CHIEF OF POLICE

FOREST FIRE WARDEN'S REPORT

To the Selectmen:

Each year there is a demand for a statement on forest fires for publication in the annual town report. It is believed they serve a good purpose locally in preventing fires. The following is offered with the respectful request for publication in your town report.

Forest Fire Prevention Is Everybody's Business

New Hampshire faces a continuing challenge in its forest fire problem - 97 percent of all our forest fires being man-caused and preventable - a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens and deputy wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Careless and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles, by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning; improperly extinguished debris, camp and cook fires - all result in serious loss of property, disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and cooperative effort - The rules are simple.

1. Don't burn at home - use your town dump and avoid all fire problems.
2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fireplaces and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.
3. Be sure that all lighted material - cigars, cigarettes and matches - are completely out before discarding them. Use ash trays in automobiles.
4. Make certain that your debris, camp and cook fires are completely out before leaving them.
5. Insist that others be careful and comply with burning requirements.

6. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER - the fire you prevent might be the one which could burn YOUR property.

REMEMBER - FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS AND OUR MOST IMPORTANT UNDERTAKING.

The State of New Hampshire
HILLSBORO-DEERING COOPERATIVE SCHOOL
WARRANT

To the Inhabitants of the School District in the towns of Hillsboro and Deering qualified to vote in district affairs:

You are hereby notified to meet at the Hillsboro-Deering Cooperative High School Gymnasium in said district on the 7th day of March, 1958, at 8:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year, a Member-at-large of the School Board for the coming five years, and two Auditors for the ensuing year.

2. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

3. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

4. To see if the school district will adopt as its school check-list the Town Check-list, as provided in R.S.A. 197-12a, as inserted by Laws of 1957, Chapter 57; this provision to be effective for the 1959 and subsequent annual district meetings.

5. To see if the district will raise and appropriate the sum of sixty-four hundred dollars (\$6,400.00) for the grading and black top program.

6. To see what sums of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

7. To transact any other business that may legally come before said meeting.
Given under our hands at said Hillsborough this 14th day of February, 1958.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Hillsboro and Deering:

For the first time since 1952 the pupils and faculty of the Hillsboro-Deering Cooperative School have adequate space in which to perform their educational duties. This has been greatly appreciated, especially by those who found it necessary in previous years to work in areas which were obsolete or unadaptable to the type of work for which the area had been assigned.

At the present time, there are usually one or two rooms each period which are unused. However, as our larger elementary classes enter the high school area, a considerably higher utilization of space will take place.

Much work was done this summer by the custodians in repairing and redecorating of the high school rooms. Floors, which had for years been oiled, were scrubbed down and floor seal applied. Some classrooms were redecorated in the modern pastel shades. This type of modernization maintenance will continue during the summer program until the whole high school area has been completed. Lighting in these rooms is very bad under modern standards and a program of replacement is being instituted to remedy this deficiency.

We are pleased to have obtained some black top drives during the past year and hope that the district will continue the program until an adequate area is covered and the grounds fully landscaped. Playground space is inadequate and over a period of years the swamp land owned by the district should be filled and made available for use.

The enrollment as of September, 1957, is as follows:

Grade I	47	Grade VII	35
Grade II	48	Grade VIII	50
Grade III	47	Grade IX	39
Grade IV	46	Grade X	31
Grade V	61	Grade XI	41
Grade VI	52	Grade XII	23

The total of 520 is exactly the same as the total at the close of school in June. If housing in the community remains at its present capacity, it appears that we shall level off with an enrollment of about 600.

Teacher procurement is, and will continue to be for some time, one of our most difficult problems. We were fortunate to have been able to fill all our positions this past year with an excellent group of teachers. It is hoped that we shall be

able to retain a high percentage of them next year. This we have to do if we are going to operate a real efficient and effective unit. Staff members' names and salaries will be found elsewhere in the district report.

Although our high school is operating more effectively than it has in several years, there are still areas in which we are deficient. The two most pressing problems could be classified under the headings of "Number and Desire."

One hundred and thirty-four youngsters in grade 9-12 is not large enough to divide into groups of similar ability in order that the standards within each class can be established at a high level. It is still necessary to reduce the required achievement within the class to a point where the majority can obtain a passing grade. Thus our pupils with outstanding ability are not working to their capacity. It should be pointed out, however, that the above does not apply to the college preparatory elective courses. As the number of pupils in the high school increases the quality of the class content will improve.

Desire on the part of the pupils and parents could contribute much toward the improvement of achievement standards. Because our teachers refuse to reduce the level of achievement required in our math, science and language courses, the administration and guidance people are finding it difficult to recruit and retain people for these subjects. Many of our youngsters could, with a little effort, do commendable work in these areas, but seem much more interested in taking subjects which do not present the mental challenge that the college preparatory subjects do.

Naturally, we are all working to overcome the above problems but we do need help from the parents and citizenry in an attempt to change this attitude of anti-intellectualism which is so prevalent in so many of our youth. If educators and pupils do not show an awareness of the above problem it may be that society will take steps to adopt a new type of school recommended by Dr. Francis S. Crane, chairman of the Education Department at the University of Chicago, "where the student must earn admission by exhibiting a capacity for self motivated effort and sustained study."

The above problems are not peculiar to the Hillsboro-Deering School, but we should be cognizant of them and trying to do something about them. In fact, we have made considerable advancement in the past year in improving our school system by strengthening our class content and to some extent, raising our standards.

It has been a pleasure to work with the School Board, staff members and citizens and I wish to express my appreciation for their efforts to improve the educational opportunities of our youth.

Respectfully submitted,

NORMAN R. HARTFIEL,
SUPERINTENDENT OF SCHOOLS

SCHOOL NURSE'S REPORT

To the Board of Education:

I am submitting an account of the school nursing work for the year 1956-57.

The Pre-School Registration for next September took place in school as in previous years, with both teachers of first grade present, 41 registered.

We held three Anti-Polio Vaccine Clinics during the school year. The first in October with 391, the second in November with 183 and 58 received their third shot, the third clinic was held six months later, on May 23, 1957, with 572 in attendance. There were pupils in school from the first through the twelfth grades, pre-school children, teachers and some expectant mothers. For nearly everyone this was their third or last shot. This Clinic was made possible through the New Hampshire State Board of Health under the supervision of the State Nurse, Mrs. Hazel Somes, R.N.

Dr. Olson, Dr. Mildred Chamberlin and Dr. Eugene Chamberlin officiated at the clinic, each doctor assisted by two registered nurses. Six nurses besides myself and a fine group of volunteer ladies comprised our staff.

My sincere thanks to our school Principal, Mr. White, for his cooperation and to everyone who helped to make this worthy cause a complete success.

The hearing test clinic with our 4C Audiometer was held in School. 419 were tested once, some twice and others three times. Four were found defective. These four have repeatedly been taken to an Otologist for proper evaluation and treatment.

A large number of pupils were take by me to Ophthalmologist and Optometrist for eye refraction in Concord, Manchester and Hillsboro.

The Lions Club paid for three pairs of glasses for school children and one pair for a pre-school child.

We had some impetigo, not too many cases, as they are followed pretty closely.

We also had very few cases of german measles and chicken pox, no epidemic this year.

We usually have the T.B. Patch Test Clinic in our school every two years and we are due for the next one in the spring of 1958.

Free lunches were provided by the school to 26 children.

Thanksgiving dinners were given to 10 children and Christmas dinners to 14 children and paid for by me with our Salvation Army Fund.

Inspection of children in the grades were made at frequent intervals. 103 pupils received nursing care in one form or another. Several were taken to their family physician for further treatment and then taken to their home, and followed until they are ready to come to school.

I have reported to school daily, usually after lunch, and during forenoon when called in for someone sick or an emergency.

Sincerely,

ANNA M. BAILEY, R.N.

SCHOOL NURSE
