## REPORT OF FULLER PUBLIC LIBRARY

We submit herewith report of the Fuller Public Library for the year ending December 31, 1955.

The many books and magazines given to the Library are greatly appreciated.

The use of reference books by high school pupils and New England College students has increased through the year, and the Librarian has borrowed many books from the State Library in Concord.

The Library Teas held once a month have increased in popularity and attendance.

## Be A Good Citizen — Cooperate

Smoking and debris burning caused more than 50 percent of the forest fires occurring in the state of New Hampshire in 1955 - 235 fire out of a total of 463 originated from these two sources. Lighted smoking material and matches thrown from moving vehicles along the highway or dropped by fishermen, hunters, hikers, berry and flower pickers accounted for 26 percent; debris burning in the wrong place or at the wrong time by those who failed to heed all pleas for safety or refused to recognize the logical, sensible rules and regulations set up under legislative authority governing the use of fire in or near woodlands accounted for more than 24 percent. This is inexcusable.

Everything possible is being done officially to remedy the situation. Since 1909 there has been a statute on our law books which requires everyone to secure written permission from the local forest fire warden before starting a fire in or near woodlands or where fire can be communicated to woodlands, unless the ground is covered with snow. A never ending program of educational work is being carried on by your local warden and state officials to inform the general public of both the value and necessity of securing the required permit for such burning. Much progress has been made, but there are still many who fail or refuse to cooperate. The value of our permit system was definitely proven in this district during the 1955 calendar year. Local wardens issued 3,864 permits for debris burning fires. That's a lot of permits. The records show only 2 permit fires got out of control. This proves several things - while wardens were liberal in the issuance of fire permits, accommodating every applicant so far as possible, they were cautious, following closely directives outlining overall policy governing the issuance of burning permits and thoroughly instructing permit users. The later, too, fully appreciating their responsibility in using their permits, governed themselves accordingly. Result? Much burning done legally and safe.

But what of the smokers? Despite all the efforts of those officially charged with the responsibility of preventing fires,

too many were careless or thoughtless in disposing of smoking material and matches. Why? It is difficult to say. Autos are now equipped with ash trays. Why not use them. The crushing out of a cigar, cigarette and the complete extinguishment of matches before being discarded is an easy chore.

If the costly habits of the careless and indifferent smoker and debris burner could be overcome, more than half of our annual forest fires would be eliminated. Will YOU do YOUR share to bring this about?

### REMEMBER

1. Get a written permit from your local warden before starting your debris burning or camp fire. The law requires it.
2. Make certain they are dead out before leaving them.
3. Become a safe smoker by extinguishing smoking material and matches before discarding them.

The State of New Hampshire  
HILLSBORO-DEERING COOPERATIVE  
SCHOOL WARRANT

*To the Inhabitants of the School Districts in the towns of  
Hillsboro and Deering qualified to vote in district affairs:*

You are hereby notified to meet at the Hillsboro-Deering Co-operative High School Gymnasium in said district on the 9th day of March, 1956, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year, a Member-at-large of the School Board for the ensuing five years, a Member-at-large of the School Board for the ensuing four years, and two Auditors for the ensuing year.
2. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
3. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

5. To transact any other business that may legally come before said meeting.

Given under our hands at said Hillsborough this 14th day of February, 1956.

## SUPERINTENDENT'S REPORT

To the School Board and Citizens of Hillsboro and Deering:

It is a pleasure to have the opportunity to present my second annual report.

Since my last report, the district has completed its first year as a cooperative school district. Many problems relative to the operation of a cooperative were resolved through changes made in the law by the 1955 Legislature. Your School Board and Superintendent were very active in helping to formulate these changes. One of the most helpful pieces of legislation during this last session was the allowance of 40% building aid to cooperative school districts as compared to 20% for regular districts.

As we look to the future for tax relief for the support of schools every indication is, that on the state level, the next legislature will probably increase the state aid to schools in such an amount that we shall be the recipient of some of that aid.

On the national level, the results of the White House Conference on Education give us considerable confidence that there will be made available federal money to aid schoolhouse construction. To those who may fear that with this aid there will be control, it is interesting to note that the bill which is ready to be reported to Congress calls for the distribution of federal money to the states to be distributed on the same basis as any state building aid program now in effect.

To return to the local level I can only say that the School Board and Superintendent are definitely aware of the cost of education to the communities. The increasing cost year after year has been and continues to be a discouraging element for School Boards to contend with. It would be nice to be able to say that we have reached the peak but we may as well face it and admit that the summit is nowhere in sight.

The registration at the school has continued to grow as expected and, as you know, facilities are being provided this summer to provide for this growth.

As has been reported from time to time we are concentrating on the improvement of reading in our elementary grades. It is much too early yet to determine whether we are having much success. One adjustment which should be of help to us is the lengthening of the school day.

The changes made in the high school program of studies are working out exceptionally well as it is possible now to assign pupils to classes which are more in line with their ability and interest.

It is hoped, that early in the next school year, our housing problem will be behind us and that we may concentrate on the quality of education being provided for our youngsters. This year we are encouraged by the improvement of the attitude of the majority of our pupils toward school work. It is expected that the extended facilities will do much toward further improvement of this attitude.

I wish to express my appreciation to the School Board, Building Committee, faculty, pupils and citizens of Hillsboro and Deering for their very close cooperation with me during the past year. It has been, indeed, a real pleasure working with them.

Respectfully submitted,

NORMAN R. HARTFIEL

## NURSE'S REPORT 1954-55

To the Board of Education:

I am submitting an account of the school nursing work for the year 1954-55.

The Pre-School Registration day in school for next September term was well attended. Forty-five new pupils were registered and nearly everyone had had their booster shot against whooping cough, diphtheria, and tetanus, given to them either by their own family physician or at our annual Pre-school Immunization Clinic held in March, April and May, also everyone is now vaccinated against small pox.

The Anti-Polio Salk Vaccine by Parker Davis was given to the pupils of grades 1 and 2, 58 were vaccinated from our own school, 4 from Washington, 3 from Stoddard, and 40 from Antrim, making a total of 105. The clinic was held in our school having two physicians in attendance, 6 registered nurses besides the State Nurse and myself, also a fine group of volunteers, 9 of them, helped with the care of the children.

After their shot each one marched merrily to the Gym to receive a large hoodsie. The ice cream was donated by the following garages and stations: Spalding's, Demag's, Cochrane's, Vaillancourt's, Sterling's, and Richie's Service stations, Page Auto Service, B. H. Smith Garage, Wyman's Chevrolet Co., Inc., Morton Ford Sales, and Bedell's Garage.

No ill effect resulted from the vaccination. The vaccine was made available to us through the National Foundation for Infantile Paralysis.

A large number of children had measles---176 cases in all, a few mumps, one chicken-pox, a few cases of skin diseases, such as impetigo and scabies . . . all of them cleaned up quickly with the cooperation of the parents.

The hearing test was given as usual in school to nearly everyone as 486 were tested, some twice, a few three times.

Twenty-eight pupils in Junior High and High School and seventy-six in Grammar School received first aid in one form or another, cut, bruises, some requiring daily care for a week or ten days.

A member of the Nursing Assn. Board of Directors gave me \$10 for milk for children who bring their cold dry lunch. This was done as directed. Three school children were taken to an Ophthalmologist for eye refraction, through the kindness of the Lion's Club. Two of them needed eye glasses, the third one required eye treatment only, all were paid by them.

Two children were taken several times to the N.H. Mental Hygiene Clinic for proper evaluation. I have reported to school daily.

Sincerely,

ANNA M. BAILEY, R.N.

SCHOOL NURSE
