The Fire Department

If a fire alarm had sounded twenty years ago, the only response would have been a bucket brigade.

In 1938, realizing the urgent need of fire protection, the townspeople appropriated the money for a fire truck and bought the Ford pumper that is presently in use. This truck was kept in Elmer Ingraham's barn, but this was not a centralized location.

Consequently, in 1941, our fire house was constructed. At first only the outside was finished, but the work of the volunteers through the years has finally finished the whole building, including the recent completion of the kitchen.

A large fire siren was mounted on the roof of the fire station in 1942 to sound fire calls as well as Civilian Defense Air Raid Warnings.

The original pumper had proved insufficient for many fires, especially grass and forest fires, so in 1948 a tank truck was purchased. In 1953 the truck had to be replaced but the same tank system was used.

In 1951 a second siren was added to the end of the fire house to sound the alarm if a fire started within the building itself.

The fire department volunteers had always been called by our local operator, but the installation of dial telephones spoiled this system. Now a red network serves our community. When a fire is called in, a fire phone in four different homes rings. A person in each home then calls a designated list of firemen.

As a town grows, so must its fire department. Gradually, through its twenty years of existence, water holes have been dug in strategic locations, and equipment has been added to the trucks and the fire house. During the next few

months a one thousand gallon tank truck will be put into operation to give us added fire protection.

Our Fire Association is organized with a president to preside at business meetings and an Executive Board made up of the usual officers. The Association elects a Board of Engineers, five in number; and this Board, in turn, elects one of the five engineers to be the Chief and supervise at fires. They meet once a month, often spending part of their meeting time in repairing and improving fire equipment and the building itself.

Many families can be thankful for the organization that has saved a great deal of property during the short period of its existence.

The Essay on the Hampstead Fire Department, was written by David Duston, a member of the Senior class of the Hampstead High School. It was the one selected by the judges as the best of six submitted by High School students. Honorable mention was given by the judges to Joan Chesleigh and Caroline Ells.

NOTICES

Inventories are mandatory. They must be filed with the Selectmen on or before April 1st.

The Selectmen will meet the first Saturday of each month at 8 P.M. at the Fire House.

The Planning Board will meet the last Sunday of each month at 8 P.M. at the Fire House.

VETERAN'S NOTICE

All applications for veteran's exemptions must be in the hands of the Selectmen by April 15th.

JOSEPH MOODY TAIT

In Memory of
JOSEPH MOODY TAIT

whose sudden death on December 31, 1957 brought sorrow to our town, this Annual Report is solemnly dedicated.

Joe Tait was born in Passekeag, New Brunswick, on February 17, 1881 and at an early age,

moved to Wakefield, Massachusetts, where he lived for many years. After marriage, he moved to Reading, Massachusetts and in 1921 purchased the Anson Kimball farm in East Hampstead.

He became a successful farmer and took part in many town activities. In 1923 he was elected to the office of Road Agent, performing this duty until the State claimed responsibility for most of our roads. In 1934 he became a successful candidate for selectman, which office he held for the succeeding thirteen years.

In 1946, he sold his farm and purchased the village store in East Hampstead, where the Post Office is located. He served the community as storekeeper, supplying food and other necessities, until his retirement in August 1956.

The passing of Joe Tait is a heartfelt blow to the Community. His sound advice and experienced opinions were continually sought and his helpful council was given with wisdom and sincerity. The town has lost a cherished and valued citizen.

DO YOU KNOW — That until about 1920, the High School was in session on Saturdays and not on Mondays?

DO YOU KNOW — That less than 40 years ago there were 357 cows and 147 horses in Hampstead. The last report shows 111 cows and 6 horses.

TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hampstead on Tuesday, the Eleventh day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	\$6,600.00
Protection of Persons and Property	3,210.00
Health	1,230.00
Highways and Bridges	9,400.00
Libraries	1,300.00
Public Welfare	4,000.00
Patriotic Purposes	325.00
Public Service Enterprises	1,350.00
Unclassified	300.00
Interest	300.00
County Tax	6,000.00
	<hr/>
	\$34,015.00

3. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

4. To hear reports of Auditors and Committees and to act thereon.

5. To see if the town will vote to authorize the Selectmen to administer or dispose of any Real Estate by public auction acquired by the town through Tax Collector's deeds.

6. To see if the town will vote to keep the polls open from 1:00 P.M. to 7:00 P.M.

7. To see if the town will vote to continue operation of the traffic light at the junction of route 121 and the present route 111 after the new route 111 is completed.

8. To see if the town will vote to raise and appropriate a sum of money to place a street light on route 121-A near the residence of Marion Shedd. (By Request)

9. To see if the town will vote to raise and appropriate a sum of money to place a street light on the West Road near the residence of Mr. and Mrs. Frank Clough. (By Request)

10. To see if the town will vote to raise and appropriate a sum of money to place a street light on the Derry Road near the Derry-Hampstead line. (By Request)

11. To see if the town will vote to raise and appropriate the sum of Six Hundred Twenty-seven Dollars, (\$627.00) to purchase one hundred feet of two and one-half inch hose, three hundred feet of one and one-half inch hose and two ten foot sections of suction hose to be purchased by the fire engineers.

12. To see if the town will vote to accept the 1949 two and one-half ton Diamond T one thousand gallon tank truck given to the Fire Department, to be housed in East Hampstead.

13. To see if the town will vote to discontinue as an open highway and make subject to gates and bars that portion of the Witcher Road not absorbed by the new route 111.

14. To see if the town will vote to discontinue as an open highway and make subject to gates and bars that por-

tion of the King Pond Road not absorbed by the new route 111.

15. To see if the town will vote to discontinue as an open highway and make subject to gates and bars, the Leighton Road.

16. To see if the town will vote to amend the Building and Zoning Ordinance by adding the following to be known as Article 11, Section LXV:

The erection or use of multiple dwellings within the town shall be prohibited except when approved by a majority of the voters present and voting at an annual or special town meeting. The term multiple dwelling shall mean any building in which sleeping accommodations are provided for more than two families, and shall include among others; apartments, clubhouses, convents, dormitories, hotels, lodging houses, studios, tenements, barracks, motels and similar structures, as well as over-night cabins.

17. To see if the town will vote to raise and appropriate the sum of Eighteen Hundred Dollars (\$1,800.00) to be used in conjunction with T.R.A. money (approximately \$900.00) to reconstruct and tar the Etta Ayer Road.

18. To see if the town will vote to authorize the Selectmen to appoint three persons to serve as a street lighting committee whose principle duty shall be to study all applications for street lights and recommend to the voters what action should be taken.

19. To see if the town will vote to rescind the authority vested in the Hampstead Planning Board by the voters of the Town of Hampstead, N.H. on March 8, 1955, authorizing the Planning Board to regulate the sub-division of land as provided in Chapter 53, Sections 19-29, Revised Laws of N.H., 1942, and amended by Chapter 130, Laws of New Hampshire, 1949, Chapter 130. The intentions of this article is to rescind whatever authority the Planning Board now has to regulate the sub-division of land and rescind the

regulations governing the sub-division of land in Hampstead as adopted by the Planning Board. (By Petition)

Given under our hands and seal, this seventeenth day of February, in the year of our Lord nineteen hundred and fifty-eight.

W. G. EWING
DORIS M. SPOLLETT
LINCOLN K. DRAKE

Selectmen of Hampstead

A true copy of Warrant—Attest:

W. G. EWING
DORIS M. SPOLLETT
LINCOLN K. DRAKE

Selectmen of Hampstead

The polls will be open to vote for town officers from 10 A.M. until 9 P.M. The appropriations for the money to be raised will be during the evening hours, beginning at 8 o'clock.

REMARKS BY THE SELECTMEN

Your Board of Selectmen presents herewith the Annual Reports of the Town, including the report of the School District. We earnestly recommend your attention to them.

It has been said that "a report is good when the citizen is able to read and digest it easily, when it clearly, briefly and interestingly lays before him the pertinent facts of local governmental operations, when it tells the kind of a story which establishes public confidence in administrators and stimulates people to take an active part in municipal affairs." We hope you will find this to be such a report.

Town buildings and other property are in a reasonable state of repair, and the financial condition of the town is sound. Work on the Pond Road was completed last year and the Handle Road completely re-built. This year we must re-build the Etta Ayer road, so called, from the East Road to the Atkinson line on Maple Avenue as this is now a part of a regular U.S. Mail route. It has already been necessary to place a culvert at one location on this road. Work should also be done on the Ells Shore Road, but a drainage problem must be worked out before re-building will be practical.

Before the year is over we will have between five and six miles of the old Route 111 to add to our maintenance account.

You have already seen and probably admired the striking cover of this year's report, one of the last pieces of work done by our good friend, Stanley Snow. "Stan" will be remembered not only for his beautiful work, but for his always pleasant, friendly manner and his ready smile. We shall miss him.

Some attention should be given by the town to a more suitable location for the Selectmen's headquarters and the

papers and records used by them. Use of the Fire House is increasing, and the small closet now used by the Selectmen is entirely inadequate.

The Spicket River Corporation case, mentioned in the 1955 report, is still unfinished and we may be involved, along with three other towns, in a suit before the year is over.

Your Board wishes to express its appreciation to the Town officers, Boards and Committees for the work they have done during the year. Special thanks is due the members of the Planning Board for their work, which has gone far beyond what might reasonably be expected of a group serving without compensation.

We are grateful, and we know the feeling is shared by the townspeople, for the continued interest of the Parent-Teacher Association and the Civic Club in the welfare of our town, particularly with respect to our children and young people. These groups are not only interested but they also work at it.

Appreciation should also go to Wesley Stone for his work on the graphs and charts in this report, and to Maurice Randall for the historical items in this and other reports.

WILLIAM G. EWING
DORIS M. SPOLLETT
LINCOLN K. DRAKE

Selectmen of Hampstead

Has Hampstead improved? Do you think conditions within the town today require the building of a jail for those who break the law? This question was discussed in the Town Meeting of 1898.

TRAILER REGULATIONS

Authority was granted to the Selectmen to issue temporary permits to owners, renters, users, or occupants of house trailers or mobile homes, so called and others whose intent is to park or occupy, or both, said trailers within the confines of the town. Permits shall be issued for a period of no longer than one year, and shall be granted only after due consideration to the health, safety, prosperity, morals and general welfare of the town and its inhabitants. Upon passage of this article, it shall be unlawful to park, or occupy, or both, a trailer as stated in the town without a permit. This regulation shall cease to exist when more trailer regulations are adopted.

(Passed March 13, 1956 at the Annual Town Meeting.)

EPITAPHS FROM HAMPSTEAD CEMETERIES

“Here I must lie within this grave,
My flesh and bones a-rotting.
When this you see, pray think of me,
Lest I should be forgotten.”

“Beneath this stone is laid to rest
One shamefully robbed in life,
By his wife’s son and Squire Tom,
And Daniel Seavey’s wife.”

“I once had life as well as you,
But now my days are over.
Here I must stay ’till judgement day,
Then meet my great Jehovah.”

“Behold and Look, as you pass by,
As you are now, so once was I.
As I am now, so soon you’ll be,
Prepare for Death and follow me.”

BUDGET OF THE TOWN OF HAMPSTEAD, N. H.

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1958 to December 31, 1958. Compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year January 1, 1957 to December 31, 1957.

OLD NEW ENGLAND CUSTOM

By Dahl

From the Boston Herald

“We urgently request the Tax Payers to scrutinize every move for raising money before voting for same, and satisfy themselves that they are to receive a Dollar’s value for every Dollar expended.

If you vote for large sums, expect high taxes. Study The Budget.”

REPORT OF THE FIRE ENGINEERS

In the past year we had twenty-six calls: two chimney fires, fourteen woods and grass fires, six miscellaneous fires, and four major house fires including the homes of Ruel Webster, Florence Lovering, James Berry and Wade Smith. We also had four out-of-town calls, one to Atkinson, one to Derry and two to Danville.

The water hole on the McGillvary property was completed with a wooden cover.

There was a change in our red network system this past year. The phone that was located at the home of Alfred Brickett was changed to the home of Gene Duston due to the change of fire chief. Alfred Brickett resigned for business reasons and should be thanked by all for the fine job he did as chief.

I hope that everyone in East Hampstead and Hampstead realizes that since we have extended local service all you have to do to report a fire is to dial Davis 9-6942.

During the past year Mr. Brickett and I have issued sixteen permits for oil burning furnaces.

It will be of interest to everyone to know that Richard Munroe has given the Hampstead Fire Department a 1949 two and a half ton Diamond T truck with a thousand gallon tank to be housed in East Hampstead. It is now temporarily housed at Gates garage. The firemen's association used five hundred dollars out of their own treasury to equip this truck. The work is being done by the firemen and we hope to have this truck in operation by spring.

I would like to take this opportunity to thank the people with red network phones, firemen, engineers and everyone helping to make ours, a fire department of which we can be proud.

GENE T. DUSTON,
Chief of the Board of Engineers

REPORT OF YOUR POLICE DEPARTMENT

It is with great honor that I have the opportunity to report to you as the chief of your police department. To serve a community such as the town of Hampstead gives the members of this department great satisfaction.

Cooperation between the town's people, young and elderly and the police department has during the past year been unsurpassed, for which we stress our sincere appreciation. The only other way possible to express this appreciation is through an ever improving department for which we will as in the past, strive to bring about.

The department has been exceptionally active during 1957. A total of 76 calls were received during the period of 13 March through 31 December, and all were answered with a minimum of delay. Only 3 minor automobile accidents occurred, resulting in no personal injuries. 1 motorcycle accident occurred during the summer months which resulted in only minor cuts and bruises to its two riders. 3 incidents resulted in the necessity of court action and all ended in a judgment of guilty.

Patrol work on the town highways has been at a maximum allowable amount. On December 30, 1957 the depart-

ment was commended by the Motor Vehicle Department for an outstanding contribution to highway safety.

The police department is called many times night or day to assist in matters of personal nature and some of more serious subjects. Few are out of necessity aware of these calls that the police department is required to assist in.

Halloween arrived and past with not one complaint by the town's people, which will again stress the cooperation that exists between the police department and our future citizens.

Members of the department, new and veterans are attending training courses to enable them to provide better protection for which we are responsible. Many more training courses are being planned for the future.

Sincere appreciation is extended to other law enforcement agencies with which our duties bring us in contact. The State Police, Sheriff's Department and departments of the surrounding communities large and small have all proved without doubt of their willingness to cooperate or assist.

NEW HAMPSHIRE STATE HEALTH DEPARTMENT

Box 225, Derry, N.H.

February 4, 1958

Town Clerk
Hampstead, N.H.

Dear Sir:

Following is a report of what has been done in your town by the State Health Department, which I represent as your Public Health Nurse, during the past year.

The third of a series of three polio clinics was held on January 28th at the school.

164 attended this clinic. Of these:

16 received first Polio shots

19 received second Polio shots

129 received third Polio shots.

I hope that those who had not completed their series have by now reported to their family physician.

I have been in your town on several occasions and have taken care of health problems as they arose.

Child Health Conferences were not held this past year. I believe it has been a practice to conduct these every other year.

Mrs. Gwendolyn Banks, your school nurse, and myself will undoubtedly plan to hold these early in the spring if it is found to be necessary.

It has been a pleasure serving your community. If at any time I may be of service to you, please don't hesitate to call on me.

Sincerely,

Mrs. JEANNETTE B. BERNIER, R.N.

State Public Health Nurse

REPORT OF BUILDING INSPECTOR

During the year 1957 building permits issued numbered 35, several less than during the previous year.

I wish to thank all concerned for their cooperation in regard to the town ordinance.

WILLIAM W. COLTART,

Building Inspector

REPORT OF BUILDING INSPECTOR

I wish to extend my thanks to all concerned for their cooperation with me regarding the zoning and building laws of the town.

Below is a list of building permits issued in 1957:

	<i>Est. Value</i>
Feb. 21—George Casey — House Trailer — Hill Farm, East Road	\$2,300
Mar. 25—Fred P. Quartaroni — Addition — Harris Aven	2,000
Apr. 8—Mattie Burns — New Cottage — Angle —Pond	5,000
Apr. 20—Robert French — Addition — Governor's Island	3,000
Apr. 20—Lester Remick—Addition—Sunset Lake	1,500
Apr. 23—Frank E. Howard—New Cottage—Main St.	10,000
Apr. 26—Tel Noar Lodge—New Cottage—Main St.	2,000
Apr. 29—Donald R. Wain—New Cottage—Maple St.	12,000
May 4—Myron O. Ordway—New Cottage—Page Road	8,500
May 9—Mrs. Frank Ventimiglia—New Cottage—Dick Wood Development	5,500
May 16—Frederick H. Dodkin — New Cottage — Governor's Island	6,000
May 20—Thomas W. Keilty—(This house moved from former location; new garage built) Route 121	4,500
June 6—Dana D. Sawyer—New Cottage—Angle Pond	5,500
June 10—Donald F. Taylor—New Cottage—Sunset Drive	4,500
June 10—Herbert W. True—New Cottage — Kent Farm Road	6,000
June 19—Lester O. Currier, Jr. — New Cottage — Main St.	12,000

July	10—David I. Magee—Road Stand—Main St.	100
July	15—Percie C. Worrick—Garage — Route 121	1,000
July	15—William J. Madden—2-car Garage—East Road	1,000
July	18—William C. Thompson — 2-car Garage — East Road	1,000
July	22—Stanley Snow—Garage—Main St.	1,000
July	27—Tel Noar Lodge—Addition—Main St.	2,500
Aug.	19—Walter Piscadlo — Addition — Governor's Island	2,500
Aug.	24—Merle F. Phillips—New Cottage—New 111	12,000
Sept.	4—J. Kenneth Atwood — Addition — Angle Pond	700
Sept.	28—Louis S. Stella—New Cottage—Crowell Grove	5,500
Oct.	14—Daivd C. Wood—Addition—Route 121 W. Hampstead	1,000
Oct.	21—Ida B. Custeau — Trailer — Main St. E. Hampstead	1,500
Oct.	21—Matthew N. Currier—New Cottage—East Road	9,300
Oct.	26—Nicholas Santoswasso — New Cottage — Dick Wood Development	9,000
Oct.	29—Rodney E. Kerry—New Cottage—Route 121A	9,500
Nov.	22—Jane E. Worthen—Hen House—Main St.	200
Nov.	22—R. C. Webster — Addition — Main St., E. Hampstead	2,500
Nov.	29—Geo. C. Chase — Greenhouse — Main St. E. Hampstead	500
Apr.	20—Philip Hudson — New Cottage — Angle Pond	5,200

The estimated value of these properties was determined by the owner and myself.

WILLIAM W. COLTART,

Building Inspector

REPORT OF ROAD AGENT

During the past year all graveled roads were graded twice. Many of the worst banks were cut on the Brown Hill Road. The Handle Road was completed with a mix-in-place job and later sealed, along with the Ells Shore Drive and a piece on the Pond Road. With the co-operation of the Island Pond Association the Mills Shore Drive was completed with a penetration job and later sealed.

During the fall of 1958 the town will be given back approximately 4.1 miles of present Route 111 which will have to be maintained both Summer and Winter.

AUDITOR'S REPORT

We hereby certify that we have examined the foregoing accounts of Selectmen, Tax Collector, Treasurer, Town Clerk, Trustees of Trust Funds, Road Agent, Library Trustees, Sexton and Police Chief for the year ending December 31, 1957, and find them correctly cast and proper vouchers therefor.

STANLEY P. JOHNSON,
IRENE W. BRICKETT,

Auditors

REPORT OF THE LIBRARY TRUSTEES

Again, your Trustees for the Library are reporting progress and it is hoped that it may continue to be so in the coming years, as it has in the past.

This year, we think the painting of the building, thanks to the favorable action by the townspeople, is a most outstanding achievement. We know you will be interested in

the fact that our appropriation for \$600 was to cover the cost of one coat of paint. However, we were successful in getting bids to do a two-coat job for less money than the original appropriation. Along with this, we are continuing the storm window project. The repairs to the front steps, portico and gutters also deserve mention.. All of which makes our Library a building for which we can all be most proud.

We were hosts to two District Library meetings this year, one in June and the other in October. Many fine compliments were received regarding the appearance, both inside and out, of the library and we believe that both Mr. and Mrs. Beverly Whiteneck deserve much of the credit for this. We surely owe them a vote of thanks for their untiring efforts and the pride they take in maintaining the building and grounds.

A new system of allocating the book funds is in effect, so that each year one of the groups for which books are purchased is featured. That is, 50% of the funds this year will be allocated to building the children's library and 25% for the young adults and 25% for the adult group. In rotating the budget in this way, we feel that all groups will benefit equally in the long run. This program can be greatly aided by donations of any recent books suitable for library use.

We acknowledge with thanks the many donations of books and magazines received throughout the year from our neighbors and friends in town. Also an expression of gratitude is due for the fine cooperation by the State Library Commission.

Respectfully submitted,

PEARL CORNWELL

THEODORE B. HADLEY

MARION WRIGHT

Library Trustees

LIBRARIAN'S REPORT — 1957

It is with a sense of appreciation to the Trustees of the Hampstead Public Library that I submit my annual report.

No doubt you have noticed the big improvement in the appearance of the exterior of the Library. This was accomplished through the earnest efforts of the Trustees under the leadership of Rev. Theodore B. Hadley. We are indeed grateful to them because this was a project that was badly needed and one to which we have been looking forward for some time. In addition to this improvement we have a new floor on the porch and new porch steps. The interior of the building has been made more comfortable by the continuation of the combination window project.

In spite of the fact that we have lost a number of borrowers during the past year more names have been added to the list giving us a total of 373 borrowers.

We have not been able to spend as much money on books as we had planned because necessary improvements used up most of our available funds.

Too much cannot be said in recognition of the many gifts of books and magazines from interested friends. These, together with the loans from the State Library, and the books we borrow regularly through the Bookmobile have helped our borrowers to find interesting reading through the past year. Those of you who visit the Library regularly realize that we need more new books.

On the 10th of October we had the pleasure of entertaining the Librarians and Trustees of Atkinson, Plaistow, Salem, Hudson, and Litchfield at a Neighborhood Meeting. Mrs. Rachel Sanborn, Bookmobile Librarian from the Exeter Branch was present as well as Mr. Emil W. Allen, the new Assistant State Librarian who had charge of the

meeting. New books and problems pertaining to our Library work were discussed. Tea was served and a very interesting time was enjoyed by those in attendance.

A cordial invitation is extended to all town's people to visit the Library and enjoy its privileges.

Respectfully submitted,

BERTHA L. WHITENECK,
Librarian

CEMETERY TRUSTEES REPORT

There are five cemeteries in use. Pine Ridge or Carter Cemetery in East Hampstead, the Old Cemetery in the center of town, Lakeview on Kent Farm Road, Hadley Cemetery on Central Street. The other three cemeteries, namely Plaistow Road, Hampstead Handle and East Road, are not used now.

The town is faced with an expensive tree removal problem in the Old Cemetery.

We hereby certify that we have examined the foregoing accounts of the Trustees of Trust Funds, for year ending December 31, 1957 and find them correctly cast, and proper vouchers therefor.

STANLEY P. JOHNSON
IRENE W. BRICKETT
Auditors

DO YOU KNOW — That a native of Hampstead, and still a resident, was at one time the champion roller skater of New England?

California is noted for its large trees. Hampstead had one larger. Rockingham Records, Volume 330, Page 27, states, "A straight line passing through an Ash tree twenty four rods."

An article in the Town Meeting warrant of 1918—
"To see if the Town will purchase wheels and ladders to be used in case of fire."
(Were the wheels to be used to carry some of the firemen home after a fire in a cellar?)

ANNUAL REPORT

of the

SCHOOL BOARD

of the

TOWN OF HAMPSTEAD, N. H.

OFFICERS OF THE SCHOOL DISTRICT OF
HAMPSTEAD

BOARD OF EDUCATION

Name	Term Expires
Charles B. Clark, Chairman	1959
Theresa R. Rollins	1958
Glendon Emerson	1960

Name	Title
John Hutton (elected annually)	Moderator
Elizabeth R. Wentworth (elected annually)	District Clerk
Abbie Randall (elected annually)	District Treasurer
Stanley P. Johnson (elected annually)	District Auditor
Irene W. Brickett (elected annually)	District Auditor
Wendell V. Davis	Superintendent of Schools

SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Hampstead qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the tenth day of March 1958, at 7:00 o'clock in the afternoon, to act upon the following subjects:

Article 1. To choose a Moderator for the coming year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

Article 6. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

Article 7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

Article 8. To see what action the District will take for providing education for its secondary school pupils beginning September 1958.

Article 9. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of School district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the State founda-

tion aid fund together with other income; the school board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Article 10. To see if the District will vote to raise and appropriate seven hundred dollars (\$700) for insulation at the Central School.

Article 11. To see if the District will vote to raise and appropriate four hundred dollars (\$400) to repair the flashing on the Hampstead High School roof.

Article 12. To see if the school district will adopt as its school check-list the Town check-list, as provided in RSA 197:12a, as inserted by Laws of 1957, chapter 57; this provision to be effective for the 1959 and subsequent annual district meetings.

Article 13. To see if the district will authorize the School Board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes, as may now or hereafter be forthcoming from Federal, State, local or private agencies.

Article 14. To transact any further business that may legally come before the meeting.

Given under our hands at said Hampstead this fifteenth day of February, 1958.

CHARLES B. CLARK
THERESA R. ROLLINS
GLENDON N. EMERSON

School Board

The Polls will be open to vote for District Officers from 7:00 to 9:00 P.M.

The other articles of the warrant will be taken up at 8:00 o'clock.

REPORT ON VISIT TO HAMPSTEAD HIGH SCHOOL

January 10, 1958

On Friday, January 10, 1958, the following staff members of the State Department of Education visited Hampstead High School: Messrs. Russell H. Leavitt, Howard Swain and C. Paul Quimby.

The purpose of the visit was two-fold: first, to clarify what action, if any, is necessary to qualify Hampstead High School as an Approved High School under the Minimum Standards which will go into effect in September, 1958; second, to identify aspects of the school plant and program which are in need of attention if Hampstead is to offer a truly comprehensive high school program.

In addition to the comments included in this report, other recommendations and suggestions were presented verbally to Superintendent Wendell V. Davis, and Principal David Greenlaw. Although these are not detailed here, it is hoped that each will be given careful consideration.

The staff of our department is available to assist in any appropriate manner as steps are taken to implement the ideas presented in this report.

Action Necessary Under Minimum Standards

1. Periods must be lengthened to at least 45 minutes, exclusive of time for passing. This year several periods are 40 minutes long.

2. Minimum time standards for unit courses (listed on pages 11 and 12 of the Minimum Standards publication) must be met. Because of the shorter class periods being used this year, classes are not meeting the new time standards.

3. The Program of Studies is limited and has created the following problems:

a. Only $9\frac{1}{2}$ units of practical arts courses are offered, including courses which alternate. To meet the standard of twelve units, the school should plan to offer an industrial arts program. However, it should be made clear that the small building currently housing 7th and 8th grade Woodworking would not be approved as a part of such plan: this space is inadequate to house the equipment needed for a single year of General Shop.

b. Under the new requirements at least 20 units must be offered in any given year from the combined areas of academic and practical arts courses. Because of the heavy dependence on alternating courses, Hampstead is offering this year only $16\frac{1}{2}$ units. Courses must be added and/or alternating courses must be put on an annual basis. This, in turn, would pose a serious problem for the school because it would require additional teachers and additional teacher stations **per period** in a building already utilizing its rooms to capacity.

c. The Program of Studies is interpreted as offering only one Fine Arts opportunity as regularly scheduled instruction in the school day. At least two more offerings must be provided, and it is suggested that every consideration be given to Instrumental Music and Visual Arts.

4. The administration is reminded that because a school library does not now exist, any plans for adding to the present building or remodeling the plant must also include adequate provisions for a school library.

5. Under the Minimum Standards certain courses are required of all students for graduation. At present the English and Mathematics requirements are clearly being met, but the administration is reminded that policies relating to Social Studies and Science must be stated on the Program

of Studies so that adequate guidance can be provided next year's freshmen.

Action Strongly Recommended

In light of the action that must be taken to meet the Minimum Standards and the action recommended to provide a better secondary education for Hampstead students, it appears that the community is faced with an expensive problem in planning for more teachers, more rooms, more equipment, and more services. Because the structure of the present building and shop have serious limitations for expansion or alteration, it is recommended that the community examine carefully all other alternatives for solving its secondary school problems, including possible tuition arrangements or cooperative action with neighboring towns.

1. The space facilities and instructional equipment in several areas need attention:

a. The space in the science room is inadequate. In addition the amount and condition of equipment is far below average. Unless substantial action is taken to provide a suitable facility and to provide needed science equipment, it is probable that these courses cannot continue to be approved by the Department of Education.

At present, 5/7ths of the day the "science laboratory" is used for Homemaking instruction; because the use of chemicals and preparation of food are incompatible, this combination is a serious weakness. The use of the room by other classes influences much instruction through inability to keep experimental equipment in use for several days and to use displays and models. The work space for individual experimentation is limited and either results in no individual experimentation or an unsafe, overcrowded work area. Although space is not available in this room to house the desired equipment, it is clear that considerable money—at least \$500—would have to be expended on just physics equip-

ment; comparable sums should be expended on chemistry, biology, and general science equipment.

b. The homemaking facility is inadequate for the reasons noted in a above and because the space is inadequate for work in all areas including Home Management, Home Care of the Sick, and Child Care. A facility for Homemaking should have enough space to accommodate equipment needed for a general homemaking program.

c. The area available for Business Education is unsatisfactory when used in conjunction with other classes. In order to provide instruction in Office Practice, a variety of office machines should be either rented or purchased; the space available to accommodate such equipment is limited.

d. Textbooks and standard reference material for all courses should be reviewed. For example, the textbook in Modern European History is pre-World War II; an up-to-date unabridged dictionary is needed.

2. The limitations that must be met in the Program of Studies have been noted in the first section of this report. In addition, careful consideration should be given the following recommendations:

a. The lack of any regularly scheduled physical education and health instruction is a serious weakness of the program.

b. French I and II are now offered on an alternating basis. Any modern foreign language should be offered for at least three years and the final year should be available to Grade 12 if the objectives of the course are to be achieved. To meet these two criteria, Hampstead should provide three years of French on an annual basis, starting at Grade 10.

c. The content of the Grade 12 offering in college preparatory mathematics should be re-examined to de-

termine whether sufficient advanced algebra beyond algebra II level is being offered.

d. The business education program should provide a second year of typing prior to office practice. With this addition, the school will be providing all desirable courses for a good business education course, but because these courses are being offered on an alternating basis the intended sequence of instruction is destroyed. For example, it is now possible and sometimes necessary to complete office practice by Grade 11 and to take shorthand without any concurrent course in typing.

e. The Social Studies program would be strengthened by the addition of a course in Contemporary Problems in Grade 12. Consideration might be given to combining Sociology and Economics into a single course rather than offering them as full courses on alternating years.

3. Several administrative arrangements now being used should be reviewed to determine whether better practices can be established. The following items should be reviewed:

a. The present scheduling of many courses on alternating years has tended to hurt the sequence of instruction (e.g., English and business) to crowd some courses so that the facility is inadequate to handle the class (e.g., Science), to cut down enrollments (e.g., foreign language), and to create problems for students who fail a course (e.g., this year the district is providing a correspondence course in United States History for a student who failed it last year).

b. The practices of scheduling band practice before school in the morning and combining elementary children with secondary students are unsatisfactory. Instrumental instruction should be available during the regular school day.

c. Several teachers are handling a diversity of courses which usually result in less effective instruction. For example, the business education teacher is

teaching in the three major fields of Business, Social Studies, and Mathematics; the science teacher is teaching Science, Shop, and Mathematics.

d. Because of lack of teachers and teacher stations, study pupils are now being scheduled to study in the back of other classes. This practice adds nothing to the class instruction and almost always detracts from effectiveness.

4. Several services usually provided by a modern secondary school are not being offered. The following areas should receive attention:

a. The library is completely inadequate. A space should be set up as the materials center for the school and books and periodicals should be consolidated into this area. Following the recommendations for schools of this size (of the American Library Association) at least \$300 should be budgeted annually for reference books and materials, with additional funds being appropriated every few years for encyclopedias. A teacher should be assigned at least one period a day for duties specifically related to the library.

b. Guidance services are being performed almost entirely by the principal at present. At least one period a day should be assigned to some teacher with some background in guidance to do individual counselling and to develop such desirable guidance records as an occupational file. The lack of a guidance room for records and individual counselling is a weakness.

c. The lack of a principal's office is hampering many phases of administrative work and clearly indicates the lack of space in the building.

Concord, New Hampshire

BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your school is operating during 1957-1958 and their proposed expenses for the year 1958-59. These proposed expenses appear in two different columns. Column number three is the proposed budget if the high school is *not* operated next year, and column four is the proposed budget if the high school is operated. It must be taken into consideration that monies appropriated in the month of March, to be used the following year do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

February 1, 1958

To the School Board and Citizens of Hampstead:

I am presenting herewith my Second Annual Report as Superintendent of Schools in Hampstead. This report deals briefly with the following subjects: Personnel, School Buildings, Curriculum, Future Plans, Bonded Indebtedness and Borrowing Capacity and Community Organizations. Reports of the Nurse-teacher and Music Supervisor as well as statistical information are included. It is followed by a report of the Principal.

Personnel

Last September one teacher was new to his respective position. Mr. Frederick Norris, a graduate of Keene Teachers College was hired to teach science and shop.

All teachers have continued membership in local, state and national professional teachers' organizations and have attempted to keep abreast of modern practices by attendance at local and state teachers' meetings and by taking courses when possible. Three teachers have just completed a course in Language Arts under the auspices of the University of New Hampshire. One teacher took courses this summer at the University of New Hampshire.

Although teachers' salaries have increased in Hampstead we are under the state average for all teachers. The State of New Hampshire as a whole is under the national average salary of classroom teachers by \$630. Even though New Hampshire increased teachers' salaries last year the highest ever over any preceding year, they still fell behind the overall increase in the nation. I believe we must have

adequate salaries to attract the more qualified teachers and uphold the standards that we should have.

School Buildings

Your School Board has continued to maintain and improve the physical conditions of the High School and the Central School Buildings. Important improvements made since the last annual report have included painting the main High School and corridors and provide better lighting for the second floor of the high school, installing combination storm and screen windows in the Central School, replacing a room of classroom furniture, partitioning the cafeteria to make two classrooms and renovating the storage room in the Central School into a dining room and building a new storage area in the Central School.

Curriculum

The Hampstead children are equipped with textbooks as good as are available. Basal series have been instigated in all subjects and completed in most grades. Emphasis has been placed on reading and a complete testing program under the guidance of Robert Dolph, Helping Teacher, is in operation. Evaluation of all achievement tests has helped materially with proper grouping.

The Helping Teacher is available to give helpful advice, counsel and assistance to teachers, pupils and parents as a constructive means of improving the educational growth and development of children. His work includes solving pupil problems of retardation and maladjustment, adopting the program of studies to meet the needs of the children and the community, bringing resources outside of the school to classroom teachers, pupils, parents and community and in general acting as a consultant to the entire staff and community in the fields of curriculum, testing, in-service training of teachers and grade placement.

Mr. Dolph and your superintendent have met each month with the principals and head-teachers in the Union to stress important trends in education and to give all an opportunity to exchange valuable ideas and techniques.

It is the opinion of your superintendent that we should continue to stress the basic fundamentals that lead to a balanced liberal education and not be unduly alarmed over what other countries are doing in certain areas. Over-specialization can be as harmful as neglect of specialization. The problem is how to strike a balance between the two.

Educational Television is becoming more of a reality. Daytime programs for participating schools will start this spring from Channel 2 in Boston. Next fall a fuller program will be in effect. All school districts should investigate the feasibility of installing television sets in the schools.

Remedial reading instruction is being carried on in certain districts to help remove reading difficulties. There is talk in some areas of running a four-weeks summer session for pupils on a voluntary basis.

Future Plans

The State Department of Education, during recent years, has been working on a new set of standards for high schools in New Hampshire. These standards have been established and all high schools must meet them in whole or in part by September 1958, in order to justify their existence in providing a modern education for all students. To provide this type of education in a high school with a small enrollment means an extremely high cost of education per pupil.

It would be necessary to enlarge the present shop, provide new science and home economics quarters — for the present room is inadequate — provide more equipment, build a library, add more courses to the curriculum and add

one or two teachers to the staff. The visitation committee from the State Department questions the high school building being suitable for expansion.

If the school district feels that it would not be feasible to continue with the high school, the pupils may be accepted at Haverhill High School, Pinkerton Academy at Derry and Sanborn Seminary in Kingston, as tuition pupils. In the future there may be cooperative schools built in this area and Hampstead might join with neighboring towns as a member of such a Union. It is the trend and lends further doubt as to the advisability of extra expenditures at this time. It is the responsibility of the citizens of Hampstead to weigh the problem seriously and do what they believe is best for the high school pupils.

Bonded Indebtedness and Borrowing Capacity

According to New Hampshire State Law, a school district may borrow up to 4% of the assessed valuation as equalized; by special permission the district may borrow up to 6%. The Hampstead School District has an assessed valuation as equalized of \$4,312,768.00. The present indebtedness is \$8,400.00 which means that the present net borrowing capacity of the district as of March 1958 is \$164,110.72 at the 4% rate and \$250,366.08 at the 6% rate.

The 1957 State Legislature increased state contributions toward costs of construction from 20% to 30% of the district's annual payment toward capital expenditures.

REPORT OF THE NURSE-TEACHER

Gwendolyn A. Banks, R.N.

The School Health Program consists of a yearly Medical Examination by Dr. Raymond Moore and the nurse-teacher. Grades 1,3,5,7,8, new students and high school students participating in athletics are examined. Notices of defects found are sent home to parents. A successful "fol-

low-up" program has been carried out with the help of parents, clinics and the School Health Program.

All children receive a Hearing and Vision test with the same cooperation and "follow-up" work. cursory examinations are done at the beginning of school and after each vacation by the Nurse-teacher. Each child has been checked yearly with the Wood Lamp as a precaution against scalp ring worm — all have been negative. Color preception tests are done in grade five each year. Home visits, audio-visual programs, health talks in classrooms at the requests of the teachers are given by the nurse-teacher on such subjects as teeth, posture, personal hygiene, grooming, nutrition, etc.

Pre-school registrations, clinics, conferences with the principal and teachers as well as with parents are held at frequent intervals during the year. The nurse-teacher is at Hampstead on Thursday of each week.

The Vollmer Patch Test for T.B. was done in grades 5-12 through the State Department of Health by Miss Constance Martin, R.N., assisted by the nurse-teacher. All tests were negative. This year the State Dpartment of Health plans to have their Well-Child Clinic during the months of March, April and May. Children receive their immunization and booster shots for diphtheria, tetanus, and whooping cough, along with their vaccinations for smallpox.

We wish to thank organizations who through their interest and cooperation have contributed to the effectiveness of the Health Program. I wish to thank everyone at this time who has helped to make the program a success.

REPORT OF THE DIRECTOR OF MUSIC

Dr. Warren S. Freeman

I have the honor to submit a special report for the music program from September 1957 through December

1957, for the public schools of Hampstead. This fall it has been our aim to develop the best possible music program for Hampstead in both the vocal and instrumental fields. We have offered vocal instruction for all pupils and instrumental music for pupils from grade 4 through grade 8. We have conducted instrumental music demonstrations this fall and contacted parents in regard to the instrumental program.

The instrumental music program in Hampstead this year is being handled by Mr. Calvin Torrey and Mr. Calvin Schrage. Opportunity is given for group instruction and also for individual lessons when needed.

The vocal music program is shared by Miss Ann Treadway, Mr. Torrey and Mr. Schrage. Each of the three teachers handles certain grades. Mr. Torrey works with the elementary grades, Mr. Schrage the junior high grades and Miss Treadway works with the high school glee club. This scheduling was necessary because of time limitations and the necessity of planning a program which would use the time of each teacher most efficiently.

One of the needs of the band at the present time is a group of background instruments such as tubas, baritone horns and the like in order to broaden the instrumentation of the band. It is recommended that this program be undertaken at the earliest possible moment in order to improve and further develop the band program.

At this time I would like to express my deep appreciation to the school committee, superintendent of schools and to the principal for their unflinching cooperation in making possible an effective program of instrumental music in the schools of Hampstead.

Community Organizations

Appreciation is expressed for the continued support and cooperation of the Parent-Teacher Association, the Civic Club and other organizations.

At this time I wish to thank everyone who has helped me this past year in making the work of the school department successful, and to extend my appreciation.

Respectfully submitted,

WENDELL V. DAVIS
Superintendent of Schools

REPORT OF THE PRINCIPAL

To the Superintendent and the School Board:

The Annual Report for Hampstead High School follows:

Enrollment by grades as of December 20, 1957

	Boys	Girls	Total
Grade 12	5	2	7
Grade 11	8	5	13
Grade 10	5	5	10
Grade 9	12	6	18
Totals	30	18	48

Courses of study are offered in the following curricula: Classical, General, Home Economics and Commercial.

Two of the six graduates of 1957 are studying at post-secondary institutions, none entered a college or university, two are married and one is a member of the Armed Forces.

The School Lunch Program is operating successfully and an average of sixteen of the forty-eight high school students participate daily.

Several educational movies have been shown to the pupils. Those of general value are shown to the entire school, while those related to subject matter fields are shown to those particular groups. Filmstrips have been purchased in limited number, by the Hampstead Parent-Teacher Association and by the school district. We have also received a few free film strips and a set of Current Affairs film strips made available to us by the Haverhill Gazette.

Improved lighting and painting in the building, as well as moving grades seven and eight to the Central School, have improved the facilities for the high school.

Extra-curricular activities have taken much of the time and energy of the students. There are thirty members in the Glee Club, which presented a Christmas Concert for the Parent-Teacher Association under the direction of Miss Ann Treadway. The annual senior class play was produced in November under the direction of Anthony Forgetta.

The Athletic Program has drawn a very large number of participants. There are twenty-seven boys and girls playing basketball. Socials have been held periodically under the sponsorship of the classes. The senior class has been busy planning for its trip. The experiences of the senior class trips have been of real educational value. Much time, effort, and supervision is required.

I am appreciative of the cooperation and efforts of the teachers, Superintendent of Schools, School Board and parents in carrying on the work of the school.

Respectfully submitted,

DAVID A. GREENLAW,

Principal

SUPERVISORY UNION No. 55

Office of the Superintendent of Schools

Plaistow, New Hampshire
