THE STATE OF NEW HAMPSHIRE

ROCKINGHAM, SS.

(L. S.)

*To the Inhabitants of the Town of Auburn, in said County,
qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town Hall in said Auburn on Tuesday, the eleventh day of March, next at ten o'clock in the forenoon, to act upon the following subjects:

First. To bring in your ballots for:

Town Clerk for the ensuing year,
One Selectman for three years,
Tax Collector for the ensuing year,
Town Treasurer for the ensuing year,
Highway Agent for the ensuing year,
One Library Trustee for three years,
One Cemetery Trustee for three years,
One Trust Fund Trustee for three years,
Three Auditors for the ensuing year,
Overseer of the Poor for the ensuing year,
Police Chief for the ensuing year.

At 1:00 o'clock P.M., the meeting will be open for the following articles:

Second: To see if the town will vote to incur debt for temporary loans in anticipation of taxes.

Third: To see if the town will vote to accept such

trust funds as may have come in during the year and such trust funds as have not been previously accepted.

Fourth: To see if the town will vote to authorize the Selectmen to dispose of any or all property acquired by tax deed since the last vote so authorizing them to do so; said authorization to continue until such time as repealed at a future meeting.

Fifth: To see if the town will vote to use the income of the H. B. Burnham fund for schools or library.

Sixth: To hear the report of the Budget Committee and act thereon.

Seventh: To transact any other business that may legally come before the meeting.

Polls will open at 10 o'clock A.M. and close at 6 o'clock P.M.

Given under our hands and seal this eleventh day of February, A.D. 1952.

ROY W. DAVIS,
JOSEPH P. LALIBERTE,

Although the elementary enrollment shows only a slight increase in the current year the census report indicates that an additional jump in enrollment is to be expected in the next two years. A potential first grade of approximately 30 pupils in the next two years with the present 7 and 8 grades numbering only 40 indicates a prospective increase of 20 pupils or a 12½% gain. Present facilities are adequate to meet this increase but it confirms the statement made last year that the district used foresight and wisdom

in expanding elementary facilities to meet the increased load of pupils.

The secondary enrollment also shows a slight decrease. This, too, is only temporary. The current 8th grade is larger than last year's graduating class so that it is probable that the enrollment at secondary level will show a definite increase.

The enrollments listed below are indicative of the problem that the district has faced at both elementary and secondary level.

	January 31 enrollments	
	Elementary	Secondary
1952	163	35
1951	161	40
1950	153	34
1949	141	34
1948	139	31
1947	120	32
1946	112	24
1945	103	20

PERSONNEL

There were two changes in the staff at the Village. Miss Flora Gomo, a teacher of several years' experience in New Hampshire schools, was engaged for the primary grades at the Village. Originally a teacher of experience was engaged. She met with an accident and resigned after a few weeks' delay so that Miss Gomo did not begin the year. Miss Evangeline Hrepatsos, a graduate of Boston University with additional study at U. N. H., was engaged for the intermediate grades. The pupils profit when there is stability in the teaching staff. The staff as constituted is professionally trained and is constantly striving to improve through the medium of extension courses. The individual

pupils are aided as weaknesses are revealed. This applies not only to the academic area but to the social, physical and moral aspects of the child.

The program of handwriting instruction was continued and it has and is continuing to show definite improvement in the daily work of pupils in this area.

Music under Mrs. Kelley is progressing and the annual performance of the pupils meets with general approval. Proceeds from this performance are being accumulated towards a motion picture projector which will provide educational and recreational advantages to the pupils.

The space available at the Village School has made it possible to inaugurate a limited physical education program. The older boys and girls under Mr. Craggy and Miss Hrepatsos are having an opportunity to develop physical skills that previously were neglected. This organized activity has resulted in fewer problems during recess periods and noon hour. It is, therefore, a desirable program from several points of view.

There are other desirable instructional services that should be considered as future developments such as art and guidance. The increasing costs however at the local level make it advisable to defer further expansion for a time.

BUDGET

The increase in the total operational budget is \$6,840.97. The areas of increase are administration, instruction, auxiliary activities and fixed charges. The analysis of these areas is desirable to obtain a better understanding of budgetary increases.

AUXILIARY ACTIVITIES

This area is responsible for \$5,350 of the increase or approximately 80% of the total. High School tuition is

again the chief factor. The rate established by Manchester School Department for '52-53 is \$275 per pupil, a 10% increase. In addition an increase in transportation costs of \$1,300 caused the increase in this area. Both of these items are statutory and are uncontrollable at the local level.

INSTRUCTION

This area shows the next higher amount of increase. The bulk of the increase is in the teachers' salaries item with a slight increase in supplies. The increase in salaries 18—JACQUES PRESS—AUBURN ¶¶ 509 is in line with the trend on a state and national basis and the increase in the supply item reflects price increases in this area.

FIXED CHARGES

The bulk of the increase here is in the insurance item. Provisions are being made to protect the district more adequately in face of increased replacement costs.

ADMINISTRATION

The district's share of administrative costs is determined by two factors, number of pupils and adjusted valuation. Increases in both these factors result in a larger expenditure on the part of the district. The per capita tax, a statutory requirement, has increased by \$50.

OTHER AREAS

The other areas show no increases or decreases.

STATE AID

The problem of financing education at the local level

is serious. The action of the legislature in increasing available state funds to the \$600,000 level was of some help but the smaller school districts are in need of a program that provides for a higher level of state support. Statutory requirements are responsible for nearly 45% of the total budget and there is need for revenue at state level to alleviate part of this burden. This legislative problem should receive attention at the next session of the General Court.

The physical plant is in fine condition. The school board's continued interest in a maintenance and repair program that keeps the school plant in such condition is worthy of the district's commendation. The tools of instruction books, paper and other supplies are made available in accord with needs. School officials, citizens, parents, all contribute to a pleasant and profitable school experience for pupils. The students generally show their appreciation by using the facilities with care. The opportunity to work with and for children in such a cooperative situation is a pleasant duty.

Respectfully submitted,

EVERTON H. PARKINSON,
Superintendent of Schools.
