NEW HAMPSHIRE SEACOAST REGIONAL DEVELOPMENT ASSOCIATION

Report of the President and Executive Secretary
Year ending September 15, 1957

This twenty-third annual report will briefly touch upon some of the more important events of the Association's activities.

The distribution of our ever popular information and guide book "The Seacoast Region of New Hampshire Awaits Your Pleasure" has been significant in that a record number have been mailed directly to individuals definitely interested in the Region and the State.

More than forty percent of the 25,000 published have been sent to these individuals upon personal request and through selections from authentic lists of inquiries for the information the book contains. The remaining sixty percent were effectively used through the various valuable information services in the United States and Canada.

The six regional associations joined in an exhibit at the Boston Herald Travelcade in November 1956 and will participate again in October 1957.

The \$1,171,000.00 Federal Project removing hazards to navigation in Portsmouth Harbor and the Piscataqua River is now completed. A resolution for authorization of further surveys in the upper part of the River has been presented by Congressman Chester E. Merrow to the Public Works Committee of the U. S. House of Representatives.

Sponsored by the (State) Harbor Advisory Committee of which the Executive Secretary is Chairman, legislation creating a New Hampshire Port Authority has been enacted.

Full surveys of Rye and Hampton Harbors by the U. S. Army Engineers have been completed and favorable reports are expected soon.

Determined efforts have been exerted for reconstruction of the State Pier at Hampton Harbor.

Funds have been allotted for a study by Army Engineers on extension downstream of the Cocheco River Flood Control Project.

Legislation recreating the N. H. Shore Fisheries Advisory Committee has been enacted.

Sponsored by our Mosquito Control Committee, legislation enabling establishment of insect and pest control districts in the State has been enacted.

The Association services through the Executive Secretary and Prof. C. F. Jackson of our Fisheries Committee, cooperating with the Portsmouth Rotary Club, the Portsmouth Y.M.C.A., Camp Gundalow and the Town of Greenland, were instrumental in securing the Winnicut River Dam.

Extensive data on the Region for a directory of Historic Lore in New Hampshire was compiled by Mrs. F. W. Randall for our Historic Sites Committee.

Legislation for the study of the pollution problem in Great Bay and the Rivers has been enacted.

Through action of our Agricultural Committee in addition to 4-H Clubs merit awards, the club leaders now receive the National 4-H News Magazine.

Some of these objectives were initiated or sponsored by the Association and in others every possible assistance has been extended. Special consideration should be given to the good services of our legislators. In these and other endeavors our associations with other groups and agencies, Local, State and Federal have been harmonious and productive.

Also the cooperative work of the Six Neighborly Regions of New Hampshire has brought forth many expressions of commendation. Our greatest need is more interest and support in our constructive purposes.
