TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Acworth in the County of Sullivan in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Acworth on Tuesday, the 11th day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the Town will vote to appoint or elect a road agent.
3. To see if the Town will vote to accept the budget as submitted by the Budget Committee.
4. To see if the Town will vote to adopt a plan for extending to employees of the Town the benefits of Title II of the Federal Social Security Act (Old Age and Survivors Insurance) as authorized by Chapter 234 of the laws of 1951.
5. To see if the Town will vote to direct the time at which the Collector of Taxes shall give notice to those persons whose poll taxes are then unpaid, with the amount thereof.
6. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting.
7. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money in anticipation of taxes.
8. To see if the town will vote to allow the Selectmen to deliver inventory blanks at the time of taking inventory.
9. To transact any other business that may legally come before said meeting.

MAURICE D. MILLER,
HARVEY S. PUTNAM,
FRED L. ROBBINS,
Selectmen of Acworth

TO THE VOTERS OF ACWORTH

The roads and equipment are usually topics for discussion so we will try to explain what we have, what we hope to have, what we have done and what we hope to do.

At an expense of around \$1,375.00 the tractor is now in fairly good condition mechanically, and has four new tires. Last Spring two broken castings were replaced at an expense of about \$600.00. This put it in condition for limited Summer work but new tires were needed which were impossible to find in the correct size until very late in December. Mr. Putnam finally succeeded in locating some so we hope the tractor can be used for snow removal.

There is an article in the Warrant to raise \$1,000.00 for the purchase of a conventional-drive truck to replace the old Marmon Herrington which, we feel, has served its useful time.

To list its shortcomings: It needs a new motor, new transmission, new steering gear, new clutch, new tires, new brakes, and the spring hangers are all loose on the frame. It seems better to replace the whole thing with a later model, but with the large debt already facing the town we feel that a good used truck is about all we can afford.

We would like as soon as possible to see a power grader, also a loader, owned by the town. However, these are out of the question at present.

Work was slow on the roads this year, most of it having been done this Fall, the reason for this being that the tax bills were not sent out until late because it took the Legislature so long to decide not to give us any school aid this year. Our tax rate could not be approved until this was done.

We did not want to borrow any more money than we absolutely had to so work was delayed until the tax money began to come in.

We also had delays due to broken equipment.

Numerous new culverts have been put in, and several have been replaced or repaired, also considerable work

has been done for drainage and graveling done to the extent of our funds.

Much trouble has been encountered this year, especially on the more traveled roads with pot holes, this being due to the wet season. It would seem the only solution to this would be to raise a certain amount of money each year to put hard surface on, say, half a mile of road. The cost of this we have not found out as yet, however, there is on the market now a ready-mixed preparation which, according to the literature sent us, sounds good.

There has been a slight increase asked for in the Summer, and Winter, appropriations because of higher wages we must pay in order to get help.

The increase in the tax rate was due partly to the increased appropriation to repair the damage done by the storm in November 1950, but mostly due to the fact that the State gave Acworth no financial aid to the schools.

Respectfully submitted,

MAURICE D. MILLER
HARVEY S. PUTNAM
FRED L. ROBBINS

Selectmen of Acworth

BUDGET OF THE TOWN OF ACWORTH, NEW HAMPSHIRE

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1952 to December 31, 1952

SILSBY FREE PUBLIC LIBRARY

Trustees' Report — 1951

This year has been further progress in the installation of the standard system of classifying and shelving the books and of keeping track of their circulation. This, however, did not progress as rapidly nor as far as was expected at the beginning of the year. In part this delay was due to the lack of time the Trustees could give to it and in part also to the finding of a large number of books, lists of which were in a confused order in an old accession record book. Circulation cards for these books were not typed in 1950 along with those for more recently acquired books. Preparation of these cards is now in process.

The chief gain of the year was the appointment in September of a librarian, Mrs. Rezena Barrett. She has given generously of her time and under her direction it is hoped that the most important part of the re-organizational work will be completed in 1952.

Considerable shelving was set up in the South Front room where suitable juvenile books will be kept and where the children may receive especial attention.

During the latter part of the school Summer vacation Mrs. Barrett, in cooperation with the Acworth Woman's Club, conducted book and story-telling sessions on Thursday afternoons, for children of various ages. The Trustees hope that this may become a regular part of the use of the Library.

Thirty-seven books were added during the year of

which slightly more than half were given by friends of the Library. The Trustees wish to express grateful acknowledgement to the kind donors.

The Trustees feel compelled to call attention to the chief obstacle now in the way of carrying on and extending the work of the Library. This obstacle is the lack of an adequate heating system. The present furnace, never quite equal to heating the Library, is deteriorating so that it is not only becoming less adequate, but each year adds materially to the maintenance cost of the Library. Moreover, in addition to restricting the usefulness of the service to the community, the poor heating system is a health hazard to the librarian during the cold season. It is hoped that the Town will take some action to remedy this defect.

SCHOOL WARRANT

The State of New Hampshire

To the inhabitants of the School District in the Town of Acworth qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the fifth day of March, 1952, at eight o'clock in the evening, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to sell the South School building with or without the lot on which it sets, and to determine in what manner the school board shall conduct the sale and shall use the proceeds resulting therefrom.
9. To see if the district will vote to buy a school bus.
10. To see what sum of money the district will vote to raise and appropriate for the purchase of a school bus; and whether the district will vote to authorize the issue of serial notes upon the credit of the district for all or any portion of the sum so raised and appropriated; and to authorize the school board to determine the terms and conditions upon which the notes shall be issued, including their sale, the time and place of payment of principal and in accordance with the municipal

bond statute, New Hampshire Revised Laws, Chapter 72, as amended by Chapter 55, Laws of 1949.

11. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund, together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

12. To transact any other business that may legally come before this meeting.

Capital reserve fund	3,300 00	
Received from all other sources	38 54	
		18,995 66
Total amount available for fiscal year	\$18,036 43	
Balance on Hand as of June 30, 1951	\$	959 23

HARRY B. GOWEN,

District Treasurer

July 11, 1951

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Acworth, N. H., of which the above is a true summary for the fiscal year ending June 30, 1951 and find them correct in all respects.

WALDO R. STREETER,

Auditor

August 3, 1951.

SUPERINTENDENT'S REPORT

In this year of world tension and strife, we can be grateful that our educational system remains strong, that our boys and girls can continue to enjoy twelve years of free public education. Probably this is so because the majority of our people recognize that education for democracy should have a high priority in our efforts to maintain our ideals of citizenship and government.

However, we are faced with acute problems in maintaining and improving our educational institutions in this time of inflation, shortages and world dissension. In New Hampshire, and particularly in our Union No. 5, most of the solutions await a major decision on financial support. We are reaching a crisis in many of our towns where the real estate tax alone cannot provide sufficient funds.

The General Court changed the formula for state support of schools during its last session. The new formula's purpose is to equalize the tax effort throughout the state. It is an improvement but some inequities remain. Chiefly, it fails to recognize the differences in transportation costs. Some districts must transport practically every pupil over back roads, at great distances. Other towns with equal or greater financial ability have their school populations centered around the school buildings and this expense is relatively small. There is certainly nothing equitable about this problem as it relates to high school pupils. In most rural areas, these pupils have to find their own means of getting to school, often at great expense to parents. In larger communities, the majority need walk only short distances. A large share of the cost of transporting school pupils is provided by some of the states. The formula provides for a better means of fund distribution as far as it goes. Yet it is only in partial effect because the General Court appropriated half enough funds to maintain it.

Unwilling to be classed as one who gives destructive criticism, I venture my recommendations. In place of our \$600,000 state support program, we should have a \$3,000,000 assistance program. Approximately \$1,000,-

000 of this should be used to aid needy communities in building, divided in such a way as to give some impetus to cooperative districts. A considerable portion of the amount should be earmarked to equalize transportation costs and make district transportation of high school pupils possible. The balance can be divided generously under the present equalization formula, with a portion set aside for emergency situations. The whole program should be provided after a thorough examination of the state tax structure. Some new form of equitable tax must be devised, and the sooner the better. We have a clear choice, it seems to me, between such a program for New Hampshire or bankruptcy for our small communities. Our neighboring state of Vermont has a program of state support totaling \$2,700,000, and Maine provides over \$6,000,000. New Hampshire, with a higher per capita income than either of its neighbors, can support this healthy contribution.

If there are people who feel that educational costs are exorbitant and we are not getting our money's worth, they might consider these facts. The percentage of our national income spent on schools has decreased from approximately four percent a few years ago to less than two percent at present. This is far less than the proportion spent in Russia and England. Our total yearly costs in New Hampshire are about equal to the cost of two large bombers. We spend more in America for our liquor than our education. The anticipated deficit in the President's federal budget, about \$15,000,000,000 for one year, is about equal to the total cost of all new school buildings and plant modernization needed throughout United States, for greatly increased school enrollments.

(1) "Individual freedom and national strength depend upon the clear thinking of informed citizens. The part which our national school system, both public and private and from elementary grades through professional and technical schools, can play in preparing Americans to meet present and future problems is being jeopardized by inadequate financial support."

We have made a great deal of progress in school plants by completing one new school, and improving all others in the eight towns. However, only four districts now have adequate buildings, and the efforts in

the other communities to provide something better are being defeated by inflation.

Charlestown has a lovely new junior-senior high school. Currently it would cost \$300,000 to build. Our indebtedness is \$195,000. Holden School has been converted to a nice elementary building that can house three hundred pupils without crowding. Automatic heat has eliminated several problems. Acworth School District has completed its work in changing the town school to a modern two-room structure, one of the best in the area. We have redecorated the interior of the Sarah Porter School in Langdon and have just added automatic oil heat. The two schools of Unity now have automatic heating, with a completely new central plant at Center School. Minor improvements have been made in Goshen, Lempster, Croydon and Cornish. In Lempster and Cornish, taxpayers and interested groups are accumulating reserve funds, hoping the day for new schools will soon arrive.

The boards of each district have approved increased salaries for our teachers. I strongly recommend these increases in spite of high taxes. Generally, the level of salaries in Union 5 is below that of some surrounding unions. Teachers should have salary consideration to offset increased taxes and living costs. This coming year may see the teacher shortage reaching its peak. I hope we can find competent, energetic teachers for every school. I am indeed grateful for the loyalty and effort of our teaching staff in Union 5. I urge parents to get better acquainted with them and extend to them the respect and appreciation that is their due.

All of us who know Mrs. Hasham, our school nurse, regret deeply that she has reached retirement age and must leave the service of our boys and girls. Her kindnesses have made a place for her in the hearts of the people in Union 5.

At every district meeting, we elect a new school board member or two and charge our officers with carrying out our wishes. We hope that they can provide improvements, and often expect these to be accomplished with extremely limited funds. I want to emphasize that our school board members are striving their utmost to provide the best schools possible with the funds available. They spend long hours each month determining

the best policies and guiding educational affairs according to school law in the most economical means. They are more deserving of your praise than your criticisms.

In spite of minor emergencies, increased enrollments and inflation, we probably will close the books in every district in June without deficiencies.

Our new budgets again are higher. Two major increases are in teachers' salaries and tuition costs, neither of which we can control. We have prepared honest budgets, and we shall strive to live within them. We are practicing every economy possible, consistent with good education.

I am grateful for your faith, your kindnesses, your financial support. Though the cost is high, we must continue to believe in our children and prepare them as adequately as we can for the hectic times emerging.

Respectfully submitted,

JOHN W. DAY,
Superintendent of Schools

(1) Earl Bunting, Managing Director, National Association of Manufacturers.

SCHOOL NURSE'S REPORT

There are many signs that lead us to believe that the health and development of the children has very much improved in my twenty-one years of service as your school nurse. The change for good is a credit to the parents and to the teachers of the children and we like to believe the result of the school health program.

Along with the daily routine work, there have been additional demands to meet. We work closely with other health and welfare agencies that have been of tremendous help to us. On a few occasions, we have had the assistance of physicians in our program for better health.

We have in our files a long list of corrected visions. The list of children who have had treatment and corrected hearing is not small.

Our records show that many of the pupils who pass through your schools have had complete dental care, either during the clinics at school or at the clinics held in the dentist's office. Our records show complete recovery from rheumatic fever, found at school. We also have records of children who were treated for mental illness. Some are still in institutions. Our records of tonsillectomies—a part of the national child recovery program in 1933, which has continued through the years—is long. The orthopedic list in our files is active. We are grateful to the New Hampshire Crippled and Handicapped Children Society. This service has monthly clinics open to school nurses for the treatment of needy children.

Your school nurse has attended periodic workshops for knowledge of new trends. The work is not done. There are new problems arising every day. My part in this important service has nearly ended. Thanks to all who have made it a pleasant and worthwhile career.

Respectfully submitted,

ZEPHYRINE L. HASHAM,

School Nurse
