Gene Nathan Stone Memorial Fund

A fund was established this past year in memory of Gene Nathan Stone. In addition to the $102.25 collected in the Village, there were many contributions from her relatives and friends. From this fund, which was intended in the greater part to benefit the school children, there have been given and purchased one hundred and sixty-three books, Compton's Encyclopedia, Young People's Science Encyclopedia, Lincoln Library of Essential Information, American Heritage Magazine and their two books of the Civil War, and a World Globe. The hall has been painted and a new outside sign made. As near as can be determined by the Library records, this is the only gift of this size given to the library since 1903, and it is very much appreciated.

FIRE WARDEN'S REPORT

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American traditions of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump—it's safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a
year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Let's all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

SUPERINTENDENT'S REPORT

It is with mixed emotions that I write this, the last superintendent's report to the voters of the School District of Alexandria. Most of us regret to some degree the passing of another of New Hampshire's traditional concepts, the local school district, but look with pride to the accomplishment of the Newfound Area School District, and hope for a better education for our young people.

The shortage of good qualified elementary school teachers caught up with us last fall, and the School Board decided to close the Willow School. This led to sending pupils from South Alexandria to Bristol, and moving Mrs. Clark to the Village School. The pupils in that school certainly are benefiting from her excellent instruction, and the youngsters going to Bristol are being well prepared for future years.

The inside of the Village School has been painted and additional shelves constructed to hold exhibits of students' work and flowers to brighten the atmosphere of the school.

We have introduced the pupils to Modern Mathematics, in the first and second grades, and intend to include at least the third grade in the program next year.

The closing of the Willow School has not increased the required expenditures of the District, but we may find it necessary to request a small deficiency appropriation to meet unanticipated tuition costs from a different source.

The last session of the State Legislature helped the taxpayers of Alexandria by providing a large increase in the amount of Foundation Aid to the District. This helps to re-
duce taxes this year and in the next five years, as the apportionment of costs of the Newfound District is based on this year's tax assessment.

I wish to thank sincerely the members of the School Board with whom I have worked. Their devotion to the cause of the young people of the town has been exemplary.

Respectfully submitted,

Edward H. Currier
