Warrant for Town Meeting

L. S. THE STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Canaan, County of Grafton, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town House in said Town on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:

Article 1. To choose by ballot and plurality vote a town Clerk, one Selectman for three years, a Town Treasurer, Tax Collector, Overseer of the Poor, one Library Trustee for three years, one Trustee of Trust Funds for three years, three Highway Agents, two Auditors, one Town Agent, Chief of Police, Surveyors of Lumber, Fence Viewers, Measurers of Wood and Bark, Weighers of Hay and Straw, Cemetery Agents, and such other officers as the town may judge necessary to be chosen.

Article 2. To see if the Town will raise such sums of money as may be necessary to defray the Town's expenses, including all departments.

Article 3. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

Article 4. To see if the Town will vote to authorize the Selectmen to continue the present policy of cooperation with the State of New Hampshire in the building of bridges on the River Road.

Article 5. To hear the reports of Agents, Auditors, Committees or Officers heretofore chosen and pass any vote relating thereto and to transact any other business that may come before the meeting.

Given under our hands and seal this 16th day of
February, A. D., 1949.

STANLEY C. BOGARDUS,
JAMES Q. RICARD,
JOSEPH L. GRAHAM,

Selectmen of Canaan.

A true copy of Warrant—Attest:

STANLEY C. BOGARDUS,
JAMES Q. RICARD,

Report of the Forest Fire Warden

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man caused fires are preventable.

Today, we have more slash and uncut grassland than for years in the past. Smokers, campers, and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

1948 Fire Record—Town of Canaan

Number of fires 5

Acreage burned, eleven and one-fourth acres

Number of fire permits issued 52

Respectfully submitted,
GEORGE L. EGGLESTON.

Forest Fire Warden.
GEORGE F. RICHARDSON,
District Fire Chief.

SCHOOL CALENDAR

1949-50

Open	Sept. 7
Close	Dec. 23
Open	Jan. 3
Close	Feb. 17
Open	Feb. 27
Close	Apr. 14
Open	Apr. 24
Close	June 13

Due to days of no school because of weather conditions it is probable that more days of the week of June 12 will be used.

Days out: May 30, Nov. 24, 25. Single sessions, Nov. 23, Dec. 23.

Total number of days required by state board is 180 including 3 for institutes and conventions, and up to 5 for workshops.

Pupils may enter the first grade provided they are 6 before January 1.

Vaccination is required by State law unless child has written excuse from doctor.

Superintendent's Report, 1948-49

Teacher Training. During the past two years considerable work has been done by the teachers to improve their teaching. Two elementary workshops under the supervision of the State Board of Education have been held. One of these was in the field of social studies and the last one on art. These were very well conducted by the state staffs and the response of the teachers very fine. The first one of these "broke the ice" and the desire of the teachers to do more for their pupils then took the form of taking extension courses during the winter, and summer courses later, and again this winter by more extension courses with teachers in Canaan traveling to Tilton once a week to attend a course sponsored by Plymouth Teachers' College. It has been impossible for all teachers to take summer or extension courses because of varying circumstances but the general response has been encouraging. It is hoped that this trend will continue and increase in participation as the good results are discussed by teachers themselves. Bridgewater and Danbury school boards have paid part of the costs of summer sessions. This is an increasing tendency, particularly where no salary schedule exists which often makes salary increases based in part on extra study. Bristol joined with Tilton and Belmont in a high school workshop which was most challenging and thought provoking but was of such a nature that time is needed to properly evaluate the content and to make haste slowly in curriculum revision and methods of teaching. The greatest value of all of these devices has been to renew the individual's desire to learn more about teaching and youngsters so that each pupil may be better taught. It might not be wrong here to point out that the higher level of pay of teachers may be in part a contributing factor of self-improvement.

Critical Shortage of Elementary Teachers. Much has been written on local, state, and national levels on the

critical shortage of elementary teachers. It is not a local problem but a national one due to become more acute, as the pre-school youngsters pour into the elementary schools, requiring many more teachers in this field. To be perfectly frank about the whole thing anyone belittling this situation is ill informed, to say the least. Often there are good teachers living in an area who will or can not teach for one reason or another. For all practical purposes they don't exist. There are always some on the spring lists of teachers who are looking for a job every year. Perhaps the best indication of the shortage is the fact that a city superintendent will write in to a teachers' college and offer to take sight unseen the whole graduating class. It is my firm belief that teachers well qualified with either successful teaching experience or bright prospects of the same will remain in critical supply for 10-15 years at least, and this in spite of the fact that school men throughout the nation are devoting much thought and time to easing the situation.

Increasing Costs. A 10% increase in costs of supplies, books, etc., seems to be the general opinion. This might well include fuel, telephone rates, etc. It is difficult to see how these costs will drop and level off in the near future. Structural costs are out of sight and will remain there as long as defense and housing demands remain as much in demand as at present. Department of Labor cost of living indexes show about 16% rise in the last two years with only slight drops in some items during the past few months.

The Tax Burden. The property tax still bears the heavy part of all costs on the local levels including school and town expenses. In spite of conservative evaluations the property tax is a major item, and is bearing a load all out of proportion to its capacity. New Hampshire tax laws need careful study and revision not only to relieve the property tax but to absorb increased costs of

items over which we locally have no control. When we see and hear the need of new buildings, when we know that there will literally be millions more in our schools soon, we begin to raise our eyebrows less at the thought of more state and federal aid, both branches of government having sources of tax monies not taxable at the local level. The consumer will pay in the end, but all people do not consume the same things, and much wealth in the U. S. may be found which is not real estate. The tax problem will be one we should all follow in the legislature, which will be in session by the time this is in print.

Tuition Charges. There seems to be a general misunderstanding of tuition charges and since all towns are either on the receiving or paying end of this proposition it would seem well to explain some phases of this. A school district may charge a high school tuition up to its average cost of instruction provided this cost is lower than the state average. In case its costs are greater it may charge the state average. In figuring the costs either locally or on the state level four items in the budget are counted: 1) Teachers' Salaries; 2) Text Books; 3) Scholars Supplies; 4) Other Expenses of Instruction. The total of these costs divided by the average membership for the same year gives the cost of instruction. In past years most places have charged a figure well under this. However, with increasing costs in these items there is a strong trend throughout the state to charge the actual amount spent especially now that state aid is mostly based on equalized evaluation of property. Obviously there are other costs such as heat, lights, janitor service, minor repairs and expenses, other special activities, insurance, new equipment and alterations of old buildings, which are a part of overall costs. On a contractual basis a school district might charge another district a per pupil charge for these items. Few districts do so however. It should be

pointed out that this era may be slowly drawing to a close, especially where new building construction is contemplated either to take care of increased enrollments, or to offer a better educational program. Building costs are so prohibitive that few, if any, of the districts maintaining high schools can build on any basis other than charging a rate to cover everything including capital improvements and interest, or on a cooperative basis with other towns taking advantage of present or future laws. **State Legislation.** There will be bills introduced in the general court which will have far reaching effects in N. H. whether or not they become laws. At this point all we can do is suggest that they get our best study and considered action. This is our legislature and "We Are The People."

Respectfully submitted,
C. MAURICE GRAY, Supt.

L. S. THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Canaan, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Town House in said district on the 12th day of March, 1949, at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income, the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town, for the ensuing year.
9. To see if the school district will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such audit, for the ensuing year.

10. To see if the school district will vote to raise the teachers' pay \$150 each, this year, or any part thereof, or take any action thereto, said \$150 to be in addition to that included in the budget.

11. To see if the school district will vote to authorize the school board to sell any rights or title that the school district may have in the Story Schoolhouse (so called), and the North Canaan Schoolhouse (so called), said school board to act in conjunction with the Town Agent, or any other legal talent necessary and to apply said revenue to the School Capital Reserve Fund.

12. To see if the district will vote to apply any surplus not included in the budget that it may have to the Capital Reserve Fund.

Given under our hands at said Canaan, N. H. this 21st day of February 1949.

FRANK K. CLARKE,
JOSEPH C. CHANDLER,
ALFRED D. NEILY, JR.
School Board.
