**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION**

Concord, New Hampshire

February 3, 1955

Board of Selectmen
Bridgewater, New Hampshire
Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Bridgewater for the fiscal year ended December 31, 1954, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk and Trustees of Trust Funds.

FINANCIAL STATEMENTS

**Comparative Balance Sheets—December 31,
1953-December 31, 1954: (Exhibit A)**

Comparative Balance Sheets as of December 31, 1953 and December 31, 1954, are presented in Exhibit A. As indicated therein, the financial condition changed from a Surplus of \$162.68 to a Net Debt of \$1,214.32 in 1954.
Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Increases in Net Debt	
Net Budget Deficit	\$1,775.54
1953 Head Tax Penalties Paid to State—Not Collected	8.50
1953 Head Tax Paid to State—Subsequently Abated	5.00
Deficiency in Commitment of 1953 Yield Taxes	10.00
Adjustment to 1953 Balance Sheet—Yield Tax Reserve Account	47.35
	<hr style="width: 100px; margin-left: auto; margin-right: 0;"/> \$1,846.39

Decreases in Net Debt

Adjustment to 1953 Balance Sheet—	
Yield Tax Account	\$373.00
Increase in Accounts Receivable	69.43
Increase of Cash in Hands of Officials	24.96
1952 Head Tax Penalties Collected	2.00
	<hr/>
	\$469.39
Change in Financial Condition	<hr/>
	\$1,377.00
	<hr/>

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues: (Exhibits C and D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the the fiscal year ended December 31, 1954, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net overdraft of appropriations of \$315.90, plus a net revenue deficit of \$1,459.64, resulted in a net budget deficit of \$1,775.54.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1954, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of December 31, 1954, is indicated in Exhibit F.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds, were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

GENERAL COMMENTS

Current Deficit:

The current financial condition of the Town changed from a current surplus of \$162.68 to a current deficit of \$1,214.32 during 1954, as shown by the following statement. There being no bonds or long term notes outstanding, the Net Debt and current deficit are of like amount.

	Dec. 31, '53	Dec. 31, '54
Total Assets	\$10,520.21	\$9,799.36
Total Current Liabilities	10,357.53	11,013.68

Current Surplus or (Deficit) \$162.68 (\$1,214.32)

For a town to remain in sound financial condition, the total assets should be sufficient to offset the current liabilities. It is therefore recommended that an appropriation of \$1,214.32 be included in the 1955 budget on account of the current deficit of this amount.

Insufficiency of 1954 Taxes Assessed:

As indicated by Exhibit D, the 1954 taxes actually assessed were insufficient by \$2,309.38 to meet budgetary requirements. This was due to the fact that through error the amount of the 1954 assessed valuation was overstated by approximately \$100,000.00 in the summary inventory which was filed with the Tax Commission when the tax rate was approved. On the basis of the actual assessed valuation of taxable property, the 1954 tax rate should have been \$2.57 per hundred instead of \$2.34.

Conclusion:

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Bridgewater for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

C. David Sullivan, Auditor
Joseph W. Boudreau, Accountant

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Bridgewater for the fiscal year ended December 31, 1954. In our opinion the Exhibits included herewith reflect the true financial condition of the Town as of December 31, 1954, together with the results of operations for the period under review.

Respectfully submitted,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

C. David Sullivan, Auditor
Joseph W. Boudreau, Accountant

The River Road Station is using its share of the balance to buy a copy of the Columbia University one volume encyclopedia.

The following have given books to the library: Mrs. Leland Mitchell, Miss Arlene Miller, friends of Ina Atwood, New Hampton Library, Stella Brown, Mrs. Morgan Hart, David Dickinson, Jr.

Bridgewater Turnpike Library Branch

The patronage at the Turnpike Station for year ending Dec. 31, 1954 showed an increase over the past years. I visited 6 different libraries to learn their operation and layout. Having received my portion of the town appropriation at the Christmas season, I purchased no books, how-

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the Inhabitants of the School district in the Town of Bridgewater qualified to vote in district affairs:

You are hereby notified to meet at the Grange Hall in said district on the 1st. day of March 1955, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Member of the School Board for the ensuing year.
5. To choose a Treasurer for the ensuing year.
6. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agent of the district.
7. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
8. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
9. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
10. To see if the district will vote to raise and appropriate a sum not to exceed \$3,000 to send the pupils in grades

7 and 8 at the River Road School out of town to school.

11. To see if the school district will vote to enlarge the River Road Schoolhouse by adding and equipping a second classroom.

12. To see what sum of money the school district will vote to appropriate to enlarge the River Road Schoolhouse by adding and equipping a second classroom; and to authorize the school board to issue notes or bonds, and to determine the terms and conditions upon which the notes or bonds shall be issued including their sale and time and place of payment of principal and interest, in accordance with the provisions of the Municipal Finance Act of 1953, and any amendments thereto. (A 2/3 vote is necessary to carry this motion, and must be taken by actual count and so recorded by the clerk.)

13. To transact any other business which may legally come before said meeting.

Given under our hands at said Bridgewater this 10th. day of February 1955.

CATHERINE H. DREW
WARREN SLEEPER
NANCY E. GRAY

School Board

SUPERINTENDENT'S REPORT

We quite often see articles in newspapers and magazines written by nationally syndicated columnists "panning" education and "telling" educators what ought to be done. Simply because one becomes an authority in the field of politics, foreign affairs, farm subsidies, or even football, does not qualify one as an expert in all things. The expert on what can be done in an ungraded rural school is to be found in an ungraded rural school; the expert on what can be done in a small high school is to be found in the small high school. These columnist experts are unacquainted with the "educational facts of life" and will remain so until such time as they actually spend a year, more or less, in an actual situation teaching the pupils themselves. Of course *they cannot afford* to do this and a quick, superficial survey plus a few interviews and a posed picture or two must be the basis of material for an expression of opinion. Unfortunate it is that their opinions are so widely read, and believed. Now all of us in the educational field can improve our work and have the potential of always doing a better job. Much remains to be discovered and learned in the field of human conduct, but for a college president or a noted columnist to write that *all* pupils in high school should have a couple of years of Latin, or three years of college preparatory mathematics is too absurd to merit additional space. Our pupils must be taught to read current publications with the proverbial grain of salt. Freedom of the press is not license, and carries on its shoulders the greatest of responsibilities.

Once again we enter a legislative year with political leaders of both parties pledged to no new sources of tax revenue

SUPERINTENDENT'S REPORT (Continued)

which simply means that the local property tax will continue to bear the major part of increased costs of educating our children. Even granting the possibility of a stable economy, costs of education will increase where: 1) There are significant increases in the school population; 2) There is need of extensive remodeling or new buildings; 3) Where new educational offerings become necessary; 4) Where there is competition for teachers. There is an old, and elementary, law to be found in any high school economics text book that where there is a limited supply and an increasing demand for a commodity the price will increase. Numerically there will be a shortage of teachers for many years ahead; qualitatively speaking there is always a shortage. Teachers have the benefit now of being in the driver's seat of a "selling market." Until such time as state aid becomes available in sufficient quantity to absorb these increasing costs the local property owner will pay the bill. Only when this condition has been met will state aid, in still larger quantities, be of any great value in lessening the burden on the property owner. If you, as a property owner, are willing to absorb these costs there is, and will be, no need of new taxes; if you really want tax relief new sources of revenue are necessary, in the opinion of the writer. To say that it doesn't make any difference because the consumer pays the bill anyway is to overlook the fact that different people consume different things, and all consumers in the State of New Hampshire do not live here "the year round" nor do they all own property! There are several towns in this union which could well use several times the aid now being received. Other towns can not have modern buildings until special building aid is allocated from a higher level either state or federal. What do you want for your children? Are you willing to "pay the freight" on present tax bases? There are the vital questions. The squeaky

wheel gets the grease. Legislators have sensitive ears!

The River Road School at the present time has 32 pupils in grades 1-7 inclusive. Next year there will probably be 6 more entering the first grade making a possible enrollment of 38. To say that you can not "keep school" with this number is obviously not true, but to say that the individual pupil can get the attention he needs is not, in my estimation, true. The school day is limited in its length, a teacher is limited in her strength, and 37 pupils in 8 grades can get neither the organizational time nor the actual helping time that is possible with fewer grades and pupils. It is probably too much to expect to ask you to keep only the first four grades in this school and send the upper four elsewhere but from a purely educational point of view that is just what I would recommend.

Youngsters entering the first grade need, and should receive, a great deal of individual help throughout each day, and, at the beginning of the year, almost every minute. A good start in the first grade is very necessary, making this grade the most important single grade in a school system. A good start is needed not only in the fundamentals but in proper attitudes, and in personal and social adjustments.

However, keeping the first six grades, numbering about 26, would not be too bad and much better than 38 in all eight grades, and the cost would be less. Elementary tuitions are approaching the \$200 per pupil level (\$185 in Bristol for 1955-56) and this cost for 11 pupils would be \$2,200. Then there would be the cost of transportation which would vary depending on the particular situation.

It is unfortunate that this influx of pupils occurs when physical repairs to the building are an absolute necessity. Several other towns in my district have experienced a sim-

SUPERINTENDENT'S REPORT (Continued)

ilar influx and later experienced a decreasing school population. This may not prove to be the case here but in a small school the change in residence of one family can make quite a difference in the enrollment of a particular school. The toilet problem has been postponed longer than it should have been. Accordingly the school board has included \$3,850 in its budget to acquire water, install flush toilets, and make necessary repairs always accompanying such a project. A steady supply of good water is needed but not an excessive amount (4-5 gal. per minute have proven sufficient.) Costs for this are anyone's guess depending on how it is done, and even then there is quite an element of luck involved. A dug well permitting gravity feed would be the cheapest and best provided the source is within a reasonable distance of the school. An artesian well has the advantage of being on the owner's property and close to the building. Costs vary from 6-8 dollars per foot plus cost of a good pumping system. Where this has been done it has taken 12-1,500 dollars. Present plans are based on an estimated figure (by a contractor) of \$2,850 for everything but the water supply. \$1,000 has been included for a dug well and, with favorable "breaks", this should be more than enough. Any money not needed would be shown as a balance to reduce the assessment the following year.

Material changes in school housing do not of themselves guarantee improved learning. Most Bridgewater pupils do not have the benefits of handwriting supervision nor of supervised activities such as bands, plays, sports, and ordinary playground activities not to mention shop and home economics for grades 7 and 8. Just the ordinary values derived from competing with many others their own age should not be forgotten.

It is increasingly difficult to find qualified teachers, or

those whom the state will permit to teach, to fill rural school positions. As a matter of fact it is difficult to find any teacher for any position, that of the rural school being one of the more difficult, and hence a matter of degree rather than a new problem. We have not always been as fortunate as now in choosing teachers. The present day graduate has her choice of positions, and the very best are in a national market. They are not choosing rural schools. Beginning salaries of graduates from P. T. C. averaged over \$2,800 last year.

Respectfully submitted,

C. MAURICE GRAY

SUPERVISORY UNION NO. 4 BUDGET

N. H. Laws Chapter 135, paragraph 43. "The school boards of the several districts forming a supervisory union shall meet between April first and June first in each year at a time and place fixed by the chairmen of the several boards, and organize by choosing a chairman, a secretary and a treasurer. They shall, when necessary, nominate a superintendent or superintendents, fix the salary or salaries, and apportion the same among the several districts and certify the apportionment to their respective treasurers and to the state board of education."

Chapter 135, paragraph 47. "At a meeting held before January first of each year the supervisory union board shall adopt a budget required for the expenses of the supervisory union for the next fiscal year, which budget may include the salary and expenses of supervisors of health, physical education, music, art and guidance, and any other employees, and expenses necessary for the operation of the supervisory union The basis for apportionment shall be one-half on the average membership of the previous school year and one-half on the last adjusted (Ch. 157, 1951) valuation of the district."

The chart of expenses (on the next page) is based on action taken by the union.
