REPORT OF TOWN PLANNING BOARD

Your Town Planning Board held regular meetings during the past year. They also met with the Board of Adjustment for a joint meeting with a representative of the State Planning & Development Commission. This meeting was most beneficial in that helpful advice was given by the State Board Member.

It has been the objective of your board to work for what they believe the best interests for the town as a whole and to carry out the regulations as put forth in the Ordinance.

(Signed) A. BRYSON ANDERSON,
Chairman.

I herewith submit my annual report as your Superintendent of Schools :

All the teachers of Supervisory Union #60 are participating in a program of professional growth and development this year. Monthly teachers' meetings are planned by the principals who meet with the Superintendent a week in advance of the date of the teachers' meeting. Topics that have been considered to date are: Planning for Better Teaching; Getting the Most Out of Our Teaching Resources; and Science Education.

The Charlestown and Walpole Supervisory Unions held a joint teachers' meeting at Charlestown in October for the purpose of discussing ways and means of improving the teaching of handwriting. Miss Kittle, a nationally recognized authority in the field of handwriting, was obtained as a consultant for this meeting.

Mr. Gordon Davis replaced Mr. Alvah Niemela as principal and teacher of grades seven and eight. Mr. Davis returned to Gilsum to take the same position he held in 1955. Mrs. Shirley Houle was employed to teach grades three and four which is a new position. Mrs. Houle taught grades 3, 4, and 5 at Gilsum in 1955.

The addition of another classroom and teacher has considerably improved the teaching situation except in the room housing grades one and two where an overcrowded condition still exists this year. An anticipated lower enrollment in grade one next year should result in a normal situation for this classroom.

Gilsum is in the position of having a small real estate and business valuation with the responsibility to educate a proportionately large number of pupils. The amount of state aid next year while substantial is not enough to enable a reduction of the budget when costs continue to rise, the added expense of paying for the new addition, a deficit appropriation and more tuition pupils.

The deficit appropriation is caused by a reduction in anticipated income plus additional expense. The reduced income is due to non-allowance of state building aid and fewer tuition pupils.

Increased costs this past year were due to inability to obtain teachers within the budget figure and the necessity of paying more for transportation.

The new additional room has been completed and furnished on a "minimum-essentials" basis. Every effort was made to curtail costs and yet have a servicable and functional classroom. The result is that a small balance of the appropriation is available to complete the grading necessary to get proper drainage around the school. At present some water does go into the basement when there is a hard rainstorm or rapid melting of snow. There is also a rather serious mud condition during a thaw or rainstorm. It would seem advisable to tar the school road which would be economical over a period of years since washouts are frequent.

There is one tuition pupil attending Gilsum Elementary School.

Tuition pupils from Gilsum attending other schools:

Grade	9	10	11	12	Total
Keene	10	9	10	4	33

The contribution of equipment and other assistance received from the Parent-Teachers Association is greatly appreciated.

I wish to thank the school board, parents, teachers and pupils for their cooperation this past year.

Respectfully submitted,

ELLIOTT W. KEACH,

Superintendent of Schools.
