SCHOOL WARRANT

The State of New Hampshire

To the Inhabitants of the School district in the town of Pelham qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 24th day of March, 1934, at 1:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see if the district will vote to authorize the School Board to provide a metal ceiling for the Highland School and raise and appropriate the sum of \$75.00 for the same.
10. To see if the district will vote to authorize the School Board to provide screens for the Junior High School, the Highland School, and the Gage Hill School and raise and appropriate the sum of \$100.00 for the same.
11. To see if the district will vote to authorize the School

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Hudson, N. H., Feb. 1, 1934.

To the School Board and Citizens of the Town of Pelham :

Following is my fourth annual report as superintendent of your schools.

The enrollment in the schools on January 2, 1934 was as follows:

Grades	1	2	3	4	5	6	7	8	9	10	Totals
No. Pelham School	1	4	2	5	3	1					16
Gumpus School	3	6	4	1	4	6					24
Center School	9	10	0	11	3	3					36
Gage Hill School	6	5	2	4	2	6					25
Currier School	6	4	3	6	6	0					25
Junior High School							18	26	12	7	63
Totals	25	29	11	27	18	16	18	26	12	7	189

September, 1933, found the same teaching staff in Pelham which was there last year, and these teachers are continuing their efficient work during the present school year.

At the present time, there are thirty more pupils in the schools in Pelham than there were a year ago. This has meant in many cases, that complete sets of books have had to be purchased for this added enrollment; but even with the increased enrollment, it has been possible to provide our book and supply needs without asking for additional funds.

I believe that the music supervision in Pelham during the past two years has afforded to the boys and girls an opportunity to get a good start in the fundamentals of music.

The operetta by the children of the elementary schools, originally planned for December 15, has been postponed until April because of contagious illness among the school children.

Prompt and regular attendance in school is essential for each child if he is to do his best work. Irregular attendance not only handicaps the individual absent, but it retards the work of the rest of the class when that individual returns unprepared to go ahead with the regular advance work.

Pelham Center is the natural center of the town, and I believe it a wise move by the parents of the town in organizing one central Parent-Teacher Association to take the place of the several

already started. The Parent-Teacher Association as now organized is prepared to keep in touch* with the educational policies, the advantages and the opportunities of the Pelham school district.

During the last year, several people have talked with me in regard to the possibility of having one consolidated school in Pelham. I believe that the geographical lay-out of the town lends itself very favorably to one centralized school located at the present junior high school. With the present school population in the lower grades, the first six grades could be conducted with one or two fewer teachers than there are at the present time. The school would then be organized in groups of two grades to a room, thus giving each teacher fewer classes, and enabling her to concentrate upon the work of two grades.

It does seem to me that consolidation this next year is not advisable, but since there is some talk in regard to the matter, it seems to be an opportune time to study the advantages and possibilities of consolidation.

I suggest that the school meeting appoint a committee consisting of the school board and two other members to gather information to work out a plan of consolidation, and report at the 1935 school district meeting.

If the five rural schools in Pelham are to be maintained several more years there are improvements which must be made; but if through consolidation these schools are to be closed, it seems useless to make these improvements.

ROLL OF PERFECT ATTENDANCE

For 1932-1933

Gumpus School—Charles Jack, Phyllis Kennedy, Martine Merriam, Martha Overlock, Dorothy Overlock, Caroline Zolkis.

Center School—Barbara Atwood.

Currier Highlands—Annie Sinkewicz, Ethel Koehler, Eileen Seamans.

High School—Leonard Stys.

I wish to congratulate the parents and citizens of the town of Pelham for the excellent interest and support which they have given to their schools during these years of hard times.

Again I wish to urge parents and other citizens to visit their schools.

Respectfully submitted,

FRED W. HALL,

Superintendent.

REPORT OF HEADMASTER

Pelham, N. H., Feb. 1, 1934.

*To Superintendent Fred W. Hall, the Pelham School Board, and
Citizens of Pelham:*

Herewith is submitted the annual report of Pelham High School.

The school year opened with an enrollment of nineteen, a substantial increase in registration over that of last year. At present, there are seven pupils in grade 10, and eleven pupils in grade 9.

The curriculum for 1933-34 follows. the courses being the usual alternates with the curriculum of last year:

English I	40 min. per., 5 days per week
French IX-X (elective)	40 min. per., 5 days per week
Jr. Business Training (elective)	40 min. per., 5 days per week
Social Science	40 min. per., 5 days per week
General Science	40 min. per., 5 days per week
Fundamentals	20 min. per., 3 days per week

Due to constant and careful supervision by the school nurse, the high school attendance has suffered little, in spite of the prevalence of various acute forms of illness in the early winter. Faithful attendance is an essential of good scholarship. Figured in terms of state average, the attendance has been very good. We thank the parents for their insistence upon prompt and constant attendance.

For extra-curricula activities this year we have the Literary and Nature Clubs, and later in the year we will have the annual school play and Spring outing.

As an adjunct to the school work in English we are introducing this year, work in Public Speaking. A Public Speaking contest was held on January 26.

Laboratory equipment for General Science has been purchased this year. This will enable us to extend our experimental work, and thus greatly increase the value of this course.

The teachers of the High School wish to thank the Superintendent of Schools, the members of the school board, and all who have helped to make this last year a success.

Respectfully submitted,

ROBERT W. GOOGINS,

Headmaster.

REPORT OF THE SCHOOL NURSE

To Superintendent of Schools, the School Board and Citizens of Pelham:

I present my report as School Nurse from February 1, 1933 to February 1, 1934.

Number examined	179
Number with defective teeth	56
Number with defective vision	17
Number with diseased tonsils	26
Number of chicken pox cases	30
Number of scarlet fever cases	3
Number of whooping cough cases	23
Number of home visits	351
Number of school visits	250
Number of defects corrected	25

In May, Dr. Ralph W. Parker gave toxoid to seventy-five school children under the auspices of the State Board of Health.

In June Dr. Ralph W. Parker vaccinated seventeen children, most of whom were to enter school in September.

We were fortunate in being able to have Dr. Robert B. Kerr of the New Hampshire Tuberculosis Association examine fifty-seven children in November. All defects found were reported to the parents.

Your nurse has distributed cod liver oil to school children, under the direction of the State Board of Education and the New Hampshire Relief Administration.

The milk furnished by the Relief Administration has been much appreciated and the clothing distributed by the Red Cross has added much to the comfort and appearance of the children.

In two schools the teachers have added to the pleasure and well being of the children by serving hot soup at noon. The Parent-Teacher Association has furnished the necessary heating equipment for this purpose.

Respectfully submitted,

ANNE S. BIGGAR, R. N.,

School Nurse.
