REPORT OF YOUR FOREST FIRE WARDEN

DANGER FROM FIRES IN WOODLANDS

Woodland litter, when dry, is highly inflammable and fires can quickly get out of control. We request your cooperation to control all fires so that lives and property may not be endangered or destroyed, and forests be kept green to furnish the natural beauty we all enjoy and to grow timber we will need.

WHAT IS "WOODLAND"?

The term "woodland" is defined by law to include, "cut-over land, slash and such other land as bears a sufficient amount of wood growth, wood, weeds, grass or other growth as to be likely to be burned over."

WHEN IN THE WOODS, YOU ARE EXPECTED TO EXERCISE CAUTION IN THE USE OF FIRE AND TO REMEMBER THAT

IT IS UNLAWFUL TO

Throw down lighted matches, cigarettes, or other burning substances from vehicles or otherwise.

Burn brush, rubbish, grass or other materials when the ground is not covered with snow, without written permission from the Forest Fire Warden.

Kindle a camp or cooking fire on land of another without permission from the owner or his agent.

Leave an open fire burning unattended.

Fail to report a forest or brush fire that is out of control.

VIOLATIONS ARE SUBJECT TO THESE PENALTIES

Anyone letting a fire escape from control, whether or not he has a permit to kindle the fire, is liable for the costs of extinguishing the fire.

Anyone found guilty of dropping inflammable material in or near woodland shall be fined not more than \$25.

A person failing to report an uncontrolled brush or forest fire is liable to a fine of not more than \$10.

For kindling a fire in woodland of another without permission of the owner, or for kindling any fire without a permit when a permit is required, a person may be fined not more than \$200, or imprisoned 60 days.

DAMAGES

Every person who shall set fire on any land, that shall run upon the land of another, shall pay to the owner all damage done by such fire.

BE SURE — GET A PERMIT

Incinerators should be tight, with a close mesh screen, and be on clean ground.

Open fireplaces used to burn rubbish are classed as incinerators.

Always clean a space about any open fire to prevent its spread.

Never burn in dry, windy weather.

Have incinerators inspected by the Forest Fire Warden and get his written permit.

Number of Permits — 5. Number of Fires — 1 Number of acres burned — 1 tree.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Brookfield:

During the year 1954-55 Mrs. Eugenia Hutchins continued as the teacher in the Churchill School for her third year. We are fortunate to have a teachers' college graduate with several years teaching experience within commuting distance. Mrs. Rebecca Sanborn, R.N., continued with her valuable services in supervision of the school health program. Both Mrs. Hutchins and Mrs. Sanborn take great personal interest in the welfare of the pupils and their work is very much appreciated.

One of the most significant events that took place during the school year was the polio inoculation of the pupils in the primary grades. This program was well organized and efficiently carried out through the cooperation of the State Department of Health, doctors, nurses, teachers, and others. This is one of the great advances in medical science and holds promise that this disease may, in time, be eliminated.

Again we owe sincere thanks to the Mothers' Club for their continued efforts in sponsoring the school lunch program. Federal Reimbursement of \$77.78 and surplus foods of about the same amount were received. This assistance with the district appropriation and the sustained efforts of the Mothers' Club made possible provision of nourishing, warm, noon meals for the pupils.

Two high school pupils were enrolled at Brewster Academy last year. Currently there are two pupils enrolled at Brewster Academy and one at Spaulding High School. Tuition rates for the current year are \$275.00 at Brewster Academy and \$256.50 at Spaulding High School. Some increase in high school tuition may be expected next year.

While there is no evidence that the Brockfield School District will, in the near future, be faced with the problem of a marked increase in school enrollment necessitating building activities, this is a factor that, with other problems of education, is bound to be an influence locally. The competition for competent teachers is severe and is aggravated by the demand for college graduates by commerce and industry, both of which offer much greater financial rewards. The supply of trained teachers is still far from adequate to meet the need. Our

teachers' colleges report some increase in enrollment in the freshmen classes this year, which is encouraging. But these young men and women will not be available until 1959. Every effort should be made to induce competent young men and women, now in high school, to enter college and prepare for teaching.

The very helpful cooperation of the school board, teacher, nurse, pupils, and citizens is gratefully acknowledged.

Respectfully submitted,

EVERETT H. BRAISER

Superintendent of Schools

REPORT OF THE SCHOOL NURSE

1954-55

To the School Board and Citizens of Brookfield:

In cooperation with Local and State Medical Services 4 pupils in grades 1 and 2 received poliomyelitis vaccine (Salk) at a central clinic held at Wolfboro.

Six pupils received patch test for tuberculosis. Five pupils attended chest X-ray clinic held at Sanbornville. This program was sponsored by the New Hampshire Tuberculosis Association.

The usual screening tests were as follows:

			Number of Pupils
Vision Tests			11
Hearing Tests			14
Inspections			16
Heights			24
Weights			34
Defects Found	No. Cases		Number of Pupils Seen or Treated by Family Physician

Tonsils	2	2	1 Tonsillectomy

Communicable Diseases:

The fine cooperation of your school board, superintendent, teacher, parents and interested citizens has been greatly appreciated and I thank you.

Respectfully submitted,
