### LIBRARY REPORT

To the Citizens and Voters of Piermont:

In looking over the records for the past year we find that the circulation of books and magazines has had a considerable increase, although we have not been able to purchase as many new books as during some other years.

During the year of 1933, 504 magazines and 14,245 books have been charged out, 714 of these books being juvenile.

We have purchased 49 new books, 14 have been given by the State of New Hampshire, and 14 have been given from other sources.

We subscribe for 7 magazines, and the following magazines are given by friends: Country Gentleman, Saturday Evening Post, Atlantic Monthly, Review of Reviews, Scribners, and the Christian Herald.

A new 1933 Winston Universal Reference Dictionary has been purchased very recently.

We hope the public will enjoy using this book, as well as many others which are in our reading room.

NITA HOWARD, Librarian.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS.

---

To the School Board and Citizens  
of the Piermont School District:

I hereby submit my fourth annual report as Superintendent of Schools.

### **Instruction**

The teaching staff of the district is the same with the exception of the Brook Road school, where Alberta E. Gilman of Woodstock, is teacher. She is a graduate of the three-year course at Plymouth Normal School. For some time the supervision of the district has stressed the fundamentals of arithmetic, and this having reached a reasonable expectancy, attention is now being directed to written English, spelling, punctuation, and penmanship. The work of the district is carefully inspected, and conferences with secondary schools where the children attend shows that as a group the children of the district are well prepared and doing successful work. During the present supervision 36 out of 42 graduates of the elementary schools are known to have attended high school. This is due in some measure to close proximity to good high schools, but to a greater degree to the appreciation of education on the part of the people of the district.

During the summer a fire escape was installed at the village school, and with regular fire drills the children are reasonably safe from this hazard. As previously stated in my report, I am firmly convinced that the district should carry fire insurance on this building.

The School Board's budget calls for \$7,297.45, which is approximately \$700.00 less than last year. This does not include an approximate "restricted" bank balance of \$700.00, not available at this time. The high school tuition is nearly that of teachers' salaries. There is no State Aid for the former, and there is no financial gain to the district in paying less than average salaries thru-out the State as long as the district is State aided.

At present there are only six pupils at the Rodimon

school, and one of these is from out of the district. There is a possibility that there will be even fewer in the fall, and if such is the case, the advisability of operating the school is questionable.

Respectfully submitted,

ALLAN M. McCURDY,  
Superintendent of Schools.
