AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook—yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness—our carelessness. This, we—you—and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations—hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you—

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Croydon:

Enrollment

This year the enrollment at the Village School is twenty-seven divided as follows:

Grade 1	14
Grade 2	6
Grade 3	7

Grade 1 is unusually large with 14 pupils. The Census Report, however, does not indicate that there will be more than normal-sized entering classes in the next few years—usually from 6 to 8 pupils.

Sale of Flat School

Pursuant to the vote of the 1961 Annual District Meeting authorizing the sale of the Flat School, the School Board advertised for sealed bids. Two offers were received—one for \$1,001.00 and the other for \$751.00. When the highest bidder withdrew his offer, the Board voted to accept the other offer of Royal A. Wallace. It is believed that Mr. Wallace intends to use the building to store and display his collection of antique automobiles.

Building Improvements

It was possible to add to the recent building improvements by installing a 66-gallon hot water heater. This provides an adequate supply of hot water—for the pupils and also the general cleaning of the building. It should be noted that the part-time custodians, Mr. and Mrs. Chester Smith, do an excellent job of keeping the building in tip-top condition.

New door hardware to permit easy opening from inside in case of emergency has been installed. A new fire extinguisher has been added.

Conclusion

The school is operating smoothly. The continued cooperation of the School Board, school staff and citizens is appreciated.

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools
