Respectfully submitted,

GREEN L. TILTON, Selectmen
J. R. CONNOR, of
H. T. HEATH, Bristol.

We hereby certify that the foregoing account of the selectmen has been by us examined, that we find the same neatly kept, correctly cast and properly vouched for. Itemized bills were shown for amounts paid. The account of the collector, also audited, we find to be accurately cast and congratulate the town on the clean record made. The report will show all old bills fully settled.

KARL G. CAVIS, Auditors.
CHAS. N. DRAKE, Bristol.

Bristol, N. H., Feb. 24, 1894.
LIST OF TOOLS THE TOWN OWNS.

stone drag
5 cords of green wood at the town hall.
Another year has passed, and we are again called upon to report on the success or non-success of our school for the year just closing. We feel that we can report success.

Today the grade of our schools is higher than it has been for several years. Our Principal, Mr. A. L. Pitcher, has worked hard and faithfully to raise the standard, and his efforts have not been in vain. Increased interest is marked throughout the school, and what we say of Mr. Pitcher, we also say of our other teachers. They have all labored hard and shown great interest in their work.

Last year we advanced one step and added two weeks to our school year, making 32 weeks of school. This year we have made another stride and swelled the number to 36 weeks. With this part of our work we feel pleased, but to make our school a success and place it upon a level with our neighboring schools, we ought to be able to pay our Principal a salary that will induce him to remain more than one year. A frequent change of teachers is detrimental, but it is impossible now to retain our teachers, as larger salaries are offered them after one year's experience.

Respectfully submitted,

CHANNING BISHOP, Supt.

HOMER ROBY, 
R. D. BROWN, 
G. S. TILTON, 

I have examined the foregoing accounts and find them correctly cast and properly vouched.

ANSON BUXTON, Auditor.
The past year has been noted for silence in our town relative to sewerage, sink drains, vaults, etc. Only one or two complaints have been made and these not of a serious nature. Our town has been exceptionally free from contagious diseases during the past twelve months, a case or two of measles, a case of typhoid fever, but nothing that has reflected upon our sanitary relations. And yet, because of our good fortune in this line this year, we must not become negligent. The town must before long meet the question of general sewerage system, and the sooner it is met and adopted the better will it be for our town. There are localities where it is almost impossible for the citizens to connect their sink pipes with any drainage pipe, and what can they be compelled to do in that case? Nothing until the town does its part of the work. The results gained in our department last year have proved more than satisfactory.

Let the work go on and supply this village with a system of sewerage that cannot be criticised by the State Board of Health.

CHANNING BISHOP, \} Board of
CLARENCE A. SMITH, \} Health.
