## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board and the Citizens of the Deering  
School District:

I am pleased to present a brief account concerning  
the schools of the district.

### SCHOOL ORGANIZATION

School Board: Mrs. Minerva D. Jacques, chairman;  
Mrs. Howard Whitney, Mrs. Eunice Willgeroth.

Supt. of Schools: Vincent Gatto, Ed.M., Hillsboro, N.H.

School Nurse: Margaret Harris, R. N., Keene, N. H.

Teacher	School	Salary	N. H. Approval
Mrs. Lois Day	E. Deering	\$850 00	Certificate
Mrs. Lois Davis	W. Deering	\$850 00	Certificate

The following pupils were graduated from the Deering  
public schools last June 1941:

Everett McAlister, Alice Normandin, Anna Normandin.

The following pupils deserve honorable mention for  
having maintained perfect attendance during the school  
year 1940-1941, for the number of periods indicated. The  
school year consists of thirty-seven weeks, and is divided  
into four periods.

East Deering: Ronald Locke, entire year; Shirley Colburn, two terms; Florence Evans, three terms; Barbara Michie, three terms; David Titcomb, two terms; Jean Titcomb, three terms; Howard Whitney, three terms; Eleanor Gardner, two terms; Donald Johnson, one term.

West Deering: Jean McAlister, Irene McAlister, Everett McAlister, entire year of four terms; Robert McAlister, one term; Gordon Clark, two terms; Allen Kiblin, entire year of four terms.

#### GENERAL DISCUSSION

School opened in September with a registration of twenty-three pupils at East Deering, ten at West Deering, thirteen from the Manselville district at Hillsboro Grammar school, and nine attending Hillsboro high school, making a total school population of fifty-five. In order to maintain our national morale and prosperity, and to safeguard the democratic principles for which we have taken up arms, it behooves us as a nation to maintain our schools well filled, and our educational programs undisturbed. The lure of high wages caused by present day abnormal conditions must not cause American youth to leave school without taking advantage of the educational opportunities which America so generously provides.

The children of East Deering appreciate the sanitary improvements made during the summer vacation. The building should be further improved by painting the exterior and the interior. The ceiling should be renovated, and probably the floor too unless it can be so repaired as to keep out the cold winter drafts which oblige the children to wear their outer garments to keep warm. The water question is as acute as ever. The long dry spell made it almost impossible for the neighbors to spare any water for the schools. The schools should be provided with their own wells.

We all regret the destruction by fire of the West Deering school. The temporary arrangement which has been made to take care of the pupils from that part of the town is not permanent. Deering is a state aided town receiving substantial yearly amounts of money to help maintain the schools. Considering this fact the voters of the district should formulate some plan to provide schooling for the children in question, a plan which will conform with the limited amount of help which may be secured from the state. If the plan adopted by the school district requires a greater expense to provide schooling, than the state is in a position to approve, in that case the school district will have to bear alone the amount beyond which the state will not help maintain the school in question. In these times when the problem of meeting our taxes is so great anyway, it would pay for the voters of the district to get together on the most economical way to the town as a whole.

Respectfully submitted

VINCENT GATTO,  
Supt. of Schools.
