WARRANT FOR TOWN MEETING

March 14, 1933

To the inhabitants of the Town of Madbury, County of Strafford and State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Madbury on Tuesday, the fourteenth day of March, A. D., 1933, at ten o'clock in the forenoon, to act upon the following subjects:

ART. 1. . To choose:

- A Town Clerk for the ensuing year.
- A Selectman for the ensuing three years.
- A Town Treasurer for the ensuing year.
- A Collector of Taxes for the ensuing year.
- Two Auditors for the ensuing year.
- A Trustee of Funds for the ensuing three years.
- All other necessary town officers.

ART. 2. To see if the Town will vote to furnish surety bonds for town officers as required by law.

ART. 3. To authorize the Selectmen to borrow money in anticipation of taxes.

ART. 4. To see if the Town will allow a discount of 2% on all taxes paid on or before June 1.

ART. 5. To see what action the Town will take on adopting the rate of compensation for town officials.

ART. 6. To see if the Town will vote to raise a sum of not over two hundred dollars (\$200.00) for the addition of a kitchen to the town hall.

ART. 7. To see what action the town will take on the proposed budget.

ART. 8. To see if the Town will vote to discontinue the so-called Beech Hill Road, and the so-called Mast Path from the residence of Joseph Dube to the Lee town line.

ART. 9. To transact any other business which may legally come before the meeting.

Given under our hands and seal this twenty-fifth day of February, in the year of our Lord one thousand nine hundred and thirty-three.

LEMAN WORMHOOD,
ELOI A. ADAMS,
EDWARD L. MILES,

Selectmen of Madbury.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Somersworth, N. H.,
February 1, 1933.

TO THE HONORABLE SCHOOL BOARD AND CITIZENS OF
MADBURY:

This is the fourth annual report to be submitted by me and for economy's sake it will be made brief. I have appended the usual statistics and published a Roll of Perfect Attendance.

There has been no change in teachers since the last report and this pleases me. There is always some loss when good teachers leave, even if equally good ones replace them. The percentage of attendance this year continues to equal the good record of last year. (See the statistics.) Epidemics have been all around us but at this writing we have escaped all such. Both buildings have continued to be well filled, the schools now enrolling 27 pupils each. One family moved from the district during the Christmas recess and we were sorry to have them go.

A roof has been put on the Center building which ought to last as long as this building serves a useful purpose. Both buildings need renovating in the interior and the Center Building needs new curtains. The North School shed needs leveling. These repairs are provided for in the budget of the School Board.

School Boards everywhere are studying budgets and seeking to eliminate waste and inefficiency. Since Madbury has operated on a minimum budget for years, and has no so-called fads or frills to eliminate, it is difficult

to see where much saving can be made. Fuel, books and supplies will cost about the same. There were 246 school districts in New Hampshire last year and Madbury numbered eleven from the bottom in per capita cost. It is hard to find any point where there is a hint of extravagance. We fulfill the requirements of the law and no more. The teachers and pupils are economical in the use of supplies and we use books just as long as they will hold together. To run the schools of Madbury for much less money means that the law must be changed to shorten the year or in some other way deprive the child of his proper due. Outside of teaching the greatest expense for next year will be for high school tuition. Almost one-fourth of the budget, \$1300 will go for this item alone. The children of Madbury are desirous of a good education and happily for them the law makes suitable provision and Madbury is glad to see its children ambitious.

One of President Hoover's most recent comments is as follows: "Our nation faces the acute responsibility of providing a right-of-way for the American child. In spite of our economic, social and governmental difficulties, our future citizens must be built up now. We may delay these problems, but we cannot delay the day-to-day care and instruction of our children. There is no safety for our republic without the education of our youth. That is the first charge upon all citizens and local governments."

As I said in closing last year, Superintendent, Teachers and Nurse have been cooperating with the School Board to give you the best possible schools we can for the money. We ask your continued support and feel sure that we shall have it. We must not slip back and we cannot stand still.

Respectfully submitted,
 HOWARD L. WINSLOW,
Superintendent of Schools.

REPORT OF SCHOOL NURSE

TO THE SUPERINTENDENT OF SCHOOLS; MEMBERS OF THE
SCHOOL BOARD; AND CITIZENS OF MADBURY:

I wish to submit my annual report as school nurse for the year ending June, 1932.

Findings of physical inspections:

Defective Teeth.....	39	Treatments.....	14
Defective Vision.....	7	Treatments.....	3
Defective Hearing.....	4	Treatments.....	0

Underweights	9	Treatments.....	6

Communicable diseases found and persons temporarily excluded from schools:

Scarlet Fever	1
Pediculosis	6
Measles	2
Impetigo	3

One of the outstanding events of the year was the testing of the children's hearing by means of a 4 A Western Electric Audiometer loaned to the schools by the State Department of Education. 43 individuals were examined and 4 were found to have defective hearing. A two-fold advantage has resulted from the test. First: The parents have been notified of these findings and advised to consult a physician in regard to the child's hearing. Second: The teachers have been warned of the

pupil's defective hearing. Girls and boys who here-tofore have been considered dull and inattentive on account of this unknown fact of defective hearing, will be given seats in the front of the room and special attention be given to them. In this way we hope to overcome the handicap that accompanies loss of hearing.

The children's teeth have been carefully examined from time to time and the defects have been reported to the parents. Many have had the defects corrected.

In conclusion it will be well to review the first part of the report and note the remarkably few cases of contagious diseases that are listed. In spite of the fact that we have had several pupils who have been absent from school due to colds, it seems that a splendid record has been established for the past year and that the money set aside for this department has earned good results.

I wish to thank the School Board, Superintendent, Teachers and Parents for their helpful cooperation during the year.

Respectfully submitted,

DOROTHY A. KAVANAUGH, R. N.

HERMAN EDCIL CANNEY

On April 29th our community was shocked by the sudden report that Mr. Canney had met with a fatal accident from which he had passed on. Friends and neighbors paused to think of the life and service of this citizen who had lived thirty-two years in their midst, always responding to every call for the betterment of those about him. Mr. Canney was born March 6, 1851 in Dover, N. H., the son of Jerome B. Canney, who was born in Strafford, N. H., in 1818, and Nancy P. Wentworth of Wakefield, Mass., a descendant of John Wentworth. Mr. Canney was descended in direct line from Thomas Canney, one of the earliest settlers of Dover Neck, a signer of the Dover Combination of 1640, and rated on the public records in 1650. He also was descended from Ichabod Canney who settled "in the westerly part of Dover" (now Madbury) on the farm known as the Twombly farm and homestead as early as 1742. Mr. Canney married, June 24, 1880, Ella Cynthia Young, daughter of George W. Young and Cynthia E. Moody. While residing in Dover he was prominent in business and local affairs. For sixteen years he conducted a livery stable which became noted for its high class service. He held the County office of Deputy Sheriff under the High Sheriff, Mr. William S. Hayes of Madbury. After living over forty years in Dover Mr. Canney moved to Madbury in 1900, and bought the farm which once belonged to Paul Chesley, a direct descendant of Col. Samuel Chesley, of Revolutionary fame, who married, March 29, 1749, Sarah, daughter of Joseph and Sarah (Davis) Hicks of Madbury. Paul Chesley married, July 17, 1802, Sarah, daughter of Rev. William Hooper, the second minister of the old Madbury meeting house. Paul built the present Canney house of brick in 1819. In 1851 Paul deeded the place to Aaron Canney,

a relative to the subject of this sketch, who married (2d) Hannah Hanson of Dover, N. H., about 1878, when the interior of the house was changed and improved by the Hanson Brothers, as builders. It stands as one of the best and most substantial houses in town. Mr. Canney well bore out the history and traditions of this house in his life and work. He was alive to the best interests of the town, and true to every public and personal trust. In politics he was a Democrat, taking a prominent part in various town meetings. He was a kind neighbor and just in all his dealings. He leaves a widow, two sons, and one daughter, and several grand-children.

GEORGE OLIVER HAYES

The town has lost three most venerable and useful citizens in the past year, each being a long-lived descendant from ancestors who lived and wrought in the earliest years of the town history. This is especially true of George Oliver Hayes who passed away on May 1, 1932 in the house in which he was born, March 1, 1838, thus reaching the long period of 94 years. This alone would be enough to excite our respect and esteem, but aside from such a remarkable length of time, Mr. Hayes filled each year with service to his family and town, improving the home farm of his ancestors, acquiring more land, and carrying on most successfully, general farming and dairying with the aid of his wife, Eliza A. Drew of Barrington, whom he married June 11, 1861, and who was born in March, 1838, the same year of his birth. He was known as one of the most thrifty farmers and faithful citizens of the town. During his last years he was very carefully tended by his son's widow, Mrs. Rosa Emerson Hayes.

We cannot pass such an account without notice of the old homestead which was so much a part of his life and that of his father and grand-father, and so back to Daniel Hayes, who was born in England, August 26, 1723, and came subsequently to this country, settling in Madbury, (then Old Dover) on this farm in 1750. He added the second story to the main part of the house as it now stands, which was built by John Bickford in 1702. The second part was built by his son, Nathaniel, in the early days of 1800. On March 23, 1749 he brought his bride, Sarah Plumer of Milton, to share the joys and duties of his pioneer work.

Mr. Hayes leaves one daughter, Mrs. Emma Hayes Sanders, the wife of Mr. Charles Sanders, one of the leading citizens of the town, and one grandson.

JAMES HENRY DEMERRITT

The old year had scarcely closed and the new well on its way when the sad news came that James Henry DeMerritt had passed from this mortal plane, January 22, 1933. Mr. DeMerritt was a former resident of the town, only giving up the old home of his ancestors because of declining health and advancing age. He was born February 17, 1843, the son of Alfred DeMerritt and Mary E. Torr, and reached almost 90 years. He was never married. The old homestead which sheltered his line of forbears was one of the earliest in Ancient Dover (now Madbury), the grant being taken April 11, 1694 by the emigrant ancestor, Eli De Merit, and through the first son, Eli, Jr., (born March 1, 1696). He was descended from a long line of ancestors, prominent among them his great-grandfather Jonathan, and grandfather, Eli, men of property and note in the community. The first house must have been built in ancient style, but remained the home of the emigrant and that of his wife, Hopestill Reynolds, to the end of their days, and in a part of the old field the worthy couple lie buried. It was Eli, Jr., who signed the petition to set Madbury off from Dover as a Parish, May 10, 1743, and built the famous Hook saw-mill on the Bellamy River in 1722.

A garrison house was built here in 1720 by Eli, Jr., which was taken down in 1836 when the present home was built. This house and farm is now owned and cultivated by Mr. and Mrs. Arthur Price. Mr. DeMerritt was an industrious, thrifty, and most successful farmer, well carrying the reputation of those before him. General farming and fruit growing were his specialties. In character he was staunch, true and kindly, prompt to answer every call, and faithful to every trust. Politically he was a Republican, adhering to his party's principles at all

times. He represented the town in the Legislature in 1896 and 1897, and held several offices. To the end he sustained his firmness of mind and desire for right living.
