TOWN WARRANT

To the inhabitants of the Town of Windsor in the County of Hillsborough in said State, qualified to vote in Town affairs:

You are hereby notified to meet at The Town House in said Windsor on Tuesday, the 10th day of March, 1970, the Town Meeting to open at the conclusion of the School District Meeting; which is called for at 6 P.M., to act upon the following subjects.

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear reports of Auditors and Agents heretofore chosen and to pass any vote in relation thereto.
4. To see if the Town will vote to raise and appropriate \$1,275.00 for highway and bridge maintenance.
5. To see if the Town will vote to accept State Aid on its highways and raise and appropriate \$27.18 as the Town's share.
6. To see if the Town will vote to raise and appropriate \$40.00 for Police and Forest Fire expenses.
7. To see if the Town will vote to raise and appropriate \$60.00 for the upkeep of the Town House.
8. To see if the Town will vote to raise and appropriate \$30.00 for Street Lighting.
9. To see if the Town will vote to raise and appropriate \$50.00 for the upkeep of the Town Cemeteries.
10. To see if the Town will authorize the Selectmen to borrow money in anticipation of Taxes.
11. To see if the Town will authorize the Selectmen to use all or any amount of surplus to alleviate the tax rate.

12. To see if the Town will vote to raise and appropriate \$50.00 to donate to the Hillsboro Rescue Squad.

13. To see if the Town will vote to raise and appropriate \$30.00 for payment of interest on temporary loan.

14. To see if the Town will vote to raise and appropriate \$150.00 to be paid to the Town of Hillsboro as a token of appreciation for the use of their public sanitary receiving station, commonly referred to as the "Dump".

15. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 10th day of February, in the year of our Lord nineteen hundred and seventy.

THANK YOU!

Shortly after the Bagley Pond Corp. purchased the land on the north, south and west banks of Bagley Pond they petitioned the Town to reactivate the discontinued road, beginning at Guidance Camps Inc. to the Antrim line, also the road leading to Bagley Pond.

To protect the interest of the Town, the Selectmen engaged Atty. Douglas Hatfield. After the litigation terminated and the petition was withdrawn, the Bagley Pond Corp. volunteered to pay the legal expenses submitted to the Town by Atty. Hatfield. We are all grateful.

FOREST FIRE WARDEN'S REPORT

The 1969 fire season was a quiet one in this area. Frequent rains kept the danger to a minimum and there were few violations. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the

kindling of outdoor fires. A synopsis of these laws follows:

FIRE PERMIT

A FIRE PERMIT is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be PRIOR TO 9:00 A.M. AND AFTER 5:00 P.M.

EXCEPTIONS

Commercial or Industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

PENALTIES

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland maximum fine of \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

SCHOOL WARRANT

To the Inhabitants of the School District in the Town of Windsor qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said District on the 10th day of March, 1970, at six o'clock in the afternoon to act upon the following subjects:

1. To choose by non-partisan ballot the following school district officials:
 - A. Moderator for the ensuing year.
 - B. Clerk for the ensuing year.
 - C. Treasurer for the ensuing year.
 - D. A Member of the School Board for the ensuing three years.
 - E. Auditor for the ensuing year.
2. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
3. To hear the reports of agents, auditors, committees or officers chosen, and pass any vote relating thereto.
4. To choose agents, and/or committees in relation to any subject embraced in this warrant.
5. To see if the district will vote to create an area school planning committee, of whom, at least one shall be a member of the school board. This committee to study with the committee from Washington and Hillsboro-Deering and report their findings to the district not later than the next annual meeting.
6. To see if the district will vote to authorize the School Board to make application for and to accept on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire for the school year 1970-71.

SUPERINTENDENT'S MESSAGE

Sometime in the long, dim distant past someone conceived the idea that the superintendent of schools should write an annual report to be published in the annual school report. The content of most of these reports has been pretty much as the term conotates i.e., a recitation of past happenings, and I don't use that term in the sense it is presently being used by some segments of our society.

I have never given it much thought, but a review of my reports, over the years, will reveal that I have ignored the strict interpretation of the word "report", but instead have spent my time gazing wistfully into the future, predicting ominous happenings -- there goes that word again -- and occasionally prognosticating accurately the dire consequences of procrastination.

I feel no compulsion to change my strategy as I approach the conclusion of my tenure but I will attempt to look back as I look ahead. This assumes that I will be temporarily blessed with much greater physical capabilities than Cyclops.

Education used to concern itself with the Three R's or what is now called the basics and for the agrarian society of the early days of our country the ability to read and cypher a bit was adequate. However, little by little the great strides in technical knowledge began to make life more complicated and educators, in an attempt to meet the needs of society, changed their emphasis from basic education to educating the whole child.

It was at this point where we ran into trouble. At first educational proponents of change had little trouble in selling new ideas in teaching. We dropped phonics for sight reading, we joined History, Geography and other basic courses in the social science area and taught social studies, we adopted the so-called new-math, we ungraded classes, we involved the Joplin Plan, we departmentalized our elementary schools, we instituted CBA Chemistry and PSSC Physics and made a raft of other assorted changes in an attempt to keep abreast of the needs of mankind in this ever changing and growing complex world. As our changes were put into effect we learned at least one thing and that is that there is a great deal of truth in the old adage, "that what is good for the goose is not always good for the gander." We have known

right along that all youngsters are not alike but in too many instances we tried to place them in the same program and while some youngsters profited from their new experiences an equal number suffered from them. Today we have almost as many answers to educational problems as we have educators and probably the answers are correct when we talk about a particular child or a particular group of children.

There are those who would say that educational practices have gone from slight confusion to chaos but I don't quite buy that. Educators have made a sincere effort to improve the product of their efforts but lacking specific goals and the present desires on the part of parents and students to achieve beyond their capacities to do so have confused the picture to the extent education is probably overly criticized.

It may be that educators in an attempt to solve the complexities of the learning process have taken themselves too seriously and need to go back to the basic education philosophy and use the knowledge gained during that period of "great experimentalization" when and where there is merit in doing so.

The above was written with full knowledge that in many instances that is just what we are doing. We find phonics has returned to its rightful place in the teaching of reading; we have found that the new-math isn't for everyone and are adjusting to its use; we have found out that the new emphasis in several subject areas has merit for certain youngsters but that the old emphasis provided a better contribution to a sizable group. What I am saying is that educators the same as scientists have to experiment with new ideas; but unlike science which can usually be worked out by formula prior to experimentation, children are individuals and rarely react the same to the presented motivation even though often similar. Educators are not as confused as to where they are going and how they are going to get there as it sometimes may appear but are moving forward even though at times it appears to be in a somewhat disorderly fashion.

If given a chance, I predict that the next twenty-five years will see great progress on the part of the educator to

improve the learning process and I regret that I shall not be a part of it.

Some of the above was written with "tongue in cheek". It was an attempt to express some truths, to make light some of our experimental errors and to express confidence that education is progressing as fast as most segments of our society outside of the field of technology.

In closing, I do want to express my gratitude to the many school board members with whom I have worked; the excellent office staff, with which I have always been blessed, the hundreds of teachers with whom I have been associated, the citizens, without whose support our schools could not have operated and last, but certainly not least, Polly, who never complained once about those hundreds of evenings she spent alone while I attended meetings, for making my tenure enjoyable; a simple and sincere THANKS!

Respectfully submitted,

NORMAN R. HARTFIEL
