### REPORT OF SCHOOL BOARD

To the Taxpayers and Citizens of Center Harbor:

Another year in our school work has passed and your Board feels it has been a very successful one.

We have had the co-operation of teachers, parents and scholars to a marked degree and without a case of complaint from parents as to the treatment of their children.

The supervisory district was called upon to make a change in superintendents, owing to the resignation of Supt. Buker, and we feel we were very fortunate in obtaining Mr. E. W. Small as our superintendent. A man with years of experience as a teacher and knowing well how to assist teachers and pupils alike in their problems of school work. We expect, under Mr. Small's supervision, to see our schools improve in many ways.

We have been able to improve our school houses to some extent. The Village school house has been painted inside, desks repaired and put in first class condition. Town House school has had minor repairs to make it more comfortable for teacher and pupils.

At West Center Harbor we have had new spouts to carry the water from the building.

All the notes due on this building have been paid and we have been able to pay the interest on same out of our funds, none of the interest charges coming from the appropriation for the building. The Board feels

## TOWN OF CENTER HARBOR

---

that some changes will have to be made on this school house in the near future.

The Board desires to express its thanks to teachers, parents and citizens for their co-operation during the past year.

Respectfully submitted,

GEORGE A. SIMPSON,  
MYRA LILLIAN HANSON,  
FRED E. WEBSTER,  
Members of School Board.

### REPORT OF SUPERINTENDENT OF SCHOOLS

As I came to this town in November, 1923, I can hardly submit any report of real value as the year to be covered closed on July 1, 1923.

There were three schools with a total registration of 62 and an average membership of 46. The Town House School had excellent attendance, with a percentage of 94. West Center Harbor was next with 91 and the Village was last with 90.

The figures on tardiness show that there is something radically wrong at the Village, as there were 196 cases there to 28 at the Town House and 19 at West Center Harbor.

Most parents realize that the formation of correct habits is of much more importance to their children than any specific attainment in reading, writing or arithmetic. It is unlawful, as well as unfair, to permit children to be careless in attendance at school. The law says that the parent or guardian "shall cause such child to attend the public school all the time such school is in session." This is under a penalty of a fine of ten dollars for the first offense and twenty dollars for every subsequent offense.

It is unfair to the child himself as it encourages habits that will handicap him through life. It is unfair to the other children as it brings constantly before them a wretched example.

Parents, and in fact, the whole neighborhood, should unite in aiding the teacher to make punctuality a habit.

There is another matter in which conditions may be

## TOWN OF CENTER HARBOR

---

improved if parents and school authorities can come to a clearer understanding of what each desires.

It was formerly the custom in many schools for the teachers to leave their school house at noon and the boys and girls were left for an hour or more without any control. This naturally led to disorder, malicious mischief, loose conversation and sometimes worse.

To improve these conditions where children take their lunches and are away from home all day, the teacher is required to remain at the school during the noon hour and has as complete authority over the children who are away from home as during the hours when school is in session. Occasionally a parent who does not understand the purpose and need feels that his rights are being disregarded. If in such case he would only refrain from careless remarks before his children until he has investigated the case he would avoid weakening his own disciplin at home, as well as undermining the morale of the school.

Center Harbor may well be proud of its schools, but of course we wish to make them better. All can aid in this by encouraging punctuality and giving loyal support to school regulations.

### Health

More and more definitely we are learning that a large percentage of our bodily ills is due to the ignorance or carelessness of our parents or ourselves. With the modern careful medical inspection at school and the report to the parents there is no longer the excuse of ignorance.

Twenty pupils with defective teeth were reported last year. Unless there are exceptional conditions here many of these cases were of six year molars.

These teeth are the earliest to decay and parents frequently think that they are first teeth that the child will lose anyway. A little early care may save the tooth

and prevent disfiguring irregularities in the later teeth, to say nothing of the pain and loss of school work.

Parents who check up the health reports of their children will at least free themselves of the blame of carelessly bringing suffering to their own children.

It is pleasing to note that the town is fulfilling the legal requirements in reference to vaccination.

All of the children are either vaccinated or have medical certificates excusing them.

Respectfully submitted,

ERNEST W. SMALL,

District Superintendent of Schools.
