TOWN CLERK'S REPORT

TOWN WARRANT FOR 1947

TOWN OF HAMPTON STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Hampton on Tuesday, the 11th day of March, at Ten o'clock in the forenoon to act upon the following subjects:

Article 1. To choose by Australian Ballot one Town Clerk, one Selectman for three years, one Treasurer, one Collector of Taxes, and three Auditors.

Article 2. To choose all other necessary officers for the ensuing year.

Article 3. To raise such sums of money as may be necessary for Town Officers' salaries and expenses, election and registration, municipal court, care and supplies for Town Hall, police department, fire department, moth department, highways and bridges, street lighting, library, town poor, Memorial Day, parks and playgrounds, cemetery, sewer department, sidewalks, comfort station, town notes, Hampton Beach, and all other necessary charges arising within the town.

Article 4. To see if the town will give the Selectmen power to borrow money in anticipation of taxes.

Article 5. To see if the town will authorize the Selectmen to administer, sell or otherwise dispose of any real estate acquired by the town through tax deeds.

Article 6. To see if the town will vote to authorize the Selectmen to take action according to the terms of leases against certain or all lease owners leasing lands from the town of Hampton who have not paid their ground rent, or taxes or both.

Article 7. To see if the town will vote to raise and appropriate the sum of \$444.99 for State Aid roads, if the State contributes \$1779.94.

Article 8. To see if the town will vote to raise and appropriate for the issuance and distribution of printed matter for advancement of the interests of the town, its resources and natural advantages and to assist in the promotion of developments for the benefits of the town in co-operation with other towns coordinated in the Seacoast Regional Development Association the sum of \$600.00.

Article 9. To see if the town will vote to authorize the Selectmen to take legal action to determine the ownership of and the rights of the town in the land at North Beach just north of the Coast Guard station and known as the fish houses.

Article 10. To see if the town will vote to raise and appropriate the sum of \$3,000. to be used for sewer extensions.

Article 11. On petition of Dean B. Merrill and twenty-eight other legal voters: To see if the town will vote to authorize the Selectmen to engage engineers to make engineering studies, surveys and such other preliminary steps as may be necessary in the town of Hampton for the extension of the sewerage system to the main part of the town, and to make application to and accept from the Federal Works Agency of the United States Government a loan or advancement to cover the costs of such engineering expenses; and that a committee of four be appointed to work with the Selectmen.

Article 12. On petition of Hamptons' Post No. 35 American Legion and fifty legal voters to see if the town will vote to legalize baseball and other sports on Sunday.

Article 13. To receive the report of the Planning Board.

Article 14. On petition of Raymond L. Goding, as President of the Hampton Beach Chamber of Commerce, to see if the town will vote to raise and appropriate the sum of \$7500. to remodel and repair the bandstand at the Beach; and to build, install and paint the necessary seats adjacent to the bandstand for the convenience of the audience.

Article 15. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 24th day of February in the year of our Lord 1947.

Article 6. Motion: To accept this article as read.

This was VOTED

Article 7. Motion: To accept this article as read.

This was VOTED

Article 8. Motion: To strike out article 8 and insert this amendment:

Article 8. To raise and appropriate the sum of \$600 for the purpose of publicizing the economic and recreational advantages of the Seacoast Region. This amount to be allocated to the Seacoast Regional Development Association for this purpose, provided, said association first definitely agrees in writing not to sponsor any legislature in the New Hampshire General Court which might affect the economy of the region or of any town in the region without first ascertaining the sentiments of the citizens of the locality by means of some efficient type of public pull or referendum.

This was VOTED

Article 9. Motion: To accept this article as read.

This was VOTED

Article 10. Motion: To raise and appropriate \$3,000

This was VOTED

Article 11. This article was explained by John W. Perkins after which a

Motion: To accept this article as read, with a committee of four which are Alton P. Tobey, Ernest Underwood, John W. R. Brooks, Charles E. Greenman.

This was VOTED

Article 12. On Ballot.

Article 13. In the absence of Charles E. Greenman who is sick this article was explained and report given by John W. Perkins after which a

Motion: To accept this report.

Amendment: To give the Planning Board a rising vote of thanks. This being done the motion was voted.

Article 14. Motion: To indefinitely postpone.

This was VOTED

Article 15. Resolution by John W. Perkins.

WHEREAS. Under House bill 354 it is proposed to construct a toll road, parallel to and approximately two miles west of the present Lafayette Road, and

WHEREAS Competent evidence establishes the fact that a toll road may be very harmful to the economy of the State, to our Seacoast Section and to the several communities of this region, and

WHEREAS If, and when additional highway facilities are proven necessary, they may be provided without recourse to a toll road, therefore,

Be it resolved by the citizens of Hampton, in Town Meeting assembled, that we voice our serious objections to the legislation contained in House Bill 358, and that copies of this resolution be handed to our Representatives in the General Court and to the chairman of all legislative committees which may conduct hearings on this measure.

Motion: To adopt this resolution.

This was VOTED

Motion: To adjourn this meeting.

This was VOTED

TOWN WARRANT FOR 1948

TOWN OF HAMPTON STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Hampton on Tuesday, the 9th day of March, 1948, at Ten o'clock in the forenoon to act upon the following subjects:

Article 1. To choose by Australian Ballot one Town Clerk, one Selectman for three years, one Treasurer, one Collector of Taxes, and three Auditors.

Article 2. To choose all other necessary officers for the ensuing year.

Article 3. To raise such sums of money as may be necessary for Town Officers' salaries and expenses, election and registration, municipal court, care and supplies for Town Hall, police department, fire department, moth department, highways and bridges, street lighting, library, town poor, Memorial Day, parks and playgrounds, cemetery, sewer department, sidewalks, comfort station, town notes, Hampton Beach, and all other necessary charges arising within the town.

Article 4. To see if the town will give the Selectmen power to borrow money in anticipation of taxes.

Article 5. To see if the town will authorize the Selectmen to administer, sell or otherwise dispose of any real estate acquired by the town through tax deeds.

Article 6. To see if the town will vote to authorize the Selectmen to take action according to the terms of leases

against certain or all lease owners leasing lands from the town of Hampton who have not paid their ground rent, or taxes or both.

Article 7. To see if the town will vote to raise and appropriate the sum of \$446.39 for State Aid roads, if the State contributes \$1,785.55.

Article 8. To see if the Town will vote to authorize the Selectmen to repair the trunk lines of the sewer at the Beach and to purchase such new equipment as the Selectmen may deem necessary at a total cost not to exceed \$15,000.00 and to vote to borrow said sum of \$15,000.00 and to issue notes of the Town of Hampton in the principal amount not exceeding \$15,000.00 in accordance with Chapter 72 of the Revised Laws of 1942 as amended, payable exclusively from funds to be raised by taxation, interest payable semi-annually, principal payable in two installments \$7,500.00 each year, the first installment to be due one year from the date of said notes, and all matters in connection with said notes to be left to the discretion of the Selectmen.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for sewer extensions at Hampton Beach.

Article 10. To receive the report of the Sewer Committee and to see if the Town will vote to accept the same.

Article 11. To see if the Town will vote to authorize the construction of a system of sewers for sewerage disposal at a cost not to exceed Two Hundred Thousand Dollars, including a system of sewers, the rebuilding and enlarging of the Town sewerage disposal plant, the acquisition either by purchase or eminent domain proceedings of land or lands necessary for the construction of the sewerage system, and the repayment of the sum of Eight Thousand Two

Hundred and Fifty Dollars advanced by the Federal Works Agency of the U. S. Government for the engineering study; the sewer system, the rebuilding and enlarging of the sewerage disposal plant, etc., to be in accordance with the recommendations contained in the report of the Sewer Committee and to authorize a sewer committee consisting of the Board of Selectmen, Charles E. Greenman, Alton P. Tobey, Ernest R. Underwood and John W. R. Brooks, all of said Hampton, or a majority of the said committee of seven, in connection therewith to determine the extent of the system of sewers, to solicit bids from competent contracting firms, to accept the most advantageous bid or bids, to supervise the construction, to see that the contracts are carried out, to accept the project for the Town, and to take any other necessary or desirable action in connection with such bids, contracts, construction and all other matters in connection therewith.

Article 12. To see if the Town will vote to authorize and instruct the Selectmen to proceed to acquire either by purchase or eminent domain proceedings such land or lands or easements therein as the sewer committee shall deem necessary for the construction of any or all of said sewer system.

Article 13. To see if the Town will vote to borrow a sum not exceeding Two Hundred Thousand Dollars and to issue and sell in connection with such borrowing notes and/or bonds of the Town of Hampton in the principal amount not exceeding Two Hundred Thousand Dollars, such notes and/or bonds to be issued pursuant to Chapter 72 of the Revised Laws of 1942 as amended and in accordance with Chapter 399 of the Laws of 1947, payable exclusively from funds to be raised from taxation, to bear interest at a rate not exceeding four per cent per annum payable semi-annually, maturing during a twenty-nine year period, principal payable in annual instalments of Seven Thousand Dol-

lars each year for the first twenty-eight years and Four Thousand Dollars on the twenty-ninth year, the first installment to be payable one year from date of said notes and/or bonds, to be sold for not less than par, the time and place of payment of principal and interest, the fixing of the rate of interest, the provisions for the sale of the notes and/or bonds and all other matters in connection therewith to be left to the discretion of the Selectmen.

Article 14. To see if the Town will vote to increase the sewer entrance fee from Fifty Dollars to One Hundred Dollars and to authorize and instruct the Selectmen to take any action that may be necessary to carry out this vote.

Article 15. To see if the Town will vote to require every owner, agent, or tenant of land on which there is a building having or requiring sewerage facilities and adjoining any street through which any common sewer shall be laid, to enter said common sewer by making a sufficient drain from said building to the street line and to instruct the Selectmen or the Board of Health to carry this article into effect.

Article 16. To receive the report of the Planning Board and to see if the Town will vote to adopt a zoning ordinance for the Town of Hampton, the same having been prepared by said Board in accordance with a vote of the Town and public hearings having been held thereon by said Board, a copy of said proposed zoning ordinance being attached hereto and marked Exhibit A.

Article 17. On petition of Leavitt Magrath and nine other legal voters of the Town of Hampton:

To see if the Town will elect to approve of the inclusion of its officers and employees in the Employees' Retirement System of the State of New Hampshire, which system is provided for by chapter 27-A of the Revised Laws,

as inserted by chapter 183 of the Laws of 1945, and as provided by chapter 201 of the Laws of 1945 and subsequent amendments thereto.

Article 18. On petition of Donald A. Rand and nine other legal voters of the Town of Hampton:

To see if the Town will raise and appropriate the sum of \$200.00 for the purpose of purchasing Christmas lighting fixtures as a part of a Christmas illumination program sponsored by the Hampton Business Men's Association in conjunction with other civic and Church organizations, said decorations to be located along the Lafayette Road in the Hampton Center Business Section.

Article 19. On petition of J. W. Tucker and twenty-four other legal voters of the Town of Hampton:

To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) for the purpose of restoring by all necessary methods of modern tree surgery, the famous Hampton elm, located on Winnacunnet Road at Elmwood Corner, and to empower the Selectmen to engage a competent firm of tree experts to complete the work.

Article 20. On petition of J. W. Tucker and twenty-four other legal voters of the Town of Hampton:

To see if the Town will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) for the purpose of adequately marking with proper signs, the names of all the streets and roads in the more compact part of Hampton Village and for the allocation of numbers to all houses in this compact section by means of the same system of house-numbering now in use in the Beach section of the Town, and to empower the Selectmen to make all necessary arrangements for such marking of streets and numbering of houses.

Article 21. On petition of Kenneth N. Ross and eleven other legal voters of the Town of Hampton:

To see if the Town will vote to raise and appropriate the sum of \$3,000.00 for the installation of a sewer on the street leading northwesterly from Ocean Boulevard across Ross Acres.

Article 22. On petition of Herbert A. Casassa and twenty-eight other legal voters of the Town of Hampton:

To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) to be used for the construction of baseball diamond on Town property in back of the Elementary School.

Article 23. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 20th day of February in the year of our Lord 1948.

**PRELIMINARY REPORT
OF THE PLANNING BOARD
For The
TOWN OF HAMPTON, NEW HAMPSHIRE**

In order to preserve and improve the attractiveness of the Town Hampton as a resort community and to continue its desirability as a place in which to live and do business, in order to safeguard the health, welfare, morals, convenience and safety of its citizens and recreational guests and to provide for an orderly growth in the

future, the Town of Hampton in pursuance of authority conferred by Chapters 51 and 53 of the Revised Laws of New Hampshire, 1942, or any amendments thereto, hereby adopts the following ordinance:

ARTICLE I

Administration and Enforcement

Section 1. Any person before commencing work on the erection or alteration of any building or structure must first obtain a permit duly granted for such purpose by the public official authorized by the Board of Selectmen to issue such permits. No permits shall be issued when the alteration or construction or change in use would be in violation of any of the provisions of this ordinance nor before a plan is filed which conforms to the regulations of this ordinance or to any amendments thereto. In the event of the damage or destruction by fire, storm or Act of God of any building not conforming to the regulations of this ordinance, said building may be rebuilt for its former non-conforming use provided such construction is started within a year of its damage or destruction and is completed within two years; the new structure shall, however, conform to the Area and Height Regulations of Article IV of this ordinance and to the Building Provisions of Article V.

Section 2. Any person violating any of the provisions of this ordinance shall be subject to a fine not exceeding \$20 for each violation. Each day that any violation is allowed to continue constitutes a separate offense. The Board of Selectmen may institute in the name of the Town any appropriate action or proceedings to prevent, restrain, correct or abate violations of this ordinance.

Section 3. The Selectmen shall appoint a Board of Adjustment conforming in membership and duties to the provision of Chapter 51, Sections 56-57, inclusive, of the Revised Laws of New Hampshire, 1942, or any amendments thereto.

In addition to the general powers granted said Board by said Chapter 51 or any amendments thereto, it may:

1. Permit the erection of additional buildings or enlargement or alteration of existing buildings on the same or an adjacent parcel of land for a trade, business, or other use prohibited in such district.

2. Permit variances from the specific terms of this ordinance where it can be shown that the specific terms would result in unnecessary hardship, but such variances shall be in harmony with its general purpose and intent.

3. In cases where the district boundaries divide present lots or properties so that a part is in one district and a part is in another,

the Board may permit such lot or property to be used for the purposes defined in the less restricted district.

Section 4. This ordinance and the boundaries of districts shown on the Zoning Map may be amended at any annual town meeting in accordance with the provisions of the State Zoning enabling Act, Chapter 51 of the Revised Laws, 1942, or any amendments thereto.

ARTICLE II

Districts

For the purposes outlined above four Districts are established, namely, Residence A, Residence B, Business, and General. The Town is hereby divided into these districts as shown on the Zoning Map dated February 2, 1948, and filed with the Town Clerk of said Hampton, and as further described in "Appendix A" attached hereto and made a part hereof. All names of Boulevards, Streets and Roads mentioned herein are as appear on the Zoning Map.

ARTICLE III

Use Regulations

Section 1. Residence A. Districts. In Residence A districts no building or land shall be used for any purpose except one or more of the following:

1. Single or two-family residences, including other purposes accessory to their use as residences, by the owner or tenant, such as offices for doctors, engineers, architects, lawyers, or others, where the number of persons employed on the premises, besides the owner, shall not be more than two, and private garages. The letting of rooms to five or less lodgers, tourists, or boarders shall be considered accessory use.
2. Farm buildings necessary to the operation of a farm, including roadside stands for the sale of farm produce.
3. Churches, schools, libraries.

Section 2. Residence B Districts. In Residence B districts no building or land shall be used for any purpose except one or more of the following:

1. Any use permitted in a Residence A district.
2. Lodging houses where lodgings are let to more than five persons.
3. Apartment houses, tourist cabins, and hotels, including retail business conducted only for the convenience of the residents of the building.

Section 3. Business Districts. In Business districts no building or land shall be used for any purpose except one or more of the following:

1. Any use permitted in a Residence B. District.
2. Shops, restaurants, and warehouses.
3. Garages, parking lots, and filling stations.
4. Offices, banks.
5. Theaters, halls, clubs.

In a Business district all manufacturing, except that clearly incidental to the business lawfully conducted on the premises, is specifically prohibited.

Section 4. General District. In the General district no building or land shall be used for any purpose except one or more of the following:

1. Any use permitted in a Business district.
2. Light manufacturing, machine shops.
3. Coal, coke, wood, and building materials yards.
4. Such other uses which are not obnoxious or offensive by reason of the emission of smoke, dust, gas, noise, or odor; but the following uses are specifically excluded from all districts; junk yards, dumps, storage of abandoned automobiles, trailer, or trailer camps, race tracks, roller-skating rinks, roller coasters, 'the whip', merry-go-rounds, and/or any other similar commercial amusements."

ARTICLE IV

Area and Height Regulations

Section 1. Residence A Districts. In Residence A districts the maximum height of any structure shall not exceed three stories or 40 feet in height, nor shall any residential structure contain less than 400 square feet per family.

Section 2. Residence B. Districts. In Residence B districts the maximum height of any structure shall not exceed four stories or 50 feet in height.

Section 3. No structure in either Residence A or B districts shall be placed closer than 7 feet to the nearest lot line or to any other building on the same lot, and in no case closer than 10 feet from the street frontage or frontages. Steps or ground level terraces shall not be considered a part of the structure for the purpose of this section, but all porches, piazzas and other similar elements shall be considered a part of the structure.

ARTICLE V

Construction Provisions

Section 1. Construction. No building shall be erected or altered for any purpose which does not conform to safe standards as herein after defined.

Section 2. Roof Coverings. No roof of any building in the Residence A, B, and Business districts shall be covered or re-covered in whole or in part except with non-combustible or fire-resisting roofing materials.

Section 3. Firestops. No building of wood or other combustible material shall be erected, altered, remodeled or enlarged without providing firestops in every combustible wall or partition, at every floor and between floor joists at every partition, of the new construction.

Section 4. Chimney Construction. No chimney shall be built, erected, or altered below the roof unless containing a tile or brick lining and with an iron clean-out door at or near its base, and where enclosed by woodwork or other combustible material shall be no closer than one inch to the chimney, and no chimney shall have its base resting upon any floor or beam of combustible material.

Section 5. Smoke Pipes. No smoke pipes shall be installed or erected, so as to be within twelve inches of any combustible floor or ceiling, unless amply protected with non-combustible material. No smoke pipe shall be installed or erected which passes into or through partitions or walls of combustible material, except when guarded by a double collar of metal with air space of at least five inches, or at least five inches of brick or other non-combustible material between the pipe and the combustible material.

ARTICLE VI

Permits and Inspection

Section 1. No person shall undertake any construction or alteration in connection with any of the provisions of Article V until a written permit for such construction or alteration has been secured from the Building Inspector. A permit shall not be required in the case of repairs unless such repairs include alteration or new construction.

The Building Inspector before issuing the permit may require a plan of the proposed work. He shall inspect all buildings or structures during construction or alteration to see that the provisions of this ordinance are complied with, and whenever in his opinion, the provisions of this ordinance are not complied with, he shall order such work in violation to be stopped until the violation has been remedied and shall forthwith report such violations to the Selectmen for appropriate action.

Section 2. The Building Inspector at the time of the issuing of a permit by him shall collect from the applicant a fee based on the following scale:

\$2 per \$1,000 based on a fair estimate of the total cost of construction or alteration but in no case shall the fee be less than \$2. In any case where in the opinion of the Building Inspector the total cost of the alteration or new construction shall amount to less than \$100 the Building Inspector may waive the inspection and the fee.

The Building Inspector for his services shall be entitled to one-half of the fee collected and the remaining one-half shall be paid by him to the Town each month.

Section 3. A Building Inspector shall be appointed annually by the Selectmen, and in the event of the disability, absence, or disqualification of the Building Inspector, the Selectmen shall appoint an Inspector to act in his stead.

ARTICLE VII

Validity

If any section or part of section or paragraph of this Ordinance is declared invalid or unconstitutional, it shall not be held to invalidate or impair the validity, force or effect of any other section or sections or part of a section or paragraph of this Ordinance.

ARTICLE VIII

Effective

Section 1. This ordinance shall take effect upon its passage.

PLANNING BOARD OF THE TOWN OF HAMPTON

By CHARLES GREENMAN, Chairman
HARRY D. MUNSEY CLIFFORD BEAN
RAY L. GODING JCHN W. PERKINS

APPENDIX A

RESIDENCE "A" EXETER ROAD HAMPTON VILLAGE

Beginning at a point in the centerline of location of the Boston and Maine Railroad distant 200 feet southerly from the southerly sideline of Exeter Road; thence running in a general northwesterly direction by a line parallel to and 200 feet southwesterly from the southwesterly sideline of said Road to a point in the easterly sideline of the Hadley Garage Property projected southerly; thence turning and running northerly by said easterly sideline and its projection southerly to a point 200 feet northerly from the northerly sideline of said Exeter Road; thence turning and running in a south-

easterly direction by a line parallel to and 200 feet northeasterly from the northeasterly sideline of said Road to the centerline of location of said railroad; thence turning and running southerly by said centerline of location to the point of beginning.

RESIDENCE "A"

HAMPTON VILLAGE

Beginning at a point distant 300 feet easterly from the easterly sideline of Lafayette Road and distant 200 feet northerly from the northerly sideline of Anns Lane; thence running easterly by a line parallel to and 200 feet northerly from the northerly sideline of Anns Lane; thence running southeasterly by a line parallel to and 200 feet northeasterly from the northeasterly sideline of Mace Road; thence running southwesterly by a line parallel to and 200 feet southeasterly from the southeasterly sideline of Locke Road; thence turning running in a general westerly direction by a line parallel to and 200 feet southerly from the southerly sidelines of Winnecummett Road and Park Avenue to a point distant 300 feet easterly from the easterly sideline of Lafayette Road; thence turning and running northerly by a line parallel to and 300 feet easterly from the easterly sideline of Lafayette Road to a point 300 feet southerly from the southerly sideline of High Street; thence turning and running easterly by a line parallel and 300 feet southerly from the southerly sideline of High Street to the westerly boundary of land of the Advent Church projected southerly across High Street; thence turning and running northerly by said westerly boundary projected to a point 300 feet northerly from High Street; thence turning and running westerly by a line parallel to and 300 feet northerly from High Street to a point 300 feet easterly from the easterly sideline of Lafayette Road; thence turning and running northerly by a line parallel to and 300 feet easterly from the easterly sideline of Lafayette Road to the point of beginning.

RESIDENCE "A"

NORTH BEACH

Beginning at a point in the centerline of Little River Road at the North Hampton town line; thence running easterly by said town line to the Atlantic Ocean; thence running southerly by the Atlantic Ocean to land of the United States occupied by the Coast Guard Station; thence running westerly by land of said United States to Ocean Boulevard; thence northerly by Ocean Boulevard to a point 571 feet southerly from the southerly sideline of North Shore Road; thence running westerly 750 feet by a line at right angles to Ocean Boulevard to a point distant 200 feet southerly from

the southerly sideline of North Shore Road; thence running westerly by a line parallel to and 200 feet southerly from the southerly sidelines of North Shore Road and North Beach Road to a point in the centerline of Little River Road; thence turning and running northeasterly by the centerline of Little River Road to the point of beginning.

RESIDENCE "A"

GREAT BOARS HEAD

All of Great Boars Head lying easterly of a line which is parallel to and 100 feet easterly from the easterly sideline of Ocean Boulevard.

RESIDENCE "B"

HAMPTON VILLAGE

Beginning at a point in the easterly sideline of Lafayette Road distant 540 feet northerly from the northerly sideline of Anns Lane; thence running westerly by a line at right angles to Lafayette Road to the centerline of location of the Boston and Maine Railroad; thence running northerly by said centerline of location to the easterly sideline of Lafayette Road; thence running northerly by the easterly sideline of said road to the North Hampton town line; thence turning and running easterly by said town line to a point 300 feet easterly from the centerline of location of said railroad; thence turning and running southerly by a line parallel to and 300 feet easterly from said centerline of location and by a line parallel to and 300 feet easterly from the easterly sideline of Lafayette Road to a point in a line at right angles to Lafayette Road through the point of beginning; thence turning and running westerly to the point of beginning.

RESIDENCE "B"

HAMPTON BEACH

Beginning at the northeast corner of the lot fronting on Haverhill Street and Ocean Boulevard; thence running easterly by Haverhill Street to Atlantic Ocean; thence turning and running southerly by the Atlantic Ocean to the State Park; thence turning and running westerly by the State Park to the rear line of the lot fronting on Ocean Boulevard; thence turning and running in a general northeasterly direction following the rear lines of the lots fronting on said boulevard to the point of beginning.

RESIDENCE "B"

NORTH BEACH

Beginning at the intersection of First Street and the Ocean Boulevard; thence running westerly by the centerline of First

Street and its extension westerly to Eel Ditch; thence running northerly by Eel Ditch and Meadow Pond to the northerly end of said pond; thence running northerly to a point 200 feet southerly from the intersection of North Shore Road and North Beach Road; thence running easterly by a line parallel to and 200 feet southerly from the southerly side line of North Shore Road to a point 750 feet westerly at right angles from Ocean Boulevard; thence running southerly by a straight line to a point distant 600 feet westerly from Kings Highway; thence turning and running easterly by a line at right angles to Kings Highway 600 feet to a point in said highway 150 feet northerly from the northerly sideline of 19th Street; thence running northerly by Kings Highway to High Street; thence running easterly by High Street to Ocean Boulevard; thence running southerly by Ocean Boulevard to the centerline of First Street; and the point of beginning.

BUSINESS DISTRICT

HAMPTON VILLAGE

Beginning at a point in the easterly sideline of Lafayette Road, distant 540 feet northerly from the northerly sideline of Anns Lane; thence running easterly by a line at right angles to Lafayette Road 300 feet; thence running southerly by a line parallel to and 300 feet easterly from Lafayette Road to a point 300 feet northerly from the northerly sideline of High Street; thence turning and running easterly by a line parallel to and 300 feet northerly from High Street to the westerly boundary of land of the Advent Church; thence turning and running southerly by the westerly boundary of land of the Advent Church projected southerly across High Street to a point 300 feet southerly from the southerly sideline of High Street; thence turning and running westerly by a line parallel to and 300 feet southerly from the southerly sideline of High Street to a point distant 300 feet easterly from the easterly sideline of Lafayette Road; thence turning and running in a general southerly direction by a line parallel to and 300 feet easterly from the easterly sideline of Lafayette Road to the Hampton Falls town line; thence turning and running northwesterly by the Hampton Falls town line to a point 300 feet westerly from the westerly sideline of Lafayette Road; thence turning and running in a general northerly direction by a line parallel to and 300 feet westerly from the westerly sideline of Lafayette Road to the centerline of location of the Boston and Maine Railroad; thence running northerly by the centerline of location of said railroad to a point on a line at right angles to Lafayette Road through the point of beginning; thence running easterly to the point of beginning.

BUSINESS DISTRICT**NORTH BEACH****HIGH STREET AND BOULEVARD**

Beginning at a point in the westerly sideline of Ocean Boulevard 571 feet southerly from the southerly sideline of North Shore Road; thence running southerly by Ocean Boulevard to High Street; thence westerly by High Street to Kings Highway; thence southerly by Kings Highway to a point 150 feet northerly from the Northerly sideline of 19th Street; thence turning and running at right angles to Kings Highway westerly to a point distant 600 feet from the westerly sideline of Kings Highway; thence turning and running northerly by a straight line to a point 750 feet westerly from Ocean Boulevard and 200 feet southerly from the southerly sideline of North Shore Road; thence turning and running by a line at right angles to Ocean Boulevard 750 feet to the point of beginning.

BUSINESS DISTRICT**HAMPTON BEACH****FIRST STREET**

to

HAMPTON RIVER

Beginning at the intersection of First Street and the Ocean Boulevard; thence running southerly by the westerly sideline of said Boulevard to a point opposite Dumas Avenue; thence turning at right angles and running easterly to a point 100 feet easterly from the easterly side of said Boulevard; thence running southerly by a line parallel to and 100 feet easterly from the easterly side of said Boulevard to the Atlantic Ocean on the southerly shore of Great Boars Head; thence turning and running westerly across said Boulevard to the westerly sideline thereof; thence running in a general southerly direction following the westerly sideline of said Boulevard to a point opposite Haverhill Street; thence easterly across said Boulevard to the northeast corner of the lot fronting on Haverhill Street and the Boulevard; thence running in a general southwesterly direction following the rear lines of the lots fronting on said Boulevard to the State Park; thence turning and running westerly by the State Park and a continuation of the northerly line thereof to Hampton River; thence running northerly by said river to a point in line at right angles to Marsh Avenue through the intersection of Marsh Avenue and "O" Street; thence running northerly to a point in Church Street 300 feet westerly from the intersection of Highland Avenue; thence turning and running in a straight line to a point in a line at right angles to Ocean Boulevard through the intersection of Dumas Avenue and 300 feet westerly from the westerly sideline of Ocean Boulevard; thence running

northerly by a line parallel to and 300 feet westerly from Ocean Boulevard and westerly by a line parallel to and 300 feet southerly from Winnecummet Road to Eel Ditch; thence turning and running northerly by Eel Ditch to the centerline of First Street extended westerly; thence turning and running easterly by the centerline of First Street and its extension westerly to the point of beginning.

GENERAL DISTRICT

All areas in the Town of Hampton not included in Residence "A", "B" and Business.

BUDGET FOR 1948
and
SELECTMEN'S REPORT

In the following pages will be found the budget of the estimated receipts and expenditures for the year ending December 31, 1948, as compared with the receipts and expenditures for the year ending December 31, 1947 and a complete statement of the financial condition of the town as of December 31, 1947, as determined by the audit of Sanford G. York, public accountant.

REPORT OF SPECIAL AUDITOR

To the Selectmen and Auditors
of the Town of Hampton, N. H.

Gentlemen :

I have completed an audit of the Books, Accounts and Records of the Town for the year ended December 31, 1947 and as a result of the findings, I submit herewith this report, which sets for the operations for the period under review, also, a Balance Sheet as at December 31, 1947.

The attached exhibits are as follows :

- "A" Balance Sheet as at December 31, 1947.
- "B" Summary of Inventory April 1, 1947.
- "C" Schedule of Town Property December 31, 1947.
- "D" Report of Outstanding Debt December 31, 1947.
- "E" Statement of Receipts and Payments for the Year ended December 31, 1947.
- "F" Detail of Appropriations for the Year Ended December 31, 1947.
- "G" Detail Statement of Payments and Summary showing the Receipts and Payments to be in balance. December 31, 1947. Schedule No. 3 Leavitt Magrath Payrolls.
Schedule No. 7 — Police Dept. Payroll.
Schedule No. 4 — Highway Dept. Payrolls.
Schedule No. 5 — Parking Space Payrolls.
Schedule No. 1 — Special Activities Payrolls.
Schedule No. 6 — Comfort Dept. Payrolls.
Schedule No. 2 — Health and Sewer Dept. Payrolls.

ASSETS

The cash in the Treasury, December 31, 1947 (\$56,395.22) was verified by a reconciliation of the Receipts and Dis-

bursments as disclosed by the Cash Book with the Deposits and Withdrawals as listed on the Bank Statements.

The outstanding 1947 Taxes were checked with individual amounts as entered in the Tax Collector's Commitment Book and Valuation Book, reflecting a total of unpaid 1947 Property Taxes of (\$12,714.07.)

The outstanding Land Rents of (\$575.00) were verified and found to be correct.

LIABILITIES

The Outstanding Bonds aggregating (\$33,000.00) were verified, and found to be correct.

Exhibit "A" — Statement of Decrease of Net Debt, as follows:

Net Debt December 31, 1946	\$19,578.69
Net Debt December 31, 1947	4,856.21
	<hr/>
Decrease of Net Debt, Year Ended	
December 31, 1947	\$14,722.48

GENERAL REMARKS

The Summary of Inventory April 1, 1947, was examined with the Individual items as set forth in the Valuation Book.

In connection with the Exhibits of the Report, a careful examination was made of the various accounts and in my opinion, the Statements attached set forth a correct report of the Operations, for the period under review.

Respectfully submitted,

SANFORD G. YORK,

Public Accountant.

AUDITOR'S REPORT

I hereby certify that I have audited the Books and Records of the Town of Hampton for the year 1947 and that the following exhibits and schedules are in accordance with the Books, Records and Accounts of the Town of Hampton as of December 31, 1947.

SANFORD G. YORK,
Public Accountant.

ELMORE DEARBORN,
DAVID M. HAMILTON,
*FRANK E. JAMES,
Auditors.

REPORT OF LIBRARIAN

I hereby submit the following report of Hampton Public Library from January 1, 1947 to December 31, 1947.

Number of volumes added by purchase	443
Adult Fiction	240
Adult Non-Fiction	101
Juveniles	102

Several gift books have been received.

Circulation

Adult Fiction	10,279
Adult Non-Fiction	2,080
Juvenile Fiction	2,133
Juvenile Non-Fiction	375
Book Circulation	14,867
Magazine Circulation	2,351
Books and Magazine Circulation	17,218

A valuable and useful addition to the Reference Library is the 15 volume set of the latest edition of Compton's Pictured Encyclopedia. I would also mention the gift by Mr. James Tucker of two volumes of "American Jews in World War II" by Kaufman and the presentation of a copy of Farrington's "Railroading from the Rear End" by the Boston and Maine Railroad.

Book Week was observed November 16-22 with an exhibit of children's books, which were later put into circulation. The theme for this year's poster was "Books for the World of Tomorrow." The poster was designed by the noted illustrators of children's books, Ingri and Edgar Parin D'Aulaire.

Balance of Fine Money	\$56.25
Fines Received	95.26
Necessary Expenses	57.60
Balance	93.91

MARGARET S. NOYES,
Librarian.

ANNUAL REPORT OF THE CHIEF OF FIRE DEPARTMENT

MEMBERSHIP OF THE DEPARTMENT

1 Chief Engineer	Permanent
1 Deputy Chief	Permanent
1 Captain	Permanent
6 Privates	Permanents
2 Lieutenants	Call
28 Privates	Call

Total 39 Men

Loss by fire for the year 1947	\$2,848.40
--------------------------------	------------

Fuel Consumption:

Gasoline used 1,131 gallons. Oil (Lubricating) 55 gallons. Coal burned 12 tons. Oil burned 5,340 gallons. 60 gallons Range Oil.

OPERATION OF FIRE DEPARTMENT FOR YEAR 1947

SCHOOL WARRANT

To the legal voters of the School District of the Town of Hampton, N. H.:

You are hereby notified to meet at the Centre School in said Hampton on the fifth day of March 1948 at 7:30 o'clock in the evening to act upon the following articles of business:

1. To elect a Moderator for the ensuing year.
2. To elect a Clerk for the ensuing year.
3. To elect a Treasurer for the ensuing year.
4. To elect an Auditor for the ensuing year.
5. To elect one member of the School Board for the ensuing three years.
6. To raise and appropriate such sums of money as may be deemed necessary for the support of the schools of the District for the year beginning July 1, 1948.
7. To see if the School District will vote to raise and appropriate the sum of \$2,000. for continuing the installation of new lighting fixtures in the Centre School.
8. To see if the School District will authorize the School Board to apply for and accept any offers for funds for the planning and construction of school buildings, from any appropriate federal agency.
9. To see if the School District will vote to raise and appropriate the sum of \$1,500. for repairing ice damage to the High School.
10. To pass any other vote or votes which may legally come before this meeting.

In witness whereof we have hereunto set our hands
and seals this 16th day of February, 1948.

DEBORAH GALE BRYER,
HAROLD L. PIERSON,
RAYMOND STURGIS,

School Board of Hampton.

A true copy of Warrant, Attest:

DEBORAH GALE BRYER,
HAROLD L. PIERSON,

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Hampton :

I herewith submit to you my seventeenth report as Superintendent of your schools. The statistical reports include copies of those sent to the State Board of Education for the fiscal year 1946-47, the last completed school year. In addition, the enrollment of grades as of September 1947 and the latest school census will be included. The report of the School Treasurer and the statement of the bond account is also part of this report.

The current year began Monday, September 8, 1947 with an initial enrollment of 530 - an increase of fifty-six over the corresponding figures for the previous year. The new public kindergarten accounts for twenty-five of these. The total registration in the High school 206. Of this number 78 are pupils from the neighboring towns of North Hampton, Hampton Falls and Rye for whom tuition is paid by their respective districts. There are also 19 tuition pupils in the Centre School from Hampton Falls.

The Hampton schools intend to continually improve their service to an ever increasing group of the children of the town. With this purpose in view, and in accord with the vote of the district meeting a public kindergarten was first established this year. Since the Centre School is crowded at present it became necessary to secure a room outside of the school buildings. With the fine cooperation of the American Legion and its Auxiliary, and with the consent of the Selectmen, the former Legion hall was made available to us. This hall has been renovated and adapted to the use of little children. A small toilet room has been installed, a new heater purchased and the room redecorated in a light blue with matching curtains. Little chairs and round tables, together with equipment recommended for kindergartens are

furnished. The teacher is a graduate of the Perry Normal Kindergarten School qualified for New Hampshire certification. I believe the parents are uniformly pleased with this new school.

Numbers of our children, both pupils and graduates, are employed in stores and hotels during the summer vacation. A course in salesmanship and public relations is available through the state area vocational school. I am recommending that such a course be made a part of the school program. This is a short but practical course in which pupils — or adults — learn the accepted practices in the most approved stores. Moving pictures, lectures and demonstrations form the major part of the work. It will be offered during the latter part of the school year and will be open to adults as well as children. Classes will be held once or twice a week during the early afternoon and will be under the supervision of the Area Vocational school officers. Any business man who would like to have his clerks enroll for this work should contact the School Office in Hampton.

The Department of Physical Education is now in its second year as an integral part of our program. It has established the principle that every child from grades one through 12 shall take part in some form of physical activity. The teachers are authority for the fact that their pupils are more alert in their formal school work as a result of suitable exercise under a trained instructor. The establishment of good health is one of the cardinal principles of education. Hampton, under the leadership of Mr. Peterson and Mrs. Blatchford now has a really effective department.

The Federal Lunch Program carried on at the Centre School last year has been expanded to include the High School. It is of interest to note that the total expenditures for the service last year were \$4,765.56. During the first four months of the current year, 14,036 meals were served.

The continued popularity of the service is shown by the increase (month by month) in the number of pupils participating:

Number of meals served daily average 266.

The program is expensive to equip but owing to generous contributions by the Red Cross and Hampton Parent-Teacher Association there were no unpaid bills at the end of the year. The Parent Teacher Association gave checks for \$300. The Red Cross also contributed \$200 for equipment. This organization likewise contributes regularly the cost of meals for eighteen children. In addition an average of 24 pupils are given free meals in return for assisting with the serving.

The Hampton Schools are new participants in the visual education library of the University of New Hampshire. By this service we are assured of purposeful and educational films that correlate with the work of the school. The moving picture projector is now in fact an educational tool.

With the initiative of the Hampton Beach Chamber of Commerce, the New England Music Festival is to take place at Hampton Beach in May. While this will necessitate much work on the part of the Chamber of Commerce and of the Music Department of the Hampton Schools, we believe it will give added stimulus to this division of our school work. We shall need the help and cooperation of many groups of people in the organization of various committees which must function smoothly to successfully serve the six thousand children who will be our guests at this time.

The increase in number of pupils of the Hampton schools during the past ten years has been large. The enrollment of pupils in September, 1937 was 370 while the corresponding figure for 1947 is 538. During these ten years the increase in registration of Hampton pupils has been 105 and that in

tuition pupils 63. The increase in enrollment is not temporary. National surveys show that the birth rate in the United States increased from 18 per thousand annually, - the pre-war figure — to 26.2 per thousand in 1947. In Hampton there is also a continually increasing number of families realizing the advantages of living in Hampton. This year a census was taken of all children now living in the town. These names have been filed in order of their becoming of school age. The actual numbers of those who will enter the first grade follows.

Prospective first grade enrollments in Hampton of pre-school children now living in town.

Sept.	1948	1949	1950	1951	1952	1953
No. of pupils	35	37	33	37	45	41

Since it is reasonable to believe that numbers of families will move into town during the next few years the need for additional school room is definite.

Thought must be given now to increasing the school plant by additions to the Centre or the High school. A survey of the town should be made to secure an accurate preview of the district's future population, valuation and rate of growth. This survey should also include provisions for any additional services which should be offered to our pupils. While it is expensive to build at this time, prospective congressional action will probably assist materially in this work.

Since the cost of education must advance, the legislature of New Hampshire felt that the increased cost must come from a larger unit than the individual town. For this reason the new education bill allotted two million dollars to the schools, this money to be used to help meet the increased funds needed. Hampton, for the first time benefited from State Aid. A check for \$5,203.26 has been received by the school treasurer. This money has been applied to the

cost of establishing the new public kindergarten as well as helping in the guidance work.

A course in automobile driving is now available to the pupils in the public schools of New Hampshire. It is given under the supervision of the State Board of Education with a dual control car contributed by an automobile company. Living, as we do, on Route One, it would seem that we should offer such a course to the pupils of Hampton. The expense of the instructor, and the operation and maintenance of the car must be met by the school district. The values received, it seems to me, are well worth the expense.

Realizing that the lighting in the Centre School is unsatisfactory, the district meeting of 1947 voted one thousand dollars to begin the installation of an approved lighting system. With this appropriation the three poorest lighted rooms in the school were equipped with Curtis 60-40 fluorescent lighting, after surveys made by experts from the General Electric Company. In accordance with their recommendation, eight double bulb fixtures were placed in each room. As a result of these installations the lighting of each desk was increased from three to five times. The other rooms, however, remain below standard. A further appropriation should be made in the district meeting of 1948 to place the same or similar fixtures in all rooms.

There are eight new teachers on our staff this year.

Miss Marie McGann, a graduate of the Perry Normal Kindergarten School with one year's experience in the field is in charge of the Kindergarten. Miss Jean Ashton, a graduate of the University of New Hampshire comes to us as teacher of English and Latin at the Academy. Mrs. Earl Blatchford is instructor in Physical Education for girls and coach of girls athletics. Mrs. Blatchford graduated from Hampton Academy and from New Hampshire University. She held a like position in Connecticut, last year.

Mrs. Doris Swift, a graduate of our state university, with teaching experience in Durham is director of Home Economics. Mrs. Janice Wholey returns to us as Art teacher in the Centre and High Schools.

Mr. Walter Brown, a Hampton Academy graduate, comes to Hampton after war service. He graduated from the University of New Hampshire. He is teaching Social Studies and coaching baseball as well as assisting in football and basketball.

Mrs. Agnes Wormwood is teacher of the fifth grade. She comes to Hampton after several years successful teaching in Berlin, New Hampshire.

A new position has been opened in Hampton by combining the office of principal of the Centre School with the new service of Guidance. Mr. M. Wayne Bowie, a graduate of Gorham Teachers College and of the University of New Hampshire with the M. Ed. degree, is employed for this work.

By the employment of a Guidance Director, Hampton is one of the first in the state to give such service to its pupils. One result will be a reduction in the number of pupils failing and a more careful adjustment of the program to the individuality of the pupil. Reasons for slow progress will be sought by means of psychological tests, aptitude examinations and environmental factors. By means of these tests and by personal conferences with the pupil, parents and teachers, a nearer approach to uniform progress on the part of the pupil should be obtained. By utilizing the pupil's natural interest and understanding his personality traits as measured by scientific instruments, greater emphasis can be placed at the point of need for the individual child.

The Academy Trustees have always been eager to help the Hampton schools. As a result of this assistance we have bleachers in the auditorium, with the trustees paying the

entire cost — over one thousand dollars. They have also contributed typewriters, a bookkeeping machine, sewing machines and much equipment for the mechanic arts department. As new machines were received — either by purchase or by contribution of the war-assets administration, the power line in the building was too weak to carry the load. The Trustees installed a complete three phase system thereby allowing full use of all equipment. Hampton schools are fortunate that the Trustees help out so effectively.

Although the proportion of our graduates attending post-secondary institutions is larger than in most schools there remains a group who enter life activities without further preparation. It is the considered opinion of educational leaders that the average secondary school does not fully serve this group. Because of this a nation wide study is being conducted to ascertain the needs of these pupils. As the schools instruct in vocational work those who will enter this field and for college work to help those who are later to enter college, so they should train for active citizenship those who will not receive the benefits of additional learning. Hampton Academy must take its place in this endeavor. It will mean not so much a new course of study as reemphasis upon those activities and attitudes which lead to social and civic responsibility, healthful living as well as occupational effectiveness. In New Hampshire a committee is already at work on this problem. As a result of its findings the schools of the state will join other states in this attempt to serve more effectively the entire student body.

In-service training of teachers is increasingly important since education must keep pace with an ever changing world. The teaching must continuously be readapted to new situations. With this objective in view, a work shop for the teachers of Union 21 was conducted on January 21, 22 and 23. All teachers of the Union met in Hampton to be in-

structed in the most accepted methods of teaching. The instructors were the state supervisors for the State Board of Education. Since these instructors are leaders in their special fields, it is the opinion of those in attendance that much was accomplished by bringing to our teachers the most approved thought for training youth. Hampton was fortunate to be one of those chosen to receive this assistance. It is hoped that such workshops for teachers may be scheduled annually.

The Hampton schools do not intend to be content with the increased services of the past few years. With a forward looking school board we shall continually improve our offerings. For the guidance and help of this board, I wish to express my appreciation.

Respectfully submitted,

Roy W. Gillmore,

Superintendent of Schools.

REPORT OF HEADMASTER
HAMPTON ACADEMY AND HIGH SCHOOL

Dear Mr. Gillmore:

In this my seventeenth report I will comment on the things I feel should be brought to your attention.

A number of the situations that confront us are due to the fact that the size of the school is slowly increasing. Our total enrollment since we entered the new building in 1940 has been 149, 193, 189, 174, 191, 184, 202, and this year 208. I do not anticipate much change next year. The class which graduates has 49 members, the largest we have ever had. The classes are all about the same size. The only increase we could have is from the new homes appearing in the community we serve.

As the classes have increased we have had to divide them into sections. We have also added new department and courses to meet the needs our pupils more completely, believing in the policy of education for all American youth. So we find ourselves with a faculty of thirteen besides the headmaster. As headmaster, I have taught the courses that did not fit into the qualifications of the teachers we employed. At the same time we have increased our extra-curricular program until we have a long list of activities which it is necessary for me to keep in intimate touch with and often guide along. My activities including guidance, answering mail, keeping records, procuring supplies, handling discipline, keeping the register, running the school banking system, and numerous others. I therefore believe that the time has come when I should be relieved as a teacher and left free to perform the duties of headmaster. I am therefore recommending a teacher of science be employed.

Many of the schools in this state are introducing a course in Driver Education. I taught the theoretical part of the course three years when we were in the old building. As

outlined by our state department it has now been expanded to include instruction in a dual control car. I believe the course is very valuable and should be included in our work. With the new teacher, I recommended above I believe it is possible to rearrange courses so a teacher would be available. That teacher should be sent to take the teacher training course which is to be offered by our state department. We should also try to find the best way for us to provide a dual control car. Some communities have purchased a car, others have hired a teacher's car, or made arrangements with a dealer to provide a car, or made arrangements with the American Automobile Association to provide one.

Last year we graduated a class of thirty-eight, six entered college, six go to Business Schools, one Nursing School, one Art School and one is in the Army. Several are employed as secretaries and clerks in our local businesses.

Our building is in excellent condition. We appreciate having a clean attractive place to do our work. It is certain our nice building attracts and holds many we would not otherwise have.

We also appreciate the starting of the Federal lunch program. It was an immediate success. We have from eighty to one hundred pupils who eat regularly there. Very few still carry their lunch. While we can get along as it is, it would be very nice if we could have a temporary partition to separate the lunch room from the shop and a counter for serving.

I think it would be interesting to enumerate the list of activities that we carry on in a year. There are an average of thirty-eight classes held each day. Extra curricular activities include: Debating, Dramatics, Dances, Student Council, Assembly Programs, Prize Speaking, Orchestra, Band, Glee Club, Chorus, Tri-Hi-Y for girls and Hi-Y for boys, School paper, Senior Yearbook, Parties, Christmas Baskets, Red Cross Drive, and Physical Education Program.

The athletics include: Football, Basketball, Baseball and Track for boys and Field Hockey, Basketball and Softball, for girls.

I have introduced a school banking system with a set of books. Each activity that involves money has an account. Thus we have a check on where the money is for all activities, and can balance the accounts from time to time. The school balance runs from \$1,500 to \$3,000 so you can see why I feel it is important. The money is deposited at the Hampton Co-operative Building Loan Association. They are very courteous in handling our account without charge and it is considerable bother. I want to express my appreciation for it.

By careful budgeting of our Activities Association accounts we have been able to purchase a new Electric Scoreboard for Basketball. The cost was slightly over \$300. Some of the money was left by graduating classes and some was saved from previous years. It is a valuable addition to our permanent equipment.

A school is the cooperative effort of a great many people. Our citizens, school board, superintendent, teachers, janitor and pupils all help to make it what it is. I appreciate their efforts and want to express my sincere thanks.

Respectfully submitted,

Bruce E. Russell

Headmaster

REPORT OF THE GUIDANCE PROGRAM IN THE HAMPTON CENTRE SCHOOL

The Guidance Program in the Centre School is taking definite shape and much of the beginning work has been done. The following information will help to understand the program better.

A permanent record, called "Cumulative Record Folder" has been obtained which will keep the record of every child from kindergarten through the eighth and also has spaces to carry his record on through High School. This record shows not only the pupils scholastic accomplishment but health, special abilities and his extra-curricular activities all through school. Also the results of all measuring instruments to which the child will be subjected during his school years.

As in any beginning Guidance Program the value will not be as noticeable nor will it be as valuable this first year as it will in succeeding years, for the great value in a Guidance Program lies in an accumulation of data over a period. Thus will be shown definite behavioral patterns which make up a child's personality and will enable a counselor to make wise and sound decisions.

Some of the measuring devices to be used in the Program are: Metropolitan Achievement Tests, Otis Mental Ability Tests, California Tests of Personality, Washburn Social Adjustment Inventory and Dunlap Academic Preference Blank. These are some of the tests that will be used, there are others but this is a good cross sampling of types. The program also includes interviews with pupils and where necessary with parents and teachers.

Some of the testing has already been done. Several boys and girls who have shown from their tests that they were out of their group have been placed where success for this

year is assured, as failure in the very beginning of a school career can produce maladjusted individuals that may become neurotic and finally school trouble makers. Several boys who have been previously retarded and are oversize and overage for their grade have been doing Physical Education with boys nearer their size and age range, and some of them who would not be taking Manual Training this year, are to meet with a class in Manual Training for the last half of this year. Some who lacked native ability and have shown interest along some chosen line have been given work that is commensurate though more to their liking, than their grade is doing.

Respectfully submitted,

M. Wayne Bowie,

Principal and Guidance Counselor

MUSIC DEPARTMENT

Mr. Roy W. Gillmore
Superintendent of Schools
Hampton, N. H.

Dear Mr. Gillmore :

I submit the following report of activities in music in the Hampton schools during 1947.

The work in elementary grades and Junior High School has been carried on as usual. A new text in grade four has been appreciated and enjoyed. This text includes much new folk material, some of it the result of late research. We are in need of a new modern portable victrola. Much splendid material for Appreciation work could be used if we had this. An interest in instrumental music seems to be active. In fact, we have been unable to meet the demands for some types of instruments.

Pupils from the Senior High school participated in four music festivals during the spring of 1947. Arlene Tobey (french horn) represented Hampton at the New England Concert Festival at Brattleboro, Vermont. Laura Barnes, Earl Midgley, Robert Jeralds and Barbara Garland sang, and Peter and John Brooks, Althea and Leroy Paul played at the New Hampshire Festival at Rochester, N. H. The High Small Chorus sang at the New Hampshire Festival at Plymouth, N. H. As usual, we have taken part in programs in our community and in the graduation exercises.

An innovation this year was the Junior High graduation in the evening. It seemed to be very successful and enjoyed by the many parents and friends who attended. It provided a new interest for the music classes at the close of the school year.

We are very grateful to Dr. Wayne Bryer for the loan of records from his fine library. These were used in the Music

Appreciation Class at the High School during May and June when the advanced class had very early completed the work of the year. We hope that some arrangement may be made that these classes may be continued, since there are always pupils who wish to take the subject and are unable because of conflicts in the program.

Your supervisor is this year an officer of the State Music Supervisors Association, and a member of committees in both the New England and National Music Educators Associations.

This year the New England Festival will be held at our own Hampton Beach. In anticipation of the event our Band is badly in need of new uniforms. We hope our community will stand behind us and aid us in obtaining them.

I wish to thank the Board of Education and you, Mr. Gilmore, for the fine material aids continually provided me.

Respectfully submitted,
Esther B. Coombs, Director of Music

ART DEPARTMENT

Dear Mr. Gillmore :

I submit the following report of the Art work in the Hampton Schools for 1947.

In grades one through 6 there were one-half periods of art work per week, with grades seven and eight one 40-minute period of art work per week.

In grades 3 through 8 the fundamentals of drawing and painting, and design through observation have been taught and grades 1 and 2 have been allowed free and self expression as much as possible. The grade teacher has carried on art work in integration with other subjects as much as desired.

The High School has had two 40 minute periods of art per week combining the freshman through senior years in one class of approximately 30 pupils. Here we have accomplished excellent work in advanced drawing and painting and design with different mediums such as crayon, ink, water color, cut paper, and tempera paints.

In November Dr. Thomas of the University of New Hampshire suggested that a senior teacher training student of the University be allowed to train under my supervision in the Hampton and Durham districts. The request was granted by the respective school boards and Mrs. Ritchie will start training February 10, 1948. This will allow us to have more periods of art as we have wished for a number of years.

It is hoped that with the guidance and help of Dr. Mildred Landis, our new State Art Director, we shall be able to have longer and more frequent periods of more progressive art in our schools.

Respectfully submitted,
Janice Wholey,
Art Director.

DEPARTMENT OF PHYSICAL EDUCATION

Following is a brief report of Physical Education Activities and Athletics during the past year.

The emphasis in Physical Education Activities at the Centre School has been on those that will improve skills as throwing, catching, running, and jumping, and to develop boys and girls who are socially sensitive.

Weather permitting, outdoor activities were carried on three times per week at the Centre School.

Eight boys passed the First Athletic Badge Test with two meeting the requirements of the Second Test.

In the spring, grades 6 through 8 participated in a Relay Carnival.

At the High School, each boy or girl, unless excused by a doctor or participating in a varsity sport, met twice a week. The program of Physical Education was summarized in March with an exhibition of tumbling, pyramids, dancing, combatives.

Intramurals were conducted in basketball and volleyball and all students were given an opportunity to participate in a competitive sport. The teams were equalized by known abilities, and with only one or two exceptions produced games that were close.

But, even with the trend toward intramurals, we must consider the varsity team. It is highly important because of its motivating influence and the lessons in sportsmanship which are taught directly to the team and indirectly to the entire student body.

With more and better equipment becoming available, we are gradually making it possible for more students to enter into interschool athletics. For example, at the conclusion of the football season there were 33 boys out for foot-

ball as compared to 19 the year before. In basketball, we are carrying four teams, and have scheduled games for Girls', Boys', Varsity, JV's and Freshmen-Sophomore group.

The highlight of the basketball season so far was the successful visit to the Boston Garden, and the gift of new uniforms and warm-up jackets from the Boosters' Club.

Track was introduced in the spring with the team participating in four meets and securing four places at the interscholastic meet in Durham. It will be continued again this spring, although a lack of facilities and equipment exists.

I would like to close with this suggestion. The Physical Education periods at the High school are too short to permit use of Tuck Field. This leaves only the loosely filled gravel parking area for Physical Education Activities. A worth-while project for the future would be a basketball court of some hard material similar to that at the Lafayette School in Portsmouth.

Respectfully submitted,

John G. Peterson,

Director of Physical Education
