## *Outstanding Service to Town, State and Nation*

Mrs. Eva A. Speare, Plymouth's beloved nonagenarian, is possessed of a wisdom, and willingness to share her wealth of knowledge with others.

Blessed with fine health and consumed of youthful energy Mrs. Speare involves herself in the multi-activities of civics and club. All endeavors are better for her participation.

Worthy recipient of the coveted Charles Holmes Pettes award in 1965, "For Outstanding Service to the State and Nation," she has been honored as well on similar other occasions and has, in her 92 short years, earned the sincere respect of grammar school pupils, townspeople and literati.

In like fashion she has been equally bestowed of literary honor via a most favorable review of her famous "New Hampshire Folk Tales" in London. "Indians of New Hampshire" was published last year as Mrs. Speare proves age to be little obstacle.

Her host of admirers, neighbors and students, to whom she has given so much, join with the town of Plymouth in paying this humble tribute.

## PLYMOUTH FIRE DEPARTMENT REPORT

---

This year we have had a chance to see several changes in the Fire Department, such as the addition of two more trucks, more equipment, a full time dispatcher and permanent Fire Chief, making a total of four permanent firemen, giving the town 24-hour a day coverage.

We acquired a 1000 gallon tank truck to be built into a truck for forest fire fighting. This truck will also be used to carry water for any rural fire fighting problem we may have when it is completed. The truck was made available to us by the N. H. State Dept. of Resources and Development at no cost other than insurance and routine maintenance.

The new Seagraves Aerial was delivered in the middle of November and the factory representative stayed a week to instruct the men in its use.

We are continuing our training on this unit whenever it is possible and we have already found it very useful at chimney fires.

The old 1935 Ford Ladder truck was put up for bid when we received the Aerial and Ralph Bean of Waterville having the highest bid bought it.

The Plymouth State College executive staff have been very cooperative having had an access drive built to the high rise dormitories so that the Aerial can be used with no question on these buildings.

They are also in the process of installing stand pipes in these two buildings. This will make a fireman's work easier if we have to fight a fire in the buildings.

Firemen are now having two meetings a month the year round; this will give the men another training session each month throughout the winter.

In April we hope to start another course in fire-fighting and proper use of equipment under the State Financed Training Program. This will be a refresher course for some and new to the new members.

Our fire report for 1967 was 72 calls as follows:

- 4 Structural Fires
- 9 Chimney Fires
- 2 Out of town calls
- 2 Mutual Aid calls
- 13 False Alarms
- 8 Car Fires
- 6 Flooded oil burners
- 21 Misc. calls

Miscellaneous calls are classified as gas spills, smoke investigations, accidents, sprinkler alarms, etc.

Respectively submitted,

GUY ANDREWS  
Fire Chief

## PLYMOUTH PUBLIC LIBRARY

### ANNUAL REPORT — 1967

---

A program of varied activities has marked the year.

The Friends of the Plymouth Public Library group has sponsored a production of "Peter and the Wolf" by the Charles St. Players of Boston; provided window box plantings and interior decorations at Thanksgiving and Christmas; provided or helped with refreshments for various activities. They have held five meetings at the library.

The Junior Great Books discussion group met at the Library on Tuesday afternoons during the Fall semester under the leadership of Mrs. Barbara Whitwell and Mrs. Helen Soanes. Young people from sixth through ninth grades attended.

Fourteen story hours conducted by Mrs. Charlotte Noyes and Mrs. Cynthia Faust, for children from kindergarten through the third grade, were scheduled on Saturday afternoons for an hour before opening time.

The Headstart class of small children visited us twice during the summer for an introduction to the library and a story or two. A kindergarten class visited us in the Fall.

The Librarian was invited by the professor, Dr. Stearns, to give a talk to each of the two Plymouth State College classes in children's literature. She enjoyed a discussion with the students about ways in which teachers and librarians together can serve the children.

Thirty children through the eighth grade participated in the summer reading program under the direction of our assistant librarian. Prizes were given to those who read the most books at a party held at the end of the summer.

Special exhibits on books on "Contemporary Art" and "Freedom of the Mind" were borrowed from the Bookmobile and displayed. Other timely and seasonal collections from our own library were exhibited.

Our program at 3:45 on alternate Fridays continued on Station WPNH throughout the year except through the summer months. It included a tape of one of the Junior Great Books discussions; tapes of the High School prize-speaking contest winners; talks on topics of general interest to the community by people competent to give them. A committee of the Friends of the Plymouth Library also helped in this area. We are indeed grateful to all those who assisted in this way. Your librarian also gave some talks on topics to acquaint listeners with the services of the library.

The Young Ladies Library Association, in addition to keeping the building in repair, contributed \$150 to the book fund and financed refreshments for story hours and the summer reading program party.

A high school girl, Sue Connors, contributed 21 work hours during the summer without compensation. Several other friends have given time to work on the picture collection and assist at the times of the Bookmobile visits.

Our thanks are due to all these kind and helpful people.

Our library has been host to two meetings of the Advisory Council of the North Country District of the Statewide Library Improvement Organization, and two book-buying meetings for our area. The assistant librarian entertained, as our guest, one of our

legislative representatives at the "Legislator's Luncheon" sponsored by the N. H. Library Association. The librarian has attended three professional meetings and the annual dinner meeting of the North Country section of the Friends of N. H. Libraries.

The year has seen an increase of the use of adult fiction books by 158. Other categories decreased by 679 books. The growth and increased use of school libraries probably explains this. The result is beginning to be seen in the use by more adults of the reference service available. We are pleased to report that more people are coming to us for information of all sorts. We are answering such questions as these over the phone: What is the speed of light? Who said "To thine own self be True?"

Respectfully submitted,

ALICE B. DICKINSON, Librarian

## 1967 REPORT OF THE PLYMOUTH CIVIL DEFENSE UNIT ACTIVITIES

---

I was very happy to have been appointed as your Town Civil Defense Director and was also happy to have been given as much support as I got.

This type of activity is always looked upon as a place to spend money and the service is never used. I will agree that it costs money to have this unit and my first duty was to submit a budget to the Selectmen and then the Budget Committee for rework, if necessary, then approval. As you all know the budget was approved at Town Meeting and I then embarked on the task of picking a team of men who would give their time, without compensation to a program and an endeavor that may never be used. I found such a group of men and sent for and received, equipment for this team and proceeded to have these men look like professional, working men; which they do. Then classes were set up for their training and with the kind help of some of our fine professional men in Town my team started on the road to becoming and are still becoming, through continuous training a very highly trained and efficient team. They will be standing by to take charge of evacuation, communication, running the shelters, fighting floods and any and all disasters, natural or unnatural that may arise. These men are willing and able to do just this and will remain at this position in the event they are needed. When you see one or more of these men in their uniforms working with the regular police, (more of their training) it will make them feel much better if you gave them a vote of thanks.

Equipment for such a team and program is very costly, and to supplement our budget monies, my men proceeded to raise money through two events that we undertook this past year. We were able to raise

more funds and we bought more equipment and by this time next year, all things going as planned, we will be completely outfitted.

I want to thank all the Towns' folks that supported our programs and if it hadn't been for them, our program would not have gone as it has in such a short period of time. I also want to thank team members listed below for their continued support.

RECREATION DIRECTOR**

---

I was appointed as the second Director of Parks and Recreation of Plymouth on December 1, 1967. Jerry Kozusko, the first director resigned early last fall and is continuing in the field of recreation in Pennsylvania. It gives me great pleasure to submit this annual report to you.

The various recreation programs sponsored by this department have generally gone very well this past year. These programs are: Senior High Canteen, Playground, Swimming, Ice-skating, Baseball, Skiing at Tenney Mt., Adult Volleyball and Basketball. It is to be remembered that as time goes by with your support to these programs we will be able to make available more and more activities, so that all townspeople will find a greater interest in part or all of our overall program. Because of your support in the past we now hope to be able to initiate programs in badminton, touch football, tennis, and hockey in the new future.

Last fall the Charlie Brown Hangout was organized, and it has been quite successful thus far. This is a program for high school teen-agers in which they can enjoy all the facilities of the usual type of recreation room, such as pool, ping-pong, small table games, etc. While this organization is not sponsored by this department it is part of my job to help in this effort to involve the high school students in worthwhile activities.

The members of the Park and Recreation Commission and I wish to thank all of you who gave of your time and efforts to our programs this past year. We will appreciate your continued support and suggestions as to how our department can serve you better in the year to come.

Respectfully submitted,  
David H. Blake  
Park and Recreation Director

## INFORMATION BOOTH REPORT

---

January 22, 1968

Board of Selectmen  
Town of Plymouth  
Plymouth, N. H.

Gentlemen,

The Information Booth was opened June 24, 1967 and closed September 3, 1967.

Miss Hazel Downing was in attendance daily from 9:00 A. M. to 12:00 noon, 1:00 P. M. to 5 P. M. and Sundays from 1:00 to 5:00 P: M.

She serviced 5,535 cars carrying 23,148 people. There was a decrease of 17 cars from the previous year but an increase of 4,577 people indicating that much larger parties were traveling.

The booth continues to prove its worth and necessity by servicing tourist routing them, guiding them to places to eat and secure overnight accommodations in addition to aid them in their shopping needs.

The entire appropriation was paid directly to Miss Downing as part of her salary.

The Chamber of Commerce wishes to thank the people of Plymouth for their support of the booth.

Respectfully submitted,  
Clarence H. Jones, Secretary

# ANNUAL REPORT TO THE TOWN OF PLYMOUTH

## —1967

---

It was at the very end of June that we received a grant of \$9500 through the New Hampshire Department of Health and Welfare. Committees which had been organized previously and had plans in readiness swung into action immediately.

An office at 47 Main Street was rented, furnished and equipped. A nurse and office clerk were hired and contractual agreements were negotiated for the services of two therapists. The agency opened its doors July 17th.

We were fortunate to secure the services of Mrs. Dorothy Westberg, R.N., as our Nurse-Director. She was formerly a Director of Nurses at Sceva Speare Memorial Hospital and is a life-long resident of this area. She has the personal friendship as well as the respect and confidence of her patients and the Medical Doctors under whose orders she performs her duties.

The agency was able to contract for the services of Mrs. Henrietta White, Physical Therapist, and Miss Minnie Witham, Occupational Therapist. For the first time rehabilitative treatments have been made available to the people of this area right in their own homes without trips to distant rehabilitation centers.

Effective July 19th the agency was officially recognized as being qualified to care for Medicare patients.

As residents of the area have become accustomed to having a visiting nurse available, requests for services have increased. During the month of December, Mrs. Westberg made 178 visits (61 in Ply-

mouth) ; and during the Flu outbreak in January, she sometimes made as many as 10 visits in a single day.

It is to relieve this heavy work-load on Mrs. Westberg that the agency is looking for a part-time nurse who will become a full-time member of the staff as future situations demand.

The Agency Board of Directors and Staff hope that they will continue to be of increasing service to the people of the area by helping them to care for sick ones in their homes.

Respectfully submitted,

**MADELEINE VAN HAGEN,**

Representative of Plymouth on Board of Directors

## AUDITORS' REPORT

---

As prescribed by law, we have examined the books and records maintained by the Selectmen, Town Treasurer, Town Clerk, Trustees of Trust Funds, Treasurer of the Library Trustees, Treasurer of the Park and Recreation Commission, Justice of the District Court, and Tax Collector.

The records of the individual receipts were found to be correctly cast and properly vouched. We have verified cash balances and reconciled bank statements for such officials as have town business accounts.

We have examined the securities in the Trust Funds. We have inspected the surety bonds of the Town Treasurer, Tax Collector, Town Clerk, Trustees of the Town Trust Funds, Road Agent, Chief of Police, Town Secretary and Clerk of the District Court.

## REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

After several successive years of drought, the rains of 1967 came as a welcome change. Our record of the past fire season is good. Our thanks to all who contributed to achieve this good record. Continued improvement in the matter of accurate, prompt detection and rapid effective suppression action can help to maintain this good, worthwhile record even though we do not have an abundance of rain as in the fire season of 1967.

It will help if we follow these simple suggestions:

1. No burning of debris and waste between the hours of 9:00 A. M. and 5:00 P. M. and then only with a written permit from the Forest Fire Warden.

2. Take debris and waste to the town dump.

3. Maintain a clean, safe dump.

4. Keep matches away from young children.

5. Be sure matches and smoking material are dead out when we discard them.

6. Set good example for others in fire prevention.

## THE STATE OF NEW HAMPSHIRE

### To the Inhabitants of Plymouth Village Fire District Qualified To Vote In District Affairs:

You are hereby notified to meet at the Guy E. Speare Auditorium on Thursday, the 14th day of March, next, at 7:30 o'clock in the afternoon to act on the following subjects:

ARTICLE 1. To choose a Moderator for the ensuing year.

ARTICLE 2. To choose a Clerk for the ensuing year.

ARTICLE 3 To choose a Treasurer for the ensuing year.

ARTICLE 4. To choose one District Commissioner for the ensuing three years.

ARTICLE 5. To choose Auditors for the ensuing year.

ARTICLE 6. To see what sum of money the District will vote to raise for fire protection for the ensuing year. (Hydrant rental).

ARTICLE 7. To see if the District will vote to authorize the Commissioners to borrow such sums of money as may be necessary to pay debts of the District and to give notes therefore, countersigned by the District Treasurer.

ARTICLE 8. In the event that further design or financing is required with respect to construction of the District's sewage disposal treatment system and collection system in Ward Hill area, to see what sum the District will vote to appropriate for constructing said municipal sewage disposal and treatment system, including sewerage, interceptors, pumping stations, treatment works, and such other related facilities including the entire Ward Hill collection system,

and inclusive of land acquisition, easements and rights of way, as are required, and to determine whether such sums will be raised by borrowing under the Municipal Finance Act or otherwise, and pass any vote or votes relating thereto.

ARTICLE 9. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 28th day of February, in the year of our Lord nineteen hundred and sixty-eight.

The old Pump installed in 1949 was replaced with a 600 G.P.M. Turbine Pump. An addition was built on the Lower Pump house and the old gas engine that ran the old Pump was replaced with a 85 K.W. Generator, which will run all controls, lights, heat, treatment house and either pumping unit. This makes the Lower Pumping Complex for the first time completely self-sustained.

This work should meet our water requirements at the Lower Pumping Station for as far as we can foresee.

The Upper Pumping Station was equipped with a 15 K. W. Generator, which makes this Station completely self-sustained.

An 8" line was run by Plymouth State College to the new Field House in Holderness and has two fire hydrants located on their property.

The algae and bacteria gave us considerable trouble in the summer of 1967. This can be brought in by birds, ducks or even in rainfall and the sun and warm water then makes it grow. The only way to remedy this is to cover the reservoir, which may have to be done in the near future to insure a good supply of pure water without chlorination.

## AUDITORS' REPORT

---

We have audited the cash books of the Treasurer of the Plymouth Village Fire District for the year ending December 31, 1967, and have found the entries to have been correctly cast and properly vouched.

We have examined the surety bonds of the Treasurer and Secretary of the District.

We have burned fifteen (15) Water Dept. Bonds numbered 208-222, inclusive, and five (5) Water Dept. Bonds numbered 61-65, inclusive, totalling \$20,000.00.

We have burned the following coupons:

Five (5) numbered 238-242, inclusive, totalling \$50.00—October 1966.

Ninety-three (93) numbered 208-300, inclusive, totalling \$930.00—April 1967.

Five (5) numbered 61-65, inclusive, totalling \$56.25—May 1967.

## THE STATE OF NEW HAMPSHIRE

---

To the inhabitants of the School District in the Town of Plymouth Qualified to vote in District Affairs:

You are hereby notified to meet at the Guy E. Speare Auditorium in said District on the seventh day of March, 1968, at eight o'clock in the afternoon, to act upon the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To hear the reports of Agents, Auditors and Committees or Officers chosen, and pass any vote relative thereto.

Article 6. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

Article 7. To see if the District will raise and appropriate the sum of Five Hundred Thirty-Nine Thousand Three Hundred Thirty-Five Dollars and Twenty-Nine Cents (\$539,335.29) for the support of schools, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from State Foundation Aid Fund together

with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation which leaves an estimated balance of Two Hundred Forty-One Thousand One Hundred Fifty-Three Dollars and Twenty-Three Cents (\$241,153.23) to be raised by taxes by the town.

Article 8. To see if the District will vote to authorize the School Board to make Application for and to accept on behalf of the District any and all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or the United States.

Article 9. To see if the District will establish a contingency fund to meet the cost of unanticipated expense which may arise during the year in an amount not exceeding One Thousand Dollars (\$1,000.00), all in accordance with Revised Statutes Annotated 198:4-b.

Article 10. Shall the School District accept the provisions of New Hampshire Revised Statutes Annotated Chapter 195-A (as amended) providing for the establishment of an Area School located in Plymouth to serve Grades 9-12 from the School Districts of Wentworth and Plymouth, which Area Plan presently includes the School Districts of Campton, Holderness, Rumney and Plymouth, in accordance with the Plan on file with the School District Clerk.

Article 11. To hear reports of the School Board and School District legal counsel concerning negotiations for the Coffin property as school building site and pass any vote or votes relating thereto.

Article 12. To hear reports from the School Board and School Building Committees concerning progress of Planning and financing the proposed new school facilities and to pass any vote or votes relating thereto.

Article 13. To see what sums the School District will appropriate for acquiring land and for constructing and originally equipping and furnishing school facilities to serve the pupils from the district in Grades K-8 and the pupils from the district and the other members of the Plymouth Area Plan in grades 9-12; to determine whether such facilities shall be financed by borrowing and by using the sums received or to be received from the state as payment for the district's present school facilities, or in any other manner; to take any action with respect to the district's capital reserve fund which may be necessary or desirable in connection with financing the said facilities; and to pass any other votes relating thereto.

Article 14. To see if the School District will vote to authorize the School Board to appropriate and expend for the purposes of site purchase, development and construction of new buildings any interest earned on proceeds of any sale of serial bonds or notes in connection with the project.

Article 15. To transact any other business which may legally come before said meeting.

Given under our hands and seals this 21st day of February, in the year of our Lord nineteen hundred and sixty-eight.

Hereby submitted is my annual report as your Superintendent of Schools.

During the past year there has been much activity and progress within the district toward a changing school situation. Little did most people realize when the school meeting was held last March that so much would be accomplished in a year. Plans are complete for the sale of our school properties to the University system and a four-town Authorized Regional Enrollment Area (AREA) high school has been approved. There has been hours of work and dedicated service by the school boards as well as building committees from towns involved. Needless to say, the preliminary work is behind us and various committees can now get down to serious business of planning the construction of the building. First sketches are expected to be ready the latter part of February and from that time weekly meetings will be held until final approval of plans by the Plymouth School Board and committees. The public will be kept informed at all stages of the development through various news releases. The time schedule calls for the bond issue article to be inserted in the school warrant for the March meeting. However, to allow for a complete presentation to the district so they may have full information before voting, the vote on the bond issue probably will be taken at an adjourned meeting. The information should be collated so this vote can be taken by the time school closes in June. I would urge you to attend public meetings that will be held later in the spring when hearings are held. Plymouth has never taken a more important forward step. It is the duty of each citizen to keep informed.

The architects' preliminary schedule would have a vote on bonding taken June, 1968, preparation of working drawings July through November, bidding on the project in January 1969 and construction to begin in March 1969. This would allow sixteen months for construction and completion date about July first, 1970. I believe this to be a sensible schedule and one that can be met. Occupancy of the new schools would be September 1970.

The school budget which was presented to the town budget committees met with their approval. The board has taken into consideration the fact we will be evacuating the buildings and are recommending only necessary repairs and maintenance. The purchase of equipment wherever possible has been postponed until it can be obtained under the building project. In times of ever-rising costs, your school board has done its best to make a reasonable budget. The district is fortunate in receiving a substantial increase in Foundation Aid and for the first time benefit from 'Incentive Aid' for becoming an AREA school. These increases have made a balanced budget possible.

It is expected there will be some curriculum changes in the high school next year. Our Latin teacher is retiring and this course will be replaced by adding Spanish. Provisions have been made if enough Latin students wish to continue one more year they may do so. To meet state recommendations we will add more guidance and more time for a trained person in the library. Some areas in science will be upgraded and it is intended to have an added staff member in mathematics and guidance.

I am sure many people are excited about the success of our Varsity high school athletic teams during the past year. The players and their coaches are certainly a credit to our town. The baseball team

played in the finals for the State Championship in their division, our football team won the Division IV football championship and at present the boys basketball team will be in the state basketball tourney. The high school girls' basketball team have been in a class by themselves. They have gone undefeated in three seasons of competition. The cheerleaders should not be forgotten. They too are in a class by themselves. We can rightfully be proud of our young people who represent the school. Our representatives have been ladies and gentlemen wherever they have gone. We cannot always expect to be as successful but these young people and the school deserve your support.

This has been a busy, fruitful year for the district. I am sure there are many more in the future.

Respectfully submitted,

M. WAYNE BOWIE, Superintendent

## EXPLANATION OF SUPERINTENDENT'S SALARY

---

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the superintendent of schools as per the following quotation: "Reports. Each superintendent of a supervisory union shall annually prepare a report of the total salary paid to the superintendent showing in detail the amount paid by the state and each local school district, and their share of same. Said report shall be filed with the school board of each school district involved and shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrator, if any is in service in the union."

One half of the supervisory union expenses is pro-rated among the several school districts of the union on the basis of adjusted valuation. One half is pro-rated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of eleven thousand dollars (\$11,000.) which was received by the Superintendent of Schools of Supervisory Union No. 48 during the 1966-67 school year was made up as follows: \$5000. paid by the State of New Hampshire and \$6000. pro-rated among the several school districts which comprise the union. Allowances of \$1300. for travel within the union was also pro-rated as stated above.

	Salary	Travel
Campton	\$1,080.00	234.00
Plymouth	2,940.00	637.00
Rumney	822.00	178.10

## Principal's Annual Report

---

I hereby submit my sixteenth annual report as Principal of Plymouth High School.

Our staff has had ten new members this year: Mr. Raduazo has replaced Mr. McCloud; Mrs. Place replaced Mrs. Gifford; Mr. Olson replaced Mr. Dutton; Mr. O'Brien replaced Mr. Barlow; Miss Demarini replaced Mrs. Van Vliet; Mr. Ross replaced Mr. Faust, and Mr. Vacca was a new addition to the staff. We were very fortunate in being able to obtain replacements that have the promise and experience to help us in our school system.

The students and the staff are enthusiastic about the concept of the Area School and with the plan to have the new building ready for occupancy by 1970. A number of people are devoting many hours working on the project,

Special note should be made of our football team that won the State Division IV Championship; our girls' basketball team that has not lost a game, and our boys' basketball team that is assured of an invitation to the State Tournament. Also we must remember that our 1967 baseball team won the Central League Championship and was defeated in the State Tournament by Pinkerton, the champion.

Congratulations to all the players and coaches for a very successful year!

The estimated enrollment figures for the school year 1968-69, as of February 1, 1968 are as follows:

Class of 1969	116
Class of 1970	132
Class of 1971	112
Class of 1972	125

## NON-GRADED SCHOOL

---

The organization of your elementary school is now in its third year of change from the old graded system, kindergarten through the old fourth grade.

We, the faculty, through our reading, research and study of how a child learns, feel that by adoption of this system of continual evaluation and testing can then place the child according to his needs. This will greater serve the educational goals of this child than the graded system.

It is the philosophy of your elementary school faculty to attempt to meet and fulfill the needs of each individual child. The organization of the levels is just one way of accomplishing this goal.

We are interested and concerned with each child that attends the Plymouth Elementary School.

W. MALCOLM BOWNES, Principal

## REPORT OF SCHOOL NURSE

The following is the report of the Plymouth school health program for 1967.

Dr. F. D. McIver, school physician, completed physical examinations on 328 pupils, including 21 pre-school children. Dr. McIver administered and read the intra-dermal tuberculin test for a total of 292 children. At the beginning of the present school year, he tested 45 kindergarten children for amblyopia.

On registration day in April, Mrs. Herberta Stark, R.D.H. of the N. H. Bureau of Dental Public Health, completed dental examinations for 21 pre-school children. Mrs. Alice Fogg assisted on this day.

Tuberculin test programs were held in February and December of 1967, sponsored by the N. H. Tuberculosis & Health Association. In February, volunteer assistance was given by Mrs. Elsie Letendre, Mrs. Janet McCormack, and Mrs. Meredith Sherman R.N.; in December by Mrs. Anne Webster, R.N.

During 1967 the following contributions were made to the health program:

The Business & Professional Women's Club of Plymouth made a special contribution to the dental clinic; Crippled Children's Services, authorized Speech evaluation for one child at the Hitchcock Clinic; the Home-Schools Association voted to contribute to the Matching Fund Dental Health Program for 1967-68; the Lindsay Fund (administered by ARC) provided three dental appointments for high school students; the Plymouth Lions Club provided new glasses for three pupils and an eye examination for one child.

In addition to her work on registration day, Mrs. Herberta Stark conducted a program on dental health for the elementary grades.
