2001 Town Report Cover

For three years, the Town of Northwood and Coe-Brown Northwood Academy have worked together to involve the students in the town report process. The art students at Coe-Brown submit photographs, drawings, and paintings for consideration for the cover of the Town Report. After the artwork is received, there is a notice placed in the local newspaper encouraging Northwood residents to visit the town hall to view the artwork and submit their recommendations as to which entry they would like to have displayed on the front cover.

The winning picture for the 2001 Town Report belongs to Sarah Cummings of Northwood NH.

Sarah Cummings submitted a color photograph entitled "Shadows of America", a beautiful photograph capturing the foliage of Northwood with a patriotic theme.

Congratulations Sarah!

We would also like to thank Coe-Brown Northwood Academy for their participation and Mr. Scott Chatfield, Coe-Brown Art Instructor, for coordinating and submitting the pieces of art.

2001 TOWN REPORT DEDICATION

I AM THE FLAG

I am the flag of the United States of America.
My name is Old Glory.
I fly atop the world's tallest buildings.
I stand watch in America's halls of justice.
I fly majestically over institutions of learning.
I stand guard with power in the world.
Look up and see me.

I stand for peace, honor, truth and justice
I stand for freedom.
I am confident.
I am arrogant.
I am proud.
When I am flown with my fellow banners,
My head is a little higher, my colors a little truer

I bow to no one!
I am recognized all over the world.
I am worshipped I am saluted.
I am loved I am revered.
I am respected and I am feared.

I have fought in every battle of every war
For more than 200 years.
I was flown at Valley Forge, Gettysburg,
Shiloh, and Appomattox.

I was there at San Juan Hill,
The trenches of France,
In the Argonne Forest, Anzio, Rome
And the beaches of Normandy, Guam.
Okinawa, Korea and KheSan, Saigon, Vietnam know me.
I was there.

I led my troops,
I was dirty, battle-tested and tired, but my soldiers cheered me
And I was proud.

America has been attacked by cowardly fanatics
And many lives have been lost
But those who would destroy me cannot win

For I am the symbol of freedom,
Of one nation
Under God
Indivisible
With liberty and justice for all

I have been burned, torn and trampled
On the streets of countries I have helped set free.
It does not hurt, for I am invincible.

I have been soiled upon, burned, torn and trampled on the streets of my country
And when it's by those whom I've served in battle it hurts.
But I shall overcome for I am strong.

I have slipped the bonds of Earth
And stood watch over the uncharted frontiers of space
From my vantage point on the moon.
I have borne silent witness
To all of America's finest hours.
But my finest hours are yet to come.

When I am torn into strips and used as bandages
For my wounded comrades on the battlefield,
When I am flown at half-mast to honor my soldier,
Or when I lie in the trembling arms
Of a grieving parent
At the grave of their fallen son or daughter,
I am proud.

Original Poem By Howard Schnauber

**Our thoughts are with the brave men and women who serve our country and the families
of the victims that suffered from the dreadful events that took place on
September 11, 2001.**

NORTHWOOD ANNUAL TOWN MEETING MINUTES

MARCH 17, 2001

Moderator Robert Robertson rapped the meeting to order at 9:00 a.m. at Coe-Brown Northwood Academy. He then read the Warrant and the results of Tuesday's election except that he stated that Articles 1 – 23 passed, and Article 24 did not. He did not read individual results of those 24 articles.

At this point the Moderator asked selectman Knox to come forward. She announced that the Town Report had been dedicated to Donna Bunker in honor of her being named Librarian of the Year. A copy of the Town Report that had been signed by the Selectmen was presented to Ms. Bunker. Ms. Bunker then thanked the trustees, staff and residents for their support.

Then Doug Peterson presented the award for the Town Report cover. This year's recipient was Chris Blackburn.

The moderator then acknowledged the presence of several committees in attendance and asked that everyone stop by to visit their displays.

The Moderator then proceeded with the articles as follows:

ARTICLE #1: Selectman Knox moved and Daniel McNally seconded to see if the municipality would vote to raise and appropriate the sum of **fifty-seven thousand eight hundred and eighteen dollars and four cents (\$57,818.04)** to be added to the previously established Ambulance Capital Reserve Fund held by the Trustees of Trust Funds. This is the same amount received by the town from ambulance billings during the year 2000, which receipts have been deposited into the Special Ambulance Replacement Fund. This appropriation is to be funded by withdrawal from the Special Ambulance Replacement Fund (revenue balance). With a vote by raising of cards, the vote was unanimous.

ARTICLE #2: Selectman Bryer moved and Doug Sargent seconded to see if the municipality, in this special warrant article, will vote to raise and appropriate the sum of **One hundred thirty thousand dollars (\$130,000.00)** for the purpose of purchasing a new ambulance, and to fund this purchase by authorizing the withdrawal of that amount from the Ambulance Capital Reserve Fund held by the Trustees of Trust Funds. This would be a non-lapsing appropriation under RSA 32:7, and will not lapse until December 31, 2002. Fire Chief George Ashford spoke to clarify the fact that there would still only be two vehicles being used, and that the older truck now used to transport equipment, etc., would be retired and the present ambulance would be turned into a transport vehicle to take its place. The new one would be used as an ambulance. With a show of cards, the motion carried.

ARTICLE #3: Selectman Knox moved and Mr. McNally seconded to see if the municipality would vote to raise and appropriate, from surplus in the year ending December 31, 2000, the sum of **One thousand one hundred dollars (\$1,100.00)** to be added to the Cemetery Improvement Expendable Trust Fund previously established, and to fund this appropriation by the withdrawal of that amount from the surplus remaining in the unexpended fund balance as of December 31, 2000. This amount is equivalent to the amount received by the town for the sale of cemetery lots in the year 2000. With a show of cards, the motion carried.

ARTICLE #4: Selectman Bryer moved and Edward "Spike" Bryant second to see if the municipality would vote to raise and appropriate the sum of **four thousand dollars (\$4,000.00)** for the purpose of testing, and treating the lagoon and monitoring wells at the septage lagoon located at the disposal area, and to authorize the withdrawal for this purpose of **four thousand dollars (\$4,000.00)** from the Lagoon Fee Fund, established under RSA 31:95-c in 1990. Mr. Sargent asked to amend the article to add the following: "and to further designate the Board of Selectmen as agents to expend such funds." James Ryan seconded his amendment. A counted vote was taken with the following results.

50 in favor, 66 opposed. The Amendment failed. Discussion followed as to why this was not added to the Transfer Station operating budget each year, and Selectman Knox explained that this money was what was received from the businesses that pumped systems and that there was currently approximately \$10,000 in this fund. Last year Lance Benson did the testing at no charge. A thank you to Lance was given. At this point the vote was taken by show of cards and it was in the affirmative.

ARTICLE #5: Selectman James Hadley moved and Mr. Sargent seconded to see if the municipality would vote to raise and appropriate the sum of **forty-one thousand six hundred and forty-three dollars (\$41,643.00)** for the fifth and final year's payment for the lease/purchase agreement for the new fire truck purchased in 1997. With a show of cards, the motion passed.

ARTICLE #6: Selectman Bryer moved and Tom Chase seconded to see if the municipality would vote to raise and appropriate the sum of **ten thousand five hundred and ninety-five dollars (\$10,595.00)** for the second year's payment for the lease/purchase agreement for the new Highway backhoe/loader purchased in 2000. With a show of cards it was a vote in the affirmative.

The moderator announced that the School Meeting that had been postponed from March 10, 2000 because of the storm would be held on March 24, 2001 and that he would begin the meeting promptly at 9:00 a.m.

ARTICLE #7: Selectman Knox moved and Lucy Edwards seconded to see if the municipality would vote to raise and appropriate the sum of **Ten thousand nine hundred sixty-one dollars and sixteen cents (\$10,961.16)** to be added to the previously established Cable Expendable Trust Fund under the provisions of RSA 31:19-a, for the purpose of receiving grant and franchise money to be used for creating, maintaining and upgrading a broadcast system (PEG) for the Town of Northwood. After discussion as to the fact that once established, meetings of Town and School will be broadcast and that there would be no payroll involved. Ms. Bonnie Sears asked if you had to be connected to cable in order to participate, and she was told that the service would only be available to those connected to the Cable. Beaman Cole asked if we knew how much money it would take to get the program up and running and Selectman Knox stated she was not sure, but thought it was around \$20,000. Ms. Edwards stated that the Committee would like to see volunteers having an interest in such program. Joann Bailey stated that the Trust Fund currently had \$9,654.09 in it and as more people were connected more money would be deposited in the fund. The question was then moved, and the vote was in the affirmative.

ARTICLE #8: Selectman Hadley moved and Mr. Chase seconded to see if the municipality would vote to change the purpose of an existing Highway Equipment Capital Reserve Fund (truck) to the Highway Equipment Capital Reserve Fund. **(Two-third vote required)** It was explained that this request was made at last year's meeting to enable the purchase of other pieces of equipment other than a truck. Because of the two-thirds-vote requirement, a count of cards was taken. The result was 125 in favor, 0 opposed.

ARTICLE #9: Mr. McNally moved and Mr. Bryant seconded to see if the municipality would vote to raise and appropriate the sum of **one million eight hundred twenty-three thousand nine hundred and sixty-three dollars (\$1,823,963.00)**, which represents the operating budget. Said sum would not include special or individual articles addressed. Selectman Bryer moved to amend the dollar amount by adding **Fifty five thousand dollars (\$55,000)**. After being seconded, he explained that \$15,000 of the amount was to cover contracted services for the Fire Department. Chief Ashford explained that the increase for the fire Department was for paramedic services that Medicare no longer covered. He stated he did not have a firm figure as to what the amount would total, but felt that the \$15,000 should be sufficient. Carl Rundgren then asked what the remaining \$50,000 was for and Selectman Bryer responded that it was for winter maintenance because of the extreme winter we were experiencing and that the original budget has been expended. **The amended bottom line of \$1,878,963 was voted with a show of cards, and approved.** Mr. Sargent asked for an explanation on the increase in Parks &

recreation when less than half of last year's budget was spent. Selectman Knox explained that the program has a new director who is introducing several new programs for youth as well as adults and these new programs will cost more money. The moderator then moved the question, and with a show of cards, the article carried.

ARTICLE #10: Selectman Bryer moved and Viena Dow seconded to see if the municipality, in this special warrant article, would vote to raise and appropriate the sum of **One hundred forty five thousand dollars (\$145,000.00)**, **One hundred twenty thousand dollars (120,000.00)** of which will be used for the purpose of construction of a 36'x60' building at the Northwood Transfer Station, and **Twenty-five thousand dollars (\$25,000.00)** for the purpose of constructing septic, water, and site work in conjunction with the proposed building. And further to authorize the withdrawal of the sum of **ten thousand dollars (\$10,000.00)** from the Transfer Station Facility Capital Reserve Fund to be used toward funding this appropriation. The balance would be raised from general taxation. This building would house equipment, provide the opportunity for new recycling programs, water, a swap area and encourage a volunteer program, all of which will save tax dollars. This would be a non-lapsing appropriation or RSA 32:7 and would not lapse until December 31, 2002. Much discussion followed including the fact that there would be no requirement for additional staffing. Ms. Dow read an outline of how the program would work, what would be expected from participants, and what the building would contain. After much discussion, Mr. Chase asked that the people thank Ms. Dow for all her work in presenting this article and Mr. Sargent called the question. With a show of cards, the motion passed.

ARTICLE #11: Selectman Knox moved to indefinitely postpone the article which was to see if the municipality would vote to raise and appropriate the sum of **five thousand dollars (\$5,000.00)** to be added to the Transfer Station Facility Capital Reserve Fund previously established under provisions of RSA 35:1, at 1999 Town Meeting and held by the Trustee of Trust Funds. After her motion was seconded, she explained that this article was no longer needed because of the passing of Article 10. The motion carried.

ARTICLE #12: Selectman Bryer moved and Ms. Dow seconded to see if the municipality would vote to institute a mandatory program of recycling of solid waste within the town, and to authorize the selectmen to adopt regulations to administer and enforce that program. Discussion followed as to what the recycling would consist of and how it would be enforced. Selectman Knox stated that a set of rules and regulations would be created, including fines, etc. Ms. Dow stated that there were already basic guidelines in place and that some were currently recycling. Doug Chamberlain asked who would be empowered to enforce those rules with fines, etc., and was told that those situations would need to be addressed. Selectman Bryer stated that if the article passed the Selectmen would be authorized to set up the regulations. Robert Knowlton moved to postpone until regulations were created, and Catherine Hillner seconded. After discussion, Marcia Tasker asked to move the amendment. With a show of cards the amendment failed. The main article was then moved with a count of 93 in favor and 21 opposed. Selectman Bryer stated that the Selectmen intended to have the program in place for enforcement in 60 days.

Ted Gooch then moved to reconsider the previous vote. His motion was seconded, but it was determined he had been on the negative side of the previous vote and in order to reconsider you needed to be on the affirmative side. The motion was not considered.

ARTICLE #13: Selectman Hadley moved and Ms. Dow seconded to see if the municipality would vote to create an expendable transfer station general trust fund under the provisions of RSA 31:19-a, to be known as the Transfer Station Expendable Trust Fund, for the purpose of purchasing transfer station equipment and for repairing and maintaining the transfer station buildings. And to appoint the Board of Selectmen as agents to expend such funds, including interest, and to raise and appropriate the sum of **Four thousand six hundred sixteen dollars and twenty-six cents (\$4,616.26)** to be placed in that fund. And to fund this appropriation by the withdrawal of that amount from the surplus remaining in the unexpended fund balance as of December 31, 2000. This amount is equivalent to the amount received by the town for recycling

fees in the year 2000. By a show of cards, the motion carried.

ARTICLE #14: Selectman Hadley moved and Mr. Bryant seconded to see if the municipality would vote to establish a Capital Reserve Fund under the provisions of RSA 35:1, to be named Police Digital Radio Capital Reserve Fund for the purpose of future purchase and upgrade to the police department digital radios, and to raise and appropriate the sum of **Five thousand dollars (\$5,000.00)** to be placed in this fund. Mr. Sargent moved to amend and Mr. Ryan seconded to change the name of the fund to the Police Equipment Capital Reserve Fund to allow for future purchases of items other than digital radios. Ms. Bailey spoke on behalf of the Trustees of Trust Funds to confirm the approval of the change. On show of cards the amendment passed. Then on a voice vote, the amended article passed.

ARTICLE #15: Selectman Bryer moved and Mr. McNally seconded to see if the municipality would vote to raise and appropriate the sum of **ten thousand dollars (\$10,000.00)** to be added to the Recreation Facility Reserve Fund previously established under provisions of RSA 35:1, at 1998 Town Meeting and held by the Trustee of Trust Funds. Virginia Dole asked how much was currently in the Fund and Mrs. Knox responded that there was \$16,721. It was stated that its purpose was to purchase land for recreational facilities. By a show of cards the motion was approved.

ARTICLE #16: Selectman Hadley moved and Mr. McNally seconded to see if the municipality would vote to raise and appropriate the sum of **six thousand dollars (\$6,000.00)** to be added to the previously established Highway Equipment Capital Reserve Fund held by the Trustees of the Trust Funds. By show of cards the Article passed.

ARTICLE #17: Selectman Knox moved and Mr. Bryant seconded to see if the municipality would vote to raise and appropriate the sum of **thirteen thousand dollars (\$13,000.00)** to be added to the previously established Highway Safety Equipment Capital Reserve Fund (cruiser) held by the Trustee of Trust Funds. By show of cards, the motion was approved.

ARTICLE #18: Michael Page III moved and Mr. Chase seconded to see if the municipality would vote to raise and appropriate the sum of **One hundred thirty-four dollars and fifty cents (\$134.50)** for transfer station supplies and to fund this appropriation by transfer from the surplus remaining in the unexpended fund balance as of December 31, 2000. This is the same amount received as a donation from the Young Environmental Activist club of Coe-Brown for the year 2000. By show of cards the Article passed.

ARTICLE #19: Selectman Hadley moved and it was seconded, to see if the town would vote to raise and appropriate the sum of **Three thousand dollars (\$3,000)** to be added to the previously established conservation land fund, held by the town treasurer. By show of cards, the Article passed.

ARTICLE #20: The Moderator asked for a voice vote to see if the town would support legislation to allow video gambling, for the purpose of raising revenue to meet the state's obligation to fund education under the New Hampshire Supreme Court's Claremont Decision, at the Mount Washington Hotel in Bretton Woods, the Balsams Hotel in Dixville Notch, Rockingham Park in Salem, Hinsdale Greyhound Park in Hinsdale, Lakes Region Greyhound Park in Belmont and Seabrook Greyhound Park in Seabrook. As the results were not clear, the Moderator requested that no results were firm.

ARTICLE #21: When asked if there was any other business that should legally come before this meeting, Mr. Sargent moved and Mr. Ryan seconded to have the next Town Report warrant indicate the impact of each money article upon the expected tax rate. It was so moved. Then Ms. Hillner asked that it also be noted in the Warrant the result of the Selectmen and Budget Committee votes for each article. She stated that it currently appears that both Selectmen and Budget Committee members were unanimous in their recommendation, when in fact they may

not be. Mr. Sargent seconded and this was also moved.

Marcia Tasker then moved to adjourn the meeting, but the Moderator asked to have Lucy Edwards be recognized. Ms. Edwards asked once again for volunteers to join the Cable Committee. Mr. William Lounsbury then asked to have the as yet unrecognized volunteer efforts of his wife, Judith, during the eight-month time period from Ms. Knox's retirement and the hiring of a replacement of her position be recognized and a letter to that effect placed in Ms. Lounsbury's personnel file.

With no further business to come before the meeting, it was adjourned at 11:25 a.m.

Respectfully submitted,

Judy C. Pease

2001 BUILDING INSPECTOR / CODE ENFORCEMENT REPORT

The 2001 calendar year was the busiest year on record with the total number of permits issued totaling 394. Single family and manufactured housing starts remained virtually unchanged from the 2000 calendar year. The largest increase was in the additions/remodeling category which saw a 28% jump in permits issued.

Perhaps the most visible projects to the residents are the two additions to the Northwood Congregational Church, the kindergarten and Elementary School additions, and the site work associated with the new Hannaford Supermarket.

As always, I attempt to serve the taxpayers and contractors in a fair, consistent, professional, and responsive manner. This level of activity can create time constraints, but I always strive to be accommodating.

One of the continuing problems is the failure to obtain building permits for projects being undertaken. I would suggest that if any doubt exists about the necessity for a building permit that you call and ask. **After the fact building permit fees are double the regular fee.**

The Board of Selectmen has revised the permit fee schedule in 2001 to include fines of \$50.00 for occupying the permitted structure without a certificate of occupancy. Your cooperation with inspection requests will avoid fines

The following is a breakdown of the permits issued in various categories for 2001:

Single Family Home	22
Manufactured Housing	8
Barns	8
Garages	18
Utility Buildings	20
Additions Remodeling	86
Fences	5
Commercial	7
Signs	4
Electrical	96
Mechanical	27
Plumbing	46
Razing	28
Miscellaneous	19
Total Permits Issued	394

2001 CABLE ADVISORY COMMITTEE REPORT

This has been a productive year for the Cable Committee. We had a table at the Town Meeting in March and recruited two new members. We have a representative from Coe-Brown Northwood Academy attending our meetings to advise us as we work toward providing public access broadcasting and opportunities for service by students to the community. We met with Metrocast Cablevision to learn more about public access TV and at their suggestion visited the Lakes Region Public Access TV studio at Laconia High School in September.

At the time this report was prepared we were advising the Board of Selectmen that we would like to join the Alliance for Community Media to make use of all their information and training resources; that we strongly suggest that Northwood join the Lakes Region Public Access TV group and the Lakes Region Consortium in order to share their resources and expertise; and that, when and if Coe-Brown Northwood Academy finalizes the plans for the new science building, the town contribute from the trust funds from the franchise fees toward setting up a TV studio at the high school. We also suggest that the town consider purchasing one or two video cameras and some editing equipment using the trust funds so that we can begin training and recording town events.

We wish to express our appreciation of the support we have received from the Board of Selectmen this year.

Respectfully submitted,

Lucy Edwards

2001 CEMETERY TRUSTEES REPORT

Trustees changed this year. R. Douglas Reckard, who has been doing computer work with the historical society, ran as a write in. He replaced Nancy Boyd. He brings computer knowledge, which is greatly needed.

The budget of \$3600.00, which covers the care of the public areas, basic supplies, and minimal improvements as the trustees determine to be feasible for the cemeteries, was again requested and approved.

The contracted maintenance of Fairview, Canterbury, and Harvey Lake Cemeteries was by Samuel W. Johnson and the Elliotts did the Ridge, East Northwood, and Pine Grove Cemeteries. Sherman's 30 years of doing this has provided experience, history, and support records for establishing the town's records.

Mr. Reckard has computerized an index and listing of the burials in the 63 grave yards in town. Using this same record of yards, a record is being established of those who are volunteering to care for a grave yard under the "Adopt a Private Grave Yard" system. Adoption requires devotion to the job of keeping that yard clear and neat as you would like it done for your own family. Your help will be appreciated. Contact Andy Turner 603-463-8853.

Much activity took place in the cemeteries in the year 2001:

- Flags, water and new sign boards stating the rules and "No Parking" were installed at most cemeteries. Flags and water installed on opening day, May 1, were removed on the closing day Dec. 1.
- New cemetery name signs were made and given by Joseph Lipsey for Canterbury and Fairview Cemeteries. Our grateful thanks to Mr. Lipsey's volunteer effort.
- Mr. Reckard took the cemetery layouts at the town hall and computerized them to show the current layout and numbering of each lot for each cemetery but Canterbury. This reflected and accounted for the number system presently used.
- Mr. Turner worked on the state report of cemetery lot perpetual care trusts so that they referenced the lot numbers to which the trust applies and the number of graves covered by dollars trust in the trust. Some families have brought their perpetual care closer to the current requirement of \$100/grave. This certainly helps with the current costs of keeping the lots maintained.
- Hannaford Super Market's application for building a store required a waiver of RSA 289.3-III to allow construction within 25 feet of a cemetery. Waiver was granted and Hannaford agreed to build a stone fence around the First Baptist Grave Yard #46 at their Church Street entrance. This improvement could never have been made otherwise.
- Sherman Elliott took on the job of straightening and re-setting monuments and markers in the first 3 rows at East Northwood Cemetery. We will try to continue this program until all rows are neat and straight.
- The wrought iron gate at Canterbury Cemetery was finally welded and the tree trunk was removed.

- A whole additional row was added to section C in Pine Grove Cemetery along the right side. Stumps were removed, area graded and seeded. This provides a full row 3. Also loam was added, spread, and seeded on the front left and right sides where the state had left ruts in the grass.
- Messrs. Johnson and Elliott reached an agreement at the last meeting to have Sam pick up the Ridge Cemetery along with his other three; and the Elliotts will just do East Northwood, Pine Grove and the other odds and ends they do.
- A deep well pump was installed at Pine Grove in November. This will provide good water and not require annual removal of the pitcher pump that always needed priming.

2001 CONSERVATION COMMISSION REPORT

In 2001 the Northwood Conservation Commission continued to perform its mandated responsibilities. The commission made recommendations to the New Hampshire Wetlands Bureau on dredge and fill permits, which ensure that the impacts to wetlands are minimized. Wetlands serve many functions, including groundwater recharge, flood control, sediment and nutrient removal, wildlife habitat, recreation, scenic beauty and educational areas for students.

The commission provided input to the Northwood Zoning Board of Adjustment in reference to the Wetland Overlay District of the Northwood Development Ordinance. The commission continues to assist the Northwood Code Enforcement Officer on issues relating to natural resources. The commission authorized the re-clearing of the scenic overlook on Saddleback Mountain by the Natural Resources II Class of Coe-Brown Northwood Academy. This project will be completed in the spring of 2002. The commission continues to participate in BEAR-PAW Regional Greenways, a non-profit land trust organization affiliated with Northwood and six other area towns. BEAR-PAW volunteer participants work with landowners to protect land and preserve open space through conservation easements and other means.

The conservation commission has started the process of establishing a conservation easement on the town's newly acquired property on Saddleback Mountain. The land was acquired using a portion of the funds in the Conservation Fund, a fund established for aiding in protecting natural resources and open spaces in Northwood. The easements will provide permanent protection of town conservation lands as open space. This effort reflects the commitment by the commission to educate and assist landowners and citizens of Northwood in land conservation and its benefits to the town. The commission seeks to promote land conservation in the three conservation areas (Saddleback Mountain, Big Woods and Acorn Ponds areas) in which both the Master Plan and the Development Ordinance seek to promote reduced intensity of development. These planning tools assist in the protection of the rural and historic character of Northwood, valuable water resources, wildlife habitat and open, undisturbed areas. To this end, the commission has had maps of the newly designated prime wetlands produced, to be used for land use planning by town boards. A set of maps will be sent to the New Hampshire Wetlands Bureau who will post them on their website as a reference for N.H. residents.

The Northwood Conservation Commission continues to assist the citizens of Northwood with projects while helping to minimize impacts to the town's natural resources. The commission maintains maps of the town's features, and promotes and sponsors events, which raise citizens' awareness of problems and issues related to the town's natural resources. All residents are encouraged to provide constructive input on conservation related matters. Residents interested in becoming members or in participating in a specific project are urged to contact the Northwood Conservation Commission through the town hall.

Conservation as defined in The American Heritage dictionary, is: The act or process of conserving. Preservation from loss, damages, or neglect. The controlled use and systematic protection of natural resources, such as forests, soil, and water systems. In reality, it is more than 25 words.

Conservation is:

An idea
A way of life,
A goal,
A subject in school,
A lesson learned at home,
A view of the past,
A goal of the future,
A day to day consideration of what we do,
A thought, in the brilliance of fall, the warmth of summer, or the winds of winter,
A factor that pointed us to where we live,
A measure of how our community thinks and acts,
A guide as to how we treat the land, we have temporary control of,
A consideration of how we use, a limited resource,
An appreciation of the land of others,
A thought as to what will be said of us when we're gone,
A responsibility of many, the community etc.,
A responsibility of one,
A controlling, realization of all natural surroundings.

Summarizing,

It is all these things and more, and should be a first thought, when we view our surroundings each day.

2001 ECONOMIC DEVELOPMENT COMMITTEE REPORT

The Economic Development Committee held six meetings during the 2001 calendar year. Meeting notice is posted at the library and the town hall. The Committee usually meets at the Chesley Memorial Library the third Tuesday of the month at 7:00 pm.

The mission of the Northwood Community Economic Development Committee is to provide a structure and forum to facilitate development that preserves the beauty and nature of the area and that inspires those who live here and those who will come in the future to maintain and enhance the quality of life in this community - its economic health, social and cultural vitality, and ecological integrity.

During 2001 the committee activated a website for the Town of Northwood. The website originally came online in February. The site is currently being revamped and can now be accessed at <http://town.northwood.nh.us>. The committee publicly supported the development of the Hannaford store as an addition to the tax base and to provide employment opportunities to area residents, as well as provide much needed services to the community. The announcement of 31 units of elderly housing to be built is another project that will benefit the social and cultural vitality of Northwood.

The committee is always looking for interested members and invites any Northwood resident to our meetings.

2001 NORTHWOOD FIRE/RESCUE DEPARTMENT REPORT

The year 2001 was a busy year for the Fire/Rescue department, with 492 calls for assistance answered. The department hired a new full-time Firefighter/EMT to fill the vacancy left by Dan L'Heureux's leaving to take a position with the Concord Fire Department. Following interviews conducted by a committee made up of myself, Deputy Chief Fred Bassett, Robert Young of Northwood Emergency Management, David Crockett of Northwood Police Department, and James Hadley of the Northwood Board of Selectmen, Aaron Lambert was hired. Aaron has moved into the role of Fire Prevention Officer for the department, where he has fit in well in a short amount of time.

With Captain Kevin Madison being called to active duty in the U.S. Coast Guard on September 11th, members of the call department stepped up to do the day to day items that he usually took care of. Captain Madison has returned, and I would like to thank all who pitched in and did extra to keep things running smoothly.

In closing, I would like to ask everyone to keep in their hearts and minds the sacrifice that our brothers and sisters of New York city emergency services made to try to save the lives of innocent people, the same sacrifice that fire, EMS, and police personnel make all over this great nation every day.

Thank you and have a fire safe new year.

2001 HUMAN SERVICES REPORT

During 2001, the Human Services department was able to assist seventeen local, low-income families with shelter, food and utility expenses. The department worked closely with landlords, utility companies, state and federal agencies and volunteer organizations to connect local residents with the services that are available to them. Greater Raymond Community Action assisted numerous Northwood families with assistance through their programs including fuel, rental, and utility assistance, greatly reducing the burden on the Town of Northwood.

Again, I would like to thank the local churches, organizations, and caring individuals who provided the donations for a very successful holiday food basket/gift program. This program provided twenty nine families with the necessities for healthy, happy holiday meals for Thanksgiving and Christmas. I personally would like to thank Priscilla King, and the Northwood Neighbors for their assistance throughout the year.

I would be happy to hear from anyone who has any questions, comments or suggestions for the Human Services department.

2001 LIBRARY REPORT

The Chesley Memorial Library honored alternate trustee Nathalie "Nat" Wall for her years of service to the library with an open house on September 8th. The open house also celebrated Literacy Day and National Library Card Sign-Up Month. Nat received awards from the New Hampshire Library Trustees Association for her years of service on the state board and from Second Start Adult Tutorial Program for volunteering her service as a tutor. The library held another open house in December with the Friends of the Library to celebrate the holidays.

2001 circulation statistics reveal a total of 28,335 books and materials checked out. 2,707 people are registered for library cards. Attached is a copy of the statistics to show how much the library has grown. The interlibrary loan program continued to be very active - 578 books were borrowed from other libraries and 1,055 of our books were loaned to other libraries! Our busy interlibrary loan statistics earn us two stops per week by the state library van.

WorldPath and Metrocast provide free Internet access to the library so all registered patrons can use the Internet along with other programs such as Microsoft Works and Print Artist. The library also has a collection of CD-Roms that patrons can access for reference purposes.

The library offered many programs for children and adults throughout the year. Storytime sessions met twice a week January through May and September through December. Participation in the storytime program remained strong with an average of 28 children attending every week. Teddybear Storytime met weekly in July and August. We celebrated "Read Across America" in March with a special Dr. Seuss party. The library continued the "Great Stone Face Reading Club" and was chosen as a voting site for the program's favorite book. Our second annual Bring-Your-Own Easter Egg decorating party was very successful. The summer reading program featured the ocean theme "Octopi Your Mind...READ." Drop-in craft sessions related to the theme were held throughout the summer and the library received a "Kids, Books, & the Arts" grant that enables us to host a thrilling performance by unicyclist Bill Ross. The summer reading program ended with a "store" featuring donated prizes that participants chose from based on the amount of points they earned from reading all summer.

Coe-Brown National Art Honor Society and the Northwood School both held art exhibits at the library in March and April. The library co-sponsored "Inside Russia Today" in September featuring speaker Marina Forbes with the Harvey Lake Women's Club. The Northwood/Nottingham Book Discussion Group for adults met every month from January to June and September to November. A young adult book discussion began meeting in November. A 4-H baby-sitting course for students in fifth through eighth grade was held in April and May. The Christa McAuliffe Family Planetarium Pass was donated to the library in honor of the president of the Friends of the Library, Norma Heroux, for patrons to use. The cub scouts and the girl scouts visited the library at different times.

Many local groups and non-profit organizations continue to use the meeting room on a regular basis. The Friends of the Library volunteered their time and effort to paint and stencil the meeting room and put up a chair rail as well. The end result is very charming! Another project the Friends oversaw this year was the purchase of additional bookshelves for adult fiction and non-fiction books. The Friends are always working to make the library more comfortable for patrons to use.

The library is very fortunate to have many volunteers helping out with a variety of tasks. Volunteers contributed a total of 151 hours this year. Many of those hours were earned during the summer by our "junior librarians" and we appreciated all of our volunteers. The library is also fortunate to have local groups, organizations, and individuals supporting us in many different ways. There are always donations of books, magazines, and audios that are greatly appreciated.

The library is staffed by director Donna Bunker, assistants Eunice Fraser and Ellen Gibson, and aide Danielle Fortin. The library is open: Mondays, Wednesdays, and Thursdays 9-4 and 6-8; Tuesdays and Saturdays 9-1.

2001 RECREATION DIRECTOR'S REPORT

In my new position the event planned for 2001 was the autumn festival. The turnout was great considering it was our first festival. I expect next years to be bigger and have several new ideas to bring to the table.

My plan for 2002 is to have a fun, exciting, new year with these upcoming events.

- January/February - Ice skating party at Northwood Beach
- Sledding- Wagon Hill in Durham
- April-Easter egg hunt
- June-crafts at Northwood Beach
- July-Forth of July cookout
- August-Northwood summer camp
- October-Autumn Festival

I have great expectations that the events planned will be a great success. I was informed that the lifeguards did a wonderful job this past year. Congratulations!

Sincerely,

Susan Serino

Park & Recreation Director

2001 PLANNING BOARD REPORT

As predicted in last year's report, 2001 turned out to be a very busy year. The board reviewed and approved the final draft to the Capital Improvements Program (CIP), amendments to Northwood Development Ordinance, as well as approval of 9 subdivisions and 14 site plans.

Most of the subdivisions reviewed by the board were "Open Space" design concepts, which allows for traditional residential neighborhoods while protecting a portion of the natural landscape indigenous to the development.

Most of the site plans reviewed and approved by the board were minor businesses and services, except for the following: DBU Construction, Hannaford Shop & Save, Motiva, Inc., (gas station/convenience store/car wash), Northwood Elementary School addition and A.T.C. Realty (telecommunications tower). The board worked professionally with all applicants, while maintaining the spirit of the town regulations.

Northwood will no doubt benefit economically from all of these new projects now and in the future. The planning board continues to seek a balance between growth and development with the desire to maintain the rural character of our community.

Sincerely

Patrick L. Bell

Chairman

2001 NORTHWOOD POLICE DEPARTMENT REPORT

This year has been another very busy period for the department and has brought with some exciting changes as well. Our most notable change has been the acquisition of a new police department building. After many years of operating out of a severely less than adequate facility under the Town Hall, the department undertook and completed the renovation of the old Post Office building on Route 4.

Working with local contractor Steve Bailey and numerous volunteers, to include all members of the department, the work began in early Winter, and was completed in May. Our new facility includes a conference room, new booking area, larger office spaces, and a nice lobby area for people to use. An Open House was held this past September, and was well attended by local townspeople. Any citizen who has not yet had the chance to stop in is welcome any time to view our newest town building.

This year also ended a long standing service from Herbert Rich, who retired this past October. Herb served the town for 28 years as a Patrol Officer and Animal Control Officer. Additionally, Officer Catherine Hillner has resigned from the department in May of 2001, after 10 years of dedicated service. Both officers gave a great deal to the department and the citizenry, and will be missed.

The department has lost one of its full time officers in June. Officer Troy Meyer resigned from the department to pursue other interests. We did gain another full time officer, Glendon Drolet, in August, who came to us from Deerfield, and one part time officer in November, Randy DiFruscio, who also works for the NH Marine Patrol.

The department's calls for service remained high as usual this year, with 915 calls reported. Of those calls, 308 were crime related, an increase over last year by 15%. Arrests were logged at 358, up from 258 last year, at an increase of 50%. Thefts and vandalism continue to be among the most reported crimes. We handled a small surge in burglaries this year, covering 22 total, but managed to clear most of them.

Juvenile arrests have decreased slightly, at 74 incidents total, down from 88 last year, but there has been a substantial increase, percentage-wise, in the amount of incidents involving drugs and alcohol. Drug arrests have risen dramatically over last year, up from 22 in 2000, to 90 in 2001, involving both adult and juveniles. Alcohol related incidents, not including DWI's, accounted for 116 incidents.

The heavy traffic flow on our state roads has accounted for steady increases in all aspects of traffic incidents. Our statistic for summonses has dropped a little, at 717 total, down from 878 last year. Speed remains first for complaints, with the usual mix of non-inspections, illegal passing, and stop sign violations being enforced as well.

Traffic accidents kept the officers very busy, with 117 investigations involved. Fortunately, we did not have any serious injury or fatalities to deal with. DWI's totalled at 39 this year, up from 26 last year.

As always, we thank all of our citizens who have showed support for us throughout the year. We appreciate your trust and confidence, and we endeavor to keep the needs of our Town at the forefront of our efforts, providing the best that we have in professional service. Our door is always open to entertain any concerns.

A special thank you is given to our Police Commission for their continued efforts and support to the department.

2001 ROAD AGENT REPORT

This past winter saw a return to more normal conditions with more snow than we have seen in the past few years. The plow crews had to work many long hours to keep the roads in as good a shape as possible. During the big storm that we had, Coe-Brown students helped at the office trailer with the phone. This made it possible to keep everyone on the road and still have someone to handle calls from the public in case of an emergency.

This year we rebuilt Bow Lake Rd. from the Rt. 4 intersection to Sherburne Brook. This section was reclaimed and gravel added where needed, new culverts and ditching done. The section from the brook to the Strafford town line was ditched and overlaid. This will make traveling a lot easier and also make maintenance easier.

Allen Farm Rd. and Priest Rd. were also overlaid this year. This will give us several more years of low maintenance in these areas.

Crack sealing was done on Lucas Pond Rd. and Jenness Pond Rd. to keep them from getting any worse. This was the first time that we have done this and it seems to be a fairly economical way to get several more years of service from a road before it needs major work.

All roads were graded in the spring and fall and gravel added where needed. Roadside mowing was also done in the fall.

The UNH road study was completed this spring and it showed that we have gone from having 70% of the paved roads needing major work down to 13%. This is not including the work that was done this year. The plan that we have is to finish rehab on the existing paved roads in the next couple of years. We can then begin to rebuild and pave the existing gravel roads.

This coming season we are planning on reclaiming Sherburne Hill Road and Bennett Bridge Road. We will also be putting a overlay on Oakwood Drive. Crack sealing is scheduled for Blakes Hill Road, Old Pittsfield Road and Gulf Road.

All roads will also be graded and gravel added where needed. Road-side mowing will also be done on all roads.

I would again like to thank everyone for their patience during the construction process. We try to make all delays as brief as possible.

2001 ROCKINGHAM COMMUNITY ACTION SERVICES REPORT

Services Provided To Northwood Residents July 2000 - June 2001

Rockingham Community Action (RCA) is a private, non-profit organization. Our mission is to prevent, reduce, and work toward the elimination of poverty. RCA has been addressing these needs for thirty-five years.

Greater Raymond Community Action Center is an outreach office of RCA that serves residents of Northwood and 12 other communities, and as such acts as Northwood's central resource for information regarding all available human services. RCA also offers intake, clinic and distribution sites in over half of the county's thirty-seven communities for the application and provision of various Community Action services.

Community Action provides a wide range of services that are unduplicated elsewhere in the county. Many of our services meet immediate, critical needs, while others are designed to help families achieve long-term economic self-sufficiency. The following services were provided by Community Action to eligible residents of Northwood from July 1, 2000 through June 30, 2001:

97 households received one of a group of Fuel Assistance Programs, services that provided financial grants of up to \$1,200 to low-income households to assist with energy-related expenses through the Fuel Assistance Program (some households also receive furnace cleaning and budget and energy counseling, and elderly support services), and grants of up to \$300 for fuel and utility emergencies for households not eligible for the Fuel Assistance Program through the Neighbor Helping Neighbor and the Senior Energy Assistance Service.

1 household was enrolled in Workforce Development, which is the "umbrella" for a variety of programs designed to foster long-term self-reliance: Disadvantaged Adult and Dislocated Worker Programs; COMPASS Adult and COMPASS Youth; Welfare to Work; The Employment and Education Marketplace; and Wheels to Work. Each component helps clients determine goals and develop strategies to overcome barriers to employment. Wheels to Work offers affordable car ownership to low-income individuals moving from public assistance to the workforce.

1 home received Housing Rehabilitation & Energy Conservation services through the Weatherization or Energy Management Programs, which provide high quality energy conservation materials and skilled labor to weatherize the homes of low-income and high energy-using households to reduce heating costs and conserve energy, and provides major repairs or replacement of heating systems for low-income homeowners; through the H.O.M.E. Program, provides major rehabilitation of single-family, owner-occupied homes, emphasizing health and safety related repairs, including water and septic systems, structural, roofing, electrical, and heating system work; through the Lead Paint Program, provides the removal and containment of lead paint hazards in homes with children 6 and under.

1 Family Day Care children and child care providers participated in the Family Child Care Program, which provides services that assist family child care providers and benefit the children in their care, including training, technical assistance and sponsorship of the USDA Child and Adult Care Food Program.

11 child care referral was arranged through the Child Care Resource and Referral Program, which maintains an inventory of all available child care options, provides child care referrals to employees of participating companies and to the general public, and expands the supply of quality child care by recruiting, training and assisting new child care providers, including the training of TANF participants.

65 individuals received help through the WIC or Commodity Supplemental Food Programs: WIC provides supplemental nutritious foods, nutrition education, breast-feeding support and health care screening/referrals to pregnant women, nursing mothers, infants, and children up to the age of five; the Commodity Supplemental Food Program provides monthly allotments of commodity foods and nutrition education materials to senior citizens, postpartum women, and 5-year-old children.

1 child was enrolled in Head Start, a comprehensive early childhood development program that provides education, health, nutrition, disability, and family support services to low-income pre-school children and their families.

2 households received services through the Homeless Outreach Intervention Program, which conducts outreach in areas frequented by the unsheltered homeless and assists the homeless with identifying shelter needs, arranging emergency transportation to shelters, and assisting shelter providers in arranging alternative shelter.

703 individual food allotments were provided through the Emergency Food Assistance Program, which distributes USDA surplus food to emergency food pantries and homeless shelters throughout Rockingham County.

3 households received Crisis Services, programs that provide emergency grants to low-income households for the payment of rent, mortgage, electricity, fuel, or other basic necessities for households facing evictions, foreclosures, utility terminations, lack of fuel, or other emergencies.

3 households were enrolled in the Emergency Response System, a program that installs and maintains emergency response systems for disabled individuals in order to ensure their safety and maintain their independence and quality of life by providing immediate access to emergency medical responders.

1 individual received help through the Health Insurance Counseling, Education and Assistance Service (HICEAS), which provides the services of trained volunteers to assist Medicare recipients with a wide range of health insurance needs, including supplemental health insurance options and Medicare and Medicaid benefits and claims.

In addition to these major programs, much of our staff time is devoted to working with people who come to us seeking help. During the past year, we logged 140 calls or visits from Northwood residents, many of which were crisis calls involving evictions or foreclosures, fuel or utility problems, the lack of food or clothing, or general financial needs. By working closely together with local and state welfare administrators, landlords and mortgage lenders, fuel and utility companies, other human service agencies, and interested clergy and civic groups, we are able to link those in need with the services available to them.

The services provided by our staff, together with the programs provided by our agency, have a direct and significant effect on Northwood's welfare budget. If our services were decreased due to lack of funding, the town would experience a resulting increase in requests for local welfare assistance.

Since the services we provide greatly relieve the towns we serve of the full financial burden of providing for the needs of their low-income residents, we ask every community we serve to make a financial contribution to our agency based upon the level of service we have provided to its residents.

The town of Northwood has contributed to our agency for many years, and we extend our appreciation to you for your continued support.

2001 ROCHESTER / RURAL DISTRICT VISITING NURSE & HOSPICE

YOUR VNA Rochester/Rural District VNA & Hospice

Your VNA continues to serve your community as a private, independent, non-profit home health agency certified by Medicare and licensed by the state in home health and hospice. Your VNA provides high quality care in a cost-effective, caring manner. In addition to our full range of home health and hospice services, we are supported by a dedicated group of volunteers providing companionship and respite to patients and families.

Our board of directors, including your Board Representative Charlotte Klaubert, continues to assess the health care environment in Northwood to ensure that decisions we make are in the best interest of your community. Your VNA remains committed to serving patients regardless of their financial circumstances. Your town contributions are essential to meeting the skilled, intermittent home health and hospice needs in your community for those with little or no insurance.

Your VNA (Rochester / Rural District Visiting Nurse Association & Hospice) is extremely pleased with the success of our merger. The staff and boards have come together creating a team that works cohesively for the betterment of the organization with increasing efficiencies. We moved into our new office May 17th and sold both former offices within the month. The location is more central to all our communities with easy access and good visibility. We have applied for and been approved for funding assistance with our mortgage from HEFA.

This has been a productive year for services, seeing a stable number of visits and clients. Increased numbers of people are accessing our community clinics, and we are seeing increased office visits. We are also seeing continued increases in the number of low-income clients, especially in our HCBC (Home and Community Based Care) program. This program provides care to low-income individuals who qualify for nursing home placement, but choose to stay in their home. The program is funded by the state at rates well below the cost of care. Your contributions to our agency allow us to meet these care needs.

Please know that you have a right to choose your home care and hospice provider. Choose quality combined with a long-standing commitment to your community. Ask for **Your VNA** (Rochester/Rural District VNA & Hospice) by name.

Thank you to everyone that has made personal contributions in support of our programs and building. We are proud to be meeting your home health and hospice needs and look forward to working with you in the future.

2001 SAFETY COMMITTEE REPORT

The Safety Committee held four meetings during the 2001 calendar year. The committee has continued to work to insure that all remodeling and modifications to town buildings comply with applicable safety requirements and with recommendations advanced by the New Hampshire Municipal Association.

The major improvement in 2001 was the complete remodeling of the first floor offices which included new bathrooms, one of which meets ADA requirements, and necessary electrical changes to bring the electrical system up to code requirements.

The fire departmental budget request for the 2002 calendar year includes some funds to address certain safety issues as prioritized by the department.

The committee continues to work to bring town buildings into code compliance and insure that current projects are code compliant. This will result in lower town insurance costs and less potential liability for the town.

The committee is comprised of the following members:

David Hickey, Chairman
Tammie Beaulieu
Aaron Lambert
Michael D'Alessandro
Marcia Severance
Marylou Tuttle

Sam Panto

2001 SELECTMEN'S REPORT

We begin this report by remembering those who lost their lives in the tragic events that occurred on September 11, 2001. We especially want to remember the firefighters, police and rescue personnel who answered the call. We also do not want to forget the members of our Armed Services who are trying to apprehend the individuals who are responsible for these horrific events.

The town accomplished several major projects during the year. The new police department building was a successful renovation of the old post office building. Although capital outlay for this building was \$70,000, the project was accomplished for \$48,000, with \$22,000 being returned to the general fund as surplus. This would not have been possible without a group of dedicated volunteers coming forward and unselfishly donating their labor and expertise to save taxpayers a considerable amount of money.

The upstairs portion of the Town Hall renovation has been completed for a cost of \$31,091. This consisted of replacing the old tile flooring with new tiles, removing the two restrooms and replacing them with three, including a handicapped restroom. The entire upstairs offices were repainted by the staff, thus saving additional money, and the business office was improved by adding new cubicles. Part of this project included a new furnace and heating system that made the town hall more energy efficient. Some of the cost of this was offset by a grant received from the Governor's Office of Energy and Community Services in the amount of \$5,000. Once the downstairs renovations are completed, an open house will be held to showcase the finished product.

At Town Meeting in March 2001, voters approved a mandatory recycling program which became effective June 20, 2001 and a new building at the transfer station, which is substantially finished, except for site work around the building. The cost of this construction, \$145,000., was approved and completely paid for out of the 2001 budget. We plan to begin utilizing the new building for recycling programs in the spring, and look forward to an expanded and cost effective recycling program. However, we realize that it will require a group of dedicated volunteers, in addition to the part-time staff already there, to make the program work efficiently. We will be working closely with our recycling committee to make this happen.

The town applied for, and received, an emergency \$150,000. Community Development Block Grant from the Office of State Planning. Such grants are competitively available to communities and non-profit organizations for projects that improve housing for residents with low to moderate incomes. These funds are to be used to design and replace three failed septic systems at Tower View Cooperative (formerly Glen Abbey Mobile Home Park). One of the conditions of the grant was that the park would be purchased by the park residents and converted into cooperative housing in which the residents become property owners rather than leasing their units. That real estate transfer has taken place and we applaud the work done by the residents that made this happen.

The entire board of selectmen worked diligently with federal and state officials to assist the new Hannaford Food and Drug Store in obtaining its final approvals from the Army Corp. of Engineers and the state's Office of Historical Preservation. The planning board approved this new store in June of 2001. This new supermarket will have a positive effect on the town's property tax base, and will provide a necessary supermarket and pharmacy for the town, along with the creation of approximately 100 new jobs and a significant savings in transportation costs for residents.

The town was selected by the U.S. Department of Housing and Urban Development as a site for a new elderly housing complex containing 31 units. This will offer our senior citizens another option for housing. Competing with other towns in New Hampshire, Maine and Vermont, Northwood was the only non-metropolitan community that received this federal award valued at

2.1 million dollars. The application was submitted by Southern New Hampshire Services (SNHS), a Manchester-based non-profit community action agency. They have built more than a dozen of these facilities during the past ten years and are a top-notch organization. Although this project will have no impact on our schools, there will be some on our municipal services. As a result, SNHS will be paying property taxes on the town's portion of the tax rate which will result in an annual payment of several thousand dollars.

The selectmen continue to work with counsels for the town and the residents of the Lucas Pond School Lots regarding the sale of the lots. This matter is receiving our attention as this report is being written. It is our hope that the wording of the agreement and deed can be finalized shortly so the sale of the lots can take place early in 2002.

The selectmen would like to thank the many volunteers who unselfishly donate their time and knowledge to the town that made these projects and so many others a reality. We hope that you are able to continue your volunteerism in an effort to make Northwood an even better place to live. For those of you who want to volunteer, please let us know. There is always room for new ideas. Last but not least, we want to recognize and thank all of our town employees for their knowledge, skills and abilities. They make our local government function and respond to the needs of our citizens. Thank you for your dedication and hard work. It does not go unnoticed or unappreciated.

In closing, if any resident or local business has any suggestions on how the operations of our local government can be improved, or have any general comments, we would like to hear them. We answer and report to the voters of Northwood and we want to make sure that your voices are being heard.

2001 SEXUAL ASSAULT SUPPORT SERVICES REPORT

Sexual Assault Support Services is dedicated to supporting victims/survivors in their effort to heal from the trauma of sexual assault and childhood sexual abuse, while striving to prevent the occurrence of sexual violence in local communities and society at large.

This mission is accomplished by providing the following services

- Toll-free confidential 24 hour crisis intervention hotline 1 (888)747-7070;
- Outreach office for Strafford County located in Rochester at One Wakefield Street (332-0775)
- Accompaniment to medical and legal (police and court) appointments;
- Information and referral to related services such as attorneys and therapists;
- Support groups for survivors, their parents and partners;
- Child sexual assault prevention education programs in area schools, recreation programs, camps and scouts;
- Adolescent workshops on sexual harassment and sexual assault;
- Professional training and consultation to police departments, hospitals and school personnel and human service agencies;
- Sexual harassment in the workplace workshops to municipalities and businesses.

Our program is committed to providing support, education and advocacy to all survivors of sexual assault and sexual abuse and their parents, partners and other community members.

The primary objectives of Sexual Assault Support Services are to empower survivors and to support them in their healing process and to educate the community, heightening awareness of sexual assault and its prevention. We provide prevention programs throughout the school system in order to broaden awareness among students, teachers and the community of the issues of sexual assault and harassment. In addition, our staff coordinates with police departments and hospital staff to improve response to sexual assault cases and to assure a supportive environment for the survivors.

Sexual Assault Support Services has provided services for 21 years. Volunteers are welcome and are utilized in all aspects of the program. For further information regarding our program please contact us at (603) 436-4107.

2001 TRUSTEES OF TRUST FUNDS REPORT

The year 2001 was one that reflected an additional \$3100.00 received and added to perpetual care- principal. Four of the trusts were paid when cemetery lots were purchased. Four of the trusts were cases where individuals who wanted their family lot to be more adequately funded at the current \$100/grave charge. As said in previous annual reports, the income from the perpetual care funds provides for the maintenance of the lots. Such care is required before interment can be made. There are lots that were purchased before perpetual care was required. These lots require that perpetual care be placed on them to be used. There are some lots on which a minimal amount was placed on them years ago. It would be helpful if these trusts were added to in order to be in line with the inflated costs of caring for them. Our cost of maintenance is currently running at \$12,200.00. Such a cost requires that we receive, if possible 7.8% return on our principal. This is difficult in today's market.

There is a close connection between the cemetery trustees who sell the cemetery lots and broker the sale of private lots or portions thereof, because they must see that the lot sale and perpetual care money is collected, deeds and contracts are prepared, and the money ends up in the proper trust funds. At present Andy Turner, who is chair of the cemetery trustees, performs these functions.

There are some twenty-two (22) trusts established by or in memory of individuals who have been interested or generous for the benefit of a cemetery , the Town, or the school. In the case of cemeteries, special trusts have been set up for some grave yards, a large trust by Florence Minor for East Northwood Cemetery and for the well at East Northwood, also there is a trust for Harvey Lake. For the libraries, trusts are provided for books and library maintenance. Each year's income is turned over to the library trustees for their administration of the funds. There have been a number of expendable trusts set up in those cases where the operation is generating income to be placed in trust for future use as the trusts grow. The remaining town trusts are the Capital Reserve Fund Trusts which are funded by taxation according to the vote on articles in the town warrant at the annual meeting. This year \$194,000.00 was withdrawn from capital reserves while \$111,818.04 was placed in the capital reserves.

The Trustees meet as needed through out the year. For many days in January, we (1)balance our books, (2)collect our year-end investment data, (3)prepare our state reports of investments in the categories of funding we have, and of our cemetery perpetual care funds by each fund in each cemetery, and (4) submit our records for audit in mid-January.

Our minutes and monthly computer work is performed by Andy Turner, Russ Eldridge oversees the capital reserve investing as well as other funds invested with MBIA. Chair - Joann Bailey does the current bookkeeping, banking and manual record keeping.

2001 ZONING BOARD OF ADJUSTMENT REPORT

The Northwood Zoning Board of Adjustment received a total of 13 new applications in 2001 and completed two from the previous year. The board continues to hear many requests for variances for building setbacks, the majority of which are for porches and decks to primary residences. There was also an increase in the applications reflecting the desire to build additional living quarters on a primary lot, including a second residence or apartment. The following is a summary of the cases heard and the board's decisions:

Setback variance 3.04	Children's Playhouse	Approved
Setback variance 3.04	Deck	Approved
Setback Variance 3.04	Porch	Denied
Setback Variance 3.04	Deck & stairs	Approved
Setback Variance 3.04	Screened porch	Conditional approval
Setback Variance 3.04	Breezeway & garage	Conditional approval
Setback Variance 3.04	Porch	Approved
Setback Variance 3.04	Shed	Withdrawn
Variance Section 3.01	Add apartment	Denied
Variance Section 3.01	Add in-law residence	Conditional approval
Variance Section 3.03	Add three apartments	Denied
Variance Section 2.02B	Add temporary residence	Conditional approval
Variance Section 2.02B	Remove 2 seasonal, add one year round	Conditional approval
Request for Re-hearing	Special Exception	Denied
Equitable Waiver	Deeded lots	No jurisdiction

The Zoning Board of Adjustment meets monthly on the fourth Monday at 7 p.m. at the town hall. Applications for zoning board requests may be picked up at the town hall during regular business hours. The board administrator is available on Mondays if you have questions. Messages may be left at 942-9100 at any time.

The members of the board were saddened by the loss of longtime member and Vice-Chairman Dr. George Rogers. George was an active participant at meetings, lending wisdom and insight into the decision making process. He will be missed as a vital part of this board and as a friend to all of us.

New members are appointed in March. The board is currently seeking people to serve as alternate members. If you are interested in serving on this board, please contact either the Board of Selectmen or myself.

Respectfully submitted,

Bruce Farr

Chairman

**THE STATE OF NEW HAMPSHIRE
TOWN OF NORTHWOOD 2002 TOWN WARRANT**

To the Inhabitants of the Town of Northwood in the County of Rockingham in said state, qualified to vote in Town affairs:

You are hereby noticed to meet at Coe-Brown Northwood Academy in said Northwood on Saturday, the 16th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

ARTICLE #1: To see if the municipality will vote to change the purpose of the Ambulance Capital Reserve Fund held by Trustees of the Trust Funds to the Fire/Rescue Department Vehicle Capital Reserve Fund. **(2/3 vote required) (Recommended by the Board of Selectmen – 3-0 vote)**

ARTICLE #2: To see if the municipality will vote to raise and appropriate the sum of **Fifty-eight Thousand Ten Dollars and Sixty-six Cents (\$58,010.66)** to be added to the Fire/Rescue Department Vehicle Capital Reserve Fund held by the Trustees of Trust Funds. This is the same amount received by the Town from ambulance billings during the year 2001, which receipts have been deposited into the Special Ambulance Replacement Fund. This appropriation is to be funded by a withdrawal from the Special Ambulance Replacement Fund.
(Majority vote required) (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 13-0 vote) No impact on tax rate.

ARTICLE #3: To see if the municipality will vote to raise and appropriate the sum of **Three Hundred Dollars (\$300.00)**, to be added to the Cemetery Improvement Expendable Trust Fund previously established, and to fund this appropriation by the withdrawal of that amount from the surplus remaining in the unexpended fund balance as of December 31, 2001. This amount is equivalent to the amount received by the town for the sale of cemetery lots in the year 2001.
(Majority vote required) (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 13-0 vote) No impact on tax rate.

ARTICLE #4: To see if the municipality will vote to create an expendable general fund trust fund under the provisions of RSA 31:19-a, to be known as the Lagoon Maintenance and Repair Fund, for the purpose of maintaining and repairing the septage lagoon, naming the Board of Selectmen as agents to expend from this fund. **(Majority vote required) (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 13-0 vote)**

ARTICLE #5: To see if the municipality will vote to raise and appropriate the sum of **Fifteen Thousand Sixty-five Dollars and Eighty-seven Cents (\$15,065.87)** to be placed in the newly created Lagoon Maintenance and Repair Fund, and to fund this appropriation by the withdrawal of **Fifteen Thousand Sixty-five Dollars and Eighty-seven Cents (\$15,065.87)** from the Lagoon Fee Fund, held by the Treasurer. **(Majority vote required) (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 13-0 vote) No impact on tax rate.**

Note: Article #6 is an alternative to Article #5. No action is needed unless Article #5 is defeated.

ARTICLE #6: To see if the municipality will vote to raise and appropriate the sum of **Four Thousand Dollars (\$4,000.00)** for the purpose of testing, and treating the lagoon and monitoring wells at the septage lagoon located at the disposal area, and to fund this appropriation by authorizing the withdrawal for this purpose of **Four Thousand Dollars (\$4,000.00)** from the Lagoon Fee Fund, established under RSA 31:95-c in 1990. **(Majority vote required) (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 13-0 vote) No impact on tax rate.**

ARTICLE #7: Shall the Town vote to adopt the provisions of RSA 202-A:4-d authorizing indefinitely, until specific rescission of such authority, the Library Trustees to accept gifts of personal property, other than money, which may be offered to the library for any public purposes, provided, however, that acceptance of personal property by the Library Trustees shall not be deemed to bind the Town or the Library Trustees to raise, appropriate or expend any public funds for the operation, maintenance, repair or replacement of such property. **(Majority vote required) (Recommended by Selectmen – 3-0 vote) No impact on tax rate.**

ARTICLE #8: To see if the municipality will vote to raise and appropriate the sum of **Ten Thousand Five Hundred and Ninety-five Dollars (\$10,595.00)** for the third year's payment for the five year lease/purchase agreement for the new highway backhoe/loader purchased in 2000. **(Majority vote required) (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 13-0 vote) Estimated six cents (.06) impact on tax rate.**

ARTICLE #9: To see if the municipality will vote to raise and appropriate the sum of **Twenty-one Thousand Four Hundred Thirty-two Dollars and Eighteen Cents (\$21,432.18)**, received as cable TV franchise fees in year 2001, to be deposited in the previously established Cable Expendable Trust Fund under the provisions of RSA 31:19-a, and to fund this appropriation by authorizing the transfer of that amount from the expended fund balance as of December 31, 2001. **(Majority vote required. (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 13-0 vote) No impact on tax rate.**

ARTICLE #10: To see if the municipality will vote, as provided under RSA 231-63, to require the Road Agent, in addition to his usual duties to have charge, under the direction of the Selectmen, of supervision of the Transfer Station/Recycling Center, grounds maintenance of all town-owned buildings and beaches. **(Majority vote required) (Recommended by Selectmen – 3-0 vote)**

ARTICLE #11: To see if the municipality will vote to raise and appropriate the sum of **Thirty-seven Thousand Two Hundred Seventy-five Dollars (\$37,275.00)** for the purpose of beginning an assessing plan to bring the town into compliance with the new standards required for property appraisal, to permit State certification in 2005. **(Majority vote required) (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 13-0 vote) Estimated twenty-one cents (.21) impact on tax rate.**

ARTICLE #12: To see if the municipality will vote to raise and appropriate the sum of **Thirty Thousand Dollars (\$30,000.00)**, for the purpose of Special Duty coverage provided by the Northwood Police Department. This amount to be reimbursed by the person/companies that require this coverage. **(Majority vote required) (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 13-0 vote) No impact on tax rate.**

ARTICLE #13: To see if the municipality will vote to raise and appropriate the sum of **One Million Eight Hundred Thirty-nine Thousand Five Hundred Eighty-eight Dollars (\$1,839,588.00)** which represents the operating budget. Said sum does not include special or individual articles addressed. **(Majority vote required) (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 12-1 vote) Estimated three dollars and fifty cents (3.50) impact on tax rate.**

ARTICLE #14: To see if the municipality will vote to raise and appropriate the sum of **Four Thousand One Hundred Fifty-five Dollars and Sixty-seven Cents (\$4,155.67)** to be added to the Transfer Station Expendable Trust Fund, established in 2001 under RSA 31:19-a and to fund this appropriation by authorizing the withdrawal of that amount from the surplus remaining in the unexpended fund balance as of December 31, 2001. This amount is equivalent to the amount received by the town from the sale of recyclable materials received at the Transfer Station. **(Majority vote required) (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 13-0 vote) No impact on tax rate.**

ARTICLE #15: To see if the municipality will vote to raise and appropriate the sum of **Seven Thousand Dollars (\$7,000.00)** to be added to the Police Equipment Capital Reserve Fund, established in 2001 under the provisions of RSA 35:1, and held by the Trustees of Trust Funds. **(Majority vote required) (Recommended by Selectmen – 3-0 vote) (Recommended by Budget Committee – 13-0 vote) Estimated four cents (.04) impact on tax rate.**

Board of Selectmen
Town of Northwood
Northwood, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Northwood, New Hampshire, as of December 31, 2001 and for the year then ended. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group, which should be included in order to conform with generally accepted accounting principles. The amounts that should be recorded as general fixed assets are not known.

In our opinion, except for the effect on the financial statements of the omission described in the third paragraph, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Northwood, New Hampshire, as of December 31, 2001 and the results of its operations and the cash flows of its proprietary and similar trust fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying combining and individual fund financial statements listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Northwood, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Respectfully submitted,

Mason + Rich, P.C.

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Northwood, New Hampshire (the Town) conform to generally accepted accounting principles as applicable to governmental units, except as noted in the following summary of the more significant policies:

A. Reporting Entity

The accompanying financial statements include the transactions of all funds and account groups of the Town of Northwood and other governmental organizations included in the Town's reporting entity because of the significance of their operations or financial relationships with the Town in accordance with the criteria set forth by the Governmental Accounting Standards Board. The account groups are those required by financial reporting standards for governmental units.

B. Basis of Presentation

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equities, revenues and expenditures or expenses. The various funds are grouped by type in the financial statements as follows:

GOVERNMENTAL FUNDS

- 1) General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid through other funds.
- 2) Special Revenue Funds - Special revenue funds are used to account for the proceeds of specific revenue resources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.
- 3) Capital Projects Funds - Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by enterprise operations and trust funds.

FIDUCIARY FUNDS

- 4) Trusts and Agency Funds - Trust and Agency Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. These include Expendable Trust, Nonexpendable Trust and Agency Funds.

(Continued)

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS
(Continued)

Nonexpendable Trust Funds are accounted for in essentially the same manner as proprietary funds since capital maintenance is critical. Expendable Trust Funds are accounted for in essentially the same manner as governmental funds. Agency Funds are custodial in nature (assets equals liabilities) and do not involve measurement of results of operations.

ACCOUNT GROUPS

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. All Governmental Funds and Expendable Trust Funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental Fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

General Fixed Assets Account Group

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by many other municipal entities in the State, the Town does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

General Long-Term Debt Account Group

Long-term liabilities expected to be financed from Governmental Funds are accounted for in the General Long-Term Debt Account Group, not in the Governmental Funds.

The account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

Noncurrent portions of the long-term receivables due to Governmental Funds are reported on their balance sheets, in spite of their spending measurement focus. Special reporting treatments are used to indicate, however, that they should not be considered "available spendable resources", since they do not represent net current assets. Recognition of Governmental Fund type revenues represented by noncurrent receivables is deferred until they become current receivables.

(Continued)

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS
(Continued)

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the General Long-Term Debt Account Group.

The Nonexpendable Trust Funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities (whether current or noncurrent) associated with their activity are included on their balance sheets.

C. Basis of Accounting

Basis of accounting refers to the method by which revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All Governmental Funds, Expendable Trust Funds and Agency Funds are accounted for using the **modified accrual basis** of accounting. Their revenues are recognized when they become measurable and available as net current assets.

The National Council on Governmental Accounting in its Interpretation 3, Revenue Recognition - Property Taxes, requires that if property taxes are not collected within 60 days after year end the revenue is not considered an "available spendable resource" and should be deferred, i.e., not recognized as revenue until collected. This interpretation has not been followed in the accompanying financial statements because: (a) The amount due the School District at December 31, is not due within the 60 day criteria established, but rather over a 6 month period, (b) the property tax levy in New Hampshire does not occur until late in the budget year and (c) the subsequent pattern of collection of taxes is a result of the timing of the issue of the tax levy.

Licenses and permits, charges for services and other revenues are recorded as revenues when received in cash as they are generally not measurable until actually received. Investment earnings are recorded as earned if they are both measurable and available.

In applying the susceptible to accrual concept to intergovernmental revenues (grants, subsidies and shared revenues), the legal and contractual requirements of the numerous individual programs are used as guidance. There are however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project, before any amounts will be paid to the Town; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to the purpose of expenditure and nearly irrevocable, i.e., revocable only for failure to comply with prescribed compliance requirements, e.g., equal employment opportunity. These resources are reflected as revenues at the time of receipt or earlier if they meet the criterion of availability.

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS
(Continued)

Expenditures are generally recognized under the **modified accrual basis** of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) principal and interest on general long-term debt which is recognized when due and (2) accumulated sick pay which does not vest.

All nonexpendable trust funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

D. Budgetary Accounting

Expenditures in budgetary funds are limited to the Town's budget adopted at the annual or special Town meeting, subject to RSA Chapter 32. The Selectmen are required by statute to properly enter and record expenditures. They may transfer budget amounts between appropriations, but no new purpose may be introduced that was not contained in the adopted budget. No amounts may be transferred from special warrant articles. Total expenditures may not exceed the total amount approved at the annual or special Town meeting, with certain statutory exceptions.

All appropriations lapse at year end unless, (1) the expenditure has been legally committed by an outstanding contract or purchase order, (2) the amount is in a special non-lapsing fund such as a Capital Reserve, Special Revenue or Trust Fund, (3) the amount has been raised by a bond issue or is to be received as part of a grant or (4) is a special warrant article. A special warrant article may be encumbered by the Selectmen for one additional year or for up to five years if the original adopted article so states.

Under rules adopted by the Department of Revenue Administration, beginning General Fund fund balance may be used at the discretion of the Selectmen as a revenue source in establishing the tax rate. The General Fund and Special Revenue Funds are budgeted.

E. Deposits and Temporary Investments

Deposits

At year end the carrying amount of the Town's deposits (cash and temporary investments) was \$3,013,956 and the bank balance was \$3,025,909. Of the bank balance, \$200,000 was covered by federal depository insurance, \$2,720,300 was covered by a deposit surety bond (Travelers Surety - total bond of \$2,720,300), and \$105,609 was uninsured and uncollateralized. The uninsured and uncollateralized amounts were held by the Special Revenue and Trust Funds.

Temporary Investments

Temporary investments consist of certificates of deposit and are reported at cost which approximates market value.

The Town Treasurer is authorized by State statutes to invest excess funds "in obligations of the U.S. Government, in the Public Deposit Investment Pool established in accordance with RSA 383:22-24, in savings bank deposits of banks incorporated under the laws of the State of New Hampshire or in certificates of deposits of banks incorporated under the laws of the State of New Hampshire or in national banks located within the State of Massachusetts".

New Hampshire Public Deposit Investment Pool

The Town participates in the New Hampshire Public Deposit Investment Pool established in accordance with N.H. RSA 383:22-24. Total Town funds on deposit with the Pool at year end were \$363,843 and are reported as temporary investments on the Fiduciary Funds. Based on GASB Statement No. 3, investments with the Pool are considered to be unclassified. At this time, the Pool's investments are limited to "short-term U.S. Treasury and U.S. Government Agency obligations, State of New Hampshire and New Hampshire municipal obligations, certificates of deposit from A1/P1-rated banks, money market mutual funds (maximum of 20% of portfolio), overnight to 30-day repurchase agreements (no limit, but collateral level at 102% in U.S. Treasury and Government Agency instruments delivered to the Custodian of the Pool) and reverse overnight repurchase agreements with primary dealers or dealer banks."

The Pool is operated under contract with a private investment advisor, approved by the State Bank Commissioner and the advisory committee created under RSA 383:24. The Pool is a 2a7-like pool which means that it is not registered with the Securities Exchange Commission ("SEC") as an investment company, but nonetheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. Cost and market value of the Pool's investments are the same.

Cash Equivalents

For purposes of the statement of cash flows, all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

F. Investments

Under New Hampshire law, the trustees of trust funds may invest:

"Only by deposit in savings bank or in the savings department of a national bank or trust company in this State or in shares of any building and loan association or co-operative bank, incorporated and doing business under the laws of this State or in the shares of any federal savings and loan association, located and doing business in this State or in bonds, notes or other obligations of the United States government or in State, County, Town, City, School District, water and sewer district bonds as are legal for investment by New Hampshire savings banks and when so invested, the trustees shall not be liable for the loss thereof; and in any common trust fund established by the New Hampshire Charitable Fund in accordance with RSA 292.23".

The Trustees are required to report annually to the State's Attorney General.

Investments are carried at fair value. The fair value of investments is determined annually and is based on current market prices.

(Continued)

TOWN OF NORTHWOOD, NEW HAMPSHIRE
NOTES TO THE FINANCIAL STATEMENTS
(Continued)

Fair value fluctuates with interest rates, and increasing rates could cause fair value to decline below original cost. Town management believes that liquidity in the portfolio is more than adequate to meet cash flow requirements and to preclude the Town from having to sell investments below original cost for that purpose.

Trust fund investment revenue is comprised of the following for the fiscal year:

Interest and Dividends	\$ 35,883
Net Increase (Decrease) in the Fair Value of Investments and Gain (Loss) on Sale	<u>(17,576)</u>
Total Investment Revenue	<u>\$ 18,307</u>

The net decrease in the fair value of investments during the fiscal year was \$17,576. This amount takes into account all changes in fair value (including purchases and sales) that occurred during the year. The unrealized loss on investments held at year-end was \$21,398.

G. Property by Tax Liens and Tax Deeded Properties

Under New Hampshire Revised Statutes Annotated (RSA) 72:38A, elderly property owners in the Town may request that the Town file a tax lien against their property for the amount of their annual property taxes. Interest accrues annually at 5% and is payable along with the property taxes from the individual's estate. Under New Hampshire RSA, if property taxes have not been paid within two years of tax lien date, the property may be conveyed to the Town by deed. The Town then offers the property for public sale annually in accordance with RSA 80:80 with all proceeds remitted to the General Fund. Tax deeded properties represents the cost of property in the process of being sold at year end.

H. Accumulated Unpaid Vacation and Sick Pay

Employees may accumulate an unlimited amount of earned but unused vacation and personal time, which will be paid to employees upon separation from the Town's service. Sick time will only be paid up to eighty hours, any additional accumulated time will be forfeited at the time of separation. In Governmental Fund Types, the cost of vested benefits paid or expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund. Amounts of vested or accumulated leave benefits that are not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group.

I. Total Columns (Memorandum Only) on Combined Statements

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2 - PROPERTY TAXES

The Town semi-annually in June and November, bills and collects its own property taxes and taxes for the School District and County. (In accordance with an opinion from the NCGA Technical Guidance Committee, the School and County taxes are not reported as Agency Funds). Property tax revenues are recognized in the fiscal year for which taxes have been levied.

Taxes receivable are reported net of an allowance for doubtful accounts of \$27,000.

Property taxes billed or collected in advance of the year for which they are levied are recorded as deferred revenue.

Property taxes are due by December 1. At the time of tax lien, a lien is recorded on the property at the Register of Deeds. The lien is a priority tax lien which accrues interest at the rate of 18% per annum. If the property taxes (redemptions) are not paid within two years of the tax lien date, then the property may be conveyed to the Town by deed and subsequently sold in accordance with RSA 80:80.

The Town annually budgets, following New Hampshire budget procedures, an amount (\$23,784 in the current year) for property tax abatements and refunds. All abatements and refunds are charged to overlay and are reported net of property tax revenues on the General Fund. The actual amounts charged to the account for the year totaled \$14,201.

The tax rate for the year was \$30.74, \$4.38 Town, \$1.77 County, \$17.21 School District and \$7.38 State Education Taxes

NOTE 6 - RESERVES AND DESIGNATIONS OF FUND EQUITY

The Town has set up "reserves" of fund equity to segregate fund balances which are not available for expenditure in the future or which are legally set aside for a specific future use. Fund "designations" have also been established to indicate tentative plans for future financial utilization.

The Town's reserves and designations were as follows:

Reserved for Encumbrances - Encumbrances of fund balances of the General and Special Revenue Funds are carried forward to the subsequent fiscal year. Encumbrances outstanding at year end are reported as reservations of fund balances since they do not yet constitute expenditures or liabilities.

NOTE 8 - PENSION PLAN

Plan Description - Substantially all Town employees participate in the State of New Hampshire Retirement System (the System), a cost-sharing multiple-employer defined benefit public employee retirement system (PERS). All Town full-time employees are eligible to participate in the System. The System is divided into two employee groups: Group I which includes all employees except fire fighters and police officers and Group II which is for fire fighters and police officers (including County Sheriff's Departments). The New Hampshire Retirement System issues annually a publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the New Hampshire Retirement System, 4 Chenell Drive, Concord, NH.

Group I employees who retire at or after age 60 but before age 65 are entitled to retirement benefits equal to 1.667% of the average of their three highest paid years of compensation, multiplied by their years of service. At age 65 the benefit is recalculated at 1.50% of AFC multiplied by their years of service credit. Earlier retirement allowances at reduced rates are available after age 50 with 10 years of service. Benefits fully vest upon reaching 10 years of service or attaining age 60.

Group II Employees who attain age 45 with 20 years or more of service are entitled to retirement benefits equal to 2.5% of the average of their three highest paid years of service, multiplied by their years of service, not to exceed 40. Benefits vest ratably beginning after 10 years of service.

The System also provides death and disability benefits. Cost-of-living increases have been periodically granted to retirees by the State Legislature.

Funding Policy - The System is funded by contributions from both the employees and employers. Group I employees are required by State statute to contribute 5.0 percent of their gross earnings. Group II employees are required to contribute 9.3 percent of their gross earnings. The employer must, under the same statute, contribute monthly at an actuarially determined rate. The current rates are 3.14% (2.48% for police officers and 4.87% for firefighters) of covered payroll. The contribution requirement for the year was \$56,699, which consisted of \$21,466 from the Town, and \$35,233 from the employees. The Town's contributions to the System for the years ended December 31, 2000 and 1999 were \$16,574 and \$16,575, respectively, which were equal to the amount required under State statute to be contributed for each year.

NOTE 9 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town, along with numerous other municipalities in the State, is a member of three public entity risk pools in the State currently operating as a common risk management and insurance program for which all political subdivisions in the State of New Hampshire are able to participate. The pools provide coverage for workers' compensation, unemployment and property liability insurance. The Town pays an annual premium to the pools for its various insurance coverage.

NOTE 10 - CONTINGENCY - LITIGATION

There are no lawsuits pending in which the Town is involved. The Town generally follows the practice of recording liabilities resulting from claims and legal actions only when they become fixed or determinable in amount.

SUPPORTING SCHEDULES

GENERAL FUND

The General Fund is used to account for the resources traditionally associated with government operations which are not required legally or by sound financial management to be accounted for in another fund. It is the overall operating entity of the Town. Most of the essential governmental services and functions are provided by the General Fund, including police and fire protection; street maintenance, plowing and lighting; welfare; parks and playground maintenance; planning and zoning; and general administration.

SUPPORTING SCHEDULES

FIDUCIARY FUNDS

Fiduciary funds account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governments and other funds. These include Expendable Trust, Nonexpendable Trust, and Agency Funds. Nonexpendable Trust Funds are accounted for and reported as proprietary funds, since capital maintenance is required. Expendable Trust Funds are accounted for in essentially the same manner as governmental funds. Agency Funds are custodial in nature and do not measure the results of operations.

Individual Funds:

Nonexpendable Trust Funds:

Nonexpendable Trust - To account for nonexpendable gifts to the Town. Income is available for maintenance of various cemeteries.

Expendable Trust Funds:

Library Trust - To account for gifts received by the library to purchase library books.

Other Town Trust - To account for funds designated for the cemetery improvement.

Capital Reserves - To account for funds designated at Town Meeting for future capital expenditures.

Agency Funds:

Water District Capital Reserves - To account for funds held by the Trustees for the Water District.

Escrow:

Performance Bonds - To account for funds held by the Town for various developers, pending satisfactory completion of projects.

School Capital Reserves - To account for funds held by the Trustees of Trust Funds for the Northwood School District.

NORTHWOOD SCHOOL DISTRICT MEETING

March 24, 2001

The annual School District meeting, which was postponed from March 10, 2001 due to a major snow , was called to order at 9:00 a.m. by Moderator Robert Robertson, Approximately 425 people were present., including the following: Superintendent Harry Fensom, Director of Special Education Judy McGann, Budget Committee Chairman Daniel McNally, School Principal Jill Cane, Assistant Principal Barbara Gendron, School Board Members: Chairman Norman Dodge, Richard Levergood, Catherine McNally, Christine Tappan, and Robert Clark, (David Bujno, newly elected School Board member who had not taken the oath of office at the time of this meeting, was invited to sit with the other members. He received the oath of office following this meeting by Moderator Robertson and Clerk Jean W. Lane),

Moderator Robertson recognized Norman Dodge, who called for a salute to the Flag of the United States of America. Thanks was given to the P.T.A for the delicious refreshments. Mr. Dodge thanked the out going School Board Member Bob Clark for 6 years of service to the Board.. Moderator Robertson asked the following 6 people to serve as ballot counters for the Yes/No count for Article 1, and they were: Jim Ryan, Chip Belyea, Rick Drown, Diana Foster, Ginny Rogers, and Sally Aseltine. Moderator Robertson read all the Warrant Articles.

Article 1. To see if the School District will vote to raise and appropriate the sum of \$4,533,000 for the purpose of: removing the existing modular classrooms; construction of a gymnasium/auditorium; installing a sprinkler system throughout the existing and proposed building; renovations in the existing building to reconfigure the Principal's office and accommodate a new main entry. This sum, also, includes equipping of the new school building with classroom furnishings where needed and the purchase of two parcels of land, and further authorizing the issuance of not more than \$4,495,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the withdrawal of \$38,000.00 from the School Building Capital Reserve Fund created for this purpose. (2/3rd ballot vote required).

Richard Levergood moved to accept the Article as read. This was seconded by Robert Clark. Mr. Levergood then moved to amend, this Article. "To see if the School District will vote to raise and appropriate the sum of \$4,408,000.00 for the purpose of removing the existing modular classrooms; construction of a two story addition of 11 rooms and basement storage; construction of a gymnasium/auditorium; installing a sprinkler system throughout the existing and proposed building; renovations in the existing building to reconfigure the Principal's office and accommodate a new main entry. This sum also includes equipping of the new school building with classroom furnishings where needed , and further, authorizing the issuance of not more than \$4,370,000. of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the withdrawal of \$38,000. From the School Building Capital Reserve Fund created for this purpose. Seconded by Bob Clark. Mr. Levergood explained that the adjacent property is no longer available, so that is the reason for removing \$125,000. from the original amount of \$4,533,000., therefore, that leaves the total amount of \$4,408,000., and from that amount, we can remove another \$38,000. from the Capital Reserve Fund., and furthermore, authorizing the issuance of not more than \$4,370,000. of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the withdrawal of \$38,000.00 from the School Building Capital Reserve Fund created for this purpose. (This amount will not have to be raised by taxes, as we are taking it out of the School Capital Reserve Fund., which has been set aside for this purpose, only.). After many questions and answers, Moderator Robertson called for

a show of cards (hand vote) to end the discussion. PASSED unanimously. The moderator called for a vote on the article as amended. With a show of hands, the motion to amend the article passed. He, then instructed the voters by stating that a 2/3rds vote of those present would be needed to pass this Article as amended. The Polls were open for at least an hour for a secret Ballot vote. A single Ballot box was used for casting votes.

406 Votes were cast: 323 Voted YES 83 Voted NO (272 votes were needed to pass this Article amended). The Article PASSED as amended. Mr Sargent asked for a reconsideration vote. Not recommended this Article. It was seconded by Marcia Tasker. This DID NOT PASS (by a show of cards).

Article 2. Shall the Northwood School District, if Article #1 is defeated, vote to raise and appropriate the sum of \$157,350.00 for the purpose of installing a sprinkler system in the existing building to meet the requirements as outlined by the State's Fire Marshall's Office. Richard Levergood moved to postpone this Article. Seconded by Christine Tappan. PASSED to postpone this Article, (by show of cards).

Article 3. To see if the School District will vote to raise and appropriate the sum of \$126,992.00 which represents the additional cost for the purpose of constructing a kindergarten classroom as approved in the March 1999 School District Meeting? This amount is being presented because the original estimated and approved sum proved insufficient to perform the work.. Richard Levergood moved to accept this Article as read. Bill Tasker seconded. PASSED (Card vote).

Article 4. Shall the Northwood School District, if Article #1 is defeated, vote to raise and appropriate the sum of \$125,000.00 for the purpose of purchasing two parcels of land adjacent to the school property?
Richard Levergood moved to indefinitely postpone the Article. Seconded by Tom Chase. PASSED to postpone. (by show of cards).

Article 5. To see if the School District will vote to raise and appropriate the sum of \$11,500.00 for the purpose of conducting an architectural/engineering evaluation of the existing building and developing a strategic plan for correcting deficiencies as identified by recent electrical, mechanical and septic system studies. Richard Levergood moved to accept this Article as read.. Seconded by Tom Chase. Kevin Madison asked to amend this Article by adding \$300,000.00 to address the Air quality problem as identified by the Proposed Study. Seconded by Catherine Hillner. Moderator Robertson called for a show of cards (vote). DID NOT PASS. The Moderator then called for a show of cards on the main motion. PASSED.

Article 6. To see if the Northwood School District will vote to approve the cost items included in the Collective Bargaining Agreement reached between the Northwood School Board and the Teachers' Association NEA-NH which calls for the following increases in salaries and benefits:

YEAR	ESTIMATED INCREASE
2001-2002	116,820
2002-2003	95,650

and to raise and appropriate the sum of one hundred sixteen thousand, eight hundred twenty dollars (\$116,820.), for the 2001-2002 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year. Bob Clark moved to accept this article as read. Seconded by Jan Michaud After a discussion, a vote by show of cards was called for by the Moderator. PASSED UNANIMOUSLY by a show of cards.

Article 7. Shall the Northwood School District, if Article #6 is defeated, authorize the governing body to call one special meeting, as its option, to address Article #6 cost items only? Bob Clark moved to indefinitely postpone this Article. Seconded by Tom Chase. PASSED by a show of cards.

Article 8. To see if the Northwood School District will vote to approve the cost items in the Collective Bargaining Agreement reached between the Northwood School Board and the Northwood Educational Support Personnel Association (NESPA) which calls for the following increases in salaries and benefits:

YEAR	ESTIMATED INCREASE
2001 – 2002	\$17,435
2002 – 2003	\$17,218
2003 – 2004	\$17,218

and further, to raise and appropriate the sum of seventeen thousand four hundred thirty five dollars (\$17,435) for the 2001-2002 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year. Chris Tappan moved to accept this Article as read. Seconded by Tom Chase. PASSED by show of cards.

Article 9. Shall the Northwood School District, if Article 8 is defeated, authorize the governing body to call one special meeting, at its option, to address Article #8 cost items only? Marcia Tasker moved to postpone this Article. Seconded by Chris Tappan. PASSED by a show of cards.

Article 10. To see if the Northwood School District will vote to raise and appropriate up to ten thousand dollars (\$10,000.) to be placed in the School District Capital Reserve Fund for the purpose of financing any and all capital improvements to school buildings as well as all or part of the cost of new construction for the School District in accord with the provisions of RSA Ch. 35, with such amount to be funded from the year end undesignated fund balance (surplus) available on July 1. So moved by Mr. Clark. Seconded by Tom Chase. PASSED by a show of cards.

Article 11. To see if the Northwood School District will vote to raise and appropriate up to ten thousand dollars (\$10,000.) to be placed in the School District Capital Reserve Fund for the purpose of meeting the expenses of educating educationally handicapped children for the School District in accord with the provisions of RSA Ch. 35, with such amount to be funded from the year end undesignated fund balance (surplus) available on July 1, Rich Levergood moved the Article as read. Seconded by Doug Sargent. PASSED by a show of cards.

Article 12. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for the School District Officials and agents, and for the payment of statutory obligations of the School District. Daniel McNally, Chairman of the Budget Committee, moved that we raise and appropriate the sum of \$6,395,645.75 for the support of this Article. Seconded by Norman Dodge. PASSED unanimously by show of cards.

Article 13.. To hear the reports of agents, auditors, committees, or officers chosen and pass any vote relating thereto. Rich Levergood moved to postpone this Article. Seconded by Tom Chase. PASSED
By a show of cards.

Article 14. To choose agents and committees in relation to any subject embraced in this Warrant. Rich Levergood moved to postpone this Article. Seconded by Kate McNally. PASSED Verbally.

Article 15. To transact any other business which may legally come before this meeting.. Doug Sargent asked to have the School Board and Budget Committee show their votes for each of the Articles. (just the numbers). Seconded by Tom Chase. Bruce Farr thanked the Moderator for conducting an honest meeting, both Town and School. Ellis Ring asked for a show of hands, at this point the Moderator turned the meeting over to Clerk Jean Lane, who called for a vote by show of cards, "All those in favor" the voting cards Shot Up . Then She Stated "There will be no NO votes".

The meeting was adjourned at 12:45 p.m. by a unanimous verbal vote.

Respectfully submitted,

Jean W. Lane
School District Clerk

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL STRUCTURE BASED ON AN AUDIT OF GENERAL PURPOSE FINANCIAL STATEMENTS

To the School Board
Northwood, New Hampshire School District

We have audited the general purpose financial statements of the Northwood, New Hampshire School District as of and for the year ended June 30, 2001, and have issued our report thereon dated September 7, 2001.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

The management of the Northwood, New Hampshire School District is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the general purpose financial statements of the Northwood, New Hampshire School District for the year ended June 30, 2001, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or

operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

This report is intended for the information of management and the School Board. However, this report is a matter of public record and its distribution is not limited.

2001 SUPERINTENDENT'S REPORT

For this year's report, in response to questions that arise from time to time, I have chosen to focus on a general overview of the areas of service the School Administrative Unit provides to the individual district. This is not intended to be a complete or detailed listing. I would be very willing to discuss any area in more detail and may do so in future annual reports.

The SAU provides a component district with superintendent services as required by law under RSA 194-C:4. The SAU also provides the services of business manager, special education director and assistant, grant writer and financial manager for federal funds and clerical help.

The SAU is the liaison for the districts with the Department of Education, the New Hampshire School Board's Association, legislators and other state and community groups. The SAU facilitates Board workshops and provides legal advice to the boards on all issues requiring such advice.

The SAU provides an intermediate level of appeal for all grievances and concerns brought forward, and then provides fact-finding if the issue goes before the Board.

The SAU provides labor relations and contract negotiation services such as hiring, termination, discipline, record keeping and contract compliance. Additionally, the SAU will develop and cost out salary schedules, advise in the area of terms and conditions of employment, provide comparative data and advice.

The SAU manages the applications and record keeping for all students who are home schooled as well as serving as the records management office for all public documents available under the Freedom of Information Law.

The SAU works closely with districts during times of facility renovation and/or addition. We provide data for board and community consideration, screen and work with architects and construction managers, prepare materials and assist in bonding.

The SAU assists all districts in the development and presentation of the annual budget. We collaborate in the collecting of supporting information, providing a budget spreadsheet and narrative, developing the warrant, and having materials available for community review and hearings. We also assist in the development and review of contracts, bids and price quotes for such services as transportation, snow removal, equipment maintenance and replacement and grounds care.

The SAU provides service in the areas of policy development, special education administration, federal funds administration, grant consideration, staff searches and personnel administration, shared staff where appropriate and virtually any other school district related issues which may arise in any one of our component districts.

In conclusion, I want to again this year express my sincere appreciation to the members of the Joint SAU Board for their support and encouragement.

Respectfully submitted,

Harry C. Fensom, Jr., Ed. D.
Superintendent of Schools

2001 NORTHWOOD SCHOOL PRINCIPAL REPORT

The highlight of the 2000-01 school year was the voter's approval of the classroom addition and new gymnasium. Many local residents researched the community's needs, attended meetings and voiced their opinions. The members of the building committee and the school board voted unanimously in favor of the final proposal. The PTA and the budget committee also supported the building proposal. With the passage of the classroom addition and new gymnasium, a sprinkler system for the entire school was approved. Best of all, the 29-year old "portable" classrooms finally will be removed!

Northwood School enjoys tremendous support from the community in other ways, as well. The PTA continues to be very active, offering special after-school activities, family events and financial support for special programs such as the two "Adventure Outpost" visits to every third, fourth and fifth grade class. The school volunteers also helped with fund-raising for the school, and provided many, many hours of quality service to the classroom teachers, library, office, clinic, art and music programs. The Northwood School Volunteer Organization earned its ninth consecutive "Blue Ribbon Award" for having a higher than expected ratio of volunteer hours in proportion to our student population.

In the areas of curriculum and instruction, the School Board approved a revised K-8 social studies curriculum. The revisions in social studies resulted from a yearlong review of the New Hampshire Social Studies Curriculum Framework by a committee and then by the entire faculty. Curriculum work also continued in the areas of reading and language arts. Fifteen students received recognition for becoming published authors in national student anthologies of poetry and writing. Funds raised by the annual school book fairs supported a short residency by an author and by a poet. Master potter Dwight Graves provided a multi-week art residency. Seventh grade students received the most intensive instruction from the artist. All of the students were able to create some pottery in their art classes and have it pit-fired under the artist's direction.

Providing all students with a safe and kind school environment continued to be a goal in 2000-01. Several teachers enrolled in workshops and courses to improve their skills in preventing harassment and bullying at school. Training was also provided to the entire staff on one of the in-service afternoons. The Leadership Program and the student council addressed the improvement of school climate in their planning and organization. The Leadership Program sponsored a reward system for catching students doing kind deeds; the student council included younger students in their surveys and school-wide activities.

We are building a caring community of learners. The staff and administration appreciates the tremendous support we have received from Northwood as we strive together toward our educational goals.

Respectfully submitted,

Principal

2001 NORTHWOOD SCHOOL CLASS SIZE REDUCTION PROGRAM

During 2001-2002 the Northwood School District will receive \$22,229.05 from the US Department of Education for the purpose of reducing class size for students enrolled in kindergarten through third grade. Based on student enrollments and learning needs Ms. Karen Tooke is working part-time within the third grade. Ms. Tooke has full responsibility for the language arts instruction of specific students in the two third grade classrooms, consequently she prepares the language arts portion of her students' report cards and participates in parent conferences. We are enthused about having an additional teacher, because smaller groups of students helps all the third grade teachers to increase the customization of their reading and writing instruction.

Respectfully submitted,

Principal
Northwood School

2001 NORTHWOOD SCHOOL NURSE REPORT

A school year at the nurse's office is comprised of many types of jobs. Some jobs are regularly scheduled. Jobs such as vision and hearing screening, scoliosis screening, head checks for lice, beginning of the year chart management, and certain reports to the state can be looked forward to each year. We also see about 525 students, on the average each month (20 school days). With Beryl Small's help we now can see children in a timely manner and focus on each child's need making referrals to parents for further care as appropriate. When time allows I try to expand the student's health awareness with bulletin board displays, a short in-class health topic or a person to person discussion.

Last year I was able to be supportive to the school community by helping to disseminate more information about the air quality issues in the school. The health office supported the board and building committee with their push to get town approval for the renovation of the school. We had handouts of information for parents, a bulletin board display in the school, I did educational pieces for the teachers and administration and I helped obtain and explain the state air testing results.

We are fortunate that Northwood School has a health education program for all grades. I feel this information is a corner piece for the students to learn self care and safety. The school also has in place a set of assemblies that cover safety issues for young students. Ms. Roe (now Mrs. Nason), some parents and I worked on Red Ribbon activities to heighten awareness about alternate fun activities to enjoy (rather than be tempted by drugs of abuse). In the spring we sold about 50 bike and ski helmets to the students (and to some teachers!)

The nurse's office works hard to help keep the students healthy and ready to participate at school. We thank all of you in the school community for any support that you may have contributed to Beryl and me in our jobs.

Sincerely,

Nurse Bird
