TOWN OF NORTHWOOD
NEW HAMPSHIRE

ANNUAL REPORT

For The Year Ending
December 31, 1999

1999 Town Report Cover

For the past two years, the Town of Northwood and Coe-Brown Northwood Academy have worked together to involve the students in the town report process. The art students at Coe-Brown submit photographs, drawings, and paintings, for consideration for the cover of the Town Report. After the artwork is received, there is an advertisement placed in the local newspaper encouraging Northwood residents to visit the Town Hall to view the artwork and submit their opinions as to which piece they would like to have displayed on the front cover.

The winning picture for the 1999 Town Report is Talitha Bradley.

Ms. Bradley submitted a black and white photograph of the Northwood Congressional Church located on First NH Turnpike in Northwood, New Hampshire.

Congratulations Talitha Bradley!

We would also like to thank the Coe-Brown Northwood Academy for their participation and Mr. Scott Chatfield, Art Instructor for Coe-Brown, for coordinating and submitting the pieces of art.

This article was taken from the 1923 Northwood Town Report in observance of our 150th Anniversary. Having celebrated our 225th Anniversary not long ago, it seems appropriate to re-write it today...

Incidents in the Early History of Northwood

Written by Miss E.B. Watson for Old Home Day, Aug. 22, 1923.

One hundred and fifty years! A phrase easily said, but how many of us appreciate what those long years have brought in the way of change in Northwood? Most of us here know the town only as we see it today and the memory even of the oldest of us does not go back very far along the path of that century and a half. To cover all the happenings of those years, to pay tribute to all who have done work worthy of commemoration, would demand more time than is ours today. But it is altogether fitting that, on this occasion, we turn back to consider for a few moments some incidents in our early history. And, since this is the age of the moving picture, let us, in fancy, look first at a series of scenes typical of the beginnings of our town.

The year is 1762. The time is early spring. Birds are singing, buds are swelling on the trees and tiny streams, so recently ice-bound, are dancing in the sunlight. Through the somber stretches of unbroken forest that extend north from the little settlement in Nottingham come four woodsmen. On their shoulders are axes, guns and provisions for several days. They with others have heard of the abundance of game, the fertility of the soil and the richness of the forest in this section, known to them as the North Woods; and true pioneers, they have come to see for themselves, to explore, and perhaps later to settle. Can you see them as they stalk sturdily, yet always alertly, through the deep woods looking with eagerness at this territory new to them, and yet not unconscious that hostile Indians may be lurking behind any tree? These men, Moses Godfrey with John and Increase Batchelder from Hampton and Solomon Bickford from Lee are the four earliest settlers of our town.

But the picture changes. A night has passed, a night broken by the howling of wolves that prowled around the rude shelter which had been hastily built. Again morning has dawned bright and clear and, as these men, now more than six miles from the Nottingham settlement, see the beautiful slope of land which we call the Ridge, three of them decide that near this shall be their homes. The fourth hesitates. He, too, sees the streams that will furnish power for their grist mills later, the natural meadows which mean forage for cattle and horses, and yet he feels an urge to go on. One of the three goes with him as a companion. On to the northwest they press, through woodland, past lake and hill, till they come to a spot where a narrow ridge of land rises abruptly between two brooks. On either side are meadows; water power is abundant, and near here Solomon Bickford, satisfied at last, resolves that he will build his house and bring his family.

Again the scene shifts. More than a year and a half has gone by. The three pioneers of the first scene who, after building a cabin returned to Hampton, are now settled at the east end of the Ridge slope. It is December, 1763. The short gray day is drawing to a close. Through the west section of the northwoods a man, a woman, and two small children are pushing wearily on their way. Anxiously husband and wife peer through the gathering dusk. They are searching for the site located by him a year and a half earlier. At length they find it. With sighs of relief they prepare to camp, to start a fire that will ward off the piercing chill when--calamity of calamities! --- they discover that they have no flint and tinder. Through some tragic mistake, the precious materials for striking a spark and getting blaze have been left behind. And now all the courage, all the patience of the pioneer is needed indeed, for the father must go back to the little settlement to the east, some seven or eight tedious miles as his trail winds, while the mother must wait long hours with enemies lurking in the encircling gloom. This family is that of Solomon Bickford, the first settler at the Narrows.

And one more picture. Several years have elapsed. A thriving hamlet has sprung up near where the first three woodsmen built. Already the term the North Woods has become Northwood. Other settlers have located farther to the northwest and, at the Narrows, Solomon Bickford has been joined by several friends, among them Col. Samuel Johnson, whose memory is perpetuated by a tablet sunk in the rock under the shelter of which he passed his first night, within a stone's throw of the place where he afterwards built, a site familiar to us as the birthplace of our townsman and Ex-Gov., Albert O. Brown. On this particular day men are working to make somewhat more passable the rough path connecting the east and west settlements. Deacon Solomon Bickford, who is directing the work, finds several men trying to remove a stump of considerable size from the path and remonstrates with them for a useless waste of time and effort. The workers explain that they thought it might be well to have this path one over which a horse and chaise could travel. But Deacon Solomon exclaims in disgust, "I had just as soon expect to see a ten ton gunlow come sailing up the brook to my mill, as to see a horse and chaise ever come over this road." Needless to say, while the good deacon probably never saw the gunlow come sailing up the brook, long before the end of his life, for he lived to the ripe age of 96, he saw many a horse and carriage pass over the turnpike which replaced the rough road of the story.

All these scenes are laid before the incorporation of the town in February, 1773. It is worthy of note that in March of the same year the town voted, "to raise six pounds lawful money to hire preaching and seven pounds, four shillings for schooling." This for a town but six weeks old is a brave beginning. But the work to be done by church and school was not even in those days neglected. Quaint old records testify that these forefathers of ours not only had the practical shrewdness to provide for water power and forage but the sagacity and judgment to realize that in men who were to manage wisely their own affairs and those of the infant town certain standards of training must be met. Mr. Cogswell in his "History of Northwood, Deerfield, and Nottingham" says of them "it will be seen that early settlers began their work with religion and education. They had in their towns whence they came the benefits of the sanctuary and the school house and though in a vast forest and among rude dwellings they resolved that the sabbath should not be neglected and that their children should not grow up without knowledge."

As early as 1772 a church structure was erected at East Northwood and a church society was organized. A few years later, in 1780, the group favoring Congregationalism voted to build a meeting house at the Center. The Freewill Baptist church was not organized till 1832. Among the early ministers of the town, who served so faithfully the people of their scattered parishes, were the Reverend Josiah Puntic at the Congregational church, pastor there for a period of forty-three years.

The building of school houses was a matter to which the little town early gave serious thoughts. In the late 1700's there were five school districts: The Morrill, the Johnson, the Center, the Batchelder, and the Knowton. Evidently, too, then as now, there were sometimes divergencies of opinion in school matters and one may read curious things between the lines in the following extracts from votes of the town:

May 7, 1792 "Voted that the Senrows Schoolhouse be Seat by the Narrows."

June 26, 1792 "Voted that the Senter District move the Senter School house and set it on the corner of John Crockets land the North Side of the Road by Eleazer Watsons. Voted the town wood not move the lower School house uppon the expense of the town."

March 19, 1793 "Voted to except the Senter School house as Benjamin Hill built it." March 25, 1793 "Voted that tha wood not Receve the School house that Daniel Hout built," and "Voted that Daniel Hout refund back Forty three Dollars out of the money that he Rec'd towards Building a School house."

Among the earliest teachers are names of the Rev, Edmund Pillsbury, mentioned earlier, Master Thomas Demeritt, Master Samuel Buzell, and Master Chace C. Hill. The Rev. E.C. Cogswell, of a little later period, is still remembered affectionately and gratefully by hosts of former Northwood pupils, not only as teacher, but as pastor, historian and friend.

Two years after the incorporation of the town came the Revolution and isolated as she was, with a population of only 313, Northwood played no mean part in the long struggle. As early as March of that year, one of her citizens, Benjamin Hill, had attended a congress at Exeter to consider what should be the action of New Hampshire at this crisis. The feeling of the citizens is shown by the statement that, three days after the battle of Lexington and Concord, the men of the town voted "to be equipt at a moment's warning. At this same meeting it was voted to enlist eight men "for this present distress" and eight names are given of men who promptly volunteered to enlist. (These were Samuel Johnson, William Woolis, Eliphalet Taylor, William Blake, Nathaniel Twombly, Benjamin Johnson, Jr., Simon Batchelder and Abraham Batchelder.) Also the pledge signed by the men of Northwood at that time bears mute but eloquent testimony to their high courage and devotion. In it they solemnly promised that they will, to the utmost of their power and the risk of their lives and fortunes" with arms oppose the hostile proceedings of the British Fleets and Armies against the United American Colonies," Several men from this town upon hearing the news of Lexington "started afoot with guns and knapsacks, joined Cilley, Deerborn, McClary, and others at Nottingham and reached Medford the following morning after traveling all night, eager to join their companions in arms," says one historian.

Nor are the women unmentioned. Deacon Simon Batchelder, one of the volunteers, says, "The women were worse than the men. They would not let them sleep a-night but made them take their guns and knapsacks and go in-to the ranks, telling them they would take care of the farms in their absence. They even cut down the trees and cleared the land in many instances, so that some who were absent a number of years did not know their own homes ,when they returned." Over and again the records attest to the finest patriotism and the practice of great public and private self denial. As Mr. Cogswell sums it up: "With a population of little more than 300, with small clearings and rude dwellings; with few cattle or sheep or horses; with no market at hand and with little or nothing to carry to market or from which to realize money; yet they contrived to put into the army the full quota of able-bodied men, and to pay liberal bounties, and provide for the families of the needy." Years afterwards at the call of the Civil War, Northwood's response was no less prompt. More than a hundred boys in Blue went from this town, a record which speaks well for Northwood.

Three other events of more or less historic significance to the town were: The opening of the Concord-Portsmouth turnpike, the visit of President Monroe and that of General Lafayette. This road was the first constructed turnpike in New Hampshire, the company that built it being incorporated in June 1796. Probably no place on the entire route profited by the opening of this highway as much as Northwood, which lay half way on the line between the Capital and the Atlantic. Travel through the town increased and much trade from neighboring towns poured in, the principal points of business being then, as now, East Northwood, the Ridge (long called Clark's Hill), the Center and the Narrows.

The visit of President Monroe occurred in 1817. On his way from Concord to Dover he stayed for a while at the inn kept by Deacon Jonathan Piper. This house, then known as one of the best taverns in the state and one where Daniel Webster and other distinguished public men often stayed, is better known to us as Veazey house, the office of our Central Telephone Exchange.

In 1825 Lafayette, revisiting this country nearly fifty years after the events of the Revolution in which he had rendered such gallant aid, came to our town. Accompanied by his son and a considerable escort, he left Concord early in the morning and stopped for breakfast at the well known inn of Deacon Jonathan Piper which had been elaborately decorated in his honor. Here hundreds of people gathered to greet the famous man, among them a little group of men who had fought with him in the Revolution so many years before.

When the general returned to Concord he once more stopped at the house, this time for a quiet night of rest.

These are only a few incidents in the history of our town. Later years have their full share. But those of later years are perhaps more familiar to us all and in less danger of being forgotten than are those associated with its beginnings. To the men and women of those first years we owe an especial debt of gratitude. Their dauntless courage, their fortitude, their devotion, we can hardly overestimate. Our appreciation of their worth can be shown in no better way than the attempt to emulate these sterling traits of character and to keep alive the lofty spirit that animated all their effort.

It has been 77 years since this article appeared in our town report, it is now the year 2000. Many changes have occurred since 1923 but the most important thing of all remains true today. We need to always remain a community of neighbors. We need to work together now, as they did then. Only together can we keep our town strong and true to the traditions begun all those years ago.

The Northwood Annual Town Meeting March 13, 1999

Moderator Robert Robertson rapped the meeting to order at 9:05 a.m. at Coe-Brown Northwood Academy with the salute to the flag. He then read the war-rant. At this point the Moderator asked Selectman Marion Knox to come forward for the presentation of an award to Alexis McCarthy for her photo that had been selected for use on the front of the 1998 Town Report. Ms. McCarthy was not present at this time, so the presentation was postponed until her arrival. The Moderator then read the results of the March 9 elections.

The Moderator then proceeded with the following articles:

ARTICLE # 1: Selectman Knox moved that the Town vote to raise and appropriate the sum of Twenty-four thousand one hundred sixty five dollars and eighty-one cents (\$24,165.81) to be added to the previously established Ambulance Capital Reserve Fund held by the Trustees of Trust Funds. Such sum to be offset by the equal amount from the previously established Special Ambulance Replacement Fund (revenue balance). Virginia (Ginger) Dole seconded. With no discussion, the article was carried.

ARTICLE # 2: Selectman Doug Peterson moved that the Town vote to raise and appropriate from surplus the five hundred and twelve dollars and seven cents (\$512.07), which represents the unexpended balance of the Conservation Commission's 1998 appropriation, to be added to the Conservation Commission's Fund held by the Town Treasurer. Dan McNally seconded the motion. Mr. Jim Hadley asked for a clarification from the Selectmen as to why the Article had not been recommended by the Selectmen and Mr. Peterson replied that the Board felt that this would be setting a precedent to carry over funds and they did not want to set the precedent. Jim Ryan, member of the Conservation Committee, stated that there would be activity by the Commission this coming year and that funds would be used, and urged the passing of the Article. With no further discussion, a vote was taken and the article was passed.

ARTICLE # 3: Ginger Dole moved that the Town vote to raise and appropriate the sum of six hundred and fifty dollars (\$650.00) to be added to the Cemetery Improvement Expendable Trust Fund previously established. This sum to come from fund balance (surplus) from the year-end December 31, 1998, and no amount to be raised from taxation. This sum six hundred and fifty dollars (\$650.00) being equivalent to the amount of moneys received from the sale of cemetery lots in the year 1998. James Colburn seconded the motion. After a brief comment and explanation by Andreas Turner, the Article was voted upon and passed.

ARTICLE # 4: Selectman Peterson moved and Ms. Dole seconded that the Town vote to raise and appropriate the sum of twelve thousand one hundred dollars (\$12,100) to be added to the Cemetery Improvement Expendable Trust Fund previously established. This sum to come from fund balance (surplus) from the year-end December 31, 1998, and no amount to be raised from taxation. This sum of twelve thousand one hundred dollars (\$12,100) is the equivalent to the amount of moneys received from the State of New Hampshire, Department of Transportation in 1998 authorized per warrant article #2 (\$11,600) and 1998 article #3 (\$500) for the taking of land from the Pine Grove and East Northwood cemeteries. The Article was voted upon and passed.

ARTICLE # 5: Selectman Peterson moved and Ms. Dole seconded that the Town vote to raise and appropriate the sum of five thousand dollars (\$5,000) for the purpose of installing, testing, and treating the lagoon and monitoring wells at the septage lagoon located at the disposal area, and to authorize the withdrawal for this purpose of five thousand dollars (\$5,000) from the

Lagoon Fee Fund, established under RSA 31:95-c in 1990. Selectman Knox asked to amend the Article by changing the dollar figure from \$5,000 to \$6,000. Ms. Dole seconded the amendment. Carmen Ross asked for an explanation, to which Ms. Knox responded that the figures obtained for the cleaning of the lagoon are more than the original \$5,000 requested figure. The vote on the amendment passed and the amended motion was then voted, and the amended motion passed.

ARTICLE # 6: Dan McNally moved and Ms. Dole seconded that the municipality vote to raise and appropriate the sum of one million six hundred sixty-one thousand seven hundred and thirty-seven dollars and fifty cents (\$1,661,737.50), which represents the operating budget. Said sum not including special or individual articles addressed. Jim Hadley stated that he had been told that the Town had a surplus of \$650,000 and so moved and Carmen Ross seconded to amend the Article as follows:

Insert the words "the sum of one million three hundred forty-four thousand seven hundred thirty seven dollars and fifty cents (\$1,344,737.50) from taxation and three hundred seventeen thousand (\$317,000.00) from surplus (during the year ending 12/31/98), the total of which is \$1,661,737.50 and represents the operating budget" after the words "will vote to raise and appropriate."

David Bujno asked what the selectmen thought would be an appropriate surplus and Mrs. Knox stated that we now had 1 0% of the School, Town and County budget. She stated that there was still \$612,000 of 1998 taxes and \$352,948 for previous years still uncollected. Jim Ryan asked if these unpaid taxes were being pursued, and if any were in bankruptcy, because those taxes could not be touched. She stated that the interest on these taxes was at 18%. Bunny Behm then stated that with the Claremont decision and pending situation, with the worse case scenario if unemployment had to be paid, it was estimated that this would cost \$17,000 a week. It was stated that a special town meeting would have to be called to handle the situation if there was no money for the school budget.

Lucy Edwards then asked why the difference between the figure the Budget Committee recommended and that which the Selectmen recommended. Selectman Knox stated that the Selectmen did not include a COLA, but that the Budget Committee approved a 1.3% COLA. After more discussion, the amendment was voted upon and was defeated. The main motion was then requested to be amended by Russ Eldridge, by going back to the Selectmen's recommended figure of \$1,653,676.50, and Selectman Peterson seconded. A card vote was taken. Results were 55 in favor, 83 opposed. Amendment defeated. After more discussion the main motion was voted upon and the motion passed.

At this point, Joseph Knox presented to the Town a check in the amount of \$10,883.00 representing the sales from the 225th Committee. Mrs. Knox also read the inscription and presented the plaque to Alexis McCarthy. Joann Bailey then asked to recognize the two students who were recording and providing the public address system for the Town Meeting. They were Jeffrey Bartosiewicz and Matthew Henderson. It was stated that they were using Coe-Brown equipment that had been purchased as well as donated for such purposes.

ARTICLE # 7: Linda Smith moved that Article 7 (shall the government of the police department of the Town of Northwood entrusted to a police commission by affirmative vote on the regular ballot for the election of town officers on March 10, 1987, in accordance with RSA 105 - C:2 vote to rescind such action, as provided for in RSA 105C:7? If a majority of those voting answer this question in the affirmative, then the government of the police department shall revert back to the Board of Selectmen similar to that of all other towns in Rockingham County), be indefinitely postponed. After much discussion for and against this article, a card vote was taken with the following results: 102 yes, 61 no. The Article was indefinitely postponed.

ARTICLE # 8: Mrs. Dole moved and Doug Sargent seconded that the Town vote to repeal its vote, under Article 11 of the 1991 Town Meeting Warrant, to elect a Highway Agent, effective March 1992, and to authorize the Board of Selectmen, effective March 2000, to appoint a full-time Highway Agent under the provisions of RSA 231:62 and RSA 231:63. A vote authorizing appointment of a highway agent shall continue in effect until changed by majority vote at an annual or special meeting. David Bujno then asked to amend to postpone action on this Article indefinitely, and Rick Wolf seconded the motion. Much discussion followed after which the vote on the amendment was taken by card vote with the result of 132 yes and 20 no. The amendment passed to postpone the article indefinitely.

ARTICLE # 9: Selectman Knox moved and Mr. Gilchrist seconded that the Town vote to raise and appropriate the sum of forty-one thousand six hundred and forty-three dollars (\$41,643) for the third year's payment for the lease/purchase agreement for the new fire truck purchased in 1997. Jim Hadley moved to amend the article by inserting the following: Insert the words "from surplus in the year ending December 31, 1998" after the words "will vote to raise and appropriate". Jeff Ross seconded. Mr. Hadley explained that if this amount were to be taken from surplus, there would still be \$635,000 left in surplus. After some discussion, the vote on the amendment was taken and the amendment passed. The amended vote was then taken, and the amended article passed.

ARTICLE # 10: Selectman Peterson moved and Ms. Lane seconded that the Town raise and appropriate the sum of twenty thousand dollars (\$20,000), for the removal and clean up of underground fuel storage tanks located on Town property. Mr. Hadley then asked to amend the article by inserting the words "from surplus in the year ending December 31, 1998" after the words "will vote to raise and appropriate". He then went on to explain that if this were taken out of surplus, there would still be \$615,000 left. After discussion, the vote on the amendment was taken and the amendment carried. The vote on the amended Article was taken by card vote, and the result was 79 yes and 70 no. The Article passed.

ARTICLE # 11: Ms. Dole moved and Marcia Tasker seconded that the Town vote to raise and appropriate the sum of thirteen thousand five hundred dollars (\$13,500) for the purchase of a new defibrillator for the Fire Department. Mr. Hadley then moved to amend the Article by adding the following: insert the words "from surplus in the year ending December 31, 1998" after the words "will vote to raise and appropriate". Discussion followed that included the fact that the proposed piece of equipment would be suitable to use on pediatric patients. After discussion the amendment was voted upon, and the amendment was defeated. The main motion was then moved, and the vote was unanimous.

ARTICLE # 12: Selectman Knox moved and Ms. Dow seconded that the Town vote to establish a Capital Reserve Fund under the provisions of RSA 35:1, to be named Transfer Station Facility Capital Reserve Fund for the purpose of future construction of a recycling/storage building at the present Transfer Station facility, and to raise and appropriate the sum of five thousand dollars (\$5,000) to be placed in this fund.

Mr. Hadley then asked to move to suspend tradition and take up Article 18 now, rather than after lunch, because people might not return after lunch, and that those people would not be available to vote on that article. Discussion followed and then the vote on this motion was taken, and the motion was defeated.

Discussion then followed on Article 12. Margaret Walker explained that if a Capital Reserve were to be set up, State and Federal Grants could be applied for. The vote was taken, and the motion carried.

ARTICLE # 13: Ms. Dole moved and the article was seconded by Ms. Knox that the Town vote to amend the below-referenced portion of Article 18, of the 1997 Town Meeting Warrant. "The Northwood Teen Center will assume the responsibility for inspiring, refurbishing, and maintaining the building, including utilities for use as a Teen Center, educational facility, Community Center, and/or other purposes which will benefit the citizens of Northwood." Amendment to this portion of Article 18 will allow the Town to expend money for the building, improvements, if approved through a Warrant Article at the Town Meeting. Selectman Peterson then moved to amend and Selectman Knox seconded as follows: to see if the Town will vote to allow expenditure of money for building improvements to the Northwood Teen Center, if approved through passage of an appropriate Warrant Article at Town Meeting, thereby amending the following portion of Article 18 as passed at the 1997 Town Meeting: "the Northwood Teen Center will assume the responsibility for insuring, refurbishing, and maintaining the building, including utilities for use as a Teen Center, educational facility, Community Center, and/or other purposes which will benefit the citizens of Northwood." After discussion, the amendment was voted and the amendment carried. Discussion followed, regarding the condition of the building, and the fact that grants cannot be obtained if the Teen Center does not own the building. After more discussion, the Article as amended was voted, with the amended Article passing.

ARTICLE # 14: Selectman Peterson moved, and Selectman Knox seconded that the Town vote to raise and appropriate the sum of five thousand dollars (\$5,000) for the purpose of making improvements to the former Tom Gardner House, a town owned, building currently leased to the Northwood Teen Center. Improvements would include the purchase of a furnace and installation of required handicapped accessible bathroom fixtures and plumbing. The improvements are necessary so that the Town may issue an occupancy permit for this building. Some discussion followed as to future renovations and improvements, and then Jim Ryan asked to amend the Article as follows: after the present Article, add the following: "At the awarding of the occupancy permit, that the Town convey ownership of the property to the Northwood Teen Center." He stated that the purpose of his amendment was to give ownership upon award of occupancy permit. Doug Sargent seconded. Discussion followed including the fact that the volunteers involved with the Teen Center did not do so to become property owners, and that by transferring ownership, the responsibility would be put on the Teen Center's shoulders, and off of the Town. The amendment was then voted upon, but the amendment failed by card vote of 70 in favor and 82 opposed. The vote on the main Article was then completed, and the article passed.

ARTICLE # 15: Selectman Knox then moved and Ms. Dole seconded that the Town vote to raise and appropriate the sum of five thousand dollars (\$5,000) to be added to the Recreation Facility Reserve Fund previously established under provisions of RSA 35: 1, at 1998 Town Meeting and to be held by the Trustee of Trust Funds. Dave Ruth commented that the Recreation Facility was looking at different parcels in town, including one behind Automax. He stated that no money had been spent yet. The vote was then taken, and the motion passed.

ARTICLE # 16: Selectman Peterson moved that the Town vote to raise and appropriate the sum of twelve thousand dollars (\$12,000) to be added to the previously established Highway Safety Equipment Capital Reserve Fund (cruiser) held by the Trustee of Trust Funds. Upon the motion being seconded, the vote was taken and the motion carried.

ARTICLE # 17: Selectman Knox moved and Ms. Dole seconded that the Town vote to raise and appropriate the sum of six thousand dollars (\$6,000) to be added to the previously established Highway Equipment Capital Reserve Fund (truck) held by the Trustees of the Trust Funds. After little discussion, the motion was voted and carried.

ARTICLE # 18: Motion was then made by Jeffrey Ross to table indefinitely the article written to see if the Town will vote to raise and appropriate the sum of two hundred thousand dollars (\$200,000) for the purpose of purchasing and remodeling the property located at 111 School Street, Tax Map 216, Lot 33, (Old D.W. Ford garage) and remodel the Narrows Fire Station. The purpose of this transaction is threefold:

The Fire/Rescue and Emergency Management housed in the Narrows Station and East End Station would move into the new facility, which is large enough to allow for future expansion. Cost involved is \$155,000 to purchase and \$30,000 for necessary upgrading. The present Narrows Station would be remodeled and the Police Department would move into that facility, giving them the necessary room for administrative space as well as garage space for the cruisers. Cost involved is \$15,000 for upgrading.

Town hall would gain the much-needed space now occupied by the Police Department.

Doug Sargent seconded. Mr. Magoon began to speak regarding the Article, and the Moderator reminded him that the motion was on the floor to table the article, and that no discussion of the article could be held, until that motion was voted. The motion was then voted by card vote. The result was 106 yes, and 39 no. The article was tabled indefinitely.

ARTICLE # 19: Selectman Peterson then moved and Mr. Ross seconded to adjourn with no further business. Motion carried. Time of adjournment was 12:05 p.m.

Respectfully submitted,

Judy C. Pease
Town Clerk

QUESTION 1:

Are you in favor of the adoption of the zoning ordinance as proposed by the Planning Board? The new zoning ordinance, among other things, specifies performance standards for some uses, provides some protection for sensitive natural resources, and allows cluster developments encouraging the preservation of open spaces. The new zoning ordinance will repeal and replace the existing zoning ordinance. (The Planning Board approves of the passage of this question.)

YES 324
NO 194

1999 Building Inspector/Code Enforcement Officer Report

The calendar year 1999 saw a dramatic increase in building activity in the town. The total number of permits issued increased 28 percent over the total for 1998. Included in these permits was one new manufacturing business.

Northwood experienced a first in 1999 with the erection of two cellular telephone towers. Northwood Development Ordinances passed by the voters at the town meeting in 1999 require a monopole design in an attempt to lessen the visual impact.

I continue to strive to serve the taxpayers and their contractors in a fair, consistent, professional, and responsive manner. I have witnessed a significant increase in the number of projects undertaken without first obtaining the proper permits. In June of 1999 your selectmen passed an "after the fact permit fee" policy that authorizes collection of double the normal permit fee whenever permits are not obtained in advance of the work being performed. I would appreciate your cooperation in this matter to ease the burden on all involved.

I am always willing to answer your questions. Please feel free to contact me either directly or by leaving a message. I will always return your telephone calls.

The following is a breakdown of the permits issued in various categories in 1999:

Single Family Residence	31
Manufactured Housing	19
Temporary Manufactured Housing	1
Residential Garages	12
Remodel/Additions	74
Barns	4
Utility Buildings	26
Commercial	5
Signs	6
Razing	13
Electrical	67
Mechanical	20
Plumbing	48
Fences	2
Miscellaneous	19
Total Permits Issued	347
Total Permit Fees Collected	\$29,679.00

Respectfully submitted,

David J. Hickey, P.E.
Building Inspector / Code Enforcer

1999 Cable TV Committee Report

The Northwood Cable TV Committee was formed in the late spring of 1997 at the request of the Selectmen to assist with the process of obtaining a new Cable TV contract to succeed the 15 year contract with Lakes Cablevision which was due to expire in September of 1998. One of the first projects was to do a survey of the community to find out what people in Northwood wanted in a new contract and what problems needed to be corrected. From the survey we discovered that there were service problems including poor reception of Channel 11. There were many people in the community who did not have service at all, despite a clause in the old contract that everyone in Northwood would be offered cable, and there was dissatisfaction with the number of channels, the variety of channels and the cost compared to neighboring communities. There was also interest in community programming and internet access.

As we began the process of talking with Lakes, the company was sold to Metrocast Cablevision, which delayed the negotiations while the transfer was approved by all the towns involved and completed. We then began talking to Metrocast, as well as exploring other options. We discovered that we were obliged to reject a contract with Metrocast before we could talk to any other cable companies. Meanwhile, Metrocast proceeded to begin an upgrade of the system even though the old contract was extended while we negotiated.

The Selectmen made an excellent decision to seek legal counsel from an attorney who had some expertise in cable law. Because of this, we were able to propose a contract based on what we felt we needed, rather than trying to revise the contract proposed by Metrocast, which was based on the old contract with Lakes.

We are pleased that the Selectmen have signed a new contract for Cable TV for Northwood as of December 31, 1999. The process took much longer than we expected, but the delay was almost entirely unavoidable and actually allowed us to do much better than we might have otherwise, in the opinion of the Cable TV Committee.

We have appreciated the chance to be of service to the Town and hope that our experience will be of use to the Town in future negotiations. As we speed into the Information Age, we hope this new contract will be part of an information infrastructure which will position Northwood to grow while maintaining our rural character and ambience.

Respectfully submitted,

Lucy C. Edwards
Chairman

1999 Cemetery Trustees Report

Andreas (Andy) Turner was re-elected for a three year term to the year 2002. Nancy Boyd is serving to the year 2000. George (Ted) Reese is serving until the end of 1999. Mr. Turner continued to serve as Chair of the Trustees.

Our regular budget of \$3600.00 was requested and approved. With careful administration we are able to operate with this budget, which provides some basic supplies and some care of the public areas in the cemeteries as well as some minimal improvements as the trustees see possible. The receipt of the two Warrant Articles this year provided us with the income from the sale of cemetery lots plus the amount that the State paid for the taking of land at Pine Grove and East Northwood. These amounts were added to the Cemetery Expendable Improvement Fund, which has been invested by the Trustees of Trust Funds.

This year we contracted with Samuel W. Johnson to maintain the Fairview, Canterbury, and Harvey Lake Cemeteries. He and Paul Colby have taken a personal interest in these cemeteries and have kept them in good order. The Chadwicks lost one of its members to college so they gave up the contract. The Elliotts have agreed to continue maintaining Pine Grove, East Northwood, and the Ridge cemeteries. By having local teams, there appears to be greater interest in keeping the cemeteries of Northwood in good shape.

We have tried to have an "Adopt a Private Grave Yard" system started. So far we have the Weeks family who adopted the Samuel Johnson Grave Yard on Main Street several years ago and have done a nice job. Rebecca Clark has adopted the Knowles/Bennett Grave Yard on Ridge Road. The Baptist Grave Yard behind the First Baptist Church has been adopted by Ted Reese. We have 63 grave yards that should be prevented from becoming obscure. Help would be appreciated. There are funds on a few grave yards which permit care by our Superintendent, Sherm Elliott. He should be consulted before any work is done on the grave yards because his records show the details of the yards. The devotion by these people is much appreciated.

This spring we found breakage in the old monuments that had to be repaired. Also, one of the granite fence posts at East Northwood had to be stood up and temporarily repaired. Jim Shaw helped Andy and Ted stand the post up. The flags were put up for May 15th; and the water turned on at East Northwood by Ted and Andy. The transfer of a part of Lot 88 from MacPherson to MacCallum necessitated building up the two graves on the corner and the placement of a corner marker so cars wouldn't cut the corner. Mr. Shaw reported that a Korean Military marker was missing at Pine Grove; but it turned out that, like so many markers, time had buried it. It was raised to the surface.

On May 20th a new hand pump was placed at Pine Grove. The D.O.T. was contacted to remove the Jersey Barriers in front of Pine Grove. They moved them out of there before Memorial Day. They also replaced the piece of granite on the wall at East Northwood and repaired the fence post that was damaged when they removed the trees. As this year progressed the State came through with all that we requested which included raising the entry into Pine Grove so as to properly exhibit the sign and correct the drainage. The State has assisted us in obtaining and selecting trees for the front of Pine Grove. They also defined the right-of-way so that both the fence and the trees can be installed in the Spring of 2000.

The cemeteries were closed on December 1 by the lowering of the flags. This year Ted Reese donated the flagpole for the Ridge Cemetery. Now there are flagpoles at Pine Grove, East Northwood, and the Ridge. At the Ridge, the old well was cleared off in anticipation of trying to get one of our well men to assess the chance of getting water in that cemetery.

The water at East Northwood was shut off in mid October and in November a new road bed was put in East Northwood Cemetery. Unfortunately, because of people trying to park in the cemetery and endangering the graves, it became necessary to request No Parking at East Northwood. This, in combination with the State taking the parking at the Edgerly Chapel, has made that building very limited in use.

This year 6 lots were purchased with associated perpetual care. People placed perpetual care on 26 graves in their lots so that they would be covered by trust funds at today's cost. (\$100.00 per grave.)

Respectfully submitted,

Nancy Boyd

George Reese

Andreas Turner

1999 Northwood Conservation Commission Report

In 1999 the Northwood Conservation Commission continued to perform its mandated responsibilities. The commission made recommendations to the New Hampshire Wetlands Bureau on Dredge and Fill permits which insure that the impacts to wetlands are minimized. The commission provided input to the Northwood Planning Board on wetland buffers and a wetlands setback of twenty feet for structures was included in the Northwood Development Ordinance passed by ballot vote in March. The commission also gave input to other town officials, such as the Northwood Code Enforcement Officer. The commission authorized the reclearing of the scenic overlook on Saddleback Mountain by the Natural Resources 11 Class of Coe-Brown Northwood Academy. This project will be completed in the spring of 2000. The commission continued to participate in BEAR-PAW Regional Greenways, a nonprofit land trust organization affiliated with seven area towns. BEAR-PAW volunteer participants work with landowners to protect land and preserve open space through conservation easements and other means. The commission maintains maps of the town's features, and promotes and sponsors events, which raise citizens' awareness of problems and issues related to the town's natural resources.

The Northwood Conservation Commission completed its work on the wetlands inventory. Rick Van de Poll, wetland scientist, of Antioch New England Graduate School was hired to complete the wetland assessments, compile the results of the inventory and present the final data to the commission. From this final data a method of prioritizing wetlands based on their overall value to the town was developed and a list of prime wetlands was compiled. The prime wetlands have been proposed for formal designation in the Northwood Development Ordinance

The commission assisted in the acquisition of land in two important locations this year. Two lots were donated to the town by Arlene Johnson and her family. These parcels of land are located where the Narrows Brook enters Northwood Lake. In addition to the parcel that the town owned previously, these two lots preserve a scenic vista of the lake. On behalf of the town's citizens the members of the Conservation Commission are appreciative of the Johnsons' generosity. A sign denoting the area as the Narrows Brook Conservation Area was erected by Bob Bailey and Sam Johnson. This year the Conservation Commission and the Board of Selectmen utilized part of the town's Conservation Fund to purchase 82 acres of land on Saddleback Mountain formerly owned by Tom and Edith Lalish. This land abuts the town's Parsonage Lot and increases conservation land in the Saddleback Mountain Area that was noted in the Master Plan update of 1998 as one of the town's most important conservation areas. The acquired land will be utilized for recreational purposes.

The Northwood Conservation Commission continues to assist the citizens of Northwood with projects while helping to minimize impact to the town's natural resources. Any resident is encouraged to provide constructive input on conservation related matters. Residents interested in becoming members or in participating in a specific project are urged to contact the Conservation Commission through the town hall.

Respectfully submitted,

Wini Young
Vice Chairman

1999 Economic Development Committee Report

The Northwood Economic Development Committee (EDC) was re-invigorated in 1999 as a result of a recommendation contained in Northwood's 1998 Master Plan Update. Several volunteers came forward early in the year and were sworn into office for a three-year term. Following an organizational meeting in March, the committee met on a monthly basis (normally the third Monday of the month at the Chesley Memorial Library from 7-8:45pm). Although the Selectmen created an Economic Development Committee back in 1992, it had been inactive for some time. Fortunately, one member of the original committee is continuing to serve on the new EDC and has been an excellent resource so that we do not duplicate our efforts or re-invent the wheel.

As a springboard, the EDC began reviewing the economic development components developed for the 1998 Master Plan. Given that there is virtually an endless list of activities that could be undertaken by the EDC, we decided to first create a road map for ourselves. Since the term "economic development" can have a negative connotation among some individuals and groups within a community, we looked at the advantages of a "community" economic development (CED) vision for our committee and opted for this less traveled path.

Although economic development seeks to attract new businesses in order to provide new jobs and to broaden the tax base, as well as to retain and expand existing businesses and the jobs associated with them, we believe that the EDC should not be limited to just those undertakings. Rather, they should only be components of the overall objectives of the EDC. The reason being is that CED seeks to improve the quality of the community and the quality of life for the people within it.

Community development improvements should not be limited to economic development but also should address social concerns including, but not limited to housing, education, health, job development and training, child care, senior citizens, welfare, etc., depending on the particular needs of a community. CED relies on the use of a community's own resources (people, creativity, pride, capital and management) to improve their economic well-being.

Included in the EDC's road map was the development of a mission statement which describes our purpose, what we plan on doing and why.....

"The mission of the Northwood Economic Development Committee is to provide a structure and forum to facilitate development that preserves the beauty and nature of the area and that inspires those that live here and those who will come in the future to maintain and enhance the quality of life in this community - its economic health, social and cultural vitality, and ecological integrity".

Next, the EDC engaged in a strategic planning process to identify the community's strengths, weaknesses, opportunities and threats - referred to as a SWOT analysis. Such an assessment is important because it provides a context from which to plan specific community development initiatives. Ideally, communities should try to maximize their strengths and opportunities while minimizing their weaknesses and threats. Based on these results, a community's strategy (i.e., goals and objectives) should be well-suited to the SWOT analysis so that the main issues can then be addressed.

Strengths of a community can include such things as growth industries, availability and access to existing physical, human, economic and social resources and other readily identifiable factors such as a beautiful natural setting.

Weaknesses can include gaps or shortfalls in the community's resources, unused or undeveloped potential, declining industries, etc. Opportunities can represent potential for future growth and development, positive forces or influences as a result of changes, trends, unsatisfied local or regional needs, and under-utilized business capacity, human or natural resources. Threats usually represent barriers and obstacles within the community or which result from external developments such as political policy changes. They also include potential economic vulnerabilities such as exhaustion of a natural resource the community depends on, changes in key markets the community exports its products to, and other negative impacts as a result of change - locally or externally. While planning for CED is an important part of the process, the results we are looking for result from the actions we take. The planning process provides the framework plan for the community to move towards hands on, project-oriented activities.

One of the first projects we have opted to engage in is the development of a town-owned and maintained website. This website will be linked to many other entities located both inside and outside of Northwood. Examples of local links would be our elementary and high schools, chamber of commerce, local businesses, our library and other local organizations. The external links would be as expansive as necessary and would evolve over time. It is our plan to have this website up and running by town meeting in March 2000. However, this would not have been possible without the strong support of our Selectmen which we certainly appreciate and want to acknowledge.

Based on input from community consultations, priority focus areas will be identified. These areas will form the basis from which to develop goals, objectives and action plans - the basis on which a CED strategy should be implemented. For example, if we wish to "attract new businesses" to the community, then what types of businesses should we go after? Who will be responsible for making contact with these businesses and when should it be done? How should it be done? What budget will be required? How can we promote "home-grown" businesses to start-up and flourish. These are just two examples of the types of issues that CED can deal with.

The community will be hearing more from us during the next several weeks and months as we ask for your input on how you see your community now and where do you want it to be in the future. Public input will be gathered through formats such as written submissions, through the town's Internet site, at public forums and through specific "focus group sessions". The focus group sessions will discuss and examine "issue-specific" sectors (e.g., tourism) or important themes (e.g., "youth opportunities"). Needless to say, if this process is not to result in "just another plan" - then the development of partnerships and community participation must be the hallmarks of the process. The finished plan is just the beginning - implementing it is the real challenge!

If the EDC sounds like a committee that you may be interested in serving on and you care about the future well-being of Northwood, why not come to one of our meetings to observe the potential that you could bring to the table. If you have never volunteered in this community before, this may be a good place to begin. We look forward to the new year and the possibility that more volunteers will come forward to donate approximately two hours of their time each month to the future of their community. You can visit the Town website at www.northwood-nh.com.

Respectfully submitted,
James Hadley, Chairman

1999 Emergency Management Report

The Northwood Office of Emergency Management is that portion of Northwood's government responsible for protection, relief and mitigation during times of disaster. The "Emergency Management Ordinance of the Town of Northwood" established this office to insure the complete and efficient utilization of all of Northwood's facilities to combat disaster, whether natural or man-made. The Northwood Office of Emergency Management is the coordinating agency for all activities in connection with emergency planning. It is the instrument through which community officials exercise the authority and discharge the responsibilities vested in them through RSA, Chapter 107, State of New Hampshire, Civil Defense Act of 1950, as amended. In addition to the Mutual Aid Relationships in place for Police, Fire and EMS, Northwood Emergency Management works directly with the New Hampshire Office of Emergency Management and the Concord Chapter of the American Red Cross.

1999 started off with a destructive ice storm, but was actually, on the whole, a less disastrous year than previous regarding natural events. Spring brought a series of bomb threats and subsequent evacuations at the Northwood School. Several Northwood families were displaced by fire and two families were displaced by a pick-up truck driven into their home. Traffic on the First New Hampshire Turnpike was shut down or rerouted several times in 1999, including a fatal accident near the center of town and a truck with a raised dump body catching power lines at the Ridge. There were also a large number of propane tank leaks addressed by the Fire Department in 1999.

A planning team consisting of Police, Fire, EMS, Emergency Management, Northwood School personnel and SAU staff met on a monthly basis to develop and implement a school wide comprehensive disaster plan at the Northwood School. Over the summer, members of the Northwood School Emergency Team, representatives from Coe-Brown, Northwood emergency officials, along with representatives from Nottingham and Strafford attended a several day workshop on school safety presented by New Hampshire Office of Emergency Management. Emergency and Town personnel developed contingency plans for "Y2K" issues, which led to a detailed look at Northwood's All-Hazards contingency planning. The Northwood School Emergency Planning is ongoing. Issues presented by "Y2K" planning are to be addressed over the coming year.

In the event of an emergency, public information, assistance, potable water and initial limited sheltering will be made available at the Northwood Town Hall, 942-5586. The Emergency Operations Center will be housed at the Ridge Fire Station, 942-9103. All citizens are encouraged to develop their own family and personal emergency plans and learn which radio and TV stations provide official emergency information. Bad things can and do happen. Good community and personal emergency planning helps to lessen property damage and more importantly, it helps to save lives.

Respectfully submitted,

Robert E. Young

Director of Emergency Management

1999 Executive Office Report

This year has been a very exciting year in the Executive Office (Selectmen's Business Office). In the beginning of the year, a Town Bid List was created. An Article was advertised in the Suncook Valley Sun, Concord Monitor, and the Union Leader asking businesses to submit a letter of interest to be included on the Northwood Bid List. We received a large response. The reason we decided to create a bid list was to enable all businesses, that are interested, the chance to bid on large town projects. This list will be updated yearly.

The Executive Office has also remodeled and rearranged the inner office of the town hall. Relocating the bookkeeper and treasurer to share an office, creating an office for the Executive Administrator, and also creating a more organized, efficient working area for assessment research. We also combined offices for the Tax Collector and Town Clerk, as the residents of Northwood elected one person for both positions. We worked really hard moving office equipment and cleaning. Through all of the hard work, we have improved the shortness of space problem at the town hall.

The Town of Northwood belongs to the New Hampshire Municipal Association (NHMA), this company provides legal opinions, health insurance, and property liability insurance for the town. NHMA also has a committee that votes on the annual town reports of all towns in New Hampshire. We were thrilled to learn that Northwood won first place for the 1998 Town Report! NHMA also has a committee that votes for volunteer of the year awards. A report is submitted to NHMA from each town in New Hampshire, honoring the most active volunteer in their town. We are pleased to say that the Town of Northwood won the Outstanding Municipal Volunteer Award for Viena Dow.

The office staff have worked very hard to establish the purchase order policy for the Board of Selectmen. Each department contributed to the final product and the Board of Selectmen were able to approve and implement a policy that would work for everyone.

The Executive Office has been and will continue the cross-training process. We feel that it is more beneficial to the residents, if the office staff are educated in a variety of areas.

The Executive Office, Financial Office, Town Clerk and Tax Collector worked closely this year to implement a monthly balancing system that will work for each department. This system was designed to ensure the accurate balancing and to make the audit process as smooth as possible.

The Executive Office went out to bid for a new auditing firm this year. The new town auditors are Mason & Rich, CPA from Concord, N.H. We are very pleased with them. We would like to thank Plodzic and Sanderson, P.A. for all of the audit services provided to the town for many previous years

There is no doubt that the town hall office has changed the past few years. The Selectmen have implemented many new policies. These policies and procedures were needed and long overdue. We realize change is very difficult. We would like to thank the residence of Northwood for your understanding and patience.

The staff feels that although it has been a long and strenuous year, the hard work and long hours will enable more efficient processing, and better service to the residents of Northwood.

We look forward to any suggestions the residents may have that will improve the functions of the Executive Office. Please keep in mind that we are here for the townspeople, and although things may be changing, we hope you will understand that we are all working towards a common goal - "the safety, welfare, and well-being of the Town of Northwood".

Respectfully submitted,

Jammie Beaulieu
Executive Administrator

1999 Northwood Fire / Rescue Department Report

The Northwood Fire/Rescue went through a leadership change in 1999, with the retirement of Chief Charles Bailey in early January. The department voted and Northwood Board of Selectmen accepted the promotion of Captain George Ashford from Captain of Company One to Chief of Department, with a subsequent promotion of Lieutenant Vincent Bane to Captain.

I would like to thank all the members for their support through this transition.

The Northwood Fire/Rescue responded to 418 calls for assistance in 1999 ranging from water problems to medical aids and building fires.

The department is always looking for new members. We supply all equipment and training, all we need is you. If you have ever thought about joining our team and helping the community, call Monday through Friday days 942-9103 or evenings 942-8290

Respectfully submitted,

George E. Ashford
Chief

1999 Town Forest Fire Warden and State Forest Ranger Report

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ANY outside burning. Fire Permits are required for any open burning, unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. During the 1999 season Forest Rangers were busy assisting communities with suppression of difficult and remote multi-day fires. Forest Rangers have also investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2,400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. Early in 1999 fire season was a challenging but safe year for wildland firefighters in New Hampshire. The severe drought conditions throughout the spring and summer months combined with residual effects of the 1998 Ice Storm, resulting in a dramatic increase in wildland fires. In addition to burning in excess of 452 acres, 35 structures were also impacted by wildfire. Wildland fires in the urban interface is a serious concern for both landowners and firefighters. Homeowners can help protect their structures by maintaining adequate green space around them and making sure that houses are properly identified with street numbers.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols, and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of the wildland fires and keeping the loss of property and suppression costs as low as possible.

Please contact your local fire department before doing **ANY** outside burning.

REMEMBER ONLY YOU CAN PREVENT FOREST FIRES!!

1999 Highway Advisory Committee for Town Roads Report

The Highway Advisory Committee was established to oversee and advise the Town with respect to its roads.

The Highway Advisory Committee assembled again in 1999 as it had in previous years. It consisted of:

Bruce Hodgdon, Chairman	Bob Bailey
Andy Turner, Secretary	John Lane
James Wilson, Road Agent	Paul Belliveau

It was called to our attention that the committee should consist of 6 members and that the terms for Andy Turner and Paul Belliveau were up as of March 1999. Mr. Turner sought reappointment; but it was for only one year; and Mr. Belliveau asked to resign, after he donated his time to survey and provide a plan for the reconstruction of a section of Ridge Road. As a result, two appointments were needed to fill out the committee. David Bujno was appointed for one year; but the sixth member was never appointed. In March 2000, five appointments will be necessary. The unfilled appointment, the appointment for Bruce Hodgdon and John Lane whose terms expire, and the appointments for David Bujno and Andy Turner.

Public Meetings- Because all committee meetings should be public under the Right to Know Law, it was decided to meet regularly on the last Wednesday of every month. All of these meeting dates were published at the Town Hall and Post Office, urging the public to attend.

Winter Maintenance- As early as January of this year the committee found out that the Winter Contract that the Town was requesting of its contractors was not being signed because of its complexity. The committee listened to the contractors, considered what was being required by the State as a contract for plowing, and then submitted to the Town a proposal which reduced the contract from 13 pages to 7 pages. The proposal was not agreed to by the Town Counsel and a 15 page contract was put out for bids for the winter of 1999/2000. There were no takers. It was the concern of the committee that the Winter plowing program be established early so that there would be no worries. After much consideration and a meeting with other towns, the simple State type Rental Agreement Form was tried. As of December, we have one Town Contract and one Rental Agreement signed and some friendship agreements to cover the town.

Summer Maintenance- This year it was planned that the prepared portion of Upper Bow Street and Cross Street would be paved; however, additional paving was done to Upper Bow. It was also planned that the balance of the paving budget would go to reconstruction of a section of Ridge Road and what other work could be done toward the reconstruction of that road. The designed section was sent out for bid in six alternatives. Only tree cutting was bid separately. Two contractors bid all six alternatives. No one bid to do a specific alternative. Tamchar Inc. bid \$30,044.00 against Bar Excavating Inc. bidding \$49,859.00 and possibly \$64,154.00 depending upon town requirements. The committee questioned whether the bidding was being done on an equal basis; however, the difference in ultimate cost gave the bid to the lower bidder. The difficulties encountered with the bidding process, the understandings of the abutters to the road, the results that were being accomplished, and a final requirement for a full walking of the road by the selectmen and the abutters has been a lesson for all, and that is:

1. That all future reconstruction should be specified as to what is to be done and what materials are to be used.
2. That the roads should be walked by the selectmen, abutters, and all involved so that it is known, in advance, what is going to be done.
3. That the bids require specific plans and specs as to materials and work to be performed so that it will be bid the same by each contractor.
4. That closer supervision is needed to assure that the work is being done in an acceptable manner.
5. That the road will not be accepted until it is inspected by the Officers of the town.

In summary, the following was accomplished on Ridge Road this year:

The designed section of road was completed, with enough funds to clear and ditch the road to Tasker Hill Road; and grind and prepare a base and install a 2" base coat of pavement up to Sweet's corner, a distance of .8 of a mile. This experience has permitted us to consider a mile of reconstruction can be accomplished with the amount of Paving and Reconstruction funds we have had in the current budget. This is important since the older roads we have now all require reconstruction.

As for gravel roads, these are generally graded and raked each year with some gravel added as needed.

Miscellaneous Maintenance- The committee had recommended rip rap on Tasker Hill Road and guard rail work on Old Turnpike Road; however, the concentration on Ridge Road left this work to be done.

Budget for 2000- In considering the budget for next year, the committee agreed with the Road Agent that extra funds for Contracted Services money be needed (1) to survey the right-of-way and engineer the design of the rest of Ridge Road for completion next year. (2) That UNH should make a new study for the management of the roads with the new names and new priorities. \$21,000.00 was asked for this work. In addition a new account was recommended to be called the Overlay Account. It would be specifically for overlaying the newer development roads to protect them.

Attached is an Inventory of Paved and Gravel Roads in town indicating, status and when last paved. **The recommendation for the year 2000 is:**

1. Reconstruct the rest of Ridge Road to the corner at Bennett Bridge and Sherburne Hill Roads. If the budget permits, to reconstruct Harvey Lake Road.
2. Overlay Allen Farm Road and Kelsey Mill Road.

For the year 2001:

1. Reconstruct Bow Lake Road and Bennett Bridge Road.
2. Overlay Oakwood Drive and Priest Road.

Respectfully submitted,

Andreas Turner,
Secretary

1999 Human Services Report

During the past year, the Human Services Department provided assistance to 15 local families. Assistance included shelter, utility, fuel, and food relief. The Human Services Department also worked with landlords, state and federal programs, and utility companies to ensure that low-income families are connected with the services that they need. Greater Raymond Community Action / Rockingham County Action provided many of Northwood's low-income residents with assistance through their programs, providing a significant relief to the Human Services budget. Other assistance was again provided by the Northwood Food Pantry.

Thank you to everyone who participated in the holiday food basket, which provided holiday meals for twenty-two families at Thanksgiving and Christmas. I would also like to thank the Northwood Rescue Squad and the Concord Hospital Giving Tree for providing holiday gifts to Northwood children.

In the upcoming year, I look forward to continuing to serve the residents of Northwood.

Respectfully submitted,

Rebecca Clark
Human Services Director

1999 Library Report

1999 circulation statistics continued an upward trend with a total of 28,374 books and materials checked out. A total of 2,108 people are registered for library cards. Attached is a copy of the statistics to show how much the library has grown. The interlibrary loan program continued to be very active - 639 books were borrowed from other libraries and 1,247 of our books were loaned to other libraries. The state library's toll-free access number enabled us to use the statewide database and their van service delivered books and materials free of charge. The library continues to have two stops per week on the van route making it a quick process to borrow books.

The library received a new Pentium computer with Windows 98 for patrons to use. The computer was donated by the New Hampshire Department of Employment Security and installed by CompUSA. Towns throughout the state without immediate access to unemployment offices were chosen in order to provide Internet access to job searching as well as a resume program. WorldPath provides free Internet access to the library so all registered patrons can use the Internet along with other programs such as Microsoft Works and Print Artist. The library also has a collection of CD-Roms that patrons can access for reference purposes. Two Coe-Brown students led basic Internet and Windows training sessions as part of their community service hours.

The library offered a variety of programs for children and adults throughout the year. Storytime sessions met twice a week January through May and September through December. Participation in the storytime program increased tremendously throughout the fall and winter. Teddybear Storytime met weekly in July and August. We once again celebrated "Read Across America" in March with a special Dr. Seuss program. The library started a "Great Stone Face Reading Club" and participated in the Great Stone Face Book award as a voting site in April. The summer reading program was "Once Upon A Summer Reading" featuring a fairy tale theme. Drop-in craft sessions related to the theme were held periodically throughout the summer. The library received a "Kids, Books, & the Arts" grant that enabled us to book the trio "Stories 'n Stuff" for an August performance of their own humorous version of Cinderella.

The Northwood/Nottingham Book Discussion Group continued to meet every month except July and November. The library hosted a Magic Attic doll display and activity night in February. The Friends of the Library offered a workshop entitled "The Light Within" about Seasonal Affect Disorder in March. Also in March was a 4-H baby-sitting course for students in fifth through eighth grade. Workshops on college funding and retirement planning were offered in April. The Christa McAuliffe Family Planetarium Pass and a family pass to America's Stonehenge were again available for patrons to use.

The meeting room continues to be used on a regular basis. There are plans to add a door between the meeting room and the children's room which will enable even more groups to use the room during library hours.

The trustees are pleased with the completion of the parking lot and sidewalk at the library. Although construction made it difficult to actually get to the library this summer, the end result was worth it. Our parking lot increased from seven to eleven spaces with patrons able to take advantage of an overflow lot across Route 4. The new handicapped-accessible ramp makes it easy and convenient for all patrons to access the library. There are plans in the spring for the state to landscape the side lawn which will greatly enhance the library's appearance.

The library is very fortunate to have many different volunteers helping out with a variety of tasks. Volunteers contributed a total of 57 hours this year. We appreciate their efforts. The library is also fortunate to have local groups and organizations supporting us in different ways. The Friends of the Library purchased a large double-sided free-standing bulletin board to post all those community notices we receive and never had room to post before. The Harvey Lake Women's Club purchased many of the Caldecott and Newberry award winning books for the library as one of their community service projects. There are always donations of books to be thankful for and even patrons who express their gratitude by cash donations!

Staff members include library director Donna Bunker, library assistants Eunice Fraser and Ellen Gibson, and library aide Danielle Fortin. (Judy Glover left her position in September and Ellen was hired to replace her.) The library is open the following hours: Monday 10-5, Tuesday 5-9, Wednesday and Thursday 10-2 and 6-8, Friday 10-5, and Saturday 10-2.

Respectfully submitted,

Jane Martin,
Piscilla Merrill,

1999 Northwood Planning Board Report

1999 was a busy year for the planning board. There was a steady workload and with all the construction going on around the region, we also saw a steady increase in activity. We saw our first open space subdivision design come before the board, which resulted in the approval of 12 lots. This was by far the largest subdivision the board heard this year.

Eleven site plan applications were received and reviewed, which either have been approved or conditionally approved. On the topic of site plans, the town will have two new telecommunications towers operational within the first few months of 2000.

In addition to hearing new site plans and subdivisions, the board worked to create the Northwood Development Ordinance, a new zoning ordinance which replaced the existing zoning ordinance. This was passed by voters in the March election. After reviewing some of the sections of the new ordinance, the board determined that some of the wording should be improved. The board will be presenting these amendments on the ballot in March 2000 and, with your support, will improve our zoning ordinance.

At this time, I would like to personally thank all members of the planning board. Each and every one has put in a lot of time and effort to make this one of the best boards that I have had the pleasure to work with.

Respectfully submitted,

Scott Martin,
Chairman

1999 Northwood Police Department Report

The police department handled a considerable amount of activity in 1999, with an increase of 2% from last year's total, amounting to 1296 Calls for Service. The department handled 190 arrests, with 18 of those arrests at a Felony level crime. The continued increase of heavy traffic flow on Routes 4, 43, 202, and 202-A, as well as the local roadways of Northwood, have resulted in the investigation of 90 Motor Vehicle Accidents, 2 of which ended in fatality, and the issuance of 480 summonses for various motor vehicle violations. Both statistics for summonses and accidents have seen an increase in activity over 1998 activities.

The department is happy to report that residential burglaries are continuing to remain relatively low, with only 13 total reported for the year. While other surrounding Towns are showing a higher rate of such crimes, Northwood has managed to keep the numbers from climbing, due largely in part to an increased shift coverage and patrol during the daytime hours, which are the prime hours for residential break-ins. Additionally, the Vacation Watch service provided for all residents while they are away and when homes are vacant contributes to the low statistic.

Juvenile issues continue to increase, with 27 arrests this year, compared to 17 arrests in 1998. Although some of these incidents have involved drug and alcohol issues, a larger amount has been attributed to behavioral problems and family matters. Families that are experiencing difficulties with their children are encouraged to contact us at the first signs of trouble, so that proper interventions can be put into place.

The D.A.R.E program is doing very well in at the Northwood Elementary School, currently in its sixth year under instruction from this department, through Corporal Charles Hillner. The program runs for seventeen weeks, beginning in early fall, and concludes in the spring season, averaging 60 students for the graduation ceremony. We endorse this very valuable education for our young people, and we extend a special thank you to the Northwood School and its administration for their continued support of the D.A.R.E curriculum. We also thank the business community and the citizens who have contributed to the financial support of the program. Any citizen who wishes to learn more about the details of the D.A.R.E program are encouraged to visit the station anytime.

It is the Northwood police department's policy to have an open door and an open ear to all of our Town citizens, to assist in any way within our abilities and legal boundaries with any issue that may arise. It is our mission to serve our citizens to the best of our ability, in a fair and professional manner, dispensing the highest quality of service we are able.

A sincere thank you from our department to all who have supported us, and continue to support us, in our effort to make Northwood a better, safer community for everyone.

Respectfully submitted,

Michael D'Alessandro
Chief of Police

1999 Northwood Recycling and Recovery Committee Report

The Northwood Recycling and Recovery Committee (NRRC) continues to find ways to expand the recycling programs and save waste removal costs to taxpayers. The committee continues to be challenged to find ways to recycle utilizing the current facility limitations. Without a building to store recycled items, we are not able to fully implement the necessary programs. However, despite these limitations we have been able to begin successful programs. This year the facility is accepting computers, propane tanks, fluorescent bulbs and have renovated existing buildings to accommodate these items. These items have generated funds and have been removed them from the waste stream. Oil recycling and aluminum cans have also added income and all of the programs have been well managed by the facility staff.

The "Pay as you Throw" option for recycling that is encouraged by the NH Governor's Recycling Council will be actively pursued in 2000 as a viable alternative to the system in place now. Information will be made available next year.

The facility was paved which has improved the appearance and safety of the area. The committee has spent time in facility clean-up and painting of buildings to enhance the appearance of the area. Expect to see flowers in the spring as an added touch.

Members have spent long hours in planning for the new building which will enable a more comprehensive recycling effort. Many residents have come forth and are willing to volunteer their time for these projects once the facility has the necessary space for projects such as a swap shop, covered furniture bin, as well as divided recyclable bin items.

Plans are in place to involve the children in recycling efforts by forming a Junior Recycling Committee at Northwood School. We are hopeful that we can learn from our children as well as educate the next generation on this subject.

With the strict rules about the burn pit and knowing that the state will be closing all open burning in several years, there are also plans to address this situation.

The committee welcomes new members. We meet at the Town Hall every fourth Wednesday of the month at 7:00PM.

Members:

Viena Dow, Chairperson
Margaret Walker, Secretary
Robert Clark

Luanne Pigeon

Respectfully submitted,

Margaret Walker,
Secretary

1999 Road Agent Report

This year was again busy with the winter having mainly ice storms, which are very costly due to having to use sand and salt more often.

The spring was about average and we had no major problems.

We started the Ridge Road rebuild this year and got almost a mile rebuilt and paved. This will be about three years to complete the loop back to Route 4. Bow Street and Cross Street were also paved.

Roads were graded both spring and fall and gravel was placed. Mowing of the roadsides was also done.

This coming year we have several areas that need work on the culverts. The worst area that needs to be done is an extension of the culvert on Old Turnpike Road and installing rails in the same location.

This year we will be again working on the Ridge Road / Sherburne Hill area. The amount that we get finished will again depend on what the current prices for material and equipment are. This year we will also be finish coat Allen Farm an Kelsey Mill roads. If funds are sufficient we would also like to grind and pave Harvey Lake road, which is in very bad shape. We have also scheduled several of the recently re-paved roads for crack sealing, which should help extend the life of the pavement.

Again, I would like to thank everyone for their patience and understanding when we are working on the road.

Respectfully submitted,

James D. Wilson
Road Agent

1999 Rockingham Community Action Report

FISCAL YEAR JULY 1, 1998 - JUNE 30, 1999

Rockingham Community Action (RCA) is a private, non-profit corporation. Our mission is to serve the multitude of needs of Rockingham County's low-income residents by assisting them in coping with the hardships of poverty, giving them the tools to lift themselves out of poverty and seeking to eradicate the root causes of poverty. RCA has been addressing these needs for over thirty years.

Greater Raymond Community Action Center is an outreach office of RCA that serves residents of Northwood and 12 other communities, and as such acts as Northwood's central resource for information regarding all available human services. RCA also offers intake, clinic and distribution sites in over half of the county's thirty-seven communities for the application and provision of various Community Action services.

Community Action provides a wide range of services that are unduplicated elsewhere in the county. Many of our services meet immediate, critical needs, while others are designed to help families achieve long-term economic self-sufficiency. The following services were provided by Community Action to eligible residents of Northwood from July 1, 1998 through June 30, 1999:

54 households received one of a group of Fuel Assistance Programs, services that provide financial grants of up to \$750 to income eligible households to assist with energy-related expenses through the Fuel Assistance Program (some households also receive furnace cleaning and budget and energy counseling services), and grants of up to \$250 for fuel and utility emergencies for households not eligible for the Fuel Assistance Program through the Neighbor Helping Neighbor and the Senior Energy Assistance Service.

1 individual was enrolled in the COMPASS (Community Partnerships for Self-Sufficiency) Program, which helps participants develop and pursue education, training and employment goals and provides needed support to enable them to achieve financial independence.

1 household received help through the Security Deposit Loan Fund & Tenant Services, which provide security deposit loans to people who are homeless or at risk of becoming homeless; provides short-term transitional housing; and provides affordable housing referrals and advocacy, landlord-tenant mediation and tenant education and counseling.

2 homes received Energy Conservation services through the Weatherization or Energy Management Programs, which provide high quality energy conservation materials and skilled labor to weatherize homes of income-eligible and high energy-using households in order to reduce heating costs and conserve energy, and provides major repairs or replacement of heating systems for low-income homeowners.

1 child and day care provider participated in the Family Day Care Program, which provides services to family day care providers, including training, technical assistance and sponsorship of the USDA Child and Adult Care Food Program.

3 child care referrals were arranged through the Child Care Resource and Referral Program, which compiles current data on all available child care options, provides child care referrals to employees of participating companies as well as to the general public, and expands the supply

of quality child care by recruiting, training and assisting new child care providers, including the training of TANF participants.

66 individuals received help through the WIC or Commodity Supplemental Food Programs: WIC provides supplemental nutritious foods, nutrition education, breast-feeding support and health care screening/referrals to pregnant women, nursing mothers, infants and children up to the age of five; the Commodity Supplemental Food Program provides monthly allotments of commodity foods and nutrition education materials to senior citizens, postpartum women and 5 year old children.

5 households received services through the Homeless Outreach/Intervention Project, which conducts outreach in areas frequented by the unsheltered homeless and assists the homeless with identifying shelter needs, arranging emergency transportation to shelters and assisting shelter providers in arranging alternative shelter.

543 individual food allotments were provided through the Emergency Food Assistance Program, which distributes USDA surplus food to emergency food pantries, soup kitchens and homeless shelters throughout Rockingham County.

4 households received Crisis Services, programs that provide emergency grants to income eligible households for the payment of rent, mortgage, electricity, fuel or other basic necessities for those facing evictions, foreclosures, utility terminations, lack of fuel or other emergencies.

1 household was enrolled in the Emergency Response System, a program that provides immediate access to community medical responders for disabled individuals in order to ensure their safety and maintain their independence and quality of life.

1 individual received help through the Health Insurance Counseling Education and Assistance Service (HICEAS), which provides the services of trained volunteers to assist Medicare recipients with a wide range of health insurance needs, including supplemental health insurance options and Medicare and Medicaid benefits and claims.

In addition to these major programs, much of our staff time is devoted to working with people who come to us seeking help. During the past year, we logged 52 calls or visits from Northwood residents, many of which were crisis calls involving evictions or foreclosures, fuel or utility problems, the lack of food or clothing, or general financial needs. By working closely together with local and state welfare administrators, landlords and mortgage lenders, fuel and utility companies, other human service agencies and interested clergy and civic groups, we are able to link those in need with the services available to them.

The services provided by our staff, together with the programs provided by our agency, have a direct and significant effect on Northwood's welfare budget. If our services were decreased due to lack of funding, the town would experience a resulting increase in requests for local welfare assistance.

Since the services we provide greatly relieve the towns we serve of the full financial burden of providing for the needs of their low-income residents, we ask every community we serve to make a financial contribution to our agency based upon the level of service we have provided to its residents.

The amount we request equals 5¼ % of the total dollar value of services we provided during the previous fiscal year, which means that we request \$5.25 for every \$100.00 we provided in direct services.

From July 1, 1998 through June 30, 1999, Community Action provided \$79,671 in services to Northwood residents. We are therefore requesting the town of Northwood to contribute 5¼ % of this amount, or \$4,183. The town of Northwood has contributed to our agency for many years, and we extend our appreciation to you for your continued support.

Respectfully submitted,

Mary Anna Austrew,
Outreach Center Director

Rockingham Community Action

1999 Route 4 (First NH Turnpike) Impact Committee Report

The Route 4 Impact Committee met on an "as needed" basis, this year. The current issues did not require monthly meetings.

The committee's prime function is to monitor the State of New Hampshire Department of Transportation (DOT) proposed safety improvements to Northwood. Another area of concern has been the hazards of entering and leaving the existing Northwood Post Office.

The status of the three New Hampshire DOT projects, as of January 15, 2000, is as follows:

- The US 4, NH 43 and the US 202 intersection construction is complete, except for final landscaping, which will be done this year.
- The US 4 intersection with Bow Lake is currently in final design. Construction for this project has been delayed to the year 2001.
- The US 4 intersection with NH 152 is in the preliminary planning phase. The current DOT schedule calls for a second Public Informational meeting in the spring of 2000. Bids for construction would likely be taken in the fall of 2002, with construction in 2003.

The US Post Office new building will be started in the spring of 2000 and ready for use in about 5 months.

Current Route 4 Impact Committee members are:

Andrew John Lane, Chairman
George Rogers, Vice Chairman
Thomas Chase, Secretary
Robert Bailey

Richard Blackburn
Russell Eldridge
Jeff Lalish
Kate McNally

Respectfully submitted,

Andrew J. Lane,
Chairman

1999 Rural District Visiting Nurse Association Report

Rural District Visiting Nurse Association, Inc. has served as the primary home care provider in Northwood since 1969. Rural District Visiting Nurse Association continues to serve your community as a private, independent, non-profit home health agency certified by Medicare and licensed by the state in home health, hospice and community clinics. Most importantly, our accreditation with commendation by the Joint Commission on Health Care Organizations assures you and your family that Rural District Visiting Nurse Association provides high quality care in a cost-effective manner. In addition, to our full range of home health services we are supported by a dedicated group of volunteers providing companionship and respite to patients and families.

Home health care providers continue to be challenged by changing reimbursement, focused medical reviews, changing interpretations of regulations, and growth in numbers of referrals and increased acuity of clients needing care. Through it all, Rural District Visiting Nurse Association has remained focused on what matters most—providing compassionate, cost-effective, quality care to our patients in Northwood, that will continue to be our focus as we move into this new millennium.

Our Board of Directors, including your Board Representatives, Charlotte Klaubert and Patricia Moore, continues to assess the health care environment in Northwood to ensure that the decisions we make are in the best interest of your community. Much board time, including many extra meetings, has been spent this last year in assessing the potential for a merger with Rochester VNA. It has been determined that we would be a stronger, more comprehensive agency if we merged. Some of the benefits to the merger include stronger specialty staff, better benefits for employees (more reasonably priced) and an improved position to deal with Prospective Pay, the new episodic payment from Medicare. We remain committed to providing you with only the best in home care services.

Rural District Visiting Nurse Association also remains committed to serving patients regardless of their financial circumstances. Your town contributions are essential to meeting the many health needs in your community. As competition increases for insured client referrals, please keep in mind you have a right to choose. Choose quality with a long-standing commitment to your community. Ask for Rochester/Rural District Visiting Nurse Services & Hospice by name.

We are proud to be meeting your home health care needs since 1969 and are looking forward to working with you in the future.

Type and number of visits:

Skilled Nursing	818	Medical Social Worker	48
Home Health Aide	892	Total Visits	2093
Physical therapy	277	Days of Hospice Care	89
Occupational therapy	58	Homemaking hours of service	0
Speech therapy	0

Executive Director

1999 Northwood Safety Committee Report

The Safety Committee conducted four meetings during 1999. The major accomplishments of the committee in 1999 were completion of the safety/code survey of all town properties and video taping of valuable town property for insurance record purposes. These undertakings were conducted by a representative from the New Hampshire Municipal Association and a member of the committee. A final report of the survey findings is expected soon. Upon receipt, this report will be reviewed to ensure understanding and agreement with all the findings contained in it.

The committee has a draft of the survey findings and has suggested implementing policy changes where possible to address several shortcomings. In addition, some of the safety and housekeeping items have been addressed.

Departmental budget requests in the year 2000 include funds to address some of the safety issues that were noted during the survey. It is the intent of each department involved to prioritize the items needing to be corrected and correct the most important within the limits of the funds available.

This committee will continue to strive to ensure that all town property complies with all applicable codes and will continue to provide information to the selectmen, with the objective of minimizing the town's insurance costs and liability occurrences.

The committee is comprised of the following members:

David Hickey, Chairman	Joseph Michaud
Tammie Beaulieu	David Ruth
Donna Bunker	Marcia Severance
Michael D'Alessandro	Linda Smith
Jessi Leavitt	Marylou Tuttle
Michael Hoisington	Jim Wilson
Kevin Madison	

Respectively Submitted,

David J. Hickey, P.E.
Chairman

1999 Selectmen's Report

At the first Selectmen's meeting following the 1999 Town Meeting, the board set several goals for the year. They included the Cable Franchise Agreement, purchase order system, wage survey, Employee's Handbook revision, Town Office E-mail/Web Page, Current Use update.

The Cable Committee began, in 1998. their task of reviewing the agreement that was to expire in September of 1998, and the work has continued during 1999. Several extensions of the expiring agreement were approved. Several meetings have been held with the Selectmen, attorneys and the cable company representatives. At this writing a new franchise agreement with Harron Metrocast has been signed and is effective as of December 31, 1999. A copy is available at the business office for anyone who wishes to puruse it.

In order to improve the longstanding purchase order system, whereby making it necessary to obtain several quotes on large purchases, the board was able to finalize a new purchase order system and put it into place during the last half of the year. It requires each department that wishes to include costly items in their budgets to obtain quotes for those items during the budget and purchase process, thus eliminating guess work in budgeting.

The Selectmen contracted with NHMA for a wage survey of all full-time employees and certain part-time employees. The survey has been completed, reviewed by the three governing bodies (Selectmen, Police Commission and Library Trustees) and approved by them for implementation as of January 1, 2000. The survey revealed that 50% of the positions were basically "on target" with the remaining 50% in need of upgrading.

With the new wage survey in place, and in order to complete the package, the Employee's Handbook was completely reviewed and many changes and additions were made. Again this was reviewed by the three governing bodies, an employee hearing was held to obtain the employees' comments and concerns, and final acceptance of this document was approved by the Selectmen and Library Trustees, with the Police Commission declining to approve it for the Police Department. The revision has been placed on hold until after Town meeting, when it will again be brought to the floor for further discussion.

The Selectmen continued to advertise tax deeded properties for sale in order to return them to the tax roles. During 1999 several parcels were returned to the tax roles. Changes in State Law do not now allow an immediate return of such properties to the tax roles. Therefore, in the future, it will take longer to finalize this process.

The relocation of the Northwood Post Office was a matter of interest to many residents. Additional public hearings were held at the request of the Post Office officials, because of the numerous locations submitted by townspeople as the possible new location of this facility. The location that was approved by the Post office officials is land of Daniel and Melinda Tasker, located on Tasker Shore Drive. The subdivision of the land, and site plan for the building were approved by the Planning Board in November. The Selectmen have corresponded with the owner of the present Post office relative to the acquisition of the building which is located on town-owned land. The new Post Office is anticipated to be completed in the middle of the year 2000.

The Selectmen reactivated the Northwood Economic Development Committee and appointed five townspeople as committee members. The committee has been working towards establishing a web page for Northwood, and hope to have this completed by next Town meeting. This will allow residents to obtain up-to-date information on what is happening at Town Hall, and will provide Northwood with a much needed means of communication.

There is a need to verify current use properties as this was not done during the revaluation in 1996. It is anticipated that before April 1, 2000 all owners of properties under current use assessment will have been requested to provide up-to-date information, including plans of the land, in order to complete this project for the year 2000 tax assessments.

The Selectmen appointed seven residents to a Town Facilities Committee. Their charge was to visit all town buildings and make recommendations relative to the usage of the various buildings, the need for expansion of facilities, the possible need to eliminate the use of some buildings, and to provide the Selectmen with a report of their findings before budget time. The committee has already submitted a preliminary report and will place a report in the Town Report.

With the need to combine the office space of the Tax Collector and Town Clerk, it was necessary to change the location of some of the other town office personnel. In doing this, some additional safety measures were put into place. The shifting of personnel has helped with working conditions for everyone. The Selectmen were the ones who lost out, but we still have space for our meetings

The moving of offices made it possible to gather the many years of records that have not been microfilmed. The money placed in the 1999 budget has been encumbered to completed this project which covers 11 years of records. The Selectmen recommend that in the future the microfilming be done every 5 years, as it is not prudent or wise to attempt to store 11 years of records.

The Selectmen have done their best to manage the financial affairs of the town. The year 2000 budget does not show a substantial increase over the 1999 budget. The board continues to be concerned about the funding for education. In setting the 1999 tax rate, the board used some surplus to hold down the town's portion of the rate, and at the same time kept sufficient surplus, as recommended by the Department of Revenue.

The Selectmen thank the townspeople for their volunteerism and for their support and confidence in allowing them to conduct the business of the Town of Northwood.

Respectfully submitted

1999 Sexual Assault Support Services Report

Sexual Assault Support Services is dedicated to supporting victims/survivors in their effort to heal from the trauma of sexual assault and childhood sexual abuse, while striving to prevent the occurrence of sexual violence in local communities and in society at large.

This mission is accomplished by providing the following services:

- Toll-free confidential 24 hour crisis intervention hotline 1 (888) 747-7070;
- Outreach office for Strafford County located in Rochester at One Wakefield Street (332-0775);
- Accompaniment to medical and legal (police and court) appointments;
- Information and referral to related services such as attorneys and therapists;
- Support groups for survivors, their parents and partners;
- Child sexual assault prevention education programs in area schools, recreation programs, camps and scouts;
- Adolescent workshops on sexual harassment and sexual assault;
- Professional training and consultation to police departments, hospitals and school personnel and human service agencies;
- Sexual harassment in the workplace workshops to municipalities and businesses.

Our program is committed to providing support, education and advocacy to all survivors of sexual assault and sexual abuse and their parents, partners and other community members.

The primary objectives of Sexual Assault Support Services are to empower survivors and to support them in their healing process and to educate the community, heightening awareness of sexual assault and its prevention. We provide prevention programs throughout the school system in order to broaden awareness among students, teachers and the community of the issues of sexual assault and harassment. In addition, our staff coordinates with police departments and hospital staff to improve response to sexual assault cases and to assure a supportive environment for the survivors.

Sexual Assault Support Services has provided service for 20 years. Volunteers are welcome and are utilized in all aspects of the program. For further information regarding our program please contact us at (603) 436-4107.

Respectfully Submitted,

Diane Stradling

1999 Transfer Station Report

Tipping and Hauling Fees For The Last Three Years:

Listed below are the combined tonnage's for the entire 1999 year. The Town of Northwood currently pays \$51 per ton for wet garbage and \$61.50 per ton for demolition and furniture.

Totals:	1999	1,108.94 T \$71,743.76	1998	1,015.99T \$84,412.32	1997	1,684.57T \$97,123.49
----------------	-------------	---------------------------	-------------	--------------------------	-------------	--------------------------

As you can see, our tonnage's and costs are down. We are doing a good job, but we need to constantly try to do better. We have established four new recycling programs at the transfer station. Propane tanks are now accepted, we have found a company that will pay us 50 cents each for all the tanks they can reuse. We haven't made much money, but these tanks are being kept out of landfills.

Fluorescent bulbs are also being accepted. These are considered a hazardous waste and should not be broken. We pay Global Recycling a nominal fee for disposal, \$127.00 for 300 bulbs.

There is no longer a charge for computers and component parts. (printer, monitors, keyboards, etc.) These items are being collected and taken to the NH College Donation Depot where they are re-built and distributed to schools, libraries, etc. These are loaded and brought to Hooksett by a volunteer so there is no cost to us for removal.

We've also started putting mixed office paper in gaylord boxes in the newspaper trailer. Keeping this paper out of the compactors saves us \$31 a ton. Over the course of a year this is a considerable savings. Mixed office paper consists of junk mail, envelopes, computer paper, note paper. Please remember not to include glossy paper with the mixed office paper. No glossy paper, that goes into the magazine boxes.

This year the State has been very strict with the burn pit. As you know, we can no longer accept anything in the pit but raw wood. This means there has been a lot more going into the demolition can which has caused an increase in tonnage and cost of removal.

New transfer station stickers (permits) will be issued beginning in mid-July. We'll all have to have these new permits on our vehicles by September 1,2000. Two permits per household, no exceptions. Issuing new permits every two years has been working very well. It is the only way to assure that only Northwood residents are using the facility. Remember, you'll need the registration to the vehicle the permit will be going on to get a permit.

Remember to smile and say hello when you're at the station, we're there to help.

Respectfully submitted,

Viena Dow

Transfer Station Administrator

1999 Town Facilities Committee Report

The Facilities Committee was formed by the Selectmen early in April 1999. The intent of the committee is to gather information toward the creation of a Capital Improvement Plan to accommodate growth of the town by creating a prioritized calendar for the facilities; including future facility plans and costs to be presented to the selectmen.

Meetings are held at least once a month for two to three hour work sessions. Three of the meetings were 'tours' of the town owned facilities.

The committee requested and received reports from most of the town department heads pertaining to their wants and needs. Members of the committee also spent time during daily working hours reviewing the facilities to better understand the working conditions and to discuss some of the issues with the town personnel.

The process of creating the complete calendar continues. Due to the upcoming budget deadline for the year 2000, the committee selected the facilities we feel should be the priorities to be included in this year's budget.

- To accept the gift of the current Post Office building and to remodel that building to accommodate the Police Department.
- To remodel the lower level of Town Hall vacated by the Police Department into office space and conference areas.

A proposed plan and budget was submitted to the selectmen for the 'new' Police Station. A proposed plan was submitted for the future remodeling of the Town Hall lower level.

The current members of the Town Facility Committee are:

Stephen Bailey, Chairman
Fred Bassett
Maureen Beauregard
Joann W. Bailey

Donald Vallee
Charles Hillner
Viena Dow
Scott Bryer

Respectfully submitted,

Stephen A. Bailey
Chairman

1999 Trustee of Trust Funds Report

The Trustees of Trust Funds annual report is a part of the auditor's report.

The Town funds for which the Trustees are responsible for the investment and protection of are:

<u>Category of Funds</u>	<u>Balance of Funds</u> <u>End of 1999</u>
Cemetery Common (Perpetual Care Funds)	\$204,989.54
Cemetery Other (Other Cemetery related funds)	\$ 94,380.37
Library Funds (Book, Maintenance, Other)	\$ 34,274.83
Miscellaneous (Bicentennial, Beach, Flower, etc.)	\$ 32,313.75
Capital Reserve Funds	
Ambulance	\$ 71,691.78
Highway Equipment	\$ 30,591.69
Town Hall	\$ 18,433.40
Highway Safety	\$ 25,162.25
Fire Truck	\$ 195.69
Recreation Facility	\$ 10,709.02
Transfer Station	\$ 5,170.66
Water District	\$ 3,694.85
School Building	\$ 63,755.50
School District Special Education	\$ 51,085.75
Total Capital Reserves	<u>\$280,490.59</u>
Total Funds	\$646,449.08

The Perpetual Care funds are of particular concern since the maintenance of Northwood's six large, so-called public cemeteries, is dependent upon investment and accumulated interest. The principal consists of funds placed in trust by individuals for the care of these lots. Currently the cost of Perpetual Care is \$100.00 per grave. This year \$3200.00 was added to the principal. No interment is allowed if Perpetual Care has not been provided.

1999 Zoning Board of Adjustment Report

The Northwood Board of Adjustment had an active year having received a total of nine applications. The caseload increased in both size and diversity. The board heard its first request for an Equitable Waiver of Dimensional Requirements, a new form of relief from zoning regulations recently allowed under state law. The board heard a request for a Special Exception for a non-conforming structure as allowed under the Northwood Development Ordinance, enacted by voters in March of 1999.

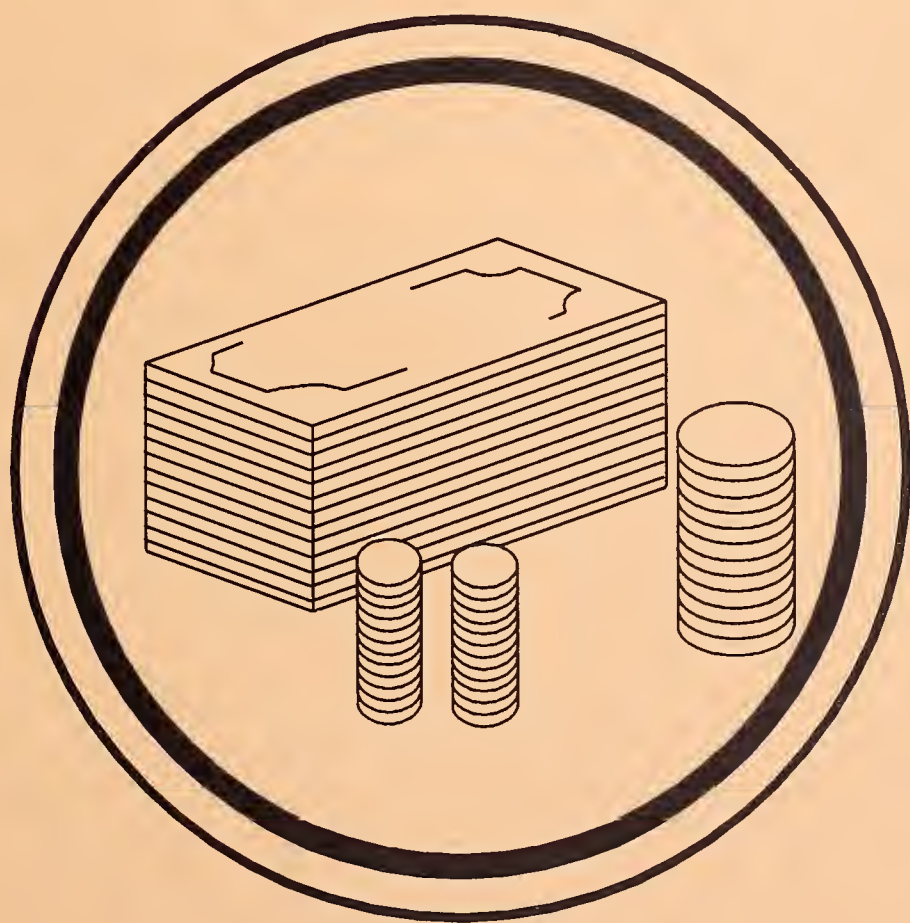

An Appeal from Administrative Decision of the building inspector was heard and granted. Six variance requests were heard, four for inadequate frontage, one for building setback and one for height restriction on a telecommunications towers. Three variances were approved, two were denied and one was postponed.

The Northwood Board of Adjustment meets monthly by agenda only. New members are appointed in March. The board is currently seeking people to serve as alternates. Alternates attend meetings to learn the requirements and responsibilities of the position and serve as voting members in the absence of full board members. If you are interested in serving on this board, contact either myself or the Board of Selectmen.

Respectfully submitted,

Bruce Jau
Chairman

1999 Town Financial Reports

**2000 TOWN WARRANT
THE STATE OF NEW HAMPSHIRE**

THE POLLS WILL BE OPEN FROM 8:00 AM TO 7:00 PM

To the Inhabitants of the Town of Northwood in the County of Rockingham in said state, qualified to vote in Town affairs:

You are hereby noticed to meet at Northwood Town Hall in said Northwood on Tuesday, the 14th day of March, next at eight of the clock in the forenoon, to act upon the following subjects.

ARTICLE #1: To choose all necessary Town Officers for the year ensuing.

ARTICLE #2: Shall the Town vote in favor of having the office of town clerk combined with the office of tax collector, thereby creating a new office of town clerk - tax collector to be held by one individual for a term of one (1) year?

ARTICLE #3: Shall the Town vote in favor of repealing the 1984 Town of Northwood Fire Protection Code for Large Buildings, making the Town automatically covered under the National Fire Protection Association Fire Code?

ARTICLE #4: Are you in favor of the adoption of Zoning Amendment No. 1 as proposed by the planning board for the town zoning ordinance as follows: to clarify when a non-conforming use has been abandoned? (The Planning Board recommends the adoption of this article)

ARTICLE #5: Are you in favor of the adoption of Zoning Amendment No. 2 as proposed by the planning board for the town zoning ordinance as follows: to clarify when an upward expansion of a non-conforming use may be constructed? (The Planning Board recommends the adoption of this article)

ARTICLE #6: Are you in favor of the adoption of Zoning Amendment No. 3 as proposed by the planning board for the town zoning ordinance as follows: to clarify the applicability of other federal and state codes to development projects in the Town? (The Planning Board recommends the adoption of this article)

ARTICLE #7: Are you in favor of the adoption of Zoning Amendment No. 4 as proposed by the planning board for the town zoning ordinance as follows: to protect the remainder of the Ordinance if any part is declared invalid? (The Planning Board recommends the adoption of this article)

ARTICLE #8: Are you in favor of the adoption of Zoning Amendment No. 5 as proposed by the planning board for the town zoning ordinance as follows: to provide for the legal recovery of costs when the Town must enforce its ordinance? (The Planning Board recommends the adoption of this article)

ARTICLE #9: Are you in favor of the adoption of Zoning Amendment No. 6 as proposed by the planning board for the town zoning ordinance as follows: to provide the planning board authority to reasonably regulate hours of operation for particular uses? (The Planning Board recommends the adoption of this article)

ARTICLE #10: Are you in favor of the adoption of Zoning Amendment No. 7 as proposed by the planning board for the town zoning ordinance as follows: to provide clarity as to which uses may be permitted provided certain criteria are met? (The Planning Board recommends the adoption of this article)

ARTICLE #11: Are you in favor of the adoption of Zoning Amendment No. 8 as proposed by the planning board for the town zoning ordinance as follows: to add two new subsections to 2.02 Mixed Use Development, to provide clarity for whether home occupation and home business uses require site plan review? (The Planning Board recommends the adoption of this article)

ARTICLE #12: Are you in favor of the adoption of Zoning Amendment No. 9 as proposed by the planning board for the town zoning ordinance as follows: to remove junk yards as a newly established permitted use ? (The Planning Board recommends the adoption of this article)

ARTICLE #13: Are you in favor of the adoption of Zoning Amendment No. 10 as proposed by the planning board for the town zoning ordinance as follows: to clarify that newly created lots must meet frontage requirements? (The Planning Board recommends the adoption of this article)

ARTICLE #14: Are you in favor of the adoption of Zoning Amendment No. 11 as proposed by the planning board for the town zoning ordinance as follows: to clarify that new development must front on roadways meeting town construction standards? (The Planning Board recommends the adoption of this article)

ARTICLE #15: Are you in favor of the adoption of Zoning Amendment No. 12 as proposed by the planning board for the town zoning ordinance as follows: to clarify that waterbody setback and wetland setbacks are 20 feet? (The Planning Board recommends the adoption of this article)

ARTICLE #16: Are you in favor of the adoption of Zoning Amendment No. 13 as proposed by the planning board for the town zoning ordinance as follows: to clarify that lighting standards shall comply with Section 2.01(D)(1)(d)(2)? (The Planning Board recommends the adoption of this article)

ARTICLE #17: Are you in favor of the adoption of Zoning Amendment No. 14 as proposed by the planning board for the town zoning ordinance as follows: to clarify that newly created lots must have a minimum of 1 acre of upland soil? (The Planning Board recommends the adoption of this article)

ARTICLE #18: Are you in favor of the adoption of Zoning Amendment No. 15 as proposed by the planning board for the town zoning ordinance as follows: to clarify that Betty Meadows is changed to Northwood Meadows State Park in the Conservation Area Overlay District? (The Planning Board recommends the adoption of this article)

ARTICLE #19: Are you in favor of the adoption of Zoning Amendment No. 16 as proposed by the planning board for the town zoning ordinance as follows: to clarify that the district boundary for the aquifer protection area is a radius around public wells? (The Planning Board recommends the adoption of this article)

ARTICLE #20: Are you in favor of the adoption of Zoning Amendment No. 17 as proposed by the planning board for the town zoning ordinance as follows: to clarify that the purpose of open space designs may include protection of viewsheds? (The Planning Board recommends the adoption of this article)

ARTICLE #21: Are you in favor of the adoption of Zoning Amendment No. 18 as proposed by the planning board for the town zoning ordinance as follows: to clarify that applications for open space design require planning board approval for the statement of purpose prior to approval? (The Planning Board recommends the adoption of this article)

ARTICLE #22: Are you in favor of the adoption of Zoning Amendment No. 19 as proposed by the planning board for the town zoning ordinance as follows: to clarify that open space design developments can only have the same number of lots permitted under the current standard subdivision regulations? (The Planning Board recommends the adoption of this article)

ARTICLE #23: Are you in favor of the adoption of Zoning Amendment No. 20 as proposed by the planning board for the town zoning ordinance as follows: to clarify that home businesses and not home occupations require site plan review? (The Planning Board recommends the adoption of this article)

ARTICLE #24: Are you in favor of the adoption of Zoning Amendment No. 21 as proposed by the planning board for the town zoning ordinance as follows: to clarify that definition of subdivision follow the state law definition? (The Planning Board recommends the adoption of this article)

ARTICLE #25: Are you in favor of the adoption of Zoning Amendment No. 22 as proposed by the planning board for the town zoning ordinance as follows: to modify the definition for manufacturing making a textual edit changing and to or, to more closely represent the intent of the original definition? (The Planning Board recommends the adoption of this article)

ARTICLE #26: Are you in favor of the adoption of Zoning Amendment No. 23 as proposed by the planning board for the town zoning ordinance as follows: to modify the requirement that a special exception not be required for a wetlands impact that meets the criteria of a "expedited minimum impact project " under NH state rules? (The Planning Board recommends the adoption of this article)

ARTICLE #27: Are you in favor of the adoption of Zoning Amendment No. 24 as proposed by the planning board for the town zoning ordinance as follows: to modify the definition of wetlands to include prime wetlands identified on the Northwood Wetlands Inventory Report? (The Planning Board recommends the adoption of this article)

ARTICLE #28: Are you in favor of the adoption of Zoning Amendment No. 25 as proposed by the planning board for the town zoning ordinance as follows: to require a 100 foot buffer for construction where the wetlands conservation overlay district and the conservation area overlay district coexist or where there is a prime wetland? (The Planning Board recommends the adoption of this article)

Given under our hands and seal this 16th day of February in the year of our Lord nineteen hundred and ninety-eight.

**Marion J. Knox, chairman
Douglas J. Peterson
Scott R. Bryer
Selectmen of Northwood**

A true copy of warrant - Attest:

**Marion J. Knox, chairman
Douglas J. Peterson
Scott R. Bryer**

Absentee Ballots will be open at 1:00 p.m.

**2000 TOWN WARRANT
THE STATE OF NEW HAMPSHIRE**

To the Inhabitants of the Town of Northwood in the County of Rockingham in said state, qualified to vote in Town affairs:

You are hereby noticed to meet at Coe-Brown Northwood Academy in said Northwood on Saturday, the 18th day of March, next at nine of the clock in the forenoon, to act upon the following subjects.

ARTICLE #1 : To see if the municipality will vote to raise and appropriate the sum of **forty-eight thousand fifty nine dollars and thirty-six cents (\$48,059.36)** to be added to the previously established Ambulance Capital Reserve Fund held by the Trustees of Trust Funds. Such sum to be offset by the equal amount from the previously established Special Ambulance Replacement Fund (revenue balance). **(Majority vote required) (Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #2 : To see if the municipality will vote to raise and appropriate, from surplus in the year ending December 31, 1999, the sum of **six hundred dollars (\$600.00)** from the sale of cemetery lots in the year 1999 to be added to the Cemetery Improvement Expendable Trust Fund previously established. **(Majority vote required) (Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #3 To see if the municipality will vote to raise and appropriate the sum of **six thousand dollars (\$6,000.00)** for the purpose of testing, and treating the lagoon and monitoring wells at the septage lagoon located at the disposal area, and to authorize the withdrawal for this purpose of **six thousand dollars (\$6,000.00)** from the Lagoon Fee Fund, established under RSA 31:95-c in 1990. **(Majority vote required) (Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #4 : To see if the municipality will vote to raise and appropriate the sum of **forty-one thousand six hundred and forty-three dollars (\$41,643.00)** for the fourth year's payment for the lease/purchase agreement for the new fire truck purchased in 1997. **(Majority vote required) (Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE # 5: To see if the municipality will vote to raise and appropriate the sum of **twenty-four thousand and eight hundred dollars (\$24,800.00)** to purchase a new Police cruiser and authorize the withdrawal of **twenty-four thousand and eight hundred dollars (\$24,800.00)** from the Highway Safety Equipment Capital Reserve Fund created for that purpose. **(Majority vote required) (Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #6: To see if the town will vote to authorize the Selectmen to enter into a Lease/Purchase agreement, which includes an escape clause, for the total amount of **fifty-eight thousand and nine hundred sixty-five dollars (\$58,965.00)**. for the purpose of leasing/purchasing a new Tractor Loader Backhoe and to raise and appropriate the sum of **nine thousand nine hundred and ninety-three dollars (\$9,993.00)**, the first year's payment, for this purpose. The vehicle is to be purchased under a lease/purchase agreement with payments of **nine thousand nine hundred and ninety-three dollars (\$9,993.00)**. to be made for four (4) additional years as follows: 2001, 2002, 2003, 2004; and bringing the total cost of the vehicle to **fifty-eight thousand nine hundred and sixty-five dollars (\$58,965.00)**, including interest. The leasing company, Casey Equipment and Rental Corp., has agreed to have the \$9,000.00 balance remaining be satisfied by applying \$9,000.00 in rental payments made by the Town (\$3,000.00 from last year's budget, and \$6,000.00 budgeted in this year's budget by the road agent) **(Majority Vote Required) (Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #7 To see if the municipality will vote to establish an agreement under section 218 of the social security act by excluding the services performed by election workers for the calendar year in which the remuneration paid for such services is less than one thousand dollars (\$1,000.00) **(Majority vote required) (Recommended by Selectmen)**

ARTICLE #8: To see if the municipality will vote to authorize the selectmen to establish a permanent Cable Committee of three to five members appointed by the Selectmen for a staggered three year term. **(Majority vote required) (Recommended by Selectmen)**

ARTICLE #9:To see if the municipality will vote to create an expendable cable franchise general fund trust fund under the provisions of RSA 31:19-a, to be known as the Cable Expendable Trust Fund, for the purpose of receiving grant and franchise money to be used for creating, maintaining and upgrading a broadcast system (PEG) for the Town of Northwood, and to appoint the Board of Selectmen as agents to expend such funds, including interest, and to raise and appropriate the sum of Nine thousand one hundred seventy-six dollars and forty-two cents **(\$9,176.42)** for this purpose. **(Majority vote required) (Recommended by Selectmen)**

ARTICLE #10: To see if the municipality will vote to change the purpose of an existing Town Hall Addition Capital Reserve Fund to the Town Hall Addition/Renovation Capital Reserve Fund. **(Two-third vote required) (Recommended by Selectmen)**

ARTICLE #11 : To see if the municipality will vote to authorize the Board of Selectmen to accept the old Post Office building located on Map 223 Lot 17 as a gift of personal property. **(Majority vote required) (Recommended by Selectmen)**

ARTICLE #12 : To see if the municipality will vote to raise and appropriate the sum of **seventy thousand dollars (\$70,000.00)**, for renovations to the old post office building located on Map 223 Lot 17 to be used as the Town's Police Department **(Majority vote required) (Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #13 : To see if the Town will vote to rescind, as provided for in N.H. RSA 105-c:7, the affirmative vote taken on the regular ballot for the election of Town officers on March 10, 1987, whereby the government of the Police Department of the Town of Northwood was entrusted to a Police Commission. If a majority of those voting answer this question in the affirmative, then the government of the police department shall revert back to the Board of Selectmen similar to that of all other towns in Rockingham County.” **(Ballot vote required)**
(Recommended by Selectmen)

ARTICLE #14 : To see if the municipality will vote to raise and appropriate the sum of **one million six hundred eighty six thousand nine hundred and seventy-two dollars (\$1,686,972.00)**, which represents the operating budget. Said sum does not include special or individual articles addressed. **(Majority vote required)** **(Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #15 : To see if the municipality will vote to raise and appropriate the sum of **three thousand dollars (\$3,000.00)**, to be added to the previously established Conservation Commission’s Fund, held by the Town Treasurer. **(Majority vote required)** **(Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #16: To see if the municipality will vote to raise and appropriate the sum of **four thousand dollars (\$4,000.00)** to purchase the services of a professional to provide a site plan and architectural drawings of a future Transfer Station Facility Building for which the town presently has a capital reserve fund established.. **(Majority vote required)** **(Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #17: To see if the municipality will vote to raise and appropriate the sum of **five thousand dollars (\$5,000.00)** to be added to the Transfer Station Facility Capital Reserve Fund previously established under provisions of RSA 35:1, at 1999 Town Meeting and held by the Trustee of Trust Funds. **(Majority vote required)** **(Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #18: To see if the municipality will vote to raise and appropriate the sum of **five thousand dollars (\$5,000.00)** to be added to the Recreation Facility Reserve Fund previously established under provisions of RSA 35:1, at 1998 Town Meeting and held by the Trustee of Trust Funds. **(Majority vote required)** **(Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #19 : To see if the municipality will vote to raise and appropriate the sum of **six thousand dollars (\$6,000.00)** to be added to the previously established Highway Equipment Capital Reserve Fund (truck) held by the Trustees of the Trust Funds. **(Majority vote required)**
(Recommended by Selectmen; Recommended by Budget Committee)

ARTICLE #20 : To see if the municipality will vote to raise and appropriate the sum of **thirteen thousand dollars (\$13,000.00)** to be added to the previously established Highway Safety Equipment Capital Reserve Fund (cruiser) held by the Trustee of Trust Funds. **(Majority vote required) (Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #21 : To see if the municipality will vote to raise and appropriate the sum of **five hundred dollars (\$500.00)** as a donation to the Northwood Historical Society to help with their efforts in preserving the Town's historical importance.**(Majority vote required) (Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #22: To see if the municipality will vote to authorize the selectmen to convey fee simple interests to the owners of leasehold interests acquired from the Town to certain lots or parcels of land in the School lot, so called, at Lucas Pond which is owned by the Town and known as the Lucas Pond Development should the Selectmen obtain a legal opinion that there exists no legal bar or other impediment to prevent them from conveying said property in fee simple and upon the payment by any said leaseholder of a nominal fee to reimburse the Town for expenses associated with the transfer." **(Petitioned article)**

ARTICLE #23: Shall we modify the exemption for the disabled pursuant to RSA 72:37-b, voted into effect at the March 1995 Town Meeting as follows:

Shall we modify an exemption for the disabled? The exemption based on assessed value, for qualified taxpayers shall be \$35,000.00. To qualify, the person must have been a New Hampshire resident for at least five years and own and occupy the real estate individually or jointly, or if the real estate is owned by a spouse, they must have been married for at least five years. In addition, the taxpayer must have a net income of not more than \$18,500.00 if single, or \$26,000.00 if married, and own net assets not in excess of \$35,000.00 excluding the value of the person's residence (up to two acres of land)? **(Majority vote required) (Recommended by Selectmen)**

ARTICLE #24 : To see if the municipality will vote to raise and appropriate the sum of thirty thousand dollars **(30,000.00)**for the purchase of a replacement heating/air conditioning system and insulating of the Northwood Town Hall, and authorize the withdrawal of **eighteen thousand dollars (\$18,000.00)** from the Town Hall Addition/Renovation Capital reserve fund for this purpose, and the remaining **twelve thousand dollars (\$12,000.00)**. to be raised through taxation **(Majority vote required) (Recommended by Selectmen; Recommended by Budget Committee)**

ARTICLE #25: To see if the municipality will vote to transfer the 1994 police cruiser from the Police Department to the Fire/Rescue Department

ARTICLE #26: Shall vote to raise and appropriate \$65,000.00 for the purpose of hiring (2) full time firefighter/EMT to provide "weeknight" medical coverage on the ambulance, which is needed to assist the volunteers. **(Petitioned article) (Not recommended by Selectmen; Not recommended by Budget Committee)**

ARTICLE #27: To transact any other business that may legally come before this meeting.
(Majority vote required)

Given under our hands and seal this 15th day of February, in the year of our Lord two thousand.

Marion J. Knox., Chairman

Douglas J. Peterson

Scott R. Buyer

Selectmen of Northwood

**Town of Northwood
Petitioned Warrant Article 2000**

To the Selectmen of the Town of Northwood, Marion J. Knox, Douglas J. Peterson, and Scott R. Bryer:

The undersigned legal voters of the Town request you to insert in the warrant for the next town meeting, the following article or articles:

“To authorize the Selectmen to convey fee simple interests to the owners of leasehold interests acquired from the Town to certain lots or parcels of land in the School Lot, so-called, at Lucas Pond which is owned by the Town and known as the Lucas Pond Development should the Selectmen obtain a legal opinion that there exists no legal bar or other impediment to prevent them from conveying said property in fee simple and upon payment by any said leaseholder of a nominal fee to reimburse the Town for expenses associated with the transfer.”

INDEPENDENT AUDITOR'S REPORT

January 19, 2000

Board of Selectmen
Town of Northwood
Northwood, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Northwood, New Hampshire, as of December 31, 1999 and for the year then ended. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group, which should be included in order to conform with generally accepted accounting principles. The amounts that should be recorded as general fixed assets are not known.

In our opinion, except for the effect on the financial statements of the omission described in the third paragraph, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Northwood, New Hampshire, as of December 31, 1999 and the results of its operations and the cash flows of its proprietary and similar trust fund types for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying combining and individual fund financial statements listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Northwood, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Respectfully submitted,

Mason + Rich, P.C.

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Northwood, New Hampshire (the Town) conform to generally accepted accounting principles as applicable to governmental units, except as noted in the following summary of the more significant policies:

A. Reporting Entity

The accompanying financial statements include the transactions of all funds and account groups of the Town of Northwood and other governmental organizations included in the Town's reporting entity because of the significance of their operations or financial relationships with the Town in accordance with the criteria set forth by the Governmental Accounting Standards Board. The account groups are those required by financial reporting standards for governmental units.

B. Basis of Presentation

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equities, revenues and expenditures or expenses. The various funds are grouped by type in the financial statements as follows:

GOVERNMENTAL FUNDS

- 1) General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid through other funds.
- 2) Special Revenue Funds - Special revenue funds are used to account for the proceeds of specific revenue resources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.
- 3) Capital Projects Funds - Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by enterprise operations and trust funds.

FIDUCIARY FUNDS

- 4) Trusts and Agency Funds - Trust and Agency Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. These include Expendable Trust, Nonexpendable Trust and Agency Funds.

Nonexpendable Trust Funds are accounted for in essentially the same manner as proprietary funds since capital maintenance is critical. Expendable Trust Funds are accounted for in essentially the same manner as governmental funds. Agency Funds are custodial in nature (assets equals liabilities) and do not involve measurement of results of operations.

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS
(Continued)

ACCOUNT GROUPS

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. All Governmental Funds and Expendable Trust Funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental Fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

General Fixed Assets Account Group

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by many other municipal entities in the State, the Town does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

General Long-Term Debt Account Group

Long-term liabilities expected to be financed from Governmental Funds are accounted for in the General Long-Term Debt Account Group, not in the Governmental Funds.

The account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

Noncurrent portions of the long-term receivables due to Governmental Funds are reported on their balance sheets, in spite of their spending measurement focus. Special reporting treatments are used to indicate, however, that they should not be considered "available spendable resources", since they do not represent net current assets. Recognition of Governmental Fund type revenues represented by noncurrent receivables is deferred until they become current receivables.

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the General Long-Term Debt Account Group.

The Nonexpendable Trust Funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities (whether current or noncurrent) associated with their activity are included on their balance sheets.

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS
(Continued)

C. Basis of Accounting

Basis of accounting refers to the method by which revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All Governmental Funds, Expendable Trust Funds and Agency Funds are accounted for using the **modified accrual basis** of accounting. Their revenues are recognized when they become measurable and available as net current assets.

The National Council on Governmental Accounting in its Interpretation 3, Revenue Recognition - Property Taxes, requires that if property taxes are not collected within 60 days after year end the revenue is not considered an "available spendable resource" and should be deferred, i.e., not recognized as revenue until collected. This interpretation has not been followed in the accompanying financial statements because: (a) The amount due the School District at December 31, is not due within the 60 day criteria established, but rather over a 6 month period, (b) the property tax levy in New Hampshire does not occur until late in the budget year and (c) the subsequent pattern of collection of taxes is a result of the timing of the issue of the tax levy.

Licenses and permits, charges for services and other revenues are recorded as revenues when received in cash as they are generally not measurable until actually received. Investment earnings are recorded as earned if they are both measurable and available.

In applying the susceptible to accrual concept to intergovernmental revenues (grants, subsidies and shared revenues), the legal and contractual requirements of the numerous individual programs are used as guidance. There are however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project, before any amounts will be paid to the Town; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to the purpose of expenditure and nearly irrevocable, i.e., revocable only for failure to comply with prescribed compliance requirements, e.g., equal employment opportunity. These resources are reflected as revenues at the time of receipt or earlier if they meet the criterion of availability.

Expenditures are generally recognized under the **modified accrual basis** of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) principal and interest on general long-term debt which is recognized when due and (2) accumulated sick pay which does not vest.

All nonexpendable trust funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS
(Continued)

D. Budgetary Accounting

Expenditures in budgetary funds are limited to the Town's budget adopted at the annual or special Town meeting, subject to RSA Chapter 32. The Selectmen are required by statute to properly enter and record expenditures. They may transfer budget amounts between appropriations, but no new purpose may be introduced that was not contained in the adopted budget. No amounts may be transferred from special warrant articles. Total expenditures may not exceed the total amount approved at the annual or special Town meeting, with certain statutory exceptions.

All appropriations lapse at year end unless, (1) the expenditure has been legally committed by an outstanding contract or purchase order, (2) the amount is in a special non-lapsing fund such as a Capital Reserve, Special Revenue or Trust Fund, (3) the amount has been raised by a bond issue or is to be received as part of a grant or (4) is a special warrant article. A special warrant article may be encumbered by the Selectmen for one additional year or for up to five years if the original adopted article so states.

Under rules adopted by the Department of Revenue Administration, beginning General Fund fund balance may be used at the discretion of the Selectmen as a revenue source in establishing the tax rate. The General Fund and Special Revenue Funds are budgeted.

E. Deposits and Temporary Investments

Deposits

At year end the carrying amount of the Town's deposits (cash and temporary investments) was \$1,896,802 and the bank balance was \$1,872,926. Of the bank balance, \$131,886 was covered by federal depository insurance, \$1,644,084 was collateralized by U.S. Treasury Bills and \$96,956 was uninsured and uncollateralized. The uninsured and uncollateralized amounts were held by the Agency Funds.

Temporary Investments

Temporary investments consist of certificates of deposit and are reported at cost which approximates market value.

The Town Treasurer is authorized by State statutes to invest excess funds "in obligations of the U.S. Government, in the Public Deposit Investment Pool established in accordance with RSA 383:22-24, in savings bank deposits of banks incorporated under the laws of the State of New Hampshire or in certificates of deposits of banks incorporated under the laws of the State of New Hampshire or in national banks located within the State of Massachusetts".

New Hampshire Public Deposit Investment Pool

The Town participates in the New Hampshire Public Deposit Investment Pool established in accordance with N.H. RSA 383:22-24. Total Town funds on deposit with the Pool at year end were \$280,085 and are reported as temporary investments on the Fiduciary Funds. Based on GASB Statement No. 3, investments with the Pool are considered to be unclassified. At this time, the Pool's investments are limited to "short-term U.S. Treasury and U.S. Government Agency obligations, State of New Hampshire and New Hampshire municipal obligations, certificates of deposit from A1/P1-rated banks, money market mutual funds (maximum of 20% of portfolio), overnight to 30-day repurchase agreements (no limit, but collateral level at 102% in U.S. Treasury and Government Agency instruments delivered to the Custodian of the Pool) and reverse overnight repurchase agreements with primary dealers or dealer banks."

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS
(Continued)

Cash Equivalents

For purposes of the statement of cash flows, all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

F. Investments

Under New Hampshire law, the trustees of trust funds may invest:

"Only by deposit in savings bank or in the savings department of a national bank or trust company in this State or in shares of any building and loan association or co-operative bank, incorporated and doing business under the laws of this State or in the shares of any federal savings and loan association, located and doing business in this State or in bonds, notes or other obligations of the United States government or in State, County, Town, City, School District, water and sewer district bonds as are legal for investment by New Hampshire savings banks and when so invested, the trustees shall not be liable for the loss thereof; and in any common trust fund established by the New Hampshire Charitable Fund in accordance with RSA 292.23".

The Trustees are required to report annually to the State's Attorney General.

Investments are carried at fair value. The fair value of investments is determined annually and is based on current market prices.

Fair value fluctuates with interest rates, and increasing rates could cause fair value to decline below original cost. Town management believes that liquidity in the portfolio is more than adequate to meet cash flow requirements and to preclude the Town from having to sell investments below original cost for that purpose.

The net increase in the fair value of investments during the fiscal year was \$8,389. This amount takes into account all changes in fair value (including purchases and sales) that occurred during the year.

G. Property by Tax Liens and Tax Deeded Properties

Under New Hampshire Revised Statutes Annotated (RSA) 72:38A, elderly property owners in the Town may request that the Town file a tax lien against their property for the amount of their annual property taxes. Interest accrues annually at 5% and is payable along with the property taxes from the individual's estate. Under New Hampshire RSA, if property taxes have not been paid within two years of tax lien date, the property may be conveyed to the Town by deed. The Town then offers the property for public sale annually in accordance with RSA 80:80 with all proceeds remitted to the General Fund. Tax deeded properties represents the cost of property in the process of being sold at year end.

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS

Designated for Capital Acquisition - The fund balance designated for capital acquisitions represents fund balances designated as follows:

Capital Reserves:	
Ambulance	\$ 71,692
Highway Equipment	30,592
Town Hall Addition	18,433
Highway Safety	25,162
Fire Truck	196
Recreation Facility	10,709
Transfer Station	<u>5,171</u>
Total Capital Reserves	161,955
Other Town Trusts	<u>16,828</u>
Total	<u>\$178,783</u>

Designated by Trust Instruments - The \$86,848 of fund balance designated by trust instruments for future expenditures represents the following Expendable Trust Fund fund balances:

Town Trust Funds	\$132,138
Library Trust Funds	<u>9,610</u>
Total	<u>\$141,748</u>

Designated for Specific Purposes - Designated for future expenditures of the fund as follows:

Special Revenue:	
Ambulance Replacement	\$ 63,867
Lagoon Fees Fund	6,419
Conservation Commission	<u>27,342</u>
Total	<u>\$ 97,628</u>

NOTE 6 - BUDGETED DECREASE IN FUND BALANCE

The \$262,277 decrease in General Fund fund balance shown on Exhibit C represents \$167,000 budgeted by the Town to reduce the 1999 tax rate, \$74,905 of appropriations budgeted from fund balance and \$20,372 of prior year's encumbrances.

NOTE 7 - PENSION PLAN

Plan Description - Substantially all Town employees participate in the State of New Hampshire Retirement System (the System), a cost-sharing multiple-employer defined benefit public employee retirement system (PERS). All Town full-time employees are eligible to participate in the System. The System is divided into two employee groups: Group I which includes all employees except fire fighters and police officers and Group II which is for fire fighters and police officers (including County Sheriff's Departments). The New Hampshire Retirement System issues annually a publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the New Hampshire Retirement System, 4 Chenell Drive, Concord, NH.

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS
(Continued)

Group I employees who retire at or after age 60 but before age 65 are entitled to retirement benefits equal to 1.667% of the average of their three highest paid years of compensation, multiplied by their years of service. At age 65 the benefit is recalculated at 1.50% of AFC multiplied by their years of service credit. Earlier retirement allowances at reduced rates are available after age 50 with 10 years of service. Benefits fully vest upon reaching 10 years of service or attaining age 60.

Group II Employees who attain age 45 with 20 years or more of service are entitled to retirement benefits equal to 2.5% of the average of their three highest paid years of service, multiplied by their years of service, not to exceed 40. Benefits vest ratably beginning after 10 years of service.

The System also provides death and disability benefits. Cost-of-living increases have been periodically granted to retirees by the State Legislature.

Funding Policy - The System is funded by contributions from both the employees and employers. Group I employees are required by State statute to contribute 5.0 percent of their gross earnings. Group II employees are required to contribute 9.3 percent of their gross earnings. The employer must, under the same statute, contribute monthly at an actuarially determined rate. The current rates are 3.14% (2.48% for police officers and 4.87% for firefighters) of covered payroll. The contribution requirement for the year, employer and employee, was \$46,677. The Town's contributions to the System for the years ended December 31, 1998 and 1997 were \$12,536 and \$7,833, respectively, which were equal to the amount required under State statute to be contributed for each year.

NOTE 8 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town, along with numerous other municipalities in the State, is a member of three public entity risk pools in the State currently operating as a common risk management and insurance program for which all political subdivisions in the State of New Hampshire are able to participate. The pools provide coverage for workers' compensation, unemployment and property liability insurance. The Town pays an annual premium to the pools for its various insurance coverage.

NOTE 9 - CONTINGENCY - LITIGATION

There are lawsuits pending in which the Town is involved. The cases are expected to be heard in 1999 or later and no provision has been made in these statements for any potential loss. The Town generally follows the practice of recording liabilities resulting from claims and legal actions only when they become fixed or determinable in amount. Town management estimates that the potential loss in these lawsuits in the event of any unfavorable verdicts would be minimal.

SUPPORTING SCHEDULES

GENERAL FUND

The General Fund is used to account for the resources traditionally associated with government operations which are not required legally or by sound financial management to be accounted for in another fund. It is the overall operating entity of the Town. Most of the essential governmental services and functions are provided by the General Fund, including police and fire protection; street maintenance, plowing and lighting; welfare; parks and playground maintenance; planning and zoning; and general administration.

SUPPORTING SCHEDULES

FIDUCIARY FUNDS

Fiduciary funds account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governments and other funds. These include Expendable Trust, Nonexpendable Trust, and Agency Funds. Nonexpendable Trust Funds are accounted for and reported as proprietary funds, since capital maintenance is required. Expendable Trust Funds are accounted for in essentially the same manner as governmental funds. Agency Funds are custodial in nature and do not measure the results of operations.

Individual Funds:

Nonexpendable Trust Funds:

Nonexpendable Trust - To account for nonexpendable gifts to the Town. Income is available for maintenance of various cemeteries.

Expendable Trust Funds:

Library Trust - To account for gifts received by the library to purchase library books.

Other Town Trust - To account for funds designated for the cemetery improvement.

Capital Reserves - To account for funds designated at Town Meeting for future capital expenditures.

Agency Funds:

Water District Capital Reserves - To account for funds held by the Trustees for the water district.

School Capital Reserves - To account for funds held by the Trustees of Trust Funds for the Northwood School District.

PUBLIC
ACCOUNTANTS

January 19, 2000

Board of Selectmen
Town of Northwood
Northwood, New Hampshire

In planning and performing our audit of the financial statements of the Town of Northwood, New Hampshire for the year ended December 31, 1999, we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during the course of our audit we did become aware of a matter that is an opportunity for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comment and recommendation regarding that matter. This letter does not affect our report dated January 19, 2000, on the financial statements of the Town of Northwood, New Hampshire.

Respectfully submitted,

Mason+Rich, P.A.

PRACTICE SECTION

TAX COLLECTOR

Finding - We noted during our audit of the Tax Collector's Office that the Tax Collector was not performing the monthly reconciliations that need to be done to insure the integrity of the monthly reports.

Recommendation - We would recommend that the Town contract with Mason + Rich to train the Tax Collector on the proper monthly reconciliations that need to be done to insure the integrity of the system.

Benefit - This would not only insure the integrity of the Tax Collector's monthly reports but also improve the process of reconciling the Tax Collector's data to the Town's general ledger accounting software.

Management's Comment - Selectmen will seek proper training for the Tax Collector.

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS
(Continued)

H. Accumulated Unpaid Vacation and Sick Pay

Employees may accumulate a limited amount of earned but unused vested benefits, which will be paid to employees upon separation from the Town's service. In Governmental Fund Types, the cost of vested benefits paid or expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund. Amounts of vested or accumulated leave benefits that are not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts

I. Total Columns (Memorandum Only) on Combined Statements

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2 - PROPERTY TAXES

The Town semi-annually in June and November, bills and collects its own property taxes and taxes for the School District and County. (In accordance with an opinion from the NCGA Technical Guidance Committee, the School and County taxes are not reported as Agency Funds). Property tax revenues are recognized in the fiscal year for which taxes have been levied.

Taxes receivable are reported net of an allowance for doubtful accounts of \$60,000.

Property taxes billed or collected in advance of the year for which they are levied are recorded as deferred revenue.

Property taxes are due by December 1. At the time of tax lien, a lien is recorded on the property at the Register of Deeds. The lien is a priority tax lien which accrues interest at the rate of 18% per annum. If the property taxes (redemptions) are not paid within two years of the tax lien date, then the property may be conveyed to the Town by deed and subsequently sold in accordance with RSA 80:80.

The Town annually budgets, following New Hampshire budget procedures, an amount (\$48,718 in the current year) for property tax abatements and refunds. All abatements and refunds are charged to overlay and are reported net of property tax revenues on the General Fund. The actual amounts charged to the account for the year totaled \$183,384.

The tax rate for the year was \$25.82, \$4.58 Town, \$1.12 County and \$12.98 School District and \$7.14 State Education Taxes

TOWN OF NORTHWOOD, NEW HAMPSHIRE
 NOTES TO THE FINANCIAL STATEMENTS
 (Continued)

NOTE 3 - DUE FROM/TO OTHER GOVERNMENTS

Amounts due at year end include:

Due From Other Governments

General Fund:

COPS Grant	\$ <u>11,181</u>
------------	------------------

Due to Other Governments

General Fund:

State of New Hampshire	922
School District	<u>1,650,888</u>
Total	<u>\$1,651,810</u>

NOTE 4 - GENERAL LONG-TERM DEBT

The following is a summary of the Town's general long-term debt transactions for the year:

	<u>Capital Leases Payable</u>
<u>General Long-Term Debt Account Group</u>	
Balance, Beginning of Year	\$ 112,052
Retired	<u>(35,322)</u>
Balance, End of Year	<u>\$ 76,730</u>

Long-term debt payable at December 31, 1999, is comprised of the following issue:

	<u>Outstanding at Year End</u>
<u>Capital Lease Payable</u>	
Fire Truck - \$190,000, 1997, Interest at 5.6%	<u>\$ 76,730</u>
Total General Long-Term Debt Account Group	<u>\$ 76,730</u>

TOWN OF NORTHWOOD, NEW HAMPSHIRE
 NOTES TO THE FINANCIAL STATEMENTS
 (Continued)

The annual requirements to amortize all debt outstanding, including interest payments, are as follows:

Year Ending December 31,	Capital Leases		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2000	\$ 37,315	\$ 4,328	\$ 41,643
2001	<u>39,415</u>	<u>2,228</u>	<u>41,643</u>
Totals	<u>\$ 76,730</u>	<u>\$ 6,556</u>	<u>\$ 83,286</u>

NOTE 5 - RESERVES AND DESIGNATIONS OF FUND EQUITY

The Town has set up "reserves" of fund equity to segregate fund balances which are not available for expenditure in the future or which are legally set aside for a specific future use. Fund "designations" have also been established to indicate tentative plans for future financial utilization.

The Town's reserves and designations were as follows:

Reserved for Encumbrances - Encumbrances of fund balances of the General and Special Revenue Funds are carried forward to the subsequent fiscal year. Encumbrances outstanding at year end are reported as reservations of fund balances since they do not yet constitute expenditures or liabilities.

General Fund

Executive	\$ 4,065
Financial Administration	1,045
General Government Buildings	2,000
Police Department	200
Fire Department	4,946
Capital Outlay - Land Improvements	1,950
Capital Outlay - Building Improvements	<u>2,000</u>
Total	<u>\$ 16,206</u>

Reserved by Trust Instruments - The fund balance reserved by trust instruments represents the principal portion of the Cemetery Nonexpendable Trust Fund fund balance as follows:

Town Nonexpendable Trust Funds	\$ 224,289
Total	<u>\$ 224,289</u>

The Annual Report of the School District

Northwood, New Hampshire
For the Year Ending
June 30, 1999

Northwood School

Mission Statement

The mission statement of the Northwood School is to provide opportunities for all students to acquire knowledge and develop the skills and work habits enabling them to be contributing members of the community and to function successfully in society.

This mission is best accomplished when students, school personnel, parents, and community members maintain high expectations, create a positive school climate, foster respect and responsibility, provide a safe environment, and promote effective collaboration among school, home, and community.

Northwood School District Meeting
March 6, 1999

The annual School District meeting was called to order at 9:00 a.m. by Acting Moderator Robert Robertson, at the Northwood School. Approximately 200 people were present including: Superintendent of Schools Harry Fensom, Executive Director of New Hampshire School Boards Association Paul Krohne, Special Education Director Judith McGann, SAU 44 Business Administrator Robyn Jenisch, Northwood Budget Chairman Daniel McNally, School Principal James Giuca, Assistant Principal Barbara Gendron, School Board Members: Chairman Norman Dodge, Althea (Bunny) Behm, Grace Mattern, Robert Clark, and Catherine McNally.

Moderator Robertson recognized Principal James Giuca, who thanked the many people and Coe-Brown Academy who were involved with the evacuation of the entire School, due to a bomb threat at the Northwood School, on Friday March 5, 1999. Mr. Giuca introduced the three Boy Scouts from Troop Pack 312, Den #6, Nate Bassett, Tim Dodge, and Travis Hardwick who lead the Salute to the Flag of the United States of America. Chairman Norman Dodge introduced Superintendent Harry Fensom. He thanked Bunny Behm for her years of service as a member of the Northwood and State School Boards. Director Paul Krohne was introduced by Mr. Fensom, who in turn presented Mrs. Behm with a plaque recognizing 15 years of dedication and achievements for the Northwood School Board and the New Hampshire School Board Association. Norman Dodge presented Mrs. Behm with a Mahogany School Clock from the local School District Officers. Mrs. Behm thanked everyone for their kindness, and felt the School has made many improvements throughout her 15 years as a School Board member.

Moderator Robertson preceded to read the Warrant Articles. Richard Corning moved to waive the reading of Articles of the Warrant, and asked to take up and act upon each Article, separately. Seconded by Joe Knox. PASSED

ARTICLE 1. To see if the School District will vote to raise and appropriate the sum of two hundred thirty nine thousand, nine hundred seventy five dollars (\$239,975.00) for the construction and renovation of an addition to the existing Northwood School Building for Kindergarten, and furthermore, to authorize the withdrawal of \$54,000.00 from the School Building Capital Reserve Fund created for this purpose; to apply for accept and expend Kindergarten Building Aid from the State of New Hampshire and such other State and Federal aid, as may be available for this purpose and with the balance to be raised by general taxation. Grace Mattern moved that we accept this Article as read. Seconded by David Bujno. Bunny Behm explained the purpose of this Article and the monies needed. After much discussion, the Article was PASSED unanimously by a show of cards.

ARTICLE 2. To see if the School District will vote to raise and appropriate the sum of twenty-two thousand, five hundred dollars (\$22,500.00) for renovations to install a lift in the existing Northwood School building to bring the building into compliance with the Americans with Disabilities Act of 1990 (ADA), to apply for accept and expend building aid from the State of New Hampshire, and such other State and Federal Aid as may be available for this purpose and with the balance to be raised by general taxation. Kate McNally moved that we accept this Article as read. Seconded by David Bujno. Mrs. McNally explained that we will be eligible for another 30% Building Aid. A hand vote was called for. PASSED unanimously.

ARTICLE 3. To see if the School District will raise and appropriate, as a supplemental appropriation for the 1998-1999 fiscal year, the sum of eleven thousand, four hundred fifty-three dollars and ninety cents (\$11,453.90) for the upgrading of the science lab, this appropriation to

be funded from excess Foundation Aid. Bob Clark moved that we accept this Article as read. Seconded by Janet Clark. PASSED unanimously.

ARTICLE 4. To see if the School District will raise and appropriate the sum of six thousand, one hundred eight dollars (\$6,108.00) for the purpose of replacing the existing telephone system at the Northwood School. Bob Clark moved that we accept this Article as read. Seconded by Janet Clark. Jeffrey Ross asked if the School, presently, has the Caller I D over ride? Mr. Giuca explained that we do not have Caller I D, but if we did have it, we might have been able to identify the person who made the Bomb Threat, yesterday; however, the new system will have Caller I D. Moderator Robertson called for a show of hands vote. PASSED unanimously.

ARTICLE 5. To see if the School District will raise and appropriate the sum of three thousand, one hundred and eleven dollars (\$3,111.00) for the purpose of installing additional security system equipment at the Northwood School. Catherine McNally moved this Article as read. Seconded by Daniel McNally. Assistant Principal Barbara Gendron explained the need for an up to date security system. Moderator Robertson called for a vote by show of cards. Article PASSED

ARTICLE 6. To see if the District will vote to raise and appropriate a deficit appropriation, for the 1998-1999 school fiscal year, the sum of Twenty seven thousand, four hundred forty-five dollars (\$27,445.00) to retrofit the two underground oil tanks at the Northwood School to bring them into compliance with RSA 146-C. Norman Dodge explained that this is a Federal requirement and must be attended to immediately or we will be in violation. Moderator Robertson called for a vote. PASSED unanimously.

ARTICLE 7. To see if the Northwood School District will vote to approve the cost items included in the Collective Bargaining Agreement reached between the Northwood School Board and the Northwood Teachers' Association NEA-NH which calls for the following increases in salaries and benefits:

YEAR ESTIMATED INCREASES

1997-1998 \$ 0
1998-1999 \$42,830.34
1999-2000 \$83,483.19

and further, to raise and appropriate the sum of forty two thousand eight hundred thirty dollars, thirty-four cents (\$42,830.34) as a deficit appropriation for the 1998-1999 fiscal year, and to raise and appropriate the sum of eighty three thousand, four hundred eighty three dollars, nineteen cents (\$83,483.19) for the 1999-2000 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits "over those of the appropriation at current staffing levels paid in the prior fiscal year." Althea (Bunny) Behm moved the Article as read. Seconded by Janet Clark. Moderator Robertson called for a vote by cards. The Article PASSED unanimously.

ARTICLE 8. Shall the Northwood School District, if ARTICLE 7 is defeated, authorize the governing body to call one special meeting, at its option, to address ARTICLE 7 cost items only? Norman Dodge moved to TABLE this Article. Seconded by Jeffrey Ross. This Article was TABLED by show of cards vote.

ARTICLE 9. To see if the School District will vote to create a Cooperative School District Planning Committee in accordance with RSA 195:18. Such committee shall consist of three qualified voters of whom at least one shall be a member of the School Board, the membership

to be elected at the meeting at which the committee is created, unless the District determines that they shall be appointed by the Moderator. This Article is recommended by the School Board. Grace Mattern moved the Article as read. Seconded by David Bujno. There were many questions and answers given. David Bujno asked to have the Committee member be appointed under Article 14. This was not seconded. Norman Dodge moved to ask the Moderator to take a few days before making a decision. Seconded by Bruce Farr. Jim Ryan asked to move the question and end the discussion. PASSED. A vote was called for the amendment, for the Moderator to make a selection for a committee, after the Election. PASSED by show of cards.

ARTICLE 10. To see if the School District will vote to raise and appropriate up to ten thousand dollars (\$10,000.00) to be placed in the School District Capital Reserve Fund for the purpose of financing any and all capital improvements to School buildings as well as all or part of the cost of new construction for the School District in accord with the provisions of RSA Ch. 35, with such amount to be funded from the year end undesignated fund balance (surplus) available on July 1, 1999. After some discussion, Moderator Robertson called for a show of cards. PASSED unanimously.

ARTICLE 11. To see if the School District will vote to establish a Capital Reserve Fund under provisions of RSA 35:1 for the purpose of meeting the expenses of educating educationally handicapped children, and to raise and appropriate a sum of money up to fifty thousand dollars (\$50,000.00) from the year end undesignated fund balance (surplus), as of July 1, 1999. Said sum of money will be deposited in this school District Capital Reserve Fund. Jeffrey Ross moved to TABLE this Article. Seconded by Carmen Ross. Motion was DEFEATED. Catherine McNally moved the Article as read. Seconded by Janet Clark. An explanation for this Article was given by Special Education Director Judy McGann. After a period of discussion, Tom Chase called for a vote to end the discussion. PASSED. Moderator Robertson called for a vote on the Main Motion, by a show of cards. YES - 71, NO - 52 Motion PASSED.

ARTICLE 12. To see what sum of money the School District will vote to raise and appropriate for the support of Schools, for the payment of salaries for the school District Officials and Agents, and for the payment of statutory obligations of the School District. Budget Committee Chairman Daniel McNally made a motion that we vote to raise and appropriate the sum of \$5,296,509.19 for the support of this Article. Seconded by Janet Clark. Jeffrey Ross moved to amend this amount to \$5,240,641.19 (a difference of \$55,868.00). Seconded by Mark Edwards. After debating this amendment, Tom Chase moved to stop the discussion. PASSED by a VERBAL vote. Moderator Robertson called for a vote on the amendment. This was DEFEATED. A vote on the original motion by Daniel McNally was PASSED by a show of cards.

ARTICLE 13. To hear the reports of agents, auditors, committees or officers chosen and pass any vote relating thereto. Norman Dodge moved to TABLE this Article. Seconded by Janet Clark. PASSED.

ARTICLE 14. To choose agents and committees in relation to any subject embraced in this Warrant. Norman Dodge moved to TABLE this Article. Seconded by Janet Clark. PASSED.

ARTICLE 15. To transact any other business which may legally come before this meeting. No other business, the meeting was adjourned at 11:07 a.m.

Respectfully submitted,
Jean W. Lane
School District Clerk

Richard Levergood was sworn into office, by Jean W. Lane, School District Clerk, on Saturday March 13, 1999.

Respectfully submitted,

Jean W. Lane
School District Clerk

Northwood School District Warrant

The State of New Hampshire

To the Inhabitants of the School District of the Town of Northwood qualified to vote in district affairs:

You are hereby notified to meet at Northwood School in said district on the 11th day of March, 2000, at 9:00 o'clock in the forenoon, to act upon the following subjects:

1. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for the school district officials and agents, and for the payment of statutory obligations of the School District.

This appropriation is recommended by the School Board
This appropriation is recommended by the Budget Committee

2. To see if the Northwood School District will vote to approve the cost items included in the Collective Bargaining Agreement reached between the Northwood School Board and the Northwood Teachers' Association NEA-NH which calls for the following increases in salaries and benefits:

<u>Year</u>	<u>Estimated Increase</u>
2000-2001	\$185,437.00

and to raise and appropriate the sum of one hundred eighty five thousand, four hundred thirty seven dollars, (\$185,437.00) for the 2000-2001 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year.

This appropriation is recommended by the School Board
This appropriation is not recommended by the Budget Committee

3. Shall the Northwood School District, if Article #2 is defeated, authorize the governing body to call one special meeting, at its option, to address Article #2 cost items only?

This article is recommended by the School Board

4. To see if the Northwood School District will vote to approve the cost items included in the Collective Bargaining Agreement reached between the Northwood School Board and the Northwood Educational Support Personnel Association (NESPA) which calls for the following increases in salaries and benefits:

<u>Year</u>	<u>Estimated Increase</u>
1999-2000	\$13,183
2000-2001	\$65,412

and further, to raise and appropriate the sum of thirteen thousand, one hundred, eighty three dollars (\$13,183.00) as a deficit appropriation for the 1999-2000 fiscal year, and to raise and appropriate the sum of sixty five thousand, four hundred

twelve dollars (\$65,412.00) for the 2000-20001 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year.

This appropriation is recommended by the School Board
This appropriation is recommended by the Budget Committee

5. Shall the Northwood School District, if Article #4 is defeated, authorize the governing body to call one special meeting, at its option, to address Article #4 cost items only?

This article is recommended by the School Board

6. To see if the school district will vote to raise and appropriate the sum of ten thousand dollars (\$10,000), for the purpose of hiring an instrumental music teacher, 1/5th time, in order to maintain the current level of programming.

This appropriation is recommended by the School Board
This appropriation is recommended by the Budget Committee

7. To see if the School District will raise and appropriate the sum of twelve thousand, six hundred sixty dollars (\$12,660.00) for the purpose of replacing the existing intercom system with privacy phones and two way communication equipment in every classroom at the Northwood School.

This appropriation is recommended by the School Board
This appropriation is recommended by the Budget Committee

8. To see if the School District will raise and appropriate the sum of three thousand, eight hundred dollars (\$3,800) for the purpose of installing a swipe button to the back door as an additional security measure at the Northwood School.

This appropriation is recommended by the School Board
This appropriation is recommended by the Budget Committee

9. To see if the School District will raise and appropriate the sum of five thousand, two hundred eighty dollars (\$5,280) for the purpose of removal of the old gymnasium lights and replacing them with fixtures that are less costly to maintain.

This appropriation is recommended by the School Board
This appropriation is recommended by the Budget Committee

10. To see if the School District will vote to create a building committee and raise and appropriate the sum of five thousand dollars (\$5,000) for the purpose of funding expenditures incurred by that committee.

This appropriation is recommended by the School Board
This appropriation is recommended by the Budget Committee

11. To see if the Northwood School District will vote to continue the work of the Cooperative School District Planning Committee as formed at the March 1999 meeting, and further, to raise and appropriate \$2,000 to fund any expenses that may be incurred by the Committee.

This appropriation is recommended by the School Board

This appropriation is recommended by the Budget Committee

12. To see if the Northwood School District will vote to raise and appropriate up to ten thousand dollars (\$10,000) to be placed in the School District Capital Reserve Fund for the purpose of financing any and all capital improvements to school buildings as well as all or part of the cost of new construction for the School District in accord with the provisions of RSA Ch. 35, with such amount to be funded from the year end undesignated fund balance (surplus) available on July 1, 2000.

This appropriation is recommended by the School Board

This appropriation is recommended by the Budget Committee

13. To see if the Northwood School District will vote to raise and appropriate up to ten thousand dollars (\$10,000) to be placed in the School District Capital Reserve Fund for the purpose of meeting the expenses of educating educationally handicapped children for the School District in accord with the provisions of RSA Ch. 35, with such amount to be funded from the year end undesignated fund balance (surplus) available on July 1, 2000.

This appropriation is recommended by the School Board

This appropriation is recommended by the Budget Committee

14. To hear the reports of agents, auditors, committees, or officers chosen and pass any vote relating thereto.

15. To choose agents and committees in relation to any subject embraced in this warrant.

16. To transact any other business which may legally come before this meeting.

Given under our hands at said Northwood this 5th day of February 2000.

Mr. Norman Dodge

Mr. Robert E. Clark

Richard Levergood

School Board

1999 Chairman's Report for the Northwood School Board

The Board has worked diligently this past year to achieve the ambitious goals we discussed in this report last year.

Recruiting and retaining the best teachers is in the best interest of our children and continues to be a Board priority. A new agreement with the professional staff was negotiated and ratified for presentation at the March 2000 School District Meeting. Included is a new salary scale aimed at addressing long-standing issues of teacher turn over. It would allow us to offer competitive salaries during the predicted upcoming teacher shortage that will see 40% of NH teachers retiring in the next 10 years.

Construction of the kindergarten addition funded in large part through the NH Kindergarten Incentive Program will begin this summer with completion and occupancy scheduled for September 2000. In conjunction with this project, interior renovations will include the installation of a handicapped lift accessing the primary wing and the gym/cafeteria making the building, finally, ADA compliant and accessible to our physically handicapped students.

The Board has completed a schedule of administrative responsibilities for both itself and the school's administrative team. This will facilitate smooth transitions between board members and assure timely and regular completion of tasks.

Although space constraints continue to limit expansion of existing programs and implementation of new ones, restructuring of some schedules in the upper grades has allowed staff to offer a rotation of a diverse group of activities. These include: Leadership Program; academic assistance; traditional study hall; intramural activities; chorus/band; Arts, Music and Literacy; Peer Mediation and Bell Choir.

This past year, our traditional remedial summer school program was expanded. Students with a variety of abilities were able to participate in a program that emphasized instruction in the computer program Power Point.

Northwood Emergency Planning Committee composed of SAU and school staff, town Fire and Police officials, our transportation company and the town's Emergency Management Director made several recommendations to address safety concerns at the school. As a result, we now have individual classroom first aid kits and additional walkie-talkies as well as a video camera system, "panic buttons" and emergency lights in the bathrooms. The school staff received training in a variety of evacuation and safety procedures.

The town Budget Committee recommended additional money that was approved by the voters to open up an exit from the school grounds onto Bow Street to facilitate potential evacuations.

We are proud of the community's response and support in dealing with the bomb threats last year. When it was necessary to cancel school, we were extremely fortunate to have an active group of volunteers who notified parents whenever an unplanned school closing was necessary. Our school's one hundred and thirty seven volunteers donated more than 3,500 hours to assist our students and staff in a range of activities including working in classrooms, clerical help, special activities and vision and hearing screening.

For the eighth year in a row, they have been awarded a Blue Ribbon from the New Hampshire Partners in Education.

Curriculum is one of the areas critical to preparing our students for successful school experiences. Over the past several years all curricula including Music, Art and Physical Education have been reviewed and revised.

This year, the Board approved a new Social Studies Curriculum developed by our staff and allocated money to replace our out dated Social Studies texts.

The new Science Curriculum is in the final stages of development. Money has been allocated in the budget for materials necessary for the scheduled implementation in Sept. 2000. All curricula now contain components related to the NH State Assessment Test.

During the past year, members of the Middle School Study Committee explored, with members from Strafford's committee, the feasibility of a cooperative middle school. The respective Boards sponsored a public meeting to elicit community input. As a result, it has become clear that there must be a parallel exploration for building our own school.

This past spring, computer classes were offered, at no charge to the community. These classes, which the Board hopes to offer again, provided basic introductions to computers, Microsoft Word and the Internet. Response from the community exceeded expectations with more than ninety people registered.

Policy revision and development are the bane of most Boards and we are no exception. We have, however, expended considerable and concentrated efforts to revise our existing policy book and are now nearing completion of a total revision. Model policies available through the NH School Boards' Association assist us in developing new, legally required policies.

A re-organization of the Staff and Parent/Student Handbooks and the inclusion of relevant policies communicate school regulations to parents, students and staff. These policies are available at the school office and at the SAU office. We welcome input and comments.

The Board would like to announce a change in our school's logo. Students participated in several brainstorming activities and presented a list of choices to the student body. Their votes favored a change. Our new school logo is the Northwood Lakers.

Finally, the Board met with a representative of the State School Board of Education to discuss the ten critical areas that schools need to meet their educational challenge. These are:

- | | |
|---|--|
| Strong Leadership | Substantial Ties With Business |
| Effective Teachers | Safe and Orderly Learning Environments |
| High Learning Standards | Strong Parent/Community Support |
| Early Childhood Intervention | Proper Use of Technology |
| Healthy and Appropriate Facilities and Reasonable Class Sizes | |

As we reviewed our goals much of what was accomplished this year fell within these critical areas. As we set new goals we will look toward these areas, again, to offer us guidelines for continued school improvement.

Respectfully submitted,

Norman Dodge, Jr.
Chairman

1999 Northwood School Principal's Report

Since I was hired as Northwood's Principal at the end of September 1999, I am not as familiar with all of the school programs and the facilities as some of you might be! However, I can report that progress is being made. I have been very impressed with what I have observed and learned in a few short months. There is a high level of commitment and caring among the staff at the Northwood School. It is also very apparent that a cross-section of the community continues to be interested in, and supportive of, the educational programs at the Northwood School.

The Kindergarten addition will be added to the building in the summer of 2000. The staff and students are looking forward to some much-needed additional space; we only wish it were larger! We are fast approaching three classes at every grade level, with an enrollment that fluctuates between 466 and 485 in kindergarten through eighth grade. To offer more than the minimum standards in the arts, academics and physical education, we simply need more space.

The revisions to the Science Curriculum will be finalized and forwarded to the School Board in the spring of 2000. It has taken many staff hours to complete this work, but the in-depth study has resulted in a product of which the community can be proud. The curriculum includes both content and process skills, and is based on the New Hampshire Curriculum Frameworks. In addition to the sequentially arranged objectives, there is an assessment tool for monitoring student progress within and between grades.

My goal for the remainder of the year is to continue assessing the educational program and building needs. There may not be many changes during the 1999-2000 school year, as I want to maintain what's working, and working well. There are many aspects of school life at Northwood that fall into this category. I also want to be careful and accurate in the identification of curriculum and facility needs that deserve the most attention in the near future. It is my earnest desire to have the staff and the community to agree on the issues of importance at the Northwood School.

Team-building and consensus are essential tools to making long-lasting school improvements. The success that Northwood students have enjoyed has been the product of many individuals working together on common goals. If you are not already involved with the school, I hope you will consider becoming a part of the improvement process. We welcome everyone's support as we continue our effort to reach for excellence in public education at the Northwood School.

Respectfully submitted,

Jill H. Cane,
Principal

1998-1999 Northwood School Nurse Report

In 1998-1999 at the Northwood School, minor injuries and illness accounted for an average of 450 visits to the school nurse per month. In as much as most accidents at school are indeed minor, there are occasionally more serious accidents... Over the last three years, I have only occasionally needed the assistance of the Northwood Fire and Rescue. I would like to commend the thorough and professional way that the staff have conducted themselves. Their caring approach has made it comfortable to transfer the care of a child to them. Thank you. Aside from the daily assessment of children's complaints, I also make referrals and phone calls to parents and physicians to keep them abreast of students' concerns. These calls average about ten per day.

The special medical needs of some students require appointed times for regular assessment and care. These visits are a prominent framework of my day; about half of my day's time is spent assuring the smooth flow of their needs and care. A huge thanks to all the personal aides with whom I work. They are the cornerstone in the provision of safety, hygiene and integration of educational plans.

Some of the parents of the school help me by volunteering their time and assistance. In the fall we scanned the lower grades for head lice. As well, in the late fall, they managed to do most of the vision and hearing screening on their own with my training. What an accomplishment! As a result of the screenings the children get referred for care as needed. My own day is busier than in 97-98; it has been harder to get these kinds of screenings and wellness programs done. Substitute nurses are hard to come by to free me up and many parents also now work more hours and are less available. Without this terrific community support, some of these school-based services might not happen or might not be as comprehensive. I would like also to recognize the local Lion's Club and Lens Crafters of Concord for teaming up again to help provide exams or glasses for some area students.

I feel fortunate to work in a school that teams up in many ways to educate the students on health issues and increase safety awareness. We are lucky in Northwood to have our health education teachers, Mr. Penny and Ms. Gasowski, instructing an all grade health curriculum. The school hosts the Dare program focusing on resistance to drugs, fire safety programs, personal safety programs and more. Through a State safety program, once again I was able to sell bike helmets at a reduced price.

National events and our own emergency events last spring precipitated Ms. Gendron to spearhead the development of a comprehensive school emergency plan. To plan for varied types of emergencies, a community team and school based team were formed and to this date are still working committees. To that effect these committees have made great strides in improving communication, evacuation, safety and training for the teachers and students for varied emergency situations.

The health and safety of the students and staff at Northwood are my priorities. Without a team effort these goals could not be accomplished. Thank you.

Respectfully submitted,

Kathy Bird R.N.
