## SHELBURNE LIBRARY

The library has been open for a minimum of three hours a week throughout the year and in addition the librarian, Mrs. Carleton Frank, has made herself available at any time to fill special requests for books, particularly those coming from children to meet their reference book needs in connection with the school work. Circulation is at a new high, adults having borrowed 413 books during the year and children 1,128.

The task started two years ago of sorting out the dead wood in the library and cataloging the remainder has been completed this year. We are indebted to Mr. Ralph Riley of the State Library for his great assistance in this project. The book stock at the beginning of the year was 2,297 volumes and was increased by 88 books purchased or given to the library. Practically all of the purchases have been books for children with particular emphasis on reading programs and school reference work. The reading needs of the adults have been met through a liberal use of the Bookmobile, two to four hundred books having been placed upon our shelves at each of its bi-monthly visits. In addition, the librarian has obtained a number of books from the State Library to meet special requests.

The committee wishes to thank the friends of the library who through gifts or through service assisted the library in carrying out its program. We especially thank Mrs. Maud Rix of Milan for placing in the library a copy of her paper on the history of the Town of Shelburne.

For the third year, the summer reading contest was conducted and there were also several exhibits and special programs for the children, some of which were carried out in conjunction with the Junior Winthrop Grange.

Respectfully submitted,

LOWELL J. REED

**REPORT OF THE TOWN FOREST COMMITTEE**

---

This past year we have not used a large part of our appropriation, not because it wasn't needed but because we were fortunate in that most of the man hours needed for upkeep were donated and because some work contracted for was not completed.

We hope you like the black and white picnic tables. They, along with the black and white waste barrels used along the highway in Shelburne have received many complimentary comments. The Memorial and the Birches continue to be of interest to old acquaintances and to attract the attention of new friends. This trend will probably continue because the "Shelburne Birches" has been selected as one of the outstanding "Photoscenic" subjects in the State's latest publicity drive, and because "The Heritage Trail" which has proven to be a great success touristwise throughout New England has been altered and will now pass through Shelburne instead of going through Evans Notch as heretofore. We therefore solicit your support budget wise so that the upkeep of this area may continue to improve.

## THE STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the School District in the Town of Shelburne qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said Shelburne on the 9th day of March, 1963 at 7:30 in the evening to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer and fix the compensation of any other officers or agents of the District.
6. To hear the report of agents, auditors, committees, or officers, heretofore chosen, and pass any vote relating thereto.
7. To choose agents, auditors, committees in relation to any subject embraced in this warrant.
8. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the District and to authorize the application against said appropriations of such sums as are estimated to be received, the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will vote to establish a Capital Reserve Fund for the purpose of purchasing a new school bus, and vote to place in said fund an amount not to exceed \$1,500.00 from the unexpended balance of the 1962-63 budget.

10. To see if the District will vote to enter a three year tuition contract with the Gorham School District, and to authorize the School Board to negotiate the provisions of the contract with the Gorham School District.

11. To transact any other business that may legally come before this meeting.

Given under our hands at said Shelburne this 14th day of February, 1963.

\* The starred items are required by law to be raised as determined by the proper authorities. The District deter-

mines the salaries of the District officers. The Supervisory Union Board decides the local share of the Superintendent's salary and other Union expenses. The share paid by the several Districts toward the Superintendent's salary for 1962-63 is as follows: Dummer, \$117.73; Gorham, \$2,982.65; Jefferson, \$433.07; Milan, \$375.27; Randolph, \$150.88; Shelburne, \$190.40. The State Treasurer also reports the amount of the per capita tax, while the Teachers' Retirement and the State Employees' Retirement Assoc. assesses the amount for the Superintendent's retirement and other District employees that belong to the system. In those towns that are under Social Security, the amount to be paid by the District is established by law.

# REPORT OF THE SUPERINTENDENT

---

## Foreword

To the School Board and Citizens of the Shelburne School District:

Your Superintendent has just completed his first year as your school administrator. I think perhaps it is in order to render my views on your school system as seen from my position. As one thinks back over the year one naturally hopes that goals established then have been met and new goals established for the succeeding year.

I firmly believe that the quality of your pupils' educational program in Gorham is very high. Several pieces of information appear to lend weight to this thinking. These include:

1. Gorham High School will meet the new minimum standards as established by the State Board with little difficulty. Many districts have a tremendous way to go in meeting these standards. Needless to say, I was quite pleased with the following excerpt from the state report concerning our minimum evaluation: "We want to . . . . congratulate the administration and district in having anticipated these standards so well." The Gorham School Board should be congratulated in foreseeing these standards and taking appropriate action in meeting them before they are required by statute or regulation.

2. Gorham High School's percentage of students going on to college is very high in relationship to the state. The school ranks in the top one-third of New Hampshire high schools in this respect.

3. On a recent statewide testing program a Gorham High School class scored in the first 10 percent of all New Hampshire classes tested. Even more significant to me was the fact that in the two areas tested, verbal and non-verbal, the class scored in the upper 10 percent.

4. The drop-out rate is very good in relationship to the rest of the state. In this area Gorham High School is in the upper one-third of New Hampshire high schools. I firmly believe, however, that this area needs further attention.

5. All teachers are fully certified and we do not have any emergency credential staff members. This is not true with many New Hampshire school districts.

Your Superintendent believes that the following areas will need attention as we progress in our quest for a quality educational program:

1. Implementation of special instructional programs for talented and academically limited students. The public schools are for all the pupils wishing to attend. No one prescribed course or program of studies meets the needs and capabilities of all the pupils in school.

2. Keeping good teachers is a problem of deep concern to me. Money alone will not solve this problem, although it requires a high priority. Several instructional programs cannot afford constant staff changes.

3. The High School library will need constant attention for the next few years.

4. Within a reasonably short time we will find that five years of teacher training will be required of all new teachers. The supply of teachers in several fields is critical and will continue. New Hampshire has a high percentage of its new and experienced instructors leaving the state each year.

#### **Budget**

Your School Board's Budget for 1963-64 totals \$24,691.79. Including deficiency appropriations for the past year the proposed budget is \$5,184.67 less than 1962-63. The bus has been paid for and the tuition item is less in the proposed budget. If expenditures continue at their present rate, we can anticipate a balance of probably \$2,000.00 this June. Please refer to section entitled Warrant concerning this balance.

#### **Building**

As voted at the last District Meeting the roof has been repaired and is now in good condition. Minor work is done on the grounds each year.

### Interim Commission

As mentioned in the School Report last year the Interim Commission has been very active and recently submitted to the legislature their preliminary report. Areas covered in the report include higher education, area schools, co-operative districts, increased state financial support and other related areas. Any citizen desiring to read the report may borrow my copy on a short loan basis. Periodically, there will be news releases on legislative action concerning the recommendations of the Commission.

### Legislation

Legislation being proposed this year in Concord include the usual foundation aid for poorer school districts, construction aid and additional support for intellectually retarded. New legislation being proposed include: transportation aid (probably 25%), flat grant aid (probably on a scale of \$10.00—\$100.00 per pupil), return of Head Tax to the towns and earmarked for support of schools, and a state lottery, funds from this will probably be earmarked for schools.

### Tuition

The three year tuition contract with Gorham expires this year. In my opinion the contract arrangement has worked out well and I recommend renewing it for an additional three years.

Rates for 1963-64 as established by the Gorham School Board are:

High School	\$470.00
Junior High	350.00
Elementary	270.00
Kindergarten	125.00

### New Accounting Procedures

On July 1, 1962 the New Hampshire Tax Commission and State Department of Education prescribed new accounting and budgetary procedures for school districts. New Hampshire became the 47th state to adopt all or a substantial portion of these new procedures. The primary purposes in adopting this new system include:

1. to improve the accounting for school funds
2. to assist local districts in the preparation of a more meaningful district budget
3. to improve the accuracy of local, state and national summaries
4. to facilitate comparisons of financial information among New Hampshire school districts
5. to provide a more reliable basis for reporting to the public on the condition and progress of education

Our current budget as approved last March had to be converted into the new accounting system. You will note in this Annual Report the two different budget summaries necessitated by the change in accounting and budgeting.

### Warrant

Two special articles appear in the warrant, namely tuition contract and establishments of a capital reserve fund for bus purchase.

1. As our tuition contract ends in June, 1963, the School Board is requesting District approval for its renewal.

2. As stated previously in the report our balance will be quite large, probably \$2,000.00. The Budget Committee concurs with the School Board that an amount not to exceed \$1,500.00 be placed in Capital Reserve for the purchase of a school bus at a later date. Balance in excess of \$1,500.00 will be used to reduce the school tax. Your School Board and Budget Committee feel that this will reduce a probable increased tax situation when the present tax bus is replaced.

### Enrollment

The Shelburne School District had on January 16, 1963, the following distribution of pupils in Gorham Public Schools:

Kindergarten	4
Grade 1	3
Grade 2	9
Grade 3	6
Grade 4	6
Grade 5	9

Grade 6	6
Grade 7	7
Grade 8	5
Grade 9	3
Grade 10	2
Grade 11	0
Grade 12	5
	—
Totals on Jan. 16, 1963	65

### Conclusion

The District owes Mr. Wilson many thanks for his devotion to the students of Shelburne. For many years Mr. Wilson served as a conscientious employee of the District.

Yours truly,

LEON J. LAKIN  
Superintendent
