REPORT OF HEALTH OFFICER

I herewith submit my report as Health Officer for the year ending January 31st, 1940.

The following contagious diseases were reported to me during the year, two pertussis, two scarlet fever and several cases of measles.

Several complaints were made to me about dogs and cats being left beside the road, killed by automobiles. I had them buried, but no monuments have been erected.

Several samples of milk were sent to the State Laboratory of Hygiene for analysis and I regret to report that a few were dirty, adulterated and had excessive bacteria counts. The dealers were notified that they

would be prosecuted if this condition existed in the future.

Samples of town water were sent up about every month and the same report, considerable turbidity and excessive iron.

The town is confronted with the proposition of how best to take care of sewage. I know that we very much need of a sewerage system, a new or filtered water supply and a clean, healthy new high school building. In order to have these improvements we must use our best judgment, practice economy, eliminate politics, be united, honest and sincere, and our efforts will be crowned with success.

Respectfully,
George A. Gilmore,
Health Officer.

AUDITORS' REPORT

This is to certify that we have audited the accounts of the Town of Epping for the year ending January 31, 1940, and have examined the accounts of the Selectmen, Town Treasurer, Town Clerk, Collector of Taxes, Road Agent, Secretary and Treasurer of the Trust Funds, Treasurer of the Public Library, Judge of the Municipal Court, Collector for Water Department and Finance Officer of Memorial Day Services, and find same correctly cast with proper vouchers.

GEORGE E. MOQUIN,

FRED C. LANE,
