Files	4
Probation	3
House of Correction	3
Nolprossed	2
Cases pending	2
Dismissed	2
Continued	1
State Farm	2
Miscellaneous	
Accidents	23
Pistol Permits	4

License suspended	4
Investigations	22
Doors found open	21
Lodgers	8

In conclusion I wish to thank the honorable board of selectmen, the town manager, the presiding justice, state police, the sheriff's department, all my local officers and the people of Conway for their courtesy and cooperation during the past three months.

The police department operates for the protection of life and property, is concerned with prevention of crime and promoting public safety. Criminal and accident investigation and traffic control are among the duties.

This is your department. Use it when you need it by calling the department at FLeetwood 6-2401 any time during the day or night. Someone is available and on duty twenty-four hours a day.

Respectfully submitted,

Dominick Tarallo  
Chief of Police

# Office of Civil Defense

Conway, N. H.  
Feb. 14, 1961

The Selectmen  
Center Conway, N. H.

Dear Sirs:

As your Civil Defense Director for the fourth year, I have attempted to gather an organization capable of handling any emergency. There is a lot more to do. One of the main objects of Civil Defense for 1961 is acquainting the public in fallout shelters. These can be made very reasonable. I have a booklet that can be had for the asking and they can also be obtained at the Reporter Office in North Conway.

As of Jan. 1, 1961, I have purchased over \$8,000 worth of surplus equipment for \$236. Some of these are: 2 14' x 14' Tents, 24 Folding Steel Beds, 30 Navy Cots, 1 Street Sweeper, 10 Winter Parkas and 10 prs. Flying Trousers. There are more articles that I am waiting for.

The Control Center Bus will be ready to operate some time this year. I am still waiting for some equipment to complete it. It is equipped for electricity, both by portable generator and public utility.

I do wish that more organizations would take advantage of the opportunity to know more about Civil Defense. I can get films on all phases of Civil Defense and would be only too glad to get them and show them.

Below is a Statement of expenses and my proposed budget for 1961.

Balance on hand Carroll County Trust Co. 1-1-60	\$1,227 90
Deposit—Town Check	1,410 00
Deposit—Town Check	10 00
Deposit No. Conway and Conway Precinct Check	25 80

Total to be accounted for	<u>\$2,673 70</u>
---------------------------	-------------------

## Expenses

Administration expenses, Telephone, Stamps, etc.	\$ 132 11
Surplus Equipment	81 80
Radio Equipment	914 05
Radio Supplies	164 90
Control Center, Bus	90 54

Total expenses	<u>\$1,383 40</u>
----------------	-------------------

Balance on hand 1-1-61	<u>\$1,290 30</u>
------------------------	-------------------

Previously committed for Radios and not paid for	765 00
Amount available for use in 1961	<u>\$ 525 30</u>

**Estimated Budget for 1961**

Administration expense—Tel., Stamps, etc.	\$ 150 00
Surplus Equipment	400 00
Auxiliary Police	100 00
Radio Supplies and Repairs	200 00
Control Center (Bus)	300 00
Travel Expenses (use of car, gas, oil, etc.)	375 00
	<u>\$1,525 00</u>
Total budget	\$1,525 00
Less amount left from 1960	525 30
	<u>\$ 999 70</u>
Amount to be appropriated	\$ 999 70

HERBERT S. WILSON, JR.,

Director Civil Defense  
Town of Conway

# TOWN WARRANT

STATE OF NEW HAMPSHIRE

CARROLL, SS.

To the inhabitants of the Town of Conway, County of Carroll, qualified to vote in Town Affairs:

You are hereby notified to meet at the Kennett High School Auditorium at Conway, New Hampshire, March 14, 1961, at nine o'clock in the forenoon to act upon the following subjects:

Article 1. To choose all necessary town officers.

Article 2. To see what sum of money the town will vote to raise and appropriate for the following purposes:

Section a. Town officers' salaries

- b. Town officers' expenses.
- c. Election and registration expenses
- d. Municipal Court expenses
- e. Expenses of town hall and other town buildings
- f. Police department
- g. Fire department
- h. Insurance
- i. Civil Defense
- j. Office expense
- k. Health department including hospitals
- l. Vital statistics
- m. Town dump
- n. Town maintenance of highway, summer and winter
- o. Town Road Aid (TRA)
- p. Libraries
- q. Town poor
- r. Old Age Assistance
- s. Memorial Day
- t. Soldiers' Aid
- u. Parks and playgrounds
- v. Damages and legal expenses, and land damage
- w. F. I. C. A. (Social Security) town's share
- x. Interest on temporary loans and bonds
- y. Class IV Urban (to apply against principal of bond issue)
- z. Payment on bond issue
- a-1 Perambulation of town lines
- b-1 Blister rust and care of trees
- c-1 New equipment
- d-1 County tax

Article 3. To see if the town will vote to authorize the Selectmen to hire upon the credit of the town such sums of money as may be needed. Such sums not to exceed the combined School, Town and County tax budget, in anticipation of taxes raised for Town, County and School purposes.

Article 4. To see if the town will vote to authorize the Selectmen to lay out a highway around the Boston and Maine Park, said highway to be 40 feet wide with 15 foot radiuses at its junction with Main Street and to see what sum of money the town will vote to raise and appropriate for the same. Agreeable to a petition signed by Raymond E. Lowd and others. Selectmen's Estimate \$7300. Recommended by Budget Committee.

Article 5. To see if the town will vote to move the town offices into the Town Hall at Center Conway and to raise and appropriate a sum not to exceed \$18,000. for remodeling the same. Agreeable to a report of the Building Committee. No recommendation by Budget Committee.

Article 6. To see if the town will vote to discontinue that part of the road that runs Easterly from the property of Mrs. Margaret R. Kellen on Crown Hill, so-called in South Conway, to the Brownfield Town Line. Recommended by Budget Committee.

Article 7. To see if the town will vote to discontinue as a town road the road that runs in a Northerly direction from Conway Street, so-called in East Conway, located between the properties of Charles B. Kelley and Everett and Madeline Snow, to the Homestead lots so-called. Recommended by Budget Committee.

Article 8. To see if the town will vote to raise and appropriate the sum of \$1528. to install a drain along Route 16 on or adjacent to the land of Paul Dantos. Recommended by Budget Committee.

Article 9. To see if the town will vote to raise and appropriate the sum of \$4,000. to install a drain on Mill Street in Center Conway. Recommended by Budget Committee.

Article 10. To see if the town will vote to raise and appropriate the sum of \$1834. to repair the bridge on Whitaker Lane. Recommended by Budget Committee.

Article 11. To see if the town will vote to install traffic lights in the Villages of Conway and North Conway and to raise and appropriate the sum of \$677. for the same, said lights to be installed at Stone's Drug Store, and the junction of Main, Pleasant and Washington Streets, both in Conway Village, and at Kearsarge Street and Mechanic Streets in North Conway Village. No recommendation by Budget Committee.

Article 12. To see if the town will vote to raise and appropriate the sum of \$500. for the repair of Mason Brook Bridge on the East Conway Road. (Conway Street). Recommended by Budget Committee.

Article 13. To see if the town will vote to raise and appropriate the sum of \$500. for the repair of the bridge on Washington Street

adjacent to the American Legion Building in Conway Village. (Ralph W. Shirley Post). Recommended by Budget Committee.

Article 14. To see if the town will vote to raise and appropriate the sum of \$3000. to grade, surface and tar and install drainage on Birch Street in North Conway. Not recommended by Budget Committee.

Article 15. To see if the town will vote to raise and appropriate the sum of \$600. to relocate and survey the Bartlett Road, so-called, at North Conway. Recommended by Budget Committee.

Article 16. To see if the town will vote to install parking meters in the Villages of Conway and North Conway. Not recommended.

Article 17. To see what sum of money the town will vote to raise and appropriate for care of the Town Pauper Cemetery lot located in the Center Conway Cemetery. Agreeable to a petition signed by Harry E. Potter and others. \$25. recommended by Budget Committee.

Article 18. To see if the town will vote to accept a gift of the dam at the outlet of Conway Lake and certain land associated therewith and to empower the selectmen to determine the terms of the deed, the amount of land to be acquired and all other matters thereto. Recommended by Budget Committee.

Article 19. To see if the town will vote to raise and appropriate the sum of \$750. for the purpose of uniting with the 45 other towns in the White Mountains Region Association in the cooperative development and promotion of the North Country's economy. Agreeable to a petition signed by Richard G. White and others. Recommended by Budget Committee.

Article 20. To see if the town will vote to raise and appropriate the sum of \$750. for the general expenses of the information booth located in North Conway Village and the sum of \$750. for the general expense of the information booth located in Conway Village and to pay said sums respectively over to the North Conway Chamber of Commerce and the Conway Chamber of Commerce for said general expense of each such booth. Recommended by Budget Committee.

Article 21. To see if the town will vote to establish a Planning Board of seven members with duties as set forth in Sections 1-15, Chapter 36, N. H. Revised Statutes Annotated, 1955, to make a study of the Town's development and report to the Town appropriate recommendations for the promotion and maintenance of the Town's best development. The Board shall consist of one Selectman and six other citizens appointed by the Selectmen, as provided in Chapter 36, N. H. Revised Statutes Annotated, 1955. Agreeable to a petition signed by Robert N. Davis and others. Recommended by Budget Committee.

Article 22. To see if the town will vote to tar Muster Road in the Village of Conway (approximately 800 feet), and raise and ap-

appropriate the necessary money for same. Agreeable to a petition signed by William J. Timmins and others. Selectmen's estimate \$600. Not recommended by Budget Committee.

Article 23. To see if the town will vote to raise and appropriate the sum of \$2000. or provide the necessary tar and sealer material for the construction of the proposed 3000 foot hard surfaced landing strip at the White Mountain Airport. This represents approximately one quarter of the total cost of construction, the balance being provided through donations of the local businessmen and interested persons. Agreeable to a petition signed by Philip F. Merrill and others. Not recommended by Budget Committee.

Article 24. To see if the town will vote to accept the following street as a town road, on land owned by Elsie Burgess and bordered by Robert Bray and Raymond Waterhouse. Agreeable to a petition signed by Elsie Burgess and others. Not recommended.

Article 25. To see what sum of money the town will vote to raise and appropriate to repair the East Conway Drain. \$1100. Recommended by Budget Committee.

Article 26. To act upon any other business that may legally come before said meeting.

Given under our hands and seal at Center Conway, New Hampshire, this twenty-seventh day of February, 1961.

### CONWAY VILLAGE PARK

The Conway Village Park Committee met several times during the summer. Acting upon the advice of two tree surgeons, we had the infected elms removed from the park, and had the barberry bushes removed as they had grown in a haphazard manner and nothing could be done to improve the hedge.

The disbursements are as follows:

Cash on hand January 1, 1960		\$483 80
Western Maine Forest Nursery (removing two elm trees)	\$ 70 00	
Flowerland (petunias for the islands)	24 00	
White Horse Landscape (cleaning barberry and pruning trees)	102 65	
Glenn Thibodeau (cleaning up debris)	15 00	
Clifford Upham (care of park)	28 00	
Bank charges (check book and service charge)	1 25	
	<hr/>	
	\$240 90	
Balance		\$242 90

Respectfully submitted,

Golden M. White, Treasurer  
Robert Kennett  
Clinton Roper  
Harold Pitman

# LIBRARY REPORTS

To the citizens of Conway:

The year 1960 has been a busy one at The Conway Public Library. Circulation continues on the increase with special emphasis on the sciences.

This year books were purchased from the several trust funds and appropriately marked. Other friends have been generous with gifts.

With the cooperation of the newspapers and Radion Station W. B. N. C. a successful observation of National Library Week was held. The library has been host to two Neighborhood Workshops, sponsored by the New Hampshire State Library. Several outstanding exhibits, visits by groups of school children for instruction in the use of library tools, and attendance by your librarian at meetings where services of the library could be helpful seem to have completed our year.

The repairs and improvements continue, through the splendid work of the trustees. The very much needed roof repair was done and a new sign denoting library hours was placed on the outside door. It is hoped that in some near future an outside book depository, for the convenience of patrons may be purchased.

Respectfully submitted,

PERSIS H. BERRY  
Librarian

# FOREST FIRE WARDEN'S REPORT

## PREVENTION IS YOUR BUSINESS

---

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste. PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued counsel with others in insisting and encouraging them to do likewise.

The following rules may be used as a guide for both YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires, two; number of acres burned, one half; number of permits issued, 177.

HUBERT HARTWELL  
District Chief

CHARLES WHITCOMB  
Forest Fire Warden

# STATE AUDIT — TOWN OF CONWAY

## R E P O R T

of an examination and audit  
of the accounts  
of the

### TOWN OF CONWAY

for the fiscal year ended December 31, 1960  
made by

### THE DIVISION OF MUNICIPAL ACCOUNTING

### STATE TAX COMMISSION

Concord, New Hampshire  
December 12-16, 1960 and January 23-27, 1961

### SUMMARY OF FINDINGS AND RECOMMENDATIONS

February 7, 1961

Board of Selectmen  
Conway, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Conway for the fiscal year ended December 31, 1960, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

### SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Municipal Court and Library. The accounts of the Trustees of Trust Funds were not available at the time of the audit. These will be examined at a later date.

### FINANCIAL STATEMENTS

**Comparative Balance Sheets: December 31, 1959-December 31, 1960:**  
(Exhibit A-1)

Comparative Balance Sheets as of December 31, 1959 and December 31, 1960, are presented in Exhibit A-1. As indicated therein, the Surplus increased by \$5,643.05, from \$1,399.30 to 7,042.35, in 1960.

**Analysis of Change in Financial Condition:** (Exhibit A-2)

An analysis of the change in financial condition during the year

is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

<b>Increase in Surplus</b>	
Net budget surplus	\$ 8,448 42
Bonds paid	10,000 00
State's share of yield tax abated	55 28
	\$18,503 70
<b>Decrease in Surplus</b>	
Cash surplus used to reduce tax rate	12,084 08
Tax liens transferred to tax deeds – Town	705 59
Tax liens transferred to tax deeds – Precinct	65 08
Abatement – Precinct tax sale	5 90
	\$12,860 65
Net increase	\$5,643 05

**Comparative Statements of Appropriations and Expenditures – Estimated and Actual Revenues:** (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1960, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$16,225.35, less a net overdraft of appropriations of \$7,776.93, resulted in a net budget surplus of \$8,448.42.

**Summary Statement of Receipts and Expenditures:** (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1960, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1960, is indicated in Exhibit B-2.

**Statement of Bonded Indebtedness:** (Exhibit G)

A statement of bonded indebtedness as of December 31, 1960, showing annual debt service requirements, is contained in Exhibit G.

### AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and

unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

### GENERAL COMMENTS

**Current Surplus:**

It is noted that the current surplus (excess of total assets over current liabilities) decreased by \$4,356.95, from \$75,399.30 to \$71,042.35, in 1960, as shown herewith:

	Dec. 31, 1959	Dec. 31, 1960
Total assets	\$255,051 10	\$268,773 20
Current liabilities	179,651 80	197,730 85
	-----	-----
Current surplus	\$ 75,399 30	\$ 71,042 35

**Overdraft of Appropriations and Application of Municipal Budget Law:**

It is noted that in the fiscal year ended December 31st, 1960, there was a net overdraft of appropriations amounting to \$7,776.93, (Exhibit A-4). Included in this amount, however, was an overdraft in the "overlay" account in the amount of \$4,968.69. Inasmuch as the "overlay" is determined by the Board of Selectmen, rather than appropriated by the Town Meeting, the actual net overdraft of budgetary appropriations was \$2,808.24, (\$7,776.93-\$4,968.69).

In accordance with the provisions of the Municipal Budget Law, R.S.A., Chapter 32, application should have been made to the Tax Commission by the Board of Selectmen, with the approval of the Budget Committee, for a certificate of emergency authorizing expenditures in excess of budgetary appropriations.

**Surety Bonds of Town Clerk and Town Treasurer:**

The surety bonds of the Town Clerk and Town Treasurer should be increased in amount as follows, in order that the amount of the bond may be more proportional to the amount of funds received by these officials:

Town Clerk's Bond — Increased from \$5,000.00 to \$ 8,000.00  
 Town Treasurer's Bond — Increased from \$5,000.00 to \$25,000.00

**Conclusion:**

The Provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Conway for their assistance during the course of the audit.

Yours very truly,  
 Harold G. Fowler  
 Director

Joseph W. Boudreau  
 O. Maurice Oleson  
 Auditors

# Proceedings in Annual School District Meeting

March 12, 1960

Agreeably to the foregoing Warrant the meeting of the Conway School District was called to order at 2:00 o'clock p.m. on March 12, 1960 by Burnham B. Davis, Moderator, who read the Warrant, certificate and oath of posting, certificate and oath of authenticity and posting of the check list.

On motion of Ralph L. Grindle, duly seconded, it was voted to act upon Articles 1 through 5 simultaneously and to proceed to elect the necessary officers by ballot, while acting upon the other Articles of Warrant, and that the polls remain open until 9:00 o'clock p.m. Under Article 6.

Moved by Ralph L. Grindle, duly seconded, that the meeting now take up the Budget and vote on it item by item, and that the total sum arrived at by this method be raised and appropriated for the support of schools for the salaries of school district officials and agents and for the payment of statutory obligations of the district and to authorize the application against said appropriation such sums as are estimated to be received from the State Equalization Fund, together with other income, the School Board to certify to the Selectmen the balance between the estimated income and the appropriation which balance is to be raised by taxation. The motion was carried.

Proceeded to vote according to the above motion and the following sums were voted to be raised and appropriated, less revenue as estimated.

Salaries of District Officers	\$ 1,226 35
Salary, Superintendent	4,429 03
Tax, State Wide Supervision	1,998 00
Salaries, Other Administrative Personnel	4,011 21
Supplies and Expenses	3,940 82
Salaries, High School Teachers	127,175 00
Salaries, Elementary Teachers	147,450 00
Books and aids	6,120 00
Scholars' supplies	6,640 00
Salaries, Clerical Assistants	2,100 00
Supplies, instructional, high school	3,110 00
Supplies, instructional, elementary	1,385 00
Salaries, Custodians, High School	6,600 00
Salaries, Custodians, Elementary	12,000 00
Fuel, High School	4,300 00
Fuel, Elementary	6,700 00
Water, Lights, Etc., High School	3,897 00
Water, Lights, Etc., Elementary	6,103 00
Repairs and Replacements, High School	4,300 00
Repairs and Replacements, Elementary	2,050 00

Health Supervision	4,893 79
Transportation	16,680 00
Tuition	1,384 88
Special Activities	4,070 00
School Lunches	12,000 00
Retirement and Social Security	20,015 75
Insurance and expenses	6,532 51
Lands and New Buildings	8,000 00
New Equipment	18,875 00
Debt and Interest	28,505 00
	<hr/>
Total	\$476,492 34

To be raised and appropriated in accordance with the foregoing motion.

Under Article 7.

Voted, motion by Mr. Frank Kennett, Jr., duly seconded, that the sum of \$2,000.00 be raised and appropriated for the maintenance of the boilers in the Kennett High School, pending action of the District as to the installation of new equipment.

Under Article 8.

The Committee on the study for a co-operative school district reported their findings were not complete and a further report would be given when the study is completed.

The polls were closed at 9:05 o'clock p.m. and the ballots being counted a total of 835 had been given in.

Moderator	744	Burnham B. Davis
Clerk	726	Neil C. Cates
Treasurer	750	Mary H. McKeen
Auditor	705	Chester B. Lucy
Auditor (write in)	38	David B. Schurman

and the above were declared elected.

Member of the School Board for three years

585 Leo J. Campagna

577 George T. Davidson

325 Ralph L. Roberts

and Leo J. Campagna and George T. Davidson were declared elected. 129 scattering ballots were also received.

The elected officers, with the exception of Mary H. McKeen and Chester B. Lucy, were duly sworn in.

Voted to adjourn.

# WARRANT FOR ANNUAL MEETING OF CONWAY SCHOOL DISTRICT

To the inhabitants of Conway School District in the Town of Conway, New Hampshire, qualified to vote in District Affairs:

You are hereby notified to meet at Kennett High School in Conway, New Hampshire, on the 25th day of March, 1961, at 2:00 o'clock in the afternoon, to act upon the Articles set forth in this Warrant. The polls shall be open from 2:00 p.m. until 9:00 p.m.

Article 1. To choose a Moderator for the coming year.

Art. 2. To choose a Clerk for the ensuing year.

Art. 3. To choose a Treasurer for the ensuing year.

Art. 4. To choose two (2) Auditors for the ensuing year.

Art. 5. To choose two (2) Members of the School Board to hold office for three years to fill vacancies arising from the expiration of the terms office of Irene M. Lucy and Dana Haley.

Art. 6. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officers and agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the State Equalization Fund together with other income, the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxation.

Art. 7. To transact any other business that may legally come before this meeting.

Given under our hands at said Conway this 1st day of March 1961.

GEORGE T. DAVIDSON  
DANA A. HALEY  
FRANK E. KENNETT, JR.  
NATALIE M. DUPREY  
IRENE LUCY  
LEO J. CAMPAGNA  
School Board of Conway, N. H.

## 1. SCOPE OF THIS STUDY

This study was undertaken at the request of the Conway School Board, under a warrant article passed at the 1959 Conway School Meeting. Its purpose was to explore the possibility of entering into a co-operative agreement between the interested towns, to provide for the rapidly increasing enrollment at Kennett High School. The following school districts participated in the study:

### School Union No. 36

Effingham  
Freedom  
Madison  
Ossipee  
Tamworth

### School Union No. 9

Albany  
Bartlett  
Conway  
Eaton  
Jackson

## 2. OUTLINE OF CONCLUSIONS REACHED

- (a) The best solution to the problem of our increasing school population is a co-operative school for grades 7 through 12.
- (b) This co-operative would
  - make possible a unit large enough for efficient operation
  - assure adequate space for some years to come,
  - make possible a stronger curriculum, and
  - permit the towns to participate in school administration.
- (c) The cost, when compared to present costs for facilities and tuition, would be reasonable.

## 3. THE PROBLEM

Kennett High School will soon be overcrowded. Even now, some departments (laboratories, shops, home economics) have to limit admissions because of lack of space and facilities. Our educators tell us that when the enrollment at Kennett passes 550, makeshift classes will have to be set up. The estimated enrollment shows that the critical point will be passed in September of 1961 and will require drastic measures by September of 1962.

Year beginning September	Estimated Enrollment Grades 9 - 12
1961	576
1962	626
1963	667
1964	685
1965	669

These figures are based on students now actually attending elementary grades, and allows for a normal drop-out rate in high school.

#### 4. POSSIBLE SOLUTIONS

- (a) **Enlarge Kennett High School.**

After consulting an architect, the Committee decided that this would be very expensive in relation to the additional space provided, would require further expansion of the heating and other service facilities, and would mar the pleasing appearance of the building.
- (b) **Limit the acceptance of tuition students.**

Aside from the consideration that this would not be a neighborly thing to do except as a last resort, Conway would have to refuse about 125 tuition students within the next five years, probably on an individual town basis. Eventually, and perhaps within a very few years, the tuition towns would form their own co-operative, and Conway would end up with no tuition students and a school one-third too large for its own pupils. The resultant disruption in class set-up would inevitably increase the cost per student, and probably force a cut-back in the curriculum. The Committee gave only passing consideration to this alternative, and did not vote on it.
- (c) **Set up a partial co-operative, for grades 10-11-12 only.**

There was some sentiment for this plan, particularly on the assumption that it might be easier to sell to the voters. However, it was generally recognized that this would create as many problems as it solved, and would eventually lead to a full 7-12 co-operative.
- (d) **A full co-operative, grades 7-8-9 in the present Kennett High and grades 10-11-12 in a new building.** A substantial majority of the Committee voted for this plan.

#### 5. THE FULL CO-OPERATIVE

##### (a) Curriculum

The improvement in curriculum would not be achieved by the addition of a variety of new subjects. At most, the Committee recommends the addition of one foreign language, Spanish or German, if the demand justifies it. Rather, the aim is to come closer to the ideal of a "comprehensive" school, which strives to provide

- (1) to the student who intends to go to college, an opportunity for more extensive preparation in the sciences, mathematics, and languages.
- (2) to the student who will not go to college, an opportunity for more extensive preparation in the industrial and commercial arts, and home economics.

- (3) to all students, the good general education which is the foundation for solid citizenship in a democracy.

To achieve this, courses in manual arts, fine arts, and home economics would be brought down into the Junior High curriculum, leaving time and space for more advanced scheduling in Senior High. After graduation, the student's superior training would greatly facilitate admission to college or integration into industry.

(b) Facilities

Senior High

The estimated potential enrollment for grades 10-11-12 during the next six years is as follows:

Year beginning September	Estimated Potential Enrollment
1961	423
1962	447
1963	513
1964	547
1965	533
1966	500

The proposed new Senior High school would consist of 24 classrooms, gymnasium and cafeteria, and would include modern laboratories, shops, and home economics equipment. It would take care of 600 students. The school could be located just across the railroad tracks from Kennett High. The site, which is ideal for the purpose, is believed to be available at a very reasonable price.

Junior High

The estimated potential enrollment for grades 7-8-9 during the next five years is as follows:

Year beginning September	Estimated Potential Enrollment
1961	597
1962	582
1963	537
1964	543
1965	568

The present Kennett High would be adequate for this estimated enrollment, and its facilities, far superior to those of the present junior high building would permit the expansion in Junior High curriculum recommended above.

(c) **Administration**

The co-operative school would, of itself, constitute a separate school district, managed by its own school board. The Committee recommends that this board be made up of an odd number of members, not to exceed 15, with at least one member from each participating town. Town members would be elected by each town at its annual school meeting, and the remaining members-at-large would be elected at the annual meeting of the co-operative school district. (State law would have to be changed to permit a 15-man board and the recommended method of election, but no difficulty is anticipated in obtaining this change).

(d) **Cost**

The estimated cost of the new Senior High School is about \$1,050,000. However, reimbursement up to 55% of the cost would be available from the State of New Hampshire. Kennett High would be acquired by the co-operative for about \$450,000. Annual operation and transportation costs are estimated at \$180,000 for the Senior High, and \$155,000 for the Junior High.

**6. FINANCING AND ALLOCATING THE COST**

- (a) The cost of facilities acquired by the co-operative would be covered by bonds, to be repaid over a 20-year period.
- (b) The committee recommends that the cost of acquisition and operation be shared among the participants: one-half on the basis of number of students and one-half on the basis of equalized valuation.
- (c) Estimated results of allocation (for the FIRST YEAR) are shown in the table on the facing page.

The co-operative cost, grades 7-12 shown in the table includes not only operation and transportation but the cost of acquisition as well.

The table includes, for the FIRST YEAR, principal and interest on the new building, (less State reimbursement), of \$59,685. This amount is scheduled to decrease each succeeding year, and at the TWENTIETH YEAR would be \$25,172.

**7. TIME SCHEDULE**

The Committee would like to emphasize the time element involved in this project. Assuming acceptance by the voters in March, 1961, the organization of the co-operative school district and the awarding of contracts for the new Senior High within six months thereafter, would leave only one year for the actual building of the school by the critical date, September of 1962.

Co-operative School Study Committee

## COOPERATIVE JUNIOR-SENIOR HIGH SCHOOL STUDY

### Report of Subcommittee on Curriculum

At the organizational meeting held in Tamworth on May 1, 1959, this committee was requested to submit by June 30, 1959, a curriculum which could serve as a basis for the study of a proposed cooperative junior and senior high school program encompassing part of Union No. 9 and part of Union No. 36.

It became apparent to the committee, composed entirely of lay persons, that it would be in no position to express an opinion on the complex and involved aspects of the administration and management of a curriculum, the techniques of teaching, or on the subject content of a course of study. All of this falls within the sphere of the trained professional educator.

The committee studied the curricula of the following school systems:

Berlin, New Hampshire  
Hanover, New Hampshire  
Wrentham, Massachusetts  
Suffield, Connecticut  
Goshen, New York  
Dover, Delaware  
Princeton, New Jersey

The first three were selected on the recommendation of the New Hampshire Department of Education. The others could be considered as random choices, being in the survey only by the virtue of the fact that various members of the committee had friends in such schools, through whom the desired information was obtained. "The American High School of Today" by James Conant, often spoken of as "The Conant Report," was an excellent guide. School teachers and principals in Union No. 9 and their counterparts in other areas were a source of valuable information.

During its survey, the committee made some general observations, and with the help of our administrative educators who made their services available to the committee, these were transcribed into what seems to be an operable program.

Historically, the philosophy of an educational system seems to reflect the culture of a people, modified locally by geographical differences. As the culture changes, the demands made upon the educational system result in the introduction of new features and in the elimination of others.

Insufficient recognition of this generalization geographically may result in a lag at the local level. For example, a system adequate for the pre-electricity age, could not reasonably be expected to meet the demands required for living in the atomic age. It was observed that a curriculum tends to develop in a manner based on the retention of currently desirable features, with the addition of such aspects of

a contemporaneous social structure as seem indicated when projected into the foreseeable future.

The "Conant Report" directs attention to the widespread operation of the comprehensive high school — in varying degrees of comprehensiveness. It is defined as "a high school whose programs correspond to the educational needs of **ALL** the youth of the community." This is in contradistinction to the "specialized" high schools which provide either a vocational education or an academic curriculum.

A comprehensive high school should "at one and the same time provide a good general education for **ALL** the pupils as future citizens of a democracy, provide elective programs for the majority to develop useful skills, and educate adequately those with a talent for handling advanced academic subjects."

The committee believes the adoption of this type of junior high-senior high curriculum, modified to meet the local conditions, merits consideration by this cooperative study group.

The curriculum which is submitted seems to provide many more educational advantages to our pupils than are now available under the present system.

**First**, the means are provided by which the academically talented pupils can have the opportunity to handle the academically advanced subjects.

**Second**, the large number of terminal boys whose formal training ends with high school graduation can have a wider and more advanced training in the industrial arts, leading to a greater development of useful skills. The girls will have the opportunity in the commercial subjects and in the various fields of home economics.

**Third**, those pupils who do not possess high scholastic aptitude, or those who develop academically at a slower rate, or those who are in need of remedial work will be able to progress at a pace more nearly commensurate with their rate of learning. This is managed by the use of ability grouping, and by the use of individualized programs under guidance.

**Fourth**, those pupils who are potential "drop-outs" for one reason or another, can be placed in individualized programs more satisfactorily, because of the wider choice of elective subjects.

The junior high—senior high curriculum may be considered as a single unit — grades 7, 8, 9, 10, 11, 12. The division of 2-4 (two years junior high, grades 7 and 8, and four years senior high, grades 9, 10, 11, 12) or of 3-3 (three years junior high, grades 7, 8, 9, and three years senior high, grades 10, 11, 12) is largely a matter of physical facilities and for administrative ease. The curriculum of the 9th grade would be much the same in either case.

The appearance of courses in manual arts, fine arts, and home economics in the junior high curriculum introduces a new feature

in this locality. This is a well-established custom throughout the country; it has stood the test of time and is considered favorably by the educational profession. Not only does this make possible an earlier flexible individualized program in the junior high, but it allows time and space for the scheduling at more advanced levels in the senior high school. By strengthening the senior high programs in these fields, the pupil is given a more complete training by the end of his formal education. The committee believes this to have an important potential in this area.

The present trend of moving some of the academic subjects to a lower grade seems worthwhile, especially science, mathematics, and foreign languages, where they may present a challenge to the academically talented.

A well-rounded program of physical fitness for both boys and girls seems desirable.

Only one modern foreign language, French, is in the curriculum. The committee believes there should be another one — German or Spanish, if sufficient interest should be shown at any time.

Latin is included in the curriculum. The committee is aware of its controversial status, but believes it still has sufficient value to be retained for the present.

In evaluating each individual subject, approval was given only to those which met the following criteria:

- (1) Is this subject necessary in order to give our pupils a training comparable to that given to the pupils in other relative school systems?
- (2) Is this subject acceptable by conservative opinion?
- (3) Is the demand for this subject likely to be sufficiently great to warrant placing it in the curriculum?
- (4) Is this subject of considered value in the development of the child?
- (5) Is the estimated cost of this subject within reason?
- (6) Does the value of this subject warrant the cost of including it in the curriculum?

Many courses and subjects which had been suggested to the committee had to be excluded by failure to meet these criteria. At the same time it seemed advisable to include courses not offered currently in our present system.

The committee believes that the curriculum it has offered is basically sound, educationally and financially. The committee's approach has been one of avoiding a mass hysteria and popular clamor for untried courses, fads and so-called frills. It believes they have no place in a stable educational system.

In submitting this curriculum, the committee is aware that it is likely to evoke a discussion over the presence of some subjects. The

stimulation of serious community thought to this important problem would give the report added value. In this connection, it should be noted that this curriculum closely parallels one suggested by the New Hampshire Department of Education for this proposed cooperative school study.

The curriculum committee was asked to submit an estimate of the number of rooms and number of teachers needed. This has been computed by the New Hampshire Department of Education, and is a part of this report. It is calculated on a 6-3-3 system, with 600 pupils in junior high, and 600 pupils in senior high. It should provide a working basis for the facilities committee.

The formula is  $T = (k) E/c \cdot M/n$

T = number of teacher stations needed.

E = enrollment anticipated in subject.

c = average class size.

M = number of times class meets each week.

n = total number of periods which teacher station is available per week.

k = 1.25 – a constant to show 80% utilization of pupil stations.

As an example, experience and statistics show that in a comprehensive high school of 600, about (E) 310 would be enrolled in mathematics. The average size of each class is set at (c) 22. There are (M) 5 classes a week, and (n) 30 periods a week available per teacher. How many mathematics teachers are required?

Substitute in the formula  $T = (k) E/c \cdot M/n$

$T = (1.25) 310/22 \cdot 5/30$

T = 2.9 mathematics teachers needed.

In general the number of teaching rooms corresponds to the number of teachers, but this is subject to some variation, depending upon the purpose for which a room is designed, such as laboratories, gym, shop, home economics, etc.

A variation in pupil enrollment of 15% from the estimate would not likely necessitate a change in the curriculum to any appreciable degree. It may or may not require a change in facilities. It would, however, make a difference in the cost-per-pupil figure.

## COOPERATIVE JUNIOR-SENIOR HIGH SCHOOL STUDY

### Report of Subcommittee on School Facilities

Taking our cue from the report of the Curriculum Subcommittee which recommended a new Junior High to accommodate 600 pupils and to make room and facilities for 600 Senior High pupils in the Kennett Plant.

This committee set about to:

1. Make a survey and study of a suitable site for a Junior High Plant.
2. Determine the type, size, and approximate cost of a new Junior High Plant.

Having no funds allotted to us to spend for an authority on costs we were groping rather in the dark during the early stages of our work. (A sum of money was made available to us later.)

Site — Several sites were suggested and checked as to availability and cost. The field across the railroad track from Kennett High seemed to be desirable so one of our members was informed that the land would be available for purchase as a site for a cooperative school.

The Building — A few members of the committee had visited the new Claremont Junior High School and others had read and heard about it. Therefore, that building was taken as a starting project to work from. The size is about what this committee was looking for, and some tentative costs were available — but nothing definite.

When the sum of money was made available to the committee, even though a very small sum, we set out to find an architect who would agree to make rough sketches and give the committee a cost that would stand up if the project was to go through in the near future.

A suggestion was made somewhere along the line that perhaps it might be worked out to use the new plant as a Senior High and the present Kennett Plant as a Junior High. This idea was discussed at quite some length. The present Kennett Plant has at least 3 departments that are very cramped for space right now, which means that additions of four rooms must be built on the Kennett Building at a cost of at least \$90,000 to provide adequate facilities to continue a 600-pupil Senior High School

If the present Kennett Plant were to be used as a Kennett Junior High School, there would need to be no addition and very little, if any, added facilities.

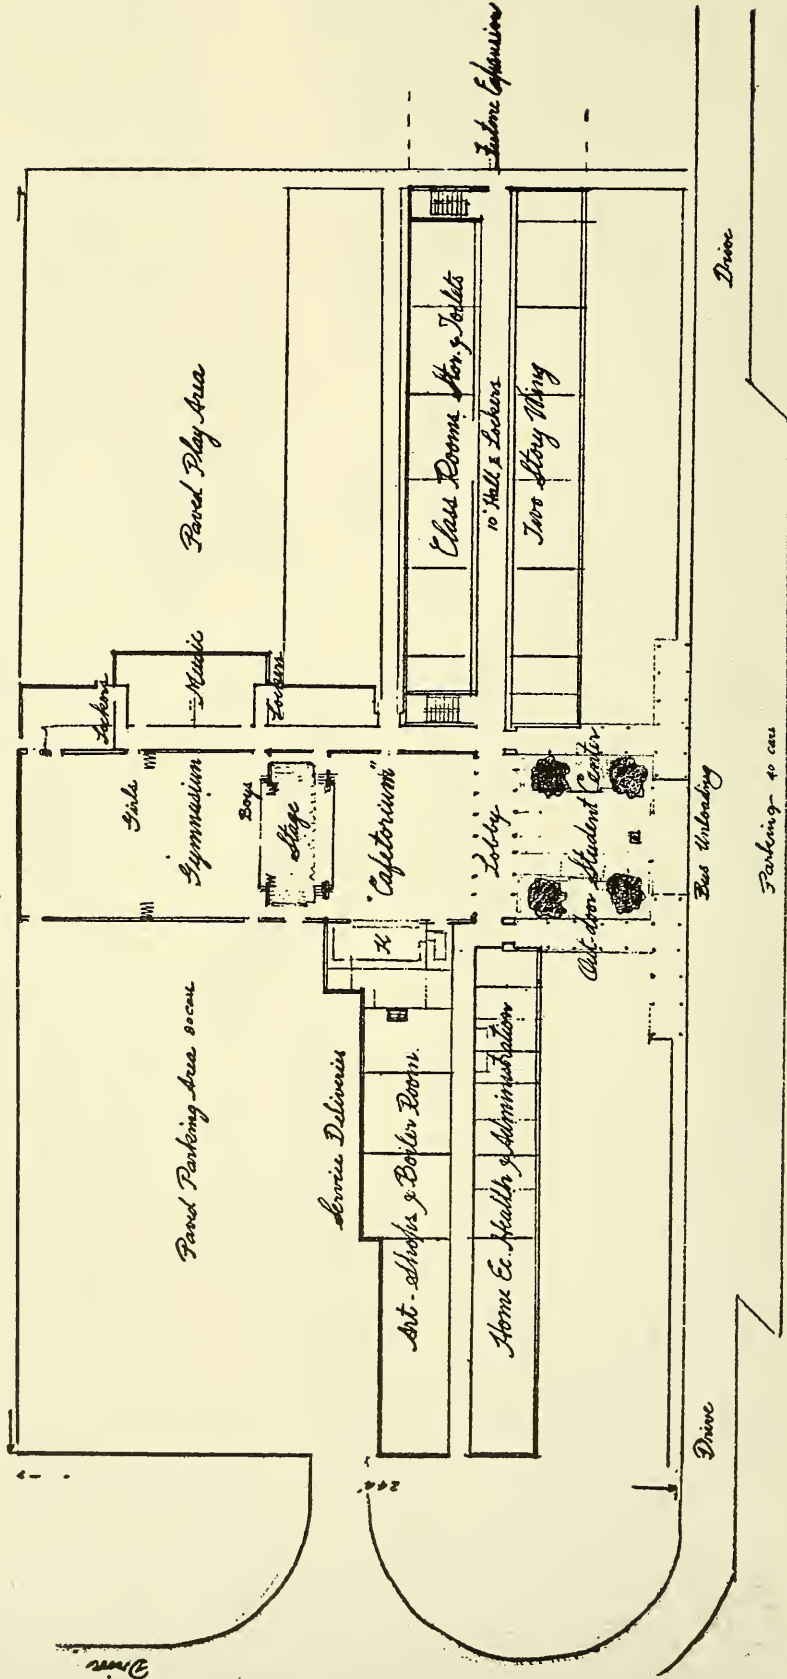

Mr. W. Pope Barney of Sandwich, New Hampshire, and Philadelphia, Pennsylvania, has prepared these sketches and developed these costs.

## REPORT OF FACILITIES SUBCOMMITTEE

### Summary

New Junior High complete according to Architect's drawings and specifications .....	\$977,400	
Addition of 4 rooms on present Kennett Building if used as a Senior High School .....	90,000	
	-----	\$1,067,400
New Senior High complete .....		1,038,400
		-----
Showing a saving of .....		\$ 29,400
by building a new, modern, well-equipped Senior High School rather than a new Junior High School.		

### Facilities Subcommittee

Emmons E. Heald, Tamworth, Chairman  
Margaret Colbath, Conway, Secretary  
Roland Lord, Ossipee  
Rachel Doucette, Jackson  
Margaret Littlefield, Freedom  
David Schurman, Conway  
Leland Drew, Madison  
Donalda Howard, Glen

### Recommendations

The Facilities Subcommittee makes the following recommendations:

1. The purchase of the 60-acre (more or less) plot of land across the railroad tracks northwesterly from the present Building.
2. Erecting of a 24-room Senior High School plant on the above-mentioned plot of land.

Total cost including land; building and equipment; sewage disposal; grading roads and walks. Also, fees and other costs as shown on accompanying Architect's Specifications and plans — \$1,038,000.

3. Convert the present Kennett Plant into a Kennett Junior High School.

# CONWAY COOPERATIVE SENIOR HIGH SCHOOL

## ARCHITECT'S REPORT

NOVEMBER 4, 1959

The building, as programmed and designed, represents standards which are recommended as being wise economy, being neither austere to the point of educational inadequacy nor liberal to the point of criticism of extravagance.

The construction is to the minimum standard for safety and low maintenance. If funds are available, some form of tile base and wainscot in halls and gymnasium would be justified as needing no painting.

### Skeleton Specifications:

**Exterior Walls:** Concrete block and common brick facing.

**Interior Walls:** Concrete block painted except for wainscot in kitchen,

toilets and locker room where structural glazed tile will be used.

**Ceiling:** Acoustic units in all student areas.

**Roof:** Wood joists and plank, 20-year bonded tar and gravel roof over 1" solid insulation.

**Floors:** Reinforced concrete slab on grade for first floor with asphalt tile except in gymnasium, locker rooms, toilets and kitchen. Gymnasium floor iron bound. Maple strips set in mastic on cork. Locker and toilet floors ceramic tile. Kitchen floor grease-proof asphalt tile. For second floor the concrete slab will be over steel-tex and light steel joists

**Windows:** Structural wood for fixed sash, aluminum for movable units. Gymnasium to have directional glass block on east, west, and south; non-directional glass block on north side.

**Heating:** Two-pipe vacuum return steam heating system and mechanical ventilation of kitchen, toilets, locker rooms and cafeteria.

**Plumbing:** Standard school units. Sewage disposal system in site work.

**Electrical Fixtures:** Cold Cathode and Incandescent.

The preliminary cost estimates are based on the best information locally and currently available and make no allowance for the possible ultimate results of the present steel strike.

## PRELIMINARY COST ESTIMATE

Based upon 24 Classrooms 25' x 32' (800 sq. ft.)  
 Gymnasium 76' x 90'  
 Cafeteria for 300 and program as written for Senior High

Sketches of November, 1959 —	61,700 S.F. at \$12+

	\$41,521,965		\$1,245,660	\$1,660,878	\$2,076,099	\$2,419,318	

## PART C. — Determination of Debt Service Budget for New Building

Estimated Cost of new building	\$1,038,000
Assumed period of bond issue	20 years
Annual payment on principal	\$51,900
Assumed interest rate	3.5 per cent
Annual payment on principal	\$51,900
Less State Building Aid computed at 55% of principal payment	28,545
Local share of principal payment	\$23,355
Interest payment for first year	36,330
Local assessment for debt service budget	\$59,685

NOTE — For purposes of this illustration, it has been assumed that the principal payment will remain constant at \$51,900 per year, and that the State Building Aid payment will remain constant at 55 per cent of this amount, or \$28,545.00 per year. The amount to be raised locally for payment of principal would then be \$23,355.00 per year. If the assumed interest rate of 3.5 per cent were obtained, the interest payment would amount to \$36,330.00 the first year, and would decrease at the rate of \$1,816.50 per year.

**APPORTIONMENT OF LOCAL ASSESSMENT FOR DEBT SERVICE OF NEW BUILDING**

District	Apportionment Percentage	District Share of Assessment for New Building	* Adjusted Share of Assessment for Debt Service for New Building	Tax Rate Per 1,000 Equalized Valuation New Debt Service	Tax Rate Per 1,000 Assessed Valuation New Debt Service
