The White Mountain Community Services is a non-profit organization formed for the purpose of providing diagnostic, counselling and consultation services to the residents of this area who are experiencing emotional problems.

**WHITE MOUNTAIN COMMUNITY SERVICES, INC.
111 COTTAGE STREET
LITTLETON, NEW HAMPSHIRE**

January 1967

Gentlemen:

At last our committee of the North Country has an opportunity to do something together to provide mental health services to our people, the need for which has long been only too evident. White Mountain Community Services is a mental health clinic approved by the New Hampshire Division of Mental Health and available to a population of approximately 23,500 people.

We are asking each town served by the Clinic to share in the support of the Clinic through their individual town budgets.

Therefore, it is proposed that the town of Carroll set aside funds at the rate of one dollar (\$1.) per resident (based on the 1960 census); this amount totaling \$295.00.

Money appropriated for the WHITE MOUNTAIN COMMUNITY SERVICES by Carroll will contribute toward the current services and future development of this mental health facility. Funds so appropriated by the townspeople of Carroll indicate their willingness to share with their neighboring towns in the responsibility of providing mental health services to our own area.

Included in this presentation you will find some impressive reasons why it is to our advantage in the North Country to work together to help each other.

Respectfully submitted,

JOHN S. READ
President

 for 1963-64-65 Paid

State of New Hampshire Department of Health and Welfare

December 29, 1966

Mrs. Madeleine T. Gately, Town Clerk
Carroll, New Hampshire

To the Citizens of the Town of Carroll:

During 1966, 80 visits were made in the community, and they are classified as follows:

Administration and Promotion	2	Mental Health	1
Antepartum	4	Mental Retardation	1
Cancer	1	Post Partum	3
Cardiac	3	School	6
Cardiovascular	11	Sight Conservation	2
Health Supervision	41	Tuberculosis	4
Injury	1	Social Problem	1

Preschool children in the community attended the Well Child Conferences held in Whitefield in the Spring, and at this time, they received their necessary immunizations.

Forty-five adults and children participated in the Heaf testing program for tuberculosis. Polio boosters were administered to all school children who were due for them.

There is a crucial need at this time, for communities to develop an over-all plan that will insure continuity of nursing service from the hospital to the home, or from the home to the hospital.

Nursing is one of the essential services in any community health plan or program.

The citizens in any community or area, have a direct responsibility, therefore, to make sure that needed continued nursing care is provided for men, women and children as they move to any place where care may be given.

Each community needs to develop or improve a community centered or area centered plan, which will enable its citizens to have better and more complete nursing care available to them and their families when needed.

How many of your citizens who should be receiving benefits from the Medicare Program are unable to do so because you, do not have a community centered or area centered plan to meet their needs?

Now, is the time for action by all citizens of your community.

It is always a pleasure to serve the Citizens of Carroll, and I extend my gratitude to them for their cooperation during the past year.

Respectfully submitted,

ELEANOR D. KENNEY, R.N.
Public Health Nurse, District #2
N. H. State Department of Health
