**STATE LAW**

Anyone obtaining fishing, hunting or operator's licenses and motor vehicle registrations and not having paid their Head and Poll Tax are guilty of Perjury.

Many thanks for your cooperation in making it a successful Tax Year, especially so due to the late Warrant.

I hereby certify that the above report as of December 31, 1962 on account of the levy of 1962 is correct to the best of my knowledge and belief.

KENNETH M. ALEXANDER  
Tax Collector

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Freedom:

I submit my second report as Superintendent of Schools of Union No. 36. The following list indicates the administrative activities for the period from January 1, 1962 to December 31, 1962:

School Visits	396
Regular School Board Meetings	88
Special School Board Meetings	51
Speaking Engagements	12
P. T. A. Meetings	11
Conventions & Conferences	9
Teachers' Meetings	14
Cooperative Study Meetings	67

On November 18, 1962, Dr. Charles F. Ritch, Jr., Commissioner of Education, visited all of the schools in Union 36 with Superintendent Thomas.

,During the school year 1961-62 the teachers in the Freedom School were: Mrs. Edith Plant grades 1-4 and Mr. J. Scott Althoff grades 5-8.

At the opening of the school year in September 1962, Mrs. Ruth Loring succeeded Mrs. Plant. Mrs. Dagny Blouin continues her fine work with the children in music instruction.

The school health services continue under the supervision of Mrs. Rebecca Sanborn, R. N., with annual physical examinations by Dr. David P. Dutton.

Never before has education received as much public attention and publicity as it has in recent years. Newspapers, magazines, television, radio—all instruments of mass communication have probably devoted more space and time to education in a single year than they have for the past fifteen years put together. This is good! It shows that people are interested in what the schools are doing and that they want to assist in helping the schools do an even better job.

When school administrators are questioned about matters of importance to them, the improvement of instruction usually is given considerable attention and weight. The primary function of superintendents of schools is conceived to be the creation of conditions that are conducive to effective teaching so that maximum pupil learning will result.

The curriculum is, or should be, in a constant state of change. One only has to look around in this scientific age to recognize the changes taking place. There has been a growing concern about the development of programs in the public schools, which would meet the needs of all youth. Some changes have taken place in our schools with the cooperation of our principals and teachers in developing plans of programs for Reading and Mathematics with results, which, at present, appear to be very excellent. Following a two-day Math Workshop in September 1962, 80% of the teachers of Union 36 participated in an extension course under the auspices of the University of New Hampshire. This training has enabled our teachers to teach the new mathematic concepts which is being taught in our schools now.

Our school system has its problems the same as any other business. However, they are not insolv-

able. With confidence and a forth-right approach to the solution of these problems we can continue to have an outstanding educational program, one that will be a credit to our young people as well as to our community.

Dr. James B. Conant makes this comment, "It is impossible to evaluate an educational system apart from the society which it both reflects and serves. Much of the argument over education today is coming from people who are not really interested in facing problems as they exist."

Herein lies our responsibility—to know our problems—to solve them to the best of our abilities.

During the past year the school districts of Freedom, Madison and Tamworth solved their secondary school problems by joining our sister Union No. 9 in Conway by signing a twenty-year contract. The school districts of Brookfield, Effingham, Ossipee and

Wakefield has been in a Regional 1 through 12 school study with our sister Union 49 comprising the school districts of Alton, New Durham, Tuftonboro and Wolfeboro which would solve their school problems. The Middleton school district continues to tuition all their students to Farmington.

Also, much work was done during the summer of 1962 to improve our own schools. Madison created a new classroom, a complete new heating system was installed and another member was added to the teaching staff due to a large enrollment in grades 1-3. Ossipee created a new classroom, health room, library and principal's office. Ossipee also added a new member to the teaching staff due to the large enrollment

in the first grade. Effingham, Freedom, Tamworth and Wakefield had the usual summer repairs and cleaning of their buildings.

The Parent-Teacher Associations have been most helpful and cooperative, as have other civic and social organizations. Many thanks go to the Whittier Lions Club for their generous contributions to all our schools.

I wish to extend to the School Boards my sincere appreciation for their fine cooperation, their encouragement, and sincere devotion to their task of formulating and carrying through their policy-making responsibilities with foresight and conviction in what is good for the school children, school personnel, and citizens of their communities. ,

I also want to commend all the school personnel for their devotion to education and the assistance they have given me.

Respectfully submitted,

ALFRED W. THOMAS
