Use of the Tuftonboro Library increased with the additional hours it was opened during the past year. An additional hourly increase is considered.

A reduction in the amount of Federal funds available for public library construction made necessary a change in the proposed library building for Tuftonboro. The architect's revised design for a new library was approved by the State Librarians' Office, and a campaign to raise funds for its construction is currently in progress.

REPORT OF POLICE DEPARTMENT

In recent years the need for police protection and police services has been increasingly evident and in demand, and the complexity of problems facing enforcement officials today has increased accordingly.

In order to meet and cope with these complex problems, a department comprised of highly-trained and intelligent personnel, as well as efficient equipment is of necessity today. The so-called "Cop on the beat" with his long nightstick is a thing of the past. The police officer today must be trained and have substantial knowledge of all laws enacted to govern and protect our society of today, and must be able to handle practically any situation that arises on his own. Many people still feel that the duties of a police officer are to apprehend the offender after he has committed his crime or act of violence. This is just a minute part of his duties, for the prime objective of his job is to try to prevent these acts before they happen by use of proper controls, observance of possible trouble areas and exercising controls over them, and a diligent surveillance of persons and areas that may create problems. Also the police officer must be a very understanding person as many times he is called into personal problems of his fellow townsman and is expected to act as mediator in settling these problems.

In order to meet and cope with these problems, the members of this department have taken courses on accident investigation, traffic law enforcement, criminal investigation and case preparation, criminal law and laws of evidence, and monthly attend regular meetings regarding law enforcement and its many phases. We are constantly endeavoring to increase the efficiency and knowledge of each and every one of this department's officers.

It is very gratifying to this department, and should be to all persons using our highways, to note the marked decrease in our accident rate. This I attribute to our continued patrol during the high intensity travel period and the erection of larger and more specific signs within the Town, and also to the attention given to the highway offenders by our police officers.

	1963	1964	1965

For a New Hampshire town such as our own to operate at a high level of well being and efficiency there must be a concerted effort by all members and citizens to exercise their duties in a responsible, devoted, enlightened, and courageous manner. Your Police Department is a valuable asset to your town, and the full cooperation of all citizens is needed to help reduce the losses in life and property and to eliminate embarrassing financial losses by complying with these few basic rules.

Obey all speed laws and highway signs pertaining to passing zones, and maintain your speed for the conditions of the highway.

Report all acts of misdemeanors and maliciousness as soon as possible. Do not wait until it is too late for the Police Department to take action.

Observe and try to record the registration number of all vehicles that may seem suspicious or may be parked in a place it does not belong, and report immediately.

Report immediately any persons that may act suspicious to you or are in an area where they are not authorized, especially around schools when they are in session.

All magazine and products salesmen unknown to you should have written authorization from the Chief of Police permitting them to solicit within this town. Septic tank cleaning concerns and home improvement concerns should also possess this permit along with a permit from the State.

Your Police Department has had a busy and successful year and I wish to take this opportunity to thank YOU, the citizens and taxpayers of Tuftonboro for your support and cooperation and we will continue to give you the service and protection expected of this department.

CARL I. HANSEN
Chief of Police,
Town of Tuftonboro

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts.

It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush;
 - a. Always get a permit to burn from the warden.
 - b. Start your fire late in the day after 5:00 P.M.
 - c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.
