Warrant

(L. S.) THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Enfield qualified to vote in Town affairs:

You are hereby notified to meet in WHITNEY HALL in said Town of Enfield on the EIGHTH day of MARCH next at NINE of the clock in the forenoon of said day to act on the following articles:

Art. 1. To choose by ballot and major vote a Town Clerk, Selectman for three years, a Town Treasurer, Overseer of the Poor, one Library Trustee for three years, and others required by law to be chosen:

Art. 2. To choose by ballot one trustee for three years for the purpose of holding all Trust Funds of the town:

Art. 3. To see if the town will vote to accept the budget as prepared by the Budget Committee; also what action the town will take with regard to the compensation of Tax Collector and the limitation of time for settlement with the town:

Art. 4. To see if the town will vote to raise such sum of money as may be necessary to defray town charges, including maintenance of the poor, salaries and expenses of town officers, health department, fire department (including the fighting of forest fires), cemeteries and driving hearse, vital statistics, expense of Whitney Hall (including Town Hall,) town clock, and other property owned by the town, and election and registration expenses.

Art. 5. To see what action the town will take, if any, regarding the election of a Police Officer, or Police Officers, and raise money for the same:

Art. 6. To see what action the town will take, if any, with regard to the eradication of blister rust, and raise money for the same:

Art. 7. To see what sum the town will raise for the support of highways during the summer of the ensuing year:

Art. 8. To see what sum the town will vote to raise for the support of highways during the winter of the ensuing year:

Art. 9. To see how much money the town will vote to raise for the repair of bridges (including Shaker Bridge) for the ensuing year:

Art. 10. To see how much money the town will vote to raise for the support of the Public Library in addition to the amount required by law to be raised:

Art. 11. To see how much money the town will vote to raise to pay interest on the town debt:

Art. 12. To see if the town will vote to raise \$550.00 for cutting brush for the ensuing year, or act thereon:

Art. 13. To see how much money the town will vote to raise for street lighting for the ensuing year, or act thereon:

Art. 14. To see if the town will vote to raise \$100.00 for the proper observance of Memorial day, or act thereon:

Art. 15. To see if the town will vote to oil, or re-oil, any of the streets in the town, or act thereon: and raise money for the same:

Art. 16. To see if the town will vote to raise the sum of \$300.00 for tractor, and roller expenses, or act thereon:

Art. 17. To see if the town will vote to raise, the sum of \$400.00 for general expenses, or act thereon:

Art. 18. To see if the town will vote to raise, or appropriate, the sum of \$131.74 for the issuance and distribution of printed matter calling attention to the resources and natural advantages of the town, in co-

operation with other towns in the Dartmouth-Lake Sunapee Region. Said appropriation to be disbursed by the Selectmen

Art. 19. To see if the town will vote to appropriate out of a balance now on hand the sum of one Thousand dollars, and authorize the Selectmen to borrow Four Thousand dollars payable at the rate of One Thousand dollars each year beginning with the year 1939 to construct a public highway on the east shore of Mascoma Lake, commencing at the end of the road in C. P. Cattabriga's pasture and continuing in a southerly direction and connecting with the road at Point Comfort, socalled. An affirmative vote under this article to become, and be, effective only in the event that said road is laid out by the Selectmen or other proper and legal authority:

Art. 20. To see if the town will vote to raise \$1975.00 for State Aid Construction to receive from the State \$8000.00; or raise \$705.72 and receive from the State \$2822.91.

Art. 21. To see what action the town will take with regard to authorizing the Selectmen to borrow such sum, or sums, of money as they shall deem necessary in anticipation of taxes, the sum so borrowed to be paid during the ensuing year.

Art. 22. To see if the town will vote to re-surface and oil that section of May Street which extends northerly from the end of the present oiled surface on said street, to a point opposite the residence of Frank Quimby, and raise money for the same, or act thereon.

Art. 23. Whereas certain bequests have been made to the Enfield Public Library by the following named persons—Charles Huse \$500.00; May L. Flanders \$500.00, and Ida M. Cox the sum of \$200.00—Therefore to see if the town will vote to accept the several respective funds to be placed with the Trustees of Trust Funds for said Town

of Enfield, to be by them held, managed and invested as trust funds for the benefit of said Enfield Public Library and the income therefrom to be paid to the Trustees of the Enfield Public Library to be used and expended as provided by the conditions and terms creating said trusts, or act thereon.

Art. 24. To see what action the town will take in regard to real estate taken over by the town for non-payment of taxes.

Art 25. To see if the town will vote to raise and appropriate the sum of One Hundred Dollars for the celebration of the anniversary of the ratification of the federal constitution by the State, June 21, 1938, said sum to be expended under the direction of the Selectmen: or to act thereon.

Art. 26. To see if the town will establish a Municipal Court and raise money in excess of that required by law to pay the Justice thereof, or act thereon.

Art. 27. To elect a delegate to a convention to revise the constitution to be holden in Concord on the second Wednesday of May 1938.

Art. 28. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen and pass any vote relating thereto.

Given under our hands and seals this Twenty-First day of February, 1938.

Selectmen of Enfield.

Budget Committee's Report

To The Citizens And Voters Of Enfield

In explanation of the Committee's recommendations for the ensuing year and in order to answer any questions that may arise in reading the budget provisions, we offer the following explanation.—

Under General Government all items except two remain practically unchanged. Election and Registration Expense was increased because of three elections to be held this year. The \$500.00 increase in Town Hall and Other Town Buildings is to defray the expense of painting the Town Hall, which we feel is necessary.

Under Protection of Persons and Property no change has been made, the \$775.00 for Fire Department representing a fair average for the past ten years.

For Health the principal increase is in Health Department. This increase is necessitated by the added cost to the town of several cancer cases. Although the State absorbs one half of the expense involved in such cases, we nevertheless feel that the increase asked for will be no more than adequate to meet town expenses.

Highways and Bridges remains the same as appropriated at Town Meeting last year with the exception of an increase of \$50.00 in Brush Cutting and a decrease of \$50.00 in Roller & Tractor Expenses. The increase in Brush Cutting will allow slightly greater scope for such work which shows definite dividends in the way of safer driving and lower maintenance on back roads. The Oiling figure will not only cover maintenance of present oiled roads but will also add Stevens Street.

The increase of \$100.00 for Libraries is necessitated by the broadening of area served and, insofar as Enfield has no town supported recreational facilities, such increase seems warranted, particularly in the face of daily increasing use of the library.

Under present legislation in force, the Public Welfare has been decreased in line with conditions anticipated by the Overseer of Poor. However, in view of pending court action, our share of such expense may be increased. In such case we have no recourse other than to provide for such contingencies in our overlay, but such increase is unpredictable.

Patriotic Purposes and Interest remain primarily the same as last year's appropriation. The latter figure again depends greatly upon how rapidly revenue is received compared with the accrual of liabilities.

Under Highway and Bridges the Budget Committee again advocates the T. R. A. gravel for which the town receives \$2822.91 from the State against a town appropriation of \$705.72. It is generally conceded that the townspeople, as a whole, receive more general benefit from this expenditure than would be felt from a town appropriation of roughly \$2000.00 supplemented by approximately \$8000.00 of State money for the building of one mile of State road on the Fourth New Hampshire Turnpike.

For economic reasons no provision for new equipment has been made.

For New Construction we have recommended \$1000.00 to be expended in extending the road on the east side of Mascoma Lake. This has been a long felt want and, in view of anticipated additional revenue, we feel that work on this road should be carried to completion at once. There are practically no items for which appropriations can be made which will so reasonably assure the town of additional income.

The town has no debt and should be commended

for its financial position. At this time we wish to compliment the town officers as a whole on the way in which appropriated funds were expended during the past year. The Selectmen's Report shows expenditures of \$681.51 less than appropriated for the year ending January 31, 1938.

You will note a decrease in State Tax of almost \$1000.00 and an increase in County Tax of \$164.13. There may be some change in these figures which we cannot anticipate at present.

School Tax shows a heavy increase of about \$2300 00. This increase is due to the anticipation of no balance at the end of this school year (whereas there was a balance of \$2000 00 last year) and a reduction in State Aid funds of \$635.00. Even at the figure of \$19,500.00 Superintendent Fuller generously conceded a reduction of \$376.00 from his original budget figure.

Revenues other than property taxes are based on last year's actual receipts and we are unable to estimate any more accurately such figures.

Although the Budget Committee had hoped to offer Enfield either a reduction in tax rate or some small civic improvements by maintaining last year's rate, the increase in School requirements have wiped out any such possibilities. Based on the Budget submitted, a nominal overlay and last year's valuation, we estimate a tax rate of \$3.35, an increase of .10 over last year. Any increase in the Budget will reflect an increase of about .076 in the tax rate per \$1000.00 of increase.

We wish to thank the Selectmen and other town officials for their spirit of cooperation and will appreciate at any time suggestions or comments conducive to better Civic Government.

Respectfully Submitted.

BUDGET COMMITTEE

An Analysis of the Expenditure of "Your Town Dollar" as Compared with the Average Town and City Dollar in New Hampshire

Report Of The Librarian
For The Year Ending January 31, 1938

Circulation Statistics	
Town Library 1937—38	9,841
Enfield Center	1,286
	11,127
Adult Patrons 1937—38	498
Juvenile Patrons	266
	764

Approximately 350 volumes have been added to the library shelves during the past year, about 125 of which have been gifts from the many friends of this town.

Nearly 100 books have been borrowed from the Public Library Commission and the New Hampshire State Library, and it has still been necessary to take advantage of the continued generosity of the Dartmouth College Library and over 250 books have been borrowed there. The children's book collection is still inadequate for the needs. The wear and tear on these books is greater than in other classes and the cost of replacement higher.

Both teachers and pupils in the schools are constantly turning to the library to supply them with needed material not available in the school itself. It has taken much hard work on the part of the library assistants and the giving of many hours of overtime without pay, to provide this material and to give adult patrons the books they wish for pleasure reading and for information.

The average person probably does not realize the amount of time that must be spent (1) in careful book selection (2) in studying 2d hand catalogues, taking advantage of good discount offers and other items involved in ordering books (3) in typing and pasting in bookplates cards and pockets (4) in accessioning, cataloging, shelving, charging and keeping other records, to say nothing of mending and repairing which is almost entirely done out of library hours. We do find the community most appreciative of the services we are able to provide.

The library is now open 12 hours a week instead of 10. Quite a number of periodicals are being given for the reading table. Several exhibits were arranged during the year and National Book Week celebrated in the usual manner. Requests for assistance in planning programs for clubs, orders, etc. for books on vocational work, for pictures will be gladly attended to.

The entire staff attended the annual meeting of the N. H. Library Association at New London and greatly

enjoyed the exhibits of books sent by different publishers, the excellent speakers and the round table discussions there.

The town history collection is still growing, the most valuable new acquisitions being a history of the town of Bristol given by Mrs. Frances Emmons and the large framed picture of Mascoma Lake and Relief Map of Enfield given by Mr. George M Roberts of New York City. We are most grateful to all those who have made gifts to the library or helped in any way to give increased service to the community.

The librarian wishes to express her appreciation of the fine help and support which she has had during the year both from the Trustees and the members of the staff.

NELLIE L. PIERCE, Librarian.

Auditors' Report

We have examined the accounts of the Selectmen, Treasurer, Town Clerk, Tax Collector, Overseer of the Poor, Highway Agent, Trustees of Trust Funds, Trustees of Town Library, Trustees of Copeland Block, and Enfield Fire Department and find them correct and properly vouched.

I. H. SANBORN

H. E. WALBRIDGE

Town Auditors.

Annual Report
OF THE
Enfield School District
Enfield - New Hampshire
1938

The School Board of the School District of Enfield is continuing the policy of presenting to the School District each year the financial report of the receipts, and expenditures of the department and an estimated budget for the operation of the schools for the succeeding year. These documents, together with the report of the Superintendent of Schools, constitute the School Report to the Enfield School District.

Annual Report Of The Superintendent Of Schools

To the School Board and Citizens of Enfield:

It is my privilege to present to you a fourth report of the educational progress of the schools of Enfield. It is one of a series of similar reports and contains also some of the financial transactions and statistical material of the School District.

Purpose

Such a report should attempt to share some of the accomplishments of the schools although it cannot be expected to be a complete resume of everything that has happened during the school year. It will, however, discuss some of the results and indicate certain possibilities for the advancement of the welfare and interests of the young people of the community.

Consolidation

This year the re-opening of the school at Enfield Center has resulted in relieving a situation which might have required additional transportation. It is probable that so long as the number of pupils in that school continue to be fifteen or more that it may be more desirable to operate the school than to attempt to continue the consolidation idea. It must not be lost sight of, however, that the pupils from that school could be easily absorbed in the Enfield Village School by distribution through the grades so that there would be less likelihood of decreased numbers resulting in a lessening amount of State Aid for the School District because of the small number of children in any one grade. It is also probable that previous statements made regarding the success of the children in their later years in school would be better enhanced by attendance at the larger school. Be that as it may every effort has been made to give these pupils the full advantage of the best educational opportunity possible under the circumstances.

Repairs

The only major repairs undertaken this year were those in connection with the re-opening of the Center School and the replacing of the wooden fence at the Village School by an attractive wire fence. This fence has added much to the outlook of that building as well as to the appearance of the school yard and should last the School District for many years.

It is desirable to have additional heating facilities, meaning radiators, placed in some of the basement rooms in the High School to make it possible to utilize those rooms in the colder days of the winter without any hazard to the health of the boys and girls who occupy them for recitation purposes.

Budget

The items requested in the budget for this year are no greater than the requests made last year. It is believed that it will be possible to operate the schools on this basis. It should be born in mind that the budget is somewhat increased over what it would be had it not seemed necessary to open the Enfield Center School. There is a difference in the amount to be raised by taxation as the total amount raised last year was \$17,201.00 and the total amount requested this year is \$19876 00 This increase is due to two factors, one, the balance expected at the end of the present year is not over \$25.00 as compared to \$2000.00 last year; two, the State Aid as estimated has dropped from \$4300.00 to \$3665.00. The total of these two items of income makes about the difference in the amount to be raised with only sixty-five dollars additional.

These statements are made so that the Board and citizens may understand just why it would appear that more money would be required to be raised by taxation next year to operate the schools than has been

available for the past two years. Should it happen that the State Aid be increased over the \$3665.00 estimated, that amount will be taken into consideration before the budget is finally presented to the citizens for action.

Teachers

Circumstances make it necessary from time to time for teachers to resign and seek other lines of activity. This year has been no exception as two of our teachers have resigned to accept more desirable positions from their standpoint, and a third because of marriage. While it is undesirable to constantly change teachers we know that good teachers are likely to be in demand and those communities which are more fortunately situated can sometimes offer positions which seem to the teachers to afford a wider opportunity for service and a bit more satisfying teaching experience.

We have been fortunate in securing for these positions women who give promise of becoming valuable assets to the school community. One new teacher has been added to the High School staff as was recommended in the report of last year and the opening of the Center School necessitated a teacher for that situation. Present indications are that all of the new teachers are fitting into the school program reasonably well and that the pupils are gaining both in actual scholarship and interest in school life.

Pupils

There has been a slight increase in the number of pupils enrolled in the schools during the present school year. The following enrollment and distribution chart will give the exact figures so far as they are available.

Pupil Enrollment and Distribution

School	I	II	III	IV	V	VI	VII	VIII	Total
Village	29	23	27	19	29	21	32	29	209
High	IX	X	XI	XII					
	20	22	16	13					71
Center	I	II	III	IV	V	VI			
	6	6	1	4	2	3			22
Grand Total									301

This year has seen rather more movement from one school to another or from one area to another on the part of school pupils than has been characteristic of the past two or three years. This may have little significance unless such movements continue and actually result in a major increase in the number of pupils in attendance at our schools. It is desirable that the school authorities be kept informed as to these movements so far as is possible and that no child be permitted to be on his own without attendance at school for any extended period of time.

Recreational Opportunity

Much credit is due the teachers in the Village School for their increasing interest in the leisure time activities of the boys and girls. All thoughtful citizens have observed that there has been an increasing use of the limited opportunities that are afforded for play areas around the school building. These same citizens have no doubt noticed that much use has been made of the Huse ball field during the noon recess. Several of the teachers have given up most of their noon hour to some form of partially supervised free play. This is in keeping with the best educational thought of those who give particular attention to the junior and senior

high school program. It has seemed to me from time to time that fewer of the boys and girls were hanging about the streets during this noon period than has formerly been the case. It is perhaps too much to expect that additional facilities be provided nearer the school grounds themselves. It is still true that land might be available and appropriate arrangements be made with the owner for the purchase of such land. Negotiations that may be carried on in the near future may result in some final agreements that would make possible the acquiring of this land but it cannot be predicted with certainty what will be the outcome.

Program Changes

The adoption of the Daylight Saving plan by the state as a whole and by Enfield in particular made a change in the school hours possible. The session now beginning at 8:30 in the morning aids greatly some of the pupils who live at distances from the school in arriving at their homes a little earlier in the afternoon. Many favorable comments have been made approving this particular change.

The addition of one teacher at the Village building has lessened the burden upon some of the teachers and increased their value from an advisory and educational viewpoint. It has made possible also the introduction of handwork for the boys and a modified domestic arts course for the girls at the junior high school level. The interest of both the boys and girls in these courses has been manifest from the beginning of the year and has actually increased. Individual cases could be cited of pupils who have taken a new interest in their whole school life because of the addition of this work. It is perfectly obvious that certain young people must deal with concrete tangible materials and see those materials molded into useful articles in order to feel that they are

acquiring skills and interests which can be readily transferred into their daily lives. This knowledge again unconsciously aids them in developing new interests in the the necessary knowledge which they are expected to acquire in the standardized high school curricula. This work should be continued and its scope widened as rapidly as the skills are acquired and the school finances permit, but should not reach the stage of becoming what might be termed purely vocational in a school situation no larger than that of Enfield.

Health

Your attention is directed to the report of the School Nurse which appears in the appendix of this report. It is worthy of note that the School Nurse has assisted so many of the young people in correcting their physical difficulties. The several clinics to which the pupils have been taken by her have been most cooperative and have accepted less than regular fees for actual work performed. Credit is due to the various welfare agencies who have contributed actual money for any of this work. While it is true that in previous generations little was done to aid pupils who were suffering physical handicaps it is nevertheless true that many a derelict might have been saved untold misery and humiliation had he or she been aided in childhood in overcoming physical deficiencies.

Recapitulation

The preceding report has attempted to show some of the work which is being carried on in your schools. It has pointed out two or three specific trends which the work is taking. The School Board and citizens may well be pleased that beginnings have been made in the field of a somewhat more expanded program of studies and in the field of recreational possibilities. Many things may be said to be yet undone but on the whole it can be stated positively that definite progress has

been made. This progress is dependent in no small way upon the whole hearted cooperation of those concerned in the welfare of the public schools. This united effort places upon those who have immediate control of the schools a responsibility which they in no wise wish to neglect. Everyone interested is challenged to take the next steps which shall make our schools equal to the better and best schools that are found in our state.

Respectfully Submitted,

Teachers by the Schools and Grades

Report of School Nurse

I respectfully submit the following report as School Nurse from Jan. 1, 1937 to January 1, 1938

Inspection in Enfield showed the following defects:

- 345 pupils were examined
- 30 pupils were 10% underweight
- 18 pupils showed defected vision uncorrected
- 2 pupils showed defected hearing
- 4 pupils showed a slight degree of anaemia
- 1 pupil was found in a nervous condition
- 74 pupils were in need of dental care
- 29 pupils had enlarged or diseased tonsils
- 10 pupils had enlarged glands
- 1 pupil had defective speech
- 1 pupil had cardiac trouble
- 234 visits were made in schools
- 104 visits were made in homes

Eight children's glasses were changed during the school year.

Seven eye defects were corrected privately.

Glasses were secured for three children at the Eye Clinic at Hanover Hospital. Funds were secured from Lebanon Relief Office and Mother's Aid Society of Concord.

Four children were taken to Dr. Dunbar's office in Lebanon for eye examination and fitted with glasses; funds were received from the Visiting Nurse's Fund.

Fourteen eye defects were corrected during the year
Girl with an ear defect was taken to Dr. Coyle's Eye and Ear Clinic at Hanover for treatment, tonsils and adenoids were removed upon advice of doctor. Funds were received from the Visiting Nurse's Fund.

Two Tonsils Clinics were held at the Hanover

Hospital, June 15 and 22, at which fourteen cases were treated. Children were transported to and from the clinic by nurse.

Two children were transported to the underweight clinic at Lebanon for a re-examination by Dr. Kerr.

X-ray order was received from the New Hampshire T. B. Association for a suspicious case

Boy was taken to Hanover Hospital for chest X-ray

Clothing was received and given to needy cases

Classroom inspection was held at frequent intervals for symptoms of communicable diseases.

I wish to thank members of the School Board, Mr. Fuller, Mr. Moody, Dr. Dunbar, Mr. Clark, Societies of Enfield, Selectmen, and to thank the parents and teachers for their daily cooperation in making possible the health program.

Respectfully submitted,
ELEANOR M. MOYNIHAN, R. D.

School Nurse
