Tuftonboro realizes that the Public Library is not only a valuable supplement to the school system, but a source of information for all and generously increased its library appropriation during the past year. Book circulation increased with the additional hours a week the library was open.

Town officials, the library staff and "Friends of the Library" cooperated in a money raising effort for a library building. Nine homes opened their doors for the tour of old houses in town, and over 500 tickets were sold to help the Library Building Fund.

Our librarian, Mrs. Carter C. MacMillan, was chosen "The Outstanding New Hampshire Librarian for 1966" at the annual meeting of the New Hampshire Library Trustees Association.

Also, in 1966, Mrs. Richard B. Sawyer became the library's efficient assistant librarian.

REPORT OF THE TUFTONBORO POLICE DEPARTMENT 1966

This past year the need for Police protection and services has been more evident than in past years and the burdens and requests imposed upon the Police and Town Officials is ever on the increase, and the complexity of problems facing law enforcement officials today has increased two-fold over our population growth. Fifteen years ago, when I was appointed as a police officer in our quiet and peaceful town, it was an occasion to be called on for law enforcement activities, but today, especially during our peak summer months it is an occasion to get a full nights rest. A crime or problem that could be handled with a minimum of time and activity because confessions and statements could be used fifteen years ago, requires many more hours of investigation and gathering of proof so that the offender or criminal can be successfully tried and prosecuted. With recent Supreme Court rulings, the police officer cannot rely on confessions alone, but must spend many hours investigating and securing physical evidence in order to obtain a conviction. Confessions or statements are no longer admissible in our courts today unless the suspect or criminal has been completely and thoroughly warned of all his rights and has made an intelligent waiver of his right to remain silent, and there are few criminals today who are willing to make a confession even when caught in the act of committing a crime. These rulings in some cases are very necessary in order to protect the persons rights and to safeguard the innocent, but in other cases it means many extra hours of diligent investigation, and at times to no avail, which proves very frustrating to the officer who knows that the party is guilty but cannot prove it to the courts.

Your Police Department is a valuable asset in the protection of lives and property and everyone benefits when we are able to respond quickly and efficiently to your needs,

but we can only act on the problems that are brought to our attention. I cannot over-emphasize the need for diligent attention on the part of every citizen to be on the alert while traveling our highways, to guard against unscrupulous magazines, products and home improvement salesmen, and do not hesitate to report anything that might be of a suspicious nature in your estimation. In past years I have emphasized these same basic rules and it has been very gratifying to note the help and cooperation that has been shown this department by our respected citizens, and has helped to reduce the losses to life, property and finances within our community.

It is sad to note that there was an increase in accidents in 1966, but all of these did not involve our highways, and of the persons killed and injured in highway accidents, five of the six were involved in two separate single car mishaps. It is gratifying to note, however, that we are well under our 1963 figures in many respects which I attribute to tighter controls and stricter enforcement which will be continued at an increasing level in the future.

	1963	1964	1965	1966
Number of accidents	18	12	5	9
Number of persons injured	28	4	1	5
Number of persons killed	0	0	0	1
Warnings issued (motor vehicle)	56	74	82	109
Summons (court action)	19	32	49	45
Suspension of license	5	11	20	16
Arrests	3	5	9	11
Recovery of stolen cars	0	0	2	3
Theft of property reported	7	4	3	5
Breaking and entry	6	3	4	4
Acts of vandalism	14	5	3	3
Emergency cases (medical aid)	5	6	7	8
Complaints	38	62	59	75
Aid to other departments	16	28	31	35
Stolen property recovered			2	5
Breaks solved		2	2	2

I am proud of my Town and hope that all the citizens feel the same as I do, and with the continued support and cooperation of all citizens we will continue to make Our Town a safe and happy place to live and this department will give you the service and protection expected of us.

CARL I. HANSEN
Chief of Police,
Town of Tuftonboro

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF FIRE RECORD

Fire records are made by people — those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

Out of the 238 fire permits issued in Tuftonboro 1 fire was reported and out the total of 3,281 permits issued in the district 39 fires were reported.

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres — a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are issued between 9:00 A.M. and 5:00 P.M. except on rainy days. Permits are not needed when the ground is

covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.

2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important — Instruct your children that matches are not play things.

TRULY — ONLY YOU CAN PREVENT FOREST FIRES
