Selectmen's Report

To: The Inhabitants of Rye, New Hampshire:

The loss of the Bethany Church at Rye Center, a hallmark of our town, by fire on the night of 18 March, started the year of 1959 on a doleful note. The Rye Fire Department and departments from surrounding towns which confined this fire to the main church structure are to be highly commended for their excellent work. The generosity of both church members and many, many other non-affiliated groups, organizations and individuals is making possible the early restoration of this landmark. The latter part of the year was also marked by a major fire loss in the virtually complete destruction of the home of Miss Bertha Foss, once a thriving summer boarding house of the Gay 90's. The Rye Police Department is also to be highly commended for the excellent work in breaking an armed robbery case and in the apprehension of a group engaged in pilfering from parked cars.

Another Northeast storm on 29 December 1959, which, together with extremely high tides, caused considerable damage by erosion to our coastal area, vividly recalls the storm of April 1958, which storm instigated a survey by U. S. Army Engineers. This survey, we understand, has been completed and we anticipate that the report and its related recommendations will be available for presentation at the forthcoming town meeting.

Your favorable action at the 1959 Town Meeting in the appropriation of \$20,000 for the dredging and development of Rye Harbor has been further enhanced by a State of New Hampshire appropriation of \$125,000. Your selectmen have put a great deal of time and effort, including five trips to Concord, in furthering the passage of the required legislative action. The report on this project has been favorably forwarded to Washington, D. C. by the Corps of Army Engineers. Our federal legislators have assured us that a request for approximately \$225,000, the Federal Government's share of this project has

been included in a current Public Works Appropriation Bill. It is hoped that favorable passage of this bill will be prior to our town meeting. Every effort is being made to have this project actually started this Spring.

The State of New Hampshire has passed legislation for the acquisition of Fort Dearborn (Odiorne's Point) for a state recreational area. There is, however, federal legislation pending to permit former owners to re-acquire their property. Realizing a considerable source of tax revenue if this property should again become privately owned and developed, your selectmen have appeared at four legislative hearings as opposition witnesses. We also realize, however, that if all or part of this property should become state owned, that the Federal Government would be much more favorable to any future development of Little Harbor. The final status of this property is still very indefinite.

Mr. Charles Parsons, who is preparing a property map of Rye has virtually completed surveying the area from the State Boulevard at Rye Harbor, to Washington Road, to Central Road, to Locke Road, to Rye Harbor Road, back to the boulevard. This area was completed first because it completely surrounds the 150 odd acres acquired in 1934 by the N. H. State Adjutant General's Office for a potential National Guard Camp and later turned over to the N. H. State Recreation Department. In that this property has remained dormant and undeveloped for over 25 years, your selectmen have approached the State of N. H. with a view to the town acquiring this land for potential future development and consequent increase in tax revenue.

Last summer your selectmen appeared at a hearing at Hampton Beach in vigorous opposition to the contemplated closing of the Hampton (North Beach) U. S. Coast Guard Station and replacement with a so-called manned mooring at Hampton Harbor. Our Federal Congressmen have also been appraised of our opposition to this move.

Considered in the best interests to the Town of Rye, we, in conjunction with North Hampton selectmen, played a major role in killing proposed state legislation for the acquisition of the Hampton Water Company by the Town of Hampton.

We take this opportunity to express our thanks to the Rye Veterans of Foreign War Post for the excellent manner in which they conducted our Memorial Day Parade and Services.

And now, a request. Will all property owners in completing their property inventory forms, which will be furnished early in March, make every effort to include thereon more definite and complete description of their various properties? Such statements as "same as last year" and "land and buildings" are meaningless. Your cooperation will greatly facilitate our assessments of property and the preparation of your town property map.

Veterans desiring tax exemptions accorded them by N. H. State Law are reminded that it is incumbent upon themselves to request the necessary application. These "request for exemption" forms will be available at Town Meeting or may be obtained from any of the selectmen.

Do not hesitate to call on us in the event of any civic problem or question that should arise. Our regular meetings are held on the first Monday evening of each month.

Respectfully submitted,

ROBERT B. GOSS,
WESTON F. COOK,
JOSEPH O. VARRELL,
Selectmen.

SELECTMEN'S REPORT

INVOICE

For the year ending December 31, 1959

| | |
|--|----------------|
| Land and Buildings | \$5,198,370.00 |

Fire Chief's Report

Your Fire Department received seventy-six calls during the year of 1959 as follows:

| | |
|-------------------------------------|----|
| Resuscitator | 14 |
| Rubbish Fires | 8 |
| Flooded Oil Burners | 8 |
| Grass Fires | 6 |
| Chimney Fires | 5 |
| Town Dump | 5 |
| Building Fires | 5 |
| Brush Fires | 1 |
| Television Fire | 1 |
| House Trailer Fires | 2 |
| Electrical Appliance | 3 |
| Rescued Lost Child | 1 |
| Woods Fires | 3 |
| Checking out smoke reported from | |
| Stratham Hill Tower | 2 |
| Buildings Struck by | |
| Lightning | 2 |
| Checking out smoke in buildings | 2 |
| Truck Fires | 1 |
| Car Fires | 3 |
| Mutual Aid to | |
| Greenland | 2 |
| Mutual Aid to | |
| North Hampton | 2 |
| Portsmouth responded | |
| to Rye | 4 |
| North Hampton | |
| responded to Rye | 3 |

Hampton, Exeter, Hampton Falls responded to Rye
1 each, Newington responded to Rye 2.

The past year has been marred by some serious fires, one of which destroyed the church at the Center of the town.

Due to the type of construction almost always found in churches, they are one of the hardest type of fire to combat. The records will show that in our large cities where they have highly trained men, heavily manned stations and the most modern equipment that church fires usually result in total loss. Your department was severely criticized. As a result a meeting was called by two of our Selectmen to discuss the issue. While I firmly believe that your criticism should come directly to me, I would point out here that the only thing that came to light at this meeting was that most of the criticism came from those who knew little or nothing of fire fighting.

One of the greatest problems faced by the department is the condition caused by spectators who in their excitement climb on the trucks removing equipment so that the firemen have to hunt for fittings and untangle hose before they can begin to fight a fire. It is not uncommon to see a spectator standing in a crowd with a fireman's coat and hat while someone fighting the fire goes without. These things do not help the firemen and we ask you to stop it.

We have a good group of men who are interested in fire fighting, not for financial gain (one dollar for the first hour and fifty cents an hour thereafter, can hardly be called that) but because they want to render the town a service as one of its citizens.

We would welcome men who have had previous fire training, who will attend our monthly meetings and who will give one night a week from spring through to late fall. This is the program followed by our call men whenever they can possibly attend. I would take this time to thank them.

Realizing the excitement that comes from seeing a building burn and knowing it is human to tell someone else what to do, I do not want to blame anyone too much for their actions. I only hope this message will help people to realize that if you keep off and keep out, you will be doing your share.

We have as in the past cooperated with the Police

Department with radio, telephone and ambulance calls. Ten of fourteen resuscitator calls were handled in the Police Cruiser. The firemen made out 667 beach fire permits last summer at the station. These permits help control the type and location of beach fires.

The town's secretary answers radio and telephone calls during her working hours allowing the firemen on duty much extra time to work on the fire equipment and around the building.

Again our town has received aid in fighting fires through the Mutual Aid System. We also had hose dried for us by Portsmouth, Kittery and Hampton Beach.

The department wishes to thank all those who donated to the equipment fund this year, thus enabling the firemen to secure more equipment for the building.

The ladies of the Firemen's Auxiliary have the thanks of myself and the entire department for the fine work they have done in bringing coffee and sandwiches to the fires. The men working there appreciate it. The Auxiliary certainly is a credit to the department.

CHARLES P. GORDON,
Fire Chief, Rye, N. H.

Forest Fire Warden's Report

Again this year I am pleased to report another year with a fine fire record. I ask your continued help in maintaining this good record since without your cooperation very little can be done.

I remind residents that permits are required for all outdoor fires and burning except when there is snow on the ground. These permits may be obtained at the fire station.

E. LEROY GREENE,

*State of New Hampshire Fire Warden
for the Town of Rye.*

RICHARD E. DILL,
Special Justice and Acting Clerk.

Rye Police Department

TO THE CITIZENS OF RYE:

We wish to express our appreciation to the members of the Rye Fire Department for their cooperation and assistance in handling the Police Radio and Telephone calls for our Department when Police personnel were not in the office. Their efforts were not only confined to communication assistance but they also helped immeasurably upon any request for ambulance service that we responded to. In many instances, if it was not for their voluntary assistance, the response to ambulance calls for the Citizens of Rye, would have been delayed due to the lack of help. The Rye Fire Department is to be commended for their assistance to our Department and the Citizens of Rye.

After compiling the data concerning Motor Vehicle, Criminal, Juvenile and Town Ordinance Violations, the statistics indicate an increase in the Motor Vehicle and Criminal Categories. During this past year as an example, the total number of motor vehicle accidents reflected an increase of over seven percent. Such other motor vehicle type offenses as, Stop Sign Violation, Speeding, Driving While Intoxicated, etc., reflected sharp increases. In the criminal category, an appreciable increase in the more serious type of crimes occurred. As an example: (Two Fraud Cases, One Armed Holdup, Three Grand Larceny and One Assault with Intent to Rape). These represent only a portion of the criminal cases. In Juvenile matters, the number of cases handled remained rather static with the previous number handled last year. No trend of juvenile delinquency should cause any alarm at this writing.

It is anticipated that after the next town census has been obtained, that this department will be required to furnish to the Federal Bureau of Investigation, quarterly reports on all phases of criminal activities. With the increase in Motor Vehicle violations, increase of Criminal Offenses, reports for other agencies and the maintenance of adequate records within our department, the administrative work load has and will continue to expand. Sandra

Goss Munsey, who recently resigned, has been replaced by Jessie A. Beane to assist in the administration of such records and reports.

The need to accelerate traffic enforcement, both inland and along the boundaries of Rye is a necessity. The statistics of Motor Vehicle violations creates a need for this action. At the present time, the traffic enforcement is hampered by the lack of another Police vehicle. In many instances, when conducting investigations of a criminal nature, the need for our present Police vehicle to be out of town occasionally arises. Naturally, when this occurs, the town does not have an emergency vehicle at its disposal. During the summer season, many complaints are received by this department from residents living along the beach area and from the inland portions of our town reference to traffic violators, etc. It is not possible to satisfy all complainants with only one vehicle in this department. A need for an additional vehicle has become a necessity in order to cope with the responsibilities that we are charged with.

Following is a partial list of the offenses and complaints that were handled by the Department during the year:

Motor Vehicle:

| | |
|-------------------------|-----|
| Court cases | 120 |
| Warnings | 183 |
| Suspension of Licenses | 18 |
| Accidents | 60 |
| Parking tags (Fines) | 138 |
| Parking tags (Courtesy) | 34 |
| Complaints investigated | 96 |

Criminal:

| | |
|-------------------------|----|
| Criminal Court cases | 32 |
| Stolen cars | 3 |
| Stolen cars (Recovered) | 3 |
| Criminal Complaints | 83 |
| Cohabitation | 2 |

Juvenile:

| | |
|----------------|----|
| Juvenile cases | 16 |
|----------------|----|

Town Ordinance:

| | |
|-------------|---|
| Court Cases | 3 |
|-------------|---|

Miscellaneous:

| | |
|--------------------------------------|-----|
| Fire permits checked | 506 |
| Ambulance calls answered | 48 |
| Pistol permits issued | 8 |
| Summons served for other departments | 12 |
| Cottages inspected | 644 |
| Rescued persons | 1 |
| Dog cases handled | 43 |
| Doors and windows found open | 45 |
| Malicious damage complaints | 28 |

Respectfully submitted,

ELI W. PERRY, *Chief.*

RALPH E. BERRY,

JOHN E. JOHNSTON,

Auditors.

Health Officer's Report

Two cases of mumps were the only communicable disease reported to the local Health Officer during the past year.

There were probably a number of cases of other communicable diseases that were not reported to the local Health Officer but there was no epidemic of any kind.

Respectfully submitted.

WALTER M. ANDERSON, M.D.,

Health Officer.

Planning Board

The Rye Planning Board held five meetings this past year. Four (4) petitions were received, two (2) were approved, two (2) were not approved. Mr. Charles W. Parsons became a new member of the Board, and is now working on the town map. Mr. Parsons has completed the section, surrounding the 155 acres of State owned property located in back of Rye Harbor. Mr. Orcutt is now drawing up plans for the future development of this 155 acres, and when completed, will be presented to the Governor and Council, in hopes it will be returned to the town.

Mr. Sturm and Mr. Orcutt are investigating the possibilities of a more efficient method of Mosquito control, and will present their findings at the Town Meeting.

Mr. Goss and Mr. Cook have revised the Zoning Ordinance. The new book is now available at the Town Clerk's office and the Selectmen's office.

Respectfully submitted,

WESTON F. COOK,
Chairman.

Report of the Board of Adjustment

The Board met at the Rye Town Hall at 7:30 p. m. on the first Tuesday of each month.

During this year, in addition to regular meetings, the Adjustment Board held nine Public Hearings, and one Special Meeting. Nine variances were granted. On August 17th, the Board met with a Committee of the New Hampshire State Planning and Development Commission to discuss matters relating to zoning and adjustment problems.

Respectfully submitted,

L. S. STEWART, *Clerk.*

Building Committee Report

The Building Committee, established as authorized by Article 9 of the 1959 Town Warrant, commissioned Architect Andrew C. Isaak, A.I.A. of Manchester, New Hampshire, to develop proposed sketches of a combination Town Hall, Auditorium and Gymnasium for presentation at the 1960 Town Meeting. As contained in the article, he has developed the following four studies:

1. An addition to and modification of the present Town Hall.
2. An entirely new building on the site of the present Town Hall.
3. A new building on a site to be selected.
4. An addition to and modification of the Junior High School.

Sketches of the above studies will be on display and will be explained in detail at the forthcoming Town Meeting. An article suitably worded to provide for further action on or discontinuance of this project will be included in the 1960 Town Warrant.

In that Study No. 4 above would provide, in addition to an adequate gymnasium/auditorium, three additional class rooms and also would entail less expense to the town, your committee tends to favor the addition to and modification of the Junior High School building.

Members of this committee, in addition to the Moderator, the Selectmen and the School Board are Mrs. Edward Herlihy, Mrs. John Phillips, Melville Clark and myself.

Respectfully submitted,

NORMAN D. BROWN, *Chairman*

Report of Library Trustees

The interior of the Library was completely redecorated last spring, with colorful walls, brighter woodwork and ceilings. The floors were sanded and refinished and protective matting was laid to the desk. A new book drop permits books of any size to be deposited when the library is not open. We hope everyone has visited your Library to enjoy its attractive appearance.

It was decided to open the Library on Mondays, as well as on Wednesdays and Saturdays, and the hours were changed from the former 1 to 7 o'clock to the present 2 to 8 o'clock. A bronze tablet was placed on the door indicating these hours.

As we approach the fiftieth anniversary of the gift of the Library by Miss Mary Tuck Rand, we are confronted with problems which could not have been anticipated at that time. The greatly increased use of the Library by the school children, both for reference and for study, and the constantly growing service for the younger children as well, make the need of a children's room increasingly urgent. This would not only solve the problem of our overcrowded bookshelves, but would eliminate much of the present confusion, and would also allow space for special exhibits and lectures, which are a part of library services.

A preliminary study by the Trustees and Staff, and a conference with a representative from the State Library staff, suggests that the best solution would be the addition of a rear wing, to house the stacks and to provide for future expansion. This would free the room now crowded with stacks for use as a children's room. There would be great advantages to this. The two reading areas would then both be supervised by the staff. There would be ample stack room so that weeding out of older books need not be as drastic as the present crowded conditions require. An alternate solution would be to panel and refinish the floors and ceiling in the basement for a children's room. This solution would present a supervisory problem for the staff, and require a new basement entrance and the

rebuilding of the present stairs. We ask our fellow citizens to carefully consider this problem, as the Trustees plan to present their recommendations to the voters in March 1961, the 50th Anniversary year.

We express our sincere appreciation to Mrs. Helen H. Trefethen, Librarian, and to Miss Marjorie L. Chapman, her assistant, for the faithful and very efficient service they are rendering.

We have been advised that the Library will receive a generous gift from the Estate of the late Gilman M. Lougee, to be known as The Mabel and Gilman Lougee Fund. Such bequests from Rye citizens, or from their estates are greatly appreciated, as the income from these Trust Funds provides many new books each year, without cost to the taxpayers.

Again we express our thanks to the organizations and individuals whose interest and generosity have contributed so greatly to the efficiency of your Library.

Respectfully submitted,

ELIZABETH A. GREENE,
HELEN F. PHILBRICK,
CHARLES W. PARSONS,

December 31, 1959

Trustees.

Librarian's Report

The Rye Library was closed to the public for two weeks during May, 1959. However, during this period there was much activity inside the building. Painters and floor refinishers took over and did a fine job of redecorating and when we reopened June 3rd, the Library was a much more attractive and inviting place. The fluorescent lights which were installed in 1958 became even more effective with the brightened interior. We are indeed grateful for a wonderful job of face-lifting.

Our circulation this year was 24,852 books, an increase of 2147 over that of the previous year. This in part

was due to the fact that since June the Library has been open three days each week. Patrons may now make use of its facilities on Mondays, Wednesdays and Saturdays, from 2:00 to 8:00 p. m. Although there are times when we are still extremely busy, we do find that the added hours of library service have helped distribute the work load more evenly.

Another library day each week has been welcomed by the young people of the community, and we are happy to note that children who attend school in Rye, Portsmouth High School students and college students are using the Library a great deal more for study and reference purposes. Our reference books are in constant use and it is not unusual to see as many as ten or twelve youngsters busy with research in our reading room. We are made constantly aware of the need of more room for this purpose. It is difficult to study in a room where there is much traffic due to the fact that the same room has to be used as shelving area for many books and magazines. We hope that the town will soon realize the need for expansion in the library building. Our book shelves are so crowded that even constant weeding does not appreciably relieve the situation. The children's corner is most inadequate for the proper display and shelving of books. This seems too bad in view of the fact that more than one third of our circulation is in juvenile books. At this time we are using spaces that were never intended for shelving — mantel piece, window sills, tops of book-shelves and even a fireplace. More room in one form or another is urgently needed.

During 1959, 738 books were added to our shelves; 571 of these were purchased from Town and Trust Funds, 67 from fine money, and 100 were given to us by interested friends. Each year it becomes increasingly difficult to buy all the books we need because of the almost prohibitive prices. Among the books purchased from fine money was a nineteen volume set of the World Book Encyclopedia, which has been of much help in reference work, particularly to the younger students.

The State Library has been of great assistance to us. From the Bookmobile, on its bi-monthly visits, we borrow regularly 125 or more books. Its librarian, Mrs. Richard Sanborn, is ever mindful of our needs and serves us most efficiently. In answer to special requests, we have also secured many books directly from the State Library. This service has brought to our readers close to 100 books on subjects ranging from "algae" to "jiu jitsu".

Once again we would like to express our sincere appreciation and thanks to all of those interested persons who, in one way or another, have contributed to the Library. Their continued interest and generosity are greatly appreciated. Three gifts of special interest to towns people should be mentioned here. A beautiful leather-bound copy of "The Churches of Rye, New Hampshire" by John L. Parsons, and an attractive leather binder containing an original copy of "Mr. Porter's Half-Century Sermon, Rye, New Hampshire, 1835", were presented by Mr. and Mrs. Ronald Macdonald and Mr. and Mrs. John L. Parsons. A piece of wood from the Sunken Forest at Jenness Beach, with the latest scientific data as to its age, was given by Mr. Abbott Drake for our curio collection. We also express our thanks to the Every Other Tuesday Club and to the Rye Junior Women's Club for their annual gifts of money.

We are also grateful to Mr. Frank Tonis, former Rye School principal, and a summer resident, who on an August afternoon showed slides and gave a most enlightening talk on Mexico to an interested group of adults and children at the Library. Such instructive programs are welcomed, and we hope some day, with adequate space, to be able to offer more of these.

Miss Chapman and I look forward to another busy year and hope that we can offer more and more in the way of library service to the growing population of this town.

Respectfully submitted,

HELEN H. TREFETHEN,
Librarian.

Report of Trustees of Trust Funds

The investment portfolio representing the Trust Funds was submitted in October 1959 to a Boston financial counselling service for comments and recommendations. In general, the present selection was considered sound and well-balanced. The ratio of stocks to bonds in the Dalton Fund is 46 to 54, which was reported as satisfactory. The ratio of the other funds, grouped together under the title "General Fund," could be improved. The actual ratio of stocks to bonds is 70 to 30. As reinvestments are made in these funds, it is advisable to purchase more bonds to bring the ratio nearer 50 - 50.

At the present time there are 268 trust funds in the Town of Rye. This includes the Dalton Fund, the market value of which is now in excess of \$75,000. The income from this fund is available for the care and beautification of Central Cemetery. Two hundred and fifty-three trust funds have been established for the perpetual care of the cemetery lots of the donors in Central Cemetery. The income from two funds are for the care and preservation of the Seavey Cemetery at Lang's Corner and the Locke Cemetery at Straw's Point. Owners of lots in the old section of Central Cemetery are encouraged to contribute trust funds for the perpetual care of their lots.

Fifty years ago, in 1910, Miss Mary Tuck Rand gave to the Town a lot of land and the sum of \$7,500 for the construction of a library building. Since then, fifteen trust funds for library use have been established. These funds total over \$17,000, the income from which is expended for the purchase of books. To celebrate the 50th anniversary of the Rye Public Library and to honor its founder, there is no better way than to establish a trust fund specially for the use of our library. This is the gift that keeps on giving, and the townspeople are invited to aid the library by providing a trust fund.

Respectfully submitted,

AGNES M. BROWN, *Clerk*
MILDRED I. RAND,
JOHN L. PARSONS

School Board Report

Your School Board respectfully submits the following report:

Members of the Board are pleased with the overall picture in our schools this year. With more than half of our teachers new and with a new supervisory setup of one principal in charge of both schools, we are pleased to feel that our schools are running smoothly. There are, of course, still areas in which we hope to see improvements; and we face almost certain building needs within two or three years unless our population prospects change. Increases in the lower grades and a large incoming first grade mean the need for at least one or two more teachers at the elementary school. An immediate study should be made of construction needs as a solution for this problem will have to be found in '61 or '62.

Another upward revision of the salary schedule is being asked by the teachers. This will keep the District in line with others of comparable size in this area and Union. Once again the Board is asking the District to vote approval of addition of an assistant-superintendent to the staff of Union 21. This Union has one of the largest work loads in the state and the need for an assistant-superintendent has been agreed on by the Union Board. An alternate solution would be to divide the Union, and, after a study, neither the Union Board nor the state Department recommend this action at the present time.

Bus service is being supplied for a second year by Joe Berry of North Hampton. The Hot Lunch program continues under the direction of Mrs. Eleanor Emery. We thank the volunteers who work as helpers, and the P.T.A. room mothers who arrange for their work. A study is being made of the program by the Board with the hope of improving it.

In the school year 1958 to 1959 a limited program for the gifted child was tried out in both schools. This was not as satisfactory as the Board had hoped and it was

discontinued this year. In its place at the junior high a change was made in studies so that two years of French instruction could be offered in the upper two grades. This is an elective course, and a pupil who completes these two years will be able on entering high school, to go into a second year French class. This will make it easier for the pupil to meet the rising standards in language being required for education beyond high school, and, equally important in many cases, permit a student to discover whether he wishes to take a foreign language at all or not. Pupils taking French do not take home economics or shop, so instruction in these subjects had been added to the grade six program. The Board is considering adding special instruction in speed reading in the upper grades. The entire question of an accelerated program is so new that the Board has felt it wise to go slowly until more information is available.

The Board expresses its appreciation to Superintendent of Schools, Mr. Green, for his efforts to help us improve our schools, and for his cooperation and helpfulness. We also thank the office staff of Union 21 for prompt, efficient, and cheerful service. Special thanks are extended to Mrs. Lium for conducting a Russian language group in the Elementary school. We appreciate the value of the work done in remedial reading by Mrs. Donahue, and in the regular classrooms by the capable teaching staff of both schools. Janitor work is done by Earle Walker at the Junior High and Ernest Eaton at the Elementary School.

The Board extends the appreciation of the District to the various organizations which have contributed to our schools:

To the Rye Grange for the donation and installation of a screen in the Elementary School for use in the audio-visual program.

To the Junior Women's Club for a very attractive planting at the Junior High.

To the Every Other Tuesday Club for cash awards

at graduation and to the D.A.R. for American History awards at the same time.

To the Rye P.T.A. for a gift of \$5.00 to each teacher for books, for \$140.00 spent for furnishings for the teachers' room at the grade school, for \$50.00 donated to the band instrument fund, for a sports dinner to honor junior high athletes, for conducting the annual pre-school roundup, for a \$200.00 scholarship fund, for sponsoring the summer swimming class program, and, most of all, for its enlightened helpful interest in our schools.

We would like to thank Ben's Auto Body Shop, Portsmouth, for giving an automobile for the boys to work on during shop periods.

Lastly, we thank the parents of our school children and the other citizens of Rye for their support of our efforts to maintain and improve the education offered in our schools.

ELIZABETH A. GREENE,

Chairman

FREDERICK A. CHAMPION,

MAYNARD L. YOUNG.

School Board.

Report of the Superintendent of Schools

To the School Board and Citizens of the School District of Rye:

It is a pleasure to submit my second annual report as your Superintendent of Schools. The past year has been productive of personal and professional satisfaction and much of this can be attributed to the excellent cooperation I have received from the professional and lay people of Rye, who have expressed an active interest in their fine schools. I look forward to being of further service to you during the year ahead.

Rye, along with the other seven schools districts contained within Supervisory Union No. 21, is faced with

the same problems and pressures of all the public schools in this nation. The impact for a better educational system has resulted in many eloquent speeches and profound writings and any report that I could make along those lines would be merely a modest repeat of that already recorded. Therefore, I shall submit but a brief outline of the local situation as seen from my vantage point with the understanding that all citizens are aware of the greater problems facing us.

At this time last year there was some concern relative to a proposal plan whereby one Principal would be placed in charge of both schools in Rye. I am pleased to report that this has been a success and that, from my observations and in my opinion, the schools have been run more efficiently and effectively than ever before during my brief span of contact with them. Mr. Irvin Reade, Principal, has done an excellent job of coordinating the activities of the two schools and their respective staffs. Faced with many administrative problems and with over fifty per cent of his Teachers new to the system, the Principal worked long and diligently to smooth the many rough spots. He deserves much credit from all of you.

Ably assisting Mr. Reade has been Mr. Robert Luther, the much admired and respected Junior High Teacher and Coach. Serving as Assistant Principal at the Junior High School, Mr. Luther has proven to be a capable administrator in his own right and his effectiveness has relieved Mr. Reade of many of the details that otherwise would have been his to handle.

The continued growth in the student population in Rye created a need for additional Teachers. These persons were added to Grade One and Grade Four prior to the start of the school year. Later, another staff member was added, this person to a combined Grade Three and Four. Enrollment projections reveal that still more Teachers will be needed in the forthcoming year and these will be in Grade Two, Grade Five and Grade Seven. If this is done the current Grade Two-Three combination would

be abolished with the students returning to single grades and these grades divided into three portions.

This would mean that there will be three divisions of each of the first five grades thus making it necessary to move part of Grade Five to the Junior High School. While this would not be entirely desirable from the standpoint of the Junior High School program, it is still far better than the large grades predicted by the enrollment trends. And, this should serve as a forewarning that additional construction at the Elementary School is not too far distant in the future. In fact, serious consideration should be granted this problem as soon as possible.

The Rye schools added educational television to the curriculum this past year and with marked success. Many of the programs will be improved and the second semester will find a much needed Social Studies program based upon New Hampshire history being offered. Other programs have been in elementary French and in Science. The Teachers and students have enjoyed these presentations and this fact has not lessened their educational value. With more experience in the technique of utilizing the programs we can look forward to additional benefits from them.

I was sorry to see the modest program for the "academically talented" deleted from the curriculum. I feel that this is an era the American schools have sorely missed and now is none too soon to begin to make an investment in this talent. Mrs. Ingrid Lium has been doing some work with Grade Five students in the Russian language and with marked success. The citizens of Rye owe to her heartfelt thanks for the time and talent she is contributing to their children. I think the American school system will have come of age when individual effort on behalf of intellect will be as acceptable as individual effort on behalf of athletics. I shall attempt to hasten that day by continuing to recommend programs for the "academically talented."

The teachers salary schedule has again come under study and a necessary upward revision has been accom-

plished. While falling short of a desired goal it represents a definite improvement over previous arrangements. Experience has shown that Supervisory Union No. 21 has a large turn-over in Teachers and, if we are to secure adequate replacements, the beginning salary must be increased and there must be more adequate reward for experienced Teachers. Rye was fortunate to secure the services of several fine inexperienced Teachers during the past year. The increases in the salary will increase its prospects of repeating that gain.

The need for clerical assistance in our elementary schools is becoming more and more acute. Once considered necessary for only larger high schools, this service now is looked upon as educationally desirable and economically practical. The former because it frees the Principal for the specific duties that his training and experience permit him to do and the latter because it is poor business to have a relatively high salaried person accomplishing clerical chores that can more efficiently be accomplished by someone at far less expense to the district. I feel that the provision of part-time secretarial help is vital and hope that the school district will agree.

Music and Art instruction, now shared by three other school districts, needs to be increased. An attempt will be made to secure instructors for two of the other districts thus relieving the current instructors for duty only in Rye and North Hampton. This would greatly reduce their load and increase the effectiveness of the fine work they are now doing.

The Supervisory Union programs, support for which is provided by Rye, continues to be an outstanding feature of our school system. The classes for the intellectually retarded are in their third year and much success has been achieved. The next year will find the two classes in the same locations, Centre School, Hampton, and Winacunnet High School, Hampton. Through an administrative change it will be possible to care for more children in the older group and this should be an assist to these deserving people.

The Supervisory Union School Board has appropriated sufficient funds to enable the school office to relocate in more adequate quarters. There has been a need for permanent office space for some time and it is hoped that this change will accomplish it.

The Union School Board has also recommended that each School District be granted the opportunity to vote for an assistant to the Superintendent and to raise and appropriate its share of a \$7,000 salary and \$1,000 travel allowance. The need for this additional staff member has been demonstrated and I am hopeful that these additional services will be provided. Our desire here is not to reduce the load of the Superintendent but to increase the amount of work that he can do.

In closing I wish to thank all those who have made it possible for the past school year to be a success. The School Board, the staff of the schools, and all those thoughtful and cooperative citizens who have made contributions that are deeply appreciated.

I wish also to thank Miss Leota Whitcomb, Helping Teacher, and Miss Edith Hammond, Executive Assistant, and the other members of the office staff who have labored so diligently and without whose assistance so many things would have been left undone.

Respectfully submitted,

C. M. GREEN,
Superintendent of Schools.

Hot Lunch Program

To the Superintendent of Schools and School Board of Rye:

The Program at the Junior High School is under the supervision of Mrs. Barbara Walker. We are feeding an average of 125 children each day in this school.

The Elementary program is carried on under the

supervision of Mrs. Lorraine Shaw. The average number of children eating hot lunches in this school is 175.

The price per meal was increased from 25c to 30c. This action was taken at the request of the School Committee and is due to the increased costs of the program.

Both programs are carried out with the aid of volunteer help. This is not too satisfactory in many ways but those who have volunteered have done an outstanding job. I sincerely thank the Room Mothers and the help procured by them.

A Sample Menu:

| | | |
|-------------|-----------------|------------------|
| | Mashed Potatoes | |
| | Baked Ham | |
| Kernel Corn | Milk | Bread and Butter |
| | Banana Pudding | |

I wish to thank the School Board for its sympathetic and cooperative effort in furthering this program.

ELEANOR EMERY,
Hot Lunch Supervisor.

Report of the School Nurse

To the Superintendent of Schools and School Board of Rye:

Three days weekly are spent in Rye visiting the Elementary and Junior High School.

During the past school year there has been an increase of about twenty pupils in the Rye Schools.

Our Health Program consists of annual visual screening and hearing tests, weighing and measuring all children and general inspection.

Much of my time is spent in making home contacts for the purpose of follow-ups. For example, in urging medical care of defects, or in discussing behavior problems

when a health problem is involved. Also time consuming, is the transporting of ill pupils from school to the home. A total of two hundred and fifty-four home contacts were made by me in 1959.

Weekly visits are made to all classrooms.

Sixteen students were found needing complete vision check-ups and all received the necessary treatment.

Audiometer tests were done on all pupils of both first, third, fifth, sixth and seventh grades. Also done were new students and those who were referred to me by parents or teachers. Two were found to have hearing problems and both were treated by an otologist.

Physical examinations were given to pupils of both second and sixth grades and all boys who participated in sports.

In May, two pre-school clinics were held for the purpose of a doctor's examination and school registration. Seventy children were given physicals.

Dr. James Sanders, school physician, examined a total of three hundred and twenty-eight pupils during the year.

I would like to thank every one who has been of assistance to me, especially the members of the Rye Lions Club for their help during the year 1959.

Respectfully submitted,

JESSIE M. MANSOURIAN, R.N..
School Nurse.

RAELENE L. WHITE, Town Clerk

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the Town of Rye, in the County of Rockingham and State of New Hampshire, qualified to vote upon district affairs:

YOU ARE HEREBY DIRECTED TO MEET AT THE TOWN HALL IN THE SAID DISTRICT ON SATURDAY, THE 5th OF MARCH, 1960, AT 8:00 IN THE AFTERNOON, TO ACT ON THE FOLLOWING SUBJECTS:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the coming year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the coming year.
5. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.
6. To see if the District will vote to authorize and accept the employment of an Assistant to the Superintendent of Supervisory Union #21; this article to take effect for the Supervisory Union Year beginning July 1, 1960; and to raise and appropriate the District's pro-rata share of a seven thousand (\$7,000.00) Dollar salary and of a one thousand (\$1,000.00) Dollar travel allotment, namely one thousand seventy-eight dollar and eighty cents (\$1,078.80): provided that each of the Districts in the Supervisory Union vote to accept this article, and to raise and appropriate their pro-rata share of the salary and travel allotment.
7. To see what sum of money the District will raise

and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the Selectmen the balance between estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

8. To see if the District will vote to authorize the school board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

9. To transact any further business that may legally come before said meeting.

Given under our hands at said Rye this 15th day of February, 1960.

ELIZABETH A. GREENE,
FREDERICK A. CHAMPION,
MAYNARD L. YOUNG, JR.,
*School Board of the School District
of Rye, New Hampshire.*

TOWN WARRANT AND BUDGET

TO BE VOTED UPON

BY THE VOTERS OF THE

TOWN OF RYE, N. H.

IN THE TOWN HALL

Tuesday, March 8, 1960

AT 10:00 A. M.

Polls Will Not Close Before Six O'Clock P. M.

Business Meeting at Eight O'Clock P. M.

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Rye in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Rye on Tuesday, the eighth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will authorize the Selectmen to hire money from the Trustees of Trust Funds.

4. To see if the Town will authorize the Selectmen to hire money in anticipation of taxes.

5. To see if the Town will vote to allow five per cent discount on all property taxes paid on or before September 1, 1960, or thirty days after the tax rate has been approved, whichever date is the later.

6. To see if the Town will vote to raise and appropriate the sum of \$20,000.00 by issuing town bonds or notes in accordance with Chapter 33, R.S.A., the "Municipal Finance Act," for the purpose of making improvements at Rye Harbor as proposed by the U. S. Corps of Engineers. No funds are to be appropriated under this authorization, nor any such bonds or notes issued, unless the United States makes available approximately \$225,000.00, their considered share in matching the above \$20,000.00 and the \$125,000.00 already appropriated by the State of New Hampshire.

7. To see if the Town will vote to authorize the Selectmen to adopt a suitable house numbering system, and to raise and appropriate the sum of \$300.00 to cover the cost thereof.

8. On petition of Maynard L. Young, Jr. and eleven others:

To see if the Town will vote to authorize the Selectmen to negotiate with the Wardens of the Rye Bethany Church incident to the installation of a Town Clock within the steeple of the about to be constructed church building and to raise the sum of \$3,000.00 for this purpose. The ownership and maintenance of said clock to remain with and be the responsibility of the Town of Rye.

9. To see if the Town will vote to authorize the Selectmen to donate the bell presently installed in the Town Hall belfry to the Rye Bethany Church for installation in the belfry of the about to be constructed church building. All costs of both removal and installation will be the responsibility of and borne by the church.

10. To see if the Town will vote to ratify, confirm and approve its quitclaim deeds given by the Selectmen, under authority of the vote taken on Article 8 of the Annual Town Meeting of March 13, 1956, to the abutting owners of the land in the discontinued section of the State highway known as Route 1A, between Locke Road on the south and the new location of the Ocean Boulevard (Route 1A) on the north, said land having been quitclaimed to the Town by deed of the State of New Hampshire dated March 10, 1959.

11. To see if the Town will authorize the Selectmen to dispose of any property acquired by tax sale, and execute deeds to convey the same.

12. To hear the report of the Building Committee as directed by Article 9, as amended, of the Annual Town Meeting of March 10, 1959 and to see if the Town will

vote to continue such committee.

13. To transact any other business that may legally come before this meeting.

Polls will not close before six o'clock P. M.

Business meeting at eight o'clock P. M.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and sixty.

ROBERT B. GOSS,
WESTON F. COOK,
JOSEPH O. VARRELL,
Selectmen of Rye.

A true copy of Warrant—Attest

ROBERT B. GOSS,
WESTON F. COOK,
JOSEPH O. VARRELL,
Selectmen of Rye.
