REPORT OF HEALTH OFFICER

I herewith submit my report as Health Officer for the year ending January 31st, 1938.

The following contagious diseases were reported to me; Four measles, four scarlet fever and two syphilis.

At the last session of the legislature three important bills were passed, Barbering Practice, Hair-dressing and Beauty Culture and the Blood Test Marriage Certificate requirement. At the request of the Barbers' Examining and Licensing Board, I inspected the barber shops and explained to them the requirements of the law, and after they had complied with the same I approved their licenses. I collected from the milk dealers at three different times samples and sent same to the State Laboratory of Hygiene for analysis; two samples contained excessive bacteria and one had cap marked in violation of the law. With a state inspector I visited several dealers' barns, and orders and recommendations were given to each dealer.

Several samples of the town water have been sent to the state laboratory for analysis, with the report that it contained excessive iron. On January 24th,

1938, your Health Officer and Selectmen received a communication from the State Department that something must be done to remedy the situation or the State Board of Health would condemn and forbid the use of our water supply.

Your honorable Board of Selectmen and myself went to Concord to meet and talk over the situation with Charles D. Howard, Director of Division of Chemistry and Sanitation, and it was agreed that the town should have a reasonable time to consider the matter and report to said Department on or before July 1, 1938. This is a very important matter and will be explained at the Town Meeting, March 8th, so that all the voters may understand what must be done by the town.

It is the opinion and recommendation of the Health Officer that a clean up week should be observed each year. The rubbish and other garbage around the back of the stores is very untidy and must be abated in the future.

Let us all try to cooperate, clean up, keep cleaned up, beautify your surroundings and encourage others to do the same, with the end in view of better health, peace, happiness and prosperity in our community.

Respectfully,

GEORGE A. GILMORE,
Health Officer.
