# DEDICATION

**DANIEL C. RING**

Daniel "Dan" Ring served the Town of Merrimack as its Communications Supervisor. He also served his Town as a Special Police Officer. He began his employment with the Town on 1 December 1974.

Dan was admired and respected by all who knew and worked with him. His love of his job was evident by all who came in contact with him. His work exemplified his dedication to his Town and to the people he served. Dan was a friend to all who knew him and we will always miss him.

Dan passed away on 2 March 1986.

# TOWN WARRANT

## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Merrimack in the County of Hillsborough in said State, qualified to vote in town affairs:

You are hereby notified that the annual meeting of the Town of Merrimack will be held at the Mastricola Middle School, All Purpose Room, on Baboosic Lake Road in said Merrimack on Tuesday, May 13, 1986, at 8:00 o'clock in the forenoon for the choice of town officers elected by official ballot and other action required to be inserted on said official ballot. The polls for the election of town officers and other action required to be inserted on said ballot will open on said date at 8:00 o'clock in the forenoon and will not close earlier than 8:00 o'clock in the evening.

You are hereby notified that the second session of the annual meeting of the Town of Merrimack will be held at the Mastricola Middle School, All Purpose Room, on Baboosic Lake Road in said Merrimack on Thursday, May 15, 1986, at 7:30 o'clock in the evening to act on the matters not to be voted upon by official ballot.

1. To choose all necessary town officers for the ensuing year. (Vote by official ballot)
2. To choose all necessary school district officers for the ensuing year. (Vote by official ballot)
3. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the town zoning ordinance as follows:  
Amend Section 14.04.2 Table II of the existing Zoning Ordinance by clarifying how many units of housing may be located within a planned unit development per gross acre of total land area? (Vote by Official Ballot)
4. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the town zoning ordinance as follows:  
Amend Section 14.02.2 by excluding wetlands, 100 year flood plain areas and slopes greater than 25% when computing the density of permissible housing units in a planned unit development? (Vote by official ballot)
5. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the town zoning ordinance as follows:  
Amend Section 3.02 of the Zoning Ordinance by increasing setbacks along Daniel Webster Highway by requiring that parking areas, signs and other site improvements, except landscaping and access ways, be set back a minimum of 20 feet in the Limited and General Commercial

Districts in order to provide a buffer zone for any future widening of the road? (Vote by official ballot)

6. Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 3.07.4 by excluding 100 year flood plain areas from the calculation of the maximum buildable area for a cluster residential development? (Vote by official ballot)

7. Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 3.07.12 of the Town Zoning Ordinance by permitting an applicant for a cluster development project to dedicate common land in the development to the Town of Merrimack; any such dedication would be done on a voluntary basis and would be subject to acceptance by the Town of Merrimack? (Vote by official ballot)

8. Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 2.02.6 of the Town Zoning Ordinance by requiring that all residential uses of land within the Industrial District comply with the minimum lot and yard regulations as set forth in Section 3 of the Zoning Ordinance? (Vote by official ballot)

9. Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 6 of the Town Zoning Ordinance by adding a new Section 6.12. This amendment provides that antennas or satellite dishes having a height of 8 feet or more will require a building permit before erection and will not be permitted to be located within the building setbacks as set forth in Section 3.02 of the Zoning Ordinance? (Vote by official ballot)

10. Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 2.01.4 of the Town Zoning Ordinance by providing for an additional General Commercial District area on lots 50 and 55 on Town Tax Map 4D-4, generally located at Daniel Webster Highway at Lozeau Drive. The location and boundaries of the area proposed is shown on the zoning map which is a part of the ordinance? (By petition) (Approved by the Planning Board) (Vote by official ballot)

11. Are you in favor of the adoption of Amendment No. 9 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 2.01.8 of the Zoning Ordinance by providing for an additional Planned Residential District area on Tax Map parcels 4D/69, 77 and 78, generally located on Executive Park Drive. The location

and boundaries of the area proposed is shown on the zoning map which is a part of the ordinance? (By petition) (Disapproved by the Planning Board) (Vote by official ballot)

12. Are you in favor of the adoption of Amendment No. 10 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 2.01.8 of the Zoning Ordinance by providing for an additional Planned Residential District area on a parcel of land extending from Camp Sargent Road to the F.E.E. Turnpike, being Tax Map parcel 3D/27. The location and boundaries of the area proposed is shown on the zoning map which is a part of the ordinance? (By petition) (Disapproved by the Planning Board) (Vote by official ballot)

13. Shall we adopt the provisions of RSA 72:37 for the exemption for the blind from property tax? This statute provides that every inhabitant who is legally blind shall be exempt each year from the property tax on a residence to the value of \$15,000.00. (By petition) (Vote by official ballot)

14. To see if the town will vote to raise and appropriate the sum of three hundred thousand dollars (\$300,000.00) for the purpose of relocating Camp Sargent Road behind Thornton's Ferry School. (Recommended by the Budget Committee)

15. To see if the town will vote to raise and appropriate the sum of one hundred fifty thousand dollars (\$150,000.00) to design and construct renovations to the Merrimack Adult Community Center. (By petition) (Recommended by the Budget Committee)

16. To see if the Town of Merrimack will vote to raise and appropriate a sum not to exceed fifty thousand dollars (\$50,000) to be paid to the Merrimack Youth Association. Said sum to be used for architectural, engineering and development fees for athletic fields for the youth of Merrimack. (By petition) (Not recommended by the Budget Committee)

17. To see if the town will vote to raise and appropriate such sums of monies as may be necessary to defray town charges for the ensuing year:

1. Town officers' salary
2. Town officers' expenses
3. Election and registration expenses
4. Cemeteries
5. General Government buildings
6. Reappraisal of property
7. Planning and Zoning
8. Legal expenses
9. Advertising and regional associations
10. Police Department
11. Fire Department

12. Civil Defense
13. Building inspection
14. Communications
15. Maintenance of highways, streets and bridges
16. General Highway Department expenses
17. Street lighting
18. Equipment maintenance
19. Solid Waste disposal
20. Ambulances
21. Animal control
22. General Welfare Assistance
23. Library
24. Parks and Recreation

28. Principal of long-term bonds and notes
29. Interest expense – long-term bonds and notes
30. Interest expense – Tax Anticipation Notes
31. Payments to capital reserve funds
32. Pennichuck Water Works hydrant rentals
33. Municipal sewer department
34. Fiscal charges on debt
35. FICA, retirement and pension contributions
36. Insurance
37. Unclassified wage and salary adjustments
38. Unemployment compensation
39. Capital Outlay

(See budget detail) (Recommended by the Budget Committee)

18. To see if the town will vote to raise and appropriate the sum of one hundred twenty-five thousand dollars (\$125,000.00) as a deficit appropriation for 1985-86 to defray the cost of retroactive payments as required under the terms of the agreement with the firefighters' union. (Recommended by the Budget Committee)

19. To see if the town will vote to authorize the withdrawal from the Federal Revenue Sharing Fund for use as setoffs against budgeted appropriations in the amount indicated and set forth below and, further, to authorize the Board of Selectmen to make pro rata reductions in the amount if estimated entitlements are reduced, or take any other action hereon:

Highway Division ..... \$66,400.00

(Recommended by the Budget Committee)

20. To see if the town will vote to raise and appropriate the sum of one hundred thousand dollars (\$100,000.00) to establish a capital reserve

fund for the purpose of reappraisal of the real estate in the town for tax assessment purposes and,, further, to designate the selectmen as agents for said fund, or to act on anything relative thereto. (Recommended by the Budget Committee)

21. To see if the town will vote to raise and appropriate the sum of sixty-five thousand dollars (\$65,000.00) for the construction of additions to the town hall complex. (Recommended by the Budget Committee)
22. To see if the town will vote to create a trust fund pursuant to RSA 31:19-a for paying the deductible portion of any liability insurance policies purchased by the town, and raise and appropriate the sum of seventeen thousand two hundred fifty five dollars (\$17,255) therefor or act on anything relative thereto. (Recommended by the Budget Committee)
23. To see if the town will vote to create a trust fund pursuant to RSA 31:19-a in order to fund a self-insurance program for casualty and property losses suffered by the town, and raise and appropriate the sum of fifteen thousand dollars (\$15,000) therefor or act on anything relative thereto. (Recommended by the Budget Committee)
24. To see if the town will vote to appropriate the sum of seven hundred thousand dollars (\$700,000.00) for the purchase and installation of a secondary clarifier at the Wastewater Treatment Plant and to authorize the withdrawal of the said amount from the Sewer Fund surplus. (Recommended by the Budget Committee)
25. To see if the town will vote to rescind the unused portion of the wastewater treatment facility improvements bond authorization in the amount of two million six hundred fifteen thousand dollars (\$2,615,000.00), said authorization having been passed on March 11, 1977 (\$1,250,000.00) and March 16, 1979 (\$1,365,000.00). (Recommended by the Budget Committee)
26. To see if the town will authorize the selectmen to apply for, receive and expend federal or state grants which may become available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the town may legally appropriate money provided (1) that such grants and other monies do not require the expenditure of other town funds; (2) that a public hearing shall be held by the selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of town monies, all as provided by RSA 31:95b.
27. To see if the town will vote to adopt an ordinance pertaining to the waiving of town registration fees for motor vehicles for former prisoners of war, in accordance with the provisions of RSA 261:157-a, as follows:

## ORDINANCE

In accordance with the provisions of RSA 261:157-a, the town of Merrimack hereby adopts the following ordinance:

That the town of Merrimack shall waive the fee for a permit to register one motor vehicle owned by any person who was captured and incarcerated for thirty days or more while serving in a qualifying war or armed conflict as defined in RSA 72:28 IV, and who was honorably discharged, provided the person provides the town clerk with satisfactory proof of these circumstances.

28. To see if the town will vote to rescind Warrant Article 7 passed by the 1960 annual town meeting which authorized the capital reserve fund for the purchase of a grader; to authorize that the sums of money in that capital reserve fund be transferred to a capital reserve fund to be established by the Board of Selectmen for the purchase of equipment related to the operations of the Highway Division; and to designate the Board of Selectmen as agents for this fund; or act on anything relative thereto.

### 29. Ordinance

To see if the Town, in accordance with the provisions of RSA 149-M:13, II (supp), will vote to adopt the following ordinance to govern the use of the Landfill and to fix rates for its use:

1. **Purpose.** The Merrimack Sanitary Landfill is operated solely for the disposal of authorized solid waste and refuse generated within the geographic limits of the town as required by RSA 149-M:13. Accordingly, these regulations are intended to:
  - a. Prevent unauthorized entrance and use of the Landfill.
  - b. Prohibit the deposit of illegal and unacceptable wastes.
  - c. Control the disposal of authorized solid wastes to facilitate compliance with operating standards, improve efficiency, encourage recycling and reuse of materials, and to maximize the life of the Landfill.
  - d. Establish charges (fees) for use of the landfill.
2. **General Policy.** The following shall apply to all persons, parties, companies, and corporations using the Merrimack Town Landfill:
  - a. Entrance to the Landfill and dumping shall be permitted only during normal hours of operation.
  - b. Refuse, rubbish, bulky metals, lumber, demolition materials, tires, brush, logs and other normal solid wastes generated within the geographic limits of the town but excluding hazardous, nuclear and other illegal or unacceptable wastes may be deposited in the Landfill free of charge provided:

- (i) Refuse is hauled in private (not for hire) vehicles having a net legal load limit of one (1) ton or less unless the individual can demonstrate that the waste is entirely from his own residence.
  - (ii) Refuse is properly separated and deposited in designated areas in accordance with Paragraph 2g.
  - (iii) A decal available from the Town Clerk is displayed conspicuously on the front bumper of such vehicle.
- c. Refuse, rubbish, separated tires, and other normal solid wastes generated within the geographic limits of the town but excluding hazardous, nuclear, and other unacceptable wastes, bulky metals, stumps, brush, logs, and demolition materials which are hauled by **commercial carrier** or in **vehicles having a net legal load limit exceeding one (1) ton** may be deposited in the Landfill upon surrender of a permit to the Landfill attendant. Permits may be obtained from the Town Clerk upon payment of the appropriate fee.
- d. Stumps, lumber, brush, and demolition materials generated within the town may be deposited in any legally operated landfill which is under agreement with the town to accept such refuse subject to the landfill owner's regulations and fees. Should the town not have such an agreement, stumps, lumber, brush and demolition materials may be deposited at designated locations in the town landfill upon surrender of a permit to the landfill attendant.
- e. Bulky metals and metal scraps hauled by commercial carrier or in vehicles having a net legal load limit exceeding one (1) ton will not be accepted at the Landfill. Such metals should be taken directly to commercial scrap dealers.
- f. The town reserves the right to reject any material which it considers to be detrimental to the Landfill operation or which require special handling or disposal procedures. Liquids (except motor oil), hazardous, nuclear, septage, and all other wastes not permitted by State regulation to be deposited in landfills are specifically prohibited.
- g. All refuse must be deposited in the appropriate designated area, i.e., tires, metals, brush, lumber, ashes, motor oil, generated refuse, etc., in accordance with the instructions of the Landfill Attendant.
- h. Scavenging (picking) is prohibited. The town may make items available to the general public at the Landfill such as lumber and wood chips:
- i. The Landfill Attendant may prohibit the deposit of any material or refuse which he deems to be in violation of these regulations. This decision may be appealed through the Department of Public Works for final resolution.

### 3. Permit Fees

- a. Basis: Fees charged for disposal of refuse under this ordinance shall be based on maximum volume capacities of the vehicles employed to transport refuse to the town landfill. No allowance shall be made for vehicle type, the actual density of weight of refuse deposited in the landfill, nor for partially filled (under-utilized) vehicles. The town, however, may establish fees based on the actual weight of refuse should a scale be installed at the landfill.
- b. Fee Schedule: Commencing July 1, 1986, the following fees shall be charged for permits issued under this ordinance.

Truck Capacity Cubic Yards	Fee -\$-
0 - 5	20
6 - 10	40
11 - 15	60
16 - 20	80
21 - 30	120
31 - 40	160
41 - 50	200
51 - 60	240
Over 60	4/cy

4. **Violators** of these regulations shall be subject to criminal prosecution and penalties provided by law. In addition, commercial refuse haulers found in violation may lose their privileges to use the town landfill.
5. This ordinance shall take effect on July 1, 1986.
30. To see if the town will vote to rescind Warrant Article 38 passed by the 1977 annual town meeting which excluded from Social Security coverage services performed by election officials and election workers for a calendar quarter in which the remuneration paid for such service is less than fifty dollars (\$50.00).
31. To see if the town will vote to create a fire protection area in that section of the town of Merrimack served by the Pennichuck Water Works. Further, that the owners within the proposed fire protection area shall be responsible for defraying the expenses incurred by the town in providing water for fire protection.
32. To see if the town will vote to have the 1986 income from the Library Unrestricted Trust Funds placed into the Library Trustee's Special Account. (Recommended by the Budget Committee)
33. To see if the town will discontinue that portion of Parkhurst Road which separates several parcels of land in Merrimack, New Hampshire, identi-

fied as Tax Map parcels #6A-3, 6A-4, 6A-5 and 6A-6, being a portion of Parkhurst Road lying between Baboosic Lake Road and Stowell Road, containing .693 acres, more or less, more particularly described as follows:

Beginning at a point on the northerly side of Parkhurst Road opposite Tax Map parcel #6A-6-4 and proceeding easterly along a curve having a radius of 500 feet for a distance of 189.6 feet to a point, thence proceeding north 74 degrees, 21' 17" east for a distance of 33.15 feet to a stone wall, thence north 81 degrees 26' 31" east for a distance of 168.07 feet along said stone wall to a point, thence north 61 degrees 19' 49" east for a distance of 14.61 feet to a point in a stone wall, thence north 22 degrees 49' 26" east for a distance of 18.23 feet along said stone wall, thence north 47 degrees 53' 16" east for a distance of 137.67 feet to a point, thence north 64 degrees 01' 34" east for a distance of 40 feet to a point, thence north 65 degrees 05' 20" east for a distance of 39.10 feet along a stone wall to a point, thence north 62 degrees 29' 10" east for a distance of 88.86 feet to a point, thence north 68 degrees 09' 29" east for a distance of 175.82 feet along a stone wall to a point, thence north 68 degrees 38' 15" east for a distance of 16.44 feet to a point, thence turning northeasterly along a curve having a radius of 425 feet for a distance of 90.93 feet to a point, thence turning northerly and running along a curve having a radius of 25 feet for a distance of 11.52 feet to a point, thence turning and running south 68 degrees 02' 50" west for a distance of 101.79 feet, partially along a stone wall, to a point, thence running south 67 degrees 36' 31" west for a distance of 11.51 feet to a point, thence south 65 degrees 59' 56" west for a distance of 98.94 feet along a stone wall to a point, thence south 66 degrees 27' 17" west for a distance of 77.99 feet along a stone wall to a point, thence south 60 degrees 48' 22" west for a distance of 126.80 feet along a stone wall to a point, thence south 64 degrees 49' 13" west for a distance of 19.63 feet along a stone wall to a point, thence south 55 degrees 30' 14" west for a distance of 163.73 feet, to a point, thence south 78 degrees 45' 54" west for a distance of 50.18 feet along a stone wall to a point, thence south 81 degrees 33' 28" west for a distance of 122.21 feet along a stone wall to a point, thence south 11 degrees 47' 59" east for a distance of 3.85 feet along a stone wall to a point, thence south 73 degrees 37' 50" west for a distance of 29.62 feet along a stone wall to a point thence south 67 degrees 54' 06" west for a distance of 126.90 feet, partially along a stone wall, to a point thence south 59 degrees 13' 25" west for a distance of 43.48 feet, thence south 25 degrees 09' 10" west for a distance of 8.22 feet to the point of beginning.

Provided however, that such a discontinuance shall be effective only after the relocation of Parkhurst Road in accordance with a Plan of Subdivision and Consolidation of Cynthia Blood, Elizabeth Higbie and Peter and Jacqueline Flood, subject to the approval of the Merrimack Planning Board, such location expense to be borne by the developers.  
(By petition)

34. To see if the town will vote to oppose the burial, storage, transportation, and production of high level radioactive waste in the Town of Merrimack and the State of New Hampshire, and to call upon Congress to conduct an independent investigation with full public participation into the feasibility and prudence of the U.S. Department of Energy's present plan to dispose of radioactive waste and to the U.S. Department of Energy's competence to carry out such plan.  
(By petition)

35. To see if the town will vote to discontinue Crestwood Drive in its entirety subject to review and approval of the Planning Board and further to authorize the Board of Selectmen to convey Crestwood Drive to the abutting property owners. (By petition)

Given under our hands and seals this 17th day of April in the year of Our Lord nineteen hundred and eighty-six.

**BUDGET MESSAGE  
TOWN OF MERRIMACK, NEW HAMPSHIRE**

**TO:** CITIZENS OF MERRIMACK

**FROM:** BOARD OF SELECTMEN,  
THE MERRIMACK BUDGET COMMITTEE, AND  
JAMES A. McSWEENEY, TOWN MANAGER

**RE:** GENERAL BUDGET INFORMATION 1986/87

**DATE:** APRIL 14, 1986

The proposed municipal operating budget for 1986/87 has been submitted to you for your consideration. This budget document covers the fiscal period July 1, 1986 through June 30, 1987. The budgets detailed in this document by departments, divisions, programs, and line item, estimate proposed expenditures by the Board totalling \$9,647,146 (\$987,682 above 1985/86 appropriations). **These figures represent an 11.41% increase in proposed expenditures over the 1985/86 appropriations. The proposed operating budget total, after removing the self-supporting budget (Public Works Sewer Division [WWTF/Compost]) reflects an increase of \$929,985 or 13.39% over the current 1985/86 operating budget.**

This increase (\$987,687) is mostly attributable to wage increases for municipal employees, as a result of wage settlements, changes in the Fair Labor Standards Act, along with other adjustments. We are also experiencing substantial increases in our overall insurance cost, as well as additional equipment and materials to be purchased. Our budget also reflects an anticipated increase in the cost of general items that will be purchased throughout the year.

The figures for total proposed expenditures are comparable in overall percentage increase at this writing. Our combined spending as proposed and estimated at this time (includes school, warrant articles, and estimated county) totals \$26,201,697. This is an increase of \$3,267,996 or 14.24% over the comparable areas of the 1985/86 budget.

**REVENUES:**

Revenue projections for 1986/87 have been summarized for your review. The following is an analysis of the significant changes reflected by this projection:

	1985/86 Estimate	1986/87 Estimate	Increase (Decrease)
Net property taxes - increase due to increase in appropriations and net decrease in other revenues	13,635,033	18,360,284	4,725,251

Transfer from capital reserve fund re: 85/86 purchase of fire truck	140,000	---	(140,000)
Auto registrations	900,000	1,100,000	200,000
Federal revenue sharing - decrease due to anticipated discontinuance of program after October 1986 payment	200,000	66,400	(133,600)
Wastewater Treatment Facility improvements financed from Sewer Fund surplus	500,000	700,000	200,000
General Fund surplus used to reduce property taxes to be raised	1,432,000	---	(1,432,000)
Dump fees increased to make the landfill operation self-supporting	80,400	225,000	144,600
Sewer engineering fees	---	50,000	50,000
School revenues	1,673,564	1,320,141	(353,423)
Other revenues	4,372,704	4,379,872	7,168
	<u>22,933,701</u>	<u>26,201,697</u>	<u>3,267,996</u>

#### **PROPERTY VALUATION:**

We are projecting (as of December 31, 1985) an overall property valuation increase of approximately \$25,000,000. It is anticipated at this time that our current valuation of \$487,279,131 will increase to \$512,000,000 as of April 1, 1986. This represents a 5.1% increase in the town's net assessed valuation. This factor, combined with the projected increase in spending, will have a definite effect toward our goal of stabilizing the tax rate.

In 1979, the town was revalued. This resulted in a new total assessed property valuation of \$345.5 million. In seven years we will have experienced an increase in this valuation to \$512 million. This represents a 48.2% increase. This obvious growth in our tax base has played a major part toward stabilizing our tax rate while at the same time, allowing a level of service that our community demands.

#### **DEBT SERVICE:**

The proposed 1986/87 budget of \$1,690,372 for debt service reflects a net decrease of \$67,883 from 1985/86 appropriations of \$1,758,255. This decrease is due to declining interest costs as bond principal is reduced annually.

**PERSONNEL:**

Ten new full-time personnel are being requested in the 1986/87 budget. This proposal increases our full-time complement of town employees from 142 to 152 in the 1986/87 budget. The breakdown of proposed new full-time personnel is as follows:

- Fire Department: one supervisory fire inspector; three hourly firefighters
- Ambulance: two hourly Ambulance Attendants
- Highway: one hourly Equipment Operator III
- Landfill: one supervisory foreman
- Library: one supervisory Coordinator of Adult Services
- Code Enforcement: one hourly clerk/typist

One additional part-time person is requested for 1986/87:

- Welfare: one supervisory director

The new positions proposed are outlined on the attachment marked **Exhibit A.**

**PERSONNEL BENEFITS AND WAGES:**

At this writing, pay adjustments for municipal employees were still under consideration. No final determination has been made regarding merit and/or other pay adjustments. Fringe benefits are similar to those in the 1985/86 budget. The cost for these benefits have been included in each of the department budgets.

Contract negotiations with the Fire Department’s bargaining unit are concluded for 1986/87. The results have been included in the line item budget. Police and Public Works union contracts were multi-year contracts and the results have been included in the appropriate areas.

**GENERAL INFORMATION:**

As you will note in the chart below (**COMPARATIVE TAX RATE AND VALUATION IN DOLLARS**), our town tax dollar and rate increased in 1985 over the previous year. However, since 1977, with the exception of the years 1981, 1982 and 1985, a continual decrease in this area has occurred. Also interesting is the fact that the municipal share of the tax rate has steadily decreased in this same time period.

**TOWN OF MERRIMACK MUNICIPAL SHARE OF TAX RATE**

1977	1978	1979	1980	1981	1982	1983	1984	1985
32.8%	28.4%	26.1%	23.4%	23.1%	23.8%	21.7%	18.4%	18.8%

The information below shows the effort and the results that have occurred from the use of the tax dollar that has had to be raised to provide municipal and other services.

## COMPARATIVE TAX RATE AND VALUATION IN DOLLARS

Year	School Tax Rate	School Tax Dollar	Town Tax Rate	Town Tax Dollar	County Tax Rate	County Tax Dollar
1977	40.70	5,422,272	20.80	2,771,087	2.00	266,450
1978	39.20	5,730,673	16.40	2,397,526	2.20	321,619
1979	16.90	5,890,768	6.40	2,230,823	1.20	418,279
1980	19.00	6,837,426	6.20	2,231,160	1.30	467,824
1981	20.90	7,595,784	6.70	2,435,012	1.40	508,808
1982	19.90	7,736,482	6.70	2,604,745	1.60	622,029
1983	21.10	8,504,440	6.39	2,578,658	1.99	802,661
1984	21.83	9,451,740	5.35	2,319,547	1.97	851,491
1985	22.19	10,572,077	5.61	2,672,796	2.05	976,690

Our municipal department operating expenditures again this year provide a relatively stabilized spending plan balanced with ongoing increases in service levels. As stated previously, at this point we are projecting about an 11% increase in our municipal expenditures. This includes the additional ten personnel in various departments.

Warrant article requests however, have increased significantly (115% over 1985/86) over last year and in fact, over the last several years. Many of these requests were received late in the budget process and were not included in the town's overall planned spending program (Capital Improvement Program — CIP). This will in all likelihood lead to an increase in our tax rate, thereby affecting our overall stability.

Our capital projects continue to dictate some of our increased spending. These proposed capital projects will upgrade our municipal facilities, roads, etc. We look forward to such projects as building expansions/renovations, begin funding of our revaluation program, equipment replacement, engineering studies, the continuation of improvements to the waste treatment facilities, and improvements to other town facilities as may be deemed necessary and/or desirable.

As we set our direction for the ensuing year, we must keep in mind our **growing** community and attempt to provide the proper staffing and equipment necessary to maintain our level of service and perhaps provide for increased services in some areas. I believe that the planned spending program before you for your consideration will do just that. I am confident that with the combination of our current staff and the new personnel that the situation can be well managed and that the goals outlined in this budget policy document can be accomplished effectively and efficiently.

I look forward to a most productive budget process and the continuation of excellent cooperation which has proven to be one of the methods of our municipal financial success.

Sincerely,  
James A. McSweeney  
Town Manager

Frank O'Gara  
Carolyn Disco

The following amendments to the town zoning ordinances were acted upon:

1. Amend the ordinance by providing for the regulation of signs in the Town of Merrimack. This provision adopts regulations for signs within the purview of the zoning ordinance rather than as part of the subdivision regulations as presently exist.

Yes 1059

No 319

2. Amend the ordinance by providing for the regulation of off-street parking for all uses and developments proposed in the Town of Merrimack. This provision adopts requirements for off-street parking within the purview of the zoning ordinance rather than as part of the subdivision regulations as presently exist.

Yes 956

No 410

3. Amend certain portions of Section 10 entitled Building Code of the zoning ordinance by adopting the BOCA Basic National Building Code, Ninth Edition, 1984 and the 1985 Supplement, the BOCA Basic National Plumbing Code, Sixth Edition, 1984 and the 1985 Supplement, the Life Safety Code, NFPA-101, and the BOCA Basic Fire Prevention Code, Fifth Edition, 1981 with the currently adopted additions, insertions, deletions, and changes to these codes.

Yes 967

No 323

4. Amend Section 10 of the ordinance by providing for the adoption of the NFPA-70-1984 National Electrical Code and the BOCA Basic/National Mechanical Code, Fifth Edition, 1984 and its 1985 Supplement.

Yes 1002

No 284

5. Amend Section 10.02 of the ordinance by adopting certain additions, deletions and changes to the BOCA Basic National Building Code, Ninth Edition, 1984, including a requirement for prescribed independent exit-ways for all dwellings within the town, certain requirements for bracing, flashings, and fire resistant fire separation walls in building construction, as well as bonding and liability insurance coverage requirements for signs over public property.

Yes 1024

No 324

6. Amend Section 2 of the ordinance by providing for an additional Planned Residential District area on a parcel of land extending from Camp Sargent Road to the F.E. E. Turnpike being Tax Map Parcel 3D/27. The location and boundaries of the area proposed are shown on the Zoning Map which is a part of the ordinance.

Yes 280

No 1130

**ANNUAL TOWN MEETING**  
**TOWN OF MERRIMACK, NEW HAMPSHIRE**  
**SECOND SESSION**  
**MAY 16, 1985**

The second session of the Annual Town Meeting convened at 7:30 p.m., with Moderator Elaine T. Lyons presiding. Ms. Lyons introduced the Reverend William Opal who gave the invocation, after which the Chairman of the Board of Selectmen, Nancy R. Gagnon, led the Pledge of Allegiance.

Moderator Lyons then proceeded to the warrant articles.

**ARTICLE 9: TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE THE SUM OF EIGHT THOUSAND FIVE HUNDRED DOLLARS (\$8,500) FOR THE PURPOSE OF INSTALLING ADDITIONAL STREET LIGHTS IN THE TOWN OF MERRIMACK, OR ACT ON ANYTHING RELATIVE THERETO. (RECOMMENDED BY THE BUDGET COMMITTEE)**

MOTION was made by Robert W. Brundige and seconded by John J. Grady to accept the article as read. The floor was turned over to Town Manager James A. McSweeney, who gave a brief explanation of the street light conversion program, the fifty additional lights to be purchased, and the payback period. Mr. Donald Dwyer spoke against this article. Mr. Robert Mansperger spoke in favor of this article and recommended that it be adopted. The question was called; MOTION PASSED in the AFFIRMATIVE and was so declared.

**ARTICLE 10: TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE THE SUM OF SIXTY-FIVE THOUSAND DOLLARS (\$65,000) TO PURCHASE FROM HENRY KIESTLINGER THREE (3) ACRES OF LAND, MORE OR LESS, WHICH ABUTS THE TOWN HALL COMPLEX AND DANIEL WEBSTER HIGHWAY. (RECOMMENDED BY THE BUDGET COMMITTEE)**

MOTION was made by Nancy R. Gagnon and seconded by Robert W. Brundige to accept the article as read. The floor was given to James A. McSweeney who explained the benefits to be gained by purchasing this land. The question was called; MOTION PASSED in the AFFIRMATIVE and was so declared.

**ARTICLE 11: TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE SUMS OF MONIES AS MAY BE NECESSARY TO DEFRAY TOWN CHARGES FOR THE ENSUING YEAR:**

1. Town officers' salaries
2. Town officers' expenses
3. Election and registration expenses
4. Cemeteries
5. General Government buildings
6. Reappraisal of property
7. Planning and Zoning
8. Legal expenses
9. Advertising and regional association
10. Police Department
11. Fire Department
12. Civil Defense
13. Building Inspection
14. Communications
15. Maintenance of highways, streets and bridges
16. General Highway Department expenses
17. Street lighting
18. Equipment maintenance
19. Solid Waste disposal
20. Hospitals and ambulances
21. Animal control
22. Merrimack Valley Home Health Care
23. General assistance
24. Old age assistance
25. Library
26. Parks and Recreation
27. Patriotic purposes
28. Conservation Commission
29. Principal of long-term bonds and notes
30. Interest expense — long-term bonds and notes
31. Interest expense — Tax Anticipation Notes
32. Payments to capital reserve funds
33. Pennichuck Water Works
34. Municipal sewer department
35. Fiscal charges on debt
36. FICA, retirement and pension contributions
37. Insurance
38. Unclassified wage and salary adjustments
39. Town center beautification
40. Sewer plant improvements
41. Land acquisition
42. Unemployment compensation

**(SEE BUDGET DETAIL) (RECOMMENDED BY THE BUDGET COMMITTEE)**

MOTION was made by Martin Carrier and seconded by John Lyons that the Town vote to raise and appropriate the sum of eight million six hundred fifty-nine thousand four hundred sixty-four dollars (\$8,659,464) to defray town charges for the ensuing year for the purposes listed on the warrant, items 1 through 42. Mr. Carrier turned the floor over to James A. McSweeney for the explanation. Mr. McSweeney thanked those involved in the budget process and introduced the department heads that were present at this town meeting. He then explained the general increases in the budget, and proceeded to go over each individual budget. Linda Theroux and Angelo Petas asked questions on the General Government budget which were answered by Mr. McSweeney. There were no questions on the Assessing Department budget.

On the Fire Department budget, Tony Lewis asked where the monies were for the salary increases for firefighters. Mr. McSweeney answered that there is no money in this particular budget for that at this time. On the Police Department budget, Linda Theroux questioned line item 104, hourly wages. Mr. McSweeney explained that the increase represents the negotiated labor settlement. On the Communications budget, Angelo Petas questioned why volunteers were not used. Mr. McSweeney answered that they have never specifically looked for volunteers to do dispatching. There were no questions on the Ambulance budget or the Public Works Administration budget. On the Public Works Highway Division budget, Frederick Ahrens questioned a discrepancy in street lighting costs. Mr. McSweeney, assisted by Robert T. Levan, explained the difference between the two figures. Mr. Ahrens asked when the conversion to sodium was approved. Mr. McSweeney answered that the Board of Selectmen approved it as part of the budget process. Paul Lessard of Gail Road made a MOTION, seconded by Joe Belanger, to increase line item 18-08-502-00 from \$20,000 to \$24,000 for the purpose of draining water between Gail and Peter Roads. Mr. Lessard spoke to his motion, as did Angelo Petas, Anita Memos, Edward Blaine, Christopher Howland, Donald H. Botsch, C. Jonathan Manning, Arthur L. Gagnon, and Robert Mansperger. The question was called and the MOTION FAILED. There were no questions on the Solid Waste Division, Sewer Division, and Compost budgets. Upon questioning in the Parks and Recreation budget, Mr. McSweeney explained maintenance costs for tennis courts and ball fields. Linda Theroux questioned an increase; Diane Pearce, Chaiman of the Parks and Recreation Committee, explained. On the Planning and Zoning budget, Frederick Ahrens asked Mr. McSweeney to read the job description for the proposed planning director. Angelo Petas felt the money could be better spent elsewhere. There were no questions on the Library budget. Ed Anzalone questioned line item 104 in the Building Maintenance budget (hourly wages). Mr. McSweeney explained it included part-time and full time employees. There were no questions on the Town Manager, Code Enforcement & Inspection, Budget Committee or Town Clerk/Tax Collector budgets. Mr. McSweeney explained the Welfare budget, and a MOTION was made by Frederick Ahrens and seconded by Donald H. Botsch, to table the welfare budget until the next session of this town meeting. After comments by Don Dwyer, John Grady and Rossiter R. Holt, Jr., the Moderator asked

for the vote. The question was called and the MOTION FAILED. Frederick Ahrens then made a MOTION to reduce line item 18-25-351-00, Juveniles, from \$60,000 to \$30,000; seconded by Donald H. Botsch. Mr. Ahrens spoke to his motion, as did Donald Botsch, Don Dwyer, Rossiter R. Holt, Jr., and Thomas Mahon. The question was called and the MOTION FAILED. There were no questions on the Finance or Debt Service budgets. Tony Lewis asked to go back to the Fire Department budget and made a MOTION, seconded by an unidentified gentleman in the audience, to increase line item 18-03-104-00, hourly wages, from \$189,432 to \$274,432. Mr. Lewis spoke to his motion, as did Thomas Mahon, Laurence Kelly, Charles Smith, Martin Carrier, Dan Belanger, Angelo Petas, and Christopher Howland. The question was called and the MOTION FAILED. Moderator Lyons called for the vote on Article 11; the question was called and the MOTION PASSED.

Moderator Lyons then announced that Senator Sheila Roberge was present in the audience. At 9:25 p.m., the Moderator called a ten minute recess.

Annual Town Meeting, Second Session, reconvened at 9:55 p.m.

Lon Woods was granted a personal privilege by the Moderator, and asked to see a show of hands in favor of giving the firefighters an equitable raise.

A MOTION was made by Thomas Mahon and seconded by Nancy R. Gagnon, to reconsider Article 11, the budget. Mr. Mahon spoke to his motion and urged the voters to vote no. The question was called and the MOTION FAILED; Moderator Lyons announced that the voters had locked in their vote on Article 11.

ARTICLE 12: TO SEE IF THE TOWN WILL VOTE TO AUTHORIZE THE WITHDRAWAL FROM THE FEDERAL REVENUE SHARING FUND FOR USE AS SETOFFS AGAINST BUDGETED APPROPRIATIONS IN THE AMOUNT INDICATED AND SET FORTH BELOW AND, FURTHER, TO AUTHORIZE THE BOARD OF SELECTMEN TO MAKE PRO RATA REDUCTIONS IN THE AMOUNTS IF ESTIMATED ENTITLEMENTS ARE REDUCED, OR TAKE ANY OTHER ACTION HEREON:

GENERAL GOVERNMENT .....	\$ 50,000
POLICE DEPARTMENT .....	25,000
FIRE DEPARTMENT .....	25,000
HIGHWAY DIVISION .....	100,000
	<u>200,000</u>

(RECOMMENDED BY THE BUDGET COMMITTEE)

MOTION was made by Nancy R. Gagnon and seconded by Thomas Mahon to accept the article as read. Nancy R. Gagnon spoke to her motion as did Robert T. Levan. The question was called and the MOTION PASSED UNANIMOUSLY and was so declared.

ARTICLE 13: TO SEE IF THE TOWN WILL VOTE TO APPROPRIATE THE SUM OF FIVE HUNDRED THOUSAND DOLLARS (\$500,000) FOR DESIGN AND CONSTRUCTION OF WASTE WATER TREATMENT PLANT IMPROVEMENTS, AND TO AUTHORIZE THE WITHDRAWAL OF THE SAID AMOUNT FROM THE SEWER ENTERPRISE FUND SURPLUS. (RECOMMENDED BY THE BUDGET COMMITTEE)

MOTION was made by Nancy R. Gagnon and seconded by Paul Goodrich to accept the article as read. C. Jonathan Manning, Director of Public Works, gave a brief explanation and the question was called; MOTION PASSED in the AFFIRMATIVE and was so declared.

ARTICLE 14: TO SEE IF THE TOWN WILL VOTE TO RESCIND THE ONE MILLION DOLLAR (\$1,000,000) SEWER LINE EXTENSION BOND AUTHORIZATION WHICH WAS DESIGNATED FOR CONTRACT 17A, NATICOOK-MAYCREST COLLECTOR SYSTEM, SAID AUTHORIZATION HAVING BEEN PASSED ON MAY 13, 1980, WARRANT ARTICLE 11. (RECOMMENDED BY THE BUDGET COMMITTEE)

MOTION was made by Rossiter R. Holt, Jr. and seconded by Martin F. Carrier to accept the article as read. Mr. Holt turned the floor over to Robert T. Levan for a brief explanation. The Moderator called for the vote and the MOTION PASSED UNANIMOUSLY and was so declared.

ARTICLE 15: TO SEE IF THE TOWN WILL VOTE TO APPROPRIATE AND WITHDRAW FROM THE FIRE APPARATUS CAPITAL RESERVE FUND, THE SUM OF ONE HUNDRED FORTY THOUSAND DOLLARS (\$140,000) TO PURCHASE A NEW FIRE PUMPER AND ASSOCIATED EQUIPMENT TO REPLACE ENGINE #1, A 1965 LAFRANCE PUMPER AND FURTHER TO AUTHORIZE THE BOARD OF SELECTMEN TO TRADE OR SELL SAID 1965 PUMPER, AT THEIR DISCRETION, ANY FUNDS DERIVED THEREFROM TO BE PLACED IN THE FIRE APPARATUS CAPITAL RESERVE FUND. (RECOMMENDED BY THE BUDGET COMMITTEE)

MOTION was made by John J. Grady and seconded by John Lyons to accept the article as read. Mr. Grady turned the floor over to Charles Q. Hall, who gave a brief explanation, and answered questions from Angelo Petas. The Moderator called for the vote and the MOTION PASSED in the AFFIRMATIVE and was so declared.

ARTICLE 16: TO SEE IF THE TOWN WILL VOTE TO APPROVE THE MERRIMACK RIVER SUPPLEMENT PROJECT OF PENNICHUCK WATER WORKS, A SUBSTANTIAL PORTION OF WHICH PROJECT SHALL BE LOCATED IN THE TOWN (A COPY OF THE SPECIFICATIONS OF SUCH PROJECT HAS BEEN FILED AND IS AVAILABLE FOR INSPECTION AT THE TOWN CLERK),

SUCH APPROVAL BEING NECESSARY SOLELY TO ENABLE SUCH PROJECT TO BE FINANCED BY AN ISSUE OF BONDS BY THE INDUSTRIAL DEVELOPMENT AUTHORITY OF THE CITY OF NASHUA, NEW HAMPSHIRE PURSUANT TO RSA 162-G. (BY BALLOT)

MOTION was made by John J. Grady and seconded by Thomas Mahon to accept the article as read. Upon questioning by Mr. Grady, Town Counsel Laurence Kelly stated that it would not be necessary to vote by ballot. Moderator Lyons, hearing no objections, appointed Nelson Disco and Charles Nute counters. Mr. Grady turned the floor over to Steve Densburger of Pennichuck Water Works. Mr. Densberger gave a brief explanation of the project. Don Dwyer and Donald H. Botsch spoke against this motion. Arthur L. Gagnon, Edward Blaine, James A. McSweeney and Robert Schaumann spoke in favor of the motion. The Moderator called for the vote and the MOTION PASSED 80 to 12.

ARTICLE 17: TO SEE IF THE TOWN WILL VOTE TO HAVE THE 1985 INCOME FROM THE LIBRARY UNRESTRICTED TRUST FUNDS PLACED INTO THE LIBRARY TRUSTEE'S SPECIAL ACCOUNT. (BY PETITION) RECOMMENDED BY THE BUDGET COMMITTEE)

MOTION was made by Robert N. Kelley and seconded by Tony Lewis to accept the article as read. Mr. Kelley spoke to his motion; the Moderator called for the vote and the MOTION PASSED UNANIMOUSLY and was so declared.

ARTICLE 18: TO SEE IF THE TOWN WILL AUTHORIZE THE SELECTMEN TO APPLY FOR, RECEIVE AND EXPEND FEDERAL OR STATE GRANTS WHICH MAY BECOME AVAILABLE DURING THE COURSE OF THE YEAR, AND ALSO TO ACCEPT AND EXPEND MONEY FROM ANY OTHER GOVERNMENTAL UNIT OR PRIVATE SOURCE TO BE USED FOR PURPOSES FOR WHICH THE TOWN MAY LEGALLY APPROPRIATE MONEY PROVIDED: (1) THAT SUCH GRANTS AND OTHER MONIES DO NOT REQUIRE THE EXPENDITURE OF OTHER TOWN FUNDS; (2) THAT A PUBLIC HEARING SHALL BE HELD BY THE SELECTMEN PRIOR TO THE RECEIPT AND EXPENDITURE OF SUCH GRANTS AND MONIES; AND (3) THAT SUCH ITEMS SHALL BE EXEMPT FROM ALL PROVISIONS OF RSA 32 RELATIVE TO LIMITATION AND EXPENDITURE OF TOWN MONIES, ALL AS PROVIDED BY RSA 31:95b.

MOTION was made by Nancy R. Gagnon and seconded by Robert W. Brundige. The floor was turned over to David A. Hodgen for explanation. The Moderator called for the vote and the MOTION PASSED UNANIMOUSLY and was so declared.

ARTICLE 19: TO SEE IF THE TOWN WILL VOTE TO ADOPT A CODIFICATION OF THE ORDINANCES AND REGULATIONS OF THE TOWN OF MERRIMACK, TOGETHER WITH A CHANGE OF NUMBERING, TITLING AND FORMATTING THEREOF, THE ENTIRE TEXTS OF WHICH ARE AS PUBLISHED BY GENERAL CODE PUBLISHERS CORPORATION IN "THE CODE OF THE TOWN OF MERRIMACK" ON FILE WITH THE TOWN CLERK. THIS VOTE SHALL SUPERSEDE AND REPLACE BY REFERENCE TO SAID CODE THE ORDINANCES AND REGULATIONS HERETOFORE ADOPTED BY THE TOWN OF MERRIMACK. THE CODE OF THE TOWN OF MERRIMACK SHALL BECOME EFFECTIVE UPON PASSAGE.

MOTION was made by Nancy R. Gagnon and seconded by Thomas Mahon. The floor was turned over to David A. Hodgen who gave a brief explanation. The Moderator called for the vote and the MOTION PASSED UNANIMOUSLY and was so declared.

At this point Moderator Lyons thanked Robert Schaumann for his years of service as Moderator. Mr. Schaumann received a standing ovation from the audience.

ARTICLE 20: TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE THE SUM OF TWO THOUSAND FIVE HUNDRED DOLLARS (\$2,500) FOR THE PURPOSE OF LANDSCAPING AND IMPROVING THE GROUNDS OF THE MERRIMACK PUBLIC LIBRARY AND THE ADULT COMMUNITY CENTER. (BY PETITION) (RECOMMENDED BY THE BUDGET COMMITTEE)

MOTION was made by John J. Grady and seconded by Louise Klump to accept the article as read. Mr. Grady spoke to his motion, as did Ms. Klump. The Moderator called for the vote and the MOTION PASSED in the AFFIRMATIVE.

George May made a MOTION that the Merrimack Town Meeting be changed back to March. There was no second to the motion. Town Counsel stated that this would have to be on the warrant.

Mr. Goodrich took this opportunity to thank outgoing selectman Donald H. Botsch for his years of service to the town.

At 11:00 p.m., MOTION from Robert Schaumann, seconded by unidentified gentleman, was made to adjourn Town Meeting. MOTION PASSED and was so declared by the Moderator.

## AUDITORS' OPINION

Board of Selectmen & Town Manager  
Town of Merrimack, New Hampshire

We have examined the combined financial statements of the Town of Merrimack, New Hampshire, as of and for the year ended June 30, 1985, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and included such tests of the accounting records as we considered necessary in the circumstances.

As described more fully in Note 1, the combined financial statements referred to above do not include financial statements of the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles.

As described in Note 2, the Town has recognized tax revenues of \$698,683 in its General Fund, which do not meet the sixty day received in cash requirements of the National Council on Governmental Accounting Interpretation 3. The Town believes, and we concur that the application of this accounting principle which would reduce General Fund Balance from \$1,942,420 to \$1,243,557 gives a misleading impression of the Town's ability to meet its current and future obligations.

In our opinion, except for omission of the financial statements of the General Fixed Asset Account Group which results in an incomplete presentation the combined financial statements referred to above present fairly the financial position of the Town of Merrimack, New Hampshire, at June 30, 1985, and the results of its operations and changes in financial position of its non-expendable and pension trust funds for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining statements presented as supplemental schedules are not a required part of the general purpose financial statements of the Town of Merrimack, New Hampshire. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

August 27, 1985

Carey, Vachon and Clukay

**TOWN OF MERRIMACK, NEW HAMPSHIRE  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 1985**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

The accounting policies of the Town of Merrimack, New Hampshire conform to generally accepted accounting principles for local governmental units except as indicated hereinafter. The following is a summary of significant accounting policies:

**A. BASIS OF PRESENTATION - FUND ACCOUNTING**

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance/retained earnings, revenues, and expenditures/expenses. The various funds are summarized by type in the financial statements. The following fund types and account groups are used by the Town:

**GOVERNMENTAL FUND TYPES**

Governmental Funds are those through which most governmental functions of the Town are financed. The acquisition, use and balances of the Town's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the Town's governmental fund types:

**GENERAL FUND** - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

**SPECIAL REVENUE FUNDS** - Special Revenue Funds are used to account for specific restricted revenues and expenditures. The Sewer Operating Fund, Library Fine Fund and the Federal Revenue Sharing Fund are accounted for as Special Revenue Funds.

**CAPITAL PROJECTS FUNDS** - Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Town accounts for the following projects in its Capital Projects Funds:

- Contract 19 Fund
- Sewer Line Extension Fund
- Incinerator Fund
- Veteran's Memorial Park Fund
- Road Pavement Management Fund
- Camp Sargent By-Pass Fund

**DEBT SERVICE FUND** - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

## **FIDUCIARY FUND TYPES**

Fiduciary Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, and other governmental units, and/or other funds.

**TRUST FUNDS** - Trust Funds include Expendable, Non-expendable and Pension Trust Funds. Expendable Trust Funds (Capital Reserve Funds) are recorded as Governmental Type Funds. Non-expendable and Pension Trust Funds are accounted for and reported on an income determination format because capital maintenance is required by law.

**AGENCY FUNDS** - The Town collects taxes for Merrimack School District, and Hillsborough County, both independent governmental units, which are remitted to them as required by law. These funds are accounted for as Agency Funds.

## **GENERAL FIXED ASSET ACCOUNT GROUP**

The Town does not record the acquisition of fixed assets in the General Fixed Asset Account Group as required by generally accepted accounting principles. Fixed assets acquired or constructed for general government services are recorded as expenditures in the fund making the expenditures. Funds used to acquire general fixed assets and/or debt service payments on borrowings in connection therewith are accounted for as expenditures in the year payments are made.

## **B. BASIS OF ACCOUNTING**

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures, other than interest on long-term debt, are recorded when the liability is incurred, if measurable.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Town; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose or expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Licenses and permits, charges for services, and miscellaneous revenues (except investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are measurable and available. (See Note 2 for property tax accrual policy).

The accrual basis of accounting is used by Fiduciary Fund types.

During the course of normal operations, the Town has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets and service debt. The accompanying governmental and fiduciary funds financial statements reflect such transactions as transfers.

**C. BUDGET**

The Town budget represents departmental appropriations as authorized by annual or special Town meetings. Funds may be transferred between operating categories.

**D. ENCUMBRANCES**

Encumbrance accounting, under which purchase orders and other commitments for the expenditures of monies are recorded in order to reserve a portion of the applicable appropriation, is employed as an extension of formal budgetary integration in Governmental Funds and Special Revenue Funds. Encumbrances outstanding at year end are reported as a component of fund balance since they do not constitute expenditures or liabilities.

**E. CONTINUING APPROPRIATIONS**

Appropriations for certain projects and specific items not fully expended at year end are carried forward as continuing appropriations to the next year in which they supplement the appropriations of that year. At year end, continuing appropriations are reported as a component of fund balance and are as follows:

Fire Department Wage Increases	\$ 16,693
Police Cruiser	7,500
FBI Academy	1,100
Computer Equipment	3,709
Ground Water Protection Program	6,500
Hazardous Waste Review	1,000
Baboosic Lake Road Intersection	7,430
Highway Garage	65,000
ACT Economic Impact	20,250
Seaverns Bridge Construction	90,000
Park Maintenance	1,000
Code Supplement	1,000
Pending Court Cases	1,500
	<hr/>
	\$222,682

Less: Revenues Not Susceptible	
To Accrual	(113,959)
Total	<u>\$108,723</u>

## F. RETIREMENT PLANS

Substantially all full-time employees of the Police, Fire and Communications Departments participate in the State of New Hampshire Retirement System. Under this plan, participants contribute a percentage of annual compensation, which is fixed by law and dependent on age when contributions begin. The Town contribution rate for normal cost of the plan is based upon an actuarial valuation of the State plan as of June, 1979, and has been set at 14.11% of compensation for Police and Communications personnel and 14.82% for Fire personnel.

For the year ended June 30, 1985, the normal cost of the plan to the Town was \$145,568. The amount, if any, of the excess vested benefits over pension fund assets is not available. Past service costs were \$3,021.

The Town Manager, Administrative Assistant, Public Works Director and Town Clerk/Tax Collector are covered by a separate retirement plan which is operated as a deferred compensation plan and accounted for as a non-expendable trust fund.

The Town has a non-contributory defined benefit pension plan for all non-union employees who are not a member of another retirement plan, who have completed a year of service, worked 1,000 or more hours in the plan year, and have attained the age of 21. Pension costs of \$35,949 include current service costs, which are accrued and funded on a current basis, and prior costs, which are amortized over ten years. The following is a summary of plan benefits and asset information for the year ended June 30, 1985:

Actuarial present value of accumulated plan benefits:	
Vested	\$ 57,130
Non-Vested	<u>49,143</u>
	<u>\$106,273</u>
Net assets available for benefits	<u>\$188,027</u>

An assumed annual rate of return of 7.5 percent was used to determine the actuarial present value of both vested and non-vested benefits. The actuarial benefits information was computed as of July 1, 1984.

## G. TOTAL COLUMNS ON COMBINED FINANCIAL STATEMENTS

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in

conformity with generally accepted accounting principles. The data is not comparable to a consolidation, and interfund eliminations have not been made in the aggregation of the data.

## **H. INVESTMENTS**

Investments are recorded at cost. Market value of investments at June 30, 1985, was approximately \$592,400.

## **I. POOLED CASH**

The Town has combined the cash resources of its governmental fund types for investment purposes. For accounting and reporting purposes, that portion of the pooled cash balance due to an individual fund is considered the cash balance of the specific fund. Investment earnings are allocated to each fund on the basis of average monthly balances.

## **2. PROPERTY TAXES:**

### **A. GENERAL**

Taxes are levied on the assessed value of all taxable real property as of the prior April 1 (\$434,567,666 as of April 1, 1984) and are due in two installments on July 1 and December 1. The Town bills and collects its own property taxes and also taxes for the Merrimack School District and Hillsborough County. Collections of the school and county taxes and remittance of them to these governments are accounted for in the Property Tax Agency Fund.

### **B. TAX REVENUE RECOGNITION**

The Town has recorded deferred tax revenues of \$7,050,587 due July 1, 1985, which are the first installment of 1985-86 taxes. The Town has accrued taxes of \$698,683 (net of allowances for estimated uncollectibles of \$49,894) in the General Fund which do not meet the susceptible to accrual criteria of National Council on Government Accounting Interpretation 3. The net effect of not recognizing the tax receivables would result in an unappropriated General Fund balance of \$1,084,440 and would mislead the user of these financial statements as to the Town's financial position.

### **C. TAX SALE**

Under state law, the Tax Collector sells at tax sale all uncollected property taxes in the following year after taxes are due. The purchaser at tax sale receives a priority tax lien on these properties and accrues interest at 18% per annum. If the property is not redeemed within a two year redemption period, the property is tax deeded to the purchaser.

### 3. LONG-TERM DEBT:

The following is a summary of bond transactions for the Town for the year ended June 30, 1985 (in thousands of dollars):

Bonds payable at July 1, 1984	\$ 7,615
Bonds Issued	3,000
Bonds Retired	<u>(870)</u>
Bonds payable at June 30, 1985	<u><u>\$ 9,745</u></u>

Bonds payable at June 30, 1985 are comprised of the following individual issues (in thousands of dollars). Under state law all amounts were incurred as general obligation debt.

\$5,000,000 1968 State Guaranteed Sewer Serial Bonds due in annual installments of \$250,000 through September 1, 1988; interest at 3.9%. (This issue is partially funded by an annual grant from the State of New Hampshire)	\$1,000
\$5,000,000 1970 State Guaranteed Sewer Serial Bonds due in annual installments of \$250,000 through July 1, 1990; interest at 5.9%. (This issue is partially funded by an annual grant from the State of New Hampshire)	1,500
\$1,110,000 1975 Incinerator State Guaranteed Sewer Bonds due in annual installments of \$55,000 through September 1, 1995; interest at 6.5%. (This issue is wholly funded by an annual grant from the State of New Hampshire)	605
\$2,750,000 1977 State Guaranteed Sewer Lines Extension Bonds due in annual installments of \$150,000 through August 1, 1988 and \$125,000 through August 1, 1998; interest at 4.875%.	1,700
\$500,000 1977 Library Bonds due in annual installments of \$50,000 through August 1, 1988; interest at 4.75%.	150
\$2,250,000 1980 State Guaranteed Sewer Line Extension Bonds due in annual installments of \$115,000 through July 1, 1990 and \$110,000 through July 1, 2000; interest at 7.12%.	1,790
\$3,000,000 1985 Road Improvement Bonds due in annual installments of \$300,000 through February 1, 1995 at 7.5% to 7.7%.	3,000
	<u><u>\$9,745</u></u>

The annual requirements to amortize all debt outstanding as of June 30, 1985, including interest payments of \$3,379,030 are as follows:

Year Ending June 30	Total
1986	\$ 1,755,404
1987	1,688,320
1988	1,620,985
1989	1,480,246
1990	1,171,034
1991-1995	4,134,805
1996-2000	1,158,864
2001-2002	114,372
	<u>\$13,124,030</u>

The Town has Long-Term Debt authorized but unissued of \$8,515,000 as of June 30, 1985, as follows:

Sewer Purposes	\$ 2,615,000
Highway Purposes	5,900,000
	<u>\$ 8,515,000</u>

#### 4. INTERFUND BALANCES:

Fund	Interfund Receivables	Interfund Payables
General Fund	\$	\$ 94,641
Trust and Agency Funds:		
Expendable Trust Funds:		
Conservation Trust Fund	1,395	
Landfill	78	
Deferred Compensation	1,100	
Pension Trust	15,658	
Non-Expendable Trust Fund:		
Shedd Harris Fund	76,410	
	<u>\$ 94,641</u>	<u>\$ 94,641</u>

#### 5. RESTATEMENTS:

##### General Fund:

July 1, 1984 the General Fund Balance was restated from \$1,444,125 to \$1,528,802 as correction of an accounting error.

##### Other Funds:

The following restatements were made to give retroactive effect to inclusion of the Library Fine Special Revenue Fund, Conservation Expendable Trust Fund and Deferred Compensation Trust Fund as part of the reporting entity.

	Special Revenue	Expendable Trust	Non- Expendable Trust
7/1/84 Fund Balances as			
Previously Reported	\$1,409,717	\$236,576	\$762,382
Restatement	<u>2,999</u>	<u>4,681</u>	<u>53,064</u>
7/1/84 Fund Balances as			
Restated	<u>\$1,412,716</u>	<u>\$241,257</u>	<u>\$815,446</u>

#### 6. NON-EXPENDABLE TRUST FUNDS:

The principal amounts of all non-expendable funds are restricted in that only income earned may be expended. Principal and income balances at June 30, 1985, were as follows:

	Principal	Income	Total
Fund A	\$214,105	\$ 39,304	\$253,409
Fund B	24,093	5,380	29,473
Fund C	286,953	50,215	337,168
Other Funds	<u>138,565</u>	<u>122,137</u>	<u>260,702</u>
	<u>\$663,716</u>	<u>\$217,036</u>	<u>\$880,752</u>

#### 7. EXPENDABLE TRUST FUNDS:

Expendable Trust Funds at June 30, 1985, are detailed as follows:

Landfill	\$103,098
Grader	47,678
Fire Equipment	106,331
Ambulance	62,698
Waste Water Treatment Plant	33,244
Conservation Trust	<u>6,341</u>
	<u>\$359,390</u>

#### 8. BOND ANTICIPATIONS NOTES:

Thw Town issued \$1,500,000, 7.47% Bond Anticipation Notes in the Capital Projects Funds due July 25, 1985. The Town does not intend to refinance these notes at maturity.

## MANAGEMENT LETTER

October 1, 1985

Board of Selectmen and Town Manager  
Town of Merrimack, New Hampshire

We have examined the financial statements of the various funds and account groups of the Town of Merrimack, New Hampshire, for the year ended June 30, 1985, and have issued our report dated August 27, 1985. As part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing and extent of such auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect to estimates and judgments required in the preparation of the financial statements. Further, projections of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate. Such study and evaluation disclosed the following conditions that we believe to be material weaknesses.

The study and evaluation previously described was made primarily for the purpose of performing an audit in accordance with generally accepted auditing standards. It would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data.

A letter of this type is critical by its nature. We found numerous examples of sound business management practices in our review of the

Town's systems. Generally the Town has a system of internal accounting control adequate to its needs. The recommendations which follow are concentrated in areas which our study and evaluation revealed to be in need of fine tuning.

We wish to express our appreciation for the cooperation afforded us by Town officials and employees at all levels. We are available to discuss our comments further with you should you so desire.

Very truly yours,  
Carey, Vachon and Clukay

## I. TOWN TREASURER

### A. Reconciliation of Bank Accounts

**Observation:**

The bank accounts were not consistently reconciled on a timely basis at month end.

**Implication:**

Timely identification of bank and book errors is not possible. Error isolation and correction may become unduly time consuming as subsequent activity obscures the problem.

**Recommendation:**

We believe that the treasurer's office should adopt procedures which will insure that all bank accounts are reconciled on a timely basis.

**Town Response:**

Procedures will be adopted to ensure reconciliation of bank accounts within ten days after the receipt of bank statements.

### B. Bond and Coupon Account

**Observation:**

The Bond and Coupon Accounts are not reconciled on a regular basis. Old outstanding reconciling items exist in these accounts.

**Implication:**

Fiscal Agent errors may not be detected on a timely basis.

**Recommendation:**

Priority be given to the reconciliation of the Bond and Coupon accounts and the old discrepancies be cleared. After the accounts are updated they should be reconciled quarterly.

**Town Response:**

The bond and coupon account will be reconciled during 1985/86 and will thereafter be reconciled on a timely basis.

## II. PERFORMANCE BONDS

**Observation:**

The Town maintains approximately \$2.7 million of road performance bonds in letters of credit. No control is provided by the accounting system over these bonds.

**Implication:**

The Town bears a greater than normal risk that the bond would not be valid should it be necessary.

**Recommendation:**

The Town has made considerable progress in controlling performance bonds. We recommend that efforts continue to integrate performance bonds into the information system.

**Town Response:**

Accountability over these "non-cash" performance bonds will be established during 1985/86.

**III. TAX COLLECTION SYSTEM****Observation:**

The Finance office is not routinely notified of tax abatements.

**Implication:**

The General Ledger balance for taxes receivable may not consistently be stated at the correct amount. Additional reconciliation of taxes receivable may be necessary.

**Recommendation:**

The assessors office should routinely forward a copy of approved abatements to the finance office.

**Town Response:**

Current procedures will be modified to include the Finance Department in the abatement process.

**Observation:**

It is possible to adjust taxes receivable balances without approval of the tax collector.

**Implication:**

The strict segregation of duties over the tax collection system required by state law may be weakened.

**Recommendation:**

Any journal entries made to taxes receivable balances should be formally approved by the tax collector.

**Town Response:**

The Finance Administrator alone is responsible for adjustments to accounts in the General Ledger. Nevertheless, such adjustments are generally supported by formal documentation from other agencies or departments. In the case of adjustments to tax related accounts, this documentation consists of warrants, cash receipts summaries, abatements and refund authorizations received from the Tax Assessor or the Tax Collector.

**Observation:**

Recognition of tax revenue is not consistently made when tax warrants are committed.

**Implication:**

Control over taxes receivable may be weakened due to the existence of material credit balances.

**Recommendation:**

Procedures should be adopted to recognize tax revenue each time the assessors office issues a tax warrant.

**Town Response:**

While it is true that, for various reasons, tax warrants are not always recorded in the General Ledger in the month of their commitment, this does not weaken internal control over tax receivables. The warrants are immediately posted to accounts in the Tax Receivable/Collection system; these accounts are reconciled monthly to related accounts in the General Ledger. Where practical, however, warrants will be recorded on a timely basis.

**IV. FIXED ASSET ACCOUNTING****Observation:**

The Town has not maintained records of its general fixed assets.

**Implication:**

Control over fixed assets may be weakened.

**Recommendation:**

The Town should adopt a capitalization policy and establish fixed asset accounting records for all new acquisitions. An inventory of existing fixed assets should be made and accounting records established as resources permit. A program for periodically verifying the existence of assets in the accounting records or on the inventory should be initiated. Formal procedures to delete items from the records should be adopted.

**Town Response:**

Fixed asset accounting was established in the Sewer Fund during 1983/84. It is anticipated that the general fixed asset accounting system will be completed during 1985/86, at which time the Town of Merrimack will be one of the few municipalities in the state with these very important records.

## SELECTMEN'S ANNUAL REPORT 1985

In 1985, many decisions were made which will provide new facilities and services which have been needed for many years. Again this year we have set plans in motion which will serve our needs in the years to come. We are fortunate to experience continuing growth and prosperity, but these in turn demand increased attention to our future needs.

The Camp Sargent Road Bypass project was the center of extensive debate during the year. The predominant issue was whether the road was to be placed in front of or behind the Thornton's Ferry School. This issue was discussed at many meetings at both the local and state level. In order to resolve the issue, the State Department of Transportation has stated that additional money is available to place the road behind the school but that an additional \$300,000.00 in town funds will be needed. An article requesting this amount will be placed before the voters at the 1986 town meeting.

In June, the Nashua Regional Planning Commission was engaged to conduct two traffic studies for the town. One will address the proposed Bedford Road interchange with the F.E. Everett Turnpike; the other will address the town's portion of U.S. Route 3 (Daniel Webster Highway). The State of New Hampshire proposes to construct southbound-on and northbound-off ramps from the turnpike to Bedford Road in the next few years. The study will assess the impact of these ramps upon the local roads in the area. The D.W. Highway study will assess current and future traffic conditions and will suggest possible improvements to be accomplished under the town's Roadway Pavement Management Program (RPMP).

Work continued during the year under the RPMP. The reconstruction of Turkey Hill Road from Amherst Road to Meetinghouse Road was begun. Associated with this project is the installation of sewer lines to service Bigwood Estates and the Dahl Acres area. Completion of the Turkey Hill Road project is expected in mid-1986.

Engineering work has begun on the reconstruction of Naticook Road from Amherst Road to Peaslee Road. This project has been scheduled for the 1986 construction season to coincide with the Merrimack Village District water line project planned for that area.

In addition, 7.5 miles of local roads were prepared for final surfacing and Greens Pond and Parkhurst Roads were improved under this program.

In May, the Selectmen and the town meeting adopted "The Code of the Town of Merrimack" as the official set of ordinances and regulations for the town. The code had been compiled and published by General Code Publishers Corporation. It did not include the traffic ordinances or zoning amendments which are to be added later. We intend to update the code annually through the supplementation process.

In June, contracts with the police union, Local 320, IBPO and with the Public Works Union, Local 2986, AFSCME, were signed. Both contracts were for a two-year period and included approximately an 8% increase in wages and fringe benefits for each year.

In November, we accepted the factfinder's recommendations regarding the firefighters' union. This resulted in an agreement with Local 2904, IAFF. The contract was for a three year period. It provides for an increase of approximately 42% in wages and fringe benefits retroactively effective as of July 1, 1984, and additional wage increases of 7% on January 1, 1986, and 7½% on July 1, 1986. This agreement concluded two years of negotiations with the union.

In October we engaged the services of the New Hampshire Municipal Association to conduct a wage and classification study for non-union employees. This study will examine and update job descriptions and will compare our pay scales with those of comparable municipalities and private industry. It will recommend wage adjustments to place our employees on an equitable footing with other employers.

In July, Applied Chemical Technology, Inc. announced that it had agreed to withdraw its application to the state for a permit to operate an organic solvent recycling facility on Mast Road and further agreed not to pursue any other site in Merrimack. This action ended the four-year permitting process during which the Municipal Hazardous Waste Facility Review Committee had acted to protect the town's interests.

In May, the town sold the Shedd-Harris property which it owned in Bedford. This 27-acre parcel was bequeathed to the town in 1926 by Addie Harris. It was sold for \$78,750 after commission. The net proceeds have been placed in the Shedd-Harris Memorial Trust Fund which was established to provide fire protection to the village of Reeds Ferry.

In June, the town acquired approximately three acres of land adjacent to the town hall complex from Henry Kiestlinger. This property will be used for future expansion needs of the town.

For the fiscal year ended June 30, 1985, the town's General Fund revenues exceeded revenues by \$914,355 (16.7%), and General Fund expenditures were \$357,390 (5.6%) less than appropriations. As a result, the unreserved fund balance of the General Fund increased to \$1,790,555 at June 30, 1985. \$1,432,000 of this amount was used to reduce property taxes to be raised for 1985/86 operations.

In October, the tax rate for 1985 was set at \$29.85 per thousand by the Department of Revenue Administration. The rate was based on a total gross property tax of \$14,033,586 and a net valuation of \$476,434,301. The town, school and county tax rates were \$5.61, \$22.19 and \$2.05 respectively.

We were pleased during the year to see the completion of important new businesses and the commencement of others which will provide sources of employment and community pride for Merrimack residents in the future.

We are proud to have been associated with, and express our gratitude to, the members of town boards, commissions and committees, department and division heads, employees and their families, local churches, service organizations and citizens who have contributed to the operation of the town during the past year.

## DEPARTMENT OF PUBLIC WORKS 1985 ANNUAL REPORT

The Annual Report is an opportunity to reflect on the achievements and activities during the previous year. While organizations will always have two goals which elude them, the Public Works Department in 1985 successfully accomplished its maintenance and construction programs within budget while continuing to modify and strengthen management and organizational structure to improve the quality and efficiency of provided services. The Department's staff remains committed to being in the forefront of public works through comprehensive planning, education and training, timely but informed decisions, and use of innovative equipment, materials, and techniques. This Department strives to anticipate and prepare for problems before their occurrence and to foster an attitude which welcomes, pursues, and accepts change.

1985 was a very active and productive year. Significant accomplishments were:

### WASTEWATER DIVISION

- U.S. Environmental Agency (E.P.A.) approval of the Town's Industrial Wastewater Pretreatment Program. Implemented and managed internally by the Town's Pretreatment Inspector, Roger Descoteaux, this program has fully satisfied all Federal and State criteria setting a high standard for other wastewater systems to emulate discharges from some 34 diverse and complex industries are monitored and regulated under this program.
- Town Meeting authorization to accomplish major repairs, renovations, and alterations to the Wastewater Treatment Plant recommended by an engineering evaluation completed in late 1984. This work costing \$500,000 will enable the treatment plant to better serve major industrial users through increased efficiency and greater improved operational flexibility.
- Reorganization of the Wastewater Division to centralize all plant maintenance under one supervisor to accomplish improved planning, scheduling, and inventory control. The Department was pleased to promote Robert Higgins from Mechanic-II, to this new supervisory position.
- Acquisition of a personal computer and printer to facilitate automation of laboratory data operation and statistical reports, maintenance scheduling, parts and supply inventory control, and to potentially assist in plant operation and management.
- Publishing in the Water Pollution Control Operations Forum of a paper authored by James Taylor, Assistant Superintendent entitled "Improvements to Solids Handling and Disposal at the Merrimack Wastewater Treatment Facility". This article brought National recognition to the Town's Sludge Composting Facility.

## HIGHWAY DIVISION

- Reorganization of Highway Division to establish new supervisory position of Project Foreman to provide full time inspection of major highway projects and to assist in inspection of public improvements being constructed by private development.
- Final completion of the reconstruction of major sections of Bedford and Amherst Roads.
- Resurfacing including shoulder improvements of Joppa Road and the Reed's Ferry section Route 3 (D.W. Highway).
- Preparation of 100,000 square yards (7.5 miles) of local roads for future final surfacing/road seal. Work consisted of the placement of bituminous concrete pavement to level and restore road crown and eliminate surface defects and distortion.
- Engineering design and commencement of work to reconstruct Turkey Hill Road from Amherst Road to Meetinghouse Road. Scheduled completion July 1, 1986.
- Commencement of engineering work necessary for the reconstruction of Naticook Road from Amherst Road to Peaslee Road.
- Major improvement including placement of new gravel surfaces on Greens Pond and Parkhurst Roads.
- Construction of a 2800 square feet addition to the Highway Garage to provide a separate area for vehicle and equipment maintenance.

No organization in today's world can rest on past accomplishments. Opportunity always exists for improvement and the growth and heightened level of construction activity in this region will continue to have a profound effect on how this department provides services and meets the needs of Town citizens. Particular problems that will continue to confront Public Works in 1986 are:

- Ability to hire and retain skilled employees.
- Escalating cost of materials, supplies, and construction.
- Diminished contractor interest in Town work.
- Coordination of road construction with private development and the Merrimack Village District water system improvements.

Well trained professional management, dedicated employees, a positive attitude, and strong citizen support make this department well prepared to meet these challenges.

C. Jonathan Manning, P.E.  
Director of Public Works

# REPORT OF THE MERRIMACK POLICE DEPARTMENT,

To the Honorable Board of Selectmen and the citizens of the Town of Merrimack, I herewith submit my report for the Merrimack Police Department for the period covering January 1, 1985 through 31 December, 1985.

We pledge to continue our efforts to meet the needs of the people we serve. We recognize that the public we serve needs information so they can properly evaluate the criminal justice system. This report gives them this opportunity so it is therefore worthwhile.

In conclusion your Police Department personnel want to thank everyone for their cooperation, and to the Board of Selectmen and our Town Manager, for your understanding and consideration.

Respectfully submitted:  
Joseph R. Devine  
Chief of Police

## SUMMARY OF POLICE ACTIVITY FOR 1985

During 1985 a total of 10,478 calls for service were received and reports completed. These calls for service were logged at the following times:

7:00 a.m. to 3:00 p.m.	= 4,131 calls for service
3:00 p.m. to 11:00 p.m.	= 4,057 calls for service
11:00 p.m. to 7:00 a.m.	= 2,290 calls for service

The category of calls received and reported included:

Ambulance Assists	= 563
Bomb Threats	= 2
Fire Department Assists	= 444
Animal Complaints	= 910
Bank Escorts	= 359
Incoming House Checks	= 871
Missing Persons	= 46
Unsecured Business Found	= 616
Traffic Accidents	= 675
Part #1 Offenses	= 512
Part #2 Offenses	= 828
Burglar Alarm Answered	= 539
Other Incidents	= 4,113

## **DETECTIVE DIVISION**

The year 1985 brought some personnel changes to the Division. Through promotions, two investigators left the four member unit to become Patrol Sergeants. Sergeant Paul Stavenger was laterally transferred from Patrol to the Detective Division. An additional two patrolmen were also transferred to the unit as replacements, bringing the unit to full complement.

Throughout the year the Detective Division investigated a vast number of Criminal Reports received by the Police Department. As a result of increased citizen involvement and participation through the efforts of the Police Department, 57% of Criminal Reports taken by the Police Department were solved.

The Detectives conducted as many, if not more, Criminal Investigations of crimes reported but unsolved. The bulk of the unsolved crimes were suspended after investigation due to the lack of investigative leads upon which to continue.

D.E. Tags Issued	2,284	1,851

## ANIMAL CONTROL OFFICER'S REPORT FOR 1985

Dogs Impounded	126
Dogs claimed by owners	110
Dogs taken to N.H.S.	16
Cats taken to N.H.S.	7
Nuisance	12
Running At Large	55
Vicious Offense	2
Dog Bites	3
Livestock Killed	2

### JUVENILE UNIT

The Juvenile unit consists of one full-time Detective. He is responsible not only for a percentage of Criminal Investigations, but he handles family crisis situations on a follow-up basis. These consisted of 61% of all juvenile activity in 1985.

The Juvenile Unit processed 281 cases in 1985, 88 of which resulted in Court action. This is an 8% decrease over 1984.

The development of a "Youth Monitoring Program", a form of Court Diversion, allows a family, after reporting a family crisis situation to the police, to be placed on this program. It is for a period of 30 days where the Juvenile Officer will meet with the family at pre-determined appointments to monitor the progress that the family has made. The family is given information on referral programs offered both locally and New England wide. If after 30 days has expired and the situation is under control, at this time the Police will step out and allow the family to work the problem out themselves, thus eliminating the need for further intervention by either the Police or the Courts.

The development of local "Crisis Homes" is presently in the planning and engineering stages and it is hopeful that they will be in operation by mid-year.

## UNIFORM CRIME REPORTING INFORMATION

The Uniform Crime Reporting System is a reporting system used by all State and Local Police Departments in reporting crimes that are committed in their jurisdiction to the Federal Bureau of Investigation.

Part # 1 offenses are the most serious crimes, and the most violent are classified as crimes against the PERSON. They are:

CRIMINAL HOMICIDE  
FORCIBLE RAPE  
ROBBERY  
ASSAULT/SIMPLE ASSAULT

The next four Part # 1 crimes are serious PROPERTY crimes, such as:

BURGLARY  
THEFT/LARCENY  
MOTOR VEHICLE THEFT  
ARSON

The accompanying chart shows the figures as they were actually reported:

### PART #1 OFFENSES

		1985	1985	1984	1984
		Reported	Cleared	Reported	Cleared
0100 - Murder	=	0	0	0	0
0200 - Rape	=	9	7	8	7

**REPORT OF  
THE COMMUNICATIONS CENTER FOR 1985**

To the Honorable Board of Selectmen, the Town Manager, and the Citizens of the Town of Merrimack, I herewith submit my report for the Communications Center for the calendar year ending 31 December 1985.

**MERRIMACK COMMUNICATIONS CENTER**

**Supervisor**  
Daniel C. Ring

**Dispatchers**

Agnes Warrington  
Rosemary Rousseau

Michele Gagne  
Christine Orleans

**Substitute Dispatcher**  
Michael Murray

In Case of Emergency Dial: 424-2222  
For Business Dial: 424-2378 or 424-3774

**COMMUNICATIONS CENTER ACTIVITY DURING 1985**

Telephone Calls Placed	8,239
Telephone Calls Received	52,953
Radio Transmissions	323,563
False Burglar Alarms	539
Good Morning Calls	4,190

Your Communications Center is under the direction and control of your Chief of Police Joseph R. Devine. Daniel Ring has been assigned as Supervisor of the Center.

The Center serves all Town Departments in their day to day operations and during emergencies. The Communications Center is open twenty-four hours a day, seven days a week.

The demographic changes in Merrimack in 1985 has increased the demands for services. Industrial growth and increases in the number of housing units have increased the needs of the community and will continue to do so in the foreseeable future.

Your Communication Center personnel want to thank everyone for their cooperation and to the Board of Selectmen and our Town Manager for their understanding and consideration.

Respectfully Submitted,  
Daniel C. Ring  
Communications Supervisor

## MERRIMACK AMBULANCE RESCUE SERVICE

To the Honorable Board of Selectmen and the citizens of Merrimack, I herewith submit my report for the year 1985.

### Organization

Director	Norman Carr, PA-C
Ambulance Officer	Richard Edmonds, EMT-2
Asst. Ambulance Officer	David Edmonds, EMT-2
Training Officer	Eric Damon, EMT-2
Secretary/PI Officer	John Roberts, EMT-2

In 1985, your ambulance service responded to 790 requests for emergency medical aid. This represents a 22% increase over 1984 requests. Of the total responses; 14% were for motor vehicle accidents with personal injury, 25% were for other types of injuries, 33% were for illnesses, 11% were transports between medical facilities, and 17% resulted in no transportation of patients.

A third ambulance was purchased, equipped, and placed into service in 1985. This 1985 Ford van ambulance is A.C.L.S. ready and is available for providing advanced field techniques in our efforts to reduce morbidity and mortality. Renovation has begun on the two modular ambulances previously in service and, when completed, will allow for better town-wide emergency medical response in our continued efforts toward offering the best services available to Merrimack's citizens and visitors.

An ambulance service is only as good as the attendants who respond with the equipment. I am particularly proud of the dedicated volunteers who provide 70% of Merrimack's ambulance coverage. These EMTs complement your daytime paramedics whose advanced capabilities not only make possible the ultimate in field emergency care but also do so in a suburban community setting where such services are often rare.

The operations support from Merrimack's Fire and Police departments plays a large part in our ability to provide services, as does the Merrimack Ambulance Auxiliary's financial and moral support. This year the Auxiliary raised funds and supplied equipment that amounted to a 50% increase in our line item allocation for those life saving adjuncts and training aids.

One closing comment to all who see this report. The Merrimack Ambulance Rescue Service values the lives of those we serve. Please help us preserve life and limb in Merrimack. ***DON'T DRINK AND DRIVE!***

## MERRIMACK FIRE DEPARTMENT

To The Honorable Board of Selectmen and the  
Citizens of the Town of Merrimack

I herewith submit my report for the Merrimack Fire Department for the period from January 1, 1985 through December 31, 1985.

Again in 1985 we have experienced an increase in incidents. However, our fire losses still remain stable. This again is due to good code enforcement, fire prevention and quick response by our suppression forces.

Our plan for increasing our force is in full swing and we expect to be manning our South Merrimack Station by January 1987. We also plan for a new fire inspector to assist with code enforcement inspections and investigations as well as public education. The new fire pumper voted on in 1985 has been ordered and we expect delivery in June of 1986.

Again this year I wish to thank all who have been so helpful during 1985. The men and women of our department, the Merrimack Ambulance Rescue Service, the Merrimack Police Department, the School Department, the Building Department, the Department of Public Works, the Ladies Auxiliary, the Town Manager, the Board of Selectmen and most of all the citizens of Merrimack without whose support our job would be extremely difficult.

Remember, only you can prevent fires.

Respectfully submitted,  
Charles Q. Hall, Chief  
Merrimack Fire Department

## REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with **your** help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

### FOREST FIRE STATISTICS - 1985

Last year careless discarding of wood stove ashes was one of the leading causes of brush fires.

**MERRIMACK VALLEY HOME HEALTH CARE  
ASSOCIATION, INC.  
1985 ANNUAL REPORT**

The allocation from your town continues to be essential to the continuing survival of our Association. As the population continues to age, more and more people need services but do not have an insurance which will cover them and do not have the income to pay for all the costs involved in providing them. Our town monies help us subsidize services to these needy persons, most of them being frail and elderly.

Our nurses provided skilled and long-term care, therapies provided rehabilitative measures, home health aides gave personal care, homemakers helped to enable patients to be at home in an adequate environment and our social worker helped with financial, social and economic problems. All in all, it is a team effort individually tailored to each patient's needs that allows us to succeed in our goals to let each person maintain independence and dignity as long as possible in a cost-effective way.

In 1985, the following residents contributed their time and talents to the Association by serving on the Board of Directors: Gerry Botsch, Eleanor Flanders, Shirley Foret, Effie Hall, Dr. Scott Lattimer, Genie Lindsay, Olive Marcinkowski and Evelyn McSweeney.

We express our appreciation for your continuing support of our endeavors.

## REPORT OF THE TRUSTEES OF THE MERRIMACK PUBLIC LIBRARY

Last year we reported to you that the Merrimack Public Library was ready to accept "The Challenge of Change". We have been instituting many changes and we now find ourselves in a position to prepare for many more changes that lie ahead of us as we feel that we are at, "The Turning Point".

We are at "The Turning Point" when it comes to both the interior and exterior appearances of our facility. Thanks to the generosity of the Merrimack voters we have been able to better maintain our building and grounds during the past year. We have initiated a systematic painting schedule for our facility and with your support, hope to continue our efforts this year. Through a joint venture with the Adult Community Center we have improved the grounds between our two facilities and hope to complete our work this spring. Special thanks are extended to Louise Klumpp, George White and the Department of Public Works for their tireless efforts. The sidewalk in front of our main entrance has deteriorated to the point where we are concerned for the safety of you, our library patrons. We have asked for funds to replace this sidewalk in the proposed budget and urge your support.

We are at "The Turning Point" when we consider what we have accomplished in terms of meeting the computer age. Our reference department is now connected to the New Hampshire State Library which should provide further swift and efficient reference service for our patrons. We continue to prepare our facility for the eventual computerization of our circulation department. Our public access computer is now available to all library users in our children's room thanks to generous contributions from the Friends of the Library, Norden Systems, the Lions Club, the Exchange Club, the Welcome Wagon, the Merrimack Teachers Association, George and Yvonne Greenleaf, Fern Jones, the Bank of New Hampshire, Numerica Financial Center, the LEOS, the Bedford Women's Club, the Merrimack Jr. Women's Club, Harold Skoglund and several contributions in memory of Renny Carmichael.

Our circulation continues to grow—over 127 000 items loaned during 1985, an increase of over 10% from 1984. We average a circulation of 425 items per day and once again find ourselves at "The Turning Point" when it comes to the utilization of our staff. Thus we are asking for a full time adult services librarian in the upcoming budget. The demands made upon our current staff members call for us to seek this position to better serve you, the library users.

On a more depressing note, our staff reports that we have lost over \$1,000 worth of reference materials that have been paid for by the taxpayers of Merrimack during the past year. We shall be completing a full inventory of all materials shortly and anticipate that the dollar value lost from our entire collection will be substantial. We must face the fact that these materials have been stolen and after a great deal of soul-searching, your Trustees have decided to seek funding for a theft detection system to protect **your** investment in the Merrimack Public Library.

Your Trustees as individuals are at "The Turning Point" as well. We welcomed long time community activist Harold Thresher as a new Trustee in May of 1985 and at the same time we wish and thank Joan Mountford for her years of service as a Trustee. In addition Trustee Chairman John Grady has announced that he will not seek re-election in May of 1986 after five years of service, opting instead to give the Trustees new blood as it makes the turn!

Respectfully submitted,  
John J. Grady, chairman  
Robert N. Kelley, secretary  
Harold L. Thresher, treasurer

## REPORT OF THE MERRIMACK PUBLIC LIBRARY 1985

The library enjoyed its busiest year ever in 1985, and anticipates that the years to come will be years of even further growth. Circulation of library materials reached an all-time high, and we added over 1,500 new library users to our ranks.

Library staff members worked hard, and are to be commended for a job well done. New and welcome additions to the staff include Diane Friese, Margaret Cobban, Catherine Forbes, Aaron Flint, and Brian Button. Past employees to be thanked for their service include Brenda Grady, Pat MacDonald, and Peggy Sosnowski.

Library aides Pauline Cote and Pat Daniels furthered their education by taking library courses through UNH's School of Lifelong Learning. Diane Friese, our new Reference and Interlibrary Loan Librarian, sharpened her database searching skills by participating in an intensive DIALOG training session. Other staff members attended relevant workshops throughout the year.

For the first time in several years, the library entered a float in the town's 4th of July parade. Staff members to be thanked for their courage and involvement include Cheryl (Tweedle Dum) Roberts, Darryl (Robin Hood) Barton, Ginger (Little Miss Muffet) Cerie, and Steve (Dungeon Master) Kenson. Also helping that day were John Roberts, Don Cerie, Roger (Mad Hatter) Cerie, and Tammy (Alice in Wonderland) Cerie!

The Children's Department conducted 285 storytimes, and 194 other programs for children in 1985. The summer reading program was its usual success with 110 children involved, and 2,884 books read!

We welcome volunteers, and are especially thankful to our faithful "core" group of 1985 volunteers: Edith Bullard, Jane Cooper, Madeline Bennett, Suzanne Tremblay, and Kristi Pearce.

In addition to our traditional services that include books, magazines, records, art prints, children's programs, and reference service, we have taken many steps to diversify. In the year to come, we hope that even more Merrimack residents will "look to the library" for all of the above services as well as in-depth data base searches, large print books, our new adult literacy collection aimed at helping adult non-readers, videocassettes, books on cassette, income tax forms and other tax information, meeting rooms, a photocopier, daily newspapers, and much more.

We look forward to serving our current library users in the year to come, and hope that many more of you will "check us out" in 1986!

Respectfully submitted,  
Margaret E. Marshall  
Director

## MERRIMACK CONSERVATION COMMISSION ANNUAL REPORT

In 1985 the Commission continued to monitor those land use practices that affect both the wetlands and water bodies within the Town. This effort was accomplished by reviewing formal Dredge and Fill Permit Applications and providing advice to residents and developers contemplating projects which may affect our Town's wetlands. A total of 16 applications were acted upon by the Commission. Twelve applications were approved with certain conditions, three were denied, and one is pending receipt of further information. It is felt that improved coordination and cooperation with the State of New Hampshire's Wetlands Board has resulted in fewer "blanket" approvals of applications and the issuance of permits with certain conditions which have been suggested by the Commission.

In another water-related project, the Commission has continued its support of the University of New Hampshire's Lay Lake Monitoring Program. This program provides technical training to lay persons to conduct basic water quality monitoring on Baboosic Lake and Naticook Lake. Data collected by these participants is collected and analyzed by University personnel and a yearly report is provided for the Town's benefit. In an attempt to balance this water monitoring program, the Commission initiated a monitoring program for selected sites along Baboosic Brook and the Souhegan River. Collected water samples are sent to Water Test Inc. located in Manchester where they are analyzed for a variety of potential contaminants. This program was begun in October and will be repeated again in May.

In an effort to bring attention to the resource and recreation values of the Merrimack River, Commission members assisted the Parks and Recreation Committee in their sponsorship of a day-long canoe trip. Over 60 members of the public participated in the event.

As in past years, the Commission again provided full tuition to a student to attend the Society for the Preservation of New Hampshire Forests' Youth Conservation Camp. This week-long camping experience is designed to train students to become conservation leaders in their schools and communities. Campers learn about our renewable natural resources: forests, soil, water and wildlife. Evening activities stress current issues in conservation such as acid rain and wildlife protection. This year's candidate was 14-year-old Dennis Turcotte of Island Drive. Dennis, who was selected through the efforts of Mr. Donald Hoover, Scoutmaster of Boy Scout Troop 15, attended camp during late June. He returned to one of our fall meetings to tell us about his experiences.

The Commission also has the responsibility for protecting and retaining in their natural state a variety of Town parcels. The largest of these is the 80-acre tract known as The Falls of the Souhegan Conservation Area. This beautiful natural area can be enjoyed by the public during daylight hours by parking at the gate located at the end of Currier Road. A trail starting at the gate leads directly to the river. By proceeding downstream a short distance

along a narrow trail, a visitor can view Wildcat Falls, one of only a few located along the Souhegan River.

Our seven member Commission meets on the second and fourth Tuesday of each month in the Ambulance Barn located adjacent to the old Town Hall.

Members of the Conservation Commission and the expiration date of their terms are as follows:

Walter Quist, Chairman	June 1987
Jay Barry	April 1987
Gersha Bayer	April 1987
Brenda Grady	April 1988
Elizabeth Hummel	April 1988

## ANNUAL REPORT OF THE MERRIMACK PLANNING BOARD

During 1985 the Planning Board proposed and received voter approval for five changes to the Zoning Ordinance, amended its Subdivision Regulations, approved three major residential cluster developments, approved forty-four subdivision plans, approved fifty-one site plans for commercial or industrial development, and held numerous meetings to consider roadway improvements, preliminary, and conceptual site plans.

The Planning Board presented five proposals for zoning changes to the 1985 Town Meeting. All received voter approval and are now adopted as part of the Merrimack Zoning Ordinance. The first of these changes adopted a series of regulations pertaining to the size and number of advertising signs allowed in the Town. The second adopted regulations pertaining to off-street parking for commercial and industrial uses. Both sets of regulations had been part of the subdivision regulations adopted by the Planning Board since 1980 and 1981. Adoption of the regulations as part of the Zoning Ordinance strengthens their legal authority. The three remaining ordinance changes updated and amended the Building Code in the Town. A sixth zoning change proposal, submitted by petition, to provide for an additional Planned Residential District area on a parcel of land on Camp Sargent Road was defeated by the voters. A similar proposal was defeated in 1984.

In July of 1985, the Planning Board amended its Subdivision Regulations regarding the requirements for obtaining building permits and occupancy certificates. The changes removed the requirement for a developer to post a bond for road improvements at the same time as the improvements are being constructed unless building permits in the subdivision are to be issued. Some housekeeping amendments were also made including deletion of the sign regulations which were adopted as part of the Zoning Ordinance in May of 1985.

The Planning Board reviewed and approved three major cluster developments with a total of 170 dwelling units during the year. These were: Bradford Woods, Phase II, on Back River Road (101 units); Horseshoe Pond (49 units); and Monahan/Cox on Bedford Road (20 units). There were also forty-four subdivision plans reviewed and approved which created a total of sixty additional residential building lots. Forty-eight site plans for commercial development or changes in commercial development were also approved. A major industrial development for Bradgate Associates, a wood framing plant, on Wright Avenue was approved. Industrial expansions were approved at Sanders Associates, Anheuser Busch, and at the Daniel Webster Industrial Park.

The Planning Board continued to work with the New Hampshire Highway Department, the Board of Selectmen, our Legislative Delegation, and the Nashua Regional Planning Commission to develop plans for the F. E.

Everett Turnpike Industrial Interchange, the Camp Sargent Road By-Pass, the Nashua/Hudson Circumferential Highway, the F. E. Everett Turnpike/Bedford Road Interchange, and the reconstruction of Exit 8. Two studies by the Nashua Regional Planning Commission are currently being performed for the Town. One studies the effects on town roads of the proposed Bedford Road turnpike ramps and the second studies the effects of proposed improvements (widening) of Route 3.

In May of 1985, Mr. Rossiter R. Holt was appointed Selectmen's representative to the Planning Board replacing Donald H. Botsch. Mr. Maurice P. Lindsay was reappointed to the Board for a three year term. Nelson R. Disco was re-elected Chairman and John J. Segedy was elected Secretary to the Board.

Members of the Planning Board and the expiration dates of their terms of office are as follows:

Nelson R. Disco, Chairman	April 1987
John J. Segedy, Secretary	April 1988
Arthur L. Gagnon	April 1987
Scott M. Walsh	April 1987
Charles M. Nute	April 1988
Maurice P. Lindsay	April 1988
Rossiter R. Holt	May 1986

## ASSESSING DEPARTMENT

During the period January 1 through December 31, 1985, the Assessing Department continued to witness a continual building growth within the Town.

Total parcel count continues to grow; 5,200 parcels in 1979 to approximately 7,400 parcels in 1985.

All classes of properties (residential, commercial, and industrial) continued to show growth and market value increases. However, there appears to be a shift, in total growth, to more residential building when compared to commercial and industrial tax base contributions.

The Assessing Department will be requesting an equalization update of all properties. It has been seven years since the last complete equalization of all real estate in the community. Meanwhile, constantly changing economic conditions have caused inequities to develop. The only solution to this problem is to reappraise all real estate—bringing assessment records up to date with present day values. Using a private appraisal company ensures a positive and unbiased program.

The professional staff of Anne L. Whitney, Jean H. Geiger and Barbara A. Condon continue to keep abreast of community growth and to serve all Merrimack taxpayers.

Respectfully submitted,  
Dominic S. D'Antoni, Assessor

**ZONING BOARD OF ADJUSTMENT**  
**1985 ANNUAL REPORT**

The Zoning Board of Adjustment held fifteen public hearings from January 1, 1985 to December 31, 1985. One hundred cases were reviewed as compared to eighty two in 1984. Sixty two appeals were granted plus ten additional appeals granted with conditions for a total of 72% granted. 15% of those granted were to legalize existing conditions to allow the sale of property. Ten appeals were denied and ten were withdrawn for a total of 20%. In addition, five cases were tabled and three cases were not heard when the appellants did not appear.

The board members are Antone S. Holevas, Chairman, Arthur A. Carlson, Donald R. Dwyer, Bruce W. Nightingale, and Chester R. Porembski, with David A. Paddock, Martin F. Kelley, and Charles L. Roberts serving as alternates. The board would like to thank former chairman Alfred A. Hinckley, who resigned earlier this year, for his many years of loyal service and exemplary leadership. In addition, special mention should be given to alternate member David A. Paddock who ably served for nearly a year during the illness of one of the regular members.

Finally, the board wishes to thank Jean Weston, not only for her services as secretary to the board, but for her unfailing wisdom as well, and Jane Coelho for efficiently filling in as needed.

Respectfully submitted,  
Antone S. Holevas, Chairman

**ANNUAL REPORT 1985**  
**MERRIMACK HAZARDOUS WASTE FACILITY**  
**REVIEW COMMITTEE**

As mandated by state statute Chapter 147, the committee was formed by the Board of Selectmen on December 17, 1981. The committee has held over 110 public meetings to review Applied Chemical Technology, Inc.'s application to construct an organic solvent recycling facility to process hazardous waste on Mast Road in Merrimack.

On November 19, 1982, the committee published the first report of its findings and recommendations based on its review of Applied Chemical Technology, Inc.'s application, the committee's review of other relevant information and the testimony received during the October 1982 public hearing on the engineering review conducted by the Office of Waste Management.

Our November 1982 report concluded that the siting of this facility would be incompatible with the proposed site, would negatively impact the health and welfare of the surrounding area, and would pose significant environmental and economic problems in the surrounding area.

The Office of Waste Management's response to the committee's report was to require Applied Chemical Technology, Inc., to conduct a hydrogeological investigation of the site and the immediate environs. This study was to have been completed before a **draft** permit could have been considered. This prompted the committee to secure bids and select an engineering firm to assist the committee in the review of the results of the hydrogeological study. The Office of Waste Management agreed to grant funding for a hydrogeological consultant concurrent with the initial request. Funds were also requested for the purpose of hiring a consultant to conduct an economic impact study as well as a seismic investigation of faults in close proximity to the site. This request was denied by the Office of Waste Management.

In January 1984, however, the Office of Waste Management reversed its decision to require the hydrogeological investigation of the site before issuing a draft permit. This action brought strong objections from not only the committee, but also from surrounding communities and many Merrimack residents. A pre-draft permit was issued in March, 1984. This action prompted yet another report from this committee in response to the conclusions reached by the Office of Waste Management in preparing their draft.

On September 27, 1984, the final version of the proposed draft permit was released for public review and comment. The general public, as well as the committee, were given thirty days to submit their comments and recommendations. During this review period, the committee requested that the Office of Waste Management hold their scheduled public hearing in Merrimack. On November 16, 1984, the committee released its report of

comments and recommendations on the draft permit. This report cited, once again, the numerous reasons why the draft permit should be vacated.

As requested by the committee, the Office of Waste Management held three public hearings on January 16 and January 22 and February 4, 1985, for the purpose of receiving public comment. These hearings were attended by over 5,000 citizens in total. Testimony against the issuance of a draft permit to Applied Chemical Technology, Inc., was received not only from Merrimack residents, but residents from several other southern New Hampshire communities as well as many New Hampshire-based organizations. The committee then amended its November 16, 1984, report to incorporate all information and comments received from the public during the hearings within the thirty-day period after the close of the record of the public hearings. Applied Chemical Technology, Inc., was to respond to the committee's reports as amended within fifteen days. The Office of Waste Management was to then decide within ninety days whether or not the draft permit would be granted.

On February 7, 1985, the New Hampshire Supreme Court rendered its decision in the case of Applied Chemical Technology, Inc. vs. the Town of Merrimack and Anheuser Busch, Inc., Intervenor. In its decision, the New Hampshire Supreme Court reaffirmed the Merrimack Hazardous Waste Facility Review Committee as a legally constituted committee, a point of law which had been contested by Applied Chemical Technology, Inc. The Supreme Court also reaffirmed the right of a Hazardous Waste Committee "to evaluate the local economic effects of a proposed facility and report to the Office of Waste Management of local concerns about these effects." Armed with a favorable court decision, the committee resubmitted its funding request to retain a consultant to perform an economic impact study. This request was then granted by the Office of Waste Management.

The committee selected a consultant, E.R.M.-McGlennon, to perform the economic impact study and outlined the scope of work to be included in this study. The study was to be completed in three phases. Phase I consisted of the collection of data on the existing economic base of the Town of Merrimack. Phase II included the mailing of a questionnaire to 1,000 randomly selected residents. Phase III was to be the consultant's findings and reports. The Phase II questionnaires were mailed the last week of June 1985.

On July 3, 1985, Applied Chemical Technology, Inc., announced that an agreement had been reached between Applied Chemical Technology, Inc., the land owners, and Anheuser Busch, Inc., which secured the withdrawal of Applied Chemical Technology, Inc., application in exchange for monetary compensation to Applied Chemical Technology, Inc., along with other conditions precluding another site selection within Merrimack and the surrounding area.

Based upon this announcement, the committee immediately notified its consultant to suspend all activity on the economic impact study. Despite

Applied Chemical Technology, Inc.'s announcement of withdrawal, a 38.6% response to the questionnaire was received which, by professional survey standards, is considered to be extremely high. The committee has been compiling these responses into an informational report to be submitted to town and state officials.

Key points derived from the resident survey may be reduced to the following:

1. Approximately 69% of the respondents have resided in Merrimack for more than five years (40% for greater than ten years).
2. Residents responding to this study indicated a fierce pride and concern for their community design.
3. The responses indicate a community committed to preserving its quality of life, sensitive to environmental issues, and preservation of the town's natural resources.
4. The responses indicate a community unwilling to place the character and resources of the town at risk and expect future industries to adhere to these standards regardless of what direct or indirect economic benefits might be derived.
5. The responses indicate a community well informed through the various communication media and suggest a willingness to take an active part in the affairs of the community.

Three graphs are included as part of this report which provide an overview of the survey responses. We regret that financial constraints limited the survey from reaching every resident. We feel, however, that those who took the time to respond expressed themselves eloquently on behalf of all.

The committee is especially grateful to the numerous concerned citizens, civic and environmental organizations and corporate residents far too numerous to mention in this report. All have been an invaluable resource to us in fulfilling our legal obligations. We also wish to thank many of the members, past and present, serving on the Board of Selectmen as well as many of our state representatives for their support and assistance throughout these four trying years.

We especially wish to thank the corporate management of Anheuser Busch for their magnanimous contributions in bringing this issue to a final settlement, as well as John Harvell and his ad-hoc citizens committee, all of whom so graciously gave of themselves on behalf of their community.

## PARKS AND RECREATION COMMITTEE

### ANNUAL REPORT

The Merrimack Parks and Recreation Committee is entrusted with the responsibility of advising Town Officials and residents on matters concerning the status and provision of recreation and open space within the Town. The Committee consists of 12 members, including a Selectmen's representative, and representatives from the School Board and MYA. During the past year our activities included many areas.

The Merrimack Youth Association (MYA), contracted by the Town to provide recreational activities for the youth of Merrimack, is a voluntary non-profit organization. The Parks & Recreation Committee negotiates this contract and monies paid to the MYA are a line item in the Parks & Recreation Committee Budget. Reports on their activities are encouraged to be given at the monthly Parks & Recreation Committee meetings.

The Committee was sad to see Mitch Corrigan leave the office of the Presidency of the MYA. Thank you for a job well done! An additional thank you goes to Frank Jaczuk for doing a fantastic job with MYA's budget over the last few years. Our thanks extend to all those who volunteered their time for the various programs offered. Those programs include football, girls' & boys' basketball, Babe Ruth baseball, girls' softball, Little League baseball, American Legion baseball, cheerleading, karate, dance, baton, and soccer, which includes a traveling team.

Since the signing of the 25 year renewable lease with the Manchester YMCA for the use of the Wright Property, plans have been drawn up for various fields, including one or more baseball/softball fields, a soccer field, possible track, etc. and work has begun.

Work is currently being held up on the plans for the Veterans Park until a comprehensive topographical map is completed. However, fund raising continues under the direction of Bob Brundige and monies will be available to proceed immediately once the map is done. Our thanks goes to George May who continues to volunteer his time and efforts to oversee all work done for the park.

Our continuing thanks go to Mat Matsis for his time and effort as volunteer Tennis Commissioner. He has monitored court usage, suggested rules for safe play, and made sure the courts were maintained.

Special thanks goes to Wayne Sharp and John Hall who took care of the town's ice rink throughout the winter on their own time.

Major fencing repairs were done throughout the town, including some of the school fields this year.

Boy Scout Troop #401 continues to add to the atmosphere of Twin Bridges by making some areas more accessible to visitors. They have donated lots of time and labor to the park.

For the first time ever, the townspeople included monies in the Parks and Recreation budget for a parttime Parks and Recreation Coordinator. His/her job will be to plan and carry out recreational activities/events for people in the town other than those the MYA provides. Due to unavoidable circumstances, this person has not been hired yet, but we are very excited that this will soon happen.

July is the State's Recreation Month and Rivers Month. We hope to have another canoe trip this year as part of the celebration. Last year's trip was very successful, with 27 canoes involved; participants' experience ranged from beginners to experts.

The Parks and Recreation Committee meets monthly and would welcome any input and/or assistance from Town residents.

Respectfully submitted,  
Diane Pearce, Chairman

# BUILDING INSPECTOR'S REPORT

January 1, 1985 - December 31, 1985

Although total building permits for 1985 (1324) declined by 11% as compared to 1984 (1486), Merrimack continues its steady growth. Building inspection fees increased by 28% over 1984.

## Building permits issued in 1985:

Single family dwellings	219
Two family dwellings	4
Three & four family	199
Five family or more	77
Mobile homes	1
Industrial buildings	3
Office, bank & professional buildings	5
Store & other mercantile buildings	3
Other non-residential buildings	9
Structures other than buildings	49
Additions to single family dwellings	214
Residential garages/carports	79
Additions other than single family	45
Demolitions	2
Septic repairs	53
Signs	50
Electrical	297
Plumbing	155
Oil burner	107
Storage tanks	21
	<hr/>
	1,324

## Statistics:

Incoming calls	16,482
Xerox copies	40,144
Persons assisted at counter	6,563
Inspection requests	3,560

Special thanks go to Code Enforcement staff consisting of Asst. Building Inspector Maurice Cote, Health Officer Nancy Bailey, Sally Raymond, Jane Coelho, and Lena Cook, as well as to Planning Board secretary, Jean Weston.

Respectfully Submitted,  
Eugene H. Leger,  
Code Enforcement Officer

## WELFARE DEPARTMENT

Welfare continues to grow in Merrimack. Living costs are rising at a faster rate than state and federal grants to welfare recipients. Mothers on AFDC have a hard time trying to get by on their monthly allotment. This causes a heavier burden on the cities and towns. Fifty-two cases were processed this year — thirty general assistance and twenty-two juveniles. Even though the number of cases has decreased, the money spent has increased.

General assistance consists mostly of rent, food and utilities. The majority of the cases are single parents. The town gives aid to these mothers or fathers until they start receiving their AFDC checks and food stamps. This can take anywhere from six weeks to three months. Liens are placed on property of homeowners receiving assistance assuring the town of reimbursement.

The juvenile cases come to the welfare department through the court. Some children have to be placed in foster homes or institutions. Every effort is made to collect these expenses from the parents but it isn't always possible.

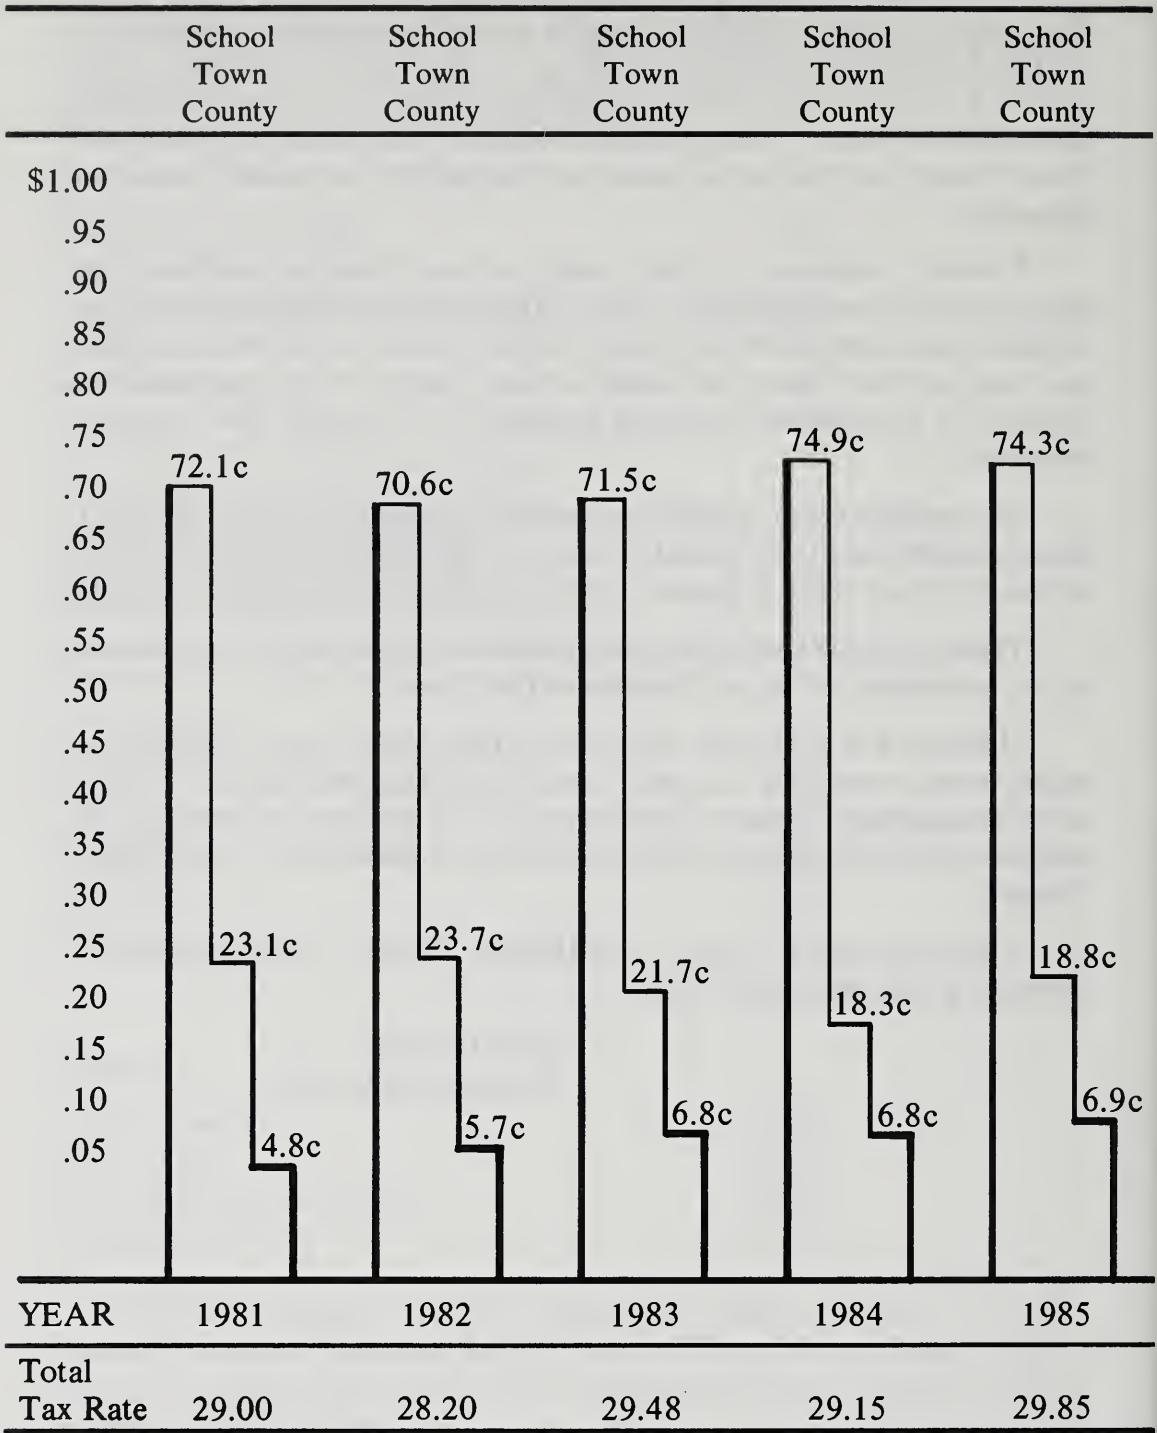

The department continues to be handled through the finance department with a selectman serving as Overseer of the Poor.

Merrimack is a member of the New Hampshire Local Welfare Administrators Association and participates in meetings on subjects pertaining to the management of the welfare program. This association keeps abreast with new laws being passed by the legislature and informs the towns of these changes.

We would like to thank Jean Hieken, Welfare Secretary, for her continuing dedication and efforts.

John J. Grady  
Overseer of the Poor
