FOREST FIRE WARDEN'S REPORT

Prevention Is Your Business

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed - all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First - by setting a good example YOURSELF - being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second - by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden - the law requires it.
2. Be sure to properly supervise your burning - don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles - make sure they are out - use your ash tray.
5. Don't burn at home - use your town dump and save yourself much possible difficulty, both personal and financial.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Windsor:

It is a pleasure to present my seventh annual report for your consideration.

Windsor finds itself in a unique situation for the school year 1961-62. Unlike most communities, plagued by increasing school population and increasing budgets, there will be a decrease in both areas for Windsor.

Inasmuch as three people will graduate from high school in June, 1961 and only one new pupil is expected to enter school, there will be but four elementary and one high school pupils next year.

Although the Hillsboro-Deering Cooperative School Board is sensitive to any suggestions or recommendations of its pupil sending districts, Windsor finds itself with no legal status relative to how their children are to be educated by the receiving district. It may be that some consideration should be given to the proposition of joining the Cooperative District, thereby gaining an opportunity to become directly involved in the direction of the education of its youth.

I would be very happy to work with a group to study the feasibility of this proposal.

Respectfully submitted,

Norman R. Hartfiel
