### THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Pittsburg, in the County of Coos, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall, in said Pittsburg, on Tuesday, the 14th day of March, next, at ten o'clock in the forenoon, to act upon the following subjects:

1. To see if the Town will vote to accept the budget, and raise money for same.
2. To see if the town will vote to give the Selectmen authority to hire money in anticipation of taxes.
3. To see if the Town will vote to give the Selectmen authority to distribute blank inventories at the time they examine and appraise the property to be taxed.
4. To see if the Town will vote to observe Old Home Day, and raise money for same.
5. To see if the Town will vote to elect a committee to set the date and manage the Old Home Day observance.
6. To see what action the Town will take in regard to a skating rink and raise money for the same.
7. (By Petition) To see if the Town will vote to raise the sum of \$500.00 to change the river away from the road near the Robinson farm on Hall Stream, in the Lower district.
8. To see what action the Town will take to raise \$650.00 for the Colebrook-Conn. Lakes Chamber of Commerce.
9. To see if the Town will vote to raise and appropriate the sum of \$246.57 (being 7/1000ths. of 1% of the Town's 1958 equalized valuation) for the purpose of uniting the other 45 Towns in the White Mountain Regional Association in the cooperative development and promotion of the North Country's economy.

## Town of Pittsburg, N. H.

10. To see if the Town will vote to raise \$500.00 to expand the Hollow Cemetery.
11. To see if the Town will vote to put a new heating system in the Town Hall and raise money for the same.
12. To see if the Town will vote to accept the Legacy under the will of the late Bremer W. Pond.
13. To hear report of Committee appointed to study feasibility of making a fire station.
14. To see what action the Town will take on the report of said committee mentioned in preceeding article, and raise money for same.
15. (By Petition) To see if the Town of Pittsburg will take over the road, known as the "Beedy" road, and vote to raise \$2,000 to widen and resurface this road, thereby making it a public road.
16. To see if the Town will vote to give the Selectmen authority to appoint all necessary Town Officers, not listed under article 17.
17. To bring your ballots for the Election of one Selectman for three years, one Road Agent for the Lake District, one Road Agent for the Middle District, one Road Agent for the Lower District, Town Clerk, Town Treasurer, three Auditors, one overseer of Welfare, one Library Trustee, and one Trustee of Trust Funds.

Polls shall be opened at 10 a.m. and not closed before 6 p.m.

Given under our hands and seals, this 27th day of February, in the year of our Lord, nineteen hundred and sixty-one.

## Warrant

### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District, in the Town of Pittsburg qualified to vote in district affairs :

You are hereby notified to meet at the new auditorium-gymnasium in said district on the 14th day of March, 1961, at three o'clock in the afternoon to act upon the following subjects.

1. To bring in your ballots for the election of School District Officers to be elected by ballot for the School District of Pittsburg for the ensuing year. (s).
2. To determine and appoint the salaries of the School Board and Truant Officers, and fix the compensation of any other officers or agent of the district.
3. To hear the reports of agents, auditors, committees or officers chosen, and pass any vote relating thereto.
4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school District officials and agents, for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the School Board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
5. To see if the district will vote to authorize the school board to make application for and to accept on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.
6. To transact any other business that may legally come before this meeting.

Given under our hands at said Pittsburg this second day of February, 1961.

LULA M. BROOKS  
ROBERT Y. GRAY,  
GERALD P. MERRILL,  
School Board

## Report of Superintendent

---

To the School Board and Citizens of the Pittsburg School District:

It is interesting to note that although there is no abatement in the general demand for a further shortening of the already greatly shortened work week, more and more is being heard about the need for "Johnny" to spend more hours each day and more days each year in school. It is noted, also, that in spite of less and less being heard about the craftsmanship of his dad in this age of automatism, there is an increasing demand that this boy, particularly if he is gifted, be made made to confine his work more to the so-called solid subjects, and that he be given **a real rough time even with the stretch in hours.** In light of what only is going to observe as contrasted to what he is being told, the question might well arise to what extent is it going to be possible to convince this youngster that it's good.

When one stops to ponder over the stated means by which it is said better schools will result, old time basic educational principles of long standing come to mind. In particular, the focusing of the attention primarily upon intellectual training to the utmost ability rather than upon the "whole child" stands out. Recognition, too, that the rare qualities of character such as aspiration, determination, and purpose are perhaps caught as much as, if not more than, taught indicates a greater awareness of the imponderables and intangibles in human behavior. And the growing conviction that there is no substitute for challenging work whether done in the classroom or at home in developing ability to think, points to the urgency of the provision of schools with a balance that will hang on to that which has continued value, delete that which is unessential, and emphasize that which is most vital.

### TEACHERS

With little or no improvement in the teacher shortage which has continued over a prolonged period of time, we are extremely fortunate to have, with the exception of one, all teachers return

to work with us. Mrs. Rose F. Parrish, a veteran teacher with many years of experience outside the state and who has received her bachelor's degree at Lyndon's Teachers College, Lyndonville, Vermont, teaches Grades 3-4.

In Grades 7-12 the teachers and the respective subjects taught are: Principal, Charles H. Morgan, Social Studies; Mrs. Helen Barclay, English, French; Mrs. Katherine B. von Dohrmann, Commerce; Stephen E. Dehl, Mathematics, Science, Athletics; Raymond P. Stuart, Shop, Dramatics; Miss Dorris M. Hamlin, Home Economics, General Science; Mrs. May F. Thibeault, English, Mathematics, Social Studies. The other two teachers in the first six grades in addition to Mrs. Parrish are Mrs. Eva S. Scott, Grades 1-2; and Mrs. Doris J. Chappell, Grades 5-6.

#### **SCHOOL NURSE — HEALTH**

With ever more conclusive evidence gathered to the effect that with other things being equal, the effectiveness of work done in school by the pupil is directly proportional to his or her overall health, the importance of the stellar work done by our school nurse, Mrs. Ethel S. Sturgis, becomes increasingly more apparent.

Aided as she is with modern up-to-date equipment and the "know how" through many years of experience, such professional services are rendered as the administering of periodic immunizations, the giving of complete physical examinations every four years, and the conducting of annual x-ray and pre-school clinics as well as the many and varied constant check-ups conducted from time to time during the year.

#### **ENROLLMENT AND ATTENDANCE**

Although the number of pupils enrolled in high school is less than it was last year, the number enrolled in the elementary grades is enough larger to make the total enrollment larger. For purposes of comparisons the number of pupils enrolled in Grades 1-8 and 9-12 for eight years beginning with the current year shows successive counts of 120 and 36, 113 and 41, 115 and 62, 102 and 67, 91 and 61, 87 and 49, 97 and 40, 89 and 31. Seven high school tuition pupils from Clarksville are enrolled at the present time. The average percentage of attendance for the past year was 93.29 in Grades 1-6; 97.46 in Grades 7-8; and 96.61 in Grades 9-12. The average number of tardinesses per pupil for the same

groups was .07, 1.27, and .07 respectively. Both attendance record and the relatively small number of tardinesses for the whole school are very good.

#### NOTES ON THE BUDGET

The school board's budget for 1961-62 of \$86,756.00 appears at first sight to be a very considerable increase over the \$74,787 one for the current year, which even with the additional \$1,544.40 raised under a special article in the warrant to provide more adequate insurance protection, made a total of only \$76,331.40. The explanation is that, as we pointed out in last year's report under this caption, the funds for the principal and first interest payments on the bond issue to finance the construction of the new auditorium-gymnasium which were made this year, were raised during the school year 1959-60, when the budget was \$81,293. In looking at the 1961-62 budget again, with an anticipated income of \$2,400.00 from state building aid and \$2,600.00 from tuition, to make a total of \$5,000.00, a balance of \$81,756.00 is left to be raised by taxes by the town.

#### AUDITORIUM-GYMNASIUM

With the completion of the construction of the new auditorium-gymnasium addition with its connecting lobby to the classroom section of the school building, the school district has a school plant comparable to any of those of recent construction in the larger communities throughout the state. And if a comparison were made, as is usually done, with these other new school units on the basis of what has been received for the dollar invested, what has been accomplished is truly remarkable.

How much the provision of such a facility contributes to the overall life of a school has been demonstrated several times during the relatively short time that has elapsed since it has been available. Extra-Class and extra-curricular activities are now conducted which, because of their nature or lack of space for conducting, were not before possible. Large numbers can now be accommodated at athletic contests and public programs, opportunity is provided for greater flexibility and adaptability in such activities as dramatics and musical programs, and there is ample area for group games at recess inside during inclement and severe weather.

The attractive interior decorating brought about by the use of pastel blue and cream colors on the lower and upper portions respectively of the walls, acoustic tile ceiling, plus light grey asphalt tile on the gymnasium floor and a hardwood floor on the stage, is further enhanced by the maroon colored velvet draw curtain on the stage. This beautiful furnishing with its gold trimmed valance containing a capital "P" in its center of the same color coupled with the gray side and back drops on the stage, was presented to the district by the Beecher Falls Manufacturing Company. The generosity of the company in supplying these stage accessories has been of material assistance in the production of school plays, and in adding greatly to the overall fine appearance of the hall.

#### **GROUNDS — BUILDING — EQUIPMENT**

In preparation for further extension of the play area at the rear of the school building, loam has been dumped ready for grading as soon as spring weather permits. The gravel entrance, too, beneath the roof overhang to the auditorium-gymnasium lobby, has been covered with an asphalt surface. Other work done on the school grounds during the past year included grading here and there where fill-ins had settled, and the relocation of the baseball diamond on the athletic field.

The first alteration in the main part of the building since its completion ten years ago was made this summer when a four inch cinder block wall, containing a door for passing, was installed between the Home Economics and School Lunch Quarters on the basement floor. This entire section of the building containing the two departments then took on a new look when all wall surfaces received a new coat of light pastel peach color paint.

Items of equipment added since a year ago included a public address system and a moveable tubular steel staging for use in the auditorium-gymnasium; two electric singer machines for the Home Economics Department; a four drawer letter size steel file for each of the three elementary rooms; a new serving table for the School Lunch Program, and such miscellaneous items as purchased from time to time for instructional purposes.

#### **MISCELLANEOUS**

Of extreme value to the overall life of the school is the work done in the various extra-class and extra-curricular activities. It is through them, many times, that interests are aroused and potentialities discovered, which otherwise there is little likelihood of their ever being known.

As has been reiterated several times previously, a great deal of credit is due our school lunch operator, Mrs. Helen A. Foote, for the fine work she is doing in conducting the school lunch program. The large percentage of the school membership taking advantage of the hot meals served daily indicates the popularity of this health and morale building activity.

**CONCLUSION**

May I again express my deep appreciation to the members of the School Board, parents, teachers, and citizens for all the assistance and cooperation received as we have worked together in an effort to provide the best possible education for our boys and girls. It is only with the help of you all that high standards can be achieved and maintained.

Respectfully submitted,

ERNEST B. DANA

Superintendent of Schools
