Ten patients were taken to Laconia Hospital.

Meredith has had an epidemic of scarlet fever and whooping cough which was well cleared up by the end of December.

Two health talks have been given to the lower grades and a talk on preventing the spreading of contagious disease, to the High School.

A health program was given during chapel exercises May 1, the first part being a Health Play, presented by members of the 7th grade. This was followed by two reels of moving pictures that brought out clearly the great importance of proper diet and posture for growing children.

September 3rd a Child Health Conference was held at the Grange Hall. Thirteen children were weighed,

Town of Meredith

measured, and given a complete physical examination by Dr. Harmon. Four of the children were physically perfect. The Conference was sponsored by the District Nursing Association, Rotary Club, the Woman's Progress Club, Winnepesaukee Grange, and the local Board of Health. The District Nurse was assisted by Miss Marion Garland of Laconia. Miss Jennings, the field nurse of the state district was in charge of the Conference.

A short talk on first aid and demonstrations in bandaging was given at a Woman's Club meeting.

During the last part of September all school children were weighed and measured and a full physical examination was given by Dr. Harmon.

Miss Garland and the District Nurse visited the homes of all who were 10 percent or more underweight, and advised the parents to send the underweight children to the Tuberculosis and Underweight Clinic to be held at the Lang street school, October 25. At this clinic, Dr. Kerr examined 25 and found three in need of further attention. Miss Cameron made her visits at Meredith.

Three school children have been to Laconia Hospital to have tonsils and adenoids removed.

The underweight children at school are given a pint of milk a day. The following defects have been found:

Defective Vision	10
Hypertrophied Tonsils	30
Adenoids	36
Defective Hearing	1
Unvaccinated	20
Enlarged Glands	2
Skin Disease	2

Bequest of Sarah J. Roberts

By the will of Sarah J. Roberts, the School District was left the sum of \$1,000.00 to be used for the benefit of the Meredith schools. The school treasurer received this money in April, 1929 and deposited it in the Meredith Village Savings Bank.

At the regular meeting of the School Board in January, 1930, it was voted to use the sum of \$500.00 to

start a reference library for the high school, to be known as the Sarah J. Roberts Memorial Library. It was the thought of the Board that other sums should be drawn from time to time to increase this Library.

SUPERINTENDENT'S REPORT

To the Citizens of Meredith:

The following comparisons and tables are strong evidence that your schools were successful in 1928-29.

The schools were in session more half days, the percentage of attendance was higher, and the costs were lower than the average for the state.

The pupils were happy and contented in the schools. The teachers were well qualified and enthusiastic in their work. Parents and citizens in general were cordially cooperative.

We try to give the pupils some of the worthwhile discoveries of the past, to put them in step with present progress and give them some tools with which to attack the problem of the future.

Thus stated the matter seems simple, but the content and method of procedure in each of the items are full of debatable questions.

This we do know, indifference at home or hasty criticism of teachers or schools in the presence of pupils are very harmful.

Parents, who strongly and steadily support the school authorities until a full investigation proves them wrong will not only increase their own peace of mind, but add much to the general effectiveness of the schools.

Town of Meredith

Among the 244 school districts of the state, arranged in order of the current cost of public education per \$1,000.00 of equalized valuation, Meredith is No. 111. That means that in 133 districts the current cost per \$1,000.00 is greater.

The median per pupil cost for the state in the elementary schools is \$83.35.

The Meredith per pupil cost is \$67.30.

The median per pupil cost of the public high school of the state is 136.10.

The Meredith per high school pupil cost is 117.65.

The state average cost per pupil in the public high schools for instruction is 106.98.

The Meredith cost is but 73.20.

HEADMASTER'S REPORT

Meredith, N. H., Feb. 27, 1930

To the Board of Education and Citizens of Meredith:

In its general nature and make-up a semi-statistical report of this kind can vary little from year to year. The figures and data vary it is true, and in their field they tell their own story of progress or the lack of it. There is much, however, that an inventory of the physical values cannot show. Education to discharge wisely the duties of life; education that actively regards the seven cardinal principles of Secondary Education—worthy use of leisure time, good health, the command of the fundamental processes, the ability to succeed in a vocation, worthy home membership, good citizenship, and high ethical character; the success of obtaining these objectives cannot be gleaned from statistical tables nor words of description. That the year of 1929 has seen Meredith High School march forward in this particular is our sincere belief.

As to the other, the following paragraphs tell their own story, and we trust that in the sum and total of it you will see in this also substantial progress.

Registration of Pupils

The total registration of pupils at this date is 157. This is identical with that of last year, but a decrease of nine from that of two years ago.

Town of Meredith

Registration Table

The 157 pupils are distributed among the six classes as follows:

Grade	Boys	Girls	Total	Gain over	Loss over
				Last Yr.	Last Yr.
12	9	10	19		1
11	16	6	22	1	
10	11	18	29		1
9	10	15	25		4
8	13	14	27	3	
7	15	20	35	2	
—	—	—	—	—	—
Totals	74	83	157	6	6

Included in the above table are 21 non-resident pupils coming from towns as follows:

Center Harbor	6
Moultonboro	10
Holderness	1
New Hampton	4
Total	21

This is a decrease of four from that of last year, and of seven from that of two years ago.

Attendance Last Year

Whole-hearted cooperation among parents, pupils, and school officials for the last few years has placed our high school in a favorable position on the list of attendance averages in New Hampshire High Schools. In 1928-29, as in 1927-28, we bettered the state average in attendance and had only one-third as many tardy marks per pupil as was the average in the state.

Town of Meredith

That we have no problem in attendance is clearly seen by a glance at the following table:

	% attendance	No. tardy marks per pupil
State Average	95.3	.9
Senior High School	96.4	.3
Junior High School	97.6	.3

For five consecutive years Meredith High School has been placed on the state honor list of schools having the best records in this particular.

Attendance This Year

That this same fine record is being maintained during the present year is seen in the next table:

1929-30	Percent of Attendance		No. Tardy Marks	
Month	Sr. H. S.	Jr. H. S.	Sr. H. S.	Jr. H. S.
September	96.5	97.6	4	1
October	97.4	97.4	1	1
November	97.3	94.0	3	1
December	95.7	94.0	2	1
January	95.8	95.2	7	2

Average	96.5	95.6	3.4	1.2

Attendance Honor Roll 1928-29

The following pupils attended every session of the 1928-29 school year without being absent nor tardy:

Town of Meredith

Elsie Mudgett, 1929	Plymouth Normal School
Donald Weeks, 1929,	New Hampton
Marjorie Weeks, 1929	Massachusetts General Hospital Training School for Nurses

We justly feel proud of the excellent work that our graduates are doing. Many of the institutions included in the above list have already sent us a transcript of the ranks obtained by our graduates during their first term's work. In every case it was a credit to both the pupil and our school. In one instance an officer of the particular institution sent a letter congratulating Meredith High School for the ability shown by its graduates.

Another criterion of this same work is found in the annual Statistical Report of Secondary School by the State Board of Education. In this report there is a table showing the relative positions of schools based upon the work of their graduates at post secondary institutions. In the table for the 1928-29 school year Meredith High School shares second honors with one other school for a period covering the last five years, and for schools whose enrollment is 100-200 pupils. There are 24 schools in this group.

The position by years is as follows:

Year	Place
1924-25	7
1925-26	2
1926-27	2
1927-28	5
1928-29	11
Five Year Period	Tied for 2nd

Approval and Certificate Privilege

Meredith High School has full state approval and has the certificate privilege of the New England En-

Town of Meredith

trance Certificate Board. This allows graduates to enter the majority of the New England Colleges and Universities upon a certificate by the Headmaster and without an entrance examination.

Changes in the Curriculum

Two changes have been adopted in the curriculum. French has been made optional and not compulsory in the Domestic Science Course and in the General Course. Plans have been made to introduce a course of Biology for the first time in 1930-31.

The Alumni Association

A record attendance was present at the fifth annual Alumni Day Banquet and Program, June 13, 1929. The following officers were elected for the year 1929-30.

President, Frances Roberts Plummer.

Vice-President, Irving Brown

The 1929 winner of the Alumni Loyalty Cup was Miss Elsie Mudgett.

At the business session of the Alumni Meeting it was voted to have this cup awarded at the Annual Alumni Meeting instead of at the commencement exercises as has been done up to the present time.

Miscellaneous

The Domestic Arts Department is serving hot lunches during the noon hour for the sixth consecutive winter.

The list of active school organizations is similar to that of last year and includes the Athletic Association,

Town of Meredith

Boys' and Girls' Basketball Teams, Baseball Team, the Student Council and The Pinnacle. A yearly calendar of activities by these organizations was arranged last September for the entire year. For the sixth year the Athletic Association is sponsoring an Entertainment Course of five numbers.

In order that each of the eight periods may be the standard period of 40 minutes the school day has been lengthened 15 minutes. Because of this the afternoon session closes at 4:00 o'clock instead of 3:45.

The 20 minute organization period, which in previous years has come the first thing in the morning, now comes the last thing in the forenoon session. Part of these periods are used for an open forum discussion on subjects of close interest to the student body.

The weekly school assembly period comes every Wednesday afternoon from 3:20 to 4:00 at the Town Hall. The public is cordially invited to attend these programs.

For the first time Meredith High School has had cadet teachers from the University of New Hampshire assisting the regular teaching staff. Under the immediate direction and supervision of our own teachers these cadets have taken charge of four classes in history. In this capacity, Mr. Lloyd Dunlap was here for the fall term, and Mr. George H. Dawson for the winter term. This cooperation between our school and the University has proven both pleasant and advantageous for all concerned.

A comparatively large number of pupils has left school duties during the first half of the current year. A careful investigation and check of the causes has led to the conclusion that the great majority of the reasons are economic in character and beyond the control of the school.

Town of Meredith

Through the interest and generosity of one of Meredith's citizens a public speaking contest will be held the latter part of March, 1930. A preliminary contest in which every pupil in school took part has been held, and as a result two representatives from each of the six classes have been selected for the final contest.

In the 1928-29 secondary report issued by the State Board of Education, Meredith High School is commended for a high standing in the following administrating details:

1. For a high percentage of attendance
2. For a low percentage of tardiness
3. For complete records and reports of class room work.
4. For detailed reports of the extra curriculum activities.

In conclusion we wish to emphasize a self-evident fact that a school is composed of three fundamental groups: the student body, the teaching staff, and the school officials. These three units are in turn influenced by other groups: the parents, the alumni, and the citizens of the community. The progress and success of a school is found in the ability and kind of cooperation that these various factors contribute.

We sincerely believe that Meredith High School has made efficient and steady progress—a growth, the credit for which does not go to a single group, but must be shared by all the contributing groups just mentioned.

As a teaching staff, just one of these groups, we are happy to have this opportunity of expressing our sincere appreciation for this necessary and wholesome cooperation. Continued, Meredith High School need have only the most pleasant anticipations for the future.

Respectfully submitted,
W. J. NELSON, Headmaster.
