AUDITOR'S CERTIFICATE

We have examined the accounts of the various Town officers as at December 31, 1967. Our examination was made in accordance with the auditing standards as prescribed by the State Tax Commission, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion the statements herein present fairly the results of the operations of the Town officers for the year 1967.

TUFTONBORO LIBRARY

As more residents realize what the Tuftonboro Library can provide, book circulation has increased rapidly. Some 250 more books were loaned in 1967 than in 1966. 87 books on special subjects were borrowed from the State Library to meet patrons' requests.

A great task accomplished this year by the librarians, incidentally mostly on their own time, was the preparation

of "shelf" and cross reference lists — the first a requirement to obtain future State Library affiliation, and for insurance protection.

When it is realized the Library contains some 3,000 books and each book requires from 3 to 8 reference cards, the amount of this work is somewhat apparent.

All look forward to the time when a new Library building will permit greatly increased facilities for library service.

REPORT OF FOREST FIRE WARDEN & DISTRICT CHIEF

After several successive years of drought, the rains of 1967 came as a welcome change. Our record of the past fire season is good. Our thanks to all who contributed to achieve this good record. Continued improvement in the matter of accurate, prompt detection and rapid effective suppression action can help to maintain this good, worthwhile record even though we do not have an abundance of rain as in the fire season of 1967..

It will help if we follow these simple suggestions:

1. No burning of debris and waste between the hours of 9:00 A.M. and 5:00 P.M. and then only with a written permit from the Forest Fire Warden.
2. Take debris and waste to the town dump.
3. Maintain a clean, safe dump.
4. Keep matches away from young children.
5. Be sure matches and smoking material are dead out when we discard them.
6. Set a good example for others in fire prevention.

REPORT OF THE TUFTONBORO CONSERVATION COMMISSION

Since its organization in early July, the Tuftonboro Conservation Commission has been acquainting itself with its powers and responsibilities, and has been studying ways in which it might improve the environment of the town, or prevent undesirable changes in its environment, insofar as the conservation of our natural resources is concerned.

Projects which are being considered as practical and desirable, provided funds are available, include the proper

surveying and marking of the three town-owned pieces of wetland property, in as much as is needed to prevent any encroachment on these important wildlife areas, and the locating and proper surveying of town owned rights-of-ways to bodies of water, which have a tendency to become forgotten, or absorbed by abutting landowners. These rights-of-ways have an important recreational value, as well as many practical uses to the town. The Commission might also assist in Boy Scout, 4-H, and school projects in innumerable ways, such as by supplying wildlife food shrubs for plantings, releasing for distribution posters pointing out the dangers of air rifles to wildlife, or the making and placing of wood duck nesting boxes.

The Commission welcomes suggestions from the townspeople, as well as any constructive criticism. We also would like to point out that it is just as important for us to try to prevent any impending blight on our town as it is to engage in specific projects, and to do so we need the help of the townspeople to alert us to any such possibilities.
