## To the Citizens of Belknap County.

---

In compliance with the laws of the State of New Hampshire the Commissioners of Belknap County submit the following report for the year ending December 31st, 1893 together with the reports of the Superintendent of the County Farm, Treasurer, Clerk of the Court, Solicitor, Sheriff, Jailor, Physician and Auditors; also the report of the County Convention.

Mr. and Mrs. Oscar D. Brown have continued as Superintendent and Matron at the Farm. During the year quite a number of improvements have been made. The plumbing has been thoroughly overhauled. A more filthy arrangement could not be devised than that of having the waste water from the sink delivered through a pipe to a ditch only a short distance from the house and a few feet from the road, and from which came an odor during the warm weather that was anything but pleasant to those who had occasion to travel the highway, and also was a source of great danger to the inmates. In September a ditch was dug and pipes laid to convey this water in another direction some six or seven hundred feet down into the pasture, sufficiently distant from the buildings. Another important change is that of our water supply, which for many years past has been wholly inadequate. Being supplied by wind power, the tanks at times, when there was not wind enough to work the pump, would be entirely empty and water would have to be hauled from the bay in casks. In

October an agreement was made between the Commissioners and the water company to have them extend their pipes to the County buildings and in the course of six or eight weeks that institution was connected with the public water supply of the City of Laconia.

For several years there has been a scarcity of pasturing at the farm. About two months ago Mr. Howard Gilman was hired to take charge of those who were sent to the House of Correction, and with his men has been cutting bushes and clearing up the pasture; what was large enough to burn he cut into cordwood. He has cut over quite a number of acres and has about seventy-five cords of wood, and when he has finished the rest of it, which is about as much more, it would seem that we soon should have plenty of pasturing. Several other improvements are necessary. A store-house and a vegetable cellar should be constructed, as it is impossible for vegetables to keep well where there are so many steam pipes in the cellar.

During the past year a night watchman has been employed, which we believed was necessary at such an institution as this. Acknowledgements are due to all who have contributed books and papers for the inmates.

The new Court House we expect will be completed about the first of March and the cost of the same will not exceed the appropriation.

In justice to the Overseers of the Poor for the current year in the town of Meredith, we would say that of the \$3,674.63 charged to the town this year, \$2,417.37 were old bills that should have been paid and shown in last year's report. And we depreciate the fact that holding of bills over in order that the report may be more favorable has been the custom in some cases in the past. We have endeavored the past year to have all old bills presented for payment, and from the best of our

knowledge there are now no old unsettled accounts against the County.

The total debt of the County, Dec. 31, 1892, less  
cash on hand in the treasury, was . . . . . \$18,627.49

The total debt of the County, Dec. 31, 1893 (not  
including new court house account), less cash  
on hand in the treasury, was . . . . . 14,559.70

## County Physician's Report.

---

*To the Hon. Board of Commissioners of Belknap County :*

It is a pleasure to be able to record the fact that the past year has been one of more than usual health at the County Farm. No epidemic of any kind has visited us for the past year. Comparatively little sickness has prevailed except such as cholera morbus in summer, bad colds in winter, and the cases of failing health in old people which make up a large percentage of the inmates of the County House. Much of this freedom from sickness is due to the fact that the managers are most untiring in doing all in their power to prevent sickness; such as regulating the habits, diet and general surroundings and conditions of the inmates. This regimen is of inestimable value in keeping the people healthy. Much credit is also due to the improved sanitary conditions of the buildings. For example, typhoid fever, now generally acknowledged to be often caused by unhealthy conditions, has for the past few years been almost unknown at the County House. Increased attention has been given to the subject of water supply, and the house is now connected with the city water works, this insuring a never failing supply of the purest water, which cannot be over estimated in considering the healthfulness of any institution.

It is with pleasure that I express my acknowledgment to the Superintendent, Matron and all others assisting in the welfare of the inmates. Also to the Board of Commissioners,

to all of whom I am indebted for much help and many kindnesses and who did everything in their power to assist me in the discharge of my duties.

There have been 7 deaths since our last annual report:

Mercy Elkins, died Feb. 24, Apoplexy,	aged 75
Moses Dockham, " Apr. 19, Old age,	" 81
Fannie Niles, " May 13, Apoplexy,	" 79
Rosilla Dualy, " June 20, Exhaustion from injury,	" 77
John Sleeper, " Sept. 19, Softening of the brain,	" 67
Thompson Ames " Oct. 19, General debility,	" 73
George Farrar, " Dec. 30, Softening of the brain,	" 45

All of these but one were persons well advanced in years, and two of them had been for a long time insane.

Very Respectfully,

STEPHEN VITTUM, County Physician.

## Solicitor's Report.

---

### *To the County Commissioners :*

At the March term, 1893, of the Supreme Court there were 26 cases on the State docket. They were disposed of as follows : Not to be brought forward 7 ; continued, 16 ; *nol pros.* 2 ; sentenced and paid fine 1. The Grand Jury returned 50 indictments : 45 for violations of the liquor law, 3 for breaking and entering, 2 for obtaining goods under false pretences. The respondents were sentenced for breaking and entering, but the sentences were not then enforced. In 33 of the liquor cases the respondents were sentenced on pleas of guilty, but some of the sentences were not enforced, the parties being sent to jail on old mittimuses. The remaining 14 cases were continued.

Of the 30 cases on the continued docket at the September term, 10 were marked not to be brought forward, sentences having been imposed in most of them ; 11 were continued, 7 *nol prossed* ; 1, an appeal, dismissed ; 1, an information against Gilmanton, referred *pendente lite*.

Two appeals were entered this term and continued. A libel against liquor was filed, the liquor forfeited and turned over to the County.

Indictments were found to the number of 128, as follows : Larceny, 3 ; two of the respondents were sentenced but allowed to go on their good behavior ; one case was continued, the whereabouts of the respondent being unknown. Tramps, 3 ; one was sentenced to the State Prison for one year, one

was allowed to go on his own recognizance, and one is yet at the County Farm awaiting trial. He was wounded at the time of his capture. One person was indicted for assaulting and resisting an officer while in his saloon with a search warrant. He poured out some liquor that it might not be taken. He was sentenced to three months in jail, mittimus to issue on the call of the Solicitor.

One indictment for aggravated assault went to trial but the jury disagreed. There were 121 indictments for violations of the liquor laws. Pleas of guilty were entered in 101 of the cases and sentences were imposed. Ten respondents were sentenced to 6 months' imprisonment in jail as common sellers, mittimuses to issue on the call of the solicitor. Sixteen cases were continued and four *not prossed*.

During the nine months I have been in office liquor fines amounting to over \$3,000 and costs amounting to about \$800 have been paid. The County has received as its share of the fines over \$1,600.

At the March term I called for old mittimuses against six persons sentenced as common sellers and they were confined in jail three months and at the time of their release paid \$1,250 in fines.

Of the 202 indictments on the dockets the last two terms, 182 were for direct violations of the liquor laws and for offenses committed while intoxicated.

An action of debt to recover the amount of a forfeited recognizance was entered at the September term and has gone to the Supreme Court on questions of law. The condition of the bond was broken in that the principal violated the prohibitory law between the time the recognizance was given and the next term of court.

W. B. FELLOWS, County Solicitor.
