the candidates at the election. Selectman Donald A. Paine was ill in bed and could not be present.

The recount taken in the presence of candidates McClenning and Blood, Mr. Blood's attorney, Howard B. Lane and Constable Arthur H. Hatt, and various spectators, resulted in a tie vote; 111 votes for each candidates.

Two slips of paper, one bearing the name of Lyle R. McClenning and the other bearing the name of Robert L. Blood were prepared by the moderator and placed in a hat and held by the moderator. The town clerk then drew from the hat one slip bearing the name of Lyle McClenning, thus breaking the tie according to the New Hampshire Law. Therefore unless and until an appeal from this recount is made to the Superior Court of Cheshire County within five days from today, Lyle R. McClenning remains the legal selectman for the two year term as declared by the moderator on March 12, 1957.

The adjourned school meeting to reconsider Article 2 was held on Saturday afternoon, November 23, 1957, at 2 p.m. The moderator called the meeting to order.

The motion was made seconded and voted that we reconsider Article 2, that the district vote to raise and appropriate the sum of \$70,000.00 for the purpose of erecting in that part of town known as South Village an elementary school and furnish and equip the same, and the

grading of the lot and the acquisition of any real property that may be necessary for its location; to accept and use such funds of the district as now available and gifts which may be received, to reduce the amount of the appropriation and that the District vote to raise such sum through the issuance of serial notes or bonds upon the credit of the district for all or any portion of the sum so raised and appropriated; and to authorize the school board to determine the terms and conditions upon which the notes or bonds shall be issued including their sale and the time and place of payment of principal and interest, in accordance with the provisions of the Municipal Finance Act, N. H. Revised Statutes Annotated, Chapter 33, and any amendments thereto.

The same ballot inspectors as before helped with the counting of the ballots.

Yes—101, No—59. Not having the necessary two-thirds vote, the motion was not carried.

The motion was made seconded and voted that the district raise and appropriate a sum of \$56,750 for the purpose of erecting in that part of town known as South Villiage an elementary four room school and furnish and equip the same, and the grading of the lot and the acquisition of any real property that may be necessary for its location; to accept and use such funds of the district which are now available, and gifts which may be received to reduce the amount of the appropriation; and that the district vote to raise such sum through the issuance of serial notes and bonds upon the credit of the district for all or any portion of the sum so raised and appropriated; and to authorize the school board to determine the terms and conditions upon which the notes and bonds shall be issued including their sale and the time and place of payment of principal and interest, in accordance with the provisions of the Municipal Finance Act, N. H. revised Statutes Annotated, Chapter 33, and any amendments thereto. The amendment was made seconded and voted with the original motion that the school board be authorized to send the 7th and 8th grade out.

Donald Paine, a member of the budget committee, reminded the group that only the original article, (Article 2) had been recommended by the budget committee.

Meeting adjourned.

MRS. ELLEN PEARCE, R. N.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Westmoreland:

I herewith submit my annual report as your Superintendent of Schools:

An ambitious program to strengthen the curriculum was begun this year. A three-day Language Arts Workshop was held October 9, 10, and 11 for the purpose of studying current information about content and methods with particular emphasis on oral and written communication. Dr. Alice Crossley, Associate Professor in Education at Boston University; Miss Nell Sefton, Educational Consultant of the World Book Company; Mrs. Marie Capron, State Elementary Supervisor and Mr. Normand Pacquette, Head of the Claremont English Department were speakers and consultants.

Our objectives are:

1. To develop a syllabus outline for Grades 1-8 that will serve as a basis for progressive improvement.
2. To develop an English syllabus outline for Grades 9-12 that will serve as a basis for progressive improvement.
3. To develop a planned program of integration of the language arts with other high school subjects.

As a follow-up of the Workshop two committees are working on syllabi; one for Grades 1-8, the other, for Grades 9-12. In addition six meetings of all the teachers are being held to work with the committees.

The forecast of enrollment given in the December 31, 1955 town report gave an estimate of 110 pupils for 1957-58 for grades 1 through 7. The actual enrollment September 20th, 1957 was 126, an increase of 16. The increased enrollment made it necessary to send the 7th grade pupils

to Walpole as tuition pupils since facilities in the Westmoreland schools were inadequate to house the total of 126 pupils. In fact they are inadequate to serve the present enrollment of 104 as it is necessary to have 31 and 32 in two rooms that should not have more than 25 pupils.

The School Board and Education Committee have spent innumerable hours studying the educational needs of the community and have made their recommendation of what should be done to care for the educational needs. Accompanying their recommendations the combined committees have given their reasons for the recommendation they made with supporting data.

At two district meetings the voters of Westmoreland have come very close to voting the two-thirds vote necessary to carry out the recommendation. The result is that the Westmoreland children (grades one through six) are attending schools that are below acceptable standards. This is taking place while Westmoreland is receiving over \$6,000.00 in State Aid and an anticipated \$8,000.00 for 1958-59, which sums are for the express purpose of equalizing educational opportunity.

Westmoreland voters will have another opportunity to make an investment in their youth at the March, 1958 school district meeting. There were members of the Education Committee who did not believe there was a need for increased facilities. After study they changed their minds. The voters should have some faith in the people who have worked so hard to do the job that the voters requested them to do. If you are unwilling to accept the findings of your representatives visit the schools of Westmoreland and then compare what you find with the facilities that are available in nearby towns.

The total budget voted at the March, 1957 meeting for 1957-58 is \$50,281.10. The anticipated income at that time was \$10,392.15 which would result in \$39,888.95 having to be raised by taxation. However, changes in income which are listed below resulted in the district having to raise the smaller amount of \$36,274.17 which is \$3,614.78 less.
