FIRE DEPARTMENT REPORT

FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS

New Hampshire faces a continuing challenge in its forest fire problem—97 percent of all our forest fires being man-caused and preventable—a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens and deputy wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Carelessness and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning; improperly extinguished debris, camp and cook fires—all result in serious loss of property disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and cooperative effort. The rules are simple.

1. Don't burn at home—use your town dump and avoid all fire problems.
2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.

3. Be sure that all lighted material — cigars, cigarettes and matches—are completely out before discarding them. Use ash trays in automobiles.
4. Make certain that your debris, camp and cook fires are completely out before leaving them.
5. Insist that others be careful and comply with burning requirements.
6. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER — the fire you prevent might be the one which could burn your property.

REMEMBER—FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS AND OUR MOST IMPORTANT UNDERTAKING.

1957 Forest Fire Record for Your Town:

Number of fires, 6	Acreage burned, 3½
Number of permits issued 50	

ROBERT W. SMITH,	SUMNER A. HAYES,
<i>District Fire Chief</i>	<i>Forest Fire Warden</i>

The fire report shows a total of 21 calls responded to for the year 1957. Of these 10 were out of town for both house and woods fires.

Our own consisted of seven woods fires, two chimney and two house fires of which one was a complete loss.

A resuscitator and necessary equipment was purchased and is on standby at the fire house. Protective helmets, coats and boots were also purchased.

SUMNER A. HAYES, *Chief.*

Barrington district tuition pupils attend high schools as follows:

School	Grades	IX	X	XI	XII	Total
Austin-Cate Academy			1			1
Coe-Brown Academy		1		1		2
Dover High School		10	9	8	3	30
Spaulding High School		10	5	5	6	26
Total Tuition Pupils		21	15	14	9	59

The following changes were made this year: Miss Constance Crosby was elected to the principalship; Mrs. Irene Scribner replaced Mr. Robert Andrews.

You are urged to read carefully the brochure prepared by the Cooperative School District Committee. This brochure proposes a regional high school for the towns of Barrington, Northwood, Nottingham and Strafford. This regional school could well be the "Hub" of the educational philosophy as reflected by the voters in the four towns.

A sequential curriculum could then be developed for the elementary and secondary program which would give your children the optimum in educational opportunity. It would seem that the advantages of a Cooperative School District are many.

The decision is up to the voters of this community, and it will be determined by the value that you set on the education of your children.

Your elementary school is having an excellent year, it is well organized, the students are exercising a high degree of discipline which will please anyone visiting the school. Much credit is due Principal Crosby and the teachers for the harmony which now exists in the Barrington School.

The many favorable comments made of the Christmas program was gratifying to both the teachers and the pupils.

The lunch program under the supervision of Mrs. Fred Timm and her associates continues to be one of the most popular activities of the school, as well as contributing to the health and welfare of the pupils.

In conclusion, may I thank the School Board, Citizens, Students and Teachers for their cordial cooperation during the year.

Respectfully submitted,

RAMON MARTINEAU,

Superintendent of Schools.
