GEORGE C. WARD, TOWN CLERK.
REPORT OF THE
SANBORNTON MUTUAL
FIRE INSURANCE COMPANY.

Amount at risk January 1, 1905, $130,857 00
Premium notes held by the Company on policies in force January 1, 1905, $6,542 85
Balance in favor of the Company as per Treasurer's report January 1, 1905, $535 84

OTIS S. SANBORN, President.

OTIS S. SANBORN, THOMAS O. TAYLOR, CYRUS SWAIN, GEORGE A. LEAVITT, GEORGE B. LANE, Directors.

ALBERT M. OSGOOD, Treasurer.

HERBERT J. L. BODWELL, Secretary.

The attention of every policy holder is called to the following:—

By vote at the annual meeting of the Company held January 7, 1901, policy holders wishing to remain away longer than thirty days may keep the insurance on their property good, by applying to the Secretary for a permit to leave their premises unoccupied for such time as they may specify, paying for the same five cents per month for every one hundred dollars for which they are insured.
SCHOOL REPORT.

We have had twenty-eight weeks of schooling in two terms of twelve and sixteen weeks respectively;—twelve for the spring and summer, and sixteen for the fall and winter. This exceeds in amount by two weeks that of any previous years, and is nearly double what we had under the old district system. The ability to increase the amount of schooling for the past year came by special state appropriation. We hope to hold permanently what we have gained, and to still increase the amount as soon as practical.

Teachers have been employed as follows: Mattie E. Locke, at Calef Hill; Carrie M. Ward, at the Square; Mattie Page, at Hunkins, first term; Nettie B. Woodman, the second; Alice W. Leavitt, at Meadow; Grace E. Leavitt, at Bay; Nettie B. Woodman, at Morrison, the first term; Mary N. Redding and Ida Dearborn, the second; Pearl Colby, at Gaza; Inez M. Wadleigh, at Chapel; Jennie D. Blake, at New State, first term; Winifred L. Eaton, the second; Stella M. Thomas, at North Sanbornton.

Teachers qualified for their work not only have something to teach, but also have knowledge of the art of teaching. These two things are made specialties to-day in state training schools, and, to some extent, in other schools which would fit their students for teaching. Some of our teachers brought to their work Normal training, others training in the secondary schools, looking to their work, coupled with experience in the work of the school room. They have generally succeeded in awakening an interest and securing the attention of their pupils,—necessary conditions in all education. Diligent and faithful, their work has been attended with success.
We have been glad for the spirit of criticism apparent in some of our schools touching the use of language. We hope it will become general; for if errors of speech are permitted to go unchallenged in the early school years, all the training of subsequent years, in the secondary schools, may fail to correct them.

Twenty students from this town have availed themselves of high school privileges in approved schools as follows: five at Tilton Seminary; five at New Hampton Institution; five at Laconia High School, three at Colby Academy; one at Franklin High School; one at Bristol High School.

The Roll of Perfect Attendance compares favorably with those of other years.

For number of schools, pupils in attendance, studies pursued, teachers' wages, visitations, and other items of interest, you are referred to the statistical table. The old district names and numbers are used for convenient reference.
