# WARRANT FOR ANNUAL TOWN MEETING

## The State of New Hampshire

To the inhabitants of the Town of Wilton in the County of Hillsborough and the State of New Hampshire qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton on Tuesday, the 14th day of March, at 10:00 a.m. to choose all necessary town officers (polls will not close before 6:00 p.m.) and at 7:30 p.m. at the School Auditorium to act upon the following subjects:

1. To hear the reports of Town Officers, Agents, and Committees and pass any vote relating thereto.
2. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
3. To see what action the Town will take in regard to real estate taken over by the Town for non-payment of taxes.
4. To see if the Town will vote to accept the budget as prepared by the Budget Committee, or make any alterations relating thereto.
5. To see if the Town will authorize the Collector to appoint a deputy or deputies, under the provisions of Chapter 41, Section 38, of the Revised Statutes Annotated of New Hampshire, or take any action relating thereto.

6. To see if the Town will vote to authorize the Tax Collector to charge an additional amount of twenty cents on each Poll Tax not paid by September first, for use of the Town as provided by statute.

7. To see if the Town will vote to authorize the Selectmen to file in behalf of the Town an application (in form and manner required by the United States and in conformity with P. L. 560, 83rd Congress) and do whatever else may be required for an advance, in the amount of \$14,000.00, to be made by the United States to the Town of Wilton, New Hampshire, to aid in defraying the cost of preliminary report and plan preparation for sewerage and sewage treatment facilities for the Town of Wilton, and, further, to see if the Town will make the necessary arrangements to provide such additional funds as may be required to defray the cost of preparation of the report and plans, or take any action relating thereto.

8. To see if the Town will vote to amend the Code for Building and Sanitation of the Town of Wilton by adopting the following additional article:

Article VII Residential Land

In order to preserve the rural charm now attached to our Town, any building or mobile home constructed, erected or placed for residential purposes within the Town of Wilton, shall require a lot of land of no less than one arce in size and a frontage on an established Town or State road of not less than two hundred lineal feet. These restrictions shall not apply to Town land which is serviced now, or in the future, by a Town water system.

or take any action relating thereto.

9. To see if the Town will establish a Town Conservation Commission as set forth in RSA 36-A, or take any action relating thereto.

10. To see if the Town will vote to rescind the vote taken at the Annual Town Meeting on March 13, 1962, pertaining to Chapter 252, Sec. 19, RSA, regarding the election of Sewer Commissioners, and thereby invest the Board of Selectmen with all the duties and powers of said Board, or take any action relating thereto.

11. To see if the Town will vote to buy a truck for the highway department at a sum not to exceed \$3200.00, or take any action relating thereto.

12. To see what sums of money the Town will raise to defray expenses for the ensuing year.

13. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 27th day of February 1967.

RAYMOND F. BATCHELDER  
CHARLES O. McGETTIGAN, JR.  
WILLIAM M. ABBOTT  
Selectmen of Wilton, N.H.

A true copy of Warrant—Attest:

RAYMOND F. BATCHELDER  
CHARLES O. McGETTIGAN, JR.  
WILLIAM M. ABBOTT  
Selectmen of Wilton, N.H.

## REPORT OF THE BUDGET COMMITTEE

It is the responsibility of the Wilton Budget Committee, whose membership is made up of taxpayers in the community, to investigate and probe the spendings of the various departments that make our community function. The Budget Committee has a responsibility to the taxpayers to try and provide each department with the funds necessary to operate and yet present a budget that will be acceptable to our local citizens. In order for the town of Wilton to maintain and improve the facilities and services available to its residents in this age of increased living costs, it has become necessary to continually revise and sometimes increase the overall Budgets.

In reviewing the Department Budgets this year the Wilton Budget Committee fully realized the impact of increased budgets on the Wilton Tax Rate, however the increase in living costs, and the increased demand for community services also had to be considered in bringing a final Budget figure to the citizens of Wilton.

In preparing the Budget for the community this year the Committee members were of the opinion that no items necessitated a recommended or not recommended decision by the Committee. Two items have been entered into the Budget as \$1.00 entries, indicating that the Committee is of the opinion that each item should be discussed at the Annual Town Meeting, where either or both of the items may be approved by the voters at that time.

Respectfully submitted,

FRANCIS GROS LOUIS, Chairman,  
Wilton Budget Committee

## Comparative Statement of Appropriations and Expenditures

|                           | Appropriations | Receipts | Total       | Expenditures | Unexpended | Over-draft |

## WILTON HIGHWAY REPORT – 1966

The Wilton Highway Annual Report for 1966 as usual starts with the winter months in which we had a large amount of snow, total of 92 inches. This is the most since 1961 when there was 125 inches. January totaled 39 inches with two big storms, one on January 8th with 14 inches and January 23rd with 16 inches, and other storms of one to three inches each. During the month of February 32 inches of snow fell with one storm on February 25th of 15 inches and a number of storms of one to eight inches each. In March there was only one storm of six inches. In November five inches fell on the higher elevations of town and in December, 10 inches of snow fell from several storms of one to three inches which turned to sleet and required a lot of salting and sanding which many times

cost more than moving storms of great depth. We used 240 tons of salt and about 500 cubic yards of sand.

The summer maintenance this past year was about normal and consisted of grading roads, cutting brush, graveling and cleaning and maintaining the village streets. The T.R.A. (Town Road Aid) money was used on the Captain Clark Highway, to widen, install new culverts, and repair the old bridge. This year we hope to gravel and resurface with an asphalt base this stretch of road.

On resurfacing this past year, we resurfaced 5.9 miles of old roads and .30 of new streets; .10 mile on Abbot Hill Acres, and .20 miles on the Holt Road Extension; making a total of 6.20 miles resurfaced. As I have stated before, the town must resurface at least six miles of tarred roads each year, in order to keep them in good condition.

In the Highway Budget for the coming year I am once again asking the town to purchase a 1½ ton dump truck for the Highway Department for the purpose of salting and other uses for a small truck. It is a must that we have another truck for salting as now with only one truck that can be used for that purpose it takes four to four and a half hours to salt the hills and village streets alone. When there is an ice storm, no one wants to wait that long to get to their section of town. Also in the event of a breakdown all salting and sanding stops until repairs are made to that lone truck.

In completing my 27th year as Highway Agent for Wilton, I once again want to thank Marvin Cuddihy, Paul Brochu, Carl Boutwell, Mrs. Fred French, and the Selectmen, as well as all others of the town who have helped make my job a pleasant one.

LAWRENCE A. GIBBONS,  
Road Agent

## AUDITORS' REPORT

We have completed our audit of the accounts of town officers for the year ending December 31, 1966.

The records of the Tax Collector, Treasurer, Town Clerk, Trustees of the Trust Funds, Selectmen, Water Department, Wilton Public Library and Clerk of the Municipal Court were checked and found to be in order. The town officers' bonds were checked and found to be in compliance with the law. The uncollected accounts of the Tax Collector were verified by sending individual notices to each debtor, this being the usual accepted practice.

We wish to thank the town officers for their cooperation received during the audit and our many thanks to Mrs. Elizabeth French for the help and assistance she so willingly gave us.

E. B. GIFFIN,  
H. L. RING,

Auditors

Town of Wilton, New Hampshire  
February 21, 1967

| Wilton to Hollis     |    | 1  |

Fire Permits 61

We had three bad building fires:

Robert Burden's house on Kennedy Road.

Alva Wylie's store at Pine Valley.

Lawrence Waterman's house at West Wilton.

The insurance payment on buildings and contents was \$61,396.02.

I wish to thank the members of the Wilton Fire Department, my two Deputies, Franklin Edwards and William Cleaves; also, Nelson's Answering Service, the Wilton Police Department, and all, for their cooperation while I was Chief of the Wilton Fire Department.

WILFRID B. BERUBE, Chief  
FRANKLIN EDWARDS, Deputy  
WILLIAM CLEAVES, Deputy

### **Report of the Forest Fire Warden and District Chief**

Fire records are made by people — those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966).

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.

2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless

disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres — a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 a.m. and 5:00 p.m. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.

2. Be sure all discarded smoking material is out.

3. Don't leave a live camp or cooking fire.

4. Most important — instruct your children that matches are not play things.

TRULY — ONLY YOU CAN PREVENT  
FOREST FIRES

WILFRID BERUBE,  
Forest Fire Warden

WINTHROP H. HANNAFORD, District Fire Chief

## REPORT OF WATER COMMISSIONERS

There was the usual maintenance of replacing pipes due to their being filled with rust.

Samples of water have been sent to the State Board of Health Department once a month and all have been satisfactory.

Houses on Holt Road Extension have had services put into them. The total cost was \$2203.39, pipe and materials \$1348.69 and labor for installing the same \$854.70. Two new services were installed on Abbot Hill Acres.

FRANK E. KIMBALL,  
CHARLES O. McGETTIGAN, JR.,  
LYNN W. POTTER,  
Water Commissioners

|                     | \$15,953 00 |

## WILTON YOUTH CENTER COMMITTEE REPORT

Goss Park was again the scene of a variety of activities for the youngsters of Wilton and Lyndeborough, supervised by Mr. Gerald Britton, Director. Assistants for the summer program included Miss Pauline Chabot, Miss Donna Stevens and Mr. Neil Howard, Jr. The program included arts and crafts, playground sessions each morning from 9:30-11, swimming instruction from 1-4 p. m., swim team practice and swim lessons for preschoolers daily. A total of two hundred and forty-three children registered for swim lessons (sixty from Lyndeborough; one hundred and eighty-three from Wilton) with seventy of these children receiving Red Cross certificates of advancement at the Water Carnival held on the last Sunday of August.

The Swim Team was active, competing in meets held in Milford, Peterborough, Wilton, making a good showing and also competed in the State Meet held at Claremont where two members, a 13 year old girl placed third in the Butterfly division and a 12 year old boy placed sixth in the special free style division.

Arts and Crafts classes were held under the guidance of Miss Chabot with a display of projects shown at the Library and Mr. Putnam's store at the end of the nine week session. Archery was one of the favorite sports with fundamentals taught by Mr. Britton. A horseshoe pitching tournament for all ages also proved to be most popular.

Improvements at the park this year featured the removal of scrub trees, rocks, etc., from the playground area and surrounding wooded area, extension of the roadway behind the bathhouse to the picnic area to facilitate chlorine shipments, a new chlorine-equipment storage building, two lifeguard towers, two lifeguard chairs, two pre-cast concrete fireplace units installed in a gravelled area to be used exclusively as

a cooking area for family cookouts, staining of all buildings. Much credit is due our loyal committee members and their families for the work accomplished at the park, as well as the road agent and his personnel for their valuable assistance in making facilities available for everyone to enjoy during the warm summer days. Fireplace wood was donated by one of our Wilton citizens.

Miss Karen Lane, Milford, a former professional skater, gave figure skating instruction at the Mill Pond, however, sessions were limited this year due to the large snowfalls received in late January and February. Mrs. Charlotte Pollock served as Chairman of this program. Our thanks to Abbott Industries for the use of the Mill Pond and plowing facilities for this skating program.

Our yearly fund drives in the towns of Wilton and Lyndeborough, together with annual appropriations from the two towns (this year a Family Assessment Plan was initiated in Lyndeborough to bring their fair share of expenses into line with Wilton's share) help to keep our programs available for all the children of our respective communities.

Respectfully submitted,

MRS. EDNA L. TUTTLE,  
*Chairman*

**REPORT ON YOUR  
MONADNOCK REGION ASSOCIATION  
To the Town of Wilton**

The stated aims of your Monadnock Region Association, now in its 34th year of existence, are as follows: To help the Monadnock Region remain beautiful, to promote worthwhile organizations, to increase the prosperity of its inhabitants, to encourage the development of parks and recreation facilities, and to be of service to all who live, work or visit here.

During the past year your Association has sponsored 4-H activities, Boy Scouts, Boys' State, forestry betterment, Philharmonic Concerts and ham radio groups. We have given slide lectures, talks on Parliamentary procedure, and duties of Town Officers. In cooperation with the National Society we sponsored the First Covered Bridge Festival to be held in New England. We have attended public hearings whenever the interests of the Region or any Town were at stake.

We continue to work for roadside beautification, conservation of resources, and protection of wild life. We publicize historic sites, points of interest and natural attractions. In various ways we have contributed to the development of the Region along cultural and educational lines to the end that such advantages are apparent and a factor in inducing desirable and valuable people to locate in the Monadnock Region.

Your Region Association will tackle any problem advancing the livability of the area of the Monadnocks for natives, visitors or new residents.

## COVER PICTURE

BY GEORGE QUINN

The Baptist Church in Wilton Center celebrates this year its 150th anniversary. It was founded on April 7, 1817. For its first ten years the church met without a regular place of worship. The present brick meetinghouse was built in 1827 and was dedicated on November 7th of that year. This building, with very few architectural changes, is probably the oldest public building in Wilton. It is a reminder that much of the early history of Wilton took place in this original center of the town.

# ANNUAL TOWN MEETING, WILTON, N. H.

## March 8, 1966

The meeting was opened at the Town Hall at 10:00 A. M. by the Moderator, Raymond F. Batchelder. Selectman Charles O. McGettigan, Jr. moved that the polls close at 6:00 P. M.; this was seconded by Mrs. Elizabeth French and passed by a voice vote.

Ballot clerks were Mrs. Dorothy Atwood, Mrs. Constance Paro, Mrs. Elizabeth Edwards, and Mrs. Jean Eckhardt, the latter being replaced at mid-day by Mrs. Shirley Gros Louis.

A total of 470 ballots were cast, with the following results:

Selectman:

|                          |     |
|--------------------------|-----|
| William M. Abbott        | 324 |
| Clifford S. Schultz, Jr. | 120 |
| Henry D. Manninen        | 17  |
| Donald B. Valentine, Jr. | 9   |
| Roy Claire               | 1   |
| Alfred Beauregard        | 1   |

Town Treasurer:

|                   |     |
|-------------------|-----|
| Samuel G. Proctor | 433 |
|-------------------|-----|

Town Clerk:

|                    |     |
|--------------------|-----|
| Kenneth R. Dunham  | 379 |
| Lillian Cowie      | 2   |
| Corinne Testa      | 2   |
| Gilbert Testa      | 1   |
| Samuel Proctor     | 1   |
| Charles McGettigan | 1   |
| Barbara Putnam     | 1   |
| Emily Giffin       | 1   |
| Helen Ring         | 1   |
| Frank Hutchinson   | 1   |

Highway Agent:

|                     |     |
|---------------------|-----|
| Lawrence A. Gibbons | 426 |
| Raymond Clapp       | 1   |
| Marvin Cuddihy      | 1   |
| James Cuddihy       | 1   |
| Donald Valentine    | 1   |
| Paul Brochu         | 1   |

Water Commissioner:

|                            |     |
|----------------------------|-----|
| Charles O. McGettigan, Jr. | 425 |
| Elmer Draper               | 1   |
| Harry Brown                | 1   |

Trustee of Trust Funds for Three Years:

|                    |     |
|--------------------|-----|
| John H. Hutchinson | 411 |
|--------------------|-----|

Parks and Playgrounds Commissioner:

|                  |     |                    |   |
|------------------|-----|--------------------|---|
| Roland P. Brochu | 395 | Walter Bausha      | 1 |
| Donald Paro      | 1   | Francis Gros Louis | 1 |

Sewer Commissioner for Three Years:

|                      |    |                      |   |
|----------------------|----|----------------------|---|
| Robert Pollock       | 18 | Robert Stanton       | 1 |
| Frank Kimball        | 7  | Charles Frye         | 1 |
| Lawrence Gibbons     | 6  | Frank Theriault      | 1 |
| Charles McGettigan   | 6  | William Parker       | 1 |
| Harry Brown          | 6  | James Hurley         | 1 |
| Elmer Draper         | 5  | Arthur Atwood        | 1 |
| Walter Bausha        | 4  | Samuel Abbott        | 1 |
| Roy Smith            | 3  | Raymond Anderson     | 1 |
| Lynn Potter          | 2  | Samuel Proctor       | 1 |
| Clifford Schultz     | 2  | Francis Gros Louis   | 1 |
| Donald Paro          | 2  | Roland Brochu        | 1 |
| Jean Eckhardt        | 2  | Donald Valentine     | 1 |
| Wilfred Simoneau     | 2  | Earl Watts           | 1 |
| William Whiting, Sr. | 2  | John K. Whiting, Jr. | 1 |
| Norman Wells         | 2  | Warren Nord          | 1 |
| Albert Gros Louis    | 1  | Isadore Bucko        | 1 |
| Guy Holt             | 1  | Norman Draper        | 1 |
| Charles Dierksmier   | 1  | Patricia Martin      | 1 |
| Joseph Miller        | 1  | Vernon Edwards       | 1 |
| Samuel Shea          | 1  | Stuart Draper        | 1 |
| Philip Draper        | 1  | "M" Davidson         | 1 |
| Marvin Cuddihy       | 1  | Kenneth Sargent      | 1 |
| Frank MacWilliams    | 1  | Emilien Pellerin     | 1 |
| Roy Clair            | 1  | John Cowie           | 1 |

Shall the provisions of Chapter 171-A of the revised laws relative to playing games of Beano be adopted in this town?

Yes 238

No 137

The meeting for the discussion of the articles in the warrant was opened at the High School Auditorium at 7:35 by the Moderator, who first announced the results of the balloting and declared the winners elected.

Roy W. Smith was nominated by J. Elmer Draper for Library Trustee; this was seconded by Francis Gros Louis and passed on a voice vote.

Miss Helen Ring was nominated for Auditor for two years by Charles O. McGettigan, Jr.; this was seconded by John W. Cowie and passed on a voice vote.

Francis Gros Louis moved that the old board of Corders of Wood be renamed; this was seconded by Charles O. McGettigan, Jr. and passed on a voice vote. Charles O. McGettigan, Jr. moved that the old board of Surveyors of Lumber be re-named; this

was seconded by Francis Gros Louis and passed on a voice vote. Charles O. McGettigan, Jr. nominated Leroy Tuttle for Surveyor of Masonry, Brickwork and Stonework; this was seconded by John Cowie and passed on a voice vote.

Article 1: Woolsey R. Hopkins moved that the reports of Town Officers, Agents and Committees be accepted as printed in the Town Report; this was seconded by Robert Stanton. Selectman McGettigan noted a correction necessary in the listing of payments on Page 35 of the Town Report with article 6 to read "Answering Service" rather than "Reappraisal of Property." The motion was passed by a voice vote.

Article 2: Regarding authorizing the Selectmen to borrow money in anticipation of taxes. Robert Stanton so moved; Charles O. McGettigan, Jr. seconded; passed on a voice vote.

Article 3: Selectman McGettigan moved that real estate taken over by the Town for non-payment of taxes be left to the Selectmen; this was seconded by Francis Gros Louis. Richard Greeley asked what was done with such property, and Selectman McGettigan explained that it was put up for sale. Clifford S. Schultz, Jr. questioned not having the unpaid taxes printed, and Selectman McGettigan explained that there were different interpretations of the law, but that not printing them was good business, due to the rate of interest received, and within the law. The motion was passed by a voice vote.

Article 4: To accept the Budget as prepared by the Budget Committee. Woolsey R. Hopkins moved that this be taken up with Article No. 9; this was seconded by J. Elmer Draper and passed by a voice vote.

Article 5: Regarding appointment of deputy or deputies by the Tax Collector. J. Elmer Draper so moved; Charles O. McGettigan, Jr. seconded; passed on a voice vote.

Article 6: Authorizing the Tax Collector to charge an additional amount of twenty cents on each Poll Tax not paid by September first. Robert Stanton so moved; Richard R. Tuttle, Sr. seconded; passed on a voice vote.

Article 7: To install street lights on Holt Road. Harry Lyford moved that this be done; Samuel G. Proctor seconded. J. Elmer Draper asked how many street lights were called for in the motion, and Selectman McGettigan answered no definite number, this was to be left to the Selectmen. The motion passed on a voice vote.

Article 8: To build a tool shed at Laurel Hill Cemetery at a cost not to exceed \$1,500.00. Philip C. Heald so moved; Robert Stanton seconded; passed on a voice vote.

Article 9: Selectman John W. Cowie moved that the Budget

be adopted as printed in the Town Report; this was seconded by Robert Stanton and passed on a voice vote. The budget so adopted is as follows:

General Government:

|   |            |
|---|------------|
| Town officers' salaries                     | \$4,000 00 |
| Town officers' expenses                     | 4,500 00   |
| Election and registration expenses          | 800 00     |
| Municipal and district court expenses       | 800 00     |
| Expenses town hall and other town buildings | 4,500 00   |
| Employees' retirement and social security   | 2,100 00   |

| County Taxes                  | 22,000 00    |
| School Taxes                  | 211,300 93   |
|                               | <hr/>        |
|                               | \$376,113 05 |

Article 10: J. Elmer Draper questioned the valuations on the listing of the town properties in the town report, and suggested that they be revised. Woolsey R. Hopkins questioned if the Fraser land of ten acres might be used as a park, but was advised that it was not suitable.

Francis Gros Louis moved that the meeting adjourn; this was seconded by Selectman McGettigan and passed on a voice vote at 8:00 P. M.

KENNETH R. DUNHAM, Town Clerk

Wilton  
Vital Statistics

# WARRANT FOR ANNUAL SCHOOL MEETING

## The State of New Hampshire

*To the Inhabitants of the School district in the town of Wilton qualified to vote in district affairs:*

You are hereby notified to meet at the High School Auditorium in said district on the eleventh day of March 1967, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents and for the payment of statutory obligations of the district.

9. To see if the District will vote to accept provisions of Public Law 89-10 for the year 1966-67 designed to improve educational opportunities with particular reference to deprived children, and to appropriate up to \$8500, that may be made available to the District under said Federal Act, for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate, or take any action relating thereto.

10. To see if the District will vote to accept provisions of Public Law 89-10 for the year 1967-68, designed to improve educational opportunities with particular reference to deprived children, and to appropriate up to \$8500, that may be made available to the District under said Federal Act, for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate, or take any action relating thereto.

11. To see if the District will vote to raise and appropriate \$4125, to provide for the education of three trainable children at a Trainable Class being formed in Milford, or take any action relating thereto.

12. To see if the District will vote to borrow a sum of money not exceeding \$105,000 for purchasing, installing and equipping three temporary elementary school classrooms and for reconstruction and alteration of the high school building, and to determine how any federal, state or other funds which may be available shall be used.

13. To see if the District will vote to borrow a sum of money not exceeding \$210,000 for constructing and originally equipping and furnishing an addition to the school, consisting of five elementary classrooms, and for reconstruction and alteration of the high school building, and to determine how any federal, state or other funds which may be available shall be used.

14. To see if the District will vote to borrow a sum of money not exceeding \$561,800 for constructing and originally equipping and furnishing an addition to the school, consisting of three elementary classrooms, for reconstruction and alteration of the high school building, and for constructing and originally equipping and furnishing an addition to the high school, consisting of classrooms; and to determine how any federal, state or other funds which may be available shall be used.

15. To see if the District will vote to continue to have a School Study Committee, as presently formed, newly formed, or a combination of the above, appointed by the Moderator, to develop detailed plans for a new Wilton - Lyndeborough High School, and provide \$5,000 for the use of said committee to carry out its duties, and further to authorize said committee to file a bill in the General Court of the State of New Hampshire to allow the school district to exceed its authorized debt limit, said committee to call a Special School District Meeting when plans have been finalized for district action, or take any action relating thereto.

16. To see if the District will vote to form an AREA School District Planning Committee under the requirements of RSA 195-A: 3, and to elect the members thereof to determine that they shall be appointed by the Moderator, or take any action relating thereto.

17. If Article 15 or 16 is passed, to see if the District will vote to borrow a sum of money not exceeding \$105,000 for the purchasing, installing and equipping three temporary elementary school classrooms and for reconstruction and alteration of the high school building, and to determine how any federal, state or other funds which may be available shall be used.

18. To see if the District will vote to raise and appropriate a sum of money not to exceed \$25,281, for the purpose of paying for the first year's interest on any of the aforesaid monies borrowed, or take any other action relating thereto.

19. To see if the District will vote to raise and appropriate \$20,000 to provide for the salary and retirement of three additional elementary teachers, and also to provide for teacher furniture, classroom equipment, and maintenance of three additional classroom areas being provided, or take any action relating thereto.

20. In the event that any of the above articles have more fully utilized the present school site, to see if the district will vote to authorize the school board to enter into agreements to buy or to take option on any property adjacent to the present school property or in the immediate vicinity.

Given under our hands at said Wilton this 21st day of February 1967.

DORTHY M. CLEAVES,  
EARL W. WATTS,  
WILLIAM M. ABBOTT,  
School Board

The budget committee recommends that the school district appropriate a sum of money under any one of Articles 12, 13, 14 or 17 appearing in the warrant for the 1967 Annual School District Meeting; that any sum so appropriated be raised by borrowing; and that the school district authorize the expenditure of any supplementary funds which may become available in connection with any project which may be authorized under one of the said articles. The budget committee has no objection to the school district taking favorable action on Articles 15 or 16.

## SCHOOL LUNCH REPORT

The summary below covers the receipts, expenditures, and balances of the School Lunch Program at Wilton Public School for the fiscal year 1965-66:

|                               |             |             |
|-------------------------------|-------------|-------------|
| Cash on Hand July 1, 1965     |             | \$ 479 81   |
| Receipts:                     |             |             |
| Lunch Sales, Children         | \$12,198 60 |             |
| Adults                        | 1,151 00    |             |
| Reimbursements                | 2,785 83    |             |
| Miscellaneous Cash            | 975 13      |             |
| Total Receipts                | -----       | 17,110 56   |
| Total Available Cash          |             | \$17,590 37 |
| Expenditures:                 |             |             |
| Food                          | \$11,132 49 |             |
| Labor                         | 5,563 78    |             |
| All Other                     | 516 92      |             |
| Total Expenditures            | -----       | 17,213 19   |
| Balance on Hand June 30, 1966 |             | \$ 377 18   |

I certify that the above information is true and correct; that the cash balance has been determined by actual count and/or verification of the checkbook balance; and that invoices and other pertinent records as required are on file to substantiate the School Lunch Program transactions.

Respectfully submitted,

LORRAINE D. TUTTLE,

Manager and Treasurer

June 20, 1966

## STATISTICS FOR SCHOOL YEAR ENDING JUNE 30, 1966

| Grades        | Boys | Girls | Average<br>Membership | Average<br>Attendance | Percent of<br>Attendance |
|---------------|------|-------|-----------------------|-----------------------|--------------------------|
| High School   | 80   | 92    | 162.8                 | 149.5                 | 90.8                     |
| Grades 7 - 8  | 68   | 49    | 111.1                 | 104.2                 | 93.8                     |
| Grade 6       | 18   | 22    | 38.8                  | 36.1                  | 93.1                     |
| Grade 5       | 24   | 12    | 35.3                  | 32.7                  | 92.5                     |
| Grades 4 - 5  | 19   | 15    | 32.5                  | 31.3                  | 96.4                     |
| Grades 3 - 4  | 22   | 14    | 35.6                  | 33.6                  | 94.4                     |
| Grade 3       | 14   | 20    | 33.6                  | 32.1                  | 95.4                     |
| Grade 2       | 8    | 16    | 22.2                  | 20.6                  | 92.6                     |
| Grade 2       | 14   | 9     | 22.1                  | 21.0                  | 94.6                     |
| Grade 1       | 8    | 17    | 25.4                  | 23.8                  | 93.5                     |
| Grade 1       | 5    | 20    | 26.3                  | 24.5                  | 93.0                     |
| Special Class | 12   | 3     | 14.6                  | 13.5                  | 92.6                     |

## SUPERINTENDENT'S REPORT

To the School Board and citizens of Wilton, I respectfully submit my ninth annual report as your Superintendent of Schools.

### *Staff and Instruction*

Several changes in staff were made at the school, this year, but the pattern has changed in that there were almost as many changes at the elementary level as there were at the high school level. Very fortunately a great majority of these changes or additions to the staff were people who had had previous experience, which has made possible, both at the high school and the elementary school levels, programs fairly strong and stable right from the start.

Mrs. Frances Pellerin, the elementary principal, has devoted the major part of her time to the new, experienced and inexperienced teachers and by her omnipresence and counsel, insured a well organized and educationally sound elementary school. Mrs. Pellerin has a broad background of teaching experience, having worked at all grade levels in the elementary school and has been a resource of help and assistance for elementary teachers. Her report details highlights of the elementary program this year.

Because of the background, training and experience of the new teachers at the Town Hall, a team teaching or departmentalized program has been initiated for children in grades five and six. Miss Kathleen Moran, with a strong background in Science and Mathematics, has been working with youngsters at both of these levels in these areas, while Miss Rose Bednarczyk, a major in English and Social Studies, handled these fields. Many of the "bugs" that existed in the operation of this program have been worked out and at present it seems to be working quite satisfactorily.

Through the kindness of Dr. Margaret Kennard of Bedford, an experienced psychiatrist, we have had her guidance in solving the educational problems of several of our children. With her help, teachers and parents have come to know these children a little bit better, and understand why they act the way they do. This understanding results in more effective education for these children.

Mr. LaVine's report tells of some of the rather unusual changes in organization that have been made at the high school level to better meet the needs of high school children.

Our school is extremely crowded. The elementary school is especially burdened with youngsters, since about twenty-five more children were on hand than had been anticipated. Pupil-teacher ratio in grades one and two has been maintained at the 25-30 per teacher level, with single graded classrooms, but above this level all classrooms, except two, are doublegraded and all have enrollments in the vicinity of 37-39 children. This kind of multiple grade situation and pupil-teacher ratio creates for teachers a task that is almost impossible. In spite of this, our staff has worked hard to meet the needs of each individual child. In view of these circumstances, the Board is recommending the hiring of three additional elementary teachers and making provision through warrant articles for at least three additional classrooms. If the district follows the recommendations of the Board in these matters, it will mean that we will have single graded classrooms for all elementary children, with pupil-teacher enrollments which are more realistic and reasonable for education in this day.

Now that schools are in satisfactory operation, this Superintendent has forgotten a little of the anxiety that existed just previous to the opening of school, while trying to find elementary teachers. This year the teach-

er shortage was more severe than at any time in the past in my experience, and it can be expected that the situation will be even worse this coming year. This is not a problem peculiar to New Hampshire, but as you well know, is a nation-wide problem.

We were very fortunate in having all of our positions filled since a report issued by the State Department of Education on August 30 just prior to the opening of school, indicated there were still 158 classrooms that had no teachers, 96 of these classrooms were at the elementary level. Increasing elementary enrollment, new federal programs, the migration of teachers into industry and into higher paying teaching positions, and also the limitation of facilities at educational training institutions — all are factors that led to this shortage, and will result in a continuance.

It seemed to make sense to the Board that the easiest way to obtain teachers was to try to hold on to good teachers who were already in the system. Logically, a fair competitive salary schedule would be one of the best ways of insuring that teachers might stay. Following this line of reasoning, the School Board and teachers met on several occasions in the fall and developed a salary schedule which is satisfactory to both parties, and meets the competition of schools in southern New Hampshire. This salary schedule is outlined elsewhere within the school report.

In view of the above noted teacher shortage situation, but more importantly, in the interest of real good education for Wilton children, citizens of the community MUST take the position that the new salary schedule, three additional elementary teachers and three additional elementary classrooms are vitally necessary.

### *Building and Grounds*

Several of the articles in the warrant deal very specifically with the limitations of the school in its

present site. The Study Committee report within this Town Report deals with this problem. A major decision by the citizens of Wilton must be made as to the kind of school facility they want to have for the town of Wilton, both now and in the future. The passing of certain articles, and/or the defeating of certain articles will establish a pattern for school organization structure for many years to come. The Wilton Study Committee report indicates several courses of action and the money involved by following each course. These courses of action are reflected in the warrant by articles 11 to 18. As noted in my last year's superintendent's report the school space problem is still with us, and it will not go away until some positive action is taken by the district.

During this year we have had two visitations that have related to the building of the school. One of these visits was by the Deputy Fire Marshal of the state and another by a visiting committee from the State Department of Education. Both of these visitations resulted in recommendations being made to the Board for making renovations, some minor and some major, in order to more adequately provide for the safety of the children in the schools. Some of these recommendations have already been followed. Some recommendations will be met before the end of the current school year and some changes are being provided for in the 1967-68 budget. The unfortunate part is that administration, elementary, high school and superintendent, has to devote such a large amount of time to a resolution of these safety problems rather than educational problems, but this is one of the disadvantages of trying to live with an old antiquated facility.

### *Federal Aid*

Federal Aid is again available to the Wilton schools during this current year and also during the coming

year, in spite of the fact that funds were not voted at the last school district meeting. All of the educational advantages made possible by the use of these funds still exist, as they were reported last year. All of the protections for the school district as to control by any federal agency are still in effect. It really seems quite unrealistic to turn down \$16,000 that could be used to provide a little bit better education for many of the youngsters within our school system. This choice rests on the action taken by the district.

### *Finance*

There are several changes in the 1967-68 budget when it is compared with the current operating budget of the Wilton School District. In the #190 series, the only major reduction appears since funds were provided for the Study Committee in the current budget. In the #210 item, an increase in teachers' salaries of approximately \$22,500 is shown. This provides for increases within the adopted salary schedule plus the addition of one high school mathematics teacher to fully implement that program, and about \$200 for psychiatric services which have been made available to us. Under #215, an increase of about \$2500 is shown to provide for changes in textbooks at the elementary and secondary levels, to insure that our text materials are current, especially in the fields of Science and Composition. An increase in item #220 of about \$1400 will be necessary to carry out our library program of catching up with minimum requirements. In the #230 series, the increase of \$400 provides for increased enrollment and also increased costs of materials used in the teaching process. The primary bus contract terminates this year and an increase of \$750 is necessary in the #500 series to properly budget for this service. The \$900 increase in the #610 item provides for increases in salaries for custodial services and also provides for

additional custodial help. Item #1010 shows an increase of about \$500 for coaching services and directors of school activities. Item #1075 calls for an increase of about \$500 for educational trips by students and also for cheerleaders' uniforms.

In items #725, #735 and in the #1200 series, there are several changes that citizens should be made aware of. In Item #725 several replacement items are being budgeted for, some new office furniture for the principal and guidance offices, a new electric duplicating machine, furniture for the commercial department and two typewriters. Under item #735, funds are provided to flameproof the curtains of the gymnasium, and also to provide for a hot water heater to be available in the fall and the spring when the boiler is not in operation. In the #1200 series, money is provided for an enlarged principal's office in the upper hallway of the school, and also to renovate present office for guidance services. Within this area also provisions are made for library shelving to be built in the library, and for the construction and installation of smoke barriers as recommended by the State Fire Marshal. In addition, funds are provided for a second portable vacuum, water coolers for the high school, folding chairs for the gym, walk-off rugs for the elementary school and a new stove for the kitchen. New equipment being purchased for the high school includes various percussion instruments for the band, a portable sound system for the auditorium, two classrooms of student furniture, a safe for the principal's office and locker space for youngsters that have sub-standard homeroom stations.

Under #1477.3 ,an increase of approximately \$1950 is shown. Part of this is for an increase in superintendent's salary and part of this for salaries and expenses at the supervisory union level. These changes result in a Total Appropriation of \$303,084.06, an increase of about \$28,000 over the current budget.

On the income side of the ledger, due to increased tuition charges, an increase in income of about \$4500 is anticipated. This results in a net assessment increase of approximately \$23,400 over the current budget.

### *Special Articles*

Reference has already been made as to special articles for the acceptance of federal funds, and also articles relative to new building and renovations at the school and the provision for elementary classrooms and staff.

Article 11 gives the district an opportunity to provide funds for the education of trainable children in Wilton. A fully approved class hopefully will be established in Milford during the coming year for the benefit of such children. These children presently are attending half-day sessions in a not approved program in Milford at the expence of the parents and the Monadnock Council for Retarded Children. It seems that if we believe that the school system should develop fully the capability of each and every child in the community, provision should be made for these children in the hope that by so doing, they will better be able to take their place in society than might otherwise have been the case.

Article 20 relative to additional property is self explanatory.

### *Conclusion*

Again, this March meeting, will involve action on many kinds of arrangements for the school that will affect school operation, not only in the coming year but in the years to come. The community wrestled with this kind of problem just this past year and up to this point, no real clear pattern for growth and development of the school has been established. The Study Committee has worked long and hard to map out ar-

rangements for long term solutions to Wilton's problems, and it is hoped that citizens will follow a realistic course of action to solve this problem once and for all.

The school, under the leadership of Mr. Clyde Lavine and Mrs. Frances Pellerin, is progressing more than satisfactorily. Both of these principals have worked hard and long themselves and with their staffs, to resolve the problems that are inherent in functioning in crowded buildings. They have achieved unusual success. One would really have to be on hand in the school for some period of time to see the devious methods that have been developed to circumvent problems of space and numbers. Usually this solution involves much personal involvement by them in what should be very routine matters.

The School Board has worked very conscientiously to resolve problems as they have developed. Many hours have been spent thrashing out a workable salary schedule that was fair to teachers and community and many additional hours involved in putting together what seems a fair and yet realistic budget. Many "ifs" have complicated this problem.

The complaint department at the school has not been very busy this year and we thank townspeople, citizens and friends of the school for their help, cooperation and understanding. We feel that within the limits placed on us by space, time and numbers, we have developed a program for all of the town's children that is quite satisfactory.

Respectfully submitted,

KENNETH A. SARGENT,  
Superintendent of Schools

## ELEMENTARY SCHOOL PRINCIPAL'S REPORT

To the School Board and citizens of Wilton, I respectfully submit my first report as your Elementary principal.

When school reopened last September, I found myself playing a new role in a major production called Education. After thirty odd year of successful and devoted teaching, I was rewarded the principalship of the Elementary School. Somewhat reluctantly but conscientiously I accepted the challenge of my new administrative duties.

We have an enrollment of 307 students in the Wilton Elementary School. There are 216 students in the main elementary building; 78 students at the Town Hall School; and 13 Special Class students attending the Little Red School. Our large classes of thirty-nine students and double grades must be discontinued for the improvement of our elementary school. It is most difficult to attract qualified teachers to teach in classrooms of the above nature.

Five changes in the Elementary School staff were made when school opened this fall. Two of these new teachers were assuming teaching duties for the first time. The elementary staff consists of 10 regular classroom teachers, a music supervisor, a physical education director, a school nurse, and a teacher's aid.

The need for a full-time principal was urgent and long over due. The business of appraising teaching performance and co-ordinating a school to run effectively is complex.

It has been my good fortune and experience to be associated with the Wilton School system and our former principal, Miss Florence Rideout, for many years. My knowledge of the Wilton Elementary School policies and its high standards for the basic academic areas

had been my concern as a classroom teacher, and now as an administrator.

In January, three classes in Remedial Reading were organized for youngsters experiencing serious reading difficulties in the intermediate grades. I assumed the instruction for this remedial work and believe some degree of improvement in reading will be achieved by those participating. Another phase of remedial work is going on in sixth grade Mathematics.

A careful watch is constantly kept on the development of our Phonetic System, Language Arts, Social Studies, and Modern Mathematics. I am happy to report favorable progress in all subject areas.

Our Music program, under the supervision of Mr. Sebastian Salvo, aims to develop in each child his fullest innate capacities for the understanding and appreciation of this art.

The music curriculum contains many varied experiences designed to foster these abilities. There are experiences in listening to great music of all types and periods; singing experiences to give each child the full use of his natural voice; experience in the creation of rhythmic accompaniments to songs; and work with music fundamentals and theory.

The Physical Education classes meet once a week this year and the joys and pleasures expressed by our boys and girls are most gratifying. Under the leadership of Mrs. Gertrude Stanton, Physical Education in our school is directed, a purposeful activity centered around the total body, its development, movement, care and use. As such it stresses the development of skills—physical, social, and mental.

The Special Class is its third year of operation under the careful guidance of Mrs. Helen Witty. The daily experiences these youngsters gain by attending school builds a happier world for them.

Mrs. Lorraine Tuttle and her efficient cafeteria

workers perform with extraordinary effort and skill in preparing well-balanced meals. Over 250 students are served tasty meals every day. My sincere compliments to the ladies for their participation and interest in our school lunch program.

The services rendered by our school nurse, Mrs. Elizabeth Stevens, are indispensable. She takes a personal interest in the health and well-being of every student. Students, teachers, and parents are most appreciative of her many services and recommendations.

The urgent space and building needs have been explained in the recent School Studies. Please plan for more classrooms, a school library, and more playground area for our increasing enrollment.

In closing, I wish to express my sincere thanks and appreciation to my school board, superintendent, teachers, co-workers, students, and custodians for their excellent co-operation during the year.

Respectfully submitted,

FRANCES M. PELLERIN,  
Elementary School Principal

## HIGH SCHOOL PRINCIPAL'S REPORT

Submitted herewith is my second annual report as principal of Wilton High School. I consider it a pleasant and worthwhile opportunity to be able to communicate with the citizens of Wilton in this manner and to apprise them of changes, needs and programs since my report of one year ago.

Some of you may recall that the 1965-66 report, while concerning itself mostly with a philosophy of education, contained the following statement:

If we truly subscribe to the philosophy of “education for everyone according to his needs,” we are faced with the task of finding new and unique ways of bringing varied curriculum choices to young people without diluting content and without placing an impossible burden upon our teachers. To accomplish this, we must be bold enough to be a little different and must be willing to experiment in at least a conservative way. It is our job to explore the available evidence and find the ways and means which will most successfully meet the needs of Wilton boys and girls within the limits of our existing facilities.

In direct response to this stated objective, certain curriculum and schedule innovations were incorporated into our program at the outset of the current school year. Most noteworthy are the following: (1) ungraded English IX and X, also XI and XII, on a two year rotation; (2) ungraded Contemporary Problems and United States History; (3) addition of an interdisciplinary course in the Humanities; (4) addition of Basic Algebra (2 year sequence) for the technically oriented but non-college student; (5) operation of a six period modified rotating schedule on a 5 period day; (6) establishment of 63 to 70 minute periods with provision for “directed” study; (7) conversion of the large study room to the dual purpose of a study and a library; and (8) expansion of guidance services to full-time with a counselor student ratio of 1 to 280.

The most significant and obvious improvement in our program has been the remodeling of Room A (the Study Hall) into a combination library and study room. The over-all attractiveness of the room plus the additional shelf space for expansion of our resource materials has gone a long way toward providing a central learning center which is within easy reach of nearly all

students. Overall use of books has doubled this year according to the librarians. This fact can be attributed not only to the increased accessibility, but to the many and varied new titles which have been provided both by local funds and by federal monies under Title II of the Elementary and Secondary Education Act of 1965. For some time to come, our library resources can be expanded without space limitations. The necessity to use the room for dual purposes, a study hall as well as a library, continues to be a hindrance to most effective implementation, however.

The six period schedule and the five period day seems to be working out well for students and faculty alike. State requirements of 250 minutes per week are being met or exceeded and, at the same time, we seem to be getting better mileage from our study time. Under the directed study arrangement, students are able to get on-the-spot help in the subject of immediate concern and from the teacher of that subject. Teachers report that a higher percentage of "homework" is being completed than ever before and that the quality of this work is generally better.

The ungrading (rotation on a two year basis) of English IX and X, English XI and XII, and United States History and Contemporary Problems has made it possible to reduce the number of sections of each subject and to do a better job of homogeneous grouping. This procedure has enabled us to reduce the number of teacher preparations thus making each faculty member more of a "specialist" in any one year. For example, the teacher of Contemporary Problems this year can now concentrate upon intensive preparation in that one subject area. Next year, he can make United States History his area of specialization. Such an arrangement seems to be conducive to better teaching because the instructor now has the time to do "in depth" research in preparation for, and presentation of, his lessons.

For the first time, our guidance and counseling services meet the minimum state standards for a comprehensive high school. Our guidance director now serves on a full-time basis without a teaching assignment, and is available to students and parents throughout the day. No additional guidance personnel will be required until our enrollment exceeds 400.

The guidance director has submitted the following comparison of the educational goals of the Class of 1966 with the tentative plans of the Class of 1967. We think the public may find the figure to be of general interest.

| Class of 1966 | Post-Secondary Plans    | Class of 1967 |
|---------------|-------------------------|---------------|
| 35%           | 4 Year College          | 45%           |
| 7%            | Technical Institute     | 5%            |
| 6%            | Nursing Education       | 7%            |
| 16%           | Business and Vocational | 20%           |
| 6%            | Junior College          | 2%            |
| 0             | Armed Forces            | 7%            |

The guidance oriented back-to-school night during American Education Week seemed to be a great success, at least from the viewpoint of teachers and administration. In keeping with our desire to keep the public informed in a constructive way, we are planning additional programs throughout the Winter and Spring. Some of the kinds of things we hope to present are:

(1) Over-view discussion of mathematics today and in our schools; description of psychological testing—purposes and implications.

(2) A College Admissions Workshop for parents of the college bound students.

(3) A career night program for parents of vocationally oriented students.

(4) An orientation session concerning the Program of Studies and course selection for the coming year, chiefly for the benefit of parents of 8th graders who are about to enter high school.

The continued interest, support and participation by our parents and citizens will be greatly appreciated by all school personnel.

All of the foregoing were done or will be done in an effort to provide the best possible education within the limits of our existing facilities. We have gained a little time, perhaps, but there is much to accomplish before we can sit back and relax:

(1) Physical education, a vital element in a total program, is sadly lacking above the 8th grade level due to the absence of sufficient gym space, locker facilities and instructional staff. There is no use fooling ourselves that we are doing the job in this area through a program of team sports alone.

(2) Our school continues to grow each year, but the four walls remain as rigid as ever. Our present enrollment of 277 undoubtedly will jump to 300 in 1967-68 and to 330 in 1968-69. We are already pushing the limits for homeroom space. Classroom use is at about 93% to 95% (ideally, 85%) and this is just about the most that can be wrung from an elective type program. To use a language lab for math, a chemistry lab for English or a drafting room for contemporary problems does not seem in the best interest of good education. However, until additional space is forthcoming, our children will have to meet in whatever space is available and several of our teachers will have to "float" from room to room.

(3) Storage space, too, is a major headache for administration, teachers, students and custodian. Problems which we may have relative to lost, stolen or damaged articles are a direct result of the lack of storage closets with locks and of individual lockers for students. Hall shelves and coat hooks are hardly adequate places for expensive coats, hats and overshoes; desks, used by 5 or 6 different students each day, are hardly

desirable places for storage of books, papers and personal items.

(4) The cafeteria is more than inadequate in terms of seating capacity, kitchen area and serving space. We are forced to use the facilities of the adjoining music room for cold lunch students. The problems and shortcomings of this arrangement are too numerous to mention and would have to be seen to be understood and appreciated.

(5) Our heating plant is a source of frustration, to say it as kindly as possible. In spite of the best efforts to keep the building comfortable, some of our classrooms are in a deep-freeze while at the same time others are sweltering. Such extremes are most assuredly one reason for the overly high incidence of illness among our students during the winter months.

In conclusion, I would like to make one very frank observation. While it is true that a small school can offer quality education, it is also true that it is "expensive" education. Whereas the opportunities for combining with other towns to form a larger and more economical unit are rapidly slipping away, the community must seriously weigh the alternative of supporting education at a per pupil cost well above the state average or allowing the future generations of Wilton students to suffer the consequences of educational disadvantage.

May I take this opportunity to thank the parents, citizens, school board and the entire school staff for their constructive efforts over the past year, both individually and mutually, for the benefit of the young people of the Wilton Junior and Senior High School.

Respectfully submitted,

CLYDE J. LaVINE

Principal

## ANNUAL SCHOOL HEALTH SERVICE REPORT 1965-66

### Physical Examination by School Doctor:

|                            |     |
|----------------------------|-----|
| Pupils Examined            | 240 |
| Immunizations              | 314 |
| Toxoid                     | 137 |
| Vaccination                | 70  |
| Trivalent Polio            | 107 |
| Tests: Heat                | 177 |
| Tuberculosis Vollmer Patch | 11  |
| Chest X-Ray                | 23  |

### Defects Found by Physician:

|            | # Cases | Treated |
|------------|---------|---------|
| T & A      | 4       | 4       |
| Glands     | 16      | 16      |
| Heart      | 7       | 7       |
| Abdomen    | 1       | 1       |
| Orthopedic | 4       | 4       |
| Nutrition  | 1       | 1       |
| Asthma     | 2       | 2       |
| Total      | 34      | 34      |

### The Report of School Nurse:

|                    |      |
|--------------------|------|
| Vision Tests       | 577  |
| Hearing Tests      | 207  |
| Inspections        | 1609 |
| Heights            | 722  |
| Weights            | 722  |
| First Aid          | 922  |
| Throat Cultures    | 23   |
| Counselling        | 17   |
| Classroom Lectures | 12   |
| Headstart Contacts | 6    |
| FNA Meetings       | 11   |
| Field Trips        | 2    |
| Health Films       | 3    |

Defects found by School Nurse:

|  | # Cases         | Treated                 |
|--|-----------------|-------------------------|
| Vision                                 | 41              | 41                      |
| Hearing                                | 14              | 3                       |
| Skin                                   | 90              |                         |
