REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Middleton:

In September, 1966, the Middleton children attending school outside the district were as follows:

<u>School</u>	<u>Grade</u>												<u>Total</u>
	1	2	3	4	5	6	7	8	9	10	11	12	
Farmington													
Memorial Drive	7	7	6	5									25
Main Street					6	10	11						27
High School								3	4	3	-	2	12
Total	7	7	6	5	6	10	11	3	4	3	-	2	64

The amounts for which a sending district will be liable for tuition in 1967-68, in the absence of a contract, on the basis of estimated state average per pupil cost in 1966-67 have been determined as follows:

Elementary grades (1-6 or 1-8)	\$401.00
High School grades (9-12 or 10-12)	589.00

Based on per pupil cost, Farmington School District has adopted the following rates:

Elementary grades 1-8	\$300.00
High School grades 9-12	500.00

Due to the cooperation of the Middleton School Board, with the Farmington School Board, it has been possible through Title I Funds Public Law 89-10 to purchase adequate library shelving, thereby improving the library storage facilities for the two communities.

A six weeks' summer reading program for those students who needed additional help in reading was made available through the same source of revenue. Necessary reading equipment was also made available to improve their ability in that area.

Under current funds provided by Title I, we now have

three teacher aides to assist the first grade teachers in non-teaching duties; therefore, it is hoped that the citizens of Middleton will continue to accept this supplementary aide to education.

These are changing times in educational circles, and signs point to growth and innovation in the immediate future. The AREA Concept and Co-operative School Districts will receive much attention in the wake of recent State Board of Education pronouncements concerning secondary school enrollments. There will be a continuance of Federal programs which will affect education in one form or another. We should be watchful and informed so that our decisions, concerning the education of boys and girls, will be based on facts rather than emotions and hearsay.

Throughout these days ahead we will appreciate, as in the past, your continued cooperation in the best interests of boys and girls.

Respectfully submitted,
Ramon Martineau

John Houghton, Jr., Asst.
