Town of RAYMOND NEW HAMPSHIRE 1990 ANNUAL REPORT

IN MEMORIAM

The 1990 Annual Report for the Town of Raymond is hereby dedicated to the memory of Frederick (Ted) S. Welch, and Hughin D. Holt.

The combined record of commitment and service of these individuals to the community over the last forty years is profound. It is with pride and gratitude that we dedicate this 1990 annual report of the Town of Raymond to their memories as recognition of their everlasting contributions to the town and as assurance of their place in the heritage of Raymond.

FREDERICK (TED) S. WELCH

Influenced by family tradition in his early years, Ted's lifetime was devoted to serving the people of Raymond. Though the business of transporting generations of school children occupied much of his daily life for over forty years, Ted still found time to take an active role in the community.

The list is endless—a founding member of the Raymond Ambulance Association, Deputy Fire Warden and member of Raymond Volunteer Fire Department, a three-term member of the Recreation Commission, Commander of American Legion Post, organizer of Memorial Day patriotic exercises for nearly twenty years, member of town's and nation's 200th celebration committees, co-chairman of town's 225th celebration committee and honorary parade marshal, and a co-founder and organizer of the Annual Town Fair.

This record of public service is significant and serves as an indication of his love for Raymond and its people which he showed not only publicly, but privately in his day-to-day dealings with individuals of the community.

HUGHIN D. HOLT

Involvement in his community was a way of life for Hughin. An educator (and coach) by profession, he was one of a few volunteers who operated a summer youth recreation program for several years when Raymond was still considered a small town. It was through this effort that he advocated for a town Recreation Commission and a school/community agreement for the cooperative use of school and town facilities. Without question, Hughin's greatest contribution was the creation and implementation to completion of an exemplary outdoor recreation facility for the community, which today bears his name.

His record of public service was not without controversy and his opinions not always popular. But while most of us were content with the way things were, Hughin dared to dream of what could be.

1990 REPORT OF THE CHAIRMAN OF THE BOARD OF SELECTMEN

TO THE CITIZENS OF RAYMOND:

In a continuing effort to focus attention on the long-range needs of the town, the Board of Selectmen has adopted the following priorities for 1991:

1. To propose a 1991 budget that will not increase the municipal portion of the tax rate.

The municipal portion of the budget being proposed by the Board of Selectmen in March of 1991 reflects the board's commitment to absorb the first year principal and interest payment of the new safety complex without increasing the tax rate. Honoring this commitment has not been easy. In the past year, we have seen economic conditions deteriorate dramatically from the mid 1980's, resulting in decreased revenue not only at the municipal level, but at the state level as well. Although fortunate to have added some large commercial properties to our tax base in the last year, from all appearances growth will be leveling off in 1991 and the forecast at this time does not appear promising for 1991. The goal of keeping the municipal portion of the tax rate constant has been accomplished through the diligent efforts of our Town Manager, and with the cooperation of all town departments, boards, and commissions.

2. To reach a solution to the town's solid waste problem.

Perhaps the issue having the greatest impact on the town is our solid waste problem. The past two years has seen the Solid Waste Committee and the Recycling Committee investigating possible solutions and attempting to address the issues in an ever-changing scene. The town's present contract with Waste Management ends in August of 1991, and it appears on the basis of proposals received in September of 1990, that the town will enter into another contract for curbside collection and disposal. The town has also begun a voluntary recycling program with monies received from a state grant and volunteer manpower.

Town officials for the past several months have been watching with interest, the possible establishment of a private waste disposal and recycling center in the Town of Raymond by CKS Management & Development Company. The location of this facility would provide an immediate and long-term solution of the town's disposal of solid waste and septage in a manner consistent with current environmental technology.

Negotiations with CKS for a "host community" benefit package are on-going, and the project expects to move forward during 1991 pending the permitting process through appropriate state agencies.

3. To determine disposition of old fire/police station.

With the completion of the new safety complex in December of 1990, attention is now focused on the disposition of the old fire station. Sensing that a broader perspective should discuss this issue, the Board of Selectmen appointed an ad-hoc committee consisting of representatives from the Raymond Volunteer Firemen's Association, the Raymond Planning Board, the Capital Improvements Committee, and the Raymond Historical Society to assist them in this venture. The committee has begun its work, and will make its recommendations to the Board of Selectmen November 1, 1991.

4. To investigate the possibility of water line construction on Essex Drive and determine the feasibility of federal funding to accomplish this.

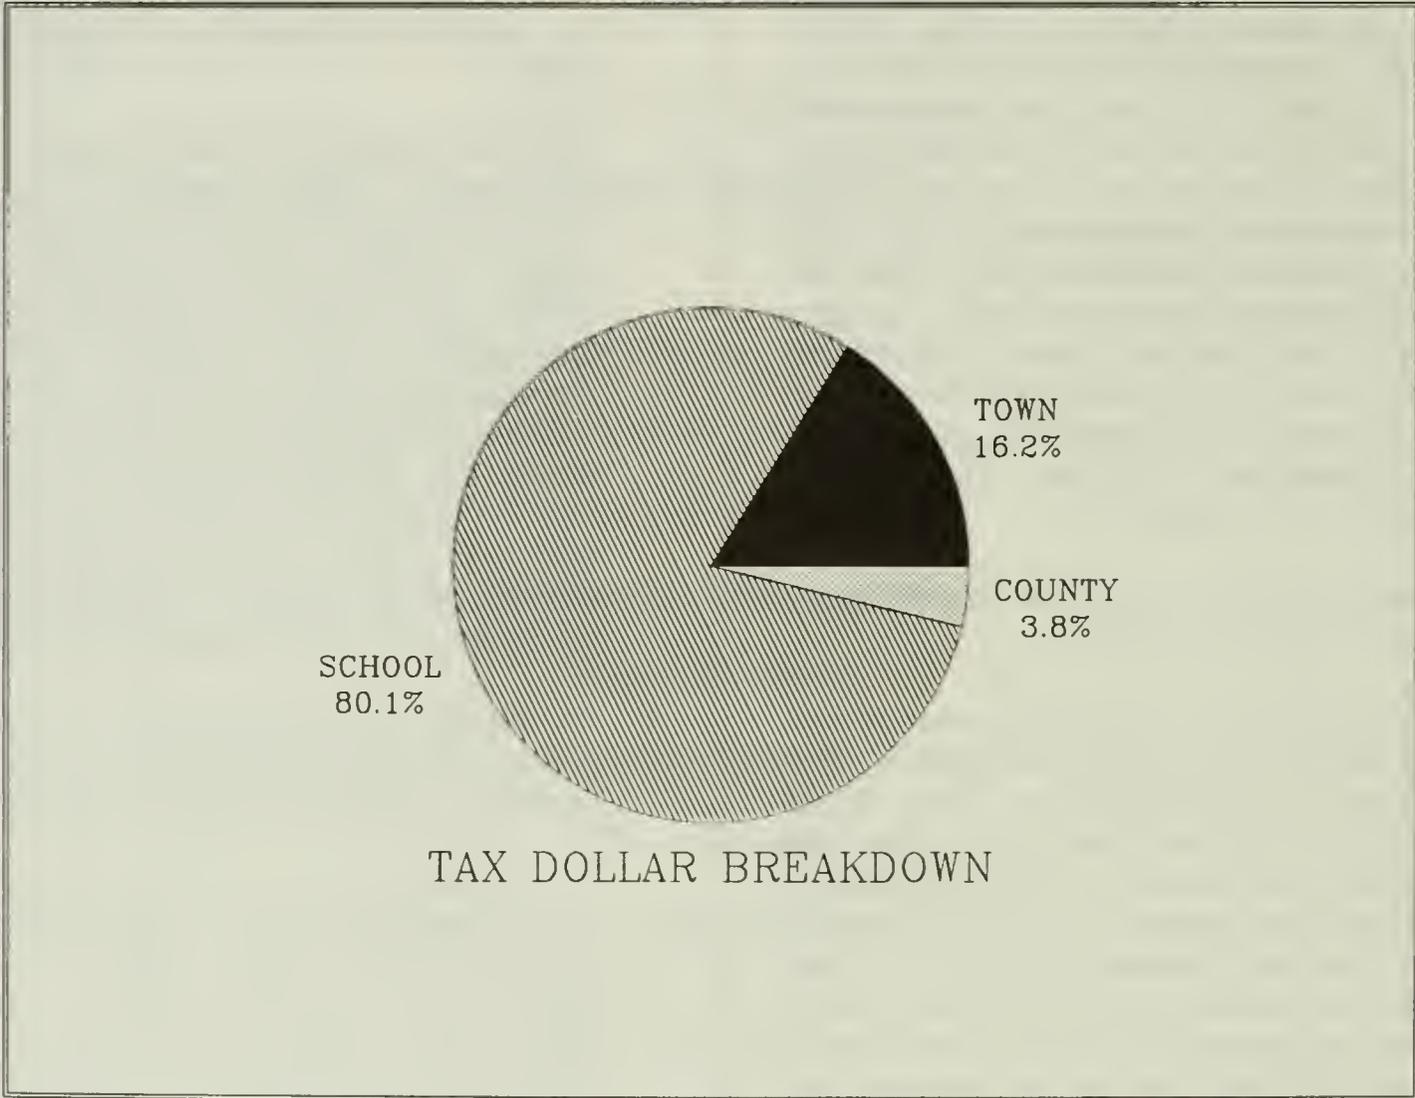

At the present time, work has been completed on the income survey of area residents to determine if this project could be eligible for community block grant funding. The entire Essex Drive is an area with a high ground water table which could cause a potential problem for wells in this residential neighborhood.

5. To revitalize the downtown area.

With commercial development taking shape along Routes 102 and 27, the downtown area continues to house small businesses, restaurants, and multi-family dwellings. In an effort to revitalize this area, the Town Manager in cooperation with the Southern New Hampshire Planning Commission staff, has prepared a grant request for monies for this project. Although much of the downtown area has been targeted for some type of improvement, this would take place over a period of years. Six properties have been earmarked for improvement, along with sidewalk reconstruction and new fencing for the town common in Phase I of the project.

The Board of Selectmen extends its appreciation to the Town Manager, and all town officers and employees for their continued good work and dedication. Our thanks, too, to the several citizens who comprise our boards, committees, and commissions for their valuable involvement and contributions. The year 1991 will perhaps not be the best of times and new and varied challenges must be met, however, with the continued cooperation of all, we are confident that the best interests of our townspeople will continue to be served.

Sally L. Paradis, Chairman
Board of Selectmen

TOWN MANAGER 1990 ANNUAL REPORT

As the taxpayers well know, the Board of Selectmen have made it a priority to keep taxes at the same rate in 1991 as they did in 1990. To achieve this goal, we are reviewing every aspect of town services to determine if a broad range and/or majority of residents are benefitting from a specific town service or just a select few. In the event the Board determines a select few are being offered a service at the expense of the majority, a fee structure may be established to equalize the burden.

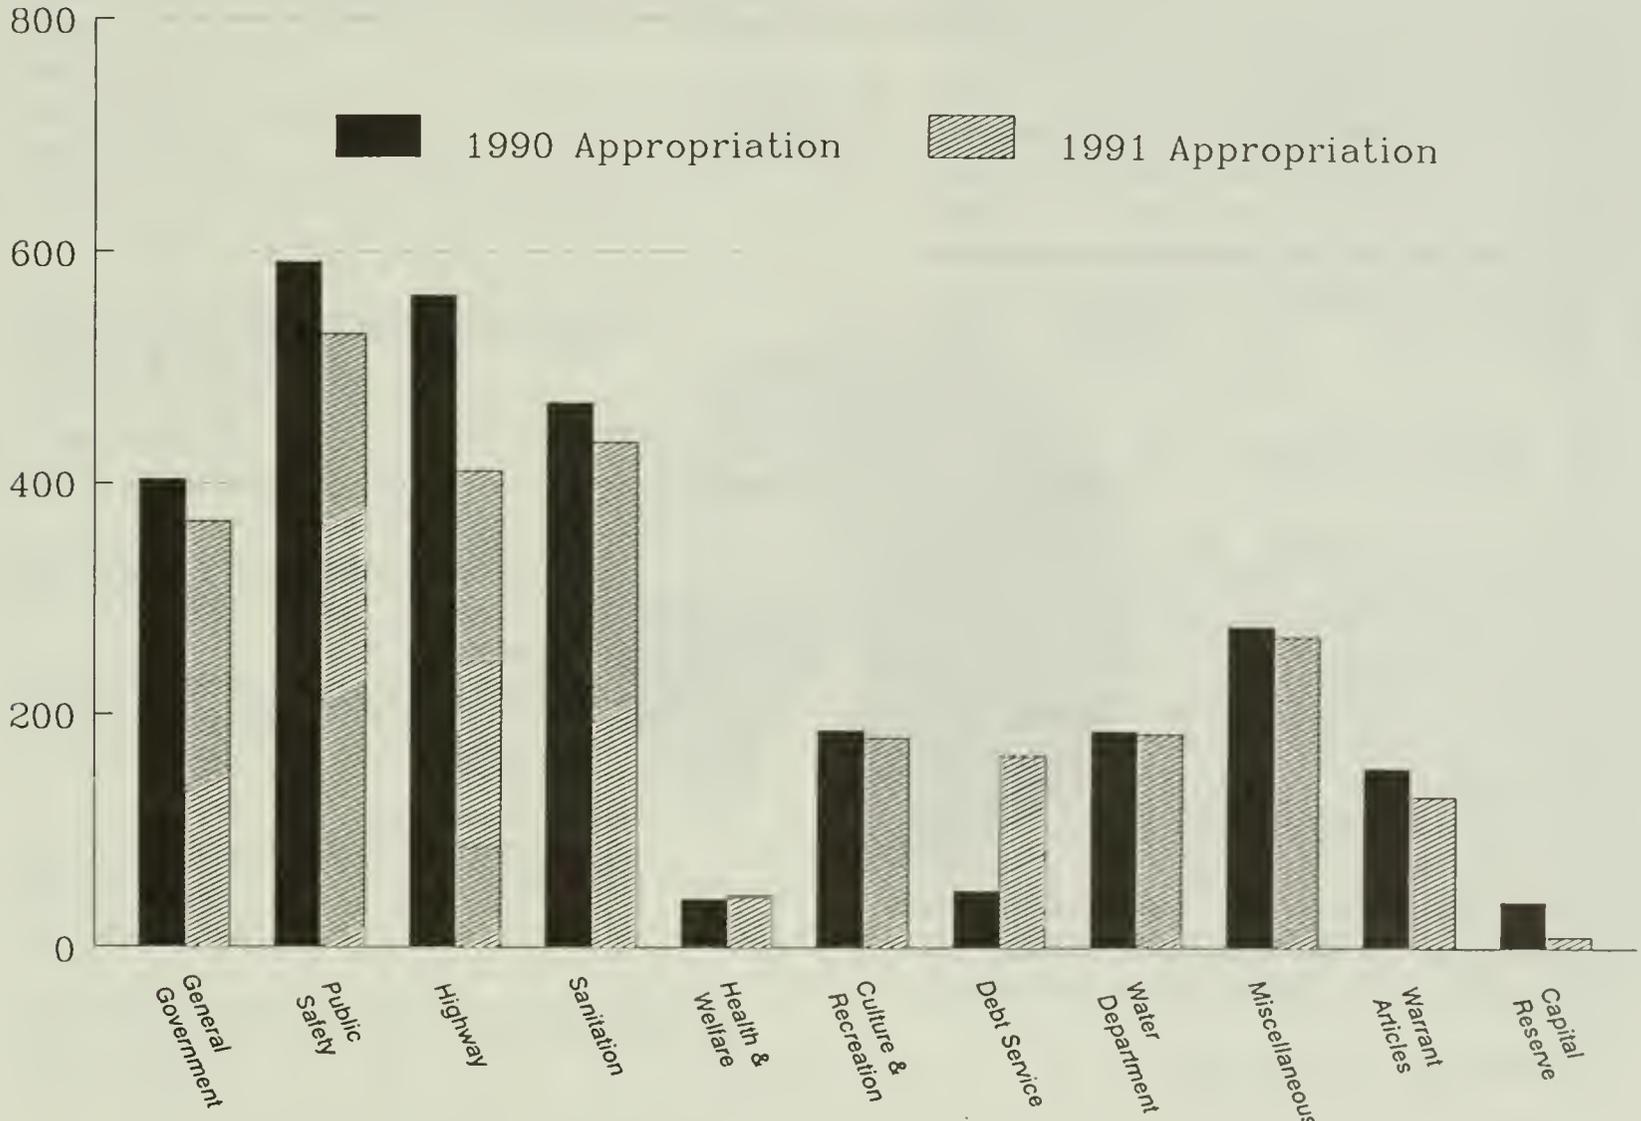

In addition, the Town has been actively seeking a tenant for the Prescott Farms building as well as quality development for the industrial and commercial zoned land to add to the tax and employment base. We are currently working closely with two ongoing projects we expect will insure a favorable tax rate picture in the future. This, of course, relies heavily on town, school, and county leaders planning ahead efficiently.

This year the Town has applied for over \$350,000 in grant monies to revitalize the downtown area which we expect will help the local economy. We are grateful for the Town residents support and understanding as we work within our budget limitations in these trying economic times.

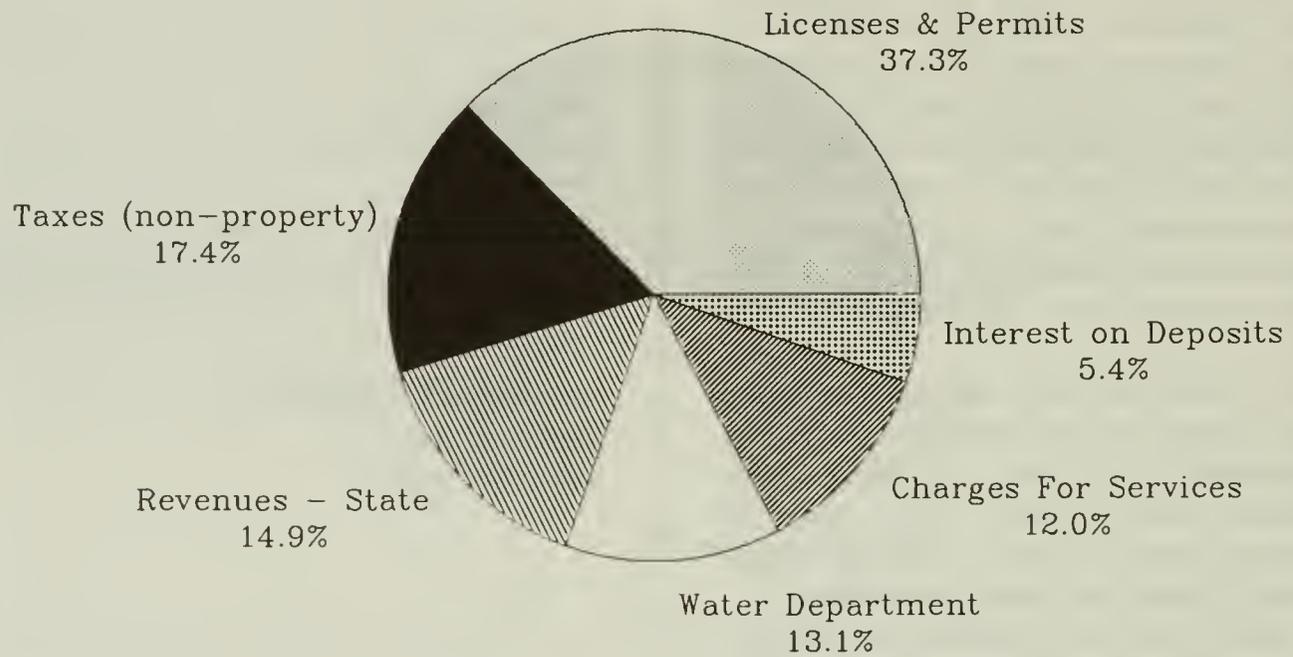

Following are charts representing 1990 vs. 1991 expenditure comparisons, 1990 revenues and 1990 expenditures.

Respectfully submitted,
Martha St. Amand

OFFICIAL TOWN ELECTION

MARCH 13, 1990

The Town of Raymond election was held in the Iber H. Gove Middle School Gymnasium on Tuesday, March 13, 1990. Moderator Gordon Snyder, Esquire read the Town of Raymond warrant and the Raymond School District warrant. Prior to the opening of the polls a prayer was offered by Neil Iverson and the flag of the United States was saluted: the Moderator swore in the ballot clerks and inspected and locked all ballot boxes. The ballot clerks were announced as follows: Nancy Ladd, Alice Wall, Marilyn Semple, Delmar Anderson, Joan King, Sandra Mulholland, Elaine Clark and Frederic Bell. The polls were declared open at 10:02 a.m.

The Moderator had read the petition on Article #4 and he explained that this would require a 2/3 vote on this article.

The Moderator declared the polls closed at 7:08 p.m.

Total number of registered voters on the checklist was	4,781
Total regular votes	1,122
Total absentee votes	17

ZONING AMENDMENTS ARE AS FOLLOWS:

ARTICLE #2:

To see if the Town will vote to amend Article III C.1 of the Town Zoning Ordinance by including in the Commercial Zone established by Article III C.1 the property located on the westerly side of Nottingham Road, NH, Route 156, just north of NH Route 27, more particularly described as Tax Map 18, Lot 15 on the Town of Raymond Tax Maps. Submitted by 25 or more registered voters. The Planning Board recommends a YES vote.

ARTICLE #2 YES 691 / NO 266

ARTICLE #3:

This petition is a request to amend Article III of the Town of Raymond Planning Zoning Regulations to include Map 5, Lot 50 Old Manchester Road as part of the C.1 Commercial Zone. Location of this property is on the Westerly side of Old Manchester Road bordered on the East by Old Manchester Road on the South by formerly Pike Industries now Town of Raymond, on the West by formerly MacLellan Concrete Co., Inc., J.G. now thought to be Midway Excavators, on the North by M. Greenwood and the Boston and Maine Railroad. Submitted by 25 or

more registered voters. The Planning Board recommends a YES vote.

ARTICLE #3 YES 687 / NO 278

ARTICLE #4:

To see if the Town will vote to amend Article 3 Zone C.1 Commercial of the Town Zoning Ordinance by including in the Commercial Zone established by Article 3 Zone C.1 Commercial the property located on the easterly side of Main St., just south of Moulton St., more particularly described as Tax Map 25 Lot 30A on the Town of Raymond Tax Maps. This property has been used as Commercial property off and on for the past 100 years and is presently known as What's Your Occasion for the past nine years. Submitted by 25 or more registered voters. The Planning Board recommends a NO vote.

ARTICLE #4 YES 692 / NO 382

*This article had a petition filed for a 2/3 vote: In order for this article to pass, 716 votes were needed.

ARTICLE #5:

This petition is a request to amend Article III of the Town of Raymond planning and zoning regulations to include Map 5, Lot #49, Old Manchester Road, as part of the C1 commercial zone. Location of this property is on the westerly side of Old Manchester Road. Abutters are Boston & Maine Railroad and Alfred & June Roy. Submitted by 25 or more registered voters. The Planning Board recommends a YES vote.

ARTICLE #5 YES 650 / NO 285

ARTICLE #6:

Are you in favor of amending the Article VII, procedure and enforcement of the Raymond Zoning Ordinance, by requiring that for all proposed rezoning changes subject to the provisions of RSA 675:4, method of enactment by petition, that notice shall be given to all abutters within 100 feet of the affected parcel via certified mail no less than 10 days prior to the public hearing referenced in RSA 674:4 II. Cost for such notice shall be borne by the applicant. Records to be used in determining the list of abutters shall be official tax maps and official tax records. The applicant is responsible for ensuring that the list of abutters is complete and accurate. Submitted by 25 or more registered voters. The Planning Board recommends a NO vote.

ARTICLE #6 YES 346 / NO 577

ARTICLE #7:

To see if the Town will vote to enact the following amendments to the Zoning Ordinance as proposed by the Raymond Planning Board:

Amendment No. 1:

*Are you in favor of the adoption of Amendment #1 proposed by the Planning Board for the Town Zoning Ordinance as follows:

To add the revised definitions to ARTICLE II - DEFINITIONS.*

AMENDMENT #1 YES 466 / NO 329

Amendment No. 2:

*Are you in favor of the adoption of Amendment #2 proposed by the Planning Board for the Town Zoning Ordinance as follows:

To add to ARTICLE IV Allowed Uses as follows:

Zone A Residential-Dwelling-Two Family Unit, Day Care Family Home.

Zone B Residential/Agricultural-Dwelling-Two Family Unit, Agricultural, Day Care Family Home.

Zone C.2 Commercial Residential-Day Care Center and Nursery School.

Zone D Industrial-Excavation and Soil Removal.*

AMENDMENT #2 YES 487 / NO 361

Amendment No. 3:

*Are you in favor of the adoption of Amendment #3 proposed by the Planning Board for the Town Zoning Ordinance as follows:

To add to ARTICLE IV Allowed Uses by Special Exception as follows:

Zone A Residential-Day Care Center

Zone B Residential/Agricultural-Day Care Center

Zone D Industrial-Recycling facility; processing center*

AMENDMENT #3 YES 502 / NO 353

Amendment No. 4:

*Are you in favor of the adoption of Amendment #4 proposed by the Planning Board for the Town Zoning Ordinance as follows:

To add the following to Article V-Area & Dimensional Requirements Section 6. The minimum lot size for a Dwelling-Two Family Unit in ZONE A shall be 45,000 square feet. The minimum lot size for a Dwelling-Two Family Unit in ZONE B shall be 3 acres.*

AMENDMENT #4 YES 501 / NO 366

Amendment No. 5:

"Are you in favor of the adoption of Amendment #5 proposed by the Planning Board for the Town Zoning Ordinance as follows:

To add to ARTICLE VI Section 6.4 Dwelling-Two Family Unit. A) A dwelling-two family unit shall only be located in a subdivision so designed, located and engineered to accommodate such structures. B) The minimum lot size for a Dwelling-Two Family Unit in ZONE A shall be 45,000 square feet and for a dwelling-Two Family Unit ZONE B three (3) acres. C) The Planning Board may request further investigative studies to ensure adequate protection of the residents of the subdivision and the Town. The cost of such studies shall be borne by the applicant in accordance with NHRSA 674:4 I (g)."

AMENDMENT #5 YES 507 / NO 345

Amendment No. 6:

"Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

To replace the language regarding Zone G area requirements in ARTICLE V Area and Dimensional Requirements with the following: A lot with more than 50% of its acreage in Zone G, shall have at least 40,000 square feet of contiguous non-zone G land for building purposes."

AMENDMENT #6 YES 462 / NO 346

Amendment No. 7:

"Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

To delete the word HOLD and replace it with the word SCHEDULE in Article VIII Board of Adjustment to read as follows: The Board of Adjustment will schedule a hearing on the application for a Special Exception within 30 days of receiving it."

AMENDMENT #7 YES 567 / NO 278

Amendment No. 8:

"Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

To see if the Town will vote to edit, recodify, and adopt, without substantive changes, the recodification of the Code of the Town of Raymond, those portions of said Code dealing with zoning, planning, building and other subjects for which a Ballot Warrant Article is required, as published by General Code Publishers Corporation, dated March 1990."

AMENDMENT #8 YES 511 / NO 310

The Moderator Gordon Snyder, Esquire announced the results of the election and the results of the zoning amendments. The ballot boxes were sealed at 10:35 p.m.

A true record attest:
Gloria E. Carney
Town Clerk/Tax Collector

MARCH 26, 1990 - RECOUNT

A recount of Article #4 was held at 7:30 p.m. during the selectmen's meeting. Present were Selectmen Sally Paradis, Michael Quintal, Franklin Bishop, Russell Ege, and Roberta Johnson, Moderator Gordon Snyder, Town Clerk Gloria Carney and members of the public.

Moderator Gordon Snyder announced the recount as follows:

YES 701
NO 383
Total Vote 1,084

723 votes were needed for the 2/3 vote to pass in the affirmative.

A true record attest:
Gloria E. Carney
Town Clerk/Tax Collector

ANNUAL TOWN MEETING

MARCH 17, 1990

The annual Town Meeting of Raymond, N.H., was called to order at 10:05 a.m. at the Iber H. Gove Middle School Gymnasium by Moderator Gordon Snyder. The Reverend Neil Iverson offered a prayer and the flag of the United States was saluted. The ballot boxes were inspected and locked. The Ballot Clerks and the Assistant Moderator pro tem, Thomas Ahearn were sworn in by the Moderator.

The Moderator announced the Ballot Clerks for the meeting as follows: Joyce Bishop, Pauline Gordon, Sandra Ellis, Alice Wall, Judith Frontierro, Joan King, Phyllis Harmon, and Assunta Ege. Supervisors of the Checklist Marion Lovejoy, Robert Forsing, and Patricia Forsing were present. The Moderator read the results of the Tuesday, March 13, 1990, Town and School District election results and the results of the Zoning Articles.

He announced that a blue voting card with the letter "K" would be used for voting and identification purposes for speaking at the meeting. The Moderator announced that the procedure would be informal and that no smoking would be allowed in the building.

ARTICLE 1

*To see if the Town will appropriate Seven Hundred Ninety Thousand (\$790,000) Dollars or any other sum for the construction of a Safety Complex consisting of Police, Fire, Ambulance and related facilities; and for purchasing equipment and furnishings of a lasting character in connection therewith; to determine whether this appropriation shall be raised by borrowing or otherwise; or to take any action relative thereto. The sum to be raised may be reduced by the amount of funds from grants-in-aid or other funds as may now or hereafter be forthcoming from Federal, State, local or private agencies that would benefit the town. **RECOMMENDED BY THE BUDGET COMMITTEE.***

Franklin Bishop moved that the sum of Seven Hundred Ninety Thousand (\$790,000) Dollars is appropriated for the construction of a Safety Complex, consisting of police, fire, ambulance, and related facilities; and for purchasing equipment and furnishings of a lasting character in connection

therewith; that to raise this appropriation the Selectmen are authorized to borrow Seven Hundred Ninety Thousand Dollars (\$790,000) under the Municipal Finance Act; and that the Selectmen are authorized to contract for and accept any Federal and State aid available for this project and to take all other action necessary to carry out this vote. Michael Quintal seconded the motion.

A presentation was made on the proposed Safety Complex and discussion was held on the project. The polls were declared open for one hour and fifteen minutes at 11:12 a.m. Polls closed at 12:28 p.m.

**THE VOTE ON ARTICLE #1 WAS IN THE AFFIRMATIVE.
TOTAL VOTES 544 YES 374 NO 170
A ROSE COLORED BALLOT WAS USED.**

ARTICLE 2

*To see if the Town will vote to raise and appropriate the sum of Two Million Eight Hundred Three Thousand Four Hundred Sixteen (\$2,803,416.00) Dollars to defray Town charges for the year ensuing. Said sum is exclusive of Special Articles No. 1, 3, 4, 8, 9, 10, 11, 12, 13, 14, and 20. **RECOMMENDED BY THE BUDGET COMMITTEE.***

A motion was made by Harold Wood, Jr. that the Town vote to raise and appropriate the sum of Two Million Eight Hundred Three Thousand Four Hundred Sixteen (\$2,803,416.00) Dollars to defray town charges for the year ensuing. Said sum is exclusive of Special Articles No. 1, 3, 4, 8, 9, 10, 11, 12, 13, 14, and 20. Sally Paradis seconded the motion.

The budget was read by Harold Wood, Jr. A request was made for a secret ballot by seven voters. The polls were declared open for twenty-five minutes at 1:13 p.m. The polls were declared closed at 1:45 p.m.

**THE VOTE ON ARTICLE #2 WAS IN THE AFFIRMATIVE.
TOTAL VOTES 310 YES 248 NO 61 1 BLANK
A BLUE COLORED BALLOT WAS USED.**

ARTICLE 3

To see if the Town will vote to authorize the Selectmen to enter into a Lease Agreement for the purpose of leasing sanitation trucks for the Sanitation Department, and to raise and appropriate the sum of Forty Thousand (\$40,000.00) Dollars for that purpose. **RECOMMENDED BY THE BUDGET COMMITTEE.**

A motion was made by Michael Quintal that the Town vote to authorize the Selectmen to enter into a Lease Agreement for the purpose of leasing sanitation trucks for the Sanitation Department, and to raise and appropriate the sum of Forty Thousand (\$40,000.00) Dollars for that purpose. Roberta Johnson seconded the motion. A presentation was made and discussion was held. A request for a secret ballot was made by five registered voters. Time 2:40 p.m. The polls were closed at 3:10 p.m.

THE VOTE ON ARTICLE #3 WAS IN THE NEGATIVE.

**TOTAL VOTE 261 YES 104 NO 157
A GREEN COLORED BALLOT WAS USED.**

ARTICLE 4

To see if the Town will vote to raise and appropriate Twenty Thousand (\$20,000.00) Dollars for the purchase of recycling equipment. (Ten Thousand (\$10,000.00) Dollars of this sum will be reimbursed to the Town by the State pending grant application approval.) **RECOMMENDED BY THE BUDGET COMMITTEE.**

A motion was made by Michael Quintal that the Town vote to raise and appropriate Twenty Thousand (\$20,000.00) Dollars for the purchase of recycling equipment. (Ten Thousand (\$10,000.00) Dollars of this sum will be reimbursed to the Town by the State pending grant application approval.) James Demeritt seconded the motion.

THE VOTE ON ARTICLE #4 WAS IN THE AFFIRMATIVE.

ARTICLE 5

To see if the Town will vote to authorize the Board of Selectmen to apply for, accept, and expend, pursuant to RSA 31:95b, without further action by the town meeting, money from the state, federal, or other governmental unit, or a private source, which

becomes available during the year, provided the monies be used only for legal purposes for which a town may appropriate money; and that the expenditure not require expenditure of other town funds. Further, that the Selectmen will hold a public hearing on the action to be taken.

A motion was made by Roberta Johnson that the Town vote to authorize the Board of Selectmen to apply for, accept, and expend, pursuant to RSA 31:95b, without further action by the town meeting, money from the state, federal, or other governmental unit, or a private source which becomes available during the year, provided the monies be used only for legal purposes for which a town may appropriate money; and that the expenditure not require expenditure of other town funds. Further, that the Selectmen will hold a public hearing on the action to be taken. Sally Paradis seconded the motion.

THE VOTE ON ARTICLE #5 WAS IN THE AFFIRMATIVE.

ARTICLE 6

To see if the Town will vote to authorize the Selectmen under the provisions of RSA 33:7 to borrow in anticipation of taxes, such sums as are necessary for the operation of the Town, and to set the rates, effect the issuance of notes, and to otherwise negotiate for the sale of notes to be paid within the present fiscal year.

A motion was made by Franklin Bishop that the Town vote to authorize the Selectmen under the provisions of RSA 33:7 to borrow in anticipation of taxes such sums as are necessary for the operation of the Town, and to set the rates, effect the issuance of notes, and to otherwise negotiate for the sale of notes to be paid within the present fiscal year. Russell Ege seconded the motion.

THE VOTE ON ARTICLE #6 WAS IN THE AFFIRMATIVE.

ARTICLE 7

To see if the Town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the town by tax collector's deed by public auction (or advertised sealed bid) or in such other manner, as determined by the Selectmen as justice may require.

A motion was made by Sally Paradis that the Town vote to authorize the Selectmen to transfer tax liens and convey property acquired by the town by tax collector's deed by public auction (or advertised bid) or in such other manner, as determined by the Selectmen as justice may require. Michael Quintal seconded the motion.

THE VOTE ON ARTICLE #7 WAS IN THE AFFIRMATIVE.

ARTICLE 8

By request of the Trustees of Trust Funds: To see if the Town will vote to accept any and all additions to existing trust funds made during fiscal year 1989.

A motion was made by Russell Ege that the Town vote to accept any and all additions to existing trust funds made during fiscal year 1989. Roberta Johnson seconded the motion.

THE VOTE ON ARTICLE #8 WAS IN THE AFFIRMATIVE.

ARTICLE 9

*To see if the Town will vote to create an expendable General Trust Fund under the provisions of RSA 31:19-a, to be known as the Water Tower Maintenance Fund, for the purpose of repairing and maintaining the Town Water Towers, and to raise and appropriate the sum of Thirty-nine Thousand Six Hundred Ninety (\$39,690.00) Dollars towards this purpose; and furthermore to designate the Board of Selectmen as agents to expend. **RECOMMENDED BY THE BUDGET COMMITTEE.***

A motion was made by Michael Quintal that the Town vote to create an expendable General Trust Fund under the provisions of RSA 31:19-a, to be known as the Water Tower Maintenance Fund, for the purpose of repairing and maintaining the Town Water Towers and to raise and appropriate the sum of Thirty-Nine Thousand Six Hundred Ninety (\$39,690.00) Dollars towards this purpose; and furthermore to designate the Board of Selectmen as agents to expend. Franklin Bishop seconded the motion.

THE VOTE ON ARTICLE #9 WAS IN THE AFFIRMATIVE.

ARTICLE 10

To see if the Town will vote to raise and appropriate the sum of Fifty-four Thousand Nine Hundred Thirty (\$54,930.00) Dollars in support of the following Social Service Agencies:

Seacoast Mental Health	\$2,500.00
Rockingham County Community Action	\$16,770.00
Lamprey Health Care	\$5,800.00
Area Homemaker Health Aide Service	\$4,500.00

A motion was made by Martha St. Amand to pass over Article #15. Daniel Roy seconded the motion.

THE VOTE TO PASS OVER ARTICLE #15 WAS IN THE AFFIRMATIVE.

ARTICLE 16

To see if the Town will vote to change under the new law passed the veteran's tax exemption from Fifty (\$50.00) Dollars to One Hundred (\$100.00) Dollars and in the case of 100% disabled veterans from Seven Hundred (\$700.00) Dollars to One Thousand Four Hundred (\$1,400.00) Dollars. (By petition)

A motion was made by Oliver Fugere to amend Article #16. Franklin Bishop seconded.

THE VOTE TO AMEND ARTICLE #16 WAS IN THE AFFIRMATIVE.

Town Manager Martha St. Amand explained that the Department of Revenue Administration of the State of New Hampshire had advised her that the petition article was not legally worded. Article #17 and 18 were placed in the Warrant of the Town Meeting to correct this, however, they were not petitioned articles. She explained that Article #16 would have to be amended to be legally correct and that Articles #16, 17, and 18 would all have to be voted on by ballot.

Mr. Fugere indicated that it was the intent of the petitioner's to have their article written in the same manner as Articles #17 and 18.

Town Attorney, Mr. Tucker, indicated that if this was what the Department of Revenue required that it was necessary to do it in this manner. He indicated that all three articles 16, 17 and 18 could all be voted on at the same time.

Oliver Fugere moved that we adopt the provisions of RSA 72:28, V and VI for an optional veteran's exemption and an expanded qualifying war service for veterans seeking the exemption. The optional veteran's exemption is One Hundred (\$100.00) Dollars rather than Fifty (\$50.00) Dollars, furthermore, that we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service connected disability. The optional disability exemption is One Thousand Four Hundred (\$1,400.00) Dollars, rather than Seven Hundred (\$700.00) Dollars.

Franklin Bishop seconded the amended Article #16.

ARTICLE 17

Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service connected disability? The option disability exemption is One Thousand Four Hundred (\$1,400.00) Dollars, rather than Seven Hundred (\$700.00) Dollars.

A motion was made by Martha St. Amand that we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service connected disability. The optional disability exemption is One Thousand Four Hundred (\$1,400.00) Dollars, rather than Seven Hundred (\$700.00) Dollars. Gloria Carney seconded the motion. (This will not involve any monetary value.)

ARTICLE 18

Shall we adopt the provisions of RSA 72:28, V and VI for an optional veteran's exemption and an expanded qualifying war service for veterans seeking the exemption? The optional veteran's exemption is One Hundred (\$100.00) Dollars rather than Fifty (\$50.00) Dollars.

A motion was made by Franklin Bishop that we adopt the provisions of RSA 72:28, V and VI for an

optional veteran's exemption and an expanded qualifying war service for veterans seeking the exemption. The optional veteran's exemption is One Hundred (\$100.00) Dollars rather than Fifty (\$50.00) Dollars. Gloria Carney seconded the motion. (This will not involve any monetary value.)

The Moderator declared the polls would be open for twenty-five (25) minutes. Time 4:54 p.m. The polls were closed at 5:19 p.m.

THE VOTE ON THE AMENDED ARTICLE #16 WAS IN THE AFFIRMATIVE.

**TOTAL VOTE 205 YES 162 NO 43

THE VOTE ON ARTICLE #18 WAS IN THE AFFIRMATIVE.

**TOTAL VOTE 205 YES 163 NO 42
A PINK BALLOT WAS USED.**

ARTICLE 19

To see if the Town will vote to create a Special Conservation Fund pursuant to RSA 36-A:5 to receive and expend money from federal and state grants which may become available annually, in accordance with RSA 31, Sec. 95-b; and also to accept and/or expend money from any other governmental units or private sources requiring that such sums be used for conservation lands for which a town may legally appropriate money; and to include, but not to be limited to an annual appropriation of five (5) percent of the funds generated by the Land Use Change Tax, monies provided by the Land and Water Conservation Fund, Office of Coastal Zone Management, Environmental Protection Agency, and the New Hampshire Land Conservation Investment Program; and to authorize the Conservation Commission to be the agents of said fund.

A motion was made by Kathleen Stockley to accept Article #19 as printed. The motion was seconded by Sally Paradis.

THE VOTE ON ARTICLE #19 WAS IN THE AFFIRMATIVE.

ARTICLE 20

To see if the Town will vote to authorize the appointment of Seven (7) members and seven (7) alternate members to the Conservation Commission in accordance with the maximum voting membership allowed by RSA 36-A.

A motion was made by Kathleen Stockley to accept Article #20 as printed. The motion was seconded by Franklin Bishop.

THE VOTE ON ARTICLE #20 WAS IN THE AFFIRMATIVE.

ARTICLE 21

To see if the Town will vote to authorize the Conservation Commission to retain the unexpended balance of its annual appropriations, said funds to be placed in a special conservation fund as authorized by RSA 36-A: 5 i.

A motion was made by Kathleen Stockley to accept Article #21 as printed. The motion was seconded by James Demeritt.

THE VOTE ON ARTICLE #21 WAS IN THE AFFIRMATIVE.

ARTICLE 22

**Are you in favor of amending Article #23 of the 1984 Town Meeting to read 'No person shall distribute at the polling place any campaign material in the form of a card, handbill, picture, or circular, which is intended to influence the action of the voter: (a) Within the building where the election is being held or (b) Within a radius of 150 feet of the building entrance door of the building where the election is being held.*

(The only change being made is to eliminate the wording "who is a candidate for office or who is representing or working for a candidate.") (By Petition)

A motion was made by Donna Janson to see if you are in favor of amending Article #23 of the 1984 Town Meeting to read "No person shall distribute at the polling place any material in the form of a card, handbill, picture or circular, which is intended to influence the action of the voter: (a) Within the building where the election is being held or (b)

Within a radius of 150 feet of the building entrance door of the building where the election is being held. The motion was seconded by Robert Carlberg.

Much discussion was held with several amendments proposed but not moved. Town Attorney Tucker cautioned that both Article #22 and Article #23 could cause legal problems for the Town if passed.

Andrew Sylvia moved to table Article #22. The motion was seconded by James Demeritt.

THE MOTION TO TABLE ARTICLE #22 WAS VOTED IN THE AFFIRMATIVE.

ARTICLE 23

To see if the town will vote that no person be allowed to organize and hold any discussion about anything on the ballot within 150 feet radius of the building or entrance of the building where an election is being held. This includes all private citizens, elected officials, appointed officials and any public employee. The intent is to eliminate any possibility of influencing the action of the voters. (By petition)

A motion was made by Donna Janson to see if the Town will vote that no person be allowed to organize and hold any discussion about anything on the ballot within 150 feet radius of the building or entrance of the building where an election is being held. This includes all private citizens, elected officials, appointed officials and any public employee. The intent is to eliminate any possibility of influencing the action of the voters. The motion was seconded by Kenneth Semple.

Discussion was held on this article.

Michael Quintal moved to table Article #23. The motion was seconded by James Demeritt.

THE MOTION TO TABLE ARTICLE #23 WAS VOTED IN THE AFFIRMATIVE.

ARTICLE 24

To see if the Town will vote to edit, recodify, and adopt, without substantive changes, the recodification of the Code of the Town of Raymond, those portions dealing with the police powers of the Town, and previous ordinances adopted for which presentation to the Town meeting is required, as published by

General Code Publishers Corporation, dated March, 1990.

Martha St. Amand moved to accept Article #24 as printed. The motion was seconded by Michael Quintal.

THE VOTE ON ARTICLE #24 WAS IN THE AFFIRMATIVE.

ARTICLE 25

To see if the Town will vote to designate and proclaim April 22, 1990 as 'EARTH DAY 1990' and to set aside that day for public activities, promoting preservation of the global environment, and launching 'the decade of the environment'. (By petition)

Delmar Anderson moved to accept Article #25 as printed. The motion was seconded by James Demeritt.

THE VOTE ON ARTICLE #25 WAS IN THE AFFIRMATIVE.

ARTICLE 26

To see if the Town will vote to authorize the Selectmen to exchange a portion of a parcel of Town-owned land, that which is shown on the 'Survey and Plat of a Subdivision Prepared for Helen D. Cammett' prepared by R.S.L. Layout and Design, Inc., and dated October 18, 1989, as 'R.O.W. Land 'A' Total Area 6,841.39 S.F. 0.1571AC.' for a portion of a parcel of land owned by Helen D. Cammett and shown on the Plan referenced above as 'R.O.W. Land 'B' Total Area 6,261.95 S.F. 0.1438AC.' This exchange will take place upon satisfaction of other conditions required by the Selectmen.

Martha St. Amand moved to accept Article #26 as printed. The motion was seconded by Sally Paradis.

Town Manager, Martha St. Amand explained that this article was needed to correct action taken in 1976 when the town reconstructed the road.

Harold Wood, Jr., spoke on behalf of Helen Cammett explaining the relocation of the road and why it was necessary to take this action.

THE VOTE ON ARTICLE #26 WAS IN THE AFFIRMATIVE.

During the recess on the voting on Article #1, the Recreation Director, Richard Bates, made a presentation of a plaque to Francesca Morrissey for her years of service on the Recreation Committee.

A plaque for "Ted Welch" was presented for all the years of service on the Recreation Committee. Kip Mataragas received the plaque on behalf of the Welch family.

James Demeritt moved to adjourn the meeting. Harold Wood, Jr., seconded.

**THE MOTION TO ADJOURN THE MEETING WAS IN THE AFFIRMATIVE.

STATE PRIMARY ELECTION

SEPTEMBER 11, 1990

The State Primary Election was held in the Iber Holmes Gove Middle School Gymnasium on Tuesday, September 11, 1990. Moderator Gordon Snyder declared the polls open at 10:00 am. The Moderator administered the oath to ballot clerks Sandra Ellis, Assunta Ege, Joan King, Elaine Clark, Delmar Anderson, Alice Wall, Nancy Ladd, Frederick Bell and Sandra Mulholland. Sandra Mulholland replaced Assunta Ege at 4:00 pm. Supervisors of the checklist Marion Lovejoy, Robert Forsing and Patricia Forsing were present. Gordon Snyder offered a prayer and the flag of the United States was saluted. All the ballot boxes had been inspected prior to the opening of the polls.

The Moderator declared the polls closed at 7:10 pm.

CONSTITUTIONAL AMENDMENT

YES 1,295 NO 169

CONSTITUTIONAL AMENDMENT:

"Are you in favor of amending the Constitution by providing that all moneys received from any state-run lottery and all interest received on such moneys, after deduction of the necessary cost of administration, shall be used exclusively for the purpose of state aid to education?"

J. Chandler Newton took the oath of office as assistant moderator to replace Gordon Snyder during his absence. Town Clerk Gloria Carney administered the oath. Moderator Newton served from approximately 11:00 a.m. to 3:00 p.m. Moderator Newton processed the absentee ballots at 1:30 p.m.

The election results were announced at 10:44 p.m. The boxes containing the ballots were signed and sealed.

TOWN CLERK/TAX COLLECTOR

Your office of the Town Clerk/Tax Collector has just concluded another busy year servicing the needs of the Raymond community.

The pressing economic times that the New England area is presently going through has affected our collection of property taxes as residents strive to keep current their obligations.

As of the close of 1990, uncollected property taxes were as follows:

<u>YEAR</u>	<u>AMOUNT</u>
1988	\$117,245.00
1989	469,724.00
1990	<u>1,757,048.00</u>
Total outstanding	\$2,344,017.00

When one considers that the entire proposed operating budget for the town in 1991 is \$2,578,529.00, the concern with uncollected taxes should be evident. As you have no doubt noted,

much of our work is now being done on the new computer system, including the preparation of tax bills. The transformation of the work previously done by outside services to our in-house system has thus far gone smoothly, without any major problems.

Some changes in the fee schedules for registering motor vehicles and other clerk fees are before the legislature, in Concord, for their consideration and if passed would result in increased costs to taxpayers in 1991.

I would again like to take this opportunity to thank the community for its cooperation and support, in these trying times, and especially thank my Deputy, Doris Gagnon, and Clerk, Sharon Wall, for making your office a pleasant and helpful place.

Respectfully submitted,
 Gloria E. Carney
 Town Clerk/Tax Collector

*Please note that we did not have any outside purchasers during the year of 1990, due to the vote by the voters of the Town of Raymond regarding changing the tax sale process to the tax lien process. This occurred at the March 12, 1988 town meeting. (Article #8 YES 236 NO 9) The Selectmen adopted this process unanimously at their meeting of Monday, March 14, 1988, to be effective March 15, 1988.

Gloria E. Carney
Town Clerk/Tax Collector

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the Board
of Selectmen and Town Manager
Town of Raymond
Raymond, New Hampshire

We have audited the accompanying general purpose financial statements and the combining and individual fund financial statements of the Town of Raymond as of and for the year ended December 31, 1990, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Raymond as of December 31, 1990, and the results of its operations (and cash flows of nonexpendable trust funds) for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town as of December 31, 1990, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles.

*Plodzik & Sanderson
Professional Association*

January 25, 1991

RAYMOND AMBULANCE

As this new year progresses, the Membership of Raymond Ambulance would like to express our appreciation to the Towns people and the Raymond Fire Department for our place in the new fire complex. We now have both our ambulances parked under one roof and all our equipment and supplies are together in one area.

We have experienced some changes this year. Marianne Vanevic, one of our full time employees, is now a licensed paramedic. Having a paramedic on board has already proven itself useful in saving lives in our community.

We now offer a Preceptor program for all new members. This program helps the new members learn all aspects of our association and it covers everything from patient handling to filling out a "trip sheet".

Our organization and the community has suffered a great loss. Mr. Richard Lahr, past president and dedicated member for over fourteen years, has resigned due to personal reasons.

The membership of Raymond Ambulance would like to extend our thanks to the members of the Raymond Fire Department, Raymond Police

Department, Raymond Dispatch Center and to the area Rescue Squads, Police and Firemen of Fremont and Deerfield. All of the above mentioned men and women have been there whenever needed, day and night, rain or shine.

We would like to thank the area businesses for their moral and financial support throughout the years, and the people who send in donations, or remember us when there is a loved one lost. We hope all of you continue to support us in any way you can.

A very heartfelt thanks to our families for their never-ending supply of love and understanding. It would be very hard indeed to deal with some of the "difficult calls" without their support.

During the year 1990 we responded to 712 calls and transported 559 patients. Since the founding of our association in March 1959 our ambulance has responded to 14,903 calls.

Respectfully submitted,
Richard Audette, President

BUILDING AND HEALTH

1990 has proven to be a very unpredictable year. We have seen our new housing starts fall off significantly while our remodel and addition levels stayed nearly identical to 1989. This occurrence I am told by the Realty profession is called "Digging In" and is common with either declining or uncertain economic times. Our total number of permits issued actually rose slightly with many new garages, barns, pools and other ancillary uses being constructed.

Much time has been spent overseeing the construction of the new Safety Complex which is now nearly complete. I believe the design/build format with local construction supervision has allowed the Town the best possible value and I hope has opened a new door for future town construction projects of all types.

In preparing for the new year and after a detailed look at the economy, current levels of construction, and inspector availability, a decision was made to reduce department staffing to one person with secretarial support. I ask your support and assistance as we settle into the new office and inspector schedules. I will do my best to maintain our current level of service both to the public and other departments.

Assistant Building Inspector Bergstrom will be missed and I am sure you join me in saying thank you and wishing him all the best in his future endeavors.

Respectfully submitted,
Richard J. Mailhot
Raymond Code Enforcement Officer

CAPITAL IMPROVEMENT PROJECTS COMMITTEE

The Raymond Capital Improvement Projects (CIP) Committee has completed the annual schedule update, now for 1991 through 1996. The schedule is attached to the Raymond Master Plan and is also used in the budgeting process (available at the Town Office Building).

The report is divided into tables. Table 1, 1991 CIP Schedule, lists the scheduled projects for six years, 1991-1996, and each year's cost. Some scheduled projects are carried over from the previous schedule and others are new. Table 2, Tax Impact, Percent Growth(Decline), calculates the tax impact and compares the schedule to the trend of the previous 11 years. Table 3, Notes, provides additional explanations and project descriptions. Table 4, Schedule of Existing Debt, details the bonds outstanding. An attachment, History of Town Valuation & CIPs, is extracted from past Raymond Town Reports; this is for comparison of the current schedule to past CIP expenditures and their tax impacts.

According to the 1991 CIP Schedule, the 1991 proposed capital improvements total \$795,000. In the proposed schedule for 1992, the estimated cost of the CIP increases by \$366,000, or 46%, to \$1,161,000. From that point onward, the estimated cost of the CIP remains fairly constant within a \$30,000 range during the five year period. The scheduled projects range between a high of \$1,191,000 in 1994 and a low of \$1,161,000 in 1991. The bond payment for the school addition, a new ladder truck for the Fire Department, a dispatch radio, and road reconstruction caused the increase in the CIP between 1991 and 1992.

Tax Impact, Percent Growth (Decline) calculates a 1991 impact of \$3.44 per \$1,000 of evaluation based on an estimated town valuation of \$231,000,000. The CIP estimates a conservative three percent annual increase in the Town's valuation over the 1991-1996 period. The tax impact increases to \$4.88 per \$1,000 of evaluation in 1992, which represents a 42% percent increase from the previous year. However, during the next five years the projected tax impact shows a gradual decline to \$4.34 per \$1,000 in the year 1996.

Tax Impact, Percent Growth (Decline) also calculates the CIP six year schedule variances with the trend of the previous 11 years. The trend projection is \$1,375,000 in 1991, \$1,500,000 in 1992, etc. to \$1,996,000 in 1996. The scheduled CIP variances from the trend by -42% in 1991, -23% in 1992 to -42% in 1996. The CIP committee and the local officials in Raymond have taken a conservative planning approach by maintaining level funding for the CIP during the 1992-1996 time period. By employing this approach, the Raymond will maintain a level CIP tax impact on Town residents, while striving to provide quality education, public safety, and transportation to Raymond residents.

The 1991 CIP Report provides a number of charts to illustrate the impact of Tables 1 and 2.

The Municipal Finance Act (NH RSA 33:4-1 and 4-b) establishes the limit of bonded indebtedness a town can incur for municipal improvements (1.75% of its equalized valuation) and for school district improvements (7.0% of its equalized valuation). Water projects, the portion of sewer projects financed by users, and tax anticipation notes are excluded from the calculation of indebtedness. NH RSA 33:1 includes a definition of "net indebtedness". Raymond's capacity for bonding of municipal and school improvements should be reviewed annually as part of the CIP update.

According to NH RSA 33:4-1 and 4-b, the bonding capacity of the Town is \$4,042,500 of which \$800,000 has been committed, thus leaving \$3,242,500 in excess capacity.

In summary, the CIP Committee, working in conjunction with the local Town and School officials has attempted to address the facility needs identified in the 1989 Raymond Master Plan, the needs created by an increase in population, while maintaining a balance in the tax impact to the residents and taxpayers of the Town of Raymond. The CIP Committee will review and update the schedule on an annual basis.

Acknowledgements

The 1991 Capital Improvement Program Committee thanks the department heads for their input in this process, the SAU 33 Superintendent and the Town Manager for their assistance, and the town planning consultant for his guidance. The 1990-91 members are: Franklin Bishop, selectman; Barry Kirkorian, member-at-large; Wanda McCusker, school board; Roger Retzke, budget committee; and Ramona Strojevs, planning board.

Roger F. Retzke
CIP Chairman

CONSERVATION COMMISSION

The Conservation Commission (ConCom), with the joint efforts of other municipal bodies, has completed a Town-owned land inventory. Some of these parcels, with the approval of the Town, will be offered for sale to help increase the Town's tax base, and provide monies for the ConCom's Special Conservation Fund.

A Special Conservation Fund was successfully established in March of 1990 so the ConCom could begin actively seeking monies from local, state, and federal levels for conservation purposes.

Members of the ConCom attended conferences, lectures, and the New Hampshire Association of Conservation Commissions Annual Meeting in an effort to broaden their knowledge and increase their effectiveness in inventorying and managing the Town's natural resources.

With the completion of the inventory of the Town-owned lands, and the eminent sale of some of those parcels, the ConCom is now in the very early stages of researching the needs, demands, limitations, and expenses of a wetlands inventory. This inventory could include the inventorying of some wet areas and aquatic life, soils and geology, flora and fauna

and their habitats, some archaeological and historical sites, as well as special aesthetic and educational areas.

On a more regular basis, the ConCom continues to review Dredge & Fill permit applications and violations; erosion and sediment control concerns; illegal dumping and water pollution problems; and has, with the support of the planning board, become more active in the review and assessment of site plans.

The ConCom is also working on the design of its own By-Laws. By adopting a standard set of procedures, the ConCom will provide itself with a consistent framework from which to guide its activities.

The ConCom has the maximum complement of seven voting members currently permitted by state law. However, as is evident from this report, there are very many more activities than there are volunteers. This ConCom looks forward to the challenges of their plans and invites others to volunteer and share the challenge of protecting and managing Raymond's natural resources.

REPORT OF THE ROCKINGHAM COUNTY COMMUNITY ACTION PROGRAM, INC.

Rockingham County Community Action Program, Inc. (RCCAP) is a private, non-profit corporation. Our mission is to serve the multitude of needs of Rockingham County's low-income residents by assisting them in coping with the hardship of poverty, giving them the tools to lift themselves out of poverty and seeking to eradicate the root causes of poverty. RCCAP has been addressing these needs for more than twenty-five years.

The Greater Raymond Community Action Center is an outreach office of RCCAP which serves residents of Raymond and 14 other communities, and as such acts as Raymond's central resource for information regarding all available human services. RCCAP also offers intake, clinic and distribution sites in over half of the county's thirty-seven communities for the application and provision of various Community Action services.

Community Action provides a wide range of services which are unduplicated elsewhere in the county. Most of these services meet immediate, critical needs and all have a direct and positive impact on people's lives. The following services were provided by Community Action to eligible residents of Raymond from July 1, 1989 through June 30, 1990:

288 households received Fuel Assistance, a program which provided a financial grant of up to \$450 to assist with energy-related expenses.

7 households received a loan through NH Cares, a program which provided no-interest loans of up to \$200 for the purchase of fuel to low and moderate income households which are not eligible for the Fuel Assistance Program.

13 homes were weatherized through the Weatherization Program, which provides high quality materials and trained labor to weatherize homes in order to reduce heating costs and conserve energy.

1 household received help through the Home Repair Program, which provides home repairs and the repair or replacement of furnaces and heating units of income-eligible homeowners.

216 children were provided meals from private family day care homes which participate in the Rockingham Family Day Care Program.

8 child care referrals were arranged through the Child Care Resource and Referral Program, which compiles current data on all available child care options, provides child care referrals to employees of participating companies as well as to the general public, and expands the supply of quality child care by recruiting, training and assisting new providers.

20 children were enrolled in Head Start, a comprehensive early childhood development program designed to meet the needs of low-income and handicapped children and their families.

185 women, infants and children received help through the WIC Program, which offers supplemental nutritious foods, nutrition education, breastfeeding support and health care referrals to pregnant women, nursing mothers, infants and children up to the age of five.

8 households at risk of homelessness received a security deposit loan through the Security Deposit Loan Fund.

538 food packages were provided through the Surplus Food Program, which distributes USDA surplus food to eligible households through periodic mass distributions.

111 emergency food packages were provided through the Emergency Food Pantry, a program which provides a temporary emergency supply of non-perishable food to households facing severe economic hardship.

10 households received Crisis Assistance, a program which provided a one-time financial grant for the payment of rent, mortgage, electricity or fuel for those in emergency situations.

4 individuals were maintained on the Emergency Response System (Lifeline), which provides immediate twenty-four hour access to community medical responders for elderly and handicapped

individuals in order to ensure their safety and maintain their independence and quality of life.

10 children were enrolled in Camp Sebago, a week-long overnight summer camp for low-income children between the ages of 7 and 12.

In addition to these major programs, much of our staff time is devoted to working with people who come to us seeking help. During the past year, we received 1,733 calls or visits from Raymond residents, many of which were crisis calls involving fuel or utility problems, the lack of food or clothing or general financial needs. By working closely together with local and state welfare administrators, fuel and utility companies, other human service agencies and interested clergy and civic groups, we are able to link those in need with the services available to them.

Since the services we provide greatly relieve the towns we serve of the full financial burden of

providing for the needs of their low-income residents, we ask every community we serve to make a financial contribution to our agency based upon the level of service we have provided to its residents. The amount we request equals 4.5% of the total dollar value of services we provided during the previous fiscal year, which means that we request \$4.50 for every \$100.00 we provided in direct services.

From July 1, 1989 through June 30, 1990, Community Action provided \$411,989 in services to Raymond residents. We are therefore requesting the town of Raymond to contribute 4.5% of this amount, or \$18,540. The town of Raymond has contributed to our agency for many years, and we extend our appreciation to you for your continued support.

Amy Mueller-Campbell
Director
Greater Raymond Community Action Center

DISPATCH 1990

1990 was an eventful year for dispatch. Getting knowledgeable with the new computers, working towards the new complex and the final move on December 20th which was accomplished with a minimum of problems. We are now finding our bearings in the new complex.

I will be retiring this year. I will have been a dispatcher for 17 years and head of the department for 7 years. I have seen many changes in personnel and a phenomenal growth in call for service. I'm sure with the new quarters that morale and efficiency will be at an all-time high.

We would like to thank Chief Dolan and the Raymond Police Department, Chief Pratt and the

Raymond Fire Department, the Raymond Water Department, Highway Department, Fremont Fire and Rescue, Deerfield Fire and Rescue, Captain Lincoln and the Rockingham County Dispatch, our friends and co-workers from the Town Office, and Richard Mailhot who very efficiently supervised the building of our new facilities.

Most of all, we would like to thank the Townspeople for their support, cooperation and most of all for our new "home".

Respectfully submitted,
Marion E. Lovejoy
Head Dispatcher

RAYMOND FIRE DEPARTMENT

The RFD responded to 206 calls this year that were as follows:

STRUCTURE FIRES (people homes)	16
CHIMNEY FIRES	14
BRUSH/GRASS FIRES	22
MOTOR VEHICLE ACCIDENTS	30
JAWS OF LIFE CALLS	8
FALSE ALARMS	31
MUTUAL AID	22
VEHICLE FIRES	14
GASOLINE LEAKS/PROPANE PROBLEMS	9
SMOKE INVESTIGATIONS (in buildings)	11
WIRES DOWN/ELECTRICAL PROBLEMS	11
MISCELLANEOUS (dumpster,furnace,stove)	18

The inspections as reported by Lieutenant Paul Hammond are as follows:

CERTIFICATE OF OCCUPANCY	126
CHIMNEYS, FIREPLACES AND WOODSTOVES	98
FURNACES	74
FOSTER HOMES AND DAY CARE	36
PLACE OF ASSEMBLY	80
SPRINKLER SYSTEMS	14
SMOKE DETECTORS	43
FIRE PONDS	8
MISCELLANEOUS	38

This year we lost a valued member and friend. Frederick Welch has been a firefighter for over forty years. "Ted" has held every office of the RFD and has supported the department with more than just his time. It has been said that "What you do for yourself dies when you die. What you do for others lives on forever." If this is true, the memory of Ted will live on forever. I know most people will think of him whenever they see a Raymond parade or fireworks display. A lot more will think of him when they go to a horse pull or childrens baseball game. And a few will remember him whenever there is a hot debate at the Fire Station or the 1940 Ford rolls out the door.

This has been another busy year for our Fire Department. Total number of calls and inspections have decreased although structure fires are still high for a ten year period. This has given us more time to increase preparedness. We received our 1990 Pierce Engine in March of last year. The firefighters

have spent nights, weekends, and days mounting equipment in the best locations on the engine. All the hours the truck committee spent have paid off. We have used Engine 3 at 21 structure fires and it performed admirably. ISO (Insurance Service Office) made a return visit last spring to test the Water Department's hydrant system. Burgess Robinson and his department along with ISO and RFD found the system to be in good shape. A good hydrant system is a real asset to the fire rating. Some concern was noted on the amount of water in storage compared to daily use. The Town's water in reserve is not as much as it was a few years ago (because of increased use). The ISO inspector also suggested we consider a ladder company.

This year RFD hosted a N.H. certified pump class. The instructors were from Interstate Emergency Unit (IEU). We also had an offensive and defensive driving course. Sixteen firefighters from Raymond participated as well as three Ambulance members and neighboring towns. The Town can be very proud of the level of training and experience their firefighters have. The only cost of training is the entrance fee. Most of our training is received through the IEU. Unfortunately, as of the writing of this report, Rockingham County has cut off all funding of this important organization. This means there will have to be increased cost for classes to future applicants and cut backs on plans for expansion. This means the amount Rockingham County used to pay will have to be picked up by the local towns.

I am very happy to say that we still hold the Charter for the Raymond Cub Scout Pack 100 and Raymond Explorers Post 2100. The Cub Scouts raised over 4,000 pieces of food again this year. It was amazing to see the bags of food that were donated. Any group that can bring out the good in people the way they can is worth being part of. Peggy Louis deserves our appreciation. Under her direction, the Pack runs so smoothly that there is very little work for the Fire Department to do. The Explorer Post has made us proud again. Darren Ryan is pursuing an Associate Degree in Fire Protection. During school vacation, members of the Explorer post showed up at the station, rolled 2,000 feet of hose and washed our trucks. Today they are up to the number they were when they started, 15.

In closing I would like to thank the people of Raymond for voting at last years meeting to build a new Safety Complex. The building stands ready today to take all emergency departments in the future. Under the watchful eye of Richard Mailhot, the Town received a well-built building for less than the amount appropriated with all input from the voters. We will proudly give any resident a tour of one of the finest stations in the state.

RAYMOND HIGHWAY DEPARTMENT

This year the following roads were shimmed and overlay with hot top: Lane Road, John Street, Lower Main Street, Saddlepath Road, Kathy Court, Garnet Court, Tammerack Lane, David Drive, Meadow Court, Richard Court, Freetown Road, Patricia Avenue, Shirley Avenue, Lisa Avenue, Brown Road, Paradise Drive, Bambi Lane, and Regina Avenue.

The following were reconstructed: Harriman Hill Road and Anita Avenue. I had planned to do Critchett Road but due to the time and cold weather just around the corner, it was postponed to next year. To get an early start next year, the engineering plans have already been done and approved. Due to the economy, reconstruction and overlay for next year will be light.

The following drainage problems were also taken care of: Corner of Brown Road and Route 107; Route 107 and the Ballfields which the State of New Hampshire Department of Transportation helped us with manpower, equipment and some materials; Prescott Road; Langford Road; and also some work was done in the Governor's Lake area.

The following areas had stumps, trees, ledge and banks cut: Shattague Road and Bald Hill Road.

As you probably know, in the Capital Improvement Plan it was scheduled for the Highway Department to purchase a new loader in 1991, which is even a greater need now that we have added the Safety Complex to the snow removal list. It is necessary to continuously remove snow from in front of the bay doors to allow easy access for all of the emergency vehicles. Because of the economy and the tight 1991 budget, the Town Manager and the Board of Selectmen have suggested this item could be put off until another year, thus excluding this from the budget.

At this time I would like to thank the Town Manager, Board of Selectmen, Ambulance, Police, Fire, Dispatch, and Recreation Departments and also the Town Office personnel for all their help and assistance. I would also like to take this opportunity to thank the crew that make the Highway Department what it is and the citizens of Raymond for all their help and support that they have given me in the past year.

Respectfully submitted,
Richard A. Hammond, Sr., Supervisor
Raymond Highway Department

DUDLEY-TUCKER LIBRARY

Although the rapid growth experienced in Raymond over the past several years has waned, library circulation has continued to increase at a rate of approximately 12% per annum. As of December 31st, the library has 3,300 registered patrons. Meeting the diversified needs of these patrons is an ongoing challenge to both staff and trustees.

Unlike specialized libraries, the public library meets the needs of patrons from cradle to grave. Our ability to meet these ever increasing needs is hampered greatly by our lack of space for comprehensive collection development and the lack of adequate funding. The trustees hope to address the need for increased open hours when preparing the budget for 1992.

The 1990-1991 school year began with many Readiness and First Grade classes visiting the library as a field trip. School administrators and teachers

are committed to having all students develop an early love of books and reading, and become regular library users.

Phase II of our shelving replacement project was completed in October. The rear room, housing adult fiction and non-fiction collections, has all new shelving designed to allow all but the largest volumes to remain upright on the shelves.

Our summer reading program, the first state-wide program in New Hampshire, was "Get That Reading Rhythm". Seventy readers read a total of 443 books. Again this year, the Friends of the Library sponsored the wrap-up party held August 22nd.

The Friends of the Library have been active this year sponsoring a very successful bi-monthly craft raffle. Their support of staff and all library needs is greatly appreciated.

1990 STATISTICS

Circulation:	
Adult	12,006
Juvenile	15,603
Total	27,609

GERALD I. COOGAN, AICP PLANNING CONSULTANT

As I mentioned in last year's report to the Town, as a professional planning consultant, I believe the Raymond Planning Board has made significant strides in the last few years to upgrade its land use regulations and overall planning program. The goal of the planning program is to ensure that proposed commercial, industrial, and residential developments are properly planned, designed, and constructed so that they are an asset for the Town. Through work sessions with developers on Thursday afternoons, the Building Inspector and I, and when required, the Town's Consulting Engineer, meet with developers to review the Town's land use regulations and provide guidance on how best to plan and present proposals. These meetings have resulted in a significant time savings for all of those involved in the planning process, and have contributed to the quality and attractiveness of the new developments. Our primary goal is to ensure that the proposals are designed and built to Town standards so that they are safe for the residents and are a benefit to the Town. These developments have contributed to Raymond's tax base.

In 1990 we reviewed 9 proposed subdivisions, and 36 site plans. Many of these proposals required multiple meetings with the applicant. According to common law doctrine, the fees assessed by a governmental body should bear a direct relationship to the cost of providing a particular service. In past years, because of the rapid growth, the Planning Board received more in revenue than it expended. In 1990, the Planning Board assessed applicants approximately \$33,000 in fees, and spent approximately \$50,000, exclusive of excess legal fees. So, you can see that applicants and developers pay approximately 2/3rds of the Board's normal operating costs.

The most significant project was the proposed CKS Integrated Solid Waste Transfer Facility. Since the Planning Board was very concerned with the overall

impact on the Town, we coordinated a thorough review of the project, which involved engineering, legal, and planning expertise. We also dovetailed our review with that of the NH Department of Environmental Services, which will have to issue an operating permit. On November 29, 1990, after many meetings and technical review sessions, the Planning Board granted conceptual approval to the project. The Board placed eleven conditions on the project, the most significant being receiving satisfactory approval from the NH Department of Environmental Services. In early 1991, developers of a wood burning power plant discussed the location of a potential facility in Raymond. Any project of this nature would receive a very comprehensive and thorough review, similar to that of the CKS proposal. If implemented, these two projects would produce approximately \$400,000 in new real estate taxes.

In an effort to encourage additional commercial and industrial uses in Raymond, the Planning Board has proposed as a zoning amendment to allow deletion of the minimum lot size, set back and side requirements for those two uses, and thus substituting industrial performance standards that would be included in the Site Plan Review regulations. The Master Plan and the community attitude survey, completed in early 1989, recognized the desire of Raymond residents to increase the Town's tax base through increased commercial and industrial.

In addition, I have contributed to upgrading the Town's zoning ordinance, subdivision and site plan review regulations. It is important to have up to date regulations so that proposed projects are properly planned, designed, and constructed. Earth Excavation Regulations along with implementing procedures were prepared. I also assisted with preparation of the Town's Capital Improvements Program.

When the economic upswing occurs and the resumption of development takes place, Raymond will be in a positive position to review proposed development proposals, since the Town did its "homework" by putting the proper regulations and planning process in place. I want to thank the Planning Board for its time and commitment in making the planning process work effectively in

Raymond. Take a ride around Raymond, and I think you'll be favorably impressed with the quality and attractiveness of the development that has occurred in the last few years.

Respectfully,
Gerald I. Coogan, AICP

THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

All dues-paying members of the Southern New Hampshire Planning Commission are offered a wide range of services, resources and technical assistance by a professional planning staff who, from time-to-time, are assisted by specialized consultants on an as-needed basis. Under the direction of your representatives, the staff develops and carries out planning programs that require a regional perspective, as well as those which pertain more directly to your community.

Local planning assistance requests are generally received from your Planning Board and/or your Town Manager. With the concurrence of the Commission, certain general studies are conducted, notifications made and training workshops held that are considered essential for all member municipalities.

Services that were performed for the Town of Raymond during the past year are as follows:

1. Provided testimonies, some in support and some in opposition, to the House and Senate committees of the 1990 Legislative Session on a few bills which pertain to planning and zoning. SB 337; SB 358; HB 1121; HB 1119; and HB 1375 dealing with impact fees deserve a special mention.
2. Co-Sponsored the Municipal Law Lecture meetings. The Raymond officials were invited to attend these meetings.

3. Conducted a six-hour training workshop for the Planning Board members. The Raymond Planning and Zoning boards were invited to that workshop.
4. Prepared a CDBG (Community Development Block Grant) application for rehabilitating multi-family housing units and sidewalk repair in the Main Street area.
5. Using the PC ARC/INFO, prepared a computerized map for the town showing the developmental constraints. The town has been provided with a copy of the map, and the electronic file containing soils information has been kept in the offices of the Commission.
6. Provided staff comment on a zoning related issue concerning a project proposed in the industrial district.

Raymond's Representatives to the Commission are:
Mr. Russell Ege
Vacant
Executive Committee Member: Vacant

POLICE DEPARTMENT

As we review 1990 we find many changes have occurred, adding a new computer system for record keeping, our new working quarters and a continued increase in the number of calls for service.

The growth in town population seems to have slowed with the new home construction downturn but the effects of the causes for that downturn have increased our calls for service as you can see from the attached statistics. Due to the time spent with the increased report taking our ability to investigate and apprehend had reduced the numbers of court complaints. Since we are holding the budget line as promised we will be relying more heavily on you citizens to report suspicious and criminal activity at once. As you expect we will continue to respond to your calls promptly. It will help us if you look for license numbers or descriptions and make them known to us. We must work together if we want to continue to be as successful as we have in the past.

We purchased a Unisys computer system in late June with a law enforcement program from Strategic Softwares in Laconia. This program is based on the Uniform Crime Reporting System that we have been using for years which has made the transition easier. The system reduces the volume of report forms we previously had to purchase. This computer system will be used to record and store each contact the Dispatch has with people who call or stop in for assistance. It will keep the Police Department records for easy access to each officer. The records can be reviewed or extracted in whole or particular part as the need arises. We also had a program designed for the Fire Department that will hold locations of hazards to responding units, with methods to extinguish as well as location and evacuation needs. This system was purchased for the sum of twenty one thousand dollars (\$21,000) representing part of the money that was received

through the Federal Drug Forfeiture Act. We also purchased a State Police On-Line Telecommunication System (SPOTS) that is used to obtain information on driver's licenses, registrations, and motor vehicle records from every state within minutes. We can also access FBI criminal records and the National Crime Index Computer almost instantly. We have the capability of sending messages to every police department in the country and receive a reply that is admissible in some court proceedings. Dispatch finds this system very time saving and extremely valuable to them as well. We purchased this system with the Federal Forfeiture money and a grant from State Highway Safety Agency totaling six thousand dollars (\$6,000).

We became eligible for the Federal Forfeiture money as a result of supplying information and an informant who assisted in undercover taping and purchasing drugs from the Nocella residence for the Drug Enforcement Agency and State Police. This cooperation was rewarded with designating 35% of the confiscated money (fifty five thousand dollars (\$55,000) which was hidden with drugs in a closet) and the net proceeds from the sale of the residence.

We continue to ask our citizens to report information to us so we can efficiently get the pushers and dealers of these terrible drugs off the streets.

On December 20th we moved into our new quarters which you citizens approved at town meeting last year. We find the facility to be extremely practical and useful. The spirits of the entire department are noticeably higher. As we get settled in and get a routine established, we are confident it will be a facility to be proud of for many years to come. We are looking forward to being able to explain our operation to you at the Open House.

We have had a very rewarding year with the new computer and station. We recognize it is because of your continued support that we can enjoy these benefits. There is a select group of people we owe special mention for their understanding, caring, love, support, assistance and desire to see it through no matter what. They are: our wives and family members; fellow officers and dispatchers; Fire, Ambulance, and Highway personnel; Town employees; neighboring police departments; and the State Police. For their support and advise, we express our greatful appreciation to the Town Manager and the Board of Selectmen. We thank you and trust that our relationships will continue and prosper in the coming years.

RAYMOND RECREATION DEPARTMENT

Getting up early in the morning is not one of my strong points. People that live by the "Time to make the donuts" and the "Time to milk the cows" rule get up at 4 a.m. I tend to live by the rule of "Eat when you can eat and sleep when you can sleep" Sailors Rule and 4:00 a.m. is when I can sleep. Why do whale watch field trips have to leave so early in the morning anyway? I had achieved my goal of getting up early enough to get to Raymond from Portsmouth with "pleeeeeenty" of time to spare. I even had time to stop at the coffee shop to prepare myself for 6 a.m. with 14 teenagers. ("Rick, what are you doing here so early?")

So, I'm cruising down Route 101 feeling pretty proud of myself. I might even have time for another hit of caffeine, "What's this?...A roadblock?" There was an accident somewhere further down Route 101 and police were detouring traffic. "You want me to drive through where?...Is Hedding in NH?" Suddenly the 'plenty of time' turned into the 'panic of being late'. The ship sets sail at 7:30 a.m. with or without us. I got to the school in the nick of time. "You're late!...Did you oversleep?"

This trip was one of seven organized especially for teenagers. Rick's Rec'n Crew offers a program for young people to grow, learn and explore on their own while still being supervised. Every Wednesday we take trips to places that will allow them to develop into responsible young adults. They are allowed a great deal of freedom and handle it quite well, I might add.

The Summer Playground program was very successful with 244 children registering for the seven weeks of summer fun. Weekly trips were taken to different fun spots all around the state. I believe the high points of the summer were the very popular annual Lip Sync Contest and the end of the year dance. I have noticed that a strange phenomenon is beginning to happen in earnest now, children of children that were once participants in the playground are beginning to show up as participants. I wonder what this means?

New additions to this year's Summer Playground program included the Summer Feeding program for children on the Playground and the Cowabunga Club, an effort to mainstream children with special

needs into the Playground population. Both of these additions were offered utilizing the cooperative efforts of the school and the town employees. The Summer Feeding program was designed using the expertise of the school's Food Services Director to insure a well balanced and enjoyable meal for each child that wanted one. The program was a success, in that many children participated by purchasing the daily lunches and in the end, when all the dust had settled, the program had broken even financially (one of our earlier goals).

The Cowabunga Club was established on the playground to again meet an obvious need. Earlier attempts at integrating individuals with special needs had met with varying degrees of failure. I believed one of the main reasons for this was the lack of ability on our part to jump in with both feet. Again employing the help of the School District, the need was met and the moral and legal obligation to provide services was addressed. These children had a fun-filled and exciting summer and, in return, we received an unexpected bonus. The whole playground received the benefit of exposure to these young people. We learned to treat them with kindness, patience and understanding rather than ignorance and fear.

Swimming lessons were again very popular with nearly 100 children receiving lessons. This year's young staff at Onway Lake and at the Summer Playground are to be commended for their efforts and hard work throughout the summer.

In June of 1977, I was introduced to a man who would impact my way of thinking more than anyone I have ever met. In 1977 & 1978, Hugh and I worked together on the grant application to develop fields behind the Middle/High School and to purchase land along the Lamprey River by the Elementary School. All these years later, Hughin's dreams for a beach at Carroll Lake were finally close to reality. I did not know then that all our recent weeks of hard work would be the last we would spend together.

In January of 1990, the Recreation Department received notification that the application for Land and Water Conservation Funds applied for in late 1989 in the name of the Raymond School District had been approved. Our project to develop a beach at Carroll

Lake had ranked number one out of all other projects submitted statewide.

The project is currently stalled in the post application process, archeological assessments, Wetland approvals and Army Core of Engineers approvals. As with all federally funded projects, the wheels of progress grind painfully slow.

1990 was a sad year in that it was marked by the passing of another long time friend of recreation. Ted Welch died suddenly this year. Ted had been on the Recreation Commission for longer than even he cared to remember. His influence and importance to the community is impossible to measure. I don't know how many people learned to play basketball in Welch's barn or baseball in the field but it must be half the town. Recreation will miss the influence of both Ted and Hughin.

The Park Maintenance crews took on a new responsibility this year with the maintenance of cemeteries and I believe they did an excellent job and even saved the town money on top. I am very proud of the core of recreation workers we now have. Often, we are not a finely tuned, well oiled machine. We are more of a team or a family each with our own place in the system. Thank you for your help and support over the past year.

It seems that each year I write about the overwhelming support and help from the many volunteers that run all of the leagues and nonprofit groups. These people not only work to provide activities but help other groups. It is impossible to mention them all because there are literally hundreds of people that work with the Recreation Department to provide services to the community.

Some of the activities that run with volunteer support are:

- | | |
|------------------|--------------------|
| Aerobics | |
| Youth Soccer | Youth Basketball |
| Youth Baseball | Football |
| Cheerleading | Skiing |
| Brownies | Girl Scouts |
| Cub Scouts | Boy Scouts |
| Arts Association | Men's Soccer |
| Men's Basketball | Softball |
| Co-ed Volleyball | Women's Volleyball |
| Town Fair | Youth Coaches |
| Committee | Certification |

This year, to see if anyone really reads my town report, the Recreation Department is offering a free prize to the first three people who call the office (895-4735) and tell us what animal I pretended to be on the whale watch trip.

In case I had missed it, the way back to Rye would take me back through Hedding (Yes, it is in N.H.). The twisty, turny road was actually quite a nice drive at 6:30 am. "Rick, stop the bus quick! Zackery is going to be si....., TOOO LATE!" We got to Rye Harbor at the same time as the rain and the fog. Two kids were sick already, and we hadn't stepped foot on the dock.

Three hours into the trip, 8 or 9 of the 14 kids were sick or about to be and we hadn't seen a dolphin or basking shark, let alone a whale. There is only so much you can say about a Storm Petrel or Black Backed Gull. Everyone was lined up along the port rail "armed and ready".

I decided to try and cheer them up by putting a fake shark fin on my head and pretending I was Jaws. "Oh, Rick, stop!" Three kids saw me and were sent hanging over the port rail. "Leo, you've got to find whales, we can't go home without seeing one. Those kids are tired, sick, cold and wet and it will be a miserable bus ride home....look at them! Would you want to ride the bus home with them?" Leo promised to do his best. "Whale at 8:00!"....I was saved.

SOLID WASTE COMMITTEE

In 1990, the Solid Waste and Recycling Committees successfully surveyed the Town, summarized the results of the questionnaire. Of the 3500 households surveyed, 1177 returns were tallied, a 34% participation. Results indicated a great concern for the problems of solid waste, environment and cost. Raymond citizens should be very proud of their participation. Thank you!

The State Grant Monies became available in September, 1990. The Recycling Committee immediately began to implement grant projects. The Town Office Building began their paper collections. Education and collection of paper will be extended through the school systems and town. Our co-mingled can collection began immediately upon receipt of the mesh trailer in late December, 1990. Preparation for programs have included education as well as security measures at the landfill. Grant recycling projects will be fully implemented upon arrival of a 9 dumpster trailer expected in February, 1991. The additional recyclables include: glass, plastics, newspapers, and cardboard.

Members have reviewed the programs of many organizations (CKS, RCS, Pinard Waste, Waste Management, and others). The committees are confident that recycling will reduce the waste stream. The complexity of these issues means continual changes in the local markets, state and federal levels.

Present recommendations: curbside collection of household trash and voluntary recycling utilizing the programs at the landfill.

Future recommendations: curbside collection of waste and recyclables. To justify the increased cost and to get the greatest percentage of recyclables out of the waste stream it would be a mandatory recycling program.

A thank you goes to all committee members who have willingly put in extensive hours working the many areas of waste and recycling. A special thanks to George Malette (Co-Chairman) for his research and design for our landfill and trailers.

Respectfully submitted,
Kathleen Szczepanik

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 10:00 A.M. TO 7:00 P.M.

To the Inhabitants of the Town of Raymond, in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Iber Gove Middle School gymnasium in said Raymond on Tuesday, the twelfth day of March, 1991, at ten of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1

To choose all necessary Town Officers for the year ensuing.

ARTICLE 2

To see if the Town will vote to enact the following amendments to the Zoning ordinance as proposed by the Raymond Planning Board:

Amendment No. 1

"Are you in favor of the adoption of Amendment #1 proposed by the Raymond Planning Board for the Town Zoning Ordinance as follows:"

In ARTICLE II-DEFINITIONS to delete the current definition for Recycling Facility: Processing Center and replace it with the following: Recycling Collection Center: A facility where predominately residential users can deposit cans, bottles, newspapers, glass, and other suitable non-toxic, non-hazardous recyclable materials in separated boxes, bins, etc. Recycling Processing Center: A facility where recycled materials such as cans, bottles, newspapers, cardboard, glass and other materials are received and prepared for future processing either on-site or off-site. In addition, collection of household hazardous waste may be allowed by Special Exception.

Amendment No. 2

"Are you in favor of the adoption of Amendment #2 proposed by the Raymond Planning Board for the Town Zoning Ordinance as follows:"

To add Recycling Collection Center under Allowed Uses Commercial C-1 Zone and Industrial Zone D.

Amendment No. 3

"Are you in favor of the adoption of Amendment #3 proposed by the Raymond Planning Board for the Town Zoning Ordinance as follows:"

To add Recycling Processing Center under Allowed Uses Industrial Zone.

Amendment No. 4

"Are you in favor of the adoption of Amendment #4 proposed by the Raymond Planning Board for the Town Zoning Ordinance as follows:"

To Add Article 6.8 ELDERLY HOUSING OVERLAY ZONING DISTRICT designed to standards that provide for the permanent and exclusive occupancy of elderly persons.

Amendment No. 5

"Are you in favor of the adoption of Amendment #5 proposed by the Raymond Planning Board for the Town Zoning Ordinance as follows:"

To add the following in ARTICLE V AREA AND DIMENSIONAL REQUIREMENTS to provide an option of performance standard compliance that would allow deletion of the minimum area, dimensional and setback requirements in Zone C.1 & C.2 Commercial and Zone D Industrial. Residential uses of any quantity shall not receive this option.

Amendment No. 6

"Are you in favor of the adoption of Amendment #6 proposed by the Raymond Planning Board for the Town Zoning Ordinance as follows:"

To amend Article 10 of the BOCA Basic Building Code to require in new construction of all Multi-family, Commercial and Industrial buildings, the installation of sprinkler systems per NFPA 13 "Standard for the Installation of Sprinkler Systems."

Given under our hands and seal this fifteenth day of February, in the year of our Lord, nineteen hundred and ninety one.

BUDGET OF THE TOWN OF RAYMOND, N.H.

BUDGET FOR TOWNS WHICH HAVE ADOPTED THE PROVISIONS
OF THE MUNICIPAL BUDGET LAW

1990 CARRY - OVERS

The following amounts will be carried over from the 1990 Operating Budget and Warrant Articles:

Highway Department Purchase of 4x4 Pick-up Truck	\$ 7,000.00
Environmental Protection	5,000.00
Fire Department Equipment	4,870.00
Fire Truck	300.00
Harriman Hill Route 27	78,333.00
Recycling Grant	<u>12,526.00</u>
Total Carried Over	\$108,029.00

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN AT TEN A.M.

To the Inhabitants of the Town of Raymond, in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Iber Gove Middle School gymnasium in said Raymond on Saturday, the sixteenth day of March, 1991, at ten of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1

To see if the Town will vote to raise and appropriate the sum of Two Million Nine Hundred Fifty Eight Thousand Four Hundred Ninety Seven (\$2,958,497.00) Dollars to defray Town charges for the year ensuing. Said sum is exclusive of special Articles No. 6, 7, 8, 9. (RECOMMENDED BY THE BUDGET COMMITTEE)

ARTICLE 2

To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, pursuant to RSA 31:95b, without further action by the town meeting, money from the state, federal, or other governmental unit, or private source, which becomes available during the year, provided the monies be used only for legal purposes for which a town may appropriate money; and that the expenditure not require expenditure of other town funds. Further, that the Selectmen will hold a public hearing on the action to be taken.

ARTICLE 3

To see if the Town will vote to authorize the Selectmen under the provisions of RSA 33:7 to borrow in anticipation of taxes, such sums as are necessary for the operation of the Town, and to set the rates, effect the issuance of notes, and to otherwise negotiate for the sale of notes to be paid within the present fiscal year.

ARTICLE 4

To see if the Town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the town by tax collector's deed by public auction (or advertised sealed bid) or in such other manner, as determined by the Selectmen as justice may require.

ARTICLE 5

By request of the Trustees of Trust Funds: To see if the Town will vote to accept any and all addition to existing trust funds made during fiscal year 1990.

ARTICLE 6

To see if the Town will vote to raise and appropriate the sum of Thirty-nine Thousand Six Hundred Ninety (\$39,690.00) Dollars to be placed in the Water Tower Maintenance Fund, such funds are to be appropriated from Water Department revenue. (RECOMMENDED BY THE BUDGET COMMITTEE)

ARTICLE 7

To see if the Town will vote to raise and appropriate the sum of Fifty-seven Thousand Two Hundred Eighty-six (\$57,286.00) Dollars in support of the following Social Service Agencies:

Seacoast Mental Health	\$2,500.00
Rockingham County Community Action	16,770.00
Lamprey Health Care (Senior Transportation)	5,800.00
Area Homemaker Health Aide Service	4,500.00
Rockingham Counseling Center	5,500.00
Rockingham Visiting Nurses	12,913.00

Seacoast Big Brother/Big Sister of N.H.	1,088.00
A Safe Place	1,000.00
Richie McFarland Children's Center	2,000.00
Women's Resource Center	675.00
Seacoast Hospice	1,640.00
Rockingham County Nutrition Program	2,900.00
TOTAL	\$57,286.00

(RECOMMENDED BY THE BUDGET COMMITTEE)

ARTICLE 8

To see if the Town will vote to raise and appropriate the sum of Thirty Two Thousand (\$32,000.00) dollars, to be contributed to Raymond Ambulance, Inc. (RECOMMENDED BY THE BUDGET COMMITTEE)

ARTICLE 9

To see if the Town will vote to raise and appropriate the sum of Seven Hundred (\$700.00) Dollars to defray the expenses of the Retired Senior Volunteer Program for the Town of Raymond. (By Petition) (RECOMMENDED BY THE BUDGET COMMITTEE)

ARTICLE 10

To see if the Town will vote to authorize the Selectmen to sell or give easement to parcels of Town owned land identified as follows: a portion of Tax Map 23 Lot 129 (at the request of Rigas Karoutsos), Tax Map 13 Lot 47 and Tax Map 8 Lot 41 - 22 (at the request of Henry Silverman). These properties are to be sold at public auction with sale conditional upon restrictions satisfactory to the Town.

ARTICLE 11

To see if the voters of Raymond wish to adopt the following resolution and contribute Five Hundred (\$500.00) Dollars from the Town's legal expense budget to the City of Franklin's 'Taxpayer's Defense Fund'.

RESOLVED that the citizens of Raymond, New Hampshire are opposed to any and all past or present State mandated but unfunded programs, policies or responsibilities; and let it be further

RESOLVED that the citizens of Raymond, New Hampshire support the City of Franklin in its efforts to identify all of the unconstitutionally unfunded mandates imposed by the State since Article 28A was adopted; to seek relief for those unfunded mandates already imposed by the State on local governments; and let it be further

RESOLVED that the citizens of Raymond, New Hampshire call upon the Governor, the Executive Council and the Legislative leaders of this state to safeguard the home rule provisions in the State Constitution by putting an end to unfunded state programs, policies or responsibilities, and by declaring their full support for the City of Franklin and other local communities; and let it be further

RESOLVED that supporting this resolution, the citizens of Raymond, New Hampshire in no way by its actions herein, encourage or endorse any 'broadbase' sales or income tax; and let it be further

RESOLVED that a copy of this resolution shall be signed by the Raymond Board of Selectmen and sent to the Honorable Governor, the Executive Council, the President of the Senate and Speaker of the New Hampshire House of Representatives.

ARTICLE 12

To see if the Town will vote to rescind Two Hundred Thousand Five Hundred (\$200,500.00) Dollars of bond approval issued by Article 1 1985 Town Meeting for Alternative Water Supply Construction.

ARTICLE 13

Are you in favor of the Town reducing the total appropriations for the Town of Raymond for the year 1991 to a figure equal to five percent less than the total budget appropriation for the year 1990 and further, that no special town meeting be called by the Board of Selectmen to modify or revoke this article? (By petition)

ARTICLE 14

Are you in favor of the Town voting a five-year restriction limiting the total budget increase for the Town of Raymond on an annual basis to one percent of the previous years total appropriation and further, that no special town meeting be called by the Selectmen to modify or revoke this article?
(By petition)

ARTICLE 15

Are you in favor of having the Town eliminate any and all appropriation in the 1991 budget for the Town of Raymond for the purchase of any new buildings or equipment or the construction of any new buildings and further, that no special town meeting be called by the Board of Selectmen to modify or revoke this article?
(By petition)

ARTICLE 16

To see if the Town will vote to authorize the transfer of Twenty-Five (25%) percent of the funds generated from the Land Use Change Tax to be placed in the Conservation Fund as authorized by RSA 35:A-5.

Given under our hand this fifteenth day of February, in the year of our Lord, nineteen hundred and ninety-one.

RAYMOND SCHOOL DISTRICT MEETING

March 10, 1990

The Raymond School District Meeting was called to order at 3:42 p.m. in the Raymond Community Gymnasium by the moderator, J. Chandler Newton. The moderator then read the School District Warrant.

The moderator, J. Chandler Newton, offered the prayer and the Pledge of Allegiance was recited by all in attendance.

Ballot Clerks:

Frances Carlberg	Helena Cascio
Pauline Gordon	Delmar Anderson
Assunta Ege	Alice Wall
Shawn Mulholland	Kathleen Szczepanik

Assistant Moderator:

Jack Barnes

The moderator stated that Bradley's Simplified Rules of Order would be used to conduct the meeting, and they were then read by the moderator.

Method of Voting: Articles that were not voted on by secret ballot were voted upon by raising "white" colored voting cards with the letter "D" printed on them, unless declared otherwise by the moderator. The moderator stated that a secret ballot could be requested by and five (5) registered voters prior to a vote; or seven (7) registered voters after a vote if they dispute the vote. All names must be handed to the moderator on a slip of paper.

Anyone wishing to amend an article must write out the amendment and present it to the moderator, as well as speak to the article from the floor.

At this time the moderator introduced School Board Chairperson, Sandra Ellis, who introduced the School Board, superintendent's office personnel, legal counsel, the School District Clerk, and the School District Moderator. Harold Wood of the Budget Committee then introduced the members of the Budget Committee.

The moderator took a moment to apologize to the attending group for the lack of Town Reports. The

printer did not have them ready in time for the meeting, however, copies of the warrant and budget were available to the voters.

ARTICLE 1

To see if the district will appropriate the sum of Three Million Dollars (\$3,000,000.00) or any other sum for construction of a new elementary school; and for the purchase of furnishings and equipment in connection therewith; to determine whether this appropriation shall be raised by borrowing or otherwise; to authorize the school board to take any and all actions necessary to carry out any vote hereunder; or to take any other action relative thereto.

Motion: By Kathleen Hoelzel, duly seconded by Timothy Louis to table Article 1.

Motion to table Article 1 voted by a show of cards.

Voted in the AFFIRMATIVE.

ARTICLE 2

To see if the district will appropriate the sum of Six Hundred Seventy-Five Thousand Dollars (\$675,000.00) or any other sum for purchase, construction and installation of six portable classrooms; and for the purchase of furnishings and equipment in connection therewith; to determine whether such sum shall be raised by borrowing or otherwise; to authorize the School Board to take any and all action necessary to carry out any vote hereunder; or to take any other action relative thereto.

Motion: By Kathleen Hoelzel, duly seconded by Timothy Louis to table Article 2.

Motion to table Article 2 voted by a show of cards.

Voted in the AFFIRMATIVE.

ARTICLE 3

To see if the district will appropriate the sum of Three Million, Five Hundred Thirty-Five Thousand, One Hundred Eighty-Seven Dollars (\$3,535,187.00) or any other sum for construction of seventh and eighth grade facilities; and for the purchase of furnishings and equipment in connection therewith; to determine whether this appropriation shall be raised by

borrowing or otherwise; to authorize the School Board to take any and all actions necessary to carry out any vote hereunder; or to take any other action relative thereto.

Motion: By Kathleen Hoelzel, duly seconded by Timothy Louis to table Article 3.

Motion to table Article 3 voted by a show of cards.

Voted in the AFFIRMATIVE.

ARTICLE 4

To see if the district will appropriate the sum of Three Million Dollars (\$3,000,000.00) or any other sum for the purpose of constructing a junior high facility connected to the present Raymond High School; and for the purchase of furnishing and equipment in connection therewith; to determine whether this appropriation shall be raised by borrowing or otherwise; to authorize the School Board to take any and all actions necessary to carry out the vote hereunder; or to take any other action relative hereto.

Motion: By Wanda McCusker, duly seconded by Kathy Childs to table Article 4.

Motion to table Article 4 voted by a show of cards.

Voted in the AFFIRMATIVE.

ARTICLE 5

Motion: By Dick Wood, duly seconded by James Demeritt to see if the district will vote to raise and appropriate Eight Million, One Hundred Sixty-Five Thousand, One Hundred Eighty-One Dollars (\$8,165,181.00) for the support of schools, for the payment of salaries and benefits for school district officials and agents other than benefit and salary increases to teachers; and for the payment of statutory obligations of the district.

Motion: By Daniel Roy, duly seconded by Rick Piecuch to table Article 5 until after the vote on Article 13.

Motion to table Article 5 voted by a show of cards.

Voted in the NEGATIVE.

At this point, there was several minutes of discussion on Article 5.

Article 5 voted by a show of cards.

Voted in the AFFIRMATIVE.

ARTICLE 6

To see if the district will vote to raise and appropriate the sum of Six Hundred and Seventy-Five Thousand Dollars (\$675,000.00) for the purchase of six portable classrooms; and for the purchase of furnishings and equipment in connection therewith; or to take any action relative thereto.

Motion: By Timothy Louis, duly seconded by Kathleen Hoelzel to table Article 6.

Motion to table Article 6 voted by a show of cards.

Voted in the AFFIRMATIVE.

ARTICLE 7

To see if the district will vote to raise and appropriate the sum of One Hundred Eighty-Nine Thousand, Two Hundred Eighty Dollars (\$189,280.00) for the rental (lease) of six portable classrooms; and for the purchase of furnishings and equipment in connection therewith; or to take any action relative thereto.

Motion: By Timothy Louis, duly seconded by Kathleen Hoelzel to table Article 7

Motion to table Article 7 voted by a show of cards.

Voted in the AFFIRMATIVE.

ARTICLE 8

Motion: By Elizabeth O'Donnell, duly seconded by Timothy Louis to hear the report of auditors and pass any vote relative thereto.

Article 8 voted by a show of cards.

Voted in the AFFIRMATIVE.

ARTICLE 9

Motion: By Elizabeth O'Donnell, duly seconded by Kathleen Hoelzel to see if the district will vote to raise and appropriate Ten Thousand Dollars (\$10,000.00) as a contingency fund, to meet the cost of unanticipated expenses, all in accordance with RSA 198:4-b. Further, that any surplus in this account at the close of the fiscal year be transferred to the Capital Reserve Fund for renovation of existing buildings and the construction of additional school

buildings, and for the cost of such renovations and construction.

Article 9 voted by a show of cards.

Voted in the NEGATIVE.

ARTICLE 10

Motion: By Kathleen Hoelzel, duly seconded by Timothy Louis to see if the district will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from the state, federal or other governmental unit or a private source which becomes available during the 1990-91 school fiscal year provided that such expenditures not require the expenditure of other school district funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.

Article 10 voted by a show of cards.

Voted in the AFFIRMATIVE.

ARTICLE 11

Motion: By Sandra Ellis, duly seconded by Elizabeth O'Donnell to choose one Raymond voter to serve as a member of the Raymond School District Staff Development Committee for a term of one year; and to accept open nominations from the floor.

Voted by a show of cards.

Voted in the AFFIRMATIVE.

Motion: By Sandra Ellis, duly seconded by Cheryl Kenney to nominate Jack Barnes.

At this time, the moderator asked if there were any other nominations.

Voted by a show of cards.

Voted in the AFFIRMATIVE.

Jack Barnes is the Raymond voter to serve on the Raymond School District Staff Development Committee for a term of one year.

ARTICLE 12

Motion: By Sandra Ellis, duly seconded by Elizabeth O'Donnell to choose one Raymond voter to serve as a member of the Raymond School District Staff Development Committee for a term of two years;

and to accept open nominations from the floor.

Voted by a show of cards.

Voted in the AFFIRMATIVE.

Nominations from the floor were: Judy Sloan
Mary Bogrett
Rick Nadeau

Voted by a show of cards which were counted. The moderator declared a tie between Judy Sloan and Rick Nadeau.

Tie between Judy Sloan and Rick Nadeau voted by a show of cards which were counted.

Judy Sloan - 136
Rick Nadeau - 179

Rick Nadeau was declared the Raymond voter to serve on the Raymond School District Staff Development Committee for a term of two years.

ARTICLE 13

Motion: By Sandra Ellis, duly seconded by Timothy Louis to see if the district will vote to raise and appropriate the sum of Six Hundred Thirty-Two Thousand, Four Hundred Eighteen Dollars (\$632,418.00) as a deficit appropriation for the payment of teachers' salaries and other expenses for the current fiscal year (fiscal year ending June 30, 1990) pursuant to the Factfinder's Report.

Two requests for a secret ballot were received from the following:

- | | |
|------------------------|---------------------|
| 1. Daniel F. Chouinard | 2. Donna L. Woodard |
| Robert Carlberg | Gail C. Pare |
| Kathleen Spedding | Thomas R. Perkins |
| Sonya M. Chouinard | Lynn LaBranche |
| Margaret Joyce Mayo | Paula C. Devlin |
| Denis Lortie | Lisa Hennessey |
| Janice M. Lortie | Kathryn Mitchell |

A lengthy discussion followed.

Motion: By Cheryl Kenney, duly seconded by Denis Lortie to move the question.

Motion to move the question voted by a show of cards.

Voted in the AFFIRMATIVE.

At this point there was a lot of commotion on the floor because there were people in line to speak to the article when the motion was made to move the question. Since the majority voted in the affirmative and no one stood up to make another motion, the moderator let the motion stand.

The moderator declared the polls open at 6:40 p.m. and stated that the polls would remain open for 35 minutes.

The moderator declared the polls closed at 7:15 p.m.

Total Ballots Cast: 384
Yes: 101 No: 283

Article 13 voted in the NEGATIVE.

During the voting, Hughin Holt came up to the moderator with the following note of protest to be entered into the minutes.

Chan Newton:

I wish to register formal protest to the procedure involved in the vote of Article 13.

1. We were voting to accept/reject the Fact finders report. To the best of my knowledge copies were not available until today. Then there were not sufficient copies for all voters (I had to borrow one and hardly had an opportunity to study it.)
2. The School Board had begun to present its position immediately after you read it and you told them to wait until a proponent had spoken. I was waiting to hear the official School Board statement. They were cut-off.
3. I was in line to speak and you had recognized me as fourth in line.

I have never in my years in Raymond had a moderator allow a stampede to move the question to cut off those persons already in line to speak!

I would like to have this protest entered into the minutes of this meeting.

Hughin Holt

ARTICLE 14

Motion: By Kathleen Hoelzel, duly seconded by Timothy Louis to see if the Raymond School District will appropriate Twenty-Five Thousand Dollars (\$25,000.00) to be funded by a grant from the Federal Government, Department of Recreation and Economic Development Land and Water Conservation Fund.

Article 14 voted by a show of cards.

Voted in the AFFIRMATIVE.

ARTICLE 15

Motion: By Joan Vigliotti, duly seconded by Henry Check to see if the district will vote to raise and appropriate the sum of Twenty-Six Thousand, One Hundred Thirty-Nine Dollars and Eighty Cents (\$26,139.80) to fund all costs for the establishment of a junior varsity football team at Raymond High School during the 1990-91 school year.

A secret ballot had be requested from the following:

Daniel F. Chouinard
Sonya M. Chouinard
Margaret Joyce Mayo
Kathleen Spedding
Robert Carlberg
Denis Lortie
Janice M. Lortie

The moderator declared the polls open at 7:52 p.m. and stated that the poles would remain open until 8:15 p.m. or until everyone in the building had voted, whichever came first.

The moderator declared the polls closed at 8:13 p.m.

Total Ballots Cast: 300
Yes: 65 No: 235

Article 15 voted in the NEGATIVE.

At this time, there was a motion from the floor.

Motion: By Robert Carlberg, duly seconded by Sharon Lavalley that we in this room should send a clear message or a mandate to our School Board in reference to the teachers' contract 89-90 school year.

That the board be instructed to, as soon as possible, negotiate with the Raymond R.T.O. to all their step and the 90% funded insurance package which they now enjoy and nothing more for that year.

It is also the intent of this motion to send a clear message to our School Board to bring any raises given in the near future to be more in line with the economy, national guidelines and inflation factors of 4 to 6%.

At this point, there was a motion from the floor to table the above motion.

Motion: By Steven Sloan, duly seconded by Delmar Anderson to table the above motion made by Mr. Carlberg.

Motion to table the motion by Mr. Carlberg voted by a show of cards which were counted.

Total votes counted: 227
Yes: 110 No: 117

Motion to table the motion made by Mr. Carlberg voted in the NEGATIVE.

Motion: By John Page, duly seconded by Chris St. Onge to amend the motion made by Mr. Carlberg so the last paragraph would read 3 to 5%.

Amendment: That we in this room should send a clear message or mandate to our School Board in reference to the teachers' contract 89-90 school year.

That the board be instructed to, as soon as possible, to negotiate with the Raymond R.T.O. to all their step and the 90% funded insurance package which they now enjoy and nothing more for that year.

It is also the intent of this motion to send a clear message to our School Board to bring any raises given in the near future to be more in line with the economy and national guidelines and inflation factors of 3 - 5%.

Motion: By Steven VanKowenberg, duly seconded by Andy Silvio to move the question.

Motion to amend Mr. Carlberg's motion to read 3 - 5% in the last paragraph voted on by a show of cards.

Voted in the NEGATIVE.

At this time, the moderator stated we would vote on Mr. Carlberg's original motion. He reminded the assembled group that this was a straw vote, a message to the School Board, and not in any way binding.

A secret ballot was requested from the following:
Daniel F. Chouinard
Sonya M. Chouinard
Robert Carlberg
Margaret Joyce Mayo
Kathleen Spedding
Denis Lortie
Janice M. Lortie

The moderator declared the polls open at 8:37 p.m. and stated that they would remain open until 8:55 p.m. or until the last person in line went through the check line.

The moderator declared the polls closed at 8:55 p.m.

Total Ballots Cast: 223
Yes: 117 No: 104 Abstain: 2

Mr. Carlberg's motion voted in the AFFIRMATIVE.

At this time, Sandra Ellis, Chairperson of the School Board thanked Dr. Carnwright, retiring in June, for his time spent as the Superintendent of the Raymond School District.

A motion was made and seconded from the floor to adjourn the meeting.

The moderator stated that he would not accept the motion to adjourn as Article 16 was still to be voted on.

There was a motion on the floor and seconded to overrule the moderator.

Motion to overrule the moderator voted by a show of cards.

Voted in the NEGATIVE.

ARTICLE 16

Motion: By Roger Retzke, duly seconded by Cheryl Kenney to see if the voters wish to establish a School Building Advisory Committee. This committee will be responsible to: 1) conduct an in-depth space needs study of the district, 2) advise the voters at the 1991 Annual School District Meeting of the committee findings with a report and/or warrant(s) of the proposal(s) best suiting the projected needs of the school district until the year 2001, 3) oversee the planning and construction of any new facility or permanent addition to a facility that may be approved at the 1990 Annual School District Meeting.

This committee will be appointed by the School District Moderator. It will be an advisory committee only, and will work in concert with the School Board and the Superintendent, who will provide them with whatever assistance and information they need. The committee will advise the School Board and Superintendent of the status of their activities on a monthly basis.

The committee will be comprised as follows: two (2) parents of elementary students, two (2) parents of middle school students, two (2) parents of high school students, and four (4) members of the district at large. The town Building and Health Officer, the principals of each building, the Superintendent of School and one School Board member will be ex-officio, non-voting members of the committee. If a new facility or permanent addition is approved at the 1990 Annual School District Meeting then the committee will stay in place until the construction is completed and is acceptable in all respects.

Motion: By Louis Sessen, duly seconded by Denis Lortie to move the question.

Article 16 voted by a show of cards.

Voted in the AFFIRMATIVE.

The moderator stated that a sign-up sheet was available at the podium for anyone wishing to sign up. Anyone wishing to sign would sign his or her name and what school their children, if any, were in.

Motion: By Steven Sloan, duly seconded by Judy Sloan to take Article 7 off table.

Motion by Steven Sloan to take Article 7 off table was voted by a show of cards.

Voted in the NEGATIVE.

Motion: By Bob Brusso, duly seconded by Cheryl Kenney to adjourn the meeting.

Motion to adjourn the meeting voted by a show of cards.

Voted in the AFFIRMATIVE.

The moderator adjourned the Raymond School District Meeting of March 10, 1990, at 9:06 p.m.

RAYMOND SPECIAL SCHOOL DISTRICT MEETING

JULY 25, 1990

The Raymond Special School District Meeting was called to order at 7:48 p.m. in the Raymond Community Gymnasium of the Iber Holmes Gove Middle School, by the moderator, J. Chandler Newton. The moderator then asked for a moment of silence in memory of Hughin Holt. Mr. Newton then led the meeting in the Pledge of Allegiance.

BALLOT CLERKS:

Pauline Gordon	Assunta Ege
Delmar Anderson	Joan King
Fritz Bell	Janice Lortie
Francis O'Brien	Frances Carlberg

The moderator stated that Bradley's Simplified Rules of Order would be used to conduct the meeting, and they were then read by the moderator.

Method of Voting: Articles that were not voted on by secret ballot were voted upon by raising "tan" colored voting cards with the letter "E" printed on them, unless declared otherwise by the moderator. The moderator stated that a secret ballot could be requested by any five (5) registered voters prior to a vote; or seven (7) registered voters after a vote if they dispute the vote. All names must be handed to the moderator on a slip of paper.

At this time, the moderator introduced school board chairperson Kathleen Hoelzel, who introduced the school district moderator, school district clerk, superintendent's office personnel and the school board. Legal counsel was then introduced. Harold Wood of the budget committee then introduced the members of the budget committee.

The moderator then read the warrant. At this time, the moderator also stated that he had received a request for a secret ballot. Request for a secret ballot on Article 1:

Donna Woodward
Ann LaRoche
Ramona Stevens
Florence Bell
Russell Bell
Margaret Dumont
Susan Butters
Thomas R. Perkins

ARTICLE 1

Motion: By Harold Wood, duly seconded by Roger Retzke to see if the district will vote to raise and appropriate the sum of eight hundred forty-nine thousand, nine hundred ninety-nine dollars (\$849,999.00) to fund cost items for increases in salaries and benefits attributable to the latest collective bargaining agreement between the Raymond school board and the Raymond Teachers' Organization and to the commensurate increases in salaries and benefits for the curriculum coordinators, two hundred eighty-three thousand, eight hundred seventy-three dollars (\$283,873.00) of said sum being required to fund the increases for the July 1989 through June 1990 fiscal year, and the balance of five hundred sixty-six, one hundred twenty-six dollars (\$566,126.00) of said sum being required to fund the increases for the July 1990 through June 1991 fiscal year.

Harold Wood then spoke of the article on behalf of the budget committee.

Sandra Ellis spoke on behalf of the school board.

James Fabiano spoke on behalf of the Raymond Teachers' Organization.

After the above three speakers, the moderator stated that the article was open for discussion from the floor.

After a lengthy discussion from the floor, a motion was made to move the question.

Motion: By James Demeritt, duly seconded by Sherry Brox to move the question.

Voted by a show of cards. Voted in the AFFIRMATIVE to move the question.

The ballot boxes were opened and declared empty.

The moderator declared the polls open at 9:01 p.m. and stated that they would remain open until everyone attending the meeting had a chance to go through the line and vote.

The moderator declared the polls closed at 9:46 p.m.

Total Ballots Cast 504

RAYMOND SCHOOL BOARD ANNUAL REPORT

This report will encompass some of the issues that the School Board has had to address this past year as well as some of my feelings and philosophies regarding education in general.

The Raymond School Board has had to face many challenging decisions this past year. The Board has had to give very careful consideration to the needs of the students, the tough economic times and budget restraints.

We have had many requests for bus stop changes and to extend bus routes. This appears to be something that can be solved very easily but the Board had to consider the immediate and long range financial and educational implications to the student body as a whole. It is important for parents to be aware that the School District, while having certain legal obligations to provide transportation, is responsible for the student only once he is on the school bus and until he leaves the bus. Parents and the school should work cooperatively to meet the needs of the students in the safest and most cost-conscious manner.

This school year we had to cut some of our teaching staff due to budget cuts. Along with these cuts came the cuts in services and academic programs for our students. I am in hopes that the 1991-92 school year will not further tear apart the programs that the School District has worked so hard to develop for our future leaders. As usual, academic space for our growing population is still an important issue. This year we moved the fourth grade students to the Middle School. Even though the fourth grade was moved to the Middle School, the Elementary School is now filled to capacity unless we return to taking over the library to make classrooms out of it. Although this move offered the students in grades one to three the opportunity to have their needs more appropriately addressed, it placed a very heavy burden on our Middle School. Our School District has spent considerable time and resources to develop the middle school concept for our children in grades five through eight. At the time the new High School was built the voters also authorized some modifications to the Middle School to help to meet the needs of those students. It is imperative that we, as a School District, do not go backwards in what we provide for the children at this

critical stage of their development. We must give careful consideration and not dismantle the quality of our school system.

Another issue that the School Board had to face was the new roof at the Lamprey River Elementary School. We had not anticipated the expense of a completely new roof but it was the best solution to an ongoing problem. I am thankful to Tony Ricci, maintenance supervisor, for his hard work in attempting to implement a preventative maintenance program. While this appears to be costly, it is by far less expensive than having to replace or redo major projects. I hope that the voters will continue to support this type of activity.

I feel that the Raymond School District is very fortunate to have such dedicated people working for it. This school system has come a long way in the past twenty plus years that I have lived here. There are many, many people who have worked for this School District over the years that deserve a lot of credit for their dedicated service. I will not attempt to thank each one individually but hope that the citizens realize that it is with the cooperation of all that we reach our goals for the students.

I offer special thanks to our new Superintendent, Dr. Kenneth Severson and our Assistant Superintendent, Cheryl Stratchko for their professionalism, competence, diligence and perseverance. To all our employees and volunteers who work "in the trenches," teachers, aides, principals, assistant principals, secretaries, custodians, and food service workers, the Raymond School Board and Raymond School District commend your efforts and thank you for your service.

There is much talk regarding the restructuring of school so that the students are prepared to meet the demands of our present society. What we do for our students today will have a lasting effect on this society in the future. We must nurture, motivate, and help our children develop the skills they need to face the demands of the future of this country. It is with the cooperative efforts between the community and school that we will reach the goal of restructuring our schools to meet these needs. I hope that the citizens will take every opportunity to

become involved in our schools. I want to thank the present and past school board members for their dedicated service. It has been a pleasure to work with you and the citizens of this town. Although there have been many trying and exasperating times throughout my years as a school board member, it has been a most rewarding and satisfying experience.

My deepest thanks must go to my husband, children and friends who have wholeheartedly supported me through my tenure as a School Board member. With their support and encouragement, they made it possible for me to serve our community.

Respectfully submitted,
Kathleen M. Hoelzel, Chairman
Raymond School Board
January 15, 1991

SUPERINTENDENT OF SCHOOLS REPORT

It has been a pleasure for me to return to Raymond last summer after an absence of four years. When I last worked for the Raymond School District as assistant superintendent of schools until July 1, 1986, much of my effort was spent in trying to resolve the problem of having too many school children and not enough classrooms in which to teach them. I worked with the School Board and Building Committee from 1984 to 1986 to resolve the need for classroom space. The bond issue was passed and a new high school was constructed. When I returned to Raymond this past year, the need for classroom space was still a top priority in the schools. The Lamprey River Elementary School was bursting at the seams. The library was closed and divided into classrooms. Instruction took place in corridors and spaces not much larger than closets. The School Board attempted to resolve this problem by moving all five classes of fourth graders to the Iber Holmes Gove Middle School. While the Middle School could absorb some of these students, adding all of the fourth graders shifted the overcrowding from the Elementary School to the Middle School. As such, the Middle School is now filled to capacity.

The State Board of Education has set the standard of a maximum of twenty-five students per class for first and second grades. For grades three through eight, the maximum number of students is set at thirty per class. In my opinion, when the enrollment in these upper grades exceeds twenty-five per class, it becomes difficult to maintain as high a quality of education as can be maintained with lesser students in the class. Part of this may be due to the time constraints on the teacher to give as much individual time to each student as might be desirable; and part may be due to the burn-out of the teacher who perceives herself or himself unable to keep up with the clamoring of students who want help from the teacher.

Next September, if nothing is done, our second grade will have 31 to 32 students per class; the fourth grade, 31 to 32 per class; the fifth grade, 37 to 38 per class; the seventh grade, 31 to 32 per class; and the eighth grade 30 to 31.

To resolve the overcrowded second grade classes, we plan to make the readiness classes larger by having three classes instead of the four classes we

presently have. We will then use the readiness classroom and the teacher to take care of the additional second grade class. At the Middle School, there is the need for four additional classrooms and four teachers. To resolve this problem will cost extra money if the quality of education is to be maintained.

Schools opened this year minus eight teaching positions. The positions lost due to budget cuts consisted of the following; gifted and talented, computer, remedial reading, guidance, English, business, industrial arts, and physical education. These personnel cuts had a significant negative impact on the educational programs of the School District. The loss of a guidance counselor at the high school has resulted in the reduction of basic guidance services to the average student; with one counselor's time primarily used to intervene in crisis situations. Raymond High School's curriculum was negatively effected by the reduction of an English teacher, a business education teacher, a physical education teacher and an industrial arts teacher.

Iber Holmes Gove Middle School lost the entire computer education program. Lamprey River Elementary School and the Middle School lost the Gifted and Talented program which academically challenged our students and provided enrichment activities for many youngsters in grades one through eight.

These losses significantly impair the District's ability to provide programs that challenge the students and allow them to progress at appropriate levels by providing a broader range of options; from remedial reading to enrichment.

Economic conditions in Raymond are not good this year. We had to cut good school programs to live within the budget. Everyone in Raymond has a stake in a good educational program. We all need to work together to keep our educational programs from going backward. Our children are the future of Raymond, of the State, and of our Country.

Respectfully submitted,
Dr. Kenneth Severson
Superintendent of Schools

LAMPREY RIVER ELEMENTARY SCHOOL

PRINCIPAL'S REPORT

RODERICK D. CREPEAU, PRINCIPAL

"Read the story again," pleaded the students in Mrs. Lebar's Readiness class. "And don't forget to show the pictures!"

Good stories and appreciative listeners make being a principal at Lamprey River Elementary School an enjoyable and rewarding experience. So do great kids, effective faculty, a caring staff, and supportive parents. Oh sure, not everything goes smoothly all the time, but by and large over the years, Lamprey River Elementary School is a good place for kids. The 1989-90 school year was no exception. Although our steady diet of the basics seems a bit stodgy to some, we do make changes - carefully - which benefit children and strengthen our curriculum.

Jimmy Carter was in the White House when our old reading series was selected. It served students well through three presidential administrations and into a fourth. Times change. Last year, L.R.E.S. faculty met continually to discuss your children's reading needs, methods of teaching reading, and a surfeit of newly published reading materials. The World of Reading, published by Silver Burdette and Ginn, was recommended to and adopted by the Raymond School Board this past summer. It will see us through into the next century. Since it will be with us a while, I'd like to briefly tell you about it.

The series contains a wide variety of award winning stories including Caldecott and Newbury award winners. As your children develop their reading skills, they will encounter authors such as Laura Ingalls Wilder, A. A. Milne, Beverly Cleary, Mark Twain, and Aesop to name a few. Classic stories and characters are used to teach phonics, build vocabulary, develop writing skills, and kindle young imaginations. Parents, teachers, and significantly the children seem to like it very much. There are few school districts in the state which make a greater effort to provide quality programs such as this for their students. On their behalf - thank you!

Three events highlighted this past fall. There was a tremendous turnout of parents for both our Open House and Parent Conferences. This support means

a great deal to children who always view our actions as more important than words. Secondly, the L.R.E.S. students earned First Place in the schoolwork division of the 1990 Deerfield Fair. Included in our exhibit were sponge paintings, leaf prints, seasopes, animal drawings, birches, sunset pictures, bird collages, and wildlife drawings. Mrs. Boynton's first grade class produced a special project detailing correspondence with their "sister city" in Australia which won its own blue ribbon for the best single class exhibit. The melodious sounds of Orff instruments filled our media center and hallways during a demonstration of our general music program provided by Mrs. Diane Spires, Music teacher, and students from Miss Richard and Mrs. Devlin's classes.

Excitement and expectation crowd the hearts and heads of children during the Christmas season. Visions of sugar plums may be edged out by pizza eating turtles but the spirit of giving is becoming a holiday tradition at L.R.E.S. Each of the past three years our students bring pennies to school during the week before Christmas vacation. On the last day, Santa takes time from a hectic schedule to visit each classroom. Wide-eyed children ask about reindeer as they give him their pennies, promise to be good, and are wished a Merry Christmas by this jolly old elf. Past proceeds of this collection were used to help earthquake victims in Soviet Armenia and to aid students at the Wilder Elementary School in Sumter, South Carolina who were hit by hurricane Hugo.

This year our sights are set closer to home. I'm pleased to report that the L.R.E.S. students collected 50,097 pennies. Thanks to their generosity, a check in the amount of \$500.97 was presented to the Raymond Community Action Program to be used to help keep the Food Pantry well stocked during 1991.

The L.R.E.S. PTO continues to provide a variety of programs and special events for children and parents. Students were fascinated with "Mime Magic" and delighted with "Dinosaurs and Fossils" brought to them as part of the performing arts series. The efforts of over 100 children were recognized during the late spring Awards Night program. The

Call-In program is run by PTO volunteers. A large number of parents toured the school in late August guided by PTO personnel. In December, Santa's Secret Store was jammed with young shoppers. Whether helping with a fund raiser or working in the classroom, volunteers have always been welcome at Lamprey River Elementary. This past year, under the direction of Mrs. Sheryl Roy, a more formal expanded program took shape. Her efforts not only brought more people to school but provided a welcome pat on the back for the school and our community.

The New Hampshire Partners in Education notified us by letter on December 20 that Lamprey River Elementary was selected as a recipient of the prestigious Blue Ribbon School Achievement Award for creating an outstanding school volunteer program. To begin to qualify for this award the total number of volunteer hours must be at least four times the school enrollment. In 1989-90 we needed 2,740 hours of donated time - we received 4,274 hours! We proudly accepted this award during New Hampshire School Volunteer Week on behalf of all of you who gave time, energy, and commitment to the students and their school.

Yes, we really did get our library back this year. And, for the first time in several years, all the programs actually fit in the facility. The decision to move the fourth grade to the Iber Holmes Gove Middle School made all this possible. This stop gap action relieved the existing pressure at Lamprey River Elementary, but left the middle school with some crowded conditions brought on by too many students in too small a space. The community of Raymond still attracts young families who have little children which causes our school enrollment to climb despite economic conditions. This year was super for space at Lamprey River Elementary - but we know it won't last for long.

Oh yes, the students in Mrs. Lebar's class got their story and the pictures, too.

IBER HOLMES GOVE MIDDLE SCHOOL

PRINCIPAL'S REPORT

Edward W. Donovan, Principal

The '90-'91 school year marks the third year of the operation of the Iber Holmes Gove Middle School. It has been a challenging but successful year thus far.

Since September we have been a school for grades 4 through 8. Severe overcrowding at the Lamprey River Elementary School made it necessary for the 4th grade to be moved to this building. This has meant that our population has increased from the 440 of last year to 634 students, a 44% increase. While this has created space problems at the Middle School, we feel that moving the 4th grade was the best decision possible.

In last year's report, I spoke glowingly of our Unified Arts Programs. As it turns out, Industrial Arts, Home Economics, Physical Education, and Health are going very well again this year. Music has been rejuvenated. In addition to general music, we now have an instrumental and choral program. Unfortunately, the computer education program was eliminated because of budget reductions. This is serious. A middle school in this day and age should be able to provide its students formal computer education.

Our interscholastic athletic programs are going well. Our Fall soccer had a 4-3-1 season. We are currently in the middle of our basketball season and both teams have posted early victories. Most importantly, the number of youngsters trying out for the various sport teams has greatly increased. This is particularly true of basketball. We hope that this trend continues. Our cheerleading team, which won several awards last year, is doing very well and is now traveling to away basketball games as well as cheering for us at home.

During the week of April 15-19 many of our 6th grade youngsters will be making the annual trip to Nature's Classroom. During the same week several

of our 8th grade students will be traveling to Washington, DC. Both of these activities are important to our students and we are most grateful to members of the public who have responded generously to our fund raising activities and to staff members whose chaperonage make these trips possible.

We could not give enough thanks to our Parent Core Group. This group's generosity and concern for our students and staff have been extraordinary. Using money raised through various time-consuming activities, the group has purchased valuable instructional equipment, has paid for outstanding student assemblies, provided refreshments for various school functions, purchased sports uniforms, and for the past two years has produced our end-of-the-year carnivals.

In my last report, I cautioned that it is important for us all to pay attention to how we organize our schools. The number of youngsters we put into our classes, maintaining continuity of staff, the number of grades we put into each building, are of immeasurable importance. The problems which prompted my remarks last year have intensified significantly. We have a most serious overcrowding problem in this school district. I am well aware of the financial difficulties which many people are undergoing in our present economy. It is important to remember, however, that your youngsters go through school only once. It is important that their one passage be as beneficial, as educational, and as rewarding as possible.

Once again, I want to pay thanks to the people of Raymond for their continued support and their past generosity.

Respectfully submitted,
Edward W. Donovan

RAYMOND HIGH SCHOOL

PRINCIPAL'S REPORT 1990-1991

On the day when our new refrigerator arrived, I was particularly busy, and I must tell you that I wasn't really paying that much attention. Therefore, when the delivery men asked me where they should leave the packing crate, I mumbled something about, "Just put it beside the house, and I'll get to it later."

Later, when I finally had time, I walked outside and was confronted by a huge cardboard-and-wood crate tilted against the side of our house.

What an eyesore! Not only that, but it would take me hours to break that thing apart for the garbage, and I probably would have to call someone to cart the thing away, at an extra cost, of course!

But, task led to task, and the afternoon passed until I chanced to look out our kitchen window and again spotted that monstrosity - but now it was in our backyard! Realizing that it hadn't walked there under its own power, I went out for a closer look.

As I approached, I noticed that the crate had undergone some changes. Holes were cut in the sides of it, and a large arch of cardboard was missing from one side. What's more, the happy sound of children's laughter echoed from it.

I looked through one of the cut openings. There were my daughters, giggling happily, curled up in positions only children can achieve.

"Mom!" exclaimed my oldest daughter. "Thank you, thank you! This is so awesome!"

"Thank me?" I said. "For what?"

"For this!" she said, stretching her arms. I said, "You're thanking more for a broken down, old crate?"

"No," she sighed. "Thank you for THIS! When we saw it beside the garage we knew it would be perfect for our clubhouse and sometimes it will be a fort or a castle or the secret place where the spies can't get you! Gosh, Mom, this is the best present we ever had!"

As I have reflected on this incident it makes me more aware of the fact that we, ourselves, are responsible for what we make out of every situation. So this year I have adopted the motto, "If it is to be, it's up to me." I have posted it on the Raymond High School entrance sign, in the school dining area, and I recite it to students whenever I can!

This year I have had to encourage the high school staff to incorporate in their thinking the fact that we, ourselves, are responsible for what we make out of every situation. This was vital as this year the high school opened its doors to students in September with five fewer professional members. Through the budget process the high school lost the following positions: one English teacher, one physical education teacher, one business teacher, one industrial arts teacher and one guidance counselor. The loss of these five teachers represented a fourteen percent reduction in the high school staff and the inability to offer a variety of courses to our students.

Because of the reduction in the number of English teachers for 1990-1991, we are currently offering only two levels of English, college preparatory and general. Students who are academically talented, who tend to be highly motivated, and who have college aspirations are well serviced by the English program. However, all other students have access to an on-grade level curriculum. This is a major problem in a district which has a disproportionately high percentage of learning disabled students, a good number of whom have a primary disability related to the processing of language. The absence of a remedial reading and writing English program is a disservice to our students.

Due to the fact that we lost one English teacher, we now have the English staff servicing over 100 students daily. With these large numbers, student papers to which one teacher must attend are daunting, thus making the writing process approach to writing instruction almost impossible! I continue to be concerned about the lack of an English teacher as ALL students must complete four years of

English to graduate and must be able to express themselves both verbally and in written form in order to succeed in our society.

With a ratio of 395 students to one guidance counselor, we are not complying with state standards nor are we able to service all our students' needs. In order to provide more counseling services with only one counselor, Robert Lemer, the high school guidance counselor has organized several seminar groups. The seminar groups consist of volunteer students from study halls which meet at least once weekly. These groups discuss issues ranging from family relations to the handling of aggression. Many of the issues discussed are student generated concerns and a rule of confidentiality prevails. Students are pleased with the seminars as it affords them the opportunity to discuss issues of interest to them and hear the problems of their peers.

With the loss of the other three teaching positions, we have drastically cut our course offerings to our students. But in spite of our staff shortage, the high school staff has continued to be responsible for what they make out of every situation. In an effort to afford an opportunity to educate and involve the student body in the complex task of providing justice within our high school, Mr. Christopher George, the assistant principal, the staff and the student council have agreed to an appeals process in disciplinary matters. They have formed a nine-member panel which includes six students and three teachers. We believe that the opportunity for students to appeal disciplinary matters is both a safeguard for student rights and an opportunity to apply one's education by requiring written and verbal presentation as well as critical thinking skills. It is our belief that student participation in matters of such importance better prepares our graduates to take their place as active and responsible members of society.

The Raymond High School student council, with the direction of Mr. Christopher George, has been sponsoring fundraising activities for the past two years for the purpose of purchasing a Green Ram mascot costume which is now in our possession. The Ram mascot was introduced to the student body on January 11, 1991. We plan to have our Ram mascot present at all home athletic events in the hope of inspiring school spirit among our student body.

This is the fourth year of Raymond High School's membership in project 'Search' which is the University of New Hampshire's seminars for advanced high school students. We are currently sending fourteen junior and senior students under the leadership of David Stearns, our social studies instructor. Thirteen other New Hampshire schools are involved in the project. We strongly feel that the program is a positive approach to further education.

This is also the fourth year in which the high school and elementary school students have worked together very successfully in the 'Amigos' program. On Friday afternoons the twenty-nine high school Amigos go to the elementary school to meet their elementary Amigos. The students engage in writing exercises, tutoring activities and a variety of indoor and outdoor activities. The high school students are carefully selected as they serve as role models and companions for their young associates.

Again this year the Raymond High School Guidance department sponsored a series of career days which are scheduled each month. Seminar topics are announced so that students may indicate their interests in advance. Usually a panel of at least three experts present information and personal experiences regarding a specific career. Recently the guests have emphasized the importance of completing a high school program and stressed the need for additional training and education after high school in order to succeed in our highly technological society.

Raymond High School has completed its second year of participation in the New Hampshire Alliance for Effective Schools School Improvement Program. The alliance is a group of 19 agencies and organizations united by the common desire to make New Hampshire's schools more effective. The program is designed to train local school teams to work collaboratively using a shared decision-making model, to develop their own school improvement plan. This year the team has been developing an action plan and concentrating its efforts in the areas of a student advocacy system and mini-courses. Hopefully our students will reap the benefits of the S.I.P. team's diligent work in the fall of this year.

This past summer I was accepted along with ninety-nine other principals throughout the United States to attend the Harvard University's 1990 Summer Principals Institute.

Harvard...elite establishment of a selected intellectual minority. The name had always conjured images of cold, ivy-covered facades of imperious learning. Yet, in July, a group of unassuming, undaunted school principals drank in the knowledge and frolicked in the friendship that prevailed on Harvard's campus.

The best and the brightest in the field of education poured fourth their wisdom to entice school principals to transform personally and transform their schools into communities of learners, where learning is perceived as a lifelong process and understanding is the ultimate goal. We were primed with the maxim that ALL children can learn and, as Pygmalion would have it, they will learn to the extent that we allow them to believe they can. From the practical to the esoteric, we were swathed in rich hues of wisdom and insight, and finally left to polish our visions, delicately wrapping them with a sense of purpose.

Professionally and personally, the Harvard experience was for me more meaningful than words can convey. That so many positive, caring people happened on Harvard's doorsteps could not have been perchance. These were gentle yet powerful individuals who rekindled my hope for the future of education in America.

I fully believe that the future of American democracy and culture can only be secured through our children. Through public education we pass on to our children the values we hold dear. In this sense, public education is our truest form of national defense. If we don't spend the money needed on education, we will continue to spend larger and larger amounts of money on welfare and prisons. We must raise the consciousness of the American people so that they see education not just as a way to acquire the skills for rewarding, life-long employment but also as an essential component of an enlightened nation.

I shall continue to work with the Raymond High School staff to encourage students to believe, "If it is to be, it's up to me," to promote education as a major component of an enlightened nation and to encourage individuals to "see the castle, not the old cardboard carton."

SCHOOL BUILDING ADVISORY COMMITTEE

This has been a year dominated by numbers - the numbers of students enrolled in each grade, what number in each school defines overcrowding, how many more students will there be, how much space should be added when, etc. It was almost overwhelming. This report describes what action we took through the year, what we recommend for the 1991-1992 school year, and long term recommendations.

BACKGROUND

The School Building Advisory Committee was created by voter approval on March 10, 1990. The warrant gave two charges. "1) Conduct an in-depth space needs study of the district, 2) advise the voters at the 1991 Annual School District Meeting of the committee findings with a report and/or warrant(s) of the proposal(s) best suiting the needs of the school district until the year 2001."

The warrant required that 10 members of the public be appointed by the School District Moderator; also there are representatives of the school district and the Building Inspector. Only the 10 members may vote. Appointments were comprised of two parents each of elementary, middle, and high school aged children, and four members of the district at large.

COMMITTEE MILESTONES

Milestone 1. Twenty meetings from May 16 through January 24. Six tours: Lamprey River Elementary School (LRES), Iber Holmes Gove Middle School (IHGMS), and Raymond High School (RHS); Derry's "stick built" classroom add-ons; Hooksett's "design-build concept" permanent addition; and the vacant St. Raymond Catholic Church was examined for possibilities.

Milestone 2. Members of the committee have met with the School Board about monthly, and several letters to the newspapers have been printed. About four inches of paper have been read or written. This includes all the current and proposed standards and procedures for approval of elementary, middle/junior high, and high schools; reports of the Superintendent's 1989 appointed Advisory Committee; topical reports by members of the administration; and many topical reports by our own members.

Milestone 3. When we started our task, the LRES was grossly overcrowded with a predicted increase in September, 1990 first grade enrollment. After much study and discussion, in July, 1990 we recommended the School Board move the fourth grade from the LRES to the IHGMS.

Status: The School Board did this. LRES (with portable classrooms) capacity is 600 and IHGMS capacity is 625 (possibly 745 as an elementary school). Enrollment on Jan. 2, 1991 was LRES-589 and IHGMS-626; grade four-152.

Milestone 4. In October we did a random telephone survey of registered voters. The questions asked participants to rank their support for a specific list of school construction and non-construction alternatives to resolve the problem of enrollment growth. Quoting the November 10 letter to the Raymond Times correspondent:

"The top response from the public was for expansion to existing buildings in the district. This was closely followed by adding to the Raymond High School and making it a Jr/Sr High School. Wooden additions to existing sites was a close third choice. The voters made it clear to all of us that the possibility of a fourth school building was not an acceptable choice to them."

"We also received responses from the voters on non-construction alternatives. Some form of alternative scheduling was the top response. All members of the committee did note that many people made it clear that they favored a permanent solution to this problem, not a bandage approach, as the non-construction alternatives would offer."

"... Better than 43% (of the participants in the random voter survey) have school age children in the district, and over 80% are homeowners in Raymond."

Milestone 5. In November the committee voted unanimously to document its perception that the Raymond School District's current facilities are not adequate to house the projected school enrollment for September, 1991.

Milestone 6. In December we recommended the School Board not lease or erect more classrooms in the 1991-92 school year. Also, we recommended the Gove School, now conditionally certified as a middle school, be reclassified by the School Board as an elementary school through grade eight. Elimination of the industrial arts and home economics programs will provide additional capacity, as these programs do not fully utilize the space they must take. (Note: this milestone is tied to the later discussion of a Jr. HS addition to the RHS in Recommendation 3.)

Status: As of January 23, 1991, the School Board is obtaining bids in order to better consider this proposal; also, the annual budget process is not yet complete. Budgetarily, these recommendations impact the proposed \$143,700 for four portable classrooms and four teachers. The effect is to end the Middle School curriculum and be more space-efficient (until more space is available), expend \$48,000 for two additional teachers, and incur the cost of minor renovation of the old home economics and shop space.

COMMITTEE FINDINGS

We had some of our most lengthy meetings deciding how to deal with two uncertainties. The first was whether there is an enrollment space crises. The second is how many students will be in each grade in each year of the next decade. The alternatives are described above in the voter survey.

There is an enrollment crises. There is nothing the school district can do about it. Reducing tuition students will not help; on Jan. 2, 1991, there were 38 tuition students in the 28 RHS classrooms; this practice turns available space into tax revenue. The School Board has no control over the enrollment and rate of growth. The current enrollment is shown below. The building capacities are: LRES-600 (including 100 in portable classrooms), IHGMS-625 (possibly 745 as an elementary school), and RHS-500 (existing core sized for a 200 student addition).

	LRES	GMS	RHS
Current capacity	600	625	500
1/2/91 enrollment	589	626	395

The existing organization will not work. Available data clearly indicates we are running out of space for preschool through grade eight (and the size of grade eight makes moving it to the high school only a one or two year solution as well as duplicating shared Jr.

HS resources). The possible alternatives are almost endless. To help us get past this obstacle, a consultant in problem solving techniques donated her time. The survivors of the process were the construction alternatives part of the voter survey: Jr. HS addition to RHS, other addition(s), "Stick built" add-ons or portable classrooms, or a new school. In all fairness, however, we decided certain non-construction alternatives deserved a chance. These were added to the voter survey and our list to study and debate.

Non-construction alternatives will not be supported.

1) Alternative scheduling is not double schedules, which cannot be approved; it would stagger overlapping schedules in order to gain some space in the first and last periods. Alternative scheduling would have a slightly lower operating cost, mostly due to bussing efficiency, but probably have much higher child care costs to parents. This is a short term solution. The voter survey favored this alternative over the following two, yet said they wanted no bandage solutions. 2) Year 'round school replaces the cost of construction with the one time cost of adding air conditioning, the increased operating costs of staffing, bussing, utilities, etc., and the incalculable cost of inconvenience and rescheduling to families. Year 'round school is a long term solution. Across the nation, the idea has proven workable but is usually replaced later by construction and return to a customary schedule. 3) Tuitioning Raymond students elsewhere assumes there is a place to send them, and the initial cost is less than incurring debt and operating cost increases. In the long run, this becomes more expensive after the proposed structure's debt is paid.

The best construction alternative is uncertain. The voter survey clearly sent the messages "no new school" and no bandage solution. The recommendation of Milestone 6 is to end the middle school program in order to gain a short period of time to further assess the following problems. This committee's greatest fear is recommending a project the voters approve, and later to find it to be a less than ideal solution to the enrollment problem. Enrollment projections are no substitute for a crystal ball, but are all we have. Here is a brief review of several problems. 1) The current recession is leaving many people unable to afford a school addition and larger operating costs. 2) Concern a major recession may reduce the population of Raymond (as it is in N.H. as a whole) and leave us with new construction

we can't fill and can't afford. 3) There is a large reported number of unoccupied and financial troubled housing units in Raymond, and 4) simultaneously the largest enrollment ever seen. 5) Too conservative a building plan eventually is excessively expensive when cost of necessary expansion is added.

Recommendation 1. Appoint an ongoing committee for 1991-92, or until the space problem is resolved. Annual committee appointments can bring in fresh ideas and new talent faster, and reappointments should assure continuity. If the School Board adopts the recommendation to end industrial arts and home economics this committee can continue to grapple with the problems just described.

Recommendation 1a. Arrange for in-house enrollment projections to be done on an annual basis. The method should use an accepted statistical methodology to predict preschool, readiness, and all grade enrollments for no less than five years, and preferably 10 years.

Recommendation 1b. Budget \$5,000 for engineering support of this committee. After selection of a design-build firm based on competing concepts and costs, the expenses will fund development of a detailed building project proposal and bid to be approved by the voters at the March, 1992 School District Meeting.

Recommendation 2. Permanent construction should be by the "design-build" concept. We have learned it is possible to build a major addition in just a few months, and at a lower cost. Many firms are experienced in submitting a concept bid to be cooperatively designed and built in tandem; this typically saves on contingency costs for unforeseen problems, and requested changes are easier. Traditionally, the design is done first by an architect and then bids requested from contractors; this often adds many months to a schedule, is harder to manage, and is more costly.

Recommendation 3. If enrollment continues to climb at the recent rate, then this committee favors adding a Jr. HS wing to RHS and expanding the RHS core as necessary. The concept of a wing minimizes mingling of Jr. and Sr. HS students if separate lunch periods are scheduled. The core

would probably need to be expanded as current core capacity for 700 would be inadequate for grade 7-12 enrollment in just a few years.

Recommendation 4. If enrollment climbs faster than the recent rate, then either a new school or else additions at both the LRES and IHGMS is appropriate. This committee is resistant to the extra operating costs associated with a fourth school, i.e., administrative and maintenance staff, utilities, bussing, etc. On the other hand, this committee recognizes several physical restrictions to expansion on the two current sites, engineering difficulties, and effect on students and staff of too large an organizational unit. In anticipation of this enrollment rate, we urge the conduct of a focused study of how to construct educationally and organizationally effective additions at LRES and IHGMS. A sum of money in the School Board budget for engineering support of this task separate from Recommendation 1b. may be appropriate.

WRAP-UP

The 1990-1991 School Building Advisory Committee thanks the participants in the telephone survey for their cooperation and Toni Chaput for helping us reduce the number of alternatives to a manageable few. Thanks also go to the people of Raymond who gave us their votes and trust last March, and School District Moderator, J. Chandler Newton, for the committee member appointments. Last but not least, we thank the School Board and SAU staff for their cooperation and support.

SCHOOL LUNCH REPORT

1989-1990

Each year it becomes more of a struggle to keep our School Lunch Program financially sound. This year, from July 1, 1989 through June 30, 1990, our program barely stayed in the black. After July 1, 1990, we had to prepare for the summer payroll, equipment maintenance costs and the re-opening of school costs. The Lunch Program had to borrow some money from the School District. The previous year, (July 1989-June 1990) I also had to borrow monies which were paid back in full by June 30, 1990.

In this report, I want to let the people of Raymond know that your School Lunch Program is self-supporting. These monies are generated from our student participation in our lunchrooms and in our a la carte lines. These generated funds go towards salaries, health insurance, FICA, and all other School Food Service expenses; i.e. food, paper, equipment, etc. This accounts for about two-thirds of our funding. The final one-third of our Program is funded through State and Federal reimbursements. No local taxes are ever used for our School Food Service Program with the exception of our telephone and electricity costs. All gas used in two of the buildings are paid for by the School Food Service funds.

I feel that this is very important for you to know. We do our very best to keep our School Lunch prices affordable for ALL of our children. Our School

Lunch Program must also meet Federal guidelines and we must offer all five components daily. All of this costs money. We are trying very hard to keep our cost down, but it is not an easy task.

Due to the instability of the economy, in the future we may have to have some help from our local tax sources in the areas of Health Insurance, Equipment Replacement and Equipment Maintenance costs. We are now in the process of requesting aid through the proper channels.

We are still one of the best School Lunch Programs in our State and our prices are still one of the lowest. However, we may have to raise lunch prices to keep our Program solvent and financially sound.

I would also like to let you know that the people who work in the School Lunch Program are professionals and most of them are certified with the American School Food Service Association. Many of us attend yearly workshops in order to stay informed of the ever changing food industry. We are here to provide OUR children with a nutritious and acceptable Breakfast and Lunch.

Respectfully submitted,
Susan Marangelli
Food Service Director
Raymond School District

REPORT OF THE SCHOOL DISTRICT TREASURER

FOR THE FISCAL YEAR JULY 1, 1989 TO JUNE 30, 1990

GENERAL FUND SUMMARY

Cash on Hand July 1, 1989		\$208,711.66
Current Appropriation	\$6,309,285.00	
Revenue from State Sources	\$1,053,133.13	
Revenue from Federal Sources	\$137,854.72	
Revenue from Tuitions	\$238,993.11	
Revenue from Interest	\$34,778.93	
Revenue from Building Fund-Interest	\$43,655.00	
Other Revenue (Refunds, Driver Ed. Students, etc.)	<u>43,766.65</u>

School District Treasurer

INDEPENDENT AUDITOR'S REPORT

ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO NONMAJOR FEDERAL FINANCIAL ASSISTANCE PROGRAMS

To the Members of the School Board
Raymond School District
Raymond, NH 03077:

In connection with our audit of the 1990 general purpose financial statements of the Raymond School District, and with our study and evaluation of the School District's internal control systems used to administer Federal financial assistance programs, as required by Office of Management and Budget Circular A-128, Audits of State and Local Governments, we selected certain transactions applicable to certain nonmajor Federal financial assistance programs for the year ended June 30, 1990. As required by Circular A-128, we have performed auditing procedures to test compliance with the requirements governing types of services allowed or unallowed and eligibility. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the school District's compliance with these requirements. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures disclosed no material instances of noncompliance with the requirements listed in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the School District had not complied, in all material respects, with those requirements.

This report is intended for the information of management and the applicable State and Federal agencies. This restriction is not intended to limit the distribution of this report, which, upon acceptance by the School District, is a matter of public record.

RAYMOND SCHOOL DISTRICT STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE SCHOOL DISTRICT, IN THE TOWN OF RAYMOND, NEW HAMPSHIRE,
QUALIFIED TO VOTE IN DISTRICT AFFAIRS:

You are hereby notified to meet at the Community Gymnasium at the Iber Holmes Gove Middle School in said District, on the ninth day of March, 1991, at three-thirty P.M. in the afternoon to act upon the following articles:

1. To hear the report of the auditors and pass any vote relating thereto
2. To hear the report of the Raymond School Building Advisory Committee.
3. To see what funds the School District will vote to raise and appropriate to fund the cost items related to an increase in teachers' salaries and benefits attributable to the latest Collective Bargaining Agreement entered into by the School Board and the Raymond Education Association for the fiscal year 1991-1992, such sum of money representing the additional cost attributable to the increase in salaries and benefits over those obligations payable under the 1990-1991 Collective Bargaining Agreement.
4. To see if the School District will vote to raise and appropriate the sum of Nine Million, Fourteen Thousand, Four Hundred Eighty Six Dollars (\$9,014,486.00) for the support of schools, for the payment of salaries and benefits for School District officials and agents other than benefit and salary increases to teachers; and for the payment of statutory obligations of the School District.
5. To see if the School District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from State, Federal or other governmental unit or a private source which becomes available during the 1991-1992 school fiscal year provided that such expenditures not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.
6. To see if the District will vote to raise and appropriate the sum of Twenty-Six Thousand, One hundred Thirty nine and 80/100 (\$26,139.80) Dollars to fund all costs for the establishment of a junior varsity football team at Raymond High School during the 1991-1992 school year. (By Petition)
7. To see if the Raymond School District will raise and appropriate the sum of Five Thousand, Two Hundred Dollars (\$5,200.00) to provide that community non-profit youth groups (scouts, youth athletics, and other youth organizations) be exempt from the payment of custodial fees for the use of the school facilities on weekends. (By Petition)
8. To transact any other business that may legally come before this meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS TWENTY-FIRST DAY OF FEBRUARY, 1991.

The Town of Raymond would like to convey its support and appreciation to the men and women of our community who are serving their country in the Persian Gulf area. Theirs is a most difficult task; one that we here at home cannot fully appreciate as we go about our daily lives.

Let us be ever mindful, too, of the personal sacrifices each of their families is making, and let them know that as a community we share their concern and stand ready to assist them where possible.

Our office in the days ahead will prepare a roster of names and addresses of all those from our community in the Persian Gulf area, and we hope that friends and neighbors alike will join us in honoring their efforts.

In the tradition of past generations, the Veteran's Memorial Bandstand in our town common is proudly adorned with yellow ribbons symbolizing support of our armed services personnel. These ribbons will remain in place until peace is achieved in the Middle East, and the members of our community have returned home.
