INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen Town of Nelson Nelson, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Nelson, New Hampshire as of and for the year ended December 31, 2015, which collectively comprise the Town's basic financial statements as listed in the table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, which includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Nelson, New Hampshire as of December 31, 2015, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note I.B.5. to the financial statements, in 2015, the Town adopted new accounting guidance regarding the accounting and reporting for pensions. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the pension related schedules on pages 26 – 27 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Town of Nelson has not presented a management's discussion and analysis. Accounting principles generally accepted in the United States of America have determined that the management's discussion and analysis is necessary to supplement, but is not required to be part of, the basic financial statements.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Nelson's basic financial statements as a whole. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. They are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the accounting procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

DRA has provided a reference range of fund balance retention amounts below. Please utilize these ranges in the determination of the adequacy of your municipality's unrestricted fund balance, as currently defined in GASB Statement 54. Retention amounts, as part of the municipality's stabilization fund policy [1], should be assessed dependent upon your governments own long-term forecasts and special circumstances. Please note that current best practices published by GFOA recommend, at a minimum, that "...general purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures." DISTRICT REPORT

We opened the school year as a K-5 school which is a change from the K-6 structure that had been in place previously. The increase in our student population facilitated this change which was decided on in a collaborative manner with all stakeholders during last school year. We simply could not accommodate the increased student population in our building. The need for smaller group settings and differentiation of the multi-grade classes contributed to the issues we were and continue to experience. Collaboration between the Nelson and Sullivan towns has blended us together as one school. We continue to work on ways to improve the quality of education we are delivering while keeping the traditions of the Nelson School alive. Our school board members: Mrs. Kelly French, Mrs. Sara Marean, and Mr. Rich Popovic continue to support our school and community and deserve our thanks!

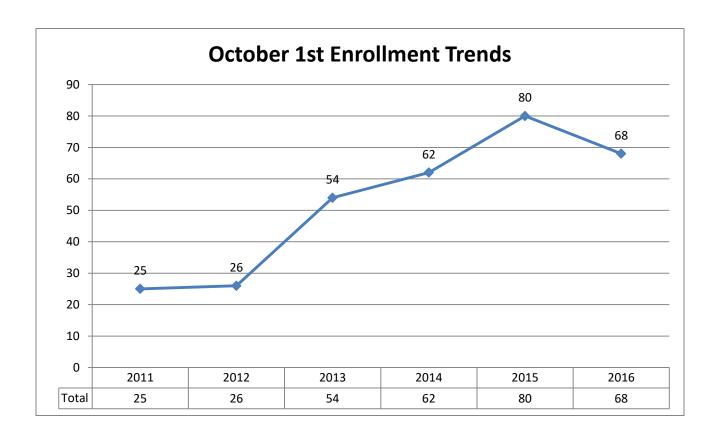

Mission

The **Mission** of Nelson Elementary School is to instill strength of spirit and ignite a love of learning. This has been adopted by the School Board and is what the entire staff hopes to do each and every day.

Enrollment

Our student enrollment is as follows as of 1/10/17: Kindergarten; 16 students (10 - Nelson, 6-Sullivan), Grade 1; 11 students (4-Nelson, 7-Sullivan), Grade 2; 12 students (6-Nelson, 6-Sullivan), Grade 3; 11 students (6-Nelson, 5-Sullivan), Grade 4; 7 students (4-Nelson, 3-Sullivan), and Grade 5; 12 students (3-Nelson, 9-Sullivan). Total enrollment is 69 students (33 - Nelson, 36-Sullivan).

Facility / Maintenance

The Nelson school has seen a few changes since the last town report. The large portion of the exterior (all the white areas) was scraped, prepped and then painted before school began. The windows along the front of the building (that represents the train) were all replaced as most of them had substantial frame damage and rot. The "stage" in Mrs. Roach's room was removed along with the ramp thus increasing the overall size of her room and making it a much more functional space for her students. Several old, single pane windows in the rear of the building were also replaced with energy efficient windows. A new shed was built inside our fenced in area. This provides storage for our Physical Education supplies and other items accessed regularly by our students and staff. Our emergency basement sump pump burned out and was replaced with a new system that discharges the waste water away from our school. We also installed a new water bottle refill / fountain station. This keeps track of how many bottles we fill and is a big hit with the students and staff. Thanks needs to go out to Mr. Ralph Castor who is doing a fine job maintaining our facility!

Community Support / Service

Our community continues to provide exceptional support in a variety of ways. Members of the town's Trail and Agriculture Committees volunteer their time to work with our students and provide instruction. Our Parent Teacher Organization continues to support our students in a variety of ways. Parents help volunteer for various activities. The Keene Lions Club has provided vision testing for our K-1 students and also provided financial support in obtaining eyewear for some of our students. The Cheshire Smiles organization has provided dental care as well as fluoride treatments to a number of our students already this school year. The Keene Rotary Club supplies all of our 2nd

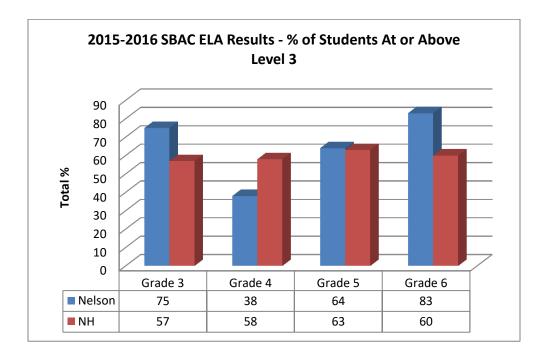

grade students with new sneakers as well as provides dictionaries to our 3rd and 4th graders. This past holiday season, the Professional Firefighters of Keene donated 14 new coats to our students. The Harris Center continues to provide unique learning opportunities to our students by bringing artifacts into our classrooms each week. This list is certainly not the only support our school has been the recipient of this year. The staff and students are extremely thankful for the continued support of our parents, community members, and friends.

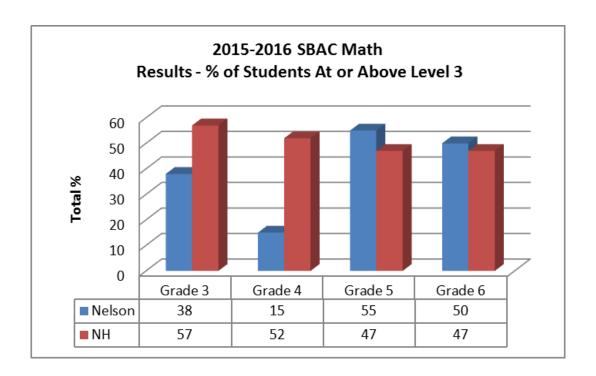

New Faculty / Staff

I am pleased to welcome several new staff to Nelson this school year. Ms. Lara Underkoffler has joined our staff as our Student Support teacher. Ms. Laurel Fortier is our new grade 1 / 2 classroom teacher. We are pleased to have Mrs. Joy Birdsey join us in the capacity of administrative assistant. Ms. Rebecca McLean is our new Art teacher. Mr. Michael Hightower is our Harris Center instructor who is with us one day each week. Ms. Mary Symonds has joined our staff as a tutor as well. I would also like to thank Mrs. Sheara Heon who filled in as our Spanish teacher the first half of the school year. Thanks to all of them for their tremendous dedication to our students!

For example, the 3rd grade during 2014-2015 compared to the 4th grade during 2015-2016. Note – students that are represented in these results may not have been present during both years**

Specials

In addition to our regular classroom curriculum, we offer daily specials to all of our students. We offer a unique educational experience through the Harris Center, Spanish, Art, Physical Education, and Music one day each week for an hour block of time for each of our classes. Those teachers collaborate with our classroom teachers to ensure smooth transitions and themes or content that is appropriate to what is happening in their classrooms whenever possible.

Co-Curricular

Mrs. Whippie-Prior's class spent a week at the Ecology Camp in Maine this past fall. This continues to be a valuable experience for our students. We would like to thank Charlie Stone, Tammy Rondeau, and Rebecca Whippie for volunteering their time as chaperones for the trip. Our afterschool program continues to provide a safe and structured place for many of our students until 5:30 pm daily. Students are able to work on completing their school work, play games, have snacks, and participate in various activities. We are proud to be able to offer this self-sustaining program to our parents. We are averaging over 20 students daily in this program. We are fortunate again this year to offer musical instruction to our students each week. Mr. Chris Albertson provides instrumental lessons while Ms. Louisa Engle instructs our strings program.

Technology

Nelson has improved our technology by adding 30 new Chromebooks that were purchased using grant money. We have also upgraded our main server which was obsolete by today's standards. We have another laptop cart which is shared in the upper two classrooms while the lower classrooms are primarily using the Chromebooks. Our new mandated standardized test (Smarter Balanced) requires the computer as does the NWEA test which we are currently using. We plan on upgrading our wireless router from residential models to a more commercial application system that can handle the increased volume required when entire classes are logged onto the internet at the same time. Each classroom is equipped with a Promethean Board which allows presentations to be made to the entire class by connecting a host of electronic devices. We plan to create a strategic Technology Plan for Nelson prior to the end of this school year so that we can attempt to project improvements that will be needed and then budget appropriately for those needs.

Nelson Students at Keene High School

In November, Keene High School Principal Jim Logan and Assistant Principal Rachael Summe-Leonard reported on how Nelson School students were doing at KHS. During school year 2015-2016 we had 24 students at the high school and 33% of our high school students participated in a total of 12 student activities. Our student attendance rate (96.77%) was just under the KHS average (97%) and our students' grade point average (2.76) was slightly off the school average (2.83).

SATs

2015-2016 was a transition year for the SATs. Juniors and Seniors are now tested in the following areas:

Juniors - (2 scores)

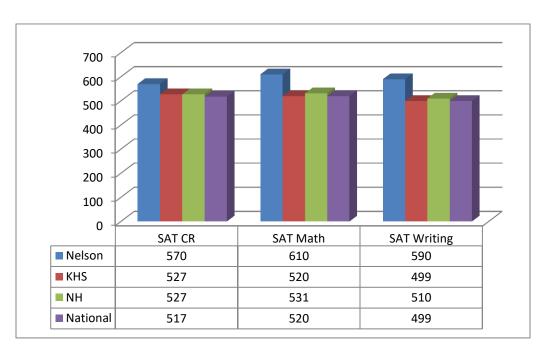

- Evidence-Based Reading and Writing (EBRW)
- Math

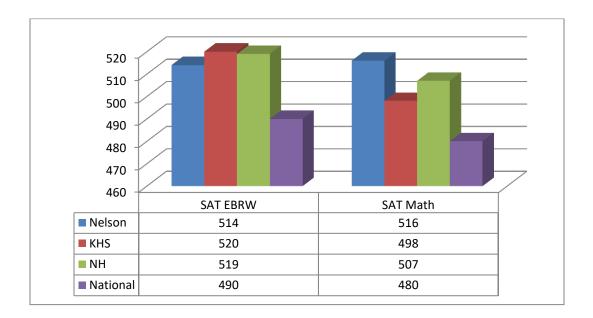

Seniors – (3 scores)

- Critical Reading (CR)
- Math
- Writing

Below is a look at how our Nelson students performed on the SST:

SENIORS

Strategic Plan

Efforts are ongoing to establish a new strategic plan for SAU 29 in order to help provide a road map of support for all schools. A plethora of areas to be addressed in the plan include, but are not limited to:

- Student support
- Hiring of staff
- Budget/financial
- Education technology
- Curriculum, Instruction and Assessment

The plan will cover best practices in education to include a restructuring of the delivery of services for students with unique needs; a later start at Keene High School; and a clear focus on the competencies taught in classrooms.

Competency-Based Grading

Keene High School is leading the charge in this effort working throughout the school year to determine competency expectations for the entire school as well as by individual courses within each department. The goal is to bring competencies into practice over the course of the next school year in order to fully implement by the 2018-2019 school year. The high school staff is working to define competencies and based on initial feedback, further refine so that the competencies become a practical component of instruction. Town school districts are looking at standards-based report cards to better communicate what students can and cannot do in regard to specific content areas. Our faculty has been working on developing a new standards based report card which we have implemented this school year in all of our classes and grades. Using competency based grading is a change from traditional grading but it is supported by research.

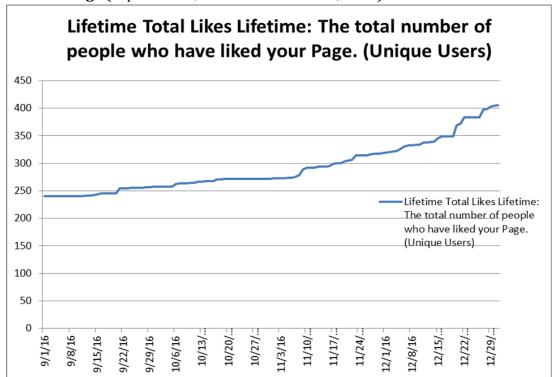

Common Vision

In January 2016, a survey was distributed to all stakeholders seeking input into the components most valued in our education system. Principals from Keene High School, Fuller, Symonds, Chesterfield and Harrisville participated in the process of creating the survey which garnered 1,500 responses with the aggregate results used to craft a shared vision statement for the SAU. Results of the survey indicated that the top three priorities for stakeholders were: meeting individual student needs; providing instruction in a variety of ways; and a rigorous curriculum. The final result – "Inspiring and Empowering Every Student to Succeed."

Communications

Karen Hatcher, Public Information Coordinator for SAU 29 started on October 31, 2016 and since that time has significantly increased the visits to the SAU 29 Facebook page.

(formerly Director of Special Education) which is underway with a selection committee to form shortly. The newly defined position will now include the additional responsibility of overseeing 504 plans, school counselors and nurses as well as McKinney-Vento services.

December Total Post Impressions: 47,051

Ms. Hatcher processed 79 publicity requests and covered 16 school or district events in the month of December. Ms. Hatcher recently implemented a marketing internship pilot program to identify potential projects and develop marketing plans. Seniors Jason Abello, Grayson King, Jessica Tattersall and Dylan Grover have been selected as interns to work with Ms. Hatcher on marketing initiatives.

Restructuring

Beginning with the 2017-2018 school year, the Central Office will move forward with one Assistant Superintendent who will oversee the twelve building principals in order to provide consistency for

all schools within SAU 29. The position has been posted and a search committee will form shortly. Additionally, the Information Technology Director search did not yield the desired results therefore, an Interim IT manager has been appointed until an appropriate search can be conducted. Moving forward the position will be that of IT Manager. Also of note is the search for the Director of Student Services

SELECTMEN'S REPORT 2016

As we reflect back on the passage of another year of administrative services; meetings, projects, budgets, ordinances, assessments, and audits, its helpful to take a more general view of what your local government does for our Town.

For those of you not involved in the day to day activities of our town government, it may appear that not much is happening. Nothing could be further from the truth.

The kinds of work that your Select Board does can be described in three general categories:

I. Preserve the Commons:

Preserve Air, Water, Land, Open Space, Environmental Quality

II. Maintain Civil Order:

Develop and Enforce Ordinances that Identify Conduct Expected of Members of the Community.

III. Provide Public Services:

Provide Administrative Services, Roads, Welfare, Fire and Police Protection

We'll organize this report of our work in 2016 using those three categories.

I. Preserving the Commons

1. Reducing Municipal Carbon Emissions

First, the Select Board has adopted goals for reducing carbon dioxide emissions from the burning of fossil fuels in town buildings and town vehicles. These goals were developed in cooperation with the Nelson Sustainability Group and are shown below.

- 1.1 Goals for Reducing Municipal Fossil Fuel Consumption
- a. Strive to reduce purchased non-renewable energy consumption in municipal buildings by 75% by the year 2025.
 - b. Strive to reduce consumption of fossil fuels by town vehicles by 50% by the year 2025.
 - 1.2 Plans for Achieving the Established Goals
 - a. Account for all energy presently purchased for municipal use, both buildings and vehicles.
 - b. Conduct professional energy audits of all town buildings.
 - c. Develop an inventory of sources of renewable energy available to the town; solar, wind, hydro.
 - d. Propose plans for making town buildings more energy efficient.
 - e. Propose plans for reducing use of diesel/gasoline by town vehicles.
- f. Propose plans for using, preferably locally produced, renewable energy for lighting and heating town buildings.

A great deal of work needs to be done in order to allow us to meet these goals during the next eight years. However, we have already begun with the successful installation of a solar photovoltaic system on the roof of our library. Our thanks to our Town Buildings Committee for their work in developing this project and shepherding it through to completion. (Please see the Town Buildings Committee Report for more details.)

2. Osgood/Hurd Hill Conservation

Secondly, we have supported the work of our Nelson Conservation Commission as they developed the plans, and provided the funding, for the town to purchase, and place in conservation easement, nearly 600 acres of land known as the Osgood/Hurd Hill property. The actual transfer of ownership from the present owner, The Harris Center for Conservation Education, to the Town of Nelson has been delayed as we await the final completion of minor boundary line adjustments by the Harris Center.

II. Maintaining Civil Order

1. Nelson Fire Works Ordinance

An activity that bridges the categories of Preserving the Commons and Maintaining Civil Order is the development of an ordinance that will regulate the use of Permissible Fireworks in our town. The Select Board has appointed a five member committee to recommend language for an ordinance that we can bring to a vote of the Town in 2018. The Select Board has suggested the following goals for guiding the committee in its work.

Goals for a Nelson Fireworks Ordinance

- 1. Preserve Water Quality: No material debris or chemicals introduced into lakes, ponds, or streams.
- 1. Respect Neighbors Property: No material debris or chemicals introduced onto neighbor's property.
- 3. Prevent Wildfire Ignition: Prohibit use during dry woodland conditions.
 - 1. Preserve Serenity for Humans: Restrict time and place of use.
- 1. Preserve Serenity for Wildlife: Restrict time and place of use.

2. Change to Nelson Zoning Ordinance

A second effort related to preserving the commons and maintaining civil order is an update of our Zoning Ordinances in a way that will make them compliant with new State Statutes, RSA's 674:71 through 674:73. The Select Board has been working with our Planning Board on this project. These new laws describe the ways in which the construction of Accessory Dwelling Units (ADU's) must be permitted without requiring additional lot size or additional road frontage. We have found numerous Articles in our present Zoning Ordinances that must be changed in order to accommodate this law. These necessary changes to our Zoning Ordinances will be brought to Public Hearings and to a vote of the Town in 2017.

III. Providing Public Services

1. Fire Code Compliance

Due to a lack of available funding, we chose to address fire code compliance issues in those buildings that serve the public, Town Office, Town Hall and Library. Actions taken during 2016 are listed below:

- a. Updated the alarm system to provide coverage for all spaces in all buildings, sending location specific alarms to Mutual Aid Dispatch.
- b. Added emergency lighting and internal fire alarms, both visible and audible.
- c. Obviated the need for a sprinkler system in our Town Hall by modifying our Town Hall Rental Agreement to no longer permit the possession or consumption of alcoholic beverages in the building.

- d. Designed and installed fire rated windows adjacent to the fire escape in the Town Office.
- e. Installed "dark sky" compliant exterior egress lighting that will illuminate emergency exit pathways under low ambient light conditions whenever the buildings are occupied.
- f. Recruited "Crowd Managers" who will be trained to direct building occupants to emergency exits in the event that there is a need to evacuate the building. Modified our Town Hall Rental Agreement to include compensation for a Crowd Manager.
- g. Planned for the training of employees in the use of fire suppression devices and building evacuation procedures.

Fire code compliance work remains to be done for our Town Barn/Safety Building and for the Granite Lake Fire Station. We are working to obtain budgetary quotes for this work. Funding needed for this work will be included in our Maintenance Budget for 2017.

2. Expenditure Control and Accounting

We have continued to make effective use of our Nelson Purchasing Policy. We have worked closely with our Department Heads to make sure that our procedures are followed while at the same time they are not disruptive to their day to day operations. Excerpts from our Nelson Purchasing Policy are shown below:

2.1 Preface

The objectives for adopting a purchasing policy are to promote public confidence in the Town's procurement process while providing necessary administrative control over the disbursement of Town funds. These objectives are accomplished by the establishment of uniform procedures that:

- a. Procure the necessary quality and quantity of goods and services in a timely and cost-effective manner.
- b. Encourage the most open, competitive purchasing process practicable for the acquisition of goods and services, with the objective of obtaining maximum possible value while maintaining fair and equitable treatment of vendors.
- c. Provide control of the disbursement of Town funds in a way that assures an ability to provide essential services while maintaining a balanced budget with accurate and timely fiscal accounting.

2.2 Competitive Bidding

The Town requires a competitive bid process for goods and services costing more than \$3,000 and in so doing establishes principles to ensure the fair and equitable treatment of all bidders, criteria for selection, definition of lowest responsible bidder, authority to reject all bids and the process to change specifications wherever possible. All competitive bids based on written specifications or a RFP. The bids must be in writing.

2.3 Bidding Procedures and Thresholds

The Town has four types of purchasing methods:

- a. One purchase per month of under \$100 may be approved by Department Heads.
- b. Additional small purchases under \$100 and other small purchases over \$100 and under \$1000 are handled via a purchase order that must be approved by the Select Board.
- c. Purchases from \$1,000 to \$3,000 require a written quote prior to being approved by the Select Board.
- d. Purchases over \$3,000 require a competitive bid process, as defined above.
- 2.4 Purchase Approval Authority and Timetable

The Select Board must approve all purchases in amounts of over \$100 per month.

All purchase requests must be submitted to the Administrative Assistant by November 15 of each year.

All invoices must be received by the Administrative Assistant by December 15 of each year.

2.5 Exceptions

Exceptions to this purchasing policy include acquisition of goods through intergovernmental cooperative purchasing contracts, items covered by a blanket purchase order, acquired from vendors on a pre-qualification list, or contracts with non-profits organizations providing health, welfare or social services. Also, utilities, legal and other standard monthly purchases as well as emergency expenditures (i.e. emergency repairs to Highway vehicles)...

3. Fire Department Capital Equipment Needs Assessment Committee (CENAC)

Shortly after our 2016 Town Meeting, the Select Board agreed that we needed to have a better understanding of the needs for the purchase of high cost vehicles and buildings for the use of our Fire Department. With that in mind, we decided to organize a Fire Department Capital Equipment Needs Assessment Committee. The goals and activities of this committee are as follows:

3.1 Goal

To help the Nelson Select Board understand and plan for the needs of our Fire and Rescue Department for vehicles and buildings and to manage the costs of meeting those needs.

3.2 Activities

- a. Meet with the members of the NF&RD to discuss needs for the acquisition of vehicles and the buildings needed to house those vehicles.
- b. Evaluate the long and short term needs for vehicles for the Fire Department, define those needs and explore grant options.
- c. Work with the Town Buildings Committee and the Fire Department to develop goals and plans for new or modified buildings.
- d. Develop a team to research and develop equipment specifications, write grant proposals and applications etc.
- e. Make recommendations to the Nelson Select Board resulting from the studies conducted by the Committee. (It is expected that all warrant articles related to the purchase of vehicles and buildings will be reviewed by the CENAC prior to their submission to the Select Board for approval for inclusion in the Town Warrant.)
- f. Where appropriate, draft grant applications for funding to be used for the purchase of the needed capital equipment. (Grant applications must be approved by the Select Board prior to their submission.)

4. New Warrant Format

You will notice that we have changed the format of our Town Warrant for 2017. All operating budgets are incorporated into one Article. It has become apparent to us that the old format, one which separated Administrative, Fire, Police and Highway Operating Budgets, causes misunderstandings and unrealistic expectations. The reality here is that all operating budgets are disbursed, under the authority of the Select Board, in ways that the Select Board believes are in the best interests of the Town. As was the case in 2016, the Select Board found it necessary to cap the operating budgets of our Fire, Police, and Highway Departments so that we could continue to provide essential administrative services as well as perform necessary work to achieve fire code compliance for our Town Office, our Library, and our Town Hall.

Your Select Board agrees with the New Hampshire Department of Revenue Administration that the time has come for Nelson to join many of the other towns in New Hampshire that act upon one single warrant article funding the operations of all of our departments.

5. Note of Appreciation

In closing, We'd like to recognize and to thank all of you who serve as employees, elected officials, appointees, and volunteers. Your efforts help make Nelson the great little town that it is. With your continuing dedication and effort, we look forward to a successful 2017.

Respectfully Submitted, Nelson Board of Selectmen David Upton, Chair Maury Collins Gary Robinson

Town Office Staff Report

2016

I'm happy to report that many of the problems we had with the new Department of Revenue reporting portal have now been resolved and it is much easier to use now that we have a couple years logged into the system.

However, State and Federal reporting requirements continue to grow or become amended. When one deadline is met another is always looming in the very near future. The cooperation of Departments, Boards, and Committees, when called upon for information, has been most appreciated.

A reminder to all Boards and Committees: Please be sure to allow proper time for a legal posting of your meetings and timely submission of your minutes. If you need help with this please send me the details and I will see that the hard copy is posted and that your meeting appears on the Town website's schedule of events.

The Fall was very busy with assessing questions and meetings as property owners tried to understand the reval. process and any changes in their assessment since the last update in 2011. Although that process is complete, Assessor Loren Martin is available at least one day each month to meet with anyone who has questions or concerns. For an appointment please call the Town Office at 847-0047.

We're very excited to report that the new tax maps will be finalized following the first quarter of 2017. The new maps will follow one consistent scale and each map will show property lines from abutting maps. Changes also include the use of the original property identification numbers. There will no longer be two sets of numbers to identify a parcel of land. These changes and several other additions and improvements will save countless hours for surveyors, realtors, engineers, foresters, office staff, and property owners who use them regularly.

Edie Drinkwater, Administrative Assistant

The Nelson Town Buildings Committee serves as an advisory committee to the Nelson Selectboard, focused on the Nelson Town Buildings which include:

- Town Offices (Old Brick School House)
- Town Hall
- Library (responsibility shared with the Library Trustees)
- Safety Building
- Fire Stations in Nelson and Munsonville (responsibility shared with the Fire Chief)

In that role, the Buildings Committee evaluates building issues, recommends projects, reviews bids when appropriate, and makes recommendations to the Selectboard. In addition, the Buildings Committee provides information to the town's residents regarding large and/or complex projects. This information-sharing can take the form of public meetings, web pages, mailings, and other appropriate formats.

The Buildings Committee meets approximately monthly, generally on Mondays at 6 PM in the Nelson Town Offices. Meetings are held more or less often as needed.

Town Clerk/Tax Collector's Report 2016

The activity level of this office was increased greatly this past year by two major elections that were held in our town hall; the State Primary on September 13 and the General Election on November 8. A large portion of our regular and non-scheduled hours were filled with registering voters, sending out absentee ballots and just keeping up with all the deadlines and policies that the Secretary of State's office requires us to be on top of. In preparation for the most scrutinized election in history on November 8, the State sponsored several days of training on election law and ElectionNet, the official State Voter Registration System. Both Karen and I attended these trainings and became aware of all the state and federal election laws. I'd like to thank all my loyal election workers who worked so diligently at these elections. Their knowledge, accuracy, time, and energy throughout the long days ensured us that every person had an equal opportunity to vote. At the November 8th General Election, 81% of the registered voters cast ballots. And last but certainly not least, the Nelson Town Meeting and election held on March 8th, also required dedicated time and effort from this office

The Nelson Town Clerk's office registered 1,555 vehicles and 25 boats, licensed 225 dogs, recorded 4 marriages, 2 births, and 5 deaths. We researched and issued certified copies of vital records and notarized documents as needed. These transactions, along with miscellaneous items, resulted in revenue to the town of \$130, 018. Tax revenue collected by the Tax Collector increased by \$9,000, while the uncollected taxes from the past 3 years decreased by \$132,158.

The New Hampshire law states that all dogs must be registered by April 30th of each year. In May we sent out reminder post cards to dog owners who were late in registering. Dogs can be registered either by coming into the office or by mail. The dog application for a license is on our town web site. To keep abreast of new laws and changes in procedures and duties, our office attends various workshops and trainings. In addition, I attend annual conferences sponsored by the Town Clerk Association and the Tax Collector Association. After attending the Town Clerk/Tax Collector program for 4 years, I officially became a certified Tax Collector/Town Clerk. My predecessor, Teri Upton encouraged me to attend this intensive educational program; I am so glad that I did.

I'd like to express my gratitude to the residents of Nelson for their support shown to this office. We look forward to seeing you in 2017.

Respectfully submitted,
Julia Lennon, Town Clerk/Tax Collector

NELSON TOWN ARCHIVES REPORT 2016

Work continued on indexing and organizing material in the archives to make it available for inquiries from residents, visitors, and researchers who ask to for information from our records.

A number of donations of historical interest were made to the archives this year. Two very important auction notices were received to add to the already hung auction notice received last year. One was from the Thaddeus Barker Farm donated by Priscilla Walter and the second was from the Daniel Holt Farm donated by Patricia Clark already in archival framing. The Barker Farm notice has been protected as well. These three auction notices with detailed descriptions cover four contiguous properties in the area west of the village center providing a picture of farm life in the late 18th to early 19th century. It is quite remarkable that they survived into the present in excellent condition all arriving within a year's time.

Donations from Nelson's historical past were also received with thanks from Maury Collins, Lynne Elder, Harvey Tolman, and Nancy Quigley who gave us a very old brown paper record of births and deaths from the 1790s that has information not found in other archive records.

We have begun to assemble information and offers of possible articles that will be part of an exhibit in the old library in celebration of Nelson's 250th anniversary. If you have any old tools, household items, farming equipment or hand crafted items made in Nelson that portray life in Nelson many years ago that you would be willing to lend for the exhibit please let us know.

2016 REPORT OF THE TRUSTEES OF TRUST FUNDS

The Town's continued participation in the New Hampshire Public Deposit Investment Pool (NH-PDIP) provided stable investment returns during 2016.

The NH-PDIP combines trust funds from all member Towns state wide into a conservatively-invested portfolio which provides the security required by state law. Despite the low interest rate environment of recent years, the investment returns on Nelson's funds have increased significantly since the transition to PFM Asset Management LLC, the new PDIP program administrator selected by the State of NH Banking Dept. in August of 2015.

Two new Expendable Trust Funds were created in 2016. A new Conservation Commission Fund was established to hold grant money awarded to the Town by the New Hampshire Land and Water Conservation Fund Program. The Conservation Commission is authorized to expend money from the fund to support the acquisition, care, maintenance, protection, improvement, and/or public use of conservation and recreational land in the Town of Nelson, pursuant to the terms of the grants received.

No taxpayer funds will be expended for this Trust fund.

The second new fund is for the purpose of funding extensive repairs or replacement of bridges within the Town, with the Selectmen authorized as agents to expend funds as necessary. An initial appropriation of \$15,000 was approved, to be raised from taxes.

The Trustees would like to remind potential donors about the provision in the Trust Fund Investment Policy which authorizes private donations in the form of securities to fund special Town purposes. This provision provides flexibility and potential tax advantages to individuals wishing to sponsor or support worthy Town projects.

Any residents who would like further information on Nelson's Trust Funds or investment policy are invited to contact one of the Trustees, or to attend one of our posted public meetings.

Thomas B. Newcombe Elaine Giacomo Betsy Street

2016 REPORT OF THE NELSON CEMETERY BOARD

The year 2016 was a relatively quiet one for the Cemetery Board, with its two largest struggles being limited funds and attaining full board membership. The cemetery board no longer has a sexton, so maintenance work is contracted out. This year we were fortunate to obtain the services of Michael Shawver, who did a fine job maintaining all three cemeteries. We hope to hire him again, but cannot expect him to work for the low rate that he charged last year.

The predominantly clay and stone soil in the two Nelson cemeteries continues to heave, resulting in crooked headstones and nightmarish digging conditions. We consulted with an excavator to discuss the possibility of putting in drainage tiles, particularly in Cemetery 2, but proceeded no further due to funding constraints. We will pursue the matter further this year.

Committee member/secretary Candyce Fulford continues with the Herculean task of entering into a custom database the names of all those buried in Nelson cemeteries. She designed the database and has been working with town clerk Julia Lennon to make sure that the information is accurate and complete. When they are finished, this information will be a treasure trove for both town residents and those doing genealogical searches for ancestors.

At the last town meeting, the town authorized \$15,000 to repair broken, toppled, and tilted headstones in the old Nelson cemetery. Peterborough Marble and Granite was contracted to do the work, which began in early fall. John Kaufhold and his team were able to complete work on approximately 20 headstones before the ground froze. However, the project is not complete, so the Cemetery Board hopes to finish the work this spring with the town's approval.

The cemetery board is working with the Nelson 250th anniversary committee to plan events featuring the town cemeteries. We have not yet finalized plans, but one that the cemetery board has been considering is to have town residents "adopt" a headstone in one of the cemeteries. In addition to cleaning the headstone with appropriate cleansers, the "adopter" would learn about the person who lies beneath the headstone. There are many headstones in desperate need of cleaning, and this effort would also give residents a chance to learn a bit more of Nelson and Munsonville's rich histories.

The Nelson Cemetery Board members include Harry Flanagan, Marty French, Candyce Fulford, Maureen Lord and Elaine Giacomo, chair. We are currently looking for another board member to replace Marty, who has graciously stayed on while we search for his replacement. Please contact Elaine at 847-9019 if you are interested in preserving a vital component of Nelson history through the maintenance of our cemeteries. Respectfully submitted,

Elaine Giacomo, Chair Nelson Cemetery Board

2016 REPORT OF THE CONSERVATION COMMISSION

In 2016, the Conservation Commission continued to work with the Harris Center to complete the acquisition of 580 acres on Osgood and Hurd Hill. A couple of complications arose before the deal could be completed. One of those complications has been resolved and the other should be resolved within the next two months, which will allow the Town of Nelson to purchase the land and to begin work on trails and parking areas to make this property accessible to the public for recreation.

The Conservation Commission sponsored a roadside cleanup day in April. About 25 volunteers picked up trash and scoured the roadsides in town. We invite more to participate in this ongoing effort to keep our town beautiful. In 2017, we plan to have spring and fall cleanup days, and we encourage Nelson residents to pick up trash along the town roads anytime that they are out walking. All participants received a bag of daffodil bulbs to plant in their yards or along the roads to thank them for their efforts.

Thanks to the continuing support of the voters at Town Meeting, funds from the Milfoil Preventation Expendable Trust Fund were available to help administer the Lake Host program at Nubanusit, Granite and Silver Lakes. At all three lakes, boat inspections are up and, thanks to the dedication of both paid and volunteer lake hosts, Nelson's lakes are invasive plant free. The value of this program is great, both in keeping our lakes and ponds healthy and in educating the public.

The Nelson Conservation Commission and the Harris Center sponsored a successful Amphibian Crossing Guard training in March, and an additional training is scheduled for March 16, 2017, at the town hall. All are invited to attend. The Conservation Commission also sponsored, in connection with the trails committee, a number of hikes on Nelson trails and a paddle on the Great Meadow.

The Conservation Commission meets at 7:00 pm on the second Thursday of each month in the library lower level. Townspeople are encouraged to attend. We will continue in 2017 to sponsor educational programs and outings and to support conservation of Nelson's valuable natural resources.

Respectfully submitted, Katharine Schillemat, Chair

2016 REPORT OF THE NELSON POLICE DEPARTMENT

As another year has come and gone, we look ahead to 2017 and serving this great community. During the past year Officer Wayne Kassotis became certified by Safekids.org in Child Passenger Safety. This was a weeklong class that will now enable us to provide guidance to our families with Children of all ages and help to insure the safety of our community's future residents. We do have a limited supply of child restraints/car seats available for those in need. Keeping the safety of our residents in mind, both officers also completed training on the town's AED and CPR to aid in emergency situations. We also provided a strong presence during the devastating brush fire in Stoddard. We thank all the Fire, EMS & volunteers that so quickly assisted. With their help we were able to save many homes and personal property that might have so easily been destroyed.

Despite heavy rainstorms and missing out on the annual softball game, Old Home Day was most definitely another successful event we should all be proud of.

In Traditional fashion, a great time was had by all at the annual Halloween Party.

Unfortunately, in the past year we have lost two officers. Longtime resident, Brian Lord was unable to maintain his position due to the many obligations he currently provides to the Town of Antrim. After 38 years of service in Law Enforcement, Howard Sheats has decided to enjoy life and his retirement. They will be greatly missed by the community.

We look forward to continuing to provide excellent service to the great townspeople of Nelson in the year to come. You are our eyes and ears of this town. Please keep us informed and should you have any concerns or issues, please don't hesitate to contact us promptly rather than "waiting for the storm to pass" and hoping the situation takes care of itself. We are here to serve you and can't perform our job as well as we do if we do not hear from you.

In 2016 we addressed the following types of calls and events: JV issues, Burglaries and thefts, Motor Vehicle and parking, Automobile Accidents, Emergency rescue calls, Arrests, as well as supported many Community Events.

Thank you for allowing us to serve you!

Chief Richard C. Pratt Officer Wayne Kassotis

TOWN OF NELSON ROAD AGENT REPORT 2016

With record snowfalls in 2015, the Nelson Highway Department was relieved to have a reprieve in 2016 with an unusually mild winter along with very little mud in the early spring. With only small amounts of snow and ice along with the manageable mud season, it made staying under budgets for this overtime and winter maintenance unproblematic.

With the purchase of the Gilsum Gravel Pit, in the spring of 2016 a company was hired to process raw materials to produce gravel and stone. This processing lasted one week. The materials that were produced are expected to last approximately two years. Over the course of the summer the Highway Department was able to haul and stockpile these materials from the Gravel Pit to the Town Storage Facility. Having these materials readily available made it handy when it became necessary to gravel certain roads in Town.

Throughout the spring, summer, and fall months the Highway Department was able to also process the Town's winter sand on their own using the raw materials from the Gravel Pit. The Town Highway Department has found this resource to be invaluable. With being able to haul these materials at times when most convenient, practical, and efficient for us, the Highway Department was able to haul a total of 4,300 yards of materials to include gravel, stone, and sand from the Gilsum Gravel Pit to the Town Storage Facility.

With a spending freeze being put into place by the Town Selectmen during 2016, some of our normal yearly maintenance was not performed. The purchase of calcium chloride and the rental costs of the necessary equipment to help best maintain gravel roads were not approved. With other rentals and purchases not approved, we were not able to perform the yearly roadside mowing or the replacement of deteriorating culverts.

As always, thanks go out to Nick Barrett for his many hours of hard work this past year.

The Highway Department does appreciate updates on road conditions in your area. The Road Crew will respond to any problems in a timely manner using the tools and materials made available to us.

Respectfully submitted by Mike Tarr, Nelson Road Agent

2016 REPORT OF THE PLANNING BOARD

The Planning Board approved a subdivision and a voluntary merger this year.

The Board is currently working on proposed changes to the Zoning Ordinances that will update the language to conform to new State Statutes that will go into effect June 1, 2017. RSA's 674:71, 674:72 and 674:73 allows for the construction of Accessory Dwelling Units on properties that, because of their limited size and/or road frontage, would otherwise not be permitted by local Zoning Ordinances. Changes to articles 3:5, 3:6, 3:7 and 3:10, deal with appropriate language changes so that Select Boards will be able to understand and correctly apply the law when approving building permits. Article 5:5 was also created which deals solely with Accessory Dwelling Units. It defines the use and design specifications for these units. The proposed changes were voted on and passed by the board and hearings are scheduled in order for the warrant articles to be voted on at town meeting. The Board continued their process of reviewing the master plan, which will be an ongoing project until the task is completed.

The Board was fully staffed with 5 members. We welcomed new members, Mary Cornog. There is one 3 year term expiring this year and as always the Board encourages anyone with interest to consider running for the position.

The Board meets the second Thursday of every month at 7pm in the Town Office meeting room. These meetings are open to the public. If you wish to be included on the Planning Board agenda please contact the Planning Board clerk.

Respectfully submitted, David Bower, Chair

2016 REPORT OF THE ZONING BOARD OF ADJUSTMENT

The Zoning Board had four variances brought before them this year and all were approved.

The Board was fully staffed with 5 members. New member Phil Castelli was added to the board this year. There is one 3 year term expiring this year and as always the ZBA encourages anyone with interest to consider running for the position.

When scheduled, the board meets the first Monday of the month at 7pm in the Town Office meeting room. These meetings are open to the public. If you wish to be included on the Zoning Board agenda please contact the Zoning Board clerk.

Respectfully submitted, John Cucchi, Chair

2016 REPORT OF NELSON AGRICULTURAL COMMISSION

Your Agricultural Commission is working hard to promote and assist all Nelson residents who wish to learn how to raise their own food, whether it is fruit, vegetable or meat.

Looking back on 2016 we have had the following events:

Our Winter/Spring lecture series was well attended and covered the following topics. Gardening for Pollinators, Fermentation, Backyard Chickens, The real dirt on soil and Beyond Pesto: The many uses of herbs from your garden.

If you attended the Old Home Day celebration this you saw our sheep to shawl exhibit. The sheep shearing demonstration drew a crowd and was amazingly quick and thorough. Everyone could try their hand at carding wool, see how to create yarn and of course ask questions of knitters.

There were two Farmers Markets this year; one in August and a second in September. Two lucky students of the Nelson School won the door prize a pumpkin so large that adults had difficulty carrying it. We hope to continue this trend.

Looking into 2017, we will be continuing the Winter/Spring lecture series as well as have a Colonial inspired Kitchen Garden available for viewing to celebrate Nelson's 250th anniversary. There are plans for a lecture in August on Seed Saving to encourage residents to save seeds from locally adapted crops.

We are actively seeking out Cheshire county residents wishing to share their knowledge with the community.

We meet the first Wednesday of every month in the Library basement. Reach us at nelsonnhagcom@gmail.com

Emergency Management Report 2016

The past year has been an active one for the Emergency Management Department. We were able to accomplish the required training for state certification and are now authorized to flag and direct traffic on state roads. Training was also accomplished by the Director on pump operations for our engines and tanker. Driver familiarization was also completed on all of the Fire Department vehicles.

Members of the EM Department regularly attend the Fire and Rescue meetings and work details to maintain an up to date understanding of the capabilities of the department. It also helps the EM personnel foster and maintain a good working relationship with Fire and Rescue personnel. We thank the department for accepting us as honorary members of their group and treating us as such.

On the local scene, EMD staff where present on Old Home Day to help man the Rescue Truck which was on display and open for inspection. The children really enjoyed operating the lights and siren. The annual Town Halloween Party is sponsored by the Police, Fire and Emergency Management Departments. EM staff were present to support the festivities as well as distribute Crayons and educational coloring books to the children.

We look forward to continuing our progress on training our staff as well as educating our neighbors on the importance of safety and Emergency Management. We will continue to work hand in hand with our First Responders. They are an outstanding group of people and are a pleasure to work with.

As always, volunteers are needed and welcome.

Respectfully submitted,
Dennis Dellagreca
Emergency Management Director.

Fire Department Report for 2016

We faced many challenges this past year and had many successes. The Selectman froze our Budget from March to October, cancelling planned trainings and necessary purchases. We responded to over 60 calls between January and August, many more than in past years. We supported the major forest fire in Stoddard that lasted over a week. We also dealt with a 2 acre forest fire on Hardy Hill Road in Nelson with help from 10 towns in our Mutual Aid system.

I wish to thank the Fire and Rescue members for their work and support and reflect on our accomplishments over the past few years:

- 8 Members are state certified at the Firefighter 1 level.
- Most members have completed Defensive Driving training for trucks.
- 3 more NFD members earned their EMT license this past summer. This brings us to 5 licensed EMTs and 2 licensed First Responders, remarkable for a small town.
- 4 New deputy wardens for the town.
- New Custom Rescue Truck, now outfitted with an EKG and AED; 100% donated by Jack Bradshaw.
- Training for community on CPR, AED operation and by-stander Narcan application
- All trucks are certified, inspected, and in good shape.
- For 4 years we have hosted monthly EMS training for Nelson, Harrisville, Sullivan and Stoddard conducted by a variety of outside professionals.
- Participated in Nelson Memorial Day Parade and the Stoddard Parade.
- Fire Department co-hosted the town Halloween Party
- Fire Awareness at Nelson School with the Mutual Aid Fire Trainer Trailer.
- Nelson School is compliant with State Fire and Safety inspection requirements.
- Nelson Town Buildings are in process of becoming compliant with State Fire and Safety inspection requirements.

Remember to call 911 immediately with any emergency. This gets the alarm out and gets us on the way.

Our department has been steadily growing but we welcome new members. New members bring new energy and strengthen our team. Please contact any member for details.

This is my last report as Chief of the Nelson Fire Department. I am proud of the fire department members and the quality of service that we provided to the community as a team, but found that it was in the best interest and well-being of the department, my family and myself to turn in my resignation. This should alleviate the political negativity received by the Fire and Rescue Department from the Selectmen.

I am proud to have had a part in serving and protecting the people of our community, and our buildings which we are so proud of. There were challenging problems and issues to resolve along the way, but we have a talented, dedicated, trained team that can be at your door quickly and efficiently with the right equipment if you have an emergency.

Thanks for continued support to the Nelson Fire and Rescue Department

Bud French Former Nelson Fire Chief

Fire Department Report for 2016 (cont.)

I think Chief French said it best when he said we have been faced many challenges and successes. Many of which are listed above. First I would ask all of you to thank Chief Bud French for all his hard work, dedication and commitment to making our community a safe place. He also needs to be commended for bringing the Nelson Fire and Rescue back in compliance. Chief Bud French's natural ability to lead and take command of any scene no matter the size truly needs to be commended. We will miss Bud as Chief of our department!! Through all of this we are grateful Bud has found it in his heart to continue being an active member of Nelson Fire & Rescue as his knowledge and ability to lead is truly needed. I think this speaks to the dedication he has to you all!! Bud Thank you !!!

I would like to thank all of the personnel of the Nelson Fire and Rescue for all their hard work and dedication to the wellbeing of all the towns' people and property. The late nights, early mornings, the mid-day runs and not to mention the training we have endured to continue to serve this great town also needs to be commended. As you can see, there has been an uptick in calls this year and one event that stands out to me. It is my understanding we had a part in working one of the largest forest fires in this area since 1941and ladies and gentlemen this fire was encroaching our wonderful town. I truly want to thank the mutual aid system and all of the dedicated members of this wonderful organization. As we roll into 2017, we will continue forward progress to serve the town of Nelson and its residents along with the mutual aid system. Last I would like to thank you, the town's people, for your continued support of Nelson Fire and Rescue.

Prevent Forest Fires

It is unlawful to...

Report of the 250th Committee for 2016

The committee appointed by the Select Board in 2015 to plan events to celebrate the founding of the town of Nelson in 1757 has met four times in 2016. In keeping with the theme "A Sense of Place," many events have been planned throughout the year of 2017 to celebrate the art, music and creativity of the men and women who have lived in this community the past 250 years. The first event will be an exhibit of Albert Quigley paintings that begins May 5th at the Historical Society of Cheshire County in Keene. The exhibit will be there until September 8th and many activities are planned during that time to honor the Nelson native who was not only a gifted painter, but a fiddler and maker of fiddles. Albert grew up in the house that was located where the Nelson library is now. He was a student in the Old Brick Schoolhouse, and he played for the contra dances at the Town Hall. The committee that organized the exhibit and the catalog for it was chaired by Teri Upton.

Several private gardens will be open to Nelson residents on June 17th, an event organized by Linda Singer. The Agricultural Commission, chaired by Val Van Meier, will be planting a "Colonial Garden" at the rear of the library. Several lectures will be given in conjunction with that.

On July 6th, Alan Rumrill, Executive Director of the Cheshire County Historical Society will speak at the Library Forum on the founding of Nelson. He is an expert on local history.

In addition to music events and contra dances throughout the year, the 250th Committee has planned events for the special day, July 8th, when there will be many activities on or around the Town Common. There will be a display of artifacts from the Nelson Archives in the Old Library, organized by Bert Wingerson. Colonial re-enactors will be on the Town Common, R.P. Hale will bring a Colonial printing press and sell woodcut prints of the Nelson town buildings, and there will be Colonial dances led by Hunt and Allison Smith. The Town Band will play and there will be an ice cream social. Ceramics and glass medallions will be sold as keepsakes.

Old Home week will have special events as well. There will be a tour of old cellar holes conducted by members of the Trails Committee led by Rick Church that are near Apple Hill, followed by a supper and a special concert at Apple Hill on Tuesday of that week. A contra dance in the evening of Old Home Day will be led by Dudley Laufman. The original headstones in the Nelson cemetery are being repaired, and we hope for a tour, perhaps during Old Home Week.

The last activity will be two days of Jeff Warner teaching us "Songs of Old Nelson" both at the Nelson School on November 10th, and a public concert in the Town Hall on November 11.

The 250th Committee sincerely hopes these events will give the town of Nelson residents a "Sense of Place" and that they will participate in as many of these activities as possible. The logo, a drawing of the Old Brick Schoolhouse, done by Karen Tolman, is a reminder that our past is still with us. We rejoice in that.

The Committee Members: Don Bennett, Barbara Bennett, John Bunce, Ann Bunce, Jane Kirk, Sam Romano, Donna Kidd, Karen Tolman, Lisa Sieverts, Hunt Smith, Allison Smith, Bert Wingerson, with help from many more people, including Beth Draper who designed the flyer to be distributed at Town Meeting.

Special thanks should be given to the "History Roundtable" a group of citizens who have met informally for the last several years and who put out four "Nelson History Calendars." The proceeds from those calendars will be used to fund a new history web site (nelsonhistory.org), Gordon Peery, web master. The web site has been created as a part of the 250th celebration but it is meant to continue on into the future.
