## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Atkinson:

It is my privilege to submit my sixth annual report as Superintendent of the Atkinson Schools.

At the end of this report will be found interesting and encouraging reports, which I have been privileged to bring to your notice; they are given by the Supervisor of Music and the School Nurse.

The number of pupils enrolled last year was eighty. This number represents a decrease of four under the enrollment of the year before. The attendance averaged 95.3% of the membership. The state average for this period was 95.3%. Two pupils were neither absent nor tardy. Thirteen pupils completed the work of grade eight. All of these entered the Academy in September.

The following table shows the enrollment in the Atkinson Schools during the past five years.

Number of pupils enrolled in 1928	101
Number of pupils enrolled in 1929	90
Number of pupils enrolled in 1930	85
Number of pupils enrolled in 1931	84
Number of pupils enrolled in 1932	80

The schools of Atkinson were in session 349 half days, the average for elementary schools for the state for this period was 354.8.

Miss Stella Morrill resigned at Christmas time on account

of ill health. Miss Ruth Neville has been appointed to the position for the remainder of the year.

The school nurse, Miss Helen Thomas, has continued her good work in the schools. She has made many home visits as well as the regular school calls in the interest of children's health. She has been generous in furnishing transportation to children at clinics and other remedial work.

Our teaching force is composed of persons well trained professionally and competent in execution of work. The tests which we apply reveal commendable work and a spirit running through the schools which cannot fail to bring satisfactory results. The interest of the pupils which is strong evidence of success in school work is manifest to a remarkable degree. The schools are well equipped for their work.

The Trustees of Atkinson Academy have invited me to attend their annual meetings and have a part in their deliberations. There are twenty-four students enrolled this year, the largest number in some years. The school year was composed of 180 days, which is commendable. The Improvement Club, composed of students at the Academy and directed by Mr and Mrs. Dyke have done much to improve the building and the school.

Schools are stressing the following good citizenship traits, cleanliness, co-operation, courtesy, dependableness, honesty, obedience, politeness, promptness, quietness, and truthfulness. These characteristics are beginning to receive greater importance in rating elementary school pupils. Whenever a report card indicates a citizenship habit unsatisfactory or a failure in scholastic work, parents are urged to confer with the teacher and thus co-operate in securing improvement. It is to every child's advantage that the school and the home have a mutual understanding of his needs.

Anything that may be done to interrupt the progress of the school would have disastrous results. To everyone interested in our national well-being, the welfare and maintenance of our publicly supported schools is a matter of first concern. If our children and young people are given a chance to prepare well and thoroughly for the future, our hope and confidence remain unimpaired.

A well-known educator has written the following: "The School Board Member is an important force in shaping the course of education. As such he is also a powerful instrument in guiding the destiny of the state, the nation, and society. A school may add immeasurably to the advancement of human welfare. To do this its administrators must be wise, energetic, and courageous. The compensation which they receive is not in money, nor even in honor, but is in the consciousness of having helped as fully as possible in training young men and women for the part which they are to play in American state and national life, and for that larger part which America is to play in the affairs of the world."

In conclusion I wish to express my appreciation of the fine spirit of co-operation on the part of the School Board, Teachers, Trustees of the Academy and the General Community.

Respectfully submitted,

WILLIAM J. NELSON,

Superintendent of Schools.

REPORT OF THE MUSIC SUPERVISOR

---

To the Superintendent of Schools:

I hereby submit my annual report as Supervisor of Music in the Atkinson Schools.

In the primary grades rote songs with simple, but beautiful tunes supply a foundation for further musical progress. These songs are used to develop a good singing tone and correct monotonies. Notation and rhythm are taught in the second grade. Two-part singing is begun in the fourth grade and a true sense of harmony is developed. Still richer harmony is experienced through the three-part singing in grades six, seven and eight.

The work in musical appreciation is being carried on very effectively with the help of the victrola, and picture charts of the instruments of the orchestra.

On December 2 the pupils of the Academy gave the operetta "Tulip Time" by Geoffrey Morgan and Frederick Johnson. The cast consisted of eight characters; the other members of the classes acting as chorus.

For your co-operation and that of the teachers, I am most grateful.

Respectfully submitted,

EVA W. THOMPSON.

## REPORT OF THE SCHOOL NURSE

Town of Atkinson

To the Superintendent of Schools:
