PLANNING BOARD

ANNUAL REPORT

Your Planning Board submits the following as its annual report. Many meetings have been held and plans for subdivisions of land have been approved.

Intensive studies have been made with extra help from interested citizens over a period of the last few years to revise and modernize our antiquated zoning ordinance which contained a smattering of a building code. This ordinance, having stood the test of time, has shown many weaknesses which it is believed have been removed and strengthened by a new Zoning Ordinance and Building Code, reviewed at two public hearings, which it is felt will be for the best interest and protection of the rights of all who seek to establish their homes in our Town.

This Ordinance and Code have been drawn up with those minimum requirements adopted by F. H. A. of your Federal Government as a part of our standards.

Shortly after Town Meeting, your Board plans to ask for a special Town Meeting to review and ask for the adoption of this new Ordinance and Code as it has been modified by the wishes of many of the citizens.

It is well to be remembered that, at anytime, the Ordinance or Code seem to aggrieve the plans of an individual, your Board of Adjustment stands ready and willing to hear the facts of the case and act in accordance with what is best for your Town.

This is your chance to show that Hudson is progressing abreast with the world today.

Respectfully submitted,

PAUL W. BUXTON
Chairman

BE A GOOD CITIZEN — COOPERATE

Smoking and debris burning caused more than 50 percent of the forest fires occurring in the state of New Hampshire in 1955-235 fires out of a total of 463 originated from these two sources. Lighted smoking material and matches thrown from moving vehicles along the highway or dropped by fishermen, hunters, hikers, berry and flower pickers accounted for 26 percent; debris burning in the wrong place or the wrong time by those who failed to heed all pleas for safety or refused to recognize the logical, sensible rules and regulations set up under legislative authority governing the use of fire in or near woodlands accounted for more than 24 percent. This is inexcusable.

Everything possible is being done officially to remedy the situation. Since 1909 there has been a statute on our law books which requires everyone to secure written permission from the local forest fire warden before starting a fire in or near woodlands or where fire can be communicated to woodlands, unless the ground is covered with snow. A never ending program of educational work is being carried on by your local warden and state officials to inform the general public both of the value and necessity of securing the required permit for such burning. Much progress has been made, but there are still many who fail or refuse to cooperate. The value of our permit system was definitely proven in this district during the 1955 calendar year. Local wardens issued 1734 permits for debris burning fires. That's a lot of permits. The records show only 8 permit fires got out of control. This proves several things—while wardens were liberal in the issuance of fire permits, accommodating every applicant so far as possible, they were cautious, following closely directives outlining overall policy governing the issuance of burning permits and thoroughly instructing permit users. The latter, too, fully appreciating their responsibility in using their permits, governed themselves accordingly. Result? Much burning done legally and safely.

But what of the smokers? Despite all the efforts of those officially charged with the responsibility of preventing fires, too many were careless or thoughtless in disposing of smoking material and matches. Why? It is difficult to say. Autos are now equipped with ash trays. Why not use them. The crushing out of a cigar, cigarette and the complete extinguishment of matches before being discarded is an easy chore.

If the costly habits of the careless and indifferent smoker and debris burner could be overcome, more than half of our annual fires would be eliminated. WILL YOU DO YOUR share to bring this about?

REMEMBER

1. Get a written permit from your local warden before starting your debris burning or camp fire. The law requires it.
2. Make certain they are dead out before leaving them.
3. Become a safe smoker by extinguishing smoking material and matches before discarding them.

1955 REPORT OF RECREATION COMMISSION

Under the direction of the Town Recreation Commission and two paid playground instructors, recreational activities and supervision were provided Monday through Saturday mornings, from June 27 through August 20.

There were some changes in activities this year because of the extremely hot summer and the opening of the swimming pool. As the majority of the children took advantage of the facilities at the swimming pool when playground ballgames or craft classes were not being held, the instructors alternated in spending the afternoons at the swimming pool supervising the children. After the commission had received several requests, it was decided that supervision was as much needed there as on the playground. The schedule worked out satisfactorily for all concerned.

The Little League was as popular this year as in previous years, with practice being held in the forenoons at the playground under the instruction of the boys' playground instructor. The team played several games out of town, and at the playground with visiting teams.

A Pony League was started and it is hoped that next year this team will be as active as the Little League has been during the past years.

Highlights of the season were an all-day picnic at Silver Lake State Park, a playground Field Day, Father and Son ballgame, and the awarding of trophies at the end of the season.

The craft program was held at the Youth Center, three afternoons each week for eight weeks under the supervision of two paid instructors. A varied assortment of articles which the girls and boys had made were exhibited at the end of the season. This program seems to become more popular with the children each year.

Other youth groups have used the Youth Center for meetings and recreation and it is hoped that more groups will avail themselves of the facilities that are provided for them there.

With the exception of salaries, most of our appropriation was used for the purchase of material and the installation of a backstop, which was much needed at the playground.

We again had the problem of trying to flood the playground for skating, but we believe that this will be unsuccessful until some place is hot-topped for a foundation, then it will be possible to provide a good skating surface for both children and adults.

We are planning to prepare a site for a playground at Hudson Center, during the coming year.

The members of the Commission wish to express their appreciation to the parents and interested citizens of the town for any assistance which was rendered to the children and the commission.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

November 9, 1955

Board of Slectmen
Hudson, New Hampshire
Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Hudson which was made by this Division in accordance with the vote of the Town. This audit covered the period from July 31, 1954, date of the previous audit, to August 31, 1955. Exhibits as hereafter listed are included as part of the report which is made up in two sections as follows:

Section I — Fiscal Year Ended December 31, 1954

Section II — Period January 1st to August 31, 1955

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agent and Trustees of Trust Funds.

FINANCIAL STATEMENTS

**Comparative Balance Sheets — December 31, 1953 -
December 31, 1954: Exhibit A)**

Comparative Balance Sheets as of December 31, 1953 and December 31, 1954, are presented in Exhibit A. As indicated therein, the Net Debt increased by \$93,840.78 in 1954.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Increases in Net Debt

Bonds Issued	\$105,000.00
Abatements a/c Deeds from Prior	
Tax Sales	598.67
Tax Liens Transferred to Tax Deeds	153.05
Reserve a/c Future Yield Tax Loss	642.12
Increase in Accounts Payable	401.38
	\$106,795.22

Decreases in Net Debt

Net Budget Surplus	\$ 1,270.66	
Increase in Accounts Receivable	4,680.62	
Bonds & Notes Paid	6,200.00	
Increases of Cash in Hands of Officials	803.16	
		12,954.44
Net Increase		\$ 93,840.78

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1954, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a revenue of \$5,593.11, less a net overdraft of appropriations of \$4,322.45, resulted in a net budget surplus of \$1,270.66.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1954, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of August 31st, 1955, is indicated in Exhibit R.

Statement of Long Term Indebtedness: (Exhibit Q)

A statement of long term indebtedness as of December 31, 1954, showing annual maturities of principal and annual interest requirements, is contained in Exhibit Q.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased from \$10,883.81 to \$15,843.03 in 1954, as shown by the following statement:

	Dec. 31, 1953	Dec. 31, 1954
Total Assets	\$80,905.83	\$126,610.40
Current Liabilities	70,022.02	110,767.37
	\$10,883.81	\$ 15,843.03

Abatements and Added Taxes:

It is again noted that during 1954, as in previous years, a very substantial amount of tax abatements and refunds were made. These were as follows:

Abatelements and Refunds

1953 Property Taxes	\$ 430.76
1953 Poll Taxes	180.00
1954 Property Taxes	6,708.77
1954 Poll Taxes	86.00
Tax Refunds	114.48
	\$7,520.01

It is also noted that during the same year a considerable amount of added taxes were committed to the Collector in excess of the original warrants as shown herewith:

Added Taxes

1953 Property Taxes	\$ 4.84
1953 Poll Taxes	58.00
1954 Property Taxes	6,164.63
1954 Poll Taxes	54.00
	\$6,281.47

Inasmuch as both the abatements and added taxes were largely the result of incorrect original assessments, an effort should be made this year to substantially reduce the amount of each of these accounts.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that the summary of findings and recommendations of this report shall be published in the next annual report of the Town. If this is not done the Tax Commission, at the expense of the Town, may cause the summary to be separately published and distributed or published in a newspaper having a general circulation in the Town.

The inclusion of Exhibits in the published report is optional with the Board of Selectmen.

We extend our thanks to the officials of the Town of Hudson for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER

This year we have added new lighting fixtures and improved electrical outlets, two new large tables and fifty new folding chairs for the basement room in the library. We are striving to make this room pleasant and comfortable for all organizations wishing to use it. At the present time Scout and Brownie troupes are using it nearly every day in the week and the Fortnightly Club uses it occasionally. The small basement room houses a historical collection collected and arranged by the Hudson Fortnightly committee under the direction of its chairman, Mrs. Paul Buxton. Mrs. George Abbott recently donated a History of Hudson to the library. Mrs. John Quigley donated a picture of Dr. Hill's summer residence.
